RE: Letter of Intent – Demolition – 2926 Atwood Ave – TriNova Mixed-Use Development

Dear Mr. Parks and Members of the Plan Commission:

On behalf of TriNova Ventures, we are submitting this Letter of Intent for the demolition of two principal structures at 2926 Atwood Avenue and 232 South Fair Oaks Avenue. The applicant is also seeking a conditional use pursuant to MGO Sec. 28.183 in conjunction with the requested demolition. This demolition application is associated with the proposed mixed-use development located on those properties by TriNova Ventures. The proposed redevelopment project reflects the City of Madison's goals of providing high-quality urban infill development that enhances neighborhood vitality, supports multimodal transportation, and contributes to Madison's housing supply.

232 S. Fair Oaks Avenue

Building Description:

The existing structure at 232 South Fair Oaks Avenue is two and a half stories tall. It has wood-framed exterior walls atop a stone foundation. The roof has a steeply pitched front gable with a secondary gabled dormer. A bay window projects from the second floor of the primary façade.

Building History:

The building previously held the address of 2014 Fair Oaks Avenue. Maps and phone directories indicate that the building was likely constructed around the year 1908 as a grocery store with apartments above.

Present Condition:

A small two-story addition was made to the rear of the building sometime after 1950. Presently, the building is subdivided into five apartment units. The interior retains some hardwood floors, decorative wood trim, and five-panel wood doors. The exterior is clad in vinyl siding. A fire escape balcony and several awnings have been added.

Assessment of Historic Value:

There is a listing (#248187) for this property in the WHS Architecture and History Inventory. It is not a Local Landmark. Nor is it within a Local Historic District. Several factors make it ineligible for listing as a resource on the National Register of Historic Places, namely:

- It does not have distinctive features or qualities that represent a particular architectural style.
- It does not retain any exterior elements that would convey its origin as a grocery store (e.g. a commercial storefront).
- There is no indication that it is associated with a particular historic figure, trend, or event.

2926 Atwood Avenue

Building Description:

The existing building at 2926 Atwood Avenue consists of a two-story primary structure that has undergone several additions and subtractions. Much of the building has a brick exterior. All existing phases of construction have wood-framed internal structures and flat roofs.

Building History:

The building previously held the addresses of 1121 Atwood Avenue, 1123 Atwood Avenue, and 2002 Fair Oaks Avenue. The building was originally a hotel from 1904 until 1925.

Later Modifications:

Several additions were made to the building following its hotel era. These included expansion of the second floor, another one-story addition toward the east, and enclosure of the second-floor lightwell/corridor. The most significant alteration to the original structure was the removal of exterior brick walls on the first floor. The walls facing Atwood Avenue and S. Fair Oaks Avenue were replaced by expansive storefront glazing. The footprint of the first floor was also modified by carving away the original chamfered corner to create a recessed entrance. A column was introduced in this void to support the corner of the second floor above.

Assessment of Historic Value:

There is a listing (#94866) for this property in the WHS Architecture and History Inventory. It is not a Local Landmark. Nor is it within a Local Historic District. Several factors make it ineligible for listing as a resource on the National Register of Historic Places, namely:

- Its few distinctive features represent only a vernacular style of local architecture. Better preserved examples of these simple features are readily found on other Madison buildings.
- It does not retain any interior or exterior elements that convey its original function as a hotel.
- There is no indication that it is associated with a particular historic figure, trend, or event.

Demolition Standards

We believe that the Plan Commission's standards for demolition can be met for both structures, primarily because the proposed redevelopment on this site would be consistent with the implementation of adopted plans for the area. Madison's Generalized Future Land Use Plan recommends that this site be utilized for Neighborhood Mixed Use. The Schenk-Atwood-Starkweather-Worthington Park Neighborhood Plan calls for physical improvements along Atwood Avenue, specifically for improved landscaping of buildings and parking lots. Redeveloping the underutilized portions of this site will promote commercial vitality and provide additional housing opportunities within the neighborhood.

Project Schedule:

Pending approvals, it is anticipated that demolition activities would occur in the spring of 2026 and construction of the proposed redevelopment would be completed in the spring of 2027.

If you have any questions regarding this submittal, please contact me at peters@potterlawson.com or (608)274-2741.

Sincerely,

Peter Schumacher

Dear Dina

This is a follow up from our public meeting held 9/11/25 with SASY Neighborhood Association.

This is to notify you that we are planning a redevelopment project located at the corner of Atwood and S. Fair Oaks (2926 Atwood Ave & 232 South Fair oaks). We are planning on submitting this to the city and anticipate a Plan Commission meeting on 12/1/25. This would include the demolition of the 2 existing buildings at this location. We are planning for a 4-story mixed use building with commercial space on the ground floor and 33 apartments above. As part of the proposal we will be asking for a conditional use for the number of units on the site as well as for a side yard height transition adjacent to the property to the direct north of the site.

We would welcome the opportunity to sit down and discuss the project with you and hear your thoughts,

Sincerely,

TriNova Development.

Molly

My name is Tim Lemkuil with TriNova Ventures LLC. My business partner Andy Fieber and I are proposing a new building at 2926 Atwood Ave (old Birrenkott Appliance building) which would also include the 5 unit house at 232 S Fair Oaks Ave.

I have included the plans and details of the project for your review. We have already presented it to Dina Nina Martinez Rutherford, as well as the executive committee of SASy.

The city recommended that we forward it also to you and the Atwood Winnabago Business Association.

Please let me know if you have any questions or would like to meet in person to discuss. I live in the neighborhood so would be available to stop into your shop if that works.

Thanks, Tim
