The purpose of the Ethics Board is to see that the Code of Ethics as outlined in Section 3.35 of the Madison General Ordinances is uniformly applied to all City of Madison employees and officials. The areas of responsibility include, but are not limited to: (a) Fair and Equal Treatment, (b) Conflict of Interest, (c) Incompatible Employment, (d) Disclosure of Confidential Information, (e) Gifts and Favors, (f) Political Activity, (g) Campaign Contributions, (h) Disclosure of Economic Interests, and (i) Real Estate Disclosure.

NATURE OF COMPLAINT

|--------------------------------------|--------------------------------|
| Section Violated 3.35 (5) (b) | Privelege and Advantage |
| | |

The facts constituting the alleged breach of ethics must be set forth in detail with cleamess and certainty. Please reference specific sections within Madison General Ordinance 3.35 which you believe to have been violated. Pleas attach additional sheets as required.

On Friday October 22nd, 2010, at 12:16 p.m. Deirdre Garton sent out an e-mail to an (the?) Overture Center for the Arts mailing list, presumably using a City computer, and/or the City computer network, and/or letterhead generated by City of Madison Employees while working for the City of Madison. The e-mail was a privileged use of City-owned equipment, a City operated computer network, and was delivered to a mailing list compiled by City employees, using letterhead presumably generated by City employees.

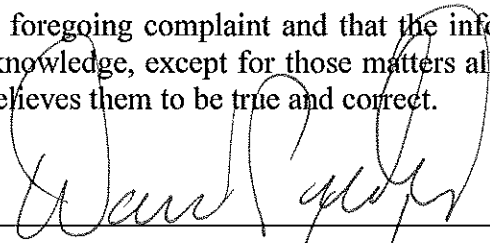

Ms. Garton is primarily a private citizen, with private interests, including private interests currently before the Common Council. As the chair the board of the Privately operated 201 State St. Foundation, she has a personal interest in the outcome of the public policy decision.

Her sending out an e-mailed correspondence whatsoever appears to be a violation of 3.35(5)(b), as such a right is not available to the public generally, and as far as I'm aware, the message, or the use of the various City properties was not approved, in advance, by the Common Council, regardless of the content of the e-mail.

The political rallying cry encouraging e-mail subscribers to weigh in on a public policy matter, with incomplete information, and with a misrepresentation of the truth therein contained simply exacerbates such an ethics violation.

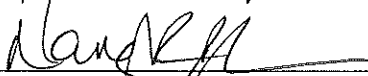

I have a copy of a forwarded version of the e-mail, but as such, I can't authenticate the integrity of the message contained therein. I would suggest a polite request or an open records request would put the integrity question to rest, before moving on to the ethical issues.

The undersigned, under oath, states that he or she has read the foregoing complaint and that the information contained in it is true and correct based on his or her personal knowledge, except for those matters alleged on information and belief and as to those matters, the undersigned believes them to be true and correct.
