(b) Any person who fails to meet the recycling and reuse requirements of subsection (3) shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500) for the first estimated ton of construction or demolition debris not recycled or reused, and not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each subsequent ton of construction or demolition debris not recycled or reused.

(c) Any person who fails to follow a requirement of subsection (4) shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500).

(d) Any person who submits a certification under subsection (4) that falsely states or represents that a project has met the requirements of this section, shall be subject to a forfeiture of not less than two hundred and fifty dollars ($250) nor more than one thousand dollars ($1000).

(7) Effective Date. This ordinance shall be effective on January 1, 2010.

10.19 DUMPING OF RUBBISH.

(1) It shall be unlawful to dump rubbish in any street, alley or public place within the City of Madison.

(2) Any person, firm, association or corporation who violates this section shall be subject to a forfeiture of not more than two thousand dollars ($2000). Each day such violation continues shall be considered a separate offense.

(3) No person shall deposit any brush, newsprint, yard waste, solid waste or other refuse or rubbish of any kind whatsoever on a lawn or a terrace or in a dumpster or other refuse container located in or upon commercial or residential property without the permission of an owner or lessee of said property.

(4) Any person who violates subsection (3) shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than two hundred dollars ($200) for each separate offense.

(Sec. 10.19 Am. by Ord. 11,150, 1-30-95)

10.20 HAULING OF RUBBISH OVER STREETS. No person shall haul any rubbish or refuse except in a vehicle provided with a box well closed or with a tarpaulin to retain such material while the truck or vehicle in which it is conveyed is traveling to its destination.

10.21 GASOLINE CURB PUMPS PROHIBITED. No gasoline curb pump shall be installed in the

streets of the City of Madison, nor shall any gasoline curb pump be replaced with a new gasoline curb pump.

10.22 AIR HOSE OUTLETS AND STANDARDS. No air hose outlets or air hose standards shall be installed in any public street or alley in the City of Madison, nor shall any air hose outlet or air hose standard be replaced with a new air hose outlet or a new air hose standard.

10.23 OBSTRUCTION OF STREETS AND SIDEWALKS.

(1) Any person unnecessarily obstructing or causing to be obstructed any street, alley, crosswalk, terrace or sidewalk so as to interfere with public traffic or access shall be subject to a fine of not less than fifty dollars ($50) nor more than two hundred ($200).

(2) Any person depositing snow or ice from private property upon any sidewalk, roadway or street, bike path or upon the non-adjacent private property of another without consent, or causing or ordering the same to be done shall be subject to a fine of not less than fifty dollars ($50) nor more than two hundred dollars ($200).

(a) In addition to its commonly understood meaning, for the purposes of this Subsection only, the term "private property" includes any portion of the public right-of-way abutting the private property in question, such as the sidewalk, terrace, or driveway apron.

(Am. by ORD-09-00067, 4-2-09; ORD-14-00087, 5-7-14)

(3) The City Engineer, Street Superintendent, or Building Inspection Division Director, or his/her designee(s), shall cause the removal of all snow and ice from any sidewalk, roadway or street that resulted from a violation of Subsection (2) above when the owner of the property where the snow and or ice originated from has failed to do so. An accurate account of the expenses incurred shall be kept and the costs thereof shall be assessed against the property as a special charge. Prosecution under Subsection (2) of this Ordinance shall not bar the City from proceeding under Subsection (3) of this Ordinance, nor shall proceeding under Subsection (3) bar prosecution under Subsection (2). (Cr. by ORD-10-00027, 3-18-10; Am. by ORD-11-00037, 3-8-11)

(Sec. 10.23 Am. by Ord. 11,313, 8-4-95)

10.24 OBSTRUCTION OF CROSSINGS BY TRAINS.

(1) It shall be unlawful to stop and leave standing any railroad train, locomotive or car upon or across any street crossing in the City of Madison longer than five (5) minutes.

(2) It shall be unlawful to operate or permit to be operated any railway train, locomotive or car upon or across any street crossing to the obstruction of public travel thereon for a longer period of time than five (5) minutes.

(3) It shall be unlawful to stop any railroad train or car within an intersection or on a crosswalk for the purpose of receiving or discharging passengers.

(4) It shall be unlawful to obstruct any street crossing in the City of Madison for a continuous period of more than five (5) minutes by the operation of more than one (1) train or locomotive over the same crossing.

(5) The five (5) minute limitation as contained in subsection (1) shall be reduced to three (3) minutes if the violation occurs between the hours of 7:00 a.m. and 9:00 a.m., between 12:00 noon and 1:00 p.m. and between 3:30 p.m. and 5:30 p.m. on weekdays. (Am. by Ord. 12,044, 3-2-98)

(6) Any conductor, engineer or brake operator on any engine or train so stopping, operating on, or discharging passengers on any crossing or crosswalk in violation of this section shall be subject to a forfeiture of not less than ten dollars ($10) nor more than one hundred dollars ($100), and the corporation owning or operating any such train, engine or car shall be subject to a forfeiture of not less than twenty dollars ($20) nor more than two hundred

dollars ($200) for each violation of subsection (1) or in case of a violation coming under subsection (5), not less than two hundred fifty dollars ($250) nor more than five hundred dollars ($500) for each violation. (Am. by Ord. 12,044, 3-2-98; ORD-14-00012, 1-14-14)

(7) It shall be a defense to any prosecution under this section if any obstruction hereunder is caused by accident or to a contingency wholly beyond the control of the operators of the train.

10.25 PLANTINGS IN THE TERRACES.

(1) Definitions. For the purposes of this section, the following definitions apply:

(a) "Occupant" is any person who legally resides in a residential property immediately adjacent to a terrace, including any individual condominium owner within a condominium development.

(b) "Owner" is the person who has legal title to a property immediately adjacent to a terrace, and, for multi-unit properties, includes condominium associations.

(c) "Permissible plantings" are those plants, other than trees and shrubs, and landscape features that have been deemed permissible plantings under subsection (2).

(d) "Residential property" is any single or multi-family property zoned residential under Chapter 28, MGO.

(e) "Terrace" is that portion of the public right-of-way in between the curb or road-way and the adjoining lot line, whether or not the area is occupied by a sidewalk or multi-use path.

(2) Permissible Plantings. The owner of a residential property may plant, maintain and cultivate, or allow an occupant of the residential property to plant, maintain and cultivate, certain plants and landscaping features within the terrace adjoining the owner's property if said plantings and landscaping features are consistent with the requirements of this subsection. Plantings may not include any trees or shrubs, the planting of which are subject to Secs. 23.21 and 23.22, MGO. Plantings and landscape features are permissible plantings under this subsection if the following conditions are met:

(a) Approved Plantings. Any non-woody plantings that are commonly found in vegetable gardens, flower gardens or landscaping are allowed. Any plant species that are deemed invasive and regulated under Wis. Admin. Code ch. NR 40, or elsewhere in these ordinances, are not allowed.

(b) Landscaping Features. Landscaping features meant to protect approved plantings, such as mulch, small rocks or other similar features, shall be allowed provided the materials are stable, do not create any potential public safety hazard, and are easily removable. Temporary wire fencing, lattices, vegetable cages and the like, are permissible landscaping features if necessary to assist the establishment of approved plantings. Specific criteria for these items shall be included in the terrace treatment policy provided for in sub. (2)(c) below. Pots, raised flower beds, railroad ties, and the like, are not landscaping features subject to this subdivision, but rather are encroachments subject to the privileges in street ordinance in Sec. 10.31.

(c) Terrace Treatment Policy. To ensure public safety and access to public facilities, the City Engineer, in consultation with the Food and Alcohol Policy Administrator, shall prepare a terrace treatment policy that describes the following: (Am. by ORD-15-00116, 10-28-15)

1. Where on terraces approved plantings and landscaping features may be placed;
2. How high they are allowed to be maintained;
3. Criteria for more permanent features, such as low retaining walls, steps, and other incidental items when those items are necessary due to steep grades within the terrace; and,
4. Standards for the use of chemical agents such as insecticides or fertilizers.

The terrace treatment policy shall be approved by the Board of Public Works, after consultation with the Food Policy Council, and any amendments to this policy shall be approved by the Board of Public Works in like fashion. Once the terrace treatment policy is approved, the owner or occupant of the property may only place plantings and landscaping features in the terrace pursuant to the terrace treatment policy.

(d) Maintenance of Approved Plantings and Landscaping Features.

1. Approved plantings and landscaping features shall be maintained in a safe and orderly manner, free of any unapproved planting or landscaping feature and in the areas allowed under the terrace treatment policy.
2. Under no circumstances shall an approved planting or landscaping feature obstruct or endanger the public's use of a roadway, sidewalk or other multi-use path, and all approved plantings and landscaping features shall be maintained so as not to interfere with the public's right of travel over these areas, or the visibility required to exit private driveways.

(e) Responsibility. The owner or occupant responsible for the permissible plantings accepts full responsibility for the care and maintenance of the permissible plantings, and understands that permissible plantings in the terrace are made at their own risk, and that they may be removed at any time by the City without compensation. The owner or occupant seeking to place permissible plantings in the terrace is responsible for contacting Digger's Hotline to identify and mark any underground utilities prior to digging within the right-of-way.

(f) Removal. Prior to performing any public works project that may threaten any permissible planting, the City shall attempt to notify property owners and occupants of the City's plans in order to give the owner or occupant sufficient time to relocate the plantings. This notification provision shall not apply in emergency situations or where such notice is not practicable.

(3) Planting of Shrubbery on Terraces Prohibited. Except for permissible plantings made under sub. (2), no person shall plant or maintain or cause to be planted or maintained on any terrace between the sidewalk and curb on any street in the City of Madison any plant or shrub in excess of twenty-four (24) inches in height or within a distance of twenty-four (24) inches from the back of the curb unless necessary to control erosion of the soil.

Any plants or shrubbery planted or maintained on any terrace contrary to the provisions of this ordinance shall be removed. The enforcement of this ordinance shall be under the supervision of the Police Department, the City Engineering Division, and the Building Inspection Division of the Department of Planning and Community and Economic Development.

Upon default of any person ordered to remove said plants or shrubbery, the City Engineering Division and/or the Department of Planning and Community and Economic Development may cause said plants or shrubbery to be removed. The cost of removal shall be assessed against the lot adjoining the terrace upon which the plants or shrubbery were located as provided in Section 27.05(2)(bb), MGO. Prosecution under this section shall not bar the City from causing the plants or shrubbery to be removed, nor shall the City's removal of the plants or shrubbery bar prosecution hereunder. (Am. by ORD-08-00109, 10-7-08; ORD-12-00134, 1-2-13)

(Am. by Ord. 8473, 12-10-84; ORD-12-00027, 3-14-12; ORD-13-00064, 4-24-13)

10.26 PERSONS NOT TO CONGREGATE ON OR SELL MERCHANDISE ON STREETS OR SIDEWALKS. No persons shall congregate on any public sidewalk or any part of a public street or street corner so as to obstruct the same, nor shall any person or persons use any sidewalks or any part of a street as a place for vending, selling or dealing in merchandise, except as provided in Section 9.13 of these ordinances, under the penalty of not less than fifty dollars ($50) nor more than two hundred dollars ($200) for each offense. (Am. by Ord. 11,312, 8-4-95)

10.27 FEE FOR DELIVERY OF WOOD CHIPS. Except for community gardens in the City of Madison, any person who receives a delivery of wood chips from the City of Madison shall pay a fee to the City Treasurer in an amount to be determined yearly by the Streets Superintendent, or designee. (Cr. by ORD-06-00183, 12-21-06; Am. by ORD-10-00021, 3-13-10)

10.28 SNOW AND ICE TO BE REMOVED FROM SIDEWALKS.

(1) The owner of each lot or part of lot shall remove all snow and ice upon the sidewalk abutting the premises which he or she owns not later than 12:00 noon of the day after the snow or ice has accumulated on the sidewalk, regardless of the source of accumulation. The owner of property abutting sidewalks on two intersecting streets shall remove all snow and ice from the sidewalks of both streets, including that portion of the sidewalks bordering the crosswalk, including the curb ramp, if any, regardless of the source of the snow accumulation.

Provided that when ice has so formed upon any sidewalk that it cannot be removed, then the owner shall keep the same effectively sprinkled with sand, salt or other suitable substance in such manner as to prevent the ice from being dangerous, until such time as it can be removed, and then it shall be promptly removed. Any person violating any of the provisions of this section shall be subject to a forfeiture of not less than twenty dollars ($20) nor more than fifty dollars ($50) for a first offense and not less than thirty dollars ($30) nor more than one hundred dollars ($100) for any subsequent offense. Each day any violation of this ordinance continues shall constitute a separate offense. (Am. by Ord. 11,218, 3-31-95; Ord. 13,760, Adopted 12-14-04; ORD-07-00185, 12-20-07)

(2) The Department of Planning and Community and Economic Development shall cause all sidewalks which shall not have been cleared of snow and ice as above described, to be cleared upon default of the person whose duty it shall be to clear the same. An accurate account of the expenses incurred shall be kept and the costs thereof shall be assessed against the property as a special charge under Section 4.09(13). Prosecution under Subsection (1) of this ordinance shall not bar the City from proceeding under Subsection (2) of this ordinance, nor shall proceeding under Subsection (2) bar prosecution under Subsection (1). (Am. by Ord. 8262, 2-20-84; ORD-07-00185, 12-20-07; Am. by ORD-11-00037, 3-8-11; ORD-14-00012, 1-14-14)

(3) Actions for violations of Sec. 10.28(1) shall be commenced by citation as provided by Wis. Stat. § 66.0113 or summons and complaint or warrant as provided by Wis. Stat. § 66.0114(1)(a). (Am. by Ord. 6370, 10-10-78; ORD-07-00185, 12-20-07)

10.29 DOWNSPOUTS AND EAVES OF BUILDINGS NOT TO DRAIN ON SIDEWALKS. No downspouts from any building shall terminate on or upon, or in such position that the contents of such spout be cast upon any public sidewalk in the City of Madison. When the eaves of any building extend over or are so constructed that water may fall upon any public sidewalk such eaves shall be so protected by proper spouts or otherwise that no water shall fall upon any public sidewalk. The owner or owners of any building and the officers of any association or corporation owning any building on which any spouts or the eaves thereof shall be maintained contrary to the provisions of this section shall be subject to a fine of not less than five dollars ($5) nor more than twenty-five dollars ($25) for each day any such spout or eaves shall be so maintained.

10.30 RESERVED FOR FUTURE USE. (R. by Ord. 7415, 5-7-81)

10.31 PRIVILEGES IN STREETS.

(1) Privilege for an obstruction or enlargement or alteration to such obstruction beyond the lot line, or within the public street right-of-way, alley or public ground, other than by permit issued under another provision of these ordinances, for encroachments of ninety (90) days or less, shall be granted only as provided in this section. All existing encroachments which are nonconforming to the provisions of this section are to hereafter

comply with the requirements of this section. No building permits shall be issued under Section 29.05 on any premises where an encroachment exists until the requirements of this section are met, unless the Director of the Department of Planning and Community and Economic Development or her/his designee determines that an emergency condition exists which requires immediate remedy, provided an application for privilege in streets is submitted with the application for said building permit.
(Am. by Ord. 12,522, Adopted 1-4-00)

(2) (a) Applications for privileges in streets shall be made to the Economic Development Division of the Planning and Community and Economic Development Department. A nonrefundable application and initial processing fee of seven hundred fifty dollars ($750) shall accompany said application. There shall be no proration of the application and initial processing fee.

A Report of Ownership and a drawing or survey at a scale of not less than 1" = 10' on an 8½ × 14 size paper or in an equivalent digital file, showing the privilege in streets in relation to the owner's property shall also accompany said application. The drawing or survey shall include sufficient data to permit City staff to draft a legal description and determine the square footage of the street area occupied by the privilege in streets.

The Director of the Economic Development Division or her/his designee (Director) shall not recommend that the privilege be granted unless the applicant shows that the requirements of this section will be satisfied, and that applicable ordinances, resolutions and Board of Public Works and Plan Commission policies will be complied with. If the Director recommends approval of an application for a privilege in streets, the Director shall inform the applicant in writing of its recommendation and the conditions of approval. Following concurrence of the applicant with the conditions of approval, the Director, in cooperation with the City Attorney, shall prepare an agreement, setting forth the requirements and conditions under which the privilege in streets is permitted. Following execution of all the documents by the applicant, the required documents are to be executed by the Director, who shall monitor the payment of the annual fees in the event they are not collected as a special charge.

Following receipt of the insurance certificate and the first year's fee, the agreement is to be recorded with the Dane County Register of Deeds. A copy of the recorded agreement shall be furnished to the Applicant and the City Clerk. The Risk Manager shall monitor the insurance requirements.
(Sec. 10.31(2)(a) Am. by Ord. 12,105, 4-20-98; Am. by Ord. 13,411, 9-24-03; ORD-08-00025, 3-15-08; ORD-13-00212, 12-10-13)

(b) Appeal. In the event the Director disapproves an application for a privilege in streets, the Director shall inform the applicant, in writing, of the reasons for disapproval. The applicant or any interested party, including any City department head or alderperson, may appeal the Director's decision to the Board of Public Works within thirty (30) days after mailing of the Director's notice to the address of the applicant as shown on the application. Such appeal must be in writing, and must inform the Board of the reasons why the applicant believes the Director's decision to be in error. Failure to so appeal a denial shall result in automatic approval of the denial without further action by the Director or Board of Public Works.

Within thirty (30) days after receipt of the appeal, the Board of Public Works shall hold a hearing at which the applicant and the Director may present and question witnesses and present oral and written argument. Within twenty (20) days after the hearing, the Board shall issue a written decision which shall affirm, reverse or modify the determination of the Director. Appeal of the Board of

Public Works' decision shall be by Certiorari to Circuit Court and shall be commenced within thirty (30) days of the date of the decision sought to be reviewed or be waived.

(Sec. 10.31(2) Am. by Ord. 10,969, 8-29-94; Am. by Ord. 13,411, 9-24-03)

(3) (a) Conditions of Approval. Any privilege granted by the City of Madison shall be to the owner, agent or person obligated pursuant to a regulatory order of the property adjacent to the public area to be occupied by the privilege in streets and shall be on condition that the applicant or the applicant's heirs and assigns shall become primarily liable for damages to person or property by reason of the granting of the privilege.

(b) Insurance. The applicant shall be required to furnish a Certificate of Insurance, providing evidence of commercial general liability insurance with the City of Madison, its officers, officials, agents and employees named as additional insureds. The insurance shall include contractual liability coverage and minimum limits of one million dollars ($1,000,000) per occurrence. The City of Madison Risk Manager reserves the right to require higher limits and other coverage terms and conditions at his/her discretion. Applicant shall keep required insurance in full force and effect throughout the term of the privilege in streets. This insurance condition may be waived for other governmental units and in those instances where the City of Madison Risk Manager, in consultation with the City Attorney's office, determines that this requirement can be waived. (Am. by Ord. 12,886, 8-24-01; ORD-14-00005, 1-14-14)

(c) Removal of Encroachment. The applicant shall remove said encroachment or obstruction upon ten (10) days written notice by the City of Madison. Additionally, the applicant or the applicant's heirs or assigns shall be entitled to no damages for removal of the privilege in streets, and if the applicant shall not remove the same upon due notice, it shall be removed at the applicant's expense and levied as a special charge for current services rendered against the applicant's property as provided by law; if the applicant is not the owner of the property adjacent to the public area to be occupied by the privilege in streets, said applicant shall provide a bond, in such amount to cover the cost of removal of any object, structure or instrument pursuant to any privilege and the total annual fees for the estimated life of the privilege. In the event of acquisition of all or a portion of the applicant's property for a planned public improvement, no compensation will be paid to the applicant for the improvements constructed within the area on which the privilege in streets exists, for cost incurred in realigning personal property located on the area on which the privilege in streets exists, or for loss of value or damage to the remaining improvements of the applicant caused by reasons of the acquisition or taking as provided under Wis. Stat. ch. 32.

In accepting the privilege, the applicant waives any and all right to contest in any manner the validity of this ordinance or Wis. Stat. § 66.0425, or the amount of compensation charged by the City of Madison. The applicant may be required to comply with additional conditions as the Director may impose, including execution of a written agreement incorporating all conditions upon which the privilege in streets is to be granted. Such agreement shall be binding upon the applicant, the applicant's heirs and assigns and shall be drafted in recordable form and recorded in the Office of the Dane County Register of Deeds, and the terms and conditions contained in the agreement or resolution shall remain in full force and effect as long as the privilege in streets exists. The privilege may be terminated by the applicant at any time by providing the Director written notice of its desire to terminate this privilege. Following removal of the privilege in streets and restoration of the public area on which the privilege in streets existed to the satisfaction of the City Engineer and the Director of Planning and Community and Economic

Development, the Director shall record in the Dane County Register of Deeds office a suitable document terminating the privilege. A copy of the document shall be furnished to the applicant and the City Clerk. (Am. by Ord. 13,411, 9-24-03)

(d) Fee Schedule.

1. An annual minimum fee of five hundred dollars ($500) or an amount established hereinafter, shall be charged for the privilege of encroaching into street right of way. The annual fee may be levied as a special charge for current services rendered against the applicant's property as provided by law. The agreement may provide for alternative means of payment of annual fees in excess of ten thousand dollars ($10,000). An annual fee for less than twelve (12) months shall be prorated according to the number of months or fraction thereof for which the privilege in streets is issued. There shall be no proration upon termination of any privilege in streets.

2. For every use of public space permitted as a privilege under the terms of this chapter, the following annual rental fee shall apply:

   a. For each story above or below the surface, the fee shall be fixed at five percent (5%) of the square foot value per story, as last fixed by the City Assessor, of the lot directly abutting such use, multiplied by the square footage of the use of space, or if more than one lot abuts such use, five percent (5%) of the average of the square foot value of the lots directly abutting such use, as last fixed by the City Assessor, multiplied by the square footage of the use of space or five hundred dollars ($500), whichever is greater.

   b. If such use of space involves utilization of the surface by the applicant, the fee for such surface use shall be fixed at ten percent (10%) of the square foot value, as last fixed by the City Assessor, of the lot directly abutting such use, multiplied by the square footage of the use of space, or, if more than one lot abuts such use, ten percent (10%) of the average of the square foot value of the lots directly abutting such use, as last fixed by the City Assessor, multiplied by the square footage of the use of space or five hundred dollars ($500), whichever is greater.

   c. Every five (5) years the Director shall re-calculate the fee using current property values as fixed by the City Assessor.

   d. Monitoring wells and other multiple location privileges: annual fee of five hundred dollars ($500) for the first encroachment plus one hundred dollars ($100) for each additional location.

   e. If such use is for fiber optic for a non-public utility use, the fee shall be two dollars ($2.00) per lineal foot for two inch (2") diameter duct and four dollars ($4.00) per lineal foot for four inch (4") diameter duct. (Cr. by Ord. 13,411, 9-24-03)

(Sec. 10.31(3)(d) Am. by Ord. 11,888, 6-27-97; ORD-13-00212, 12-10-13)

(e) Existing street encroachments shall be subject to the terms and provisions of this ordinance upon renewal. (Cr. by Ord. 13,411, 9-24-03)

(f) Although subject to the provisions of this section, there shall be no application fee or annual fee (if encroachment is approved) for the following:

1. Neighborhood Identification Signs.
2. Bicycle racks.
3. Decorative Pavement Painting Design Permit under Sec. 10.42, MGO. (Cr. by CHA-13-00003, 6-26-13, Eff. 8-19-13)
4. Little Free Libraries. (Cr. by ORD-13-00212, 12-10-13)

5. Bus Shelters.

a. For the purposes of this paragraph, "Bus Shelters" means a privately owned and maintained shelter, approved by Metro Transit and Traffic Engineering, adjacent to a bus stop and intended to provide temporary shelter for bus passengers.

b. A bus shelter shall be considered a "Madison Transit Utility bus shelter" for the purposes of Secs. 3.14(4)(i) and 31.03(2), but only for non-commercial messages.

(Sec. 10.31(3)(f)5. Cr. by ORD-15-00087, 9-11-15)

(Sec. 10.31(3)(f) Cr. by Ord. 13,411, 9-24-03)

(g) Although subject to the provisions of this Section, there shall be no annual fee (if encroachment is approved) for existing architectural features that contribute to the historic character of buildings that have been designated a Madison Landmark. (Cr. by ORD-09-00131, 9-18-09)

(Sec. 10.31(3) Am. by Ord. 10,969, 8-29-94)

(4) Construction, Reconstruction, Abandonment and Maintenance of Underground Sidewalk Vaults.

(a) In addition to the requirements of this section, no vault under any sidewalk, in any street or alley in the City of Madison shall be constructed, reconstructed or repaired unless plans prepared by a registered professional engineer have been submitted to and approved by the City Engineer and the Director of Planning and Community and Economic Development and a permit has been obtained from the Director of Planning and Community and Economic Development. No vault shall be abandoned without first obtaining a Street Opening Permit, as issued under Section 10.03, Madison General Ordinances, and a building permit if alterations to the building are involved in the abandonment.

(b) All vaults under sidewalks shall be constructed or reconstructed in accordance with the State of Wisconsin Administrative Code, the City of Madison General Ordinances, other applicable Building Codes, and plans and specifications of any City project. Loading requirements for all vaults within the right-of-way shall be as follows:

1. Sidewalks with no vehicular restrictions: 250 pounds/square foot or 12,000 pound concentrated load in any position.

2. Sidewalks with partial vehicular restriction: 115 pounds/square foot or 10,000 pound concentrated load, plus 30% impact factor. Concentrated load distributed as a four-wheel vehicle with 5,200 pounds on each rear wheel, 1,300 pounds each front wheel.

