

2014 Capital Budget: Adopted Board of Estimates Amendments

9/23/2013

*Note: Co-sponsorship by the Council President does not necessarily indicate support of the Amendment.

For each amendment to the 2014 Capital Budget that includes General Obligation borrowing, the debt service will be added to (or subtracted from) the Operating Budget in subsequent years. For 2014 projects, the first levy impact would not occur until 2015. The annual debt service will be the highest in the first year, declining over the term of the debt. The amount shown for the effect on Taxes on the Average Home (TOAH) is an estimate of the levy impact in 2015 based on estimated values in 2014.

Amendment No. 1

Agency/Project: **Library / New Project - Eastside Libraries Planning**
Page(s): 17
Sponsors: Ald. Palm

Add \$100,000 in 2014 for planning and programming resources for establishing a comprehensive plan in the deployment of library services for Madison's eastside in conjunction with the identified capital projects of the Pinney relocation, the Hawthorne relocation, a Northeast Library, and Grandview Commons. Resources would include marketing and survey tools, community analysis with assistance in gathering and compiling information, organization and execution of public forums plus the compiling of the research into a final comprehensive plan.

Amendment No. 14

Agency/Project: **PCED / New Project - East Washington/Stoughton Rd. Redevelopment Planning**
Page(s): 132
Sponsors: Alds. Clausius, Ahrens; Mayor Soglin

The City of Madison has a number of major concerns with the Stoughton Road/USH 51 National Environmental Policy Act (NEPA) recommended project alternative in the East Washington Avenue area, and the City would like to ensure that these issues are addressed as part of its Draft Environmental Impact Statement (DEIS) review process. This project has the potential to impact our City in numerous ways – such as regional and local traffic circulation, neighborhood connectivity, bicycle and pedestrian mobility, business visibility and access, and direct impacts to real estate (i.e., property takings). The City proposes to embark upon a planning process, working jointly with WisDOT, in the East Washington/Stoughton Road intersection area to evaluate alternative scenarios for land use/redevelopment, local road connectivity and bicycle/pedestrian circulation in all four quadrants of the intersection. Other Funding is from State grant funds.
