David C. Dryer
City Traffic Engineer Manager
Madison Municipal Building Suite 100
P. O. Box 2986
Madison, WI 53701-2986

Dear Mr. Dryer:

As a condominium owner who lives on North Westfield Road, I understand the need for and support the installation of a traffic signal at Old Sauk and Westfield roads. I even understand the need to assess property owners.

However, I was appalled to learn that only condominium owners and not single-family homeowners are included in the assessment. These same residents will certainly all use the traffic signal, correct? Why the disparity? Please explain why single-family residents are not being assessed.

I strongly object to the exclusion of single-family residents from this assessment.

Sincerely,

Anna A. McManus