3. Sidewalks with total vehicular restriction: 100 pounds/square foot.

4. The most severe distribution and concentration shall govern.

5. Vehicular restrictions shall be permanently fixed barriers. In addition, no cover or door to any such vault, constructed in any sidewalk, shall contain any open spaces greater than one-half inch (½") in width. Wherever possible, vaults shall be constructed or reconstructed so that the outside vault wall encroaches no more than six (6) feet into the right-of-way.

(c) All vaults and covers or doors to any such vault in the City of Madison, which encroach on the public right-of-way, shall be maintained in a safe condition, and capable of carrying the loadings required in Section 10.31(4)(b), Madison General Ordinances. If the Director of Planning and Community and Economic Development finds at any time that the above mentioned ordinances, laws and codes are not being complied with, s/he shall serve written notice on the property owner. The property owner shall then have twenty (20) days to indicate in writing his/her

intention to remove, replace or repair the vault. The Director of Planning and Community and Economic Development and City Engineer may require interim measures to protect the public safety, at the owner's expense.

If the property owner elects to retain the vault, to repair or replace it for continued use, or to abandon the vault, s/he shall complete such repairs, replacement or abandonment within eighty (80) days of the original notice. The total cost of certification, reconstruction, replacement or abandonment shall be the responsibility of the property owner.

The City may, if it finds it to be in its best interest, participate in the vault abandonment. The City's share shall not exceed one half the cost of removing the vault, closing any existing accesses to the vault, and backfilling, nor shall it exceed $10,000 per parcel of land. The property owner's share shall be treated as other special assessments. All other costs to prepare the vault for abandonment, such as relocating utilities or storage space, shall be the responsibility of the property owner.

(Sec. 10.31(4)(c) Am. by Ord. 11,945, 10-14-97)

(d) Cellar Doors and Covers of Vaults on Sidewalks Not to Be Kept Open. No person shall keep or leave open any cellar door or cover of any vault on any highway or sidewalk, or suffer the same to be left or kept open except when necessary for purposes of moving material or merchandise to or from such cellar or vault, and whenever the same shall be open it shall be properly guarded to protect persons using the sidewalk or highway from any danger. It shall be unlawful for any person to permit any such cellar door and cover of a vault in any public sidewalk in front of the premises owned or occupied by her/him, or any part of such sidewalk, to become or continue so broken as to be dangerous to persons traveling on such sidewalks.

(5) Any person causing or maintaining any obstruction or excavation contrary to this section shall be subject to a forfeiture of not less than $25 nor more than five hundred dollars ($500). Each day such violation continues shall be considered a separate offense.

(Sec. 10.31 Am. by Ord. 7730, 5-28-82)

10.32 NEWS BOXES.

(1) Purpose. To promote public health, safety, and welfare through the regulation of placement, appearance, maintenance, and insuring of news boxes in the public right-of-way.

(2) Applicability. The provisions of this ordinance shall apply to all news boxes, whether installed and maintained prior to or after the effective date of any of the provision of this ordinance. Those news boxes installed prior to the effective date of this ordinance shall be brought into compliance within thirty days of the effective date thereof.

(3) Definitions. For the purpose of this ordinance, the following words shall have the meaning indicated.

"News Box" shall mean any coin-operated or self-service box, container, or other dispenser placed in the public right-of-way for the vending of, or free distribution of newspapers or other publications.

"Public Right-of-Way" shall mean the surface and space above and below an improved or unimproved public roadway, highway, street, bicycle lane and public sidewalk in which the City has an interest, including other dedicated right-of-way for travel purposes.

"Person" shall mean any individual, corporation, company, association, firm, partnership, limited liability company or partnership, or other business entity and their lessors, transferees, and receivers.

(4) Administration. This section is administered by the Economic Development and Building Inspection Divisions of the Department of Planning and Community and Economic Development. (Am. by ORD-08-00025, 3-15-08; ORD-08-00109, 10-7-08)

(5) Application. Application for a permit shall be made to the Economic Development Division. A permit shall issue within ten (10) days of the receipt of complete application materials. A complete application shall include:

(a) The name, address, and telephone number of the applicant.

(b) A Certificate of Insurance showing General Liability Insurance, including Property Damage, in the amount of one million ($1,000,000) per occurrence and naming the City of Madison as an additional insured.

(c) An agreement, in a form acceptable to the City, that the applicant will hold harmless, defend, and indemnify the City, its officers, boards, committees, commissions, elected officials, employees and agents, from and against all liability, damages, and penalties resulting from the installation, use, maintenance, or presence of the applicant's news box(es) in the public right-of-way.

(d) An annual permit fee of fifty ($50) dollars.

(Am. by ORD-08-00025, 3-15-08)

(6) Appeal of Permit Determination. Review of the grant or denial of a permit shall follow the provisions of Section 9.49, M.G.O.

(7) Standards. Every person shall install and maintain all news boxes as follows:

(a) No person may place a news box in the public right of way without having obtained a permit.

(b) No news box shall be placed at any location where the clear space for the passageway of pedestrians is reduced to less than five (5) feet.

(c) No chaining, bolting, or other means shall be used to attach a news box to any property within the public right-of-way without prior express written permission of the owner.

(d) News boxes shall be maintained in a safe, clean, and neat condition and in good repair at all times.

(e) There shall be two (2) or more feet of open area behind any curb face.

(f) There shall be three (3) or more feet of open area behind the curb face at any bus stop, loading zone or other place where parking is prohibited or where stopping, standing or parking is otherwise restricted.

(g) There shall be at least five (5) feet between any news box and any driveway opening, fire hydrant, police or fire call box or other emergency facility.

(h) There shall be at least fifteen (15) feet between any news box and any fire station driveway, railroad track, intersecting property line at an intersection, and marked or unmarked crosswalk.

(i) A clear area shall be maintained at bus shelter openings and on the street side of bus shelters; in no case shall a news box be placed closer than five (5) feet from a bus shelter.

(j) No news box shall be used for advertising signs or publicity purpose other than that dealing with the display, sale, or purchase of the material sold or available within, or of an activity sponsored by the publication. Except for the news boxes in the State Street and Capitol Square District, allowable advertising, other than the name of the publication, shall appear only once, shall be on the side of the news box facing away from the street, and shall not exceed 18" x 18". Printing or other display on news boxes in the State Street and Capitol Square District shall be limited to the front and back of the news box. It shall be centered on the box and shall contain one (1) line of print no more than three and one-half (3½) inches in height, two (2) lines totaling not more than five (5) inches in height, or a logo no more than eight (8) inches in height. (Am. by ORD-10-00012, Pub. 2-4-10, Eff. 6-1-10)

(k) No news box shall be placed on Olin Terrace.

(l) No news box shall remain empty of current publications for more than fourteen (14) consecutive days.

(m) Any news box shall be removed upon ten (10) days written notice to the person named on the application for any lawful governmental purpose, including, but not limited to, right of way repair.

(n) In the State Street and Capitol Square District, which includes State Street and intersecting streets to a point one hundred twenty-five (125) feet from the abutting State Street right of way and the Capitol Square and intersecting streets to one hundred twenty-five (125) feet from the abutting Capitol Square right of way, all news boxes shall be located only at the sites designated below. (Cr. by ORD-10-00012, Pub. 2-4-10, Eff. 6-1-10)

(o) All news boxes in the State Street and Capitol Square District shall be black in color and shall have the following dimensions:

1. Height between thirty-four (34) inches and forty-six (46) inches. (Am. by ORD-10-00075, 8-12-10)
2. Width between sixteen (16) inches and twenty-five (25) inches.
3. Depth between sixteen (16) inches and twenty (20) inches.

(Cr. by ORD-10-00012, Pub. 2-4-10, Eff. 6-1-10)

(8) Enforcement. The office of the Economic Development Division shall enforce this ordinance.

(a) A Notice of Violation issued from the Economic Development Division shall specify the nature of any violation and the location of the news box in violation.

(b) Any person aggrieved by orders from the Economic Development Division may appeal to the Board of Public Works within fifteen (15) days after the mailing of the Notice of Violation(s). Such appeal must be in writing and must inform the Board of the reasons why the person aggrieved believes the orders have been issued in error. Within thirty (30) days after receipt of the request for appeal, the Board shall hold a hearing at which the parties may offer testimony and documents. Within ten (10) days of the hearing, the Board shall affirm, modify, or reverse the orders of the Economic Development Division. A concurring vote of two-thirds (⅔) of the voting members present shall be required to modify or reverse an order. Appeal of the action of the Board shall be to Circuit Court. No further enforcement action shall take place during the pendency of an appeal.

(c) Failure to correct a violation of Sec. 10.32(7) or request a hearing by filing an appeal under Sec. 10.32(8)(b) may result in a news box being removed. Thirty (30) days after notice of removal is mailed, a news box is subject to disposal.

(d) Any person violating any provision of this ordinance shall be subject to a forfeiture of not less than twenty five dollars ($25) nor more than five hundred dollars ($500). Each day such violation continues shall be considered a separate offense.

(Sec. 10.32(8) Am. by ORD-08-00025, 3-15-08)

(Sec. 10.32 Cr. by Ord. 12,522, Adopted 1-4-00)

10.33 BICYCLE-SHARING FACILITIES.

(1) Purpose. A City-sponsored bicycle-sharing program offers residents and visitors of the City the ability to use rented bicycles as an alternative form of short-term transportation. Such a program will be an important amenity and means of transportation for City residents, workers and visitors, and will help bring visitors to the City's downtown, displace car traffic, take pressure off of the City's downtown parking needs, and improve public health by providing opportunities for exercise. This program will also help the City meet its goals of reducing air pollution and greenhouse gas emissions and having twenty percent (20%) of all downtown trips done by bicycle by 2020.

For a bicycle-sharing program to be successful, program facilities will have to be placed at optimal locations throughout the urban environment that prioritize visibility, location desirability, and convenience, among other considerations. However, due to a lack

of sufficient public or private open space at optimal locations, it will be necessary, at certain locations, to place some of the facilities of a City-sponsored bicycle-sharing program within the City right-of-way, including on sidewalks and terraces. It may also be necessary, and desirable, to place these facilities on other City land.

Hence, to enable the success of the City-sponsored bicycle-sharing program, this section allows for the placement of bicycle-sharing facilities in the right-of-way and other City land through the granting of a bicycle-sharing facility privilege pursuant to the requirements of Wis. Stat. § 66.0425.

(2) Applicability. The provisions of this ordinance shall only apply to bicycle-sharing facilities within the right-of-way or on other City land that are part of a City-sponsored bicycle-sharing program.

(3) Definitions. For the purpose of this ordinance, the following words shall have the meaning indicated.

(a) Bicycle-Sharing Facility means a facility and all attachments and operational aspects thereto that are part of a bicycle-sharing program. This definition includes, but is not limited to, a rental station, informational signs, bicycles, solar panels, or other equipment attached to and necessary for the facility's operation.

(b) Bicycle-Sharing Program is a program which provides specially designed bicycles for short-term rent to the public at multiple facilities throughout the City and in which the users of the bicycles are able to return the bicycles at any other bicycle-sharing facility maintained by the program in the City.

(c) Bicycle-Sharing System is the entire network of bicycle-sharing facilities that make up a City-sponsored bicycle-sharing program, including facility locations on right-of-way, other City land, and private property.

(d) City-Sponsored means that the City provides a bicycle-sharing program support, either by running and operating such a program in cooperation with another party, providing an applicant direct financial support for the program, or providing an applicant with significant assistance in the operation and establishment of the program.

(e) Contact Information includes the address, telephone number(s), e-mail address(s), and any and all other means that would allow City staff to contact a person, including the address of any registered agent.

(f) Managing Agent is the person who, by virtue of his or her position, operates a bicycle-sharing program and has control, including physical and contractual, over the bicycle-sharing facilities used therein.

(g) Other City Land includes City park land, City-owned or leased greenways, and bike paths owned by or under the control of the City.

(h) Owner means any person who jointly or severally is vested with all or part of legal title to (or beneficial ownership of) the bicycle-sharing facilities.

(i) Person means any individual, partnership, association, corporation, joint venture, limited liability company or partnership, trust, or other entity that may enter into contracts.

(j) Right-of-Way means the surface and space above and below an improved or unimproved public roadway, highway, street, bicycle lane, public sidewalk and terrace in which the City has an interest, including any other dedicated right-of-way for travel purposes.

(4) Administration. This section is administered by the Director of the Department of Planning and Community and Economic Development or her/his designee.

(5) Application. The application for a privilege under this section may be made by either the owner or managing agent of the bicycle-sharing program and shall be made to the Department of Planning and Community and Economic Development and shall include and incorporate the following:

(a) Application Fee. A nonrefundable application and initial processing fee of five hundred dollars ($500) shall accompany the application. There shall be no proration of the application and initial processing fee. This application fee shall cover all locations of bicycle-sharing facilities. Any application to increase the number of bicycle-sharing facilities by more than thirty-five percent (35%) shall be accompanied by a new fee under this section.

(b) Program Information. The application shall include the name, address, and telephone number of the bicycle-sharing program owner(s) and managing agent(s), and a basic description of the bicycle-sharing program, along with the means of City sponsorship of said program, the information required in sub. (c) below, and any other information as may be required by the Director of the Department of Planning and Community and Economic Development.

(c) Location Information. The application shall include a description and drawing of the proposed bicycle-sharing facility locations sufficient enough to permit City staff to draft a legal description of the privilege(s) sought. All right-of-way, greenway and bike path locations for which a privilege is sought must be approved by the City Engineer, or designee, who shall assure that the proposed location complies with all applicable ordinances and does not unnecessarily or unduly interfere with the public's right of travel at the location. All park land locations for which a privilege is sought must be approved by the Superintendent of the Parks Division, or designee, who shall assure that the proposed location complies with all applicable ordinances and does not unnecessarily or unduly interfere with the public's right of travel or use at the location. The applicant is urged to consult with the City Engineer and Superintendent of the Parks Division regarding proposed locations prior to submitting an application under this section.

(6) Approval of Application. Subject to the required conditions of approval noted in Sub. (8), the Director of the Department of Planning and Community and Economic Development shall not approve the bicycle-sharing facility privilege application unless the requirements of this section are satisfied, and that all other applicable ordinances, resolutions and policies will be complied with. If the Director approves the bicycle-sharing facility privilege application, the Director shall inform the applicant in writing of this recommendation and the conditions of approval.

(7) Agreement. Following concurrence of the applicant with the conditions of approval, the Director, in cooperation with the City Attorney, shall prepare a bicycle-sharing facility privilege agreement, setting forth the requirements and conditions under which the bicycle-sharing facility privilege is permitted, including the conditions set forth in Sub. (8) below. This agreement may be included as part of a general bicycle-sharing program operating agreement between the owner and the City, and may cover bicycle-sharing facilities not located on right-of-way or other City land. This agreement shall be binding upon the owner, the owner's heirs and assigns, and the terms and conditions contained in the agreement shall remain in full force and effect as long as the bicycle-sharing facility privilege exists. The Director is authorized to execute this bicycle-sharing facility privilege agreement on behalf of the City. Following receipt of the insurance certificate, a copy of the agreement shall be furnished to the applicant and the City Clerk. The Risk Manager shall monitor the insurance requirements.

(8) Conditions of Approval. As a condition of approval of the application, the following conditions must be met and shall be included in the bicycle-sharing facility privilege agreement required under Sub. (7):

(a) Insurance. The owner shall be required to furnish a Certificate of Insurance, on a form provided by the City, evidencing existence of general public liability and

property damage insurance with the City of Madison being named as an additional insured. The insurance shall include contractual liability coverage with minimum limits of one million dollars ($1,000,000) combined single limits per occurrence, which coverage owner agrees to keep in full force and effect throughout the term of the agreement entered into under this section.

(b) Indemnification. The bicycle-sharing facility agreement shall include a requirement that the owner will hold harmless, defend, and indemnify the City, its officers, boards, committees, commissions, elected officials, employees and agents, from and against all liability, damages, and penalties resulting from the installation, use, maintenance, or presence of the bicycle-sharing facilities in the public right-of-way or on other City land.

(c) Removal of Facilities. The owner shall remove the bicycle-sharing facilities in the right-of-way that are permitted under this section upon ten (10) days written notice by the City of Madison. Additionally, the owner or the owner's heirs or assigns shall be entitled to no damages for removal of the bicycle-sharing facilities, and if the owner shall not remove the same upon due notice, it shall be removed at the owner's expense.

(d) Permits and Approvals. Owner is responsible for obtaining and maintaining all other required permits and approvals necessary to install and operate the program's facilities in the right-of-way or on other City land. Failure to have or maintain valid permits or approvals will cause the bicycle-sharing facility privilege granted under this section to immediately expire. Such expiration shall apply to the location in question, or the entire program, as the case may be.

(e) Restoration. After a bicycle-sharing facility is removed, the owner shall restore the right-of-way or other City land to its original condition. City may charge the owner for its costs associated with restoring the right-of-way or other City property to its original condition if the owner fails to do so.

(f) Signs. As a condition of approval, the owner must agree and acknowledge that all signs on the bicycle-sharing facility equipment are subject to Sec. 10.33(10) herein. Further, the owner agrees to give the City final approval of the specifications for any signs displayed on the bicycles, and such approved specifications shall be included in the agreement required under Sub. (7) and/or any bicycle-sharing program operating agreement between the owner and the City.

(g) Waiver. In accepting the bicycle-sharing facility privilege, the owner agrees to waive any and all right to contest in any manner the validity of this ordinance or Wis. Stat. § 66.0425, or the amount of fees or compensation charged by the City.

(h) Termination. The bicycle-sharing facility privilege will be terminated pursuant to the terms of the agreement required under Sub. (7). Following removal of the bicycle-sharing facility and restoration of the public area on which the facilities existed to the satisfaction of the City Engineer or the Superintendent of the Parks Division, as the case may be, the Director shall provide a document terminating the privilege to the owner, filing a copy with the City Clerk.

(i) Annual fee. An annual permit fee for each bicycle-sharing facility location of fifty ($50) dollars per square foot of right-of-way or other City land occupied by the base of the rental station equipment and authorized poster board sign (as described below in Sec. 10.33(10)(c)3.a.), or two hundred and fifty dollars ($250), whichever is greater.

(9) Operational Changes. If, at any time after approval of the application, the owner or managing agent desires to relocate existing program facilities subject to the agreement required under Sub. (7), or place new facilities in the right-of-way or on other City land (subject to the requirement of Sub. (5)(a) above), the applicant must submit an operational

change request to the Director which shall include the information set forth in Sub. (5)(c) above, and shall proceed according to the procedures and requirements of Subsections (6) through (8).

(10) Signs on City-Sponsored Bicycle-Sharing Facilities.

(a) Signs on City-sponsored bicycle-sharing facilities located on non-city owned property shall be subject to Sec. 31.046(4).

(b) Signs on City-sponsored bicycle-sharing facilities on other City lands may be displayed in compliance with the requirements of Sec. 10.33(10)(c) herein.

(c) Signs on City-Sponsored Bicycle-Sharing Facilities in the Right-of-Way.

1. Purpose and Findings. As stated in Sec. 10.33(1), a bicycle-sharing program is critical to the well-being of the City of Madison, its residents and taxpayers. The City has considered options for providing a convenient, cutting-edge, public bicycle-sharing program for short-term travel about the city, especially the downtown area. To be successful, some of the facilities must be placed in the highway right-of-way. In order to fund a high quality City-sponsored program with the features the City desires, the program must be supported in part by allowing limited advertising for sponsors on City-sponsored bicycle-sharing facility equipment and bicycles located in the right-of-way and on other City land.

The Common Council finds that the display of signs consistent with this section on City-sponsored bicycle-sharing facilities and bicycles, in the right-of-way and on other City land, will not cause aesthetic blight or traffic hazards of the sort unacceptable to the community. Rather, when included as part of the overall program, such signs will further the City's substantial governmental interests set forth in Sec. 10.33(1) by:

a. Allowing the City to select and control the location and appearance of the equipment and signs;

b. Identifying the equipment as part of the City-sponsored bicycle program;

c. Providing necessary directions and instructions for using the bicycle program;

d. Allowing for attractive, well-maintained public bicycle equipment;

e. Providing information about sponsors of the program thereby defraying the costs of offering the program to the public;

f. Offering an environmentally beneficial transportation option that relieves vehicular congestion, reduces air pollution and greenhouse gas emissions;

g. Improving public health by providing opportunities for recreation and exercise;

h. The Common Council further finds that signs mounted on the bicycles used in the City-sponsored bicycle-sharing program are incidental to the primary use of the bicycles as vehicles.

2. Certain Wisconsin statutes and regulations, specifically Wis. Stat. § 86.19 and regulations adopted thereto, raise doubts about whether such signs may be placed within the highway rights-of-way. The determination of whether to place maps, directional information, instructions, operator or manufacturer logos, advertisements including business name and logo of sponsors, or other signs on City-sponsored bicycle-sharing facilities located on city sidewalks or terraces is a matter of the local affairs and government of the City of Madison. The Common Council of the City of Madison hereby determines that, to the extent Wis. Stat. § 86.19 and Wisconsin Administrative Code regulations restrict the City's ability to place signs or to sell or authorize the sale of advertisements on City-sponsored bicycle-

sharing facilities within the limits of any street or highway right-of-way, the City will not be governed by Wis. Stat. § 86.19, to the extent stated herein.

3. Sign Criteria. The City, or the owner or managing agent operating under a bicycle-sharing facility privilege agreement under Sub. (7), may place advertisements and other signs on City-sponsored bicycle-sharing facilities in the street or highway right-of-way (except State Trunk Highways as defined in Wis. Stat. § 84.02) as follows:

a. Poster Board Sign. One sign, permanently attached to the bicycle-sharing facility equipment, with not more than two (2) sign faces of not more than five feet and one inch (5'1") square feet in area per sign face, or with a single sign face of not more than ten (10) square feet in area. This sign shall not be illuminated, shall not include any flashing, moving, digital or electronic changeable copy features as those terms are defined in Chapter 31, and shall be oriented toward users of the facility and not toward the roadway, street frontage or motor vehicle traffic. The sign shall include a map showing the bicycle-sharing system, other directional information, and instructions for using the bicycle-sharing facility, and may also include:

i. Maps and information about other City of Madison governmental services;

ii. A City of Madison logo and/or the logo and/or business name only of the owner, managing agent, or manufacturer of the bicycle-sharing facility of not more than one half (½) of a square foot in area each; and,

iii. Text describing the bicycle-sharing program and up to one logo and/or business name of the owner, managing agent or manufacturer of the bicycle-sharing facility of not more than one half (½) of a square foot in area.

(Am. by ORD-14-00066, 4-16-14)

b. Sponsor Signs. Four (4) additional signs mounted on a piece of equipment necessary for the bicycle-sharing facility, not more than twelve inches by nine inches (12" × 9") in area each, measured by drawing a box around the sign copy, to identify a sponsor of the facility. Such signs shall include only the logo and/or business name of the sponsor, and must include the words "sponsored by" or a similar statement to signify the sponsorship. Such signs shall not be illuminated nor shall they include any flashing, moving, digital or electronic changeable copy features as those terms are defined in Chapter 31.

c. Operator Logos. In addition to the logos on the poster board sign under sub. 3.a.ii. above, the following signs bearing only the name and logo(s) of the owner, managing agent, or manufacturer of the bicycle-sharing facility or other symbol to identify the equipment as a bicycle-sharing facility may be displayed on the facility equipment:

i. One 2-sided round sign of not more than two (2) square feet in area, per side, and

ii. Up to two (2) additional signs of not more than one half (½) of a square foot mounted on the equipment;

iii. One sign incorporated into the instructional panel described in sub. f. below.

The logo signs under this subsection c. are solely to identify the equipment as a City-sponsored bicycle-sharing facility and shall not include any sponsorship advertising.

d. One sign of not more than 20 square inches, mounted upon the payment equipment, to identify credit cards accepted for payment.

e. One sign of not more than 105 square inches denoting the location name of the bicycle-sharing station.

f. One instructional panel with information for operating the bicycle-sharing facility mounted elsewhere on the equipment, that may include a twelve square inch sign bearing the logo or business name only of the owner, managing agent, or manufacturer of the bicycle-sharing facility, and no other logos, business names or sponsorship signs of any kind.

g. Signs on Bicycles. Signs mounted on the bicycles provided under the City-sponsored bicycle-sharing program are considered incidental to the primary and principle use of the bicycles as vehicles. The bicycles may include signs identifying the business name or logo of the owner, managing agent, or manufacturer of the facility or the bikes, and the logo, business name or other sign copy identifying sponsors of the bicycle-sharing program. The specifications for any signs on the bicycles, including number, location, size, and materials, must be approved by the City and included in the written bicycle-sharing facility privilege agreement.

4. Any sign on a City-sponsored bicycle-sharing facility in the highway right-of-way or other City land not authorized by this section is prohibited.

5. This Charter Ordinance, Sec. 10.33(10)(c), shall not apply to State Trunk Highways as defined in Wis. Stat. § 84.02.

6. Sec. 10.33(10)(c) is a Charter Ordinance adopted pursuant to Wis. Stat. § 66.0101, and Article XI, Sec. 3 of the Wisconsin Constitution and shall be effective upon sixty (60) days from passage and publication, subject to the referendum procedures of Wis. Stat. § 66.0101(5).

(11) Penalty. Any person causing or maintaining any bicycle-sharing facility in the right-of-way or on other City land contrary to this section shall be subject to a forfeiture of not less than twenty-five ($25) nor more than five hundred dollars ($500). Each day such violation continues shall be considered a separate offense.

(Sec. 10.33 Cr. by ORD-11-00044, 3-23-11)

10.34 STREET NUMBERS.

(1) The purpose for uniform street addresses is to enable emergency vehicles to respond quickly to calls, expedite postal and other delivery services, eliminate confusion, and to locate business places and residences without difficulty or delay.

