Introduction

The City of Madison's Urban Design Commission (UDC) has been created to:

- Encourage and promote high quality in the design of new buildings, developments, remodeling, and additions so as to maintain and improve the established standards of property values within the City.
- Foster civic pride in the beauty and nobler assets of the City, and in all other ways possible assure a functionally efficient and visually attractive City in the future.

Types of Approvals

There are three types of requests considered by the UDC:

- Informational Presentation. A request for an Informational Presentation to the UDC may be requested prior to seeking any approvals to obtain early feedback and direction before undertaking detailed design efforts. Applicants should provide details on the context of the site, design concept, site and building plans, and other relevant information to help the UDC understand the proposal and provide feedback. (Does not apply to CDR's or Signage Modification requests)
- Initial Approval. Applicants may, at their discretion, request Initial Approval of a proposal by presenting preliminary design information. As part of their review, the Commission will provide feedback on the design information that should be addressed at Final Approval stage.
- Final Approval. Applicants may request Final Approval of a proposal by presenting all final project details. Recommendations or concerns expressed by the UDC in the Initial Approval must be addressed at this time.

Presentations to the Commission

The Urban Design Commission meets virtually via Zoom, typically on the second and fourth Wednesdays of each month at 4:30 p.m. Applicant presentations are strongly encouraged, although not required. Prior to the meeting, each individual speaker is required to complete an online registration form to speak at the meeting. A link to complete the online registration will be provided by staff prior to the meeting. Please note that individual presentations will be limited to a **maximum of three (3) minutes**. The pooling of time may be utilized to provide one speaker more time to present, however the additional time will be based on the number of registrants from the applicant team, i.e. two (2) applicant registrants = six (6) minutes for one (1) speaker.

Primarily, the UDC is interested in the appearance and design quality of projects. Emphasis should be given to the site plan, landscape plan, lighting plan, building elevations, exterior building materials, color scheme, and graphics. Please note that presentation slides, in a PDF file format, are required to be submitted **the Friday before** the UDC meeting.

Re: UDC Application
Henry Gilman Apartments Mural Project
LNDMAP-2024-00020

On behalf of Steve Brown Apartments and OhYa Studio, please accept this LOI and attachments as our application for UDC review of a proposed mural installation on the W. Gilman Street façade (SE facing) of Henry Gilman Apartments located at 501 N. Henry St.

Steve Brown Apartments is partnering with OhYa Studio to install a Wisconsin Wildlife mural on the exterior of 501 N. Henry St. to beautify an otherwise gray concrete wall. The mural will encompass the entire Gilman St (SE facing) façade or approximately 4,500 square feet. OhYa Studio is a local vendor with significant experience designing and installing exterior murals throughout the Madison. This application will include:

- Removal of existing banners and support structures
- Application of exterior primer to ensure a solid fusion between paint and wall and to prevent future peeling
- Application of high-grade exterior paint from Sherwin Williams applied with commercial grade paint sprays, rollers and brushes

The process and products selected for this project are designed for commercial painting of exterior walls, have UV-Protection to prevent excessive fading, and can withstand changes in weather. These same methods and materials can be seen in application at Hilldale Mall which shows no reduction of strength in color or physical adherence to the wall more than six years after installation.

