Mayor Satya Rhodes-Conway  
210 Martin Luther King, Jr. Blvd  
Room 403  
Madison, WI 53703

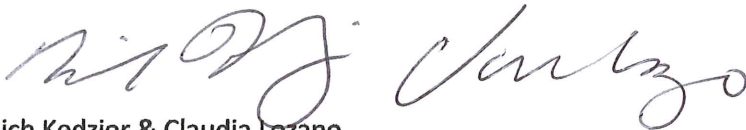

Dear Mayor Rhodes-Conway,

We are contacting you to request that City Engineering construct sidewalks on Harvey Street on Madison's west side as soon as practicable. Lack of sidewalks in Madison neighborhoods poses safety risks and access impediments for pedestrians, especially children, the disabled and elderly. Because Harvey Street lacks continuous sidewalks, neighborhood residents must walk in the narrow roadway to travel along this important east-west pedestrian alternative to University Avenue. Indeed, the Hoyt Park Area Joint Neighborhood Plan recommends adding sidewalks to Harvey Street to improve the safety of pedestrian movement in the neighborhood. The street's publicly-owned right of way is 60 feet wide, so property acquisition would not be necessary to construct sidewalks on both sides of the street.

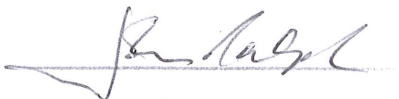

We strongly support installing continuous sidewalks on Harvey Street between Blackhawk Avenue and Ridge Street at the earliest opportunity in order to improve pedestrian safety and access. We request that your administration make this improvement a priority.

Thank you for your consideration.

Sincerely,

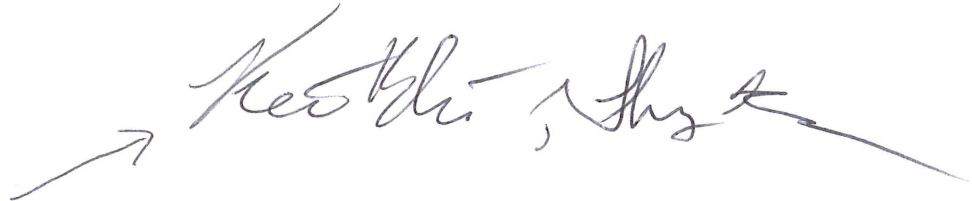

Rich Kedzior & Claudia Lozano