(2) The City Engineer shall establish and maintain a street address for all parcels in the City of Madison in conformance with this ordinance and in consultation with the U.S. Postal Service Addressing Guidelines. Residential buildings shall take their address off the street upon which they front. Commercial buildings shall take their address off the street from which they gain primary access and primary fire apparatus access to the property. Internal building addresses shall be numeric and approved by the City Engineer in consultation with the Fire Marshal. The City Engineer shall maintain records, including maps and databases, of the street address numbers and street names.

(3) It shall be the duty of each owner or occupant of any building, within twenty (20) days after the completion or occupancy, whichever occurs first, of such building, or in the event that any building is assigned a new number by the City Engineer, to attach securely, or apply to the same, in a conspicuous position, that can be plainly seen from the street, the

address number assigned by the City Engineer. Address numbers shall be Arabic numerals. Numbers shall be a minimum of four inches (4") high (102 mm) with a minimum of stroke width of 0.5 inch (12.7 mm). The address numbers shall contrast with the background on which they are affixed. The address number shall be not higher than the first or ground floor of said building. If any building is located so that the address number is not clearly visible from the street, an additional address number shall be posted at the intersection of the driveway with the street or in a conspicuous place that is clearly seen from the street. The additional address number shall be placed upon a post or other structure that displays the number at least forty-eight (48) inches above the ground. No person shall affix or caused to be affixed, or allow to remain upon any building, which she or he owns or occupies, a different number from the one designated by the City Engineer. It shall be the duty of each owner or occupant of any building keep such numbers so attached or applied at all times. (Am. by ORD-09-00126, 8-20-09; ORD-14-00012, 1-14-14)

(4) The different streets in the City of Madison shall bear the names given on the maps referred to in Sec. 10.34(2). New public and private street names shall be subject to the approval of the City Engineer who shall consult with the US Postal Service Standard Addressing Guidelines and generally shall use the following criteria:

a) New street names shall not duplicate or closely approximate street names already assigned within the City of Madison municipal limits or surrounding areas.

b) Postal suffixes, prefixes and directionals shall not be used as street names (example: Terrace St, East Ave).

c) Directionals shall not be used as a suffix (Yellow St East). No post-directionals shall be allowed (Yellow East).

d) Special characters such as apostrophes, hyphens, decimals, or periods shall not be allowed.

e) Use the most common spelling of a street name (example: "Dakota", not "Dacota"; "Wind", not "Wynd").

New street names shall be no longer than 17 character spaces including the Postal approved abbreviated suffix.

(5) The following US Postal Service Standard Abbreviations shall be used for the street suffix. The first four (N, S, E, W) are to be used for prefix directionals only.

N - NORTH	S - SOUTH	E - EAST
W - WEST	ALY - ALLEY	AVE - AVENUE
BLVD - BOULEVARD	BND - BEND	BLF - BLUFF

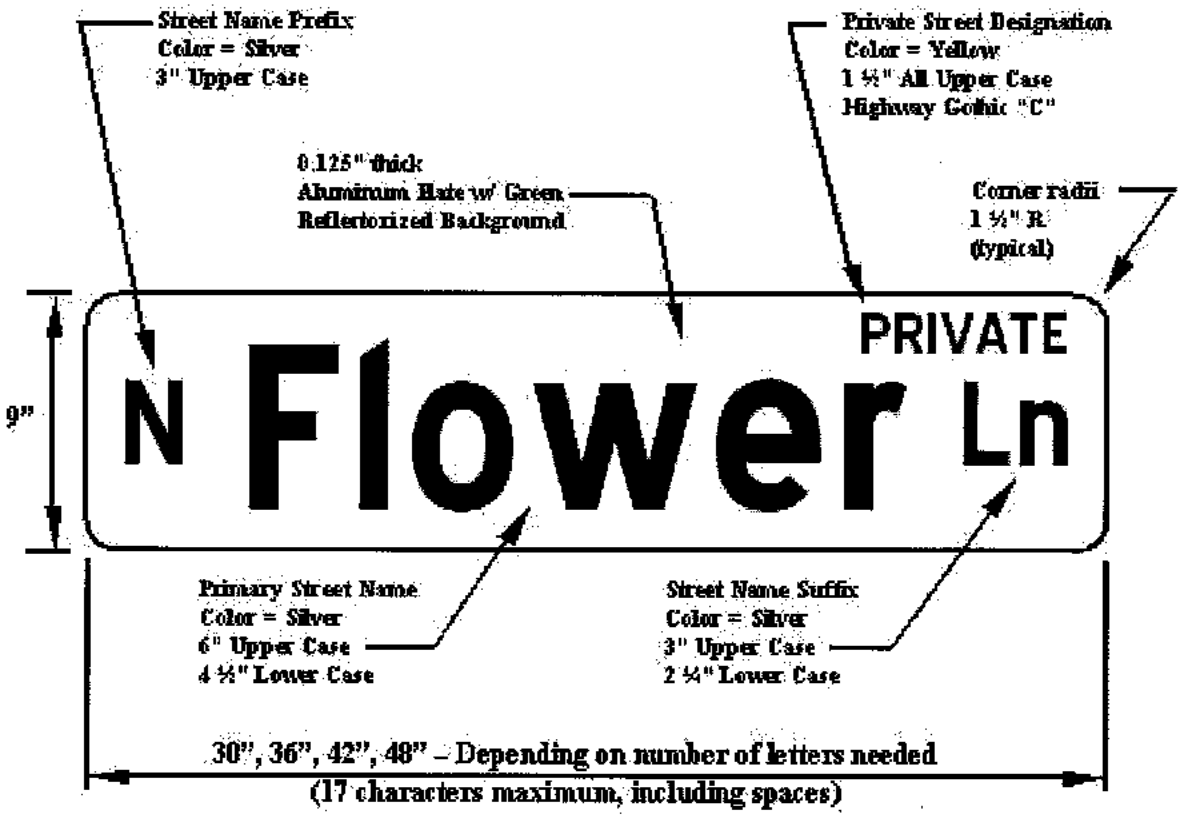
LN - LANE	PKWY - PARKWAY	PL - PLACE
PLZ - PLAZA	PT - POINT	RDG - RIDGE
RD - ROAD	ST - STREET	TER - TERRACE
TRCE - TRACE	TRL - TRAIL	

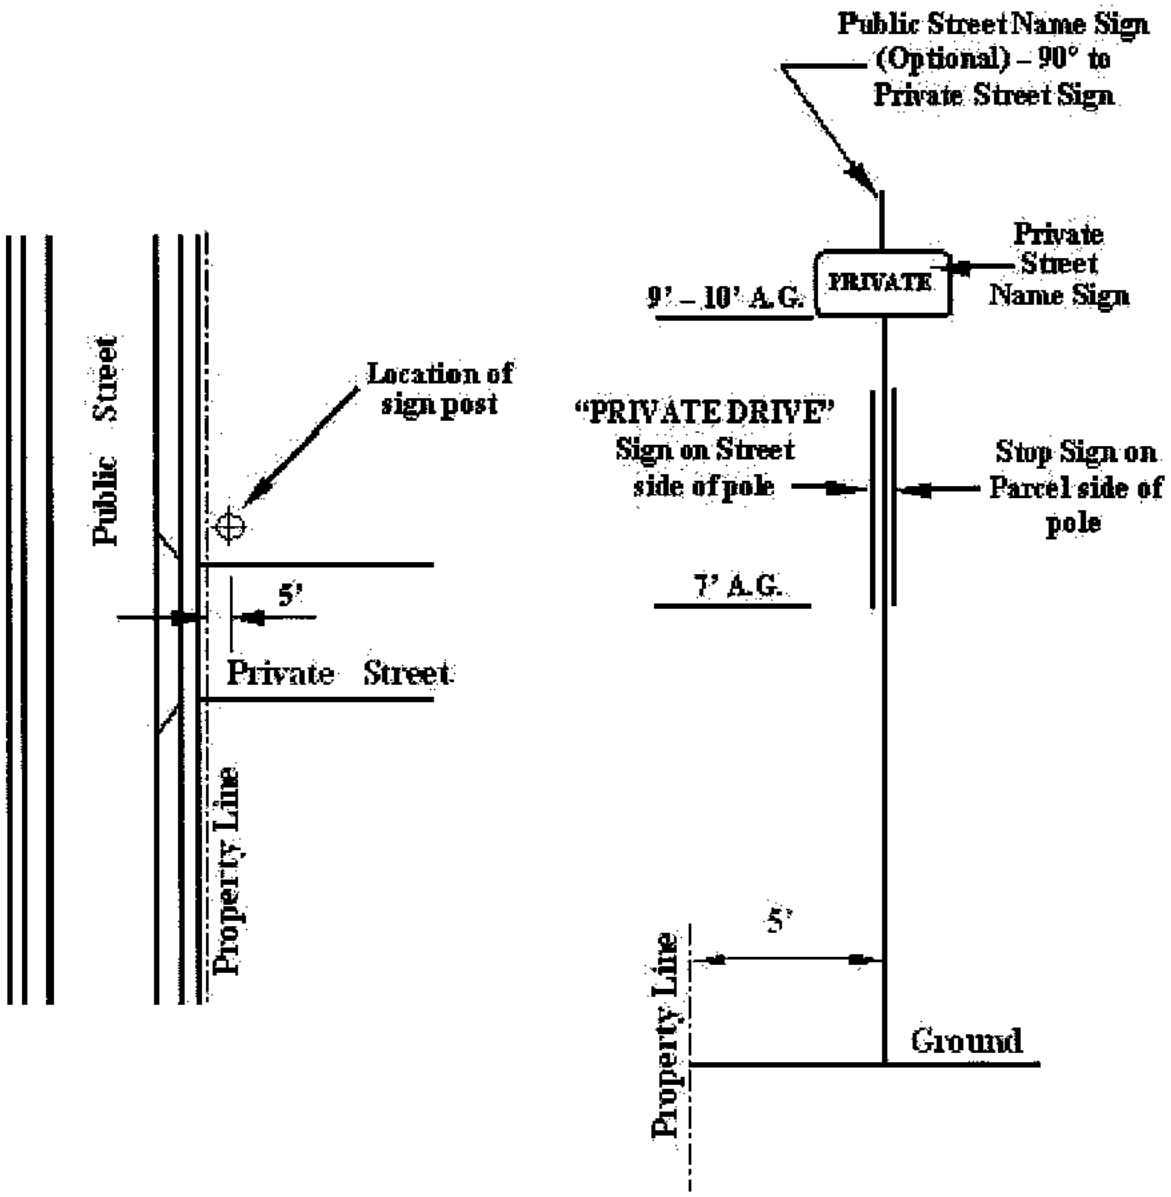


The following suffixes may not be abbreviated:

LOOP MALL PASS PATH ROW RUN SPUR WALK WAY

(6) Effective November 1, 1990, the owner(s) of a building site(s) which use building addresses from a privately owned street or right-of-way, shall install and maintain private street name signs at all intersections with private streets and public streets. In addition, the owners shall install and maintain a regulation Stop sign and a "Private Drive" or "Private Road" sign at all intersections of public streets and private streets. At intersections of private streets and public streets, the private street sign shall be installed above but it shall be at the owner's option to install the public street sign. The owner shall adhere to the specifications for the design, manufacture and installation of private street signs as contained herein. However, the City Engineer, in consultation with the Fire Marshall, may

approve private street name signs that are generally equivalent to these specifications. Private street name signs that are similar in style or architecture to the development may be approved if equivalent in size, location, height and reflective properties to the specifications.



(a) Sign Design.

All sign text is Highway Gothic "B" or "C" font depending on the number of letters and the final size of the sign blank. Unless otherwise noted in this detail.

10.38 CONSTRUCTION OF HEATED CONCRETE SIDEWALK. Whenever a sidewalk is to be constructed with electric, circulating fluid, steam or any other type of heating system, the property owner shall submit plans for approval to the City Engineer showing the type of heating and the location and design of the heating unit in the sidewalk and its connection to the source of power or heat at least five (5) days prior to installation. A record of all heated sidewalk installations shall be kept in the office of the City Engineer. A permit for such installation shall be obtained from the City Engineer before commencement of the work. Acceptance of the permit by the applicant shall constitute her/his agreement to the following conditions. (Am. by ORD-14-00012, 1-14-14)

(1) A metal identification plate shall be placed flush with the sidewalk or the words "Heated Walk" shall be stamped in each section of sidewalk. Letters shall be a minimum of two (2) inches high.

(2) When the heated sidewalk is in need of repair and requires the repair or reinstallation of the heating system, the property owner shall pay any and all costs involved for replacement of the heated sidewalk. It shall be the responsibility of the property owner to make arrangements with her/his own contractor for repairing or reinstalling the heating system. In the event that new utilities are to be installed or if existing utilities are in need of repair under the heated sidewalk, it shall be the responsibility of the utility to repair at its expense the heating system and the sidewalk. (Am. by ORD-14-00012, 1-14-14)

(3) All heated sidewalk installations will be inspected by the City Engineer prior to pouring the concrete sidewalk.

(4) No part of the heating system will be installed in that portion of the sidewalk that is located within three (3) feet of the back of the curb and gutter.

10.39 INSTALLATION OF STREET LIGHTS.

(1) It shall be the policy of the City of Madison to promote traffic safety and general welfare of the City through the installation and upgrading of street lighting within the public right-of-way of any street, alley or highway. The City Traffic Engineer shall direct, regulate and control the installation and upgrading of all street lighting within the City. (Am. by Ord. 9144, 3-30-87)

(2) The full cost, including inspection and supervision, of the installation and upgrading of street lighting shall be assessed to the abutting properties provided that the abutting properties have not been denied access to the right-of-way in which the street lights are installed. Assessment for street lights shall be in accordance with Section 66.0701 of the Wisconsin Statutes, Section 12.03(4)(c) and (d) of the Madison General Ordinances and

this ordinance, except where street lights are installed as a part of a street improvement district, in which case Section 66.0703(1) of the Wisconsin Statutes shall govern. (Am. by Ord. 9144, 3-30-87)

(3) When the City Traffic Engineer proposes the installation or upgrading of street lights assessed to abutting properties he/she shall prepare a report listing the street lights to be installed or upgraded, their location, and a schedule of assessments. (Am. by Ord. 9144, 3-30-87)

(4) A notice shall be published in the official newspaper stating that the City Traffic Engineer proposes to install or upgrade and assess street lighting to each of the benefited properties and that the Board of Public Works will hold public hearing on the installation, upgrading, and assessments. Such notice shall be published as a Class I notice, under Chapter 985, Wisconsin Statutes, ten (10) days before the hearing or proceeding, to every interested person whose post office address is known or can be ascertained with reasonable diligence. The hearing shall commence not less than ten (10) days and not more than forty (40) days after such publication. (Am. by Ord. 9144, 3-30-87)

(5) The Board of Public Works shall hold a public hearing on the installation and upgrading of street lights and assessments and shall prepare a report to the Common Council which shall consist of a recommendation on the City Traffic Engineer's report. (Am. by Ord. 9144, 3-30-87)

(6) A notice shall be published in the official newspaper stating that the Board of Public Works has prepared a report on the City Traffic Engineer's Report and that the Common Council will hold a public hearing on the assessments. Such notice shall be published as a Class I notice, under Chapter 985, Wisconsin Statutes, in the City and a copy of such notice shall be mailed, at least ten (10) days before the hearing or proceeding, to every interested person whose post office address is known or can be ascertained with reasonable diligence. The hearing shall commence not less than ten (10) and not more than forty (40) days after such publication and mailing.

(7) The Common Council shall hold a public hearing on the assessments and after the hearing may approve, disapprove, modify, or re-refer the report to the Board of Public Works with such directions as it deems necessary to change the plans for the street light installation and upgrading and to determine a fair and equitable assessment.

Upon adoption by the Common Council, the assessment shall be deemed authorized and made, and the date of such adoption shall constitute the date of levy. Assessments so levied shall be a lien against the property from such date.

(Am. by Ord. 9144, 3-30-87)

(8) After the project is completed and all costs have been charged to the project, the City Traffic Engineer shall modify such special assessment proportionately based on actual cost sustained and submit a revised schedule of assessments to the Common Council.

Whenever the actual cost of any project shall, upon completion or after the receipt of bids, be found to vary materially from the estimates, or whenever any assessment is void or invalid for any reason, or whenever the Common Council shall determine to reconsider and reopen any assessment, it may, after giving notice as provided in Subsection (6) and after a public hearing, amend, cancel, or confirm any such prior assessment. If the cost of the project shall be less than the special assessment levied, the governing body, without notice or hearing, shall reduce each special assessment proportionately where any assessments have been paid, and the excess over cost shall be refunded to the property owner.

(Am. by Ord. 8798, 2-27-86)

(9) Any person against whose land a special assessment has been levied under this ordinance shall have the right to appeal therefrom in the manner prescribed in Section 66.0703(12), Wisconsin Statutes, within forty (40) days of the day of the final determination by the governing body.

(10) The Council may, without any notice or hearing provided in Subsections (4), (5), (6) and (7), levy and assess the whole or any part of the cost of installation and upgrading of street lights as a special assessment upon the property specially benefited thereby whenever notice and hearing thereon is in writing waived by all the owners of property affected by such special assessment. The waiver form shall advise property owners of the availability of the procedures of this section and that waiver of such notice of hearing provisions does not preclude the Common Council from acting according to Subsection (8) nor the property owner's right of appeal contained in Subsection (9). (Am. by Ord. 9144, 3-30-87) (Sec. 10.39 Cr. by Ord. 6516, 2-23-79)

10.40 TRAFFIC CONTROLS FOR STREET CONSTRUCTION AND MAINTENANCE OPERATIONS. Adoption by reference. The manual on Traffic Control for Street Construction and Maintenance Operations under date of 1972 is adopted by reference as if each provision were reprinted in full in this section. It shall be unlawful for any person, firm or corporation to suffer, cause or permit the violation of any provisions hereof. Each day of violation shall be considered a separate and distinct offense.

10.41 COMPLIANCE INSPECTION FEES.

(1) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. (Am. by ORD-11-00057, 4-7-11)

(2) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Cr. by ORD-10-00058, 6-11-10)

10.42 DECORATIVE PAVEMENT PAINTING DESIGN PERMIT.

(1) Purpose. The purpose of this ordinance is to permit the painting of the roadway on certain local streets by granting a permit for neighborhood associations and others with a stake in the neighborhood to paint the pavement as provided herein. By permitting decorative application of paint the City of Madison does not intend to create a forum for speech nor to convert the surface of the highway right of way into a forum for speech, nor does the City intend such paintings to be an official traffic control device. Decorative designs hereunder shall be intended to enhance the appearance of the roadway and work in connection with the ordinary uses of the roadway, and shall not be designed to draw pedestrians, or cyclists into portions of the roadway that are not intended for their use.

(2) Charter Ordinance. Certain state statutes and administrative rules, specifically Wis. Stat. § 86.19, and administrative regulations adopted pursuant to that statute, raise doubts about whether such painted designs may be located on a roadway within the limits of highway rights-of-way. The determination of whether to allow local neighborhood and business associations to apply decorative paint to a local street as described in this ordinance is a local affair of the government of the City of Madison. Therefore, the City of Madison, through its Common Council, hereby determines that, to the extent Wis. Stat. § 86.19 and related Wisconsin Administrative Code regulations restrict the City's ability to approve the decorative application of paint within the limits of any street or highway right of way, the City will not be governed by sec. 86.19 to that extent. Any signs not authorized by this Ordinance shall remain subject to regulation pursuant to state and local law. This

Charter Ordinance shall not apply to State Trunk Highways as defined in Wis. Stat. § 84.02. This Section 10.42 is a Charter Ordinance adopted pursuant to Wis. Stat. § 66.0101 and Article XI, Sec. 3 of the Wisconsin Constitution.

(3) Eligible Applicants. A Neighborhood Association or Neighborhood Planning Council recognized as such by the City, or a business association or other non-profit community organization that would be eligible for a neighborhood grant administered by the Planning Division, may apply for a permit to apply a decorative painted design to the surface of a local City roadway within the area served by the organization.

(4) Application through Privileges in Streets.

(a) Application shall be made to the Economic Development Division of the Planning and Community and Economic Development Department using the procedure for Privileges in Streets in Sec. 10.31. The designee of that division shall notify the City Traffic Engineer upon receipt of the application. The application form shall include:

1. Full legal business name of the applicant association, and type of association.
2. Registered Agent for applicant, if applicable.
3. Name and contact information of a person with primary responsibility for the application.
4. Scale, color drawing showing the detailed design and proposed location meeting the requirements of Sec. 10.31.
5. Petition with a signature from not less than sixty percent (60%) of the total number of residential dwelling units, businesses, and non-residential properties within a two hundred (200) foot radius from the proposed design location, indicating approval of the project and location. The petition area can be expanded at the discretion of the City Traffic Engineer up to a radius of six hundred (600) feet (approximate distance of a standard City block). Each dwelling unit, business and non-residential property is entitled to one signature.
6. Statement that the alderperson for the district in which the painting project is proposed has been notified and given a copy of the application by regular mail or electronic mail.
7. Any other information required by Sec. 10.31.
8. Any additional information deemed necessary by the Traffic Engineer.

(b) Application Fee. The fee to apply for a permit to paint the pavement under this section shall be one hundred and fifty dollars ($150) and nonrefundable. This does not include the separate application fee for the Street Use Permit required by sub. (9) to close the street for the painting project. However, applicants are exempt from the application fee and annual fee for a privilege in streets, under Sec. 10.31(3)(f).

(c) Temporary Chalk Applications. An application to paint the pavement with water-soluble chalk that meets the criteria of Sec. 23.06(6) shall be made using the same criteria of sub. (a) except that such applications are not reviewed under Section 10.31 and may be administratively approved or denied by the Traffic Engineer. All provisions of this ordinance shall apply to the City Traffic Engineer's review and to any permit issued, except those provisions that expressly incorporate Sec. 10.31.

(5) Eligible Locations:

(a) A painted intersection design may be located at the intersection of two streets both with a functional classification of "local" or a mid-block location on a street with a functional classification of "local," only on streets with a speed limit of not more than twenty-five (25) miles per hour, and shall not be located within two hundred (200) feet of an intersection with a street with a higher functional classification.

State Trunk Highways, County Highways and federally funded mass transit ways are not eligible. The location must be within the area served by the applicant association.

(b) The City Traffic Engineer must approve the proposed location. Whether a proposed location meets the above criteria, including the functional classification of the street, shall be determined by the City Traffic Engineer.

(6) Paint and Design Elements.

(a) The proposed painting shall include decorative designs and patterns only, and shall contain no text, numerals, symbols, overt messages or any images designed to convey a message of any kind, including commercial messages.

(b) Prohibited paint or design features:

1. No retroreflectivity.
2. The paint and resulting design shall not include any relief or texture (except anti-skid texturizing material under sub. (6)(d) herein, if approved by the City Traffic Engineer.)
3. The design shall not create a three-dimensional or multi-dimensional effect or other optical illusion.
4. The design shall not include any element that mimics or imitates an official traffic control device or marking or would be confused with the same.
5. The design shall not include any element that interferes with or hinders the visibility of an official traffic control device or marking already in place, such as stop lines, marked cross walks, edge lines, lane markers, bike lane markers, etc.
6. The design shall not include any feature or element that, in the opinion of the City Traffic Engineer, would create a safety hazard for vehicles or pedestrians.
7. Nothing about the design shall violate any applicable city, state or federal law.

(c) The City Traffic Engineer shall review the proposed design to determine compliance with the criteria of this ordinance, and shall take into account the proposed design in relation to the configuration of the intersection or roadway, including but not limited to: the overall shape and size of the intersection or roadway, the presence and location of stop lines and marked and unmarked crosswalks, and whether or not the proposed design would interfere with such markings or is likely to confuse motor vehicle drivers, bicycle operators or pedestrians using the roadway.

(d) Acceptable Paint Materials.

1. Only acrylic water-based traffic marking paint may be used, in the colors traditionally available (white, yellow, blue, red, and black) or other colors that may be achieved by mixing the traditional colors.
2. Paint must not result in a slippery surface. To accomplish this, the traffic marking paint must contain an anti-skid additive approved by the City Traffic Engineer.
3. Paint must not be retroreflective.
4. A temporary chalk design applied entirely with water-soluble chalk that meets the criteria of Sec. 23.06(6) may be used instead of paint and shall be subject to all design and location criteria herein.

(7) Approval Criteria. All applications shall be reviewed according to the procedures for privileges in streets in Sec. 10.31, however no permit shall be issued without the review and express approval of the City Traffic Engineer who shall apply the criteria of this ordinance to all such applications.

(8) Appeal Process. Appeals of a decision to approve or deny an application under this section shall be available as provided in Sec. 10.31(2)(b), and any such appeal may also include a review of the decision of the City Traffic Engineer under this ordinance.

(9) Project Installation Procedure. Once the design has been fully approved under this ordinance, the applicant must apply for and obtain a Street Use Permit under Sec. 10.056 for permission to close the affected street(s) for the date(s) and times of the painting project. No work may be performed on the painting project within the roadway or on a bike path without an approved Street Use Permit for the date(s) and time(s) of the work. All requests to close the street are subject to Sec. 10.056 and the decision of the Street Use Staff Commission as provided in that ordinance.

(10) Insurance and Indemnification. If a permit is approved the applicant shall agree to indemnify the City of Madison and provide proof of insurance as required by Sec. 10.31. Compliance with Sec. 10.31 shall be sufficient for the insurance and indemnification requirements of this section.

