**Subject:** Speed bumps and traffic circle on Sawmill Road

Hi Alderman Furman,

I live on Sawmill Road between Westfield and Gammon (7205). I saw the facebook post that there are two speed bumps and a traffic circle being proposed on the other end of Sawmill. I don't have a strong opinion one way or the other, but I do wonder about the circle. The circle on Westfield & Sawmill seems to push traffic into the pedestrian crossing which has always made me really nervous. When my kids were younger and biking to the pool I really didn't like it. Is there any way they would consider a 4 way stop sign at the intersection where the circle is proposed in stead of putting in the circle? It seems like it would be cheaper, easier and serve the same purpose of slowing traffic down. It might even eliminate the need for the speed bumps.

Thanks,  
Darien Riggins
