Greetings Alders,

In preparation for your Tuesday meeting next week, we have been getting the word out to your constituents about the Madison city amendment in support of The River. Through social media and email, we hope our Friends will be sending you messages directly. However, many of our clients do not have email or even internet access. Thus, we have been collecting paper notes to you with signatures and addresses.

Each day of this week, we will be emailing you these. It is our hope that you will realize the impact The River has within the city (and even Dane County) and vote in favor of the \$1M amendment to the city's budget. Should you have any questions about our future plans or wish to have a tour of our programs currently at The River, please feel free to contact me.

Peace,

Monica

Monica Wahlberg

Director of Development | The River Food Pantry

(608) 886-3124 Monica.Wahlberg@riverfoodpantry.org

Please Support The River With Me!

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

Dindis Fiallos.

Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

Samantha Klinkhammer

Please Support The River With Me!

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Please Support The River With Me!

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

Rachel Finley

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").