(11) Repair and Maintenance of the Design. The applicant shall be solely responsible for maintaining the design in good condition and repair. If the design should become deteriorated or damaged and in the opinion of the City, the design is repairable, the applicant must repair it or make arrangements for the repair within sixty (60) days of written notice by the City. "Repair" shall mean restoring the original design to the originally-approved specifications. All repairs or maintenance, whether voluntary or in response to a notice under this section, shall be in compliance with all requirements of this ordinance and shall require a Street Use Permit as described in sub. (9). If the design is not repaired according to the notice. The City may cause the design to be removed and restore the roadway to its previous condition, at the expense of the applicant. The procedures in this paragraph for maintenance and removal may be exercised in addition to the procedure for removal of an encroachment in Sec. 10.31(3)(c). Removal and charges for costs associated with removal shall be as allowed by Sec. 10.31. The bond requirement in Sec. 10.31(3)(c) may be waived upon the recommendation of the City Risk Manager.

(12) No Renewals. Once issued, a permit under this section authorizes the design as approved for as long as the design exists, as long as the design does not change and it is repaired and maintained as required by sub. (11). A request to change the originally-approved design will require an application for a new permit and a new permit fee and be processed as a new application.

(13) Damage, Removal. In granting a permit under this ordinance, the City of Madison shall not be responsible for any maintenance or repairs or removal of the design; any damage to the design regardless of cause, including but not limited to damage caused by any utility or contractor performing work in the right-of-way or resulting from street surface maintenance such as street cleaning, plowing and road treatment for snow and ice. Utility work or roadwork by the City or a utility may result in damage to the design requiring the design to be permanently removed. Additionally, if any portion of the design creates a hazard in the sole opinion of the City, the City may remove the design without notice to the applicant. The permit shall be considered terminated upon removal of the design for any reason by the City or the applicant.

(14) Permit Revocation. A permit under this section may be revoked by the City at any time if the applicant violates the conditions of the approved permit, including but not limited to installing something other than the approved design, modification of the design subsequent to the initial installation, or violations of the terms of the encroachment agreement under Sec. 10.31. Prior to revocation of a permit under this subsection, the City shall send written notice to the applicant, except that if the encroachment agreement is terminated according to the procedures in that agreement or in Sec. 10.31, the permit under this section automatically terminates. The permit shall also be considered terminated upon removal of the design for any reason under subs. (11) or (13) herein.

Section 10.42 is a Charter Ordinance adopted pursuant to Wis. Stat. § 66.0101, and Article XI, Sec. 3 of the Wisconsin Constitution and shall be effective upon sixty (60) days from passage and publication, subject to the referendum procedures of Wis. Stat. § 66.0101(5).
(Sec. 10.42 Cr. by CHA-13-00003, 6-26-13, Eff. 8-19-13)

10.50 PENALTY. Any person who shall violate any provisions of this chapter for which no penalty is already provided shall be subject to a fine of not less than twenty dollars ($20) nor more than four hundred dollars ($400).

(b) All spur tracks or side tracks heretofore or hereafter laid by any railroad company shall conform to the lawful grade of any street or alley upon which said track is laid, and shall, at the expense of the railway company, be maintained in accordance with the grade of such street as the same may be changed from time to time; and whenever the City shall pave, gravel, or improve any street or alley, the said railway company shall at their own expense plank or pave with suitable material to be determined by the Board of Public Works of the City of Madison, and in a substantial and workmanlike manner, all that portion of said street or alley lying between the rails of said track and extending four (4) feet beyond the outside rails, and to keep pavement at all times in good condition, so as to admit of convenience and uninterrupted travel by the public.

(4) Spur Track Across and Upon Fitzpatrick Road.

(a) Permission and authority is hereby granted and given to the Chicago, Milwaukee, St. Paul and Pacific Railroad Company, its successors and assigns, to maintain a railroad spur track upon and across Fitzpatrick Road in the City of Madison at the location and between the points designated on the blueprint on file with the

City Engineer and City Clerk which said spur track is thereon indicated in yellow and which is now used and is intended to be used principally to serve Marshall Erdman and Associates, Inc., and land now owned by J.J. Fitzpatrick Lumber Company, Inc., and the Fitzpatrick Realty Corporation, Inc.

(b) The said railroad company shall pave or surface the entire length of the spur track within Fitzpatrick Road with the same or similar material as that used on said road.

(c) The maintenance of said spur track and all paving and surfacing work thereon shall be without cost or expense to the City of Madison and shall be accomplished in accordance with the ordinances of the City of Madison and to the satisfaction of the Board of Public Works of said City.

(d) As a condition of the within grant, the said railroad company, for itself, its successors and assigns, agrees that it will be liable for and shall hold and truly save and indemnify and keep harmless the City of Madison from and against all damages, claims, liabilities, judgments, costs and expenses occasioned by or arising out of the use or occupancy of Fitzpatrick Road as before described or which may result from the acts or neglect of said railroad company, its agents or employees in connection with the maintenance of such spur track. As a further condition of the within grant, the said Chicago, Milwaukee, St. Paul and Pacific Railroad Company agrees to remove such spur track at its own expense in the event such removal shall be necessary for the promoting of the public safety and convenience.
Note: Fitzpatrick Road is now North Whitney Way.

11.02 MOTOR BUS TRANSPORTATION.

(1) License. It shall be unlawful for any common motor carrier of passengers, that is, any person, firm, or corporation holding himself or itself out to the public, as willing to undertake for hire to transport persons by motor vehicle between fixed termini or over a regular route upon the public highways, where said operations take place entirely within the City of Madison and incorporated cities or villages contiguous to the City of Madison and in municipalities contiguous to the City of Madison when the motor carrier has its principal place of business therein, to operate any motor vehicle along and upon any public highway of the City of Madison, without first making application and procuring the consent of the Common Council of said City to so operate, and no consent shall be given except by means of license therefore as provided in Subsection (2) of Section 11.02 of the General Ordinances. The Common Council may at any time suspend or prohibit the right of common motor carriers of passengers to operate motor vehicles over any public highway of the City of Madison when necessary for the proper preservation or policing of the same. No common motor carrier of passengers shall operate any motor vehicle within or through the City of Madison, except in compliance with action taken by the Common Council of said City in relation to the routing of said common motor carrier over the streets of the City of Madison. For purposes of this ordinance, an amphibious motor vehicle properly registered and licensed as a motor bus by the Wisconsin Department of Transportation and operating on the highway over routes between lake access points shall not be considered a "common motor carrier" and therefore not subject to the provisions of this ordinance. (Am. by Ord. 8570, 4-24-85; ORD-05-00127, 7-22-05)

(2) Application. A separate application in writing shall be made and filed with the City Clerk of said City by each person, firm or corporation proposing to operate such motor vehicle or vehicles in the City of Madison, which application shall be verified as to the truth of the statements therein contained by the oath of the person making such application, if a natural person, and by a member thereof if applicant is a firm, and by an officer thereof if the applicant is a corporation.
Each application shall contain the following statements, to wit: name, age, residence, and business address if the applicant is a natural person; the business name of the firm and the

names of the persons comprising the same, with the business address of each partner and of the firm, if a firm; its name, date of incorporation and place of business, if a corporation; the seating capacity of each motor vehicle proposed to be used; the route or territory over which it is proposed to operate each such vehicle; the proposed hours of such operation; the rate of fare to be charged. The name, type and make of each motor vehicle to be used, the factory and engine numbers thereof, the state license number thereof, shall be filed with the City Clerk as soon as the motor vehicle is operated.

(3) Whenever an applicant for one (1) or more licenses shall have complied with all the conditions and regulations relative to the filing of his/her application, it shall be the duty of the City Clerk to forward said application to the Common Council at any regular or special meeting. A majority vote of the members elect of the Common Council shall authorize the issuance or denial of a license for each bus listed in such application. No such license shall be issued by the City Clerk until favorable action upon the application thereof is first had by the Common Council, and the fees provided for in Subsection (5) fully paid to the City Treasurer. The Common Council may, upon proper application, permit a licensee to transfer the license from one vehicle to another upon the surrender of the City Treasurer's motor vehicle receipts issued for such motor vehicle and by the payment of the difference in license rate as provided in subsection (5) of the general ordinances between the vehicle license surrendered and the rate of the substitute vehicle, and the payment of one dollar ($1) transfer fee for each such substitute vehicle, but in no case shall the City refund any portion of the license rate in case the substitute vehicle is of less seating capacity. Each bus licensed under the provisions of this ordinance shall carry in a conspicuous place the license issued therefor. (Am. by ORD-14-00012, 1-14-14)

(4) Termination; License Not an Exclusive Right. Each license shall be for an annual period commencing January 1 and expiring December 31 of each year. Provided, however, that the issuance of a license or licenses hereunder shall not be construed as giving an exclusive use or right to operate such motor vehicles over any proposed route or territory, or as giving such exclusive use or right to any person, firm, or corporation obtaining such license or licenses.

(5) License Rate. As reasonable compensation for the repair and maintenance of pavements and bridges, and compensation for the regulation of street traffic and for other expenses occasioned by the operation of such motor vehicle or vehicles upon the streets or highways of the City of Madison, each person, firm, or corporation procuring a license shall, before obtaining such license, pay to the City Treasurer fees computed upon the manufacturer's rated seating capacity of such motor vehicles upon the basis set forth in the following schedule, to wit:

For buses having the largest seating capacity, per annum three hundred dollars ($300). For all other buses having a smaller seating capacity, the annual license fee shall be a proportionate sum based on the ratio of the seating capacity thereof to the seating capacity of the largest bus regularly operated in the City of Madison.

Provided, however, if a license is issued after March 31, and before the first day of the succeeding January, the above license fees shall be reduced in proportion to the number of quarters of the license year which have fully elapsed (at the time license is issued) bears to the full year, and that emergency licenses for a period of three (3) months may be issued upon payment of license fees in the sum equal to one-fourth (¼) of the annual license fees hereinabove specified.

Every operator of such motor vehicle shall in each licensing period pay for the licenses required for vehicles necessary to be operated on the several lines of the operator to meet its regular schedule requirements. Regular schedule requirements shall be understood to mean vehicles of the number and capacity required for such route or routes on each day over a consecutive period of not less than ten (10) days, exclusive of Saturday and Sunday. (Sec. 11.03(5) Am. by Ord. 9401, 2-11-88; Auto. R. 2-15-88)

11.03 MOTOR BUS SHELTER - LAWFUL USE.

(1) No person shall enter or remain in a bus shelter or at a transfer point except while actually waiting for the arrival of the next scheduled bus routed to the person's destination or except while having business to attend to in connection with waiting for a bus. (Am. by ORD-05-00119, 7-12-05)

(2) No citation may be issued for a violation of this subsection unless the area has been posted with an official sign which notifies the person not to enter or remain on the premises. (Am. by ORD-05-00119, 7-12-05)

(3) This section does not prohibit any person from entering or remaining in a bus shelter in an emergency situation or for a brief period of time to seek protection from the elements.

(4) Any person violating this section shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200) for each offense.

(Sec. 11.03 Cr. by Ord. 11,357, 9-29-95)

11.04 MOTOR BUSES - OBSTRUCTION OF OPERATOR'S VIEW.

(1) Illegal Operation. It shall be unlawful for the operator of any motor bus to operate the same when it is so loaded as to obstruct the view of the operator to the front or to the sides or to interfere with the operator having free use of both hands and feet to the operating mechanism or controls of the motor bus.

(2) Illegal Riding. It shall be unlawful for any passenger in a motor vehicle to ride in such a position as to interfere with the operator's view ahead or to the sides or to interfere with the operator's control of the operating mechanism of the vehicle.

(3) Definition of Obstruction. The driver's view shall be deemed to be obstructed within the purview of this ordinance when any passenger is standing forward of a line parallel to and extending through the rear edge of the operator's or driver's seat. Said line shall be clearly marked on the floor and walls of each motor bus operated upon the streets of the City of Madison, and each bus shall be equipped with a sign forbidding passengers to stand forward of said line. Said sign shall be of sufficient size to be clearly visible and shall be placed or hung at the said line hereinbefore described and shall contain the following language or words similar thereto, "Passengers standing forward of this line prohibited by City ordinance".

(4) Unlawful to Obstruct Operator's View. No passenger shall stand in or on any portion of any bus forward of the rear edge of the back of the operator's or driver's seat while such bus is being operated on any street in the City of Madison.

(5) Unlawful to Operate When View Obstructed. It shall be unlawful for any person, firm, or corporation to operate or cause to be operated on any street in the City of Madison any bus contrary to the provisions of this section.

11.045 MOTOR BUSES - NO RADIOS OR TAPE PLAYERS, OR CONSUMPTION OF ALCOHOLIC BEVERAGES.

(1) It shall be unlawful for any person in a Madison Metro Bus within the jurisdictional limits of the City of Madison to:

(a) Play radios, tape players or other similar devices, except if a device such as an earphone is used by the listener.

(b) Consume any food and/or beverage, except for Metro Motorcoach Operators while taking a break from duty and except for infant feeding.

(c) Dispose of any litter, garbage, or refuse.

(2) A sign substantially bearing the words "No Radio or Tape Playing, Consumption of Food and/or Beverages, or Littering . . . City Ordinances" shall be displayed in a conspicuous place in each motor bus.

(3) The provisions of this ordinance and Sec. 23.05 Madison General Ordinances, so far as it applies to motor buses, shall not apply to private charters.

(Sec. 11.045 Am. by Ord. 9892, 11-14-89)

11.05 MOTOR BUSES - CONSENT OF COUNCIL TO OPERATE ON STREET.

(1) No person, firm, or corporation shall operate any common motor carrier of property or of passengers within or through any street in the City of Madison except in compliance with action taken by the Common Council in relation to such street and route. For purposes of this ordinance, an amphibious motor vehicles properly registered and licensed as a motor bus by the Wisconsin Department of Transportation and operating on the highway over routes between lake access points shall not be considered a "common motor carrier or property or passengers" and therefore not subject to the provisions of this ordinance. (Am. by ORD-05-00127, 7-22-05)

(2) No common motor carrier of property or passengers shall operate any motor vehicle within or through any street in the City of Madison until permission therefor, evidenced by resolution of the Common Council, be first obtained.

(3) No common motor carrier of property or passenger shall operate any motor vehicle within or through any street in the City of Madison after permission for such use has been withdrawn or rescinded by action of the Common Council.

11.06 LICENSING AND REGULATING PUBLIC PASSENGER VEHICLES, FOR HIRE.

(1) Purpose. The purpose of this ordinance is to

(a) Protect consumers by providing for safe, convenient and efficient public transportation for hire.

(b) Protect the health and safety of drivers of public passenger vehicles.

(c) Eliminate conflict and confusion among different types of service.

(d) Improve operating conditions to enable licensees and drivers to provide better public service.

(2) License Required.

(a) No person shall engage in the business of transporting passengers for hire or drive a vehicle transporting passengers for hire within the City limits of Madison unless duly licensed to do so as hereinafter provided.

1. Transportation of passengers for hire includes demand-responsive transportation by a specialized transportation vehicle.

2. Transportation of passengers for hire shall include taking any tip, donation or gratuity for the service, regardless of whether an actual quoted fare is paid. (Am. by ORD-15-00041, 4-8-15)

3. Transportation of passengers for hire does not include the following:

a. Inter-city bus transportation or school bus transportation whether by fixed route or by charter service.

b. Transportation provided exclusively for elderly or low-income persons or persons with disabilities, when such transportation is provided by volunteers or by agents or employees of bona fide non-profit agencies, and transportation provided by ambulance.

c. Courtesy rides provided to customers by auto dealerships or auto repair businesses.

(b) No public passenger vehicle shall be used to transport passengers for hire unless a permit has been issued under this ordinance for such use.

(c) The City Traffic Engineer shall have the authority to issue a provisional license to Pedal-Cab and Commercial Quadricycle operators pending final approval of the Common Council if the Pedal-Cab or Commercial Quadricycle operator obtains a valid driver permit, provides proof of liability insurance coverage as required in Subsection (8)(b) of this ordinance, and passes a vehicle inspection. (Am. by ORD-14-00091, 5-7-14)

(d) No person licensed to offer public passenger vehicle service or similar transportation service to the public within the City limits of Madison shall employ a driver

or allow any person to drive any vehicle licensed in the name of said person unless said driver or person shall have first obtained a public passenger vehicle driver's permit as hereinafter provided.

(e) No person shall operate any public passenger vehicle until s/he shall have obtained a public passenger vehicle driver's permit from the Chief of Police.

(f) A person who is licensed as a driver under Subsection (6) of this ordinance and who complies with the terms of that license is not required to also be licensed under Subsection (4), unless that person is also engaged in the business of transporting passengers for hire.

(g) The inspection of public passenger vehicles and enforcement of this section shall be under the supervision and control of the City Traffic Engineer. Appeals from decisions of the City Traffic Engineer shall be governed by Subsection (13) of this ordinance. (Am. by Ord. 11,848, Adopted 4-14-97; Effective 5-21-97)

(Sec. 11.06(2) Am. by ORD-12-00086, 6-26-12)

(Sec. 11.06(4)(a) Am. by Ord. 12,141, 6-1-98; Ord. 12,744, 12-29-00; Ord. 13,487, 1-23-04; ORD-05-00110, 6-8-05; ORD-10-00038, 5-1-10; ORD-12-00086, 6-26-12; ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14; ORD-15-00041, 4-8-15)

(b) Application for Initial License to Engage in the Business of Transporting Passengers for Hire. Any person wishing to obtain a license to engage in the business of transporting passengers for hire, whose rides originate within the City of Madison, shall present to the City Clerk a written application accompanied by proof of payment of the fee or fees established in Subdivision (a) above and by proof of liability insurance coverage as required in Subsection (8)(a) of this ordinance.

The application shall state the name and address of the applicant, the number and type of vehicles proposed to be operated, the method of charging, the schedule of rates of fare to be adopted, and such other pertinent information as the City Traffic Engineer may require.

The applicant shall identify the number and type of accessible vehicle(s) which will be furnished as part of applicant's accessible taxicab service responsibilities; or, in the event this obligation will be fulfilled by contracting with another currently licensed operator in the business of public passenger vehicles for hire in the City of Madison, the applicant shall provide a copy of the agreement with that operator as evidence of compliance with the requirements in Section 11.06(7)(a). Applicants solely wishing to operate pedal-cabs, low-speed vehicles, horse-drawn vehicles, or commercial quadricycles shall be exempt from this requirement as it pertains to accessible vehicle requirements.

All such applications shall be received by the City Clerk and shall be referred to the City Traffic Engineer. The Traffic Engineer shall make such investigations as s/he deems necessary and shall furnish the application and any additional relevant information and his/her recommendation to the Transit and Parking Commission for its consideration, with the exception of Pedal-Cab operators. The City Traffic Engineer shall have the authority to issue a provisional license to pedal-cab and commercial quadricycle operators pursuant to Sec. 11.06(2)(c).

For an initial application, the Traffic Engineer shall give notice of the time and place of the meeting at which the Transit and Parking Commission will consider the application by publishing a Class 2 notice under the Wisconsin Statutes in the official City paper. No notice is required if the license is solely for the operation of pedal-cabs.

The Commission shall consider whether or not the applicant should receive an initial or renewal license to engage in the business of transporting passengers for hire and shall make a recommendation to the Common Council. In doing so, the Commission shall consider the following:

1. The financial capability and responsibility of the applicant.
2. The applicant's prior experience in operating public passenger services.
3. The level and quality of service provided by the applicant in the past in areas in which it has operated.
4. The experience and competence of the applicant's drivers.
5. The applicant's prior record of compliance with applicable regulatory laws, ordinances and rules. This includes records of complaints and enforcement actions against drivers and vehicle owners.
6. The applicant's prior record of service complaints.
7. The age and condition of the vehicles proposed to be licensed by the applicant.
8. The applicant's safety record, including records of accident experience and record of employee safety training.

The Commission may also establish additional standards or criteria to use in reviewing such applications, not inconsistent with the above standards.

Upon completing its review hereunder, the Commission shall recommend to the Common Council the grant or denial of the license, and shall provide the Council with a report stating the reasons for its recommendation.

(Am. by Ord. 12,141, 6-1-98; Ord. 12,744, 12-29-00; Ord. 13,596, 4-21-04; ORD-12-00086, 6-26-12; ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14)

(c) Duration and Expiration of License to Engage in the Business of Transporting Passengers for Hire.

Beginning with the 2012 licensing season and thereafter, all licenses to engage in the business of transporting passengers for hire shall be for a two (2) year period, running from the date of issue through the second June 30th following the date of issue, so that all licenses under this section shall expire and be eligible for renewal during odd-numbered years.

However, first-time applicants for an initial license may opt for one (1) year license, which shall expire on the first June 30th following the date of issue, and may be renewed for one (1) additional one-year period for the same fee, if renewal is applied for during an even-numbered year, so that the licensee may be brought into the same schedule as the two-year licensees.

Once an initial license is granted under this subsection, it may be renewed under sub. (4)(d).

1. Annual Staff Review of Licensee. The City Traffic Engineer shall gather operating statistics from all two-year licensees under this subsection at least once during the two-year period, and shall provide the results to the Transit and Parking Commission.

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97; Ord. 12,744, 12-29-00; Am. by ORD-05-00110, 6-8-05; ORD-12-00086, 6-26-12)

(d) Renewal of License to Engage in Business of Transporting Passengers for Hire.

A license issued under sub. (4)(c) above may be renewed, using the following procedure. Renewal licenses shall be for a two (2) year period except for the one-time, one year renewal described in sub. (4)(c). An application to renew an existing license shall be submitted to the City Clerk on or before January 31st of the year the license is due to expire. The application shall be accompanied by the renewal fee in sub. (4)(a). Failure to apply for renewal by January 31st will result in

a waiver of the renewal process and any late renewal application, shall be treated as an application for an initial license and subject to the procedures and fees for an initial license described elsewhere in this ordinance.

The renewal application shall state the name and address of the applicant, the number and type of vehicles proposed to be operated, the method of charging, and schedule of rates of fare to be adopted, and any other information the Transit and Parking Commission ("TPC") may require. The Clerk shall refer the renewal application to the City Traffic Engineer, who shall provide the application, any additional relevant information and a recommendation to grant or deny the license renewal to the TPC. The TPC shall use the standards under sub. (4)(b), and any additional criteria established by the TPC, to determine whether the license should be renewed, and shall hear all persons desiring to be heard.

The TPC shall report its findings and recommend approval or denial of the renewal license to the Common Council, in time for the Council to act on all renewals by April 30th, so that the renewal license, if granted, may be issued by the Clerk before the existing license expires. However, the Council may approve a provisional renewal of up to ninety (90) days to allow completion of an investigation by the TPC and/or City Traffic Engineer commenced pursuant to a timely-filed renewal application. The Clerk shall issue all licenses renewed by the Council. All renewal licenses shall run for a two (2) year period from the date of renewal through June 30th of the second year after renewed. (Am. by Ord. 12,141, 6-1-98; Ord. 12,744, 12-29-00; ORD-05-00110, 6-8-05)

(e) Final Administrative Determination. Denial of an initial license or renewal by the Common Council is a final administrative determination, subject to judicial review as provided by law. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97; Ord. 12,744, 12-29-00; Am. by ORD-05-00110, 6-8-05)

(f) Issuance of License. If the Council approves the grant of the license renewal, the applicant shall, upon complying with all of the provisions of this ordinance, be entitled to and shall receive from the City Clerk a written license signed by the Mayor and attested by the seal of the City of Madison authorizing such person to carry on the business of transporting passengers for hire. (Am. by Ord. 12,744, 12-29-00)

(g) License Not Transferable. No license to engage in the business of transporting passengers for hire issued pursuant to this Subsection shall be transferable. A change of ownership of a licensed operator shall act as a termination of the license. The new owner must apply for and receive a new license prior to engaging in the business of public passenger services. (Am. by Ord. 12,141, 6-1-98)

(h) A license granted under this subsection may be revoked or suspended by the City Traffic Engineer. All license suspension or revocation proceedings shall be conducted as set forth in Subsection (13) of this ordinance. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(5) Licensing of Public Passenger Vehicles.

(a) Public Passenger Vehicle Permit Fees. The fees under this subsection are hereby fixed as follows:

Commencing with the 2014 licensing year, and subsequent thereto, the following fees shall be in effect:

Meter Taxicab	$65/vehicle/year
Zone Taxicab	$65/vehicle/year
Airport Shuttle Vehicle	$65/vehicle/year
Horse-Drawn Vehicle	$65/vehicle/year
Specialized Transportation Vehicle	$65/vehicle/year

Transportation Network Vehicle	$65/vehicle/year
Transfer of Permit	$20/transfer
Pedal-Cab Vehicle	$30/vehicle/year
Low-Speed Vehicle	$30/vehicle/year
Commercial Quadricycle	$50/vehicle/year

(Sec. 11.06(5)(a) Am. by Ord. 12,141, 6-1-98; Ord. 13,487, 1-23-04; ORD-10-00038, 5-1-10; ORD-12-00086, 6-26-12; ORD-14-00022, 1-29-14; ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14; ORD-15-00041, 4-8-15)

(b) Permit Required. An applicant for a public passenger vehicle permit shall present a written application to the City Clerk, accompanied by proof of payment of the fee established in Subdivision (a). The application shall contain the name and address of the licensee under whose license the vehicle is to be operated, together with the names of any and all persons who may have any interest whatsoever in the vehicle and a description of the vehicle, including make, model, and serial number, and such other pertinent information as the City Traffic Engineer may require. The applicant shall certify that the vehicle will be operated in compliance with the ordinances of the City of Madison. Such application shall also be accompanied by proof showing that such vehicle is fully covered by liability insurance as required in Subsection (8)(a) of this ordinance. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97; ORD-15-00041, 4-8-15)

(c) Permit Tags and Cards. The City Clerk shall issue a permit tag bearing on its face the words "City of Madison Carrier's License" and the year and the vehicle permit number for each vehicle for which a permit is issued. The licensee shall attach said permit tag securely and in a conspicuous place on the back of the vehicle so permitted immediately after receiving the same. Further, the City Clerk shall issue a permit card containing the owner's name and address, vehicle license number and vehicle permit number for each vehicle for which a permit is issued. It shall be the duty of every licensee and permit holder to have the permit card displayed inside the vehicle for inspection.

