To whomever it may concern-

I'm sending you this e-mail in regards to the outstanding parking reduction proposal for the Plan B bar. My name is Jared Delaney-Smith, and I'm a senior at the UW. I'd like to express my favorable opinion for the proposed location of this bar, as I'll be able to easily access it via cab or bus. With this downtown location, Plan B will be able to effectively cater to its target clientele of UW students, so please consider permitting a parking reduction in order to facilitate this. Thank you.

Best,  
Jared Delaney-Smith
