Subject: RE: Staff Report - 9301 Crosswinds Lane

Tim

Thank you for providing me the plan commission staff report. It is unlikely that I will be able to join the plan commission meeting this evening as I will be in the finance committee meeting. I had a preliminary meeting with the owner and project developer and looking forward to supporting the expansion as it progresses through the city process. We will be meeting again to determine how best to keep the surrounding community informed. I was quite impressed by my drive through of the property this afternoon. Looking forward to a formal tour.