(d) No public passenger vehicle permit may be transferred from one public passenger vehicle to another except upon consent and authorization of the City Clerk. Any owner of a public passenger vehicle permit who desires to transfer said permit from one vehicle to another shall file an application in writing with the City Clerk. Such application shall be accompanied by the fee established in Subdivision (a) and shall contain all of the information and assurances required in applications under Subdivision (b).

(e) Any time there is a change in ownership in any public passenger vehicle except as to a lessee who is an individual leasing a single taxicab or as to the mortgagee or conditional sales vendor, a new permit for said vehicle shall be obtained pursuant to Subdivision (d) above.

(6) Permits for Drivers of Public Passenger Vehicles.

(a) Public Passenger Vehicle Driver's Permit Fees. The fees under this subsection are hereby fixed as follows:

Commencing with the 2004 licensing year, and subsequent thereto, the following fees shall be in effect:

Original permit	$25
Provisional permit	$25
Renewal permit, if application is received before expiration of prior permit	$25
Change of employer	$20

Duplicate permit	$25

(Sec. 11.06(6)(a) Am. by Ord. 12,141, 6-1-98; Ord. 13,487, 1-23-04)

(b) Application for Initial Permit.

1. Any person wishing to obtain a public passenger vehicle driver's permit shall present a written application to the Chief of Police, accompanied by proof of payment of the fee established in Subdivision (a). The application shall contain the name and address of the licensee under whose license the applicant intends to drive public passenger vehicles, and such other pertinent information as the Chief of Police may require. Every licensee shall provide to the Madison Police Department the name and complete identification of each driver, and shall see to it that each driver arranges with the Police Department to have her/his photograph taken for this purpose.

2. Such permit shall not be granted to any person under the age of eighteen (18) years, nor to any person who has been convicted by a court of competent jurisdiction, or has charges pending against her or him, of any offense the circumstances of which substantially relate to the circumstances of taxicab or other public passenger vehicle operation. Such offenses include, but are not limited to, crimes against persons or property or driving a vehicle while under the influence of intoxicants or controlled substances; provided, however, that the Chief of Police shall grant a permit to such convicted person if the conviction is reversed, or if the person is granted a pardon for the offense in question.

3. In determining whether or not the circumstances of a conviction or a pending charge are substantially related to the circumstances of taxicab or other public passenger vehicle operation, the Chief of Police shall consider the number of convictions, the nature and seriousness of the crime or crimes, whether they involved violence, whether they involved theft or other evidence of lack of trustworthiness with money, whether the crime involved driving, the age and maturity of the individual at the time of the conviction, the amount of time elapsed since the last conviction, and any evidence of personal rehabilitation.

4. Disability and Sensitivity Training Program. Applicants for a public passenger vehicle driver's permit, with the exception of pedal-cab operators and low-speed vehicle operators, shall be certified as having successfully completed the City of Madison's approved Disability and Sensitivity Training Program before issuance of any such permit, except that applicants who have successfully completed an approved disability/sensitivity course, for credit, shall be deemed to have satisfied this requirement. Applicants shall pay the tuition fee. Those who complete such program shall have an appropriate endorsement recorded and placed on their permit. The driver shall successfully complete the program within the permit year unless the program is not offered between the time of application and the end of the permit year; in such an event, the applicant shall be granted a provisional driver's permit upon proof of payment of the fee established in Subsection (6)(a) and shall complete the program within 90 days. No driver's permit shall be issued or renewed to any person who failed to complete the program during any previous period during which such person held a driver's permit, unless the person first successfully completes the program. In addition, licensee shall insure that drivers who operate accessible vehicles are trained to proficiency so that they operate vehicles and

equipment, including lifts/ramps and securement devices, safely and properly assist individuals with disabilities who use the service. (Am. by Ord. 13,596, 4-21-04; ORD-12-00086, 6-26-12; ORD-14-00049, 3-6-14)

5. Permit Years. Unless it is renewed, a driver's permit expires at the end of the permit year. All driver's permits shall expire on June 30 of each year. (Am. by Ord. 11,283, 7-3-95; ORD-12-00086, 6-26-12)

6. Renewals. A driver's permit may be renewed annually if the driver continues to be eligible for a permit. The fee shall be as established for a "renewal permit" in Sub. (6)(a) if the renewal is applied for before expiration of the permit. (Am. by Ord. 12,141, 6-1-98; Ord. 13,487, 1-23-04)

7. If an applicant is eligible to receive a driver's permit, s/he shall receive from the Chief of Police a written permit to which shall be attached the applicant's photograph. The permit or such other permit information as the City Traffic Engineer may require, shall be placed in a location visible to all passengers in the vehicle driven by the driver. The permit shall state the name of the licensee by whom the driver is employed or from whom the driver leases a taxicab. No driver may drive a taxicab or other public passenger vehicle for any other than the licensee named in the permit. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(c) Appeals. If the Chief of Police denies a public passenger vehicle driver permit, s/he shall notify the applicant in writing, and shall state the reasons for the denial. S/he shall provide the City Traffic Engineer with a copy of the denial. The applicant may appeal the denial by notifying the City Traffic Engineer within fifteen (15) days of the date of the written denial. The appeal proceeding shall be held within forty-five (45) days after the date of the appeal, and shall be conducted by the Appeal Subcommittee as provided in Subsection (13)(c) of this ordinance. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(d) Any public passenger vehicle driver's permit issued hereunder may be suspended or revoked by the City Traffic Engineer for any one or more of the following causes: (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

1. When said driver has been convicted by a court of competent jurisdiction of an offense the circumstances of which substantially relate to the circumstances of taxicab operation. Such offenses include but are not limited to reckless driving as defined in Wis. Stat. § 346.62 or driving under the influence of intoxicants or controlled substances as defined in Wis. Stat. § 346.63. In determining whether or not the circumstances of a conviction or a pending charge are substantially related to the circumstances of taxicab or other public passenger vehicle operation, the Chief of Police shall consider the factors enumerated in Subdivision (b)3. herein. (Am. by ORD-15-00116, 10-28-15)

2. When such holder of a driver's permit has been convicted in any license year of violating this ordinance or of violating any of the following Sections of the Madison General Ordinances or the following Wisconsin Statutes: Wis. Stat. § 346.05, requiring vehicles to be driven on the right side of the roadway; Wis. Stat. § 346.06, regulating meeting of vehicles; Wis. Stat. §§ 346.075 and 346.08, regulating overtaking and passing; Wis. Stat. § 346.10, regulating passing at railroad crossings, intersections, bridges and viaducts; Wis. Stat. § 346.12, prohibiting driving through safety zones; Wis. Stat. § 346.13, regulating driving on roadways laned for traffic; Wis. Stat. § 346.14, regulating distance between vehicles; Wis. Stat. § 346.15 , regulating driving on divided highways; Wis. Stat. § 346.18, regulating right-of-way; Wis. Stat. § 346.19, governing procedures on

approach of an emergency vehicle; Wis. Stat. § 346.31, regulating turning at intersections; Wis. Stat. § 346.32, regulating turning; Wis. Stat. § 346.34, regulating turning movements and required signals; Wis. Stat. § 346.37, regulating compliance with traffic control signals; 12.50, regulating vehicle control at stop or yield right-of-way and school crossing signs; Wis. Stat. § 346.57, establishing speed restrictions; establishing certain speed limits; 12.60 and, regulating minimum speed; and Wis. Stat. § 346.90, prohibiting following an emergency vehicle. (Am. by ORD-15-00116, 10-28-15)

3. When an operator of a horse-drawn vehicle has been convicted of violating Sec. 23.18 or Sec. 8.26 of the Madison General Ordinances;
4. When any holder of a driver's permit shall consume or be under the influence of alcohol or controlled substances, while on duty, as that term is defined in Subsection (7)(d).
5. When the driver has made a false statement in her/his application for a permit under this subsection.
6. When the driver has engaged in violent, obscene, or abusive behavior while on duty, as that term is defined in Subsection (7)(d).
7. When the driver has failed to maintain daily logs as required in Subsection (7)(e) of this ordinance.

(Am. by ORD-15-00041, 4-8-15)

(e) For the purpose of determining when to revoke or suspend a license under this Subsection the City Traffic Engineer may determine and adopt by rule a method of weighing offenses by their seriousness and may change such weighted scale from time to time as experience or accident frequency in the City makes necessary or desirable. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(f) If the City Traffic Engineer revokes or suspends a license or permit, s/he shall notify the licensee or permittee in writing. The notice of suspension or revocation shall state the period of suspension, if any, and the reasons for the suspension or revocation. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(g) A revocation or suspension of a driver's permit shall take effect immediately, unless the permittee, within five (5) days after the date of the notice of suspension or revocation, requests the City Traffic Engineer to stay the suspension or revocation. Such requests shall be in writing, and shall state reasons for the requested stay. The City Traffic Engineer may stay the suspension or revocation but the stay may not exceed thirty (30) days. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(h) Any applicant who is denied a permit and any driver whose permit is revoked or suspended may appeal the denial, suspension, or revocation by following the procedures set forth in Subsection (13)(c) of this ordinance. The term "applicant" includes a permit holder who requests renewal under Subdivision (b)6.

(7) Operating Requirements.

(a) Service to be Provided. It shall be a condition of any meter or zone taxicab service or transportation network company operating license granted hereunder that the licensee shall furnish adequate twenty-four (24) hour taxicab service throughout the City of Madison and shall provide a twenty-four (24) hour telephone number. It shall also be a condition of any meter or zone taxicab service operating license granted hereunder that the licensee shall furnish adequate twenty-four (24) hour accessible taxicab service, i.e. public passenger vehicle for hire service using an accessible vehicle, throughout the City of Madison. The licensee's accessible taxicab service obligations may be fulfilled directly by providing an accessible vehicle in its regular operating fleet or by contracting with another licensed operator to provide it. In all cases the licensee shall remain responsible for compliance with all applicable rules of operation and other applicable ordinance

requirements under this Chapter. Conditions of horse-drawn vehicle operating licenses, pedal-cab vehicle operating licenses, and commercial quadricycle operating licenses are contained in Subdivisions (j), (k) and (l), respectively, below. (Am. by Ord. 11,229, 4-13-95; Ord. 13,596, 4-21-04)

Unsafe Weather Conditions. A metered or zoned taxicab licensee is not required to provide twenty-four (24) hour taxicab or accessible taxicab service when Madison Metro Transit has suspended bus operations for unsafe weather conditions, upon being notified by the Division of Traffic Engineering via FAX, e-mail or telephone. The notification shall include the start and end dates and times of Metro's suspension of service, if known. If an end time is not stated, Division of Traffic Engineering will notify the licensee when Metro has resumed service via FAX, email or telephone. The licensee must resume complete, twenty-four (24) hour service by the stated end time or upon notification from the Division of Traffic Engineering that Metro has resumed service. During hours when Metro does not offer service, the City Traffic Engineer or designee may declare a "weather emergency" for purposes of suspension of taxicab service and notify licensees using the methods above.
(Am. by ORD-05-00110, 6-8-05; ORD-12-00086, 6-26-12; ORD-14-00091, 5-7-14; ORD-15-00041, 4-8-15)

(b) Special Operating Requirements for Transportation Network Companies. It shall be a condition of any Transportation Network Company operating license granted hereunder that the licensee shall meet the following requirements.

1. Maintain a business office in the City of Madison that shall be open and personally staffed by an employee of the TNC on all business days between the hours of 9 a.m. and 5 p.m., excluding City recognized holidays.
2. Maintain a toll-free business telephone number or electronic communication service that is answered during all hours TNC drivers are operating.
3. Shall have a local mailing address and email address where the TNC staff will accept mail.
4. Shall maintain all records that this chapter requires the TNC to maintain including copies of for-hire drivers licenses and TNC vehicle endorsements (if applicable) of TNC drivers, lists of all TNC drivers and their affiliated vehicles, new driver training records, vehicle insurance policies, vehicle registrations, and passenger complaint records. Records shall be retained by the licensee for a period of at least one (1) year, and shall be made available at any time for the inspections by the Chief of Police or designee or the City Traffic Engineer or designee. Records may be maintained electronically.
5. Shall provide a plan to the City Traffic Engineer on how passengers may recover lost items.
6. Shall provide service throughout the City of Madison.
7. One year from the effective date of this ordinance, the TNC shall submit to the City Traffic Engineer a report detailing all attempted rides not completed due to unavailable drivers. This report shall include the address from which each declined ride was solicited within a designated area to be determined by the City Traffic Engineer.
8. Drivers shall not accept payment of a fare or a gratuity directly. All payments shall be made electronically via the TNC's online-enabled platform.
9. The company shall ensure that TNC drivers do not pick up hails or otherwise solicit riders. Drivers shall only transport passengers who solicit rides via the online-enabled platform.

10. Shall require that passengers be able to view a picture of the driver and vehicle license plate number on their smart phone, tablet or other mobile device used to connect with the TNC dispatch application before the trip is initiated.

11. No commercial advertisements, or lighting not installed by the original manufacturer shall be displayed on the exterior of any transportation network vehicle unless it is approved by the City Traffic Engineer.

12. Shall provide to the City a written or electronic version of a list of best practices developed with the City Traffic Engineer.

13. Shall provide to TNC drivers a written or electronic version of potential risks of driving for a TNC, provided by the City Traffic Engineer.

(Cr. by ORD-15-00041, 4-8-15)

(c) Rest Periods. Every driver of a public passenger vehicle shall have at least one rest period, as defined in Subsection (3), in every 24-hour period, except where a different period is set forth in Subdivisions (j), (k) and (l) for drivers of horse-drawn vehicles, pedal-cab vehicles, and commercial quadricycles. No licensee may permit its drivers, whether employees or contractors, to violate this Subdivision (b). (Am. by Ord. 11,229, 4-13-95; ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14)

(d) The driver of a public passenger vehicle is "on duty" if s/he is either transporting a passenger or available to respond to a call or hail. No driver of a public passenger vehicle may remain on duty more than twelve (12) continuous hours, except where a different period is set forth in Subdivisions (j), (k) and (l) for drivers of horse-drawn vehicles, pedal-cab vehicles, and commercial quadricycles. In determining whether a driver has been on duty for twelve (12) continuous hours, no break lasting less than one (1) hour may be subtracted from the sum of hours on duty. (Am. by Ord. 11,229, 4-13-95; Ord. 12,744, 12-29-00; ORD-14-00091, 5-7-14)

(e) Daily Logs.

1. Every driver of a taxicab or transportation network company vehicle shall maintain daily logs current to the end of the last shift worked. The daily log shall contain the driver's name, permit number and vehicle identification number and shall clearly state the starting time and ending time of each rest period taken by the driver, and the starting and ending time of each period in which the driver is on duty.

2. Drivers shall file their daily log no later than seventy-two (72) hours after the completion of their work shift. Daily logs shall be kept on file in the office of the licensee and shall be retained by the licensee at least one (1) year.

3. Daily logs shall be made available at any time for inspection by the Chief of Police or designee or the City Traffic Engineer or designee. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

4. Daily logs may be maintained electronically.

5. No driver may transport a passenger for hire without recording the transaction with the taxicab company or transportation network company.

6. Pedal-cab, horse-drawn vehicle, low-speed vehicle and commercial quadricycle operators shall be exempt from this requirement. (Cr. by ORD-12-00086, 6-26-12; ORD-14-00091, 5-7-14)

(Am. by ORD-15-00041, 4-8-15)

(f) Refusal to Carry Passengers Prohibited.

1. Drivers may elect to charge estimated fares in advance for rides when a passenger or prospective passenger engages in any of the following activities:
   a. Is known to the driver as having refused to pay a fare after receiving taxicab or transportation network vehicle service. (Am. by ORD-15-00041, 4-8-15)
   b. Indicates that they may be unable or unwilling to pay the full fare.
   c. Requests service by hailing the taxicab rather than contacting a dispatcher.
   d. Indicates their destination is outside the City of Madison.
   e. Changes their destination while en route or is unable to provide the driver with an exact destination.
   f. Requests to make a stop before the final destination is reached.
   g. Admits to being intoxicated or shows signs of intoxication.
   h. Is placed in the taxicab or transportation network vehicle by a law enforcement officer. (Am. by ORD-15-00041, 4-8-15)
2. In the event a driver requires a passenger to prepay an estimated fare, at the conclusion of the ride, the driver shall refund the difference if the estimated fare exceeds the actual fare, or the passenger shall pay any additional fare owed if the actual fare exceeds the estimated fare that was prepaid.
3. A driver will notify the dispatch center of each instance in which a passenger is requested to pay a fare in advance.
4. No driver may request an estimated fare be paid in advance of service unless a notice informing a passenger that they may be required to prepay under this Ordinance is posted in the vehicle.
5. No driver or licensee may refuse to carry passengers or baggage unless a passenger or prospective passenger engages in violent, abusive or indecent behavior or refuses to pay the estimated fare in advance when the driver makes that request for one of the above reasons. A driver or licensee may also refuse to carry a passenger or baggage if the driver or licensee can demonstrate that the passenger intentionally summoned more than one licensee for the same ride.
6. Except as provided above, no driver or licensee may refuse to carry passengers or baggage to or from any part of the City with reasonable promptness and at prices established in compliance within this ordinance.

(Sec. 11.06(7) (e) Rep. & Rec. by ORD-10-00091, 9-15-10)

(g) Operation by Owner or Employee or Lessee Required. No public passenger vehicle shall be operated except by the owner thereof, or her/his employee or lessee and it shall be unlawful for such owner or employee or lessee to permit the operation of said vehicle by any other person.

(h) Liability of Licensee. Any licensee shall be liable for any violations of ordinances or statutes by any and all persons operating public passenger vehicles under its license. Licensees shall subscribe to the service provided by the State of Wisconsin Department of Transportation under which the Department notifies the licensee if the driver's license of any driver is revoked while that driver's permit under Subsection (6)(d) lists the licensee as lessor or employer.

(i) Airport Shuttle Operating Restrictions. The holder of an airport shuttle operating license may provide service only between the Dane County Regional Airport and other destinations, except that airport shuttle licensees may use their vehicles to provide contract services.

(j) Special Rules for Operation of Horse-Drawn Vehicles.

1. Licensees must adhere to the routes specified in their application for an operating license. New or temporary routes must be applied for and approved by the Division of Traffic Engineering and filed with the City Clerk before a licensee may use the new or temporary routes. Any deviation from these applications without the approval of the Division of Traffic Engineering and filing with the City Clerk shall be a violation of this section. (Am. by ORD-14-00049, 3-6-14)
2. Operators of horse-drawn vehicles shall maintain trip records. Licensees shall keep all trip records on file for at least three (3) years and shall permit the City Traffic Engineer or her/his designee to inspect such records at any time. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)
3. No operator shall be allowed to drive a horse-drawn vehicle for more than a period of ten hours in any twenty-four hour day.
4. Licensees shall comply with the following sanitation requirements:
   a. All horses, mules and other animals shall be equipped with adequate devices to prevent manure and other excrement from falling upon the streets of the city. Any excrement which should fall upon the streets of the city shall be removed at the expense of the licensee.
   b. All animal waste for disposal shall be promptly transported to sites or facilities legally empowered to accept it for treatment or disposal. The City reserves the right to approve or disapprove sites taking into account routes within the city, and the rules and regulations of the governmental body having jurisdiction over said sites or facilities.
5. Licensees shall assure adequate rest periods, feeding schedules, health and related animal performance and well-being for each animal under the licensee's ownership, care or control. This responsibility shall include carriage load limits, hours of operation and daily hours of animal usage, except that no animal shall be required to work more than ten hours per day. No animal shall be left unattended while in service.
6. For each animal that will be pulling a permitted vehicle, licensees shall provide a certificate of soundness issued by a veterinarian licensed in the State of Wisconsin, finding such animal to be free from infectious disease, in good health and fit for hack and carriage service under this subdivision. Each animal shall thereafter be re-examined at intervals of no more than six (6) months, and a new certificate of soundness shall be issued by a veterinarian in order for each animal to remain in service. No animal shall be used to draw a horse-drawn vehicle unless the licensee keeps on file a certificate of soundness certified and dated within any preceding six-month period. The licensee shall permit the City Traffic Engineer or her/his designee to inspect said certificates at any time. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(k) Special Rules for Operation of Pedal-cab and Low-Speed Vehicles.

1. Licensees must adhere to the routes or zones specified in their application for an operating license. New or temporary routes must be applied for and approved by the Division of Traffic Engineering and filed with the City Clerk before a licensee may use the new or temporary routes. Any deviation from these applications without the approval of the Division of Traffic Engineering and filing with the City Clerk shall be a violation of this section.

2. No operator shall be allowed to drive a pedal-cab or low-speed vehicle for more than a period of ten hours in any twenty-four hour day.

3. Pedal-cab operation is prohibited between 6:00 a.m. and 6:00 p.m. Monday through Friday, unless approved by the City Traffic Engineer, and during such additional weekday and weekend hours designated by the City Traffic Engineer in the interest of pedestrian and traffic safety and the safe and orderly flow of traffic. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97; ORD-12-00086, 6-26-12)

4. It is unlawful for any person to operate or to permit another to operate a pedal-cab or low-speed vehicle at other times or in other locations than those approved by the Traffic Engineer.

5. No pedal-cab or low-speed vehicle driver shall drive, or be permitted by a pedal-cab operator to drive, a pedal-cab vehicle without a valid Wisconsin driver's license, or a valid driver's license issued by any other state in the United States. (Am. by ORD-13-00163, 10-9-13)

6. The driver of a pedal-cab or low-speed vehicle shall operate the vehicle at all times in compliance with applicable city and state traffic laws as provided in Sec. 12.06(3) of the Madison General Ordinances and Wis. Stat. § 346.02(4).

7. The City Traffic Engineer may adopt and from time to time amend rules and regulations relating to pedal-cab vehicles and their operation, including but not limited to, hours of operation, routes, vehicle markings and safety equipment. It shall be unlawful for any person to violate the rules and regulations adopted by the City Traffic Engineer hereunder. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(Sec. 11.06(7)(j) Cr. by Ord. 11,229, 4-13-95; Am. by ORD-14-00049, 3-6-14)

(l) Special Rules for the Operation of Commercial Quadricycles.

1. Licensees must adhere to the routes specified in their application for an operating license. New or temporary routes must be applied for and approved by the City Traffic Engineer and filed with the City Clerk before a licensee may use the new or temporary routes. Any deviation from these applications without the approval of the City Traffic Engineer and filing with the City Clerk shall be a violation of this section.

2. No operator shall be allowed to drive a commercial quadricycle for more than a period of ten (10) hours in any twenty-four (24) hour day.

3. Commercial quadricycle operation is prohibited between 6:00 a.m. and 6:00 p.m. Monday through Friday, unless approved by the City Traffic Engineer, and during such additional weekday and weekend hours designated by the City Traffic Engineer in the interest of pedestrian and traffic safety and the safe and orderly flow of traffic.

4. It is unlawful for any person to operate or to permit another to operate a commercial quadricycle at other times or in other locations than those approved by the City Traffic Engineer.

5. It is unlawful to operate a commercial quadricycle in the City after 10:30 p.m.

6. No commercial quadricycle operator shall drive, or be permitted by a commercial quadricycle operator to drive, a commercial quadricycle without a valid Wisconsin driver's license, or a valid driver's license issued by any other state in the United States.

7. The operator of a commercial quadricycle shall hold a valid operator's license pursuant to Sec. 38.03(5), MGO.

8. The operator of a commercial quadricycle shall operate the vehicle at all times in compliance with applicable city and state traffic laws as provided in Sec. 12.06(3), MGO, and Wis. Stat. § 346.02(4).
9. Each passenger on a commercial quadricycle is permitted to carry onto the commercial quadricycle no more than twenty-four (24) ounces of fermented malt beverages, as defined in Wis. Stat. § 125.02(6).
10. No other alcohol beverages, as defined in Wis. Stat. § 125.02(1), may be carried onto a commercial quadricycle.
11. No glass containers may be carried on a commercial quadricycle.
12. A minimum of two (2) employees of the licensed carrier must be on board a commercial quadricycle if fermented malt beverages are carried on.
13. No alcohol beverages, including fermented malt beverages, shall be possessed, carried on, or consumed on a commercial quadricycle if any passenger of the commercial quadricycle has not attained the legal drinking age, as defined in Wis. Stat. § 125.02(8m), unless that person is accompanied by his or her parent, guardian, or spouse who has attained the legal drinking age.
14. No operator of a commercial quadricycle, or employee riding on a commercial quadricycle, may consume alcohol while they are hired to transport passengers.
15. No operator of a commercial quadricycle, or employee riding on a commercial quadricycle, may have a blood alcohol concentration of more than 0.00 while they are hired to transport passengers.
16. The City Traffic Engineer may adopt and from time to time amend rules and regulations relating to commercial quadricycles and their operation, including but not limited to, hours of operation, routes, vehicle markings and safety equipment. It shall be unlawful for any person to violate the rules and regulations adopted by the City Traffic Engineer hereunder.