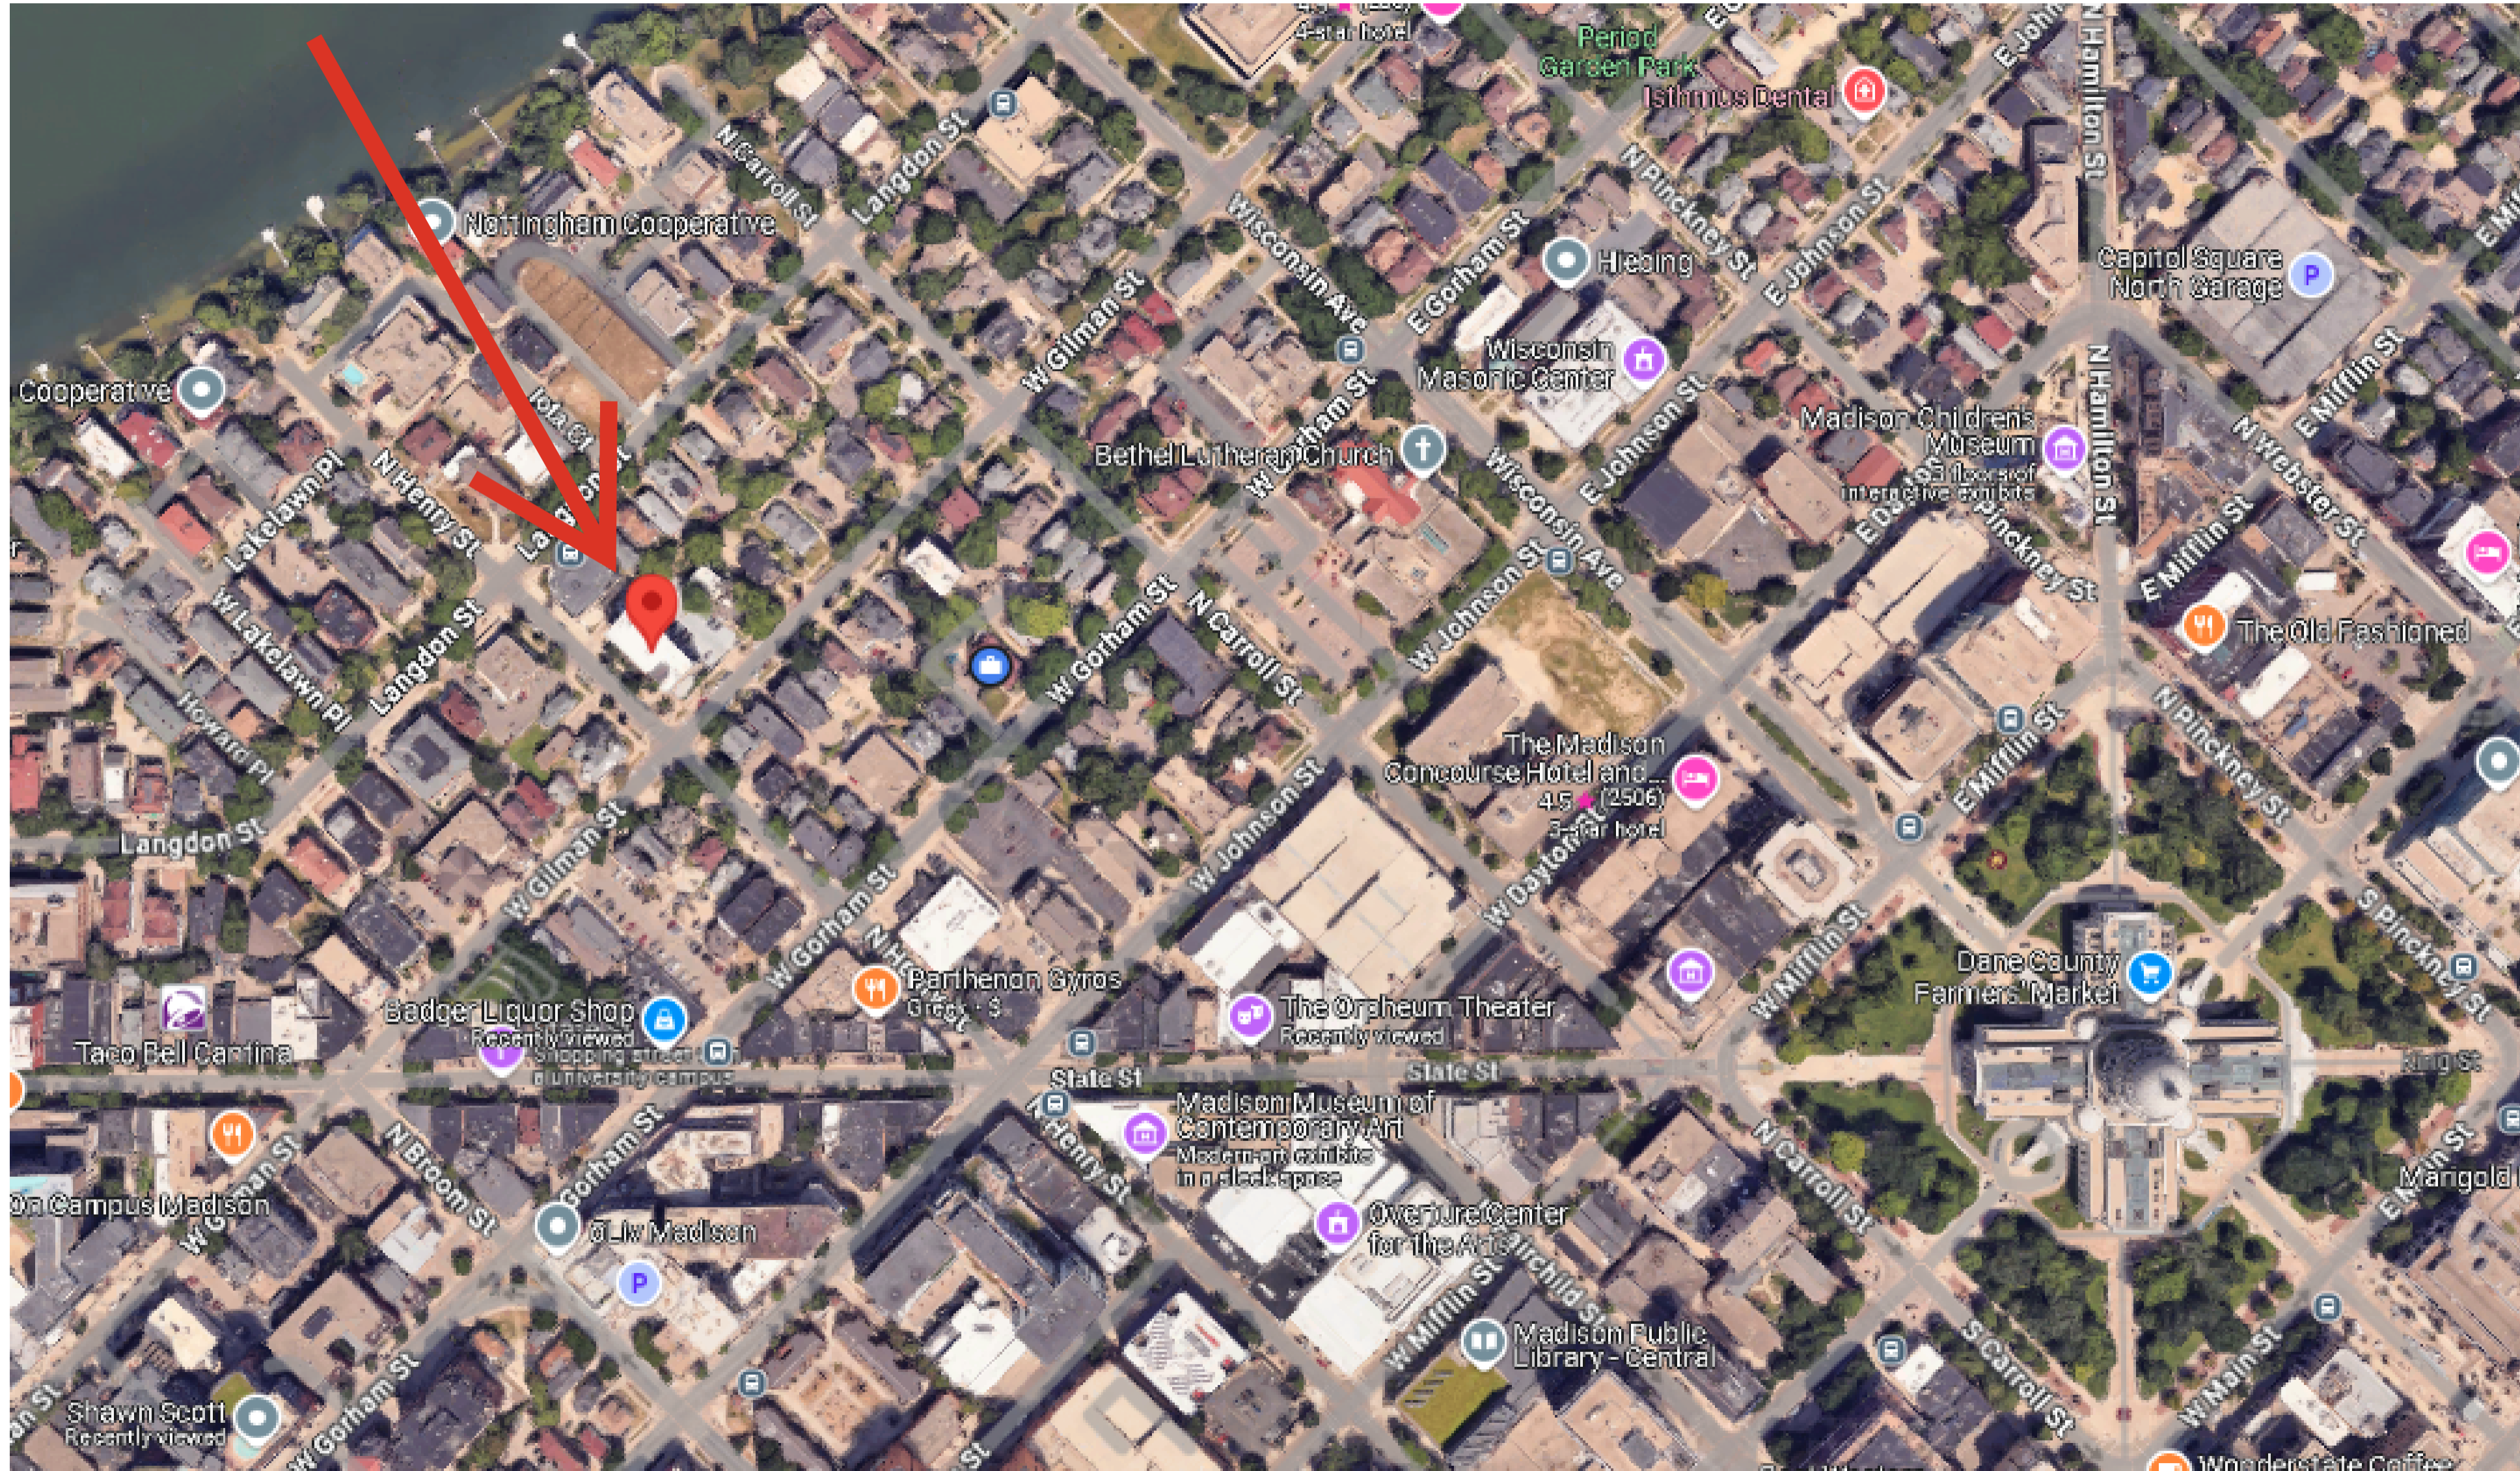

Thank you for your consideration of this application. We look forward to discussing it in more detail at the October 9th Urban Design Meeting and securing final approvals for this installation of public art.

