**Subject:** RE: October 28, 2014 PBMVC Agenda

I have a conflict with PBMVC and the Public Market District placemaking event. I am on the Local Food Committee and would like to attend the event to hear public comment.

Please share my strong support for the adult crossing guard at Williamson and Thornton with the Commission. It has been a safety issue ever since the Yahara Parkway bike path created a great connection for kids to to cross the Isthmus.

Marsha