(Sec. 11.06(7)(k) Cr. by ORD-14-00091, 5-7-14)

(m) Curb-to-Curb Service Delivery. Taxicab service is provided in a curb-to-curb manner. This means that the passenger is responsible to get to the curb or other loading location where the vehicle is stopped for pick-ups. Likewise, on disembarking from the vehicle, the passenger is responsible for getting from the curb or other loading location where the vehicle stops to his/her final destination. (Cr. by Ord. 13,596, 4-21-04; Renum. by ORD-14-00091, 5-7-14)

(n) Effective Date of Accessible Taxicab Service Provisions. The requirements of Section 11.06(7)(a) and the additional ancillary provisions relating to operation of accessible taxicab service in this Substitute Ordinance # 13,596, shall have a delayed effective date in accordance with the following:

1. No Initial Undertaking By Licensees to Trigger Effective Date. The said requirements shall become effective on January 1, 2005 if, after July 1, 2004, the Traffic Engineer submits to the Common Council a report finding that a need for this ordinance exists as no current zone and/or meter taxicab service licensee has undertaken to provide accessible taxicab service as described in this ordinance and such report is approved by the Common Council by August 3, 2004.
2. Approved Traffic Engineer Report to Trigger Effective Date. In the event the said requirements do not first become effective in accordance with Paragraph 1., above, the Traffic Engineer shall submit an annual "Finding of Need" report to the Mayor, the Common Council, and the Transit and Parking Commission in conjunction with the annual taxicab license renewal recommendations report. This report shall include but not be limited to such information as the number of rides provided, the number

of rides refused, accessible taxicab vehicle downtime, and actual cost of accessible taxicab rides to licensee. In the event that the Traffic Engineer's annual "Finding of Need" report for any given year finds that a need for the ordinance exists as the need for accessible taxicab service as described in this ordinance is not being met by one or more zone and/or meter taxicab service licensees and that such report is approved by the Common Council, the said requirements shall become effective six (6) months from the date of such approval.

3. Five-year Review and Reassessment. Every fifth year, the Traffic Engineer report referred to in Paragraph 2., above, shall contain an in-depth study of the ordinance addressing its continued need and efficacy in achieving accessible taxicab service, the existence of other viable alternatives and approaches and such other information as the Traffic Engineer deems relevant. Such study shall include information from affected industry and consumer groups and individuals and a survey of other similarly-sized municipal jurisdictions relating to accessible taxicab service.

4. If after the fifth annual report, there has as yet been no finding of need which has been approved by the Common Council, the accessible taxicab service provisions of the ordinance shall sunset and have no further force and effect unless the ordinance is further extended by action of the Common Council.

Until such time as the effective date of the accessible taxicab service requirements are triggered as provided in Paragraphs 1. or 2., above, the provisions of this ordinance requiring accessible taxicab service shall have no effect. Except as provided herein, the ordinance shall be effective upon publication. In the event the remaining provisions become effective as provided above, the ordinance shall be republished in full. (Cr. by Ord. 13,596, 4-21-04)

(o) Commencing with the effective date of this ordinance, the Traffic Engineer shall prepare, no later than July 1 of each year, a written report on accessible taxicab service throughout the City of Madison which shall include the number of passenger complaints and positive comments; a survey of licensee's opinions and concerns; the need for and sufficiency of the accessible taxicab surcharge; an evaluation of the efficacy of the ordinance in achieving adequate accessible taxicab service and such other information as the Traffic Engineer deems relevant. The report shall be submitted to the Disability Rights Commission, the Transit and Parking Commission, and the Common Council. (Cr. by Ord. 13,596, 4-21-04; ORD-15-00086, 8-12-15)

(Renum. by ORD-14-00091, 5-7-14; Am. by ORD-15-00041, 4-8-15)

(8) Financial Responsibility.

(a) It shall be unlawful to operate a meter or zone taxicab for the conveyance of passengers for hire or permit the same to be operated, nor shall any license be issued hereunder until and unless the applicant for license deposits with the City Clerk a policy or certificate of auto liability insurance for the vehicles for which licenses are sought. Auto liability insurance policies shall be issued by a company or companies authorized to do business in the State of Wisconsin and licensed by the State of Wisconsin Office of the Commissioner of Insurance. Coverage shall be provided for in the minimum amount of one million dollars ($1,000,000) per accident. Each insurance policy shall contain a provision that the same may not be canceled before the expiration of its term except upon thirty (30) days written notice to the City Clerk, City of Madison, Wisconsin. Every day upon which any vehicle is operated for the conveyance of passengers for hire or when taxicab or cab or similar transportation is offered to the public without an insurance policy as

required herein being in effect and on file with the City Clerk, City of Madison, shall be deemed a separate violation, and every person, firm, or corporation operating or permitting such operation shall be subject to a forfeiture of not more than two hundred dollars ($200) for each offense. (Am. by ORD-15-00041, 4-8-15)

(b) It shall be unlawful to operate a vehicle using a transportation network company or permit the same to be operate, nor shall any license be issued hereunder until and unless the applicant for license deposits with the City Clerk a policy or certificate of auto liability insurance that provides coverage for accidents involving a vehicle operating using a transportation network company that occur from the period of time beginning when the driver of the vehicle accepts a request for a ride through the company's online-enabled platform, continues while the driver transports the passenger in the vehicle, and ends when the passenger departs from the vehicle. Auto liability insurance policies shall be issued by a company or companies authorized to do business in the State of Wisconsin and licensed by the State of Wisconsin Office of the Commissioner of Insurance. Coverage shall be provided for in the minimum amount of one million dollars ($1,000,000) per accident during the times described above. For the period of time when a driver is logged into a transportation network company's digital network but is not engaged in a transporting a passenger, the company shall maintain a primary automobile insurance policy that recognizes that the driver is a transportation network company driver and covers the driver's provision of transportation network services while the driver is logged into the transportation network company's digital network and must meet at least a minimum coverage of one hundred thousand dollars ($100,000) to any one (1) person in any one (1) accident, three hundred thousand ($300,000) dollars to all persons in any one (1) accident, and for property damage arising out of the use of the motor vehicle to a limit, exclusive of interest and costs, of twenty-five thousand ($25,000) dollars in any one (1) accident. Each insurance policy shall contain a provision that the same may not be canceled before the expiration of its term except upon thirty (30) days written notice to the City Clerk, City of Madison, Wisconsin. Every day upon which any transportation network company vehicle is operated for the conveyance of passengers for hire is offered to the public without an insurance policy as required herein being in effect and on file with the City Clerk, City of Madison, shall be deemed a separate violation, and every person, firm, or corporation operating or permitting such operation shall be subject to a forfeiture of not more than two hundred dollars ($200) for each offense. (Cr. by ORD-15-00041, 4-8-15)

(c) It shall be unlawful for pedal-cab, low-speed vehicle or commercial quadricycle operators to operate a pedal-cab, low-speed vehicle or commercial quadricycle for the conveyance of passengers for hire or permit the same to be operated, nor shall any license be issued hereunder until and unless the applicant for a license deposits with the City Clerk a policy or certificate of commercial general liability insurance coverage. Insurance policies shall be issued by a company or companies authorized to do business in the state of Wisconsin and licensed by the State of Wisconsin Office of the Commissioner of Insurance. Coverage shall be provided for in the minimum amount of one million dollars ($1,000,000) per occurrence, shall be primary and non-contributory, and shall list the City of Madison, its officers, officials, and employees as additional insureds. Each insurance policy shall contain a provision that the same may not be canceled before the expiration of its term except upon thirty (30) days written notice to the City Clerk, City of Madison, Wisconsin. Every day upon which any pedal-cab, low-speed vehicle or commercial quadricycle is operated is operated for the conveyance of passengers for hire without an insurance policy as required herein being in effect and on file with the City Clerk, City of Madison, shall be deemed a separate violation, and every

person, firm, or corporation operating or permitting such operation shall be subject to a forfeiture of not more than two hundred dollars ($200) for each offense. (Am. by ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14; Renum. by ORD-15-00041, 4-8-15)

(d) The Police Department shall have the power to impound any vehicle which is being operated in violation of the provisions of this subsection. Any such vehicle which is impounded hereunder shall be released to the owner or operator thereof when the provisions of this subsection have been complied with or upon the owner thereof filing a signed statement with the City Clerk wherein s/he agrees that said vehicle will not be operated as a public passenger vehicle until all provisions of this subsection have been complied with and shall file therewith a bond in the penal sum of two hundred dollars ($200) with surety to be approved by the Common Council guaranteeing the performance of said agreement. (Renum. by ORD-15-00041, 4-8-15)

(Sec. 11.06(8) Am. by ORD-12-00086, 6-26-12)

(9) Rates of Fares.

(a) No license granted under Subsection (4) of this ordinance shall have any force or effect unless the licensee files with the City Clerk a schedule of rates of fares. Licensees may charge fares measured according to zones, according to meters, or according to GPS-enabled devices, except that horse-drawn vehicle and pedal-cab vehicle licensees shall charge fares according to subs. (m) and (n) below. It shall be unlawful for any owner or operator to charge or permit to be charged any other or different rates of fares than those listed on such schedule. Any discounts or special fares shall be included in the rates of fares filed with the City Clerk. A schedule of rates of fares must be on file with the City Clerk for 28 days before the rates are effective, except that promotional discounts or coupons may be implemented if the City Traffic Engineer is notified at least forty-eight (48) hours in advance. Any duly established rate other than the said promotional discounts shall remain in effect for a minimum duration of six months. In the case of extreme changes in conditions, the owner of a licensed company may petition the Transit and Parking Commission to review a schedule of rate change within a shorter period of time. After reviewing the request the Transit and Parking Commission may approve a rate change effective within the six-month period but may not approve such a rate change unless the current rates of fares have been in effect for at least ninety (90) days. The rates of fares authorized to be established by this ordinance shall not vary with time of day.

Notwithstanding the foregoing, at any time during the first twelve (12) months from the effective date of the accessible taxicab requirement, the owner of a licensed company may modify its schedule of rates of fares provided such modification is solely due to the cost of compliance with the accessible taxicab ordinance. The schedule of rates of fares so modified must be on file with the City Clerk for twenty-eight (28) days before the rates are effective. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97; ORD-12-00086, 6-26-12; ORD-15-00041, 4-8-15)

(b) Notwithstanding the provisions of Subdivision (a) above, a licensee of meter or zoned taxicab services may charge an accessible taxicab surcharge not to exceed twenty cents ($.20) per trip or fifty cents ($.50) per trip as described below, subject to the following conditions:

1. The accessible taxicab surcharge shall not exceed twenty cents ($.20) per trip except that if the licensee provides a dedicated accessible vehicle and driver twenty-four hours per day, seven days per week to furnish its required accessible taxicab service, the allowable surcharge shall not exceed fifty cents ($.50) per trip.

2. The exact fee imposed as a surcharge must be on file with the City Clerk before any surcharge may be collected and cannot be increased during the license year.
3. The amount of the surcharge shall be marked on the interior of the vehicle, in addition to the information required by Subsection (10)(a)1. of this ordinance.
4. The amount of the surcharge shall be marked on the right and left exterior sides of the taxicab, in addition to the markings required by Subsection (10)(a)2. of this ordinance.
5. Notwithstanding the provisions of this subdivision, a licensee is not authorized to charge and shall not collect an accessible taxicab surcharge during any period that its accessible vehicle is out of service as described in Sec. 11.06(10)(g).
6. This provision, permitting licensees to charge an accessible taxicab surcharge, expires and shall have no further effect commencing three (3) years after the effective date of the accessible taxicab service provisions of this ordinance, Substitute Ordinance # 13,596, as determined per Subsection (7)(n), unless extended by action of the Common Council.

(Cr. by Ord. 12,649, 7-28-01; Am. by Ord. 13,596, 4-21-04)

(c) Meter Taxicab Rates.

1. Taximeter Required. Every meter taxicab shall contain a taximeter in good repair, inspected by the City Sealer or Weights and Measures Inspector as required in Subsection (10)(c)2. The taximeter shall be set to measure only the rates listed below:
   a. The meter taxicab rate filed with the City Clerk.
   b. A mileage rate filed with the City Clerk, to be used only for out-of-city trips, pursuant to Paragraph 3. below.
2. Mileage Charge. For conveying one (1) passenger on a mileage basis the charge shall be the scheduled rate for a unit of distance and the scheduled rate for each additional unit of distance. No charge may be made for additional passengers going to the same place, however a premium fare may be charged for large parties as permitted under Sub. (9)(j)6. (Am. by ORD-05-00110, 6-8-05)
3. For out-of-city trips a licensee shall charge the mileage rate from the point of origin to the point of destination.
4. Waiting Charge. On vehicles operating on the mileage rate, a waiting charge for each unit of time may be charged after the passenger has entered the taxi or requested the operator to wait. In addition, a waiting charge for each unit of time may be charged a passenger who is not ready for pick-up commencing five (5) minutes after a "time call" pick-up time or five (5) minutes after the actual taxicab arrival time for a "time call", whichever is later, or commencing five (5) minutes after the taxicab arrival time for an "on-demand" pick-up. (Am. by Ord. 11,011, 10-12-94; Ord. 13,596, 4-21-04)
5. Shortest Route. Meter taxicabs must take the shortest, most direct route to a certain destination, unless the passenger approves a different route.
6. Unlawful to Charge any Other Amount Than That Registered on Taximeter. Except for multiple loading or shared rides as provided in Paragraph 8. below, it shall be unlawful for any driver of a meter taxicab to convey any passenger within the limits of the City of Madison unless the taximeter is used in determining the fare to be charged, unless the driver and passenger agree that an hourly rate shall be charged instead. Such agreements are subject to the requirements of Subdivision (h) of this Subsection. If the

driver and passenger have not agreed on an hourly rate, no other or different fare shall be charged to the passenger than is recorded on the reading face of the taximeter for the trip. This paragraph does not prohibit the premium fare for large parties allowed under sub. (9)(j)6., which shall be calculated based upon a percentage of the metered rate, nor shall this paragraph prohibit other fees expressly allowed elsewhere in this ordinance. (Am. by ORD-05-00110, 6-8-05)

7. Individual Service. Any patron who first engaged service in a meter cab shall receive individual service, unless the passenger requests that one or more additional passengers be carried, or unless Paragraph 8. below is applicable.

8. Multiple Loading or Shared Ride. For rides to or from the Dane County Airport, multiple loading, as defined in Subsection (3) above, is permitted for meter taxicabs during peak periods if all passengers consent. The term "peak period" is defined in Subsection (3) above. The fare shall be no greater than the lowest airport shuttle rate filed pursuant to Section 11.06(9)(g) of the Madison General Ordinances for the airport shuttle zone or zones through which the cab will travel. (Am. by ORD-14-00049, 3-6-14; ORD-14-00091, 5-7-14)

(d) Zone Taxicab Rates.

1. The base rate of fare per passenger shall be the scheduled rate for the first passenger from any point to any other point within one (1) zone plus the scheduled rate for the first passenger when that passenger crosses from one zone into another zone.
   a. The charge for additional passengers starting at the same point and going to the same destination shall be the scheduled rate for each additional passenger regardless of the zones traversed.
   b. Beyond and starting from the last designated zone lines on the zone map to the present or future City limits, which for the purposes of this ordinance shall be designated the "outer zone", the charge shall be the scheduled rate per unit of distance or fraction thereof.

2. Waiting Charge. A waiting charge may be added when the vehicle is waiting at the direction of the passenger. The waiting charge shall be charged to the passenger who requested the wait. In addition, a waiting charge may be charged a passenger who is not ready for pick-up commencing five (5) minutes after a "time call" pick-up time or five (5) minutes after the actual taxicab arrival time for a "time call", whichever is later, or commencing five (5) minutes after the taxicab arrival time for an "on-demand" pick-up. (Am. by Ord. 13,596, 4-21-04)

3. For trips originating in the outer zone and ending in the outer zone:
   a. The First passenger shall be charged the initial scheduled zone rate established in paragraph one above, plus the additional scheduled rate established in paragraph one above for each unit of distance or fraction thereof established in paragraph one above, starting from point of origin.
   b. Each additional passenger to the same destination shall be charged the scheduled rate established in paragraph one above.

4. If a trip originates in an outer zone and ends in a zoned area the above rates would apply, mileage beginning at the point of origin and ending at the first zone line crossed; thereafter and including the first zone line so crossed: The scheduled rate established in paragraph one above for the first passenger, additional when crossing from one zone into another.

5. If an out-of-town trip originates within a zone, the regular zone fare to the last zone line applies.
6. Direct Trip Required. The charge made by zone taxicabs must be for a direct trip to a certain destination, provided said trip may be indirect as to a passenger, for the purpose of delivering or picking up a delivery or another passenger or passengers.
7. Hourly Rate. Zone taxicabs are permitted to agree with passengers on an hourly rate, subject to the requirements in Subdivision (h) of this Subsection.

(e) Zones. The City Traffic Engineer, in consultation with licensees operating under the zone system, is hereby authorized to establish zones for the operation of zone taxicabs. A complete and current description of such zones shall be available for public inspection and copying in the office of the Department of Transportation.

1. When territory is annexed into the City, the new territory shall continue as an outer zone until a new zone is created by action of the Transit and Parking Commission.
2. At least every ten (10) years, commencing in 1994, the Department of Transportation shall study the system of zones and recommend revised and updated zones to the Transit and Parking Commission.

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(f) GPS-Calculated Rates.

1. GPS Device Required. Every public passenger vehicle operating under a Transportation Network Company shall contain a GPS device in good repair.
2. Mileage Charge. For conveying one (1) passenger on a mileage basis the charge shall be the scheduled rate for a unit of distance and the scheduled rate for each additional unit of distance. No charge may be made for additional passengers going to the same place, however a premium fare may be charged for large parties as permitted under Sec. 11.06(9)(j)6.
3. For out-of-city trips a licensee shall charge the mileage rate from the point of origin to the point of destination.
4. Waiting Charge. On vehicles operating on the mileage rate, a waiting charge for each unit of time may be charged after the passenger has entered the taxi or requested the operator to wait. In addition, a waiting charge for each unit of time may be charged a passenger who is not ready for pick-up commencing five (5) minutes after a "time call" pick-up time or five (5) minutes after the actual taxicab arrival time for a "time call", whichever is later, or commencing five (5) minutes after the taxicab arrival time for an "on-demand" pick-up.
5. Shortest Route. Drivers operating public passenger vehicles using a Transportation Network Company must take the shortest, most direct route to a certain destination, unless the passenger approves a different route.
6. Unlawful to Charge any Other Amount Than That Registered on a GPS Device. Except for multiple loading or shared rides as provided in Paragraph 8. below, it shall be unlawful for any driver to convey any passenger within the limits of the City of Madison unless the GPS device is used in determining the fare to be charged, unless the driver and passenger agree that an hourly rate shall be charged instead. Such agreements are subject to the requirements of Subdivision (i) of this Subsection. If the driver and passenger have not agreed on an hourly rate, no other or different fare shall be charged to the passenger than is recorded on the reading face of the taximeter for the trip. This paragraph does not

prohibit the premium fare for large parties allowed under sub. (9)(j)6., which shall be calculated based upon a percentage of the metered rate, nor shall this paragraph prohibit other fees expressly allowed elsewhere in this ordinance.

7. Individual Service. Any patron who first engaged service in a vehicle operated using a Transportation Network Company shall receive individual service, unless the passenger requests that one or more additional passengers be carried, or unless Paragraph 8. below is applicable.

8. Multiple Loading or Shared Ride. For rides to or from the Dane County Airport, multiple loading, as defined in Subsection (3) above, is permitted for vehicles operating using Transportation Network Companies during peak periods if all passengers consent. The term "peak period" is defined in Subsection (3) above. The fare shall be no greater than the lowest airport shuttle rate filed pursuant to Section 11.06(9)(g) of the Madison General Ordinances for the airport shuttle zone or zones through which the vehicle will travel.

(Cr. by ORD-15-00041, 4-8-15)

(g) Airport Shuttle Rates. The City Traffic Engineer, in consultation with airport shuttle licensees, is hereby authorized to establish zones for the operation of airport shuttle service. A complete and current description of such zones shall be available for public inspection and copying in the office of the Department of Transportation. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(h) Flat Rate. When a specialized transportation vehicle is occupied by one (1) passenger, a rate not to exceed the scheduled rate for the first unit of distance, and an additional maximum scheduled rate for each additional unit of distance, may be charged. When the specialized transportation vehicle is occupied by two (2) or more passengers, an additional scheduled rate per passenger may be charged.

(i) Hourly Rate. Zone and meter taxicabs and specialized transportation vehicles may charge a rate by the hour provided that the passenger requests it and the driver agrees to it before the commencement of the ride. The rate for one hour is the minimum that may be charged. No additional charge may be made for additional passengers under the hourly rate.

1. The hourly rate may be requested by the passenger at any time to commence at the said time. Any metered or zoned fare accrued at the time of the hourly rate request shall be paid by the passenger in addition to the hourly rate.
2. After a passenger requests an hourly rate charge, no additional mileage, meter or zone charge may be assessed.
3. Charges for other services as authorized in Subdivision (j) below may be assessed for the services specified therein.
4. The rate charged for the hourly service shall be posted in the vehicles at all times.

(j) Rates For Other Services.

1. Personal Baggage and Groceries. For personal baggage, drivers shall charge the scheduled rate. If the driver is required to carry grocery bags from the cab to the door of a residence or building, the driver shall charge the scheduled rate for the service.
2. Trunks, Footlockers and Other Large Items. Drivers shall charge the scheduled rate for each trunk, footlocker or other large item transported.
3. Aids to persons with disabilities, including but not limited to wheelchairs, walkers, canes, crutches, and service animals shall be transported free of charge, nor shall there be any charge if the driver is required to load or

unload any of these aids into or from the taxicab. The limitations of Sec. 11.06(9)(j)5. shall apply to any aid the driver may be requested to handle.

4. The driver is not required to handle any single article greater than fifty (50) pounds in weight.

5. A driver may refuse to transport items which are too heavy or too large to be transported safely, and any animal which the driver reasonably believes is dangerous to health or safety.

6. Large Party Fare. A metered or zoned taxicab licensee may charge a premium fare of up to one and one-half the regular fare when a passenger requests a single vehicle to accommodate service for a party of six (6) or more passengers. If a licensee elects to use this charge, it shall be stated on the schedule of rates of fare required under sub. (9)(a) (Cr. by ORD-05-00110, 6-8-05)

(k) Rate Allowance for Airport Taxicab Fee. An additional charge per taxicab shall be made whenever the taxicab is required to pay an airport taxicab fee. Said charge shall not exceed the fee imposed by the Dane County Regional Airport.

(l) Fraudulent Representations Forbidden. It shall be unlawful for the owners, drivers, or any persons engaged in the business of carrying passengers for hire to induce any person to employ her/him by knowingly or carelessly misinforming or misleading such person, either as to the time of arrival or departure of any railroad car or train, or other public conveyance, or as to the location of any railroad depot, office, station, or railroad ticket office, or the location of any hotel, public place or private residence within the City of Madison; and it shall be unlawful for any such owner or driver knowingly or carelessly to misinform any person carried as a passenger as to the distance such person is carried or as to the distance between two (2) locations.

(m) Rates for Horse-Drawn Vehicles. Rates as set by the driver of a horse-drawn vehicle shall be set by the hour or fraction thereof and shall be in the form of a stated amount for the first hour and a stated amount for each fraction of an hour thereafter.

(n) Rates for Pedal-Cab Vehicles. Rates as set by the operator of a pedal-cab vehicle service shall be set by the hour or fraction thereof or by the block and shall be in the form of a stated amount for the first hour or block and a stated amount for each fraction of an hour or additional block thereafter. Pedal-cabs may opt to accept any tip or gratuity for the service, in lieu of a set rate. (Cr. by Ord. 11,229, 4-13-95; Am. by ORD-13-00163, 10-9-13)

(o) Additional Authorized Charges. A licensee engaged in the business of transporting passengers for hire may charge the following additional fees, however these fees shall not be considered part of the rate of fare:

1. Soiling or Damaging Vehicle. A passenger may be charged a reasonable fee for the cost of cleaning a public passenger vehicle that has been soiled or damaged by the passenger to the extent that the vehicle must be taken out of service and cleaned or repaired before it can be put back into service. This paragraph shall not act as a limit or waiver upon any private right of action between the licensee or permittee and the passenger.

2. No-Load Fee. If a taxicab licensee can prove that a passenger has intentionally summoned more than one licensee for the same ride or if the licensee can prove that a passenger called for service but subsequently does not use the service and does not cancel the request before the arrival of the taxicab, the passenger may be charged a no-load fee equal to the amount of the first mileage increment fee ("drop fee") for a metered taxicab or the first zone fee for a zoned taxicab.

(Cr. by ORD-05-00110, 6-8-05)

(p) Temporary Fuel Surcharge. Notwithstanding the provisions of Subdivision 11.06(9)(a) of this ordinance, a licensee may charge a fuel surcharge in any amount not to exceed one dollar ($1.00) per trip, subject to the following conditions:

1. Licensee shall file a statement with the City Clerk indicating the amount of the surcharge, prior to implementing the surcharge. A licensee may vary the amount of its surcharge, up to the $1.00 limit, by filing a new statement with the Clerk and changing the vehicle markings as required below.
2. When multiple loading is permitted on trips to and from the airport during declared peak periods as defined in Subsection (3), and all passengers are going to the same destination, a metered taxicab may charge only one (1) such surcharge per trip, and the surcharge shall be divided equally among the passengers.
3. On a shared ride in a zoned taxicab, as defined in Subsection (3), if all passengers are going to the same destination, only one (1) surcharge may charged and shall be divided equally among the individual passenger fares.
4. The amount of the surcharge shall be marked on the interior of the vehicle, in addition to the information required by Subsection (10)(a)1. of this ordinance.
5. The amount of the surcharge shall be marked on the right and left exterior sides of the taxicab, in addition to the markings required by Subsection (10)(a)2. of this ordinance.
6. Sunset Clause and Effect of Rate Change. This provision, Sec. 11.06(9)(p), permitting licensees to charge a fuel surcharge, shall have no effect after six (6) months after the date of publication of the ordinance creating it, however if a licensee obtains a regular rate change during this six-month period, that licensee shall no longer be permitted to charge a fuel surcharge under this provision.

(Sec. 11.06(9) Renum. and Am. by ORD-15-00041, 4-8-15)

(10) Vehicles.

