

Public Comment for the 2012 Traffic Signal Priority List
Public Hearing held at the 9.27.12 Pedestrian/Bicycle/Motor Vehicle Commission Meeting

Subject: Follow-up from Scott Rice

Mr. Smith,

We spoke last concerning a traffic signal @ S. Thompson & Buckeye Rd. in the East Buckeye Neighborhood. Since we won't be in attendance you had mentioned something about printing out correspondence for everyone to review.

I would still love a signal at Buckeye/Thompson and think it's necessary. Or a permanent speed board, which I think is realistic given that:

- We've had accidents w/fatalities there
- There's a school crossing right there

When the police (I love them, but...) did the traffic study on this road, they had been sitting on the road in a squad car prior to checking the speed of traffic so traffic was not going as fast as it normally does.

Please let me know if you need anything else.

Have a great week,

Scott Rice
East Buckeye Neighborhood President

Subject: Stoplight

Phillip,

How can I begin the process of having a stoplight placed at the intersection of W. Badger Road and Cypress Way? I have a friend who lives around this area whom almost was killed by a car yesterday. In tandem, many children and other pedestrians use this intersection on a daily basis and I believe this a safety concern. Let me know when you can. Thank you.
