with Children, Youth, and Families

- Support father-child and adult male and youth connectedness, including opportunities for systems involved fathers

GOAL 3

Foster Strong Neighborhoods

- **Identify and increase resources—including support for community organizers and leaders--to respond and connect people to services when residents feel unsafe in their neighborhoods**
- **Work to implement public safety reforms that increase public trust, safety, and community investment**
- **Promote connections to faith and/or sense of cultural identity to advance individual and community connection and resilience; and/or directly for the purpose of social development for chronic and repeat juvenile offenders**

INTERVENTION &
HEALING

GOAL 4

**Bolster and Increase Intervention
and Continuous Healing for Those
Affected by Violence**

- **Provide trauma screening, reduction and healing-informed care support to residents, professionals who address violence, and others experiencing primary and secondary trauma**
- **Advance policies and give funding that enhance safety of survivors before, during and after legal proceedings edit to include people excluded who don't report to law enforcement**
- **Create alternatives to incarceration for people with mental health illness and substance use disorders Edit to include training for law enforcement outside of Madison**

Violence Prevention Contracts: Focused Interruption

Focused Interruption Violence Prevention Contract

YEAR ONE: 01/01/2022 – 12/31/2022

PROJECT SCOPE

A. Respond to Incidents of Violence

- Provide trauma informed crisis response for violent incidents involving adults between the ages of 18-65 within hospitals and healthcare systems within the City of Madison
- Perform additional de-escalation support and follow up services in the community

B. Connect with Individuals at Risk of Participating in Violence

- Follow up with individuals who have been identified as being at risk for participating in violence or retaliatory violence via referrals for City of Madison entities, or through other means of identification

C. Engage Participants in Support Services

- Encourage individuals to participate in support services provided by Focused Interruption

Focused Interruption Violence Prevention Contract

YEAR ONE: 01/01/2022 – 12/31/2022

PROJECT TASKS

A. Respond to hospitals and healthcare settings, or other scenes as requested, within the City of Madison to provide trauma informed crisis response to victims and perpetrators of violence.

B. Connect with at least 40 individuals at highest risk of gun violence victimization and perpetration and attempt to engage them in ongoing mentoring and light case management.

C. Provide follow up contact to at least 20 individuals to encourage behavior change and connection to additional services and programming.

D. Provide follow up care to at least 10 individuals, and connect them to peer support services and additional services and programming.

E. Attend Community Safety Intervention Team (CSIT) meetings, other relevant community meetings, and regular meetings with the Madison Police Department related to violence prevention to serve as a potential referral resource.

Focused Interruption Violence Prevention Contract