(a) Vehicle Marking. All public passenger vehicles shall be appropriately marked as required herein. Vehicles not in compliance with these requirements shall not be used for carrying passengers.

1. Interior Marking. Each vehicle shall be marked on the interior or electronically displayed to the passenger with the owner's name, vehicle license number, driver's permit, type of vehicle permit issued, City complaint telephone number or City complaint email form, and current rates of fare. Each vehicle issued a permit to operate on a zone or airport shuttle basis shall also contain a clear and readable notice informing the passenger that zone information is available upon request. The foregoing requirements do not apply to specialized transportation vehicles.
2. Exterior Marking. Each meter or zone taxicab, or vehicle operating using a transportation network company shall be conspicuously marked with a decal approved by the City Clerk on the exterior of the vehicle. The decal shall be displayed on a placard on the left dashboard and visible from the outside of the vehicle through the windshield. The decal shall contain the company name, vehicle permit number, type of vehicle permit issued, and current rates of fare. Transportation network companies shall make the license plate number available to the passenger on the online-enabled platform.

Vehicles issued a permit to operate on a flat rate or airport shuttle basis need not display a current rate of fare.

Vehicles which are required to display current rates of fare shall include at least the following information:

a. The minimum or first increment rate.
b. The rate per mile, calculated according to rates filed with the City Clerk.
c. Waiting charge.
d. Charge for additional mileage increments.

Vehicles shall be conspicuously and permanently marked on the rear with the vehicle permit number. Specified exterior markings as determined by the City Traffic Engineer shall be in letters and numbers not less than three (3) inches in height and shall be a light color on a dark background or a dark color on a light background.

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(b) Color Scheme. Each licensee or applicant for a taxicab license hereunder shall designate the color scheme for the cabs to be operated under such license. The Department of Transportation shall designate the color scheme assigned to each licensee and the color scheme shall be placed on file with the City Clerk. Thereafter all cabs shall be painted to correspond to the color scheme of the licensee under which such cab is authorized to operate and both the permittee and the licensee shall at all times see that the color scheme of the cabs operated under such license or permit is so maintained; nor shall any person drive a cab the color scheme of which is not that of the licensee under which it is operated. Transportation network companies are not required to designate a color scheme for their vehicles, however, any company that does not operate using a uniform color scheme shall be prohibited from operating on State Street and shall be prohibited from using Taxicab Stands.

(c) Inspection of the Condition of the Vehicles for Public Conveyance.

1. Each Public Passenger Vehicle shall be kept and maintained in a safe operating condition. To insure the safe condition of all vehicles:

a. Meter and Zone Taxicab Inspections. The licensee shall cause all meter and zone taxicab under the licensee's operation or control to be inspected once for each 5,000 miles driven. The taxicab licensee shall maintain adequate inspection facilities. In addition to regular inspections, the licensee shall cause all Public Passenger Vehicles under its operation or control to undergo such special inspections as the City Traffic Engineer may require. If any taxicab fails to pass a regular or special inspection, it shall be removed from service until such time as it has passed inspection.

i. The licensee shall establish or cause to be established a system of regular and frequent maintenance checks of lifts/ramps and securement devices of accessible vehicles to determine if they are operative. (Cr. by Ord. 13,596, 4-21-04)

ii. The licensee shall maintain maintenance records for all Public Passenger Vehicles under the licensee's operation or control, including but not limited to records of all tests of brakes, tires, steering wheels, mechanical parts and lighting equipment and shall make said records available to the City Traffic Engineer or designee upon her/his request.

iii. All mobility devices, securement devices and other required equipment for accessible vehicles shall be maintained in a safe operating condition and in compliance with the 49 CFR Parts 37 and 38 sections set forth in Section 11.06(3),

above, currently in effect and as amended from time to time. (Cr. by Ord. 13,596, 4-21-04; Am. by ORD-15-00041, 4-8-15)

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

b. Transportation Network Company Vehicle Inspections. All TNC companies shall require every affiliated vehicle to undergo a 19-point inspection by a mechanic approved by the City Traffic Engineer prior to operating as a public passenger vehicle, and annually after that. That inspection shall certify in writing that the following items are mechanically sound and fit for driving.

i. Foot brakes (check stopping at 20 mph, a vehicle must be capable of stopping within 25 feet).
ii. Emergency brakes (engine stall test).
iii. Steering mechanism.
iv. Windshield (no cracks or chips larger than one inch).
v. Rear window and other glass (no cracks or chips larger than one inch).
vi. Windshield wipers.
vii. Headlights.
viii. Tail lights.
ix. Turn indicator lights.
x. Stop lights.
xi. Front seat adjustment mechanism.
xii. Doors (open, close, lock).
xiii. Horn.
xiv. Speedometer.
xv. Bumpers.
xvi. Muffler and exhaust system.
xvii. Condition of tires, including tread depth.
xviii. Interior and exterior rear view mirrors; and
xix. Safety belts and air bags for the driver and passenger(s).

2. Every taximeter being operated in a taxicab in the City of Madison shall be inspected by the City Sealer or Weights and Measures Inspectors within 10 days after any new rate goes into effect and at such other times as the Inspectors or Director of Transportation may require.

3. Each horse-drawn vehicle shall be kept in a safe and sanitary condition at all times. The licensee shall cause each horse-drawn vehicle or stable under the licensee's operation or control to be inspected at least once each month. The licensee shall maintain adequate inspection facilities and shall maintain records of all such inspections, and shall make the records available to the City Traffic Engineer upon her/his request. The City shall have the right to inspect or cause to be inspected any horse-drawn vehicle or stable as often as may be necessary for the purpose of ascertaining and causing to be corrected any unsafe or unsanitary conditions or any violations of this section or any other rule, regulation, ordinance or law relating to the operation of such horse-drawn vehicles and stables. If any horse-drawn vehicle or stable shall fail to pass such inspection, it shall be removed from service on the day of inspection, and shall remain out of service until it has passed inspection. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(d) Radios. It shall be unlawful for any driver of a taxicab to use or operate a radio in said taxicab while transporting passengers provided, however, that it shall be lawful to equip taxicabs with radios for the purpose of communicating between

taxicabs and the central office for the purpose of directing the operation and business of such taxicabs. At the request of the passenger, the operator shall turn the radio off. It shall be unlawful for any taxicab driver or operator to monitor the calls of another company for the purpose of taking the other company's calls. (Am. by Ord. 11,011, 10-12-94)

(e) Legal Passenger Load. It shall be unlawful for any driver of a taxicab, transportation network vehicle or low-speed vehicle to carry at one time a number of passengers greater than the number of seat belts available and in good working order in the vehicle. (Am. by ORD-12-00086, 6-26-12; ORD-14-00049, 3-6-14)

(f) Passenger Seating. Unless the driver specifically authorizes the passenger to sit in the front seat, all passengers shall sit in the rear seat.

(g) Accessible Vehicles Compliance Notification. A licensee that is providing accessible taxicab service under an agreement with another licensed operator shall provide written notification to the City Traffic Engineer of any change in contractor/vendor within twenty-four (24) hours of the effective date of such change. In addition, licensees shall provide written notification via e-mail, fax, or letter to the City Traffic Engineer in the event an accessible vehicle is required to be out of service for more than twenty-four (24) hours. (Cr. by Ord. 13,596, 4-21-04) (Am. by ORD-15-00041, 4-8-15)

(11) Books and Records.

(a) Every licensee shall maintain accurate records of the number of passengers carried, daily logs required by Subsection (7)(e) of this ordinance, and such other records as the City Traffic Engineer may prescribe. Licensees shall also collect and maintain all pertinent information relating to accessible taxicab operation, including rates, number of rides provided, number of rides refused and reasons, amount of down time for vehicle being used, method of operation, accidents and worker claims associated with the service. Licensees shall retain such records for at least three (3) years, except that trip sheets must be retained for one (1) year. (Am. by Ord. 13,596, 4-21-04; ORD-15-00041, 4-8-15)

(b) Every licensee shall permit the City Traffic Engineer or her/his designee to inspect and copy those records at any time at least forty-eight (48) hours after the licensee receives the Engineer's written request.

(c) Taxicab companies will be required to maintain and have available for inspection and copying, statements of operating expenses, revenue and characteristics as required by the City Traffic Engineer on a form provided by the Engineer. The City Traffic Engineer may further require the filing of annual reports, schedules and other data by such owners so that the provisions of this ordinance may be completely carried out.

(d) Taxicab companies shall provide, upon request, information to the City Traffic Engineer in order that accident rates and rates of complaints and moving violations for various taxicab companies within the City of Madison can be established.

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(12) Common Council May Impose Further Restrictions. Any license, public passenger vehicle permit or driver's permit issued hereunder shall be subject to such further regulations and restrictions as may be imposed at any time by the Common Council, after public hearings and recommendations by the Transit and Parking Commission. (Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)

(13) Enforcement.

(a) Revocation or Suspension of Licenses and Permits. The City Traffic Engineer may suspend or revoke licenses and permits issued under this section when s/he determines that the licensee or permittee has violated a state statute, a City

ordinance or any rule established under the authority of this ordinance. In order to suspend or revoke a license or permit issued under this section, the City Traffic Engineer shall follow the procedures in this Subsection.

(b) Procedures for Revocation or Suspension of License or Permit. In addition to any other penalties provided for the violation of any of the provisions of this section or any other offense or misconduct substantially related to taxicab or other vehicle operation by any owner or driver shall be cause for revocation or suspension of up to twelve (12) months by the City Traffic Engineer of the license under which said vehicle is operated or the permit covering said vehicle or the driver's permit of the person committing the violation or any or all of them. When a license or permit is revoked no other license or permit shall be granted to such person within twelve (12) months of the date of its revocation nor shall any part of the money paid for any license or permit so revoked be refunded. The City Traffic Engineer shall inform the owner, operator or driver of the revocation or suspension and the reasons therefore in writing.

(c) Appeals. Any suspension or revocation imposed by the City Traffic Engineer may be appealed to an Appeal Subcommittee of the Transit and Parking Commission by filing a Notice of Appeal with the City Clerk within ten (10) days after the date of such notice of revocation or suspension. The Notice of Appeal shall state the basis or bases upon which the licensee seeks review of the Engineer's determination.

The suspension or revocation of a company license ordered by the City Traffic Engineer shall take effect thirty (30) days after the date of the notice of suspension or revocation, unless the City Traffic Engineer grants a stay. The City Traffic Engineer may grant a stay if:

1. S/he receives a written request for a stay on or before the effective date of the suspension or revocation; and
2. The request for a stay states reasons supporting the request; and
3. The City Traffic Engineer finds that granting a stay of the suspension or revocation will not constitute a danger to the public health, safety, welfare, or convenience.

If the Director of Transportation grants a stay of a suspension or revocation under this Subdivision (c), and subsequently determines that the continuation of such stay constitutes a danger to the public health, safety, welfare, or convenience, s/he may rescind the stay by providing written notice to the licensee. Such written notice shall contain reasons for rescission of the stay. The suspension or revocation shall take effect immediately after the licensee receives written notice of rescission of the stay.

The Appeal Subcommittee shall consist of the chair of the Transit and Parking Commission or designee, one (1) Alderperson and one (1) resident who are members of the Transit and Parking Commission, appointed by the Chair of the Transit and Parking Commission. At such hearing the licensee shall have an opportunity to cross examine witnesses, may call witnesses in her/his own behalf and may be represented by legal counsel. After holding a hearing, the Appeal Subcommittee of the Commission shall by majority vote make findings of facts and conclusions of law and may by majority vote affirm, modify or reverse the suspension or revocation imposed by the City Traffic Engineer. Decisions of the subcommittee are final administrative determinations subject to judicial review as provided by law. The final action of the Appeal Subcommittee shall terminate any stay granted under this Subdivision (c). (Am. by ORD-17-00030, 3-8-17)

(d) In the event that a licensee is convicted twice within twelve (12) months of charging fares other than the rate of fare filed with the City Clerk and authorized

pursuant to Sec. 11.06(9), the licensee shall forthwith forfeit any license issued hereunder without further notice, and no license shall thereafter be granted to such person for a period of one (1) year from the date of such revocation.

(e) Forfeitures. Any person violating the provisions of this section shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each and every offense. A violator of Sec. 11.06(13)(d) shall be liable for a forfeiture of fifty dollars ($50) for each day that a public passenger vehicle contains or is equipped with a scanner, as defined in Subsection (3). (Am. by ORD-12-00086, 6-26-12; ORD-14-00091, 5-7-14; ORD-15-00041, 4-8-15)

(Am. by Ord. 11,848, Adopted 4-15-97; Effective 5-21-97)
(Sec. 11.06 R./Re-Cr. by Ord. 10,982, Adopted 8-30-94)

11.07 CAB AND BUS STANDS - REGULATION THEREOF.

(1) The word "stand" when used in this section shall mean a place to be occupied by a vehicle used for the conveyance of passengers or baggage for hire when such vehicle is unengaged and is awaiting or soliciting new business.

(2) Such place or places as the Traffic Engineer may from time to time designate within the public streets or grounds of the City of Madison shall be the authorized stands for hacks, cabs, wagons, omnibuses, horse-drawn vehicles or other vehicles used for the conveyance of passengers or baggage for hire, and it shall be unlawful for any person to use any other place as a stand for such vehicles except by special permission of the Common Council. The Traffic Engineer shall likewise have the power to designate the stand which each of said respective vehicles may occupy, and when any stand shall have been so allotted to any vehicle or vehicles, it shall be unlawful for the owners or operators of such vehicles to permit said vehicle to occupy any other stand except by special permission of the Common Council. Such designation by the Traffic Engineer shall be in writing and filed with the City Clerk, and may be changed from time to time. No person shall solicit passengers in a loud, boisterous manner, or obstruct the crosswalks or sidewalks in the vicinity of said stand. Any hackman, omnibus driver, express man, job wagon man, or any other person engaged in soliciting or procuring passengers for any of the above vehicles named who shall, while waiting for employment at any mass transportation terminal, leave such vehicle, except for the purpose of getting the baggage or other personal property of the person employing him, or leave the horse or other animal attached to the vehicle unattended, or use indecent or profane language, or be guilty of boisterous or loud talking or hallooing, or any disorderly conduct, or vex or annoy travelers and residents, or obstruct any sidewalks or crosswalks shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500) in every case. (Am. by Ord. 8154, 11-14-83; Ord. 13,760, Adopted 12-14-04; ORD-17-00030, 3-8-17)

11.08 ADOPTION BY REFERENCE: STATE CODE. The following is adopted by reference and made a part hereof, as if fully set forth herein:

(1) Wisconsin Administrative Code, Trans 305, Standards for Motor Vehicle Equipment.

(2) A copy of the applicable codes shall be kept at all times and available for inspection, during reasonable hours, in the offices of the City Clerk and the City Transportation Department.

(3) Penalty for Violation of Trans 305. Unless otherwise provided by statute, any person violating the provisions of the Wis. Admin. Code ch. Trans 305, shall be required to forfeit not less than $10 nor more than $200.

(Cr. by Ord. 10140, 11-14-90; Am. by ORD-09-00147, 11-6-09)

11.09 PAYMENT OF TAXICAB AND MOTOR BUS FARE REQUIRED.

(1) Any person who hires a taxicab licensed pursuant to this chapter and fails to pay the fare authorized by law shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500). (Am. by Ord. 13,760, Adopted 12-14-04)

(2) Any person who enters a motor bus that transports persons for hire and refuses to pay, without delay, upon demand of the operator or other person in charge of the motor bus, the prescribed transportation fare shall be subject to a forfeiture not to exceed one hundred dollars ($100). (Am. by Ord. 13,760, Adopted 12-14-04)

(Am. by Ord. 9847, 9-14-89; Am. by Ord. 13,760, Adopted 12-14-04)

11.10 RESERVED FOR FUTURE USE.

11.11 - 11.19 RESERVED FOR FUTURE USE.

11.20 PENALTY. Any person, firm, or corporation shall violate any of the provisions of this chapter for which a penalty has not heretofore been provided shall be subject to a fine of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200). (Am. by Ord. 10,324, 11-14-91)

WORDS AND PHRASES DEFINED

12.01 WORDS AND PHRASES DEFINED. In addition to those words and phrases defined in Wis. Stat. ch. 340, in Chapter 12, the following words and phrases have the designated meanings unless a different meaning is expressly provided or the context clearly indicates a different meaning.

Holidays means the following days: New Year's Day, Martin Luther King, Jr.'s Birthday (third Monday in January), Memorial Day, July 4th, Labor Day, Thanksgiving Day and Christmas Day. (Am. by Ord. 9622, 11-11-88)

Loading zone means that portion of a highway adjacent to the curb or edge of the highway reserved for the use of vehicles for the purpose of loading or unloading passengers or freight, subject to the restrictions imposed by this chapter, when such loading zone is appropriately designated by the Traffic Engineer.

Power driven cycle means a motor driven cycle weighing between one hundred (100) and three hundred (300) pounds fully equipped but without gasoline or oil and designed to travel not over thirty-five (35) miles per hour with a one hundred fifty (150) pound rider on a dry, level, hard surface with no wind.

Public way means any sidewalk, street, bicycle path, alley, highway or other public thoroughfare.

Solid waste has the meaning designated in Wis. Stat. § 144.01. (Cr. by Ord. 10,297, 8-29-91)

Waters of the State has the meaning designated in Section 159.81, Wis. Stats. (Cr. by Ord. 10,297, 8-29-91)

(Sec. 12.01 Am. by Ord. 11,810, Adopted 3-4-97)

12.011 ADOPTION OF CHAPTERS 340 THROUGH 348 OF THE WISCONSIN STATUTES.

Pursuant to the provisions of Wis. Stat. § 349.06, the City of Madison does hereby adopt and incorporate into this chapter of the Madison General Ordinances the provisions of Wis. Stats. Chs. 340—348, inclusive of all future amendments to any provisions of those sections of the Wisconsin Statutes. The City's power to enforce any provision of Wis. Stats. Chs. 340—348, shall not be extended to any offense for which jail or imprisonment, other than for non-payment of a forfeiture, is a prescribed penalty.

(Sec. 12.011 Cr. by Ord. 11,810, Adopted 3-4-97)

ADMINISTRATION

12.02 TRAFFIC BUREAU OF THE POLICE DEPARTMENT.

(1) The Traffic Bureau of the Police Department consists of those officers of the Police Department assigned thereto by the Chief of Police, under the supervision of a Captain of Traffic directly responsible to the Chief.

(2) It shall be the primary duty of the officers of the Traffic Bureau, with such aid as may be rendered by other officers of the Police Department, to enforce the provisions of this chapter and of the State Vehicle Code; to direct traffic; to investigate traffic accidents; and to cooperate with the Traffic Engineer and other officers of the City and state in the enforcement of traffic laws and in developing ways and means to improve traffic conditions.

(3) Officers of the Traffic Bureau, and other police officers, shall in the event of an emergency, direct traffic as conditions require notwithstanding the provisions of this chapter or the State Vehicle Code.

(4) (R. by Ord. 11,808, 3-14-97)

(5) The Traffic Bureau in cooperation with the Records Bureau of the Police Department shall maintain records or files of the following:

(a) All violations or alleged violations in this City of this chapter and of the State Vehicle Code, including a record of final disposition of all such violations so as to show the number of each type of violation. Said records shall be maintained for at least five (5) years and shall be numbered serially. Monthly and annual summaries of the dispositions of said violations shall be available to the public.

(b) Traffic accident reports filed alphabetically by street name and the information in such reports shall be made available to the Traffic Engineer.

(c) Traffic accidents, arrests, convictions, complaints and warrants, recorded alphabetically by the operator's name, for at least five (5) years.

(6) The Traffic Bureau shall periodically study, in cooperation with the Traffic Engineer, the records and files required by this chapter and attempt to discover the reasons for such violations and accidents and devise needed remedial measures.

(7) The Traffic Bureau shall annually prepare a traffic report which shall be filed with the Mayor. Said report shall contain the following information on traffic matters in this City:

(a) The number of accidents, the number of persons killed, the number of persons injured and other pertinent accident data.

(b) The number of traffic accidents investigated and other pertinent data concerning the safety activities of the Police Department.

(c) The plans and recommendations of the Traffic Bureau for future traffic safety activities.

12.03 CITY TRAFFIC ENGINEER AND PARKING MANAGER. In addition to the duties provided in Section 3.14 the City Traffic Engineer and Parking Manager or designee shall perform the duties provided in this section (including the duties listed in Sec. 3.14(3) in the absence of a Director of Transportation.) When used in this Section or throughout this Chapter, the title "Traffic Engineer" means the City Traffic Engineer and Parking Manager, or designee. (Am. by ORD-06-00061, 6-3-06)

(1) The Traffic Engineer shall conduct engineering analyses and investigations of traffic accidents and other traffic conditions; plan the operation of traffic on the streets of this City; cooperate with the Traffic Bureau of the Police Department in periodic studies of the records and files referred to in Section 12.02 and attempt to discover the reasons for violations and accidents and devise needed remedial measures and cooperate with other City officials in the development of ways and means to improve traffic conditions.

(2) The Traffic Engineer shall install and maintain traffic control signs, signals and devices as required by this chapter to make effective the provisions thereof, and may install and

maintain such additional traffic control devices as she or he may deem necessary to regulate traffic pursuant to this chapter and the State Vehicle Code. All such traffic control signs, signals and devices shall conform to the provisions of Wis. Stat. § 349.065. (Am. by ORD-14-00012, 1-14-14)

(3) The Traffic Engineer, acting pursuant to the findings of his/her engineering analyses and investigations and his/her studies of Traffic Bureau records, may:

(a) Install parking meters limiting parking to twelve (12) minutes or thirty (30) minutes at particular parking spaces in any parking meter zone established by this chapter.

(b) Establish and designate by appropriate devices, signs, marks or lines upon or adjacent to the streets, the following, and thereafter maintain such devices, signs, marks or lines:

1. Crosswalks.
2. Safety zones.
3. Loading zones.
4. Traffic lanes.
5. Bus stops or stands.
6. Taxi stands.
7. "No Parking" zones not to exceed one hundred (100) feet in length.
8. Parking spaces.

(Am. by ORD-14-00012, 1-14-14)

(4) Authority To Order Street Light Installations.

(a) The Traffic Engineer is hereby authorized to order street light installations as funds are available, with preference for the installation to be determined by a comparison of vehicular and pedestrian traffic volume, accident experience, crime experience, area development, neighborhood desire for additional lighting, or other factors concerning public welfare. Direct street lighting should be controlled with cutoff or full cutoff lighting fixtures.

(b) The minimum standards for good street lighting in residential areas served by overhead distribution systems should be one (1) six-thousand-(6,000) lumen street light at every intersection of streets which occurs at intervals of approximately four hundred (400) feet. Where intersections are six hundred (600) feet or more apart, midblock street lights may be installed if it is deemed by the Traffic Engineer that a particular hazard exists. Where intersections are eight hundred (800) feet or more apart, a midblock light or lights spaced approximately four hundred (400) feet apart should be considered necessary and be installed when funds are available. A street light should be installed in an alley in a residential district if the alley is longer than six hundred (600) feet or is longer than four hundred (400) feet and does not have a street light at each end. In residential areas within six hundred (600) feet of, and affected by a nighttime activity from, a commercial district, lights should be spaced approximately three hundred (300) feet apart.

(c) The Traffic Engineer is hereby authorized to order street light installation in residential areas served by underground distribution systems after assessments have been established in accordance with Section 66.0701 of the Wisconsin Statutes. The minimum standard for good street lighting in these areas should be one (1) six-thousand (6000) lumen street light at every intersection of streets which occurs at intervals of approximately three hundred (300) feet. Where intersections are four hundred (400) feet or more apart, midblock street lights may be installed if deemed appropriate by the Traffic Engineer. An initial assessment shall be levied to the developer and/or benefited property owners to cover the initial installation cost of the street lighting units.

(d) The Traffic Engineer is hereby authorized to order street light installation in commercial areas served by underground distribution systems after assessments

have been established in accordance with Wis. Stat. § 66.0701. Street lighting units shall be installed in accordance with the criteria stated in Section 12.03(4)(c). An initial assessment shall be levied to the developer and/or benefited property owners to cover the initial installation cost of the street lighting units.
(Am. by Ord. 7969, 3-11-83; ORD-07-00032, 3/22/07)

12.031 TIME LIMITATIONS ON SPECIAL REGISTRATION PLATE/SPECIAL IDENTIFICATION CARD PARKING SPACES.

(1) The City Traffic Engineer and Parking Manager may impose a three-hour or less limitation on parking of a motor vehicle used by a person with a physical disability upon any portion of a street, highway or parking facility reserved for persons with physical disabilities by official traffic signs indicating the restriction if the following conditions are complied with:

(a) No more than one-third of the number of spaces reserved by the city for use by a motor vehicle used by a person with a physical disability are subjected to such time limitations;

(b) No time limitations may be imposed on a reserved space in a parking facility unless an adjacent space without any such time limitation is reserved for use by a motor vehicle used by a person with a physical disability;

(c) The Parking Council on People with Disabilities shall give advice and make recommendations to the City Traffic Engineer and Parking Manager regarding the location of such time restricted reserved spaces;

(d) The official traffic sign for such reserved spaces shall include information on the applicable time limitation for use by a motor vehicle used by a person with a physical disability.

(Am. by ORD-06-00061, 6-3-06; ORD-06-00099, 8-2-06)

(2) Penalty. Parking in excess of any time limitation imposed under this section shall be considered a violation of Wis. Stat. § 346.53(6) as adopted by the Madison General Ordinances and is therefore punishable as set forth in Wis. Stat. § 346.56(1m), as adopted by the Madison General Ordinances.