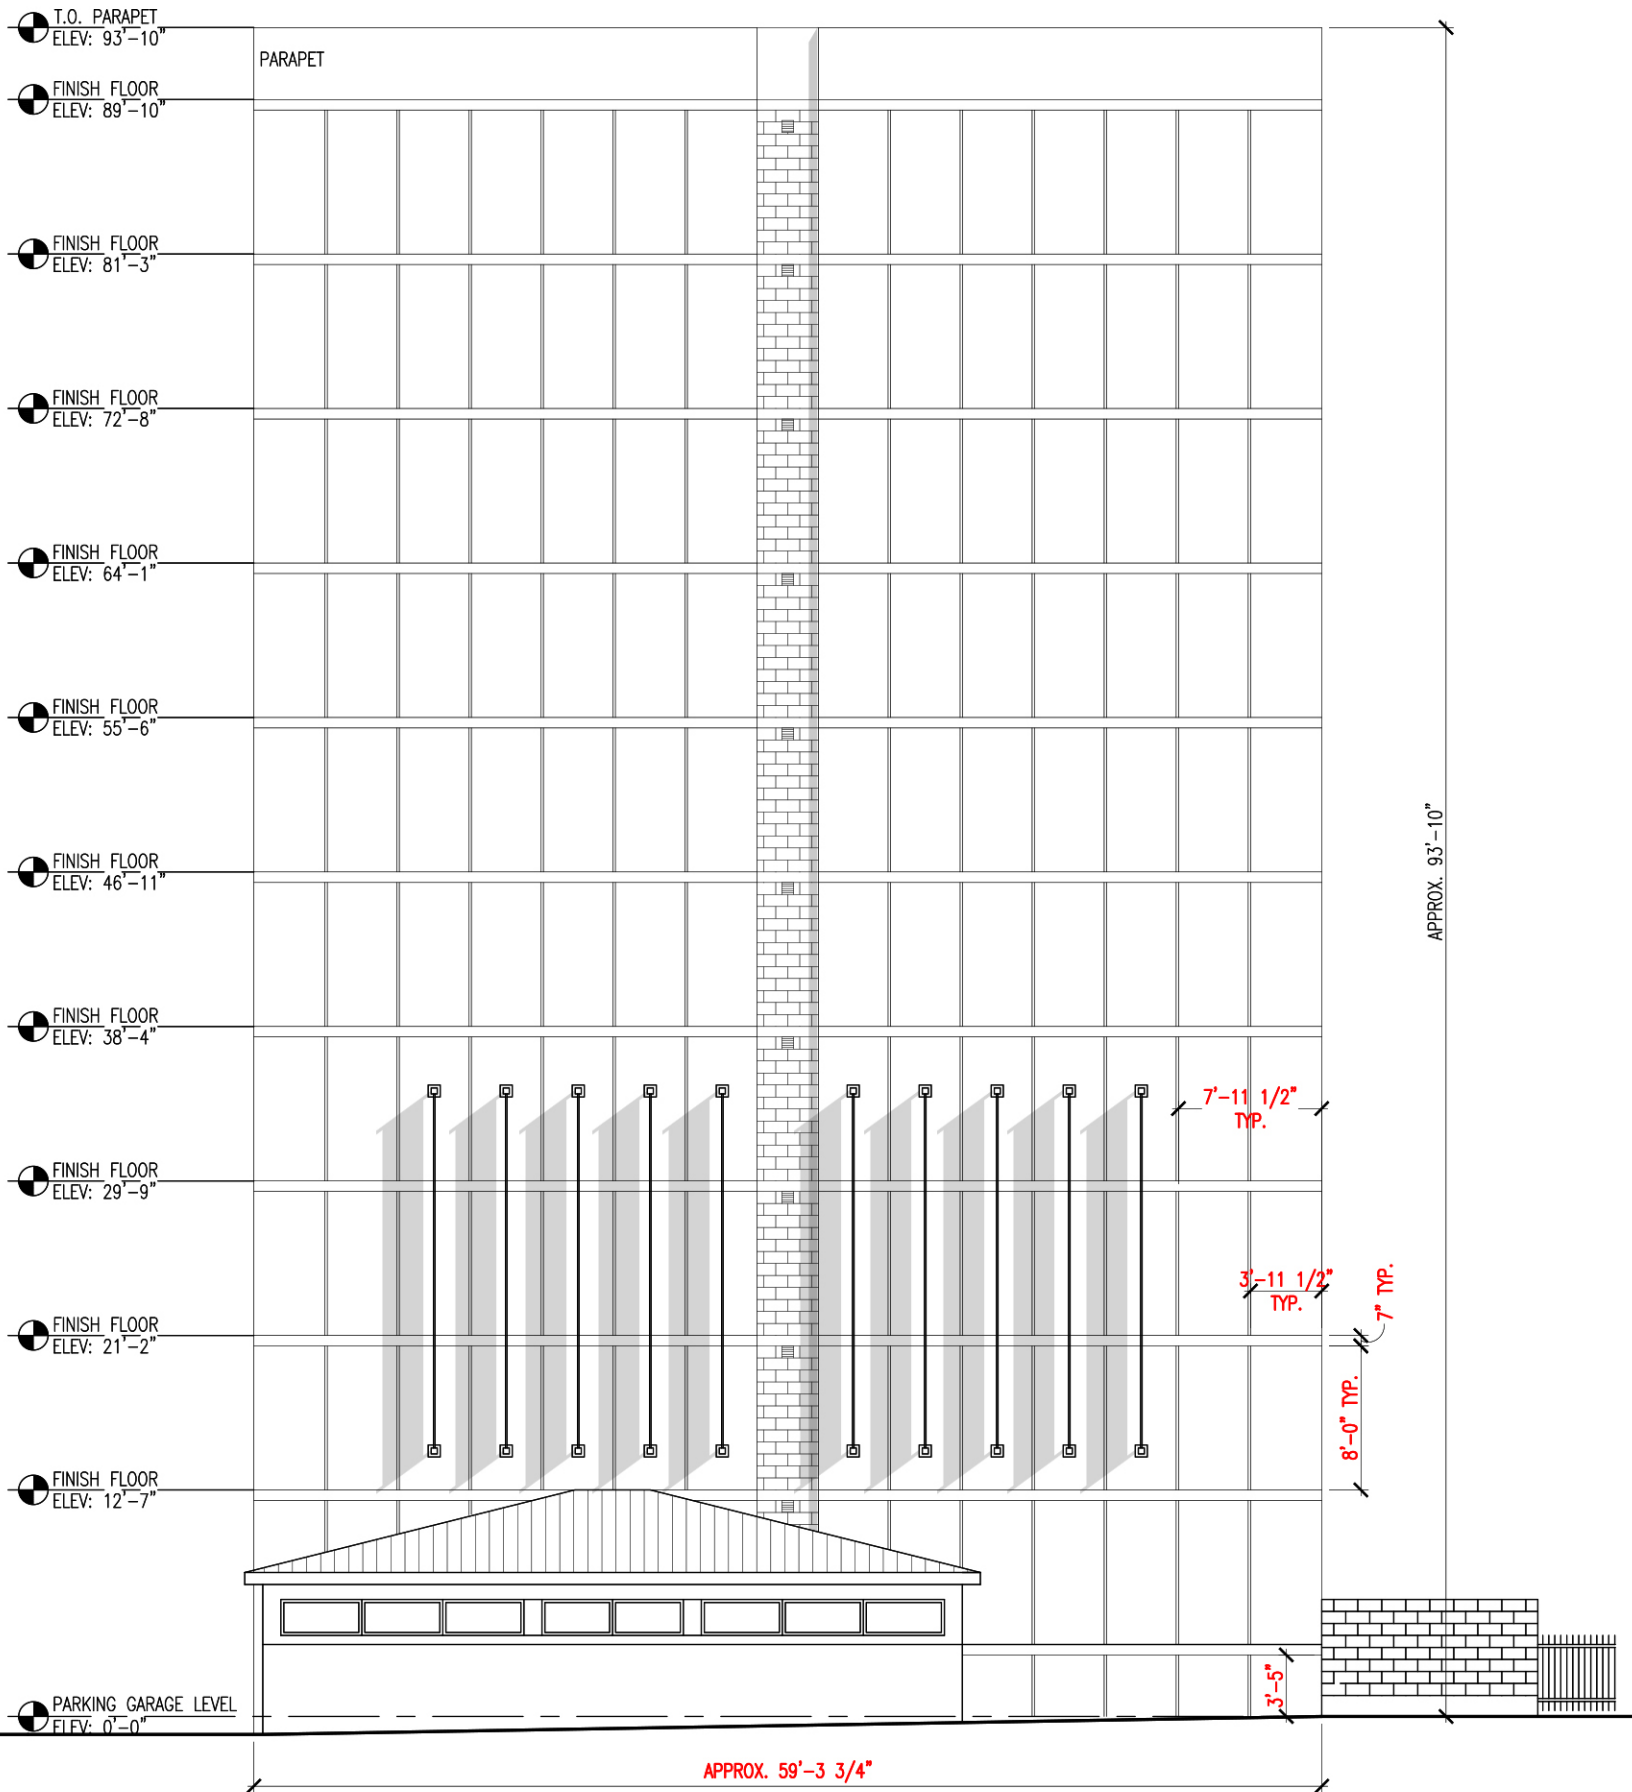

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Seeley", with a stylized flourish at the end.
