Subject: Signs placed in middle of sidewalk is a hazard

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

The signs placed in the middle of the sidewalk as part of the Nakoma Road reconstruction project is a hazard to people walking, because they're placed in the center of the sidewalk, see attached.

Please relocate the signs closer to either edge of the sidewalk. Before the project the signs were closer to the edge, see attached. Also on the other side of Thoreau Elementary School there are signs closer to the edge, see attached.

Thanks,
Alex