(3) Reports. The City Traffic Engineer and Parking Manager shall submit a report by December 31 of each odd-numbered year to the Parking Council on People with Disabilities under Wis. Stat. § 46.29(1)(fm), on implementation and administration of the ordinance, including an evaluation of the effectiveness of time limitations imposed by the ordinance. With respect to spaces reserved by the city for use by a motor vehicle used by a person with a physical disability upon any portion of a street, highway or parking facility, the report shall include the total number of spaces; the total number of spaces in a parking facility and the number of those spaces that are subject to a time limitation, and the duration of any such limitation; and the total number of spaces upon a street or highway and the number of those spaces that are subject to a time limitation, and the duration of any such limitation. (Am. by ORD-06-00061, 6-3-06; ORD-06-00099, 8-2-06)

(Sec. 12.031 Cr. by Ord. 11,776, 2-3-97)

12.04 FIREFIGHTERS. Members of the Fire Department, when at the scene of a fire or other emergency, or when Fire Department vehicles are upon the street pursuant to an emergency call, shall have the authority and duty of traffic officers to direct traffic, as conditions require, notwithstanding the provisions of this chapter or of the Wisconsin Vehicle Code.

12.045 EMERGENCY REGULATIONS. The Chief of Police, by and with the approval of the Director of Transportation, may make regulations necessary to make effective the provisions of this chapter.

(1) (a) When it becomes necessary to effectuate the effective movement of vehicles and to plow snow or ice from streets which because of the accumulation of snow or ice

thereon causes such a hindrance to traffic as constitutes an emergency unless the snow or ice is promptly removed, the Chief of Police or his/her designated subordinate, after consultation with the Director of Public Works or his/her designated subordinate and with the Director of Transportation or his/her designated subordinate, shall by appropriate public media declare the beginning of an emergency and the application of emergency snow parking regulations, which regulations shall remain in force and effect until lifted by the Chief of Police or his/her designated subordinate. For the purpose of this ordinance the accumulation of snow or ice on any streets or area sufficient for the application of emergency regulations herein shall be any such accumulation of snow or ice which hinders the safe movement of traffic thereon or that impedes the ability of emergency vehicles and public transportation vehicles to travel safely and expeditiously over such streets or areas. (Am. by ORD-14-00012, 1-14-14)

(b) Reserved for Future Use. (Repealed by Ord. 12,505, 11-19-99)

(c) Enforcement of this ordinance shall not require posting on affected streets but posting shall be placed or erected at or reasonably near the corporate limits on all state and county trunk highways and connecting streets informing motorists that snow emergency regulations are in effect.

(2) When necessary for the cleaning, clearing or repairing of, the removal of snow or ice from any street or streets, or for other emergency or special conditions, the Chief of Police or his/her designated subordinates, is hereby authorized to make temporary regulations of traffic and parking upon such street or streets as conditions require. Notice shall be given of any such regulations by the posting, within a reasonable time before such regulations are to become effective, of reasonably conspicuous signs or other appropriate and convenient means. (Am. by ORD-14-00012, 1-14-14)

(3) The Superintendents of Sanitation (Streets), Parks and Water Supply shall each have concurrent authority with the Chief of Police and his/her designated subordinates, to make emergency regulations when any of said departments are performing work assigned to said department upon, under or above any street or alley when such work might constitute a special hazard to traffic upon such street. The department concerned shall give notice of such regulations in the manner prescribed in subsection (2). (Am. by ORD-14-00012, 1-14-14)

(4) The Traffic Engineer may test traffic control devices under actual conditions of traffic for a period of ninety (90) days, except that such experiments may be continued for an additional ninety (90) day period unless the Common Council shall be resolution determine otherwise in conformity with the provisions of Section 3.14(3)(d). (Am. by Ord. 4605, 6-19-74)

(5) (R. by Ord. 4605, 6-19-74)

(6) Any person violating the provisions of Sec. 12.045(2) and (3) shall be subject to a forfeiture of not less than ten dollars ($10) nor more than thirty dollars ($30) for the first offense and not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for the second or subsequent conviction within a year. In the event the vehicle is towed, the forfeiture shall be not less than forty dollars ($40) nor more than seventy dollars ($70). (Am. by Ord. 8104, 9-19-83; Ord. 12,505, 11-19-99; ORD-10-00015, 2-18-10)

(Sec. 12.05 Renumbered to 12.045 by Ord. 8382, 7-25-84)

12.05 - 12.18 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.29 - 12.31 RESERVED FOR FUTURE USE. (R. by Ord. 12,336, 3-12-99)

12.32 WHEN STANDING OR LOITERING IN ROADWAY OR HIGHWAY PROHIBITED.

(1) No person shall be on a roadway for the purpose of soliciting a ride from the operator of any vehicle other than a public passenger vehicle.

(2) No person shall stand or loiter on any roadway other than in a safety zone if such act interferes with the lawful movement of traffic.

(3) No person shall be on a bridge or approach thereto for the purpose of utilizing such bridge or approach for fishing or swimming when signs have been erected by the Traffic Engineer indicating that fishing or swimming off such bridge or approach is prohibited.

12.325 ENTERING OR STAYING UPON HIGHWAYS RESTRICTED.

(1) Purpose. Pedestrians are increasingly using highways in ways for which the roads were not designed. These uses include approaching vehicles when in use or staying upon medians for purposes other than crossing the highway. These activities create safety hazards for pedestrians and distract drivers, making automobile crashes more likely. This ordinance is designed to decrease the safety hazards by restricting such activity. These safety concerns are most acute on the busiest streets within the City of Madison, identified as arterial streets or highways, and some streets intersecting with those arterial streets. This ordinance applies to those "covered highways" identified in sub. (7) herein.

(2) Definitions. As used in this ordinance,

"Covered Highway" is defined in sub. (7) herein.

A vehicle is "in operation" when it has an operator, as defined in Wis. Stat. § 340.01(41).

A "median" is a paved or unpaved area dividing a street or highway that separates lanes of traffic traveling in opposite directions, or in the case of left or right hand turn lanes, vehicles traveling in the same direction.

(3) No person, other than a person in or on a vehicle, shall be on a covered highway listed in sub. (7) and approach any vehicle in operation, except a vehicle that is legally parked at the curb or the shoulder.

(4) No person shall be upon a median of a covered highway listed in sub. (7) unless that person is in the process of crossing the highway in a safety zone or crosswalk. It is prima facie evidence of a violation of this section if a person stays on the median through two consecutive opportunities to cross the highway in a legal manner under this Chapter and the state traffic laws adopted herein.
This may include a change in the traffic control signal or lack of traffic, as applicable. After such two consecutive opportunities, such person shall not be considered to be "using the safety zone or crosswalk to cross the highway" for purposes of the exception in sub. (6)(b).

(5) No operator of a vehicle shall park, stop or leave standing a vehicle on a covered highway listed in sub. (7) where prohibited or suddenly decrease the speed of said vehicle or deviate from a traffic lane for the purpose of responding to persons violating subs. (3) or (4).

(6) Exceptions. This ordinance does not apply to (a) persons on the sidewalk, (b) persons using the safety zone or crosswalk to cross the highway, (c) persons engaged in law enforcement or rescue activities, including providing assistance to an injured or disabled vehicle or person, (d) persons entering a vehicle as an invited passenger where it is lawful to do so, including activity permitted under Wis. Stat. § 346.29(1) (taxis), (e) persons engaged in repair or maintenance activities on the highway under the direction or authority of the City of Madison or the State of Wisconsin; or (f) streets or portions thereof that have been closed pursuant to a street use permit or other express authorization from the City.

(7) Covered Highways. This ordinance applies only to covered highways, which are those highways or portions of highways listed in subs. (a) and (b) below:

(a) The following highways are designated as arterial streets, the streets and highways within the City of Madison that have the most traffic, and are covered highways under this ordinance:

(b) In addition to the arterial highways designated above, this ordinance applies to any highway containing a median that intersects with any of the arterial highways, but only for the first two hundred (200) feet of the intersecting highway from the arterial highway, as measured along the center line of the intersecting highway from the point the intersecting highway touches the right of way of the arterial highway.

(8) This ordinance shall be effective April 10, 2017, (sixty (60) days after passage). Within three (3) weeks of passage, the Chief of Police, Traffic Engineer and City Attorney will file with the Clerk and Common Council office a plan for educating persons on the new ordinance, including brochures showing places the ordinance is applicable.

(9) The Chief of Police will file a report with the Common Council providing data on the first six (6) months of operation of the ordinance, to include the numbers of those cited, the persons with no permanent address, and other relevant information. The report will be filed no later than eight (8) months after the effective date of the ordinance.

(10) Any person violating this ordinance may be required to forfeit not less than twenty-five dollars ($25) nor more than three hundred dollars ($300). Officers are encouraged to provide a warning for a first offense.

(Sec. 12.325 Rep. & Rec. by ORD-17-00015, 2-20-17)

12.33 - 12.38 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.39 - 12.40 RESERVED FOR FUTURE USE. (R. by ORD-07-00193, 12-20-07)

REQUIRED STOPS

12.41 - 12.49 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, 3-4-97)

12.50 ERECTION OF STOP SIGNS.

(1) The erection of a stop sign by the City Traffic Engineer upon any street shall constitute a declaration that the intersecting street or part thereof is a through highway, except where traffic on said intersecting street is required to stop by an official traffic control device or traffic officer. The City Traffic Engineer may erect stop signs at intersections where:

(a) Three (3) or more accidents preventable by such signs have occurred within the most recent twelve (12) month period and the safe approach speed is fourteen (14) miles per hour or less; or

(b) Vehicle volume shall exceed fifty (50) vehicles per hour for the thirtieth (30th) highest hour of the year, the safe approach speed is fourteen (14) miles per hour or less, and two (2) accidents preventable by such signs have occurred during the most recent twelve (12) month period.

(c) The intersection control criteria adopted by the Common Council indicates stop signs should be erected.

(2) The City Traffic Engineer may erect yield right-of-way signs at intersections where:

(a) Three (3) or more accidents preventable by such signs have occurred during the most recent twelve (12) month period and the safe approaching speed is fifteen (15) miles per hour or more on the minor approaches; or

(b) Vehicle volume shall exceed fifty (50) vehicles per hour for the thirtieth (30th) highest hour of the year; the safe approach speed is fifteen (15) miles per hour or more; and two (2) accidents preventable by such signs have occurred within the most recent twelve (12) month period; or

(c) Channelization or complex traffic patterns require the use of such signs in order to achieve safe and efficient operation.

(d) The intersection control criteria adopted by the Common Council indicates yield signs should be erected.

(3) Where there is no stop sign or yield right-of-way sign, every operator of a vehicle shall approach an intersection in accordance with the requirements of a safe approach speed sign which has been erected by the City Traffic Engineer. The City Traffic Engineer shall erect safe approach speed signs designating the maximum speed at intersections where the safe approach speed has been determined to be less than fifteen (15) miles per hour and more than eight (8) miles per hour, and where the vehicle volume shall exceed fifty (50) vehicles per hour for the thirtieth (30th) highest hour of the year.

(4) Compliance with the standards set out in subsections (1), (2) and (3) shall be established by the use of accepted traffic engineering practices.

(5) The Traffic Engineer shall erect signs in accordance with the provisions of subsections (1), (2) and (3) and shall immediately notify the City Clerk, the Police Department and the alder of the ward in which the affected intersection is located of such installation. (Am. by ORD-09-00147, 11-6-09)

(Sec. 12.50 Am. by Ord. 11,810, Adopted 3-4-97)

12.505 OWNER'S LIABILITY FOR VEHICLE ILLEGALLY CROSSING CONTROLLED SCHOOL CROSSING.

(1) The owner of a vehicle involved in a violation of Wis. Stat. § 346.46(2m), shall be liable for the violation as provided in this section.

(2) An adult school crossing guard who observes a violation of Wis. Stat. § 346.46(2m), may prepare a written report indicating that a violation has occurred. If possible, the report shall contain the following information:

(a) The time and the approximate location at which the violation occurred.

(b) The license number and color of the vehicle involved in the violation.

(c) Identification of the vehicle as an automobile, station wagon, motor truck, motor bus, motorcycle or other type of vehicle.

(3) Within 24 hours after observing the violation, the school crossing guard may deliver the report to a traffic officer of the county or municipality in which the violation occurred. A report which does not contain all the information in sub. (2) shall nevertheless be delivered and shall be maintained by the county or municipality for statistical purposes.

(4) (a) Within 48 hours after receiving a report containing all the information in sub. (2), the traffic officer may prepare a uniform traffic citation under s. 345.11 and may personally serve it upon the owner of the vehicle.

(b) If with reasonable diligence the owner cannot be served under par. (a), service may be made by leaving a copy of the citation at the owner's usual place of abode within this state in the presence of a competent member of the family at least 14 years of age, who shall be informed of the contents thereof.

(c) If with reasonable diligence the owner cannot be served under par. (a) or (b) or if the owner lives outside of the jurisdiction of the issuing authority, service may be made by certified mail addressed to the owner's last-known address.

(5) (a) Except as provided in par. (b), it shall be no defense to a violation of this section that the owner was not operating the vehicle at the time of the violation.

(b) The following are defenses to a violation of this section:

1. That a report that the vehicle was stolen was given to a traffic officer before the violation occurred or within a reasonable time after the violation occurred.

1m. If the owner of the vehicle provides a traffic officer with the name and address of the person operating the vehicle at the time of the violation and the person so named admits operating the vehicle at the time of the violation, then the person operating the vehicle and not the owner shall be charged under this section.

2. If the vehicle is owned by a lessor of vehicles and at the time of the violation the vehicle was in the possession of a lessee, and the lessor provides a traffic officer with the information required under s. 343.46 (3), then the lessee and not the lessor shall be charged under this section.

3. If the vehicle is owned by a dealer as defined in s. 340.01 (11) (intro.) but including the persons specified in s. 340.01 (11) (a) to (d), and at the time of the violation the vehicle was being operated by any person on a trial run, and if the dealer provides a traffic officer with the name, address and

operator's license number of the person operating the vehicle, then the person operating the vehicle, and not the dealer, shall be charged under this section.

BICYCLES AND PLAY VEHICLES

12.751 LICENSING OF OFF-ROAD MOTOR VEHICLES.

(1) Registration of Off-Road Motor Vehicles. Effective January 1, 1979, no person shall operate and no owner shall give permission for the operation of a motor vehicle within the City of Madison while not on a roadway whether on public or private property unless said vehicle is currently licensed and bears license plates pursuant to Wis. Stats. chs. 341 or 350 or unless said vehicle is exempt from registration pursuant to Wis. Stats. Chs. 341.05(1)—(20), Wisconsin Statutes or unless said motor vehicle has first been registered with the City of Madison and properly displays a license plate issued by the City Treasurer.

(2) Registration Form. Every owner of any motor vehicle which is required to be registered and licensed under Subsection (1) of this ordinance shall, by January 1, 1979 or within ten (10) days of the date of acquisition of such off-road motor vehicle, file with the City Treasurer or her/his representative a complete description including make, color, serial number and name and address of purchaser of such off-road motor vehicle, upon a form to be provided for that purpose. Such registration shall be serially numbered and kept on file by the City Treasurer in her/his office as public record. The Treasurer shall issue a certificate of registration to the owner. (Am. by ORD-14-00012, 1-14-14)

(3) License Plate. Immediately upon the registration of an off-road motor vehicle in her/his office, the City Treasurer or her/his representative shall issue to the owner of such off-road motor vehicle a reflectorized license plate serially numbered to correspond with the registration of such off-road motor vehicle and containing thereon the name "Madison" and the date of expiration of registration. Such license plate shall be affixed to such off-road motor vehicle so that it is plainly visible from the rear and shall be kept reasonably clean at all times. It shall thereafter remain affixed to such off-road motor vehicle until the expiration or the cancellation of the registration, or until the off-road motor vehicle is sold or otherwise disposed of by the person to whom the plate was issued. A fee of five dollars ($5) shall be charged for the registration or licensing of any off-road motor vehicle under provisions of this ordinance. In case of theft or loss, a new plate shall be issued for an additional one dollar ($1) fee. No person shall willfully remove, deface or destroy any such license plate. In lieu of issuing a new plate upon each renewal of registration of an off road motor vehicle, the City Treasurer or her/his representative may issue insert tags or decals to indicate the expiration date of registration. (Am. by ORD-14-00012, 1-14-14)

(4) Expiration. Commencing January 1, 1979 motorized off-road vehicles shall be registered each year. All plates issued shall expire on January 1 of each year.

(5) Change of Ownership. Upon the sale or transfer of a licensed off-road motor vehicle, the licensee shall remove the license plate and shall either surrender the same to the City Treasurer, destroy the plate, or may upon proper application but without payment of an additional fee have said plates assigned to another off-road motor vehicle owned by the applicant. When an off-road motor vehicle is dismantled and taken out of operation the license plate shall be destroyed.

(6) No person, firm, corporation or dealer shall sell within the City of Madison a vehicle which is required to be registered pursuant to this section without first providing the buyer a copy of Madison General Ordinances Secs. 12.751(1) through (5) and 12.752 relating to the regulation of off-road motor vehicles. The seller of any such vehicle shall obtain a signed receipt from the purchaser of said vehicle acknowledging receipt of a copy of the ordinances and shall retain a copy of all receipts and the purchaser of said vehicle make the receipts available for inspection by the Police Department for a period of three (3) years from the date of sale. The City Clerk shall prepare copies of these sections of the ordinances and make them available for purchase. (Cr. by Ord. 6761, 10-3-79)

12.752 REGULATION OF OFF-ROAD MOTOR VEHICLES. No person shall operate an off-road motor vehicle in the City of Madison in the following manner:

(1) At a rate of speed that is unreasonable or improper under the circumstances.

(2) In any reckless manner so as to endanger the person or property of another.

(3) While under the influence of intoxicating liquor, fermented malt beverages or controlled substances.

(4) In such a way that the exhaust of the motor makes an excessive or unusual noise.

(5) Without a functioning muffler or a muffler which fails to meet the standards and requirements of Wis. Stat. § 347.39(1) through (3).

(6) On the private property of another without the consent of the owner or lessee. Failure to post property does not imply consent for off-road motor vehicle use.

(7) Between the hours of 10:30 p.m. and 7:00 a.m. when within one hundred fifty (150) feet of a dwelling.

(8) On any private property without obtaining written permission of the property owner, said written permission to be carried on the person of the operator. Immediate members of the owner's family are exempt from this requirement. (Cr. by Ord. 8395, 7-25-84)

(9) (a) On any sidewalk area except at a permanent or temporary established driveway.

(b) Exemptions.

1. Madison Gas and Electric shall be permitted to operate ATVs on sidewalks for the maintenance or repair of gas lines.

2. The Madison City Engineering Division shall be permitted to operate ATVs on sidewalks for maintenance or repair purposes. (Cr. by Ord. 13,142, 9-24-02)

12.76 SPECIAL RULES APPLICABLE TO BICYCLES.

(1) No person shall ride a bicycle on the sidewalk where a building abuts the sidewalk. Bicycle riding on sidewalks is permitted, except as prohibited in this subsection and otherwise regulated in this chapter.

(2) No person shall ride or operate any bicycle over any footbridge within the limits of Madison unless specifically permitted as part of a designated bicycle path.

(3) Trick Riding Prohibited. No person shall engage in trick riding of a bicycle upon any public way.

(4) Parking.

(a) Bicycles parked on streets shall be against the curb in areas where vehicle parking is permitted.

(b) Bicycles parked on sidewalks shall be placed in racks for their support or next to buildings or at the curb and in a manner which affords the least obstruction of pedestrian traffic.

(c) Bicycles parked on public ways shall not be secured to any object within fifteen (15) feet of a crosswalk or to any tree located on public sidewalk or terrace whether paved or not.

(d) Bicycles shall not be parked on the terrace adjacent to any bus stop, freight loading zone, truck loading zone, passenger loading zone, loading zone for people with disabilities, taxi stand or any parking place for persons with disabilities so as to interfere with the unloading or loading of persons or property.

(e) Effective May 1, 1978, bicycles parked in violation of this or any other parking regulation may be removed from the unlawful parking position by any police officer and either relocated at a nearby legal parking space or stored in the Police Property Room until retrieved by the lawful owner.

(f) Mopeds shall comply with this subsection, pursuant to Wis. Stat. § 346.54(1)(e). (Am. by ORD-12-00003, 1-10-12)

(g) Permits for the installation of bicycle racks may be approved by the Board of Public Works and the Common Council. Approval of said application for permit shall be in accordance with the rules and regulations set by the Board of Public Works, pursuant to Wis. Stat. § 66.0425.

(Sec. 12.76 Am. by Ord. 11,810, Adopted 3-4-97)

(5) Bicycle Signals.

(a) Unless otherwise directed by a bicycle signal as provided in Secs. 12.76(6) - 12.76(7), MGO, the operator of a bicycle shall obey the provisions of these ordinances and of the Wisconsin Statutes applicable to the operator of a vehicle.

(b) Whenever an official traffic control signal exhibiting different colored bicycle symbols is shown, the operator of a bicycle facing those traffic control signals shall obey the bicycle signals as provided in Secs. 12.76(6) - 12.76(7).

(Sec. 12.76(5) Cr. by ORD-11-00059, 4-7-11)

(6) Bicycle Traffic-Control Signal Legend.

(a) Whenever bicycle traffic is controlled by bicycle traffic control signals exhibiting different colored bicycle symbols successively, or with arrows, the following colors shall be used and shall indicate and apply to operators of bicycles as follows:

1. Green. Bicycle traffic facing a green bicycle signal may proceed straight through, make a U-turn, or turn right or left unless a sign at such place prohibits the turning maneuver, but bicycle traffic shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

2. Yellow. When shown with or following the green, bicycle traffic facing a yellow bicycle signal shall stop before entering the intersection unless so close to it that a stop may not be made in safety.

3. Red.

a. Bicycle traffic facing a red bicycle signal shall stop before entering the crosswalk on the near side of an intersection, or if none, then before entering the intersection or at such other point as may be indicated by a clearly visible sign or marking and shall remain standing until green or other signal permitting movement is shown.

b. No pedestrian, bicyclist, or rider of an electric personal assistive mobility device facing such signal shall enter the roadway unless he or she can do so safely and without interfering with any vehicular traffic.

c. Bicycle traffic facing a red bicycle signal at an intersection may, after stopping as required under Sub. a., cautiously enter the intersection to make a right turn into the nearest lawfully available lane for traffic moving to the right or to turn left from a one-way highway into the nearest lawfully available lane of a one-way highway on which bicycle traffic travels to the left. No turn may be made on a red bicycle signal if lanes of moving traffic are crossed

or if a sign at the intersection prohibits a turn. In making a turn on a red bicycle signal bicycle traffic shall yield the right-of-way to pedestrians, bicyclists, and riders of electric personal assistive mobility devices lawfully within a crosswalk, to operators of vehicles making a lawful U-turn, and to other traffic lawfully using the intersection.

4. Green Arrow.

a. Bicycle traffic facing a green bicycle arrow signal may enter the intersection to make the movement indicated by the bicycle arrow but shall yield the right-of-way to pedestrians, bicyclists, and riders of electric personal assistive mobility devices lawfully within a crosswalk and to other traffic lawfully using the intersection. Bicycle traffic facing a left turn bicycle arrow may make a U-turn unless a sign prohibits U-turns. When the green bicycle arrow signal indicates a right or left turn bicycle traffic shall cautiously enter the intersection.

b. No pedestrian, bicyclist, or rider of an electric personal assistive mobility device facing such signal shall enter the roadway unless he or she can do so safely and without interfering with any vehicular traffic.

(b) In the event an official bicycle traffic signal is erected and maintained at a place other than an intersection, the provisions of this section are applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(Sec. 12.76(6) Cr. by ORD-11-00059, 4-7-11)

(7) Flashing Bicycle Signals. Whenever flashing red or yellow bicycle signals are used they require obedience by bicycle traffic as follows:

(a) Flashing Red (Stop Signal). When a red bicycle lens is illuminated with rapid intermittent flashes, operators of bicycles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed is subject to the rules applicable after making a stop at a stop sign.

(b) Flashing Yellow (Caution Signal). When a yellow bicycle lens is illuminated with rapid intermittent flashes, operators of bicycles may proceed through the intersection or past such signal only with caution.

(Sec. 12.76(7) Cr. by ORD-11-00059, 4-7-11)

12.761 ABANDONED BICYCLES.

(1) Violation. No person may leave unattended any bicycle on any public street, highway, building, place or park upon any public or private property, for such time and under such circumstances as to cause the bicycle to reasonably appear to be abandoned.

(2) Notice of Abandonment. Any bicycle in violation of sub. (1) may have a notice affixed to it which informs the owner of the bicycle, that the bicycle appears to be abandoned. Only a police officer, the City Traffic Engineer and Parking Manager, and the Superintendent of Parks or his/her designee have authority to affix such notices upon bicycles. The notice shall indicate:

(a) The date and time the notice was affixed;

(b) A phone number for the owner to call to inform the agency which affixed the notice, that the bicycle is not abandoned;

(c) The date and time after which the bicycle may be removed under sub. (3).

A bicycle shall be deemed as "not abandoned" if the owner of the bicycle, within 48 hours of the affixing of a Notice of Abandonment, notifies the agency affixing that notice, that the bicycle is not abandoned. (Am. by ORD-06-00061, 6-3-06)

(3) Removal. If a bicycle remains in violation of sub. (1) more than 48 hours after the Notice of Abandonment has been affixed in compliance with sub.(2), that bicycle may be removed by any police officer; City Traffic Engineer and Parking Manager's designee; or Superintendent of Parks designee, and immediately thereafter delivered to the police property room. However, before any designated person removes a bicycle they shall first determine whether their agency has designated the bicycle as "not abandoned." A bicycle designated "not abandoned" may not be removed. A bicycle removed under this section shall remain in the custody of the police department until it is retrieved by the owner or otherwise disposed of according to law. (Am. by ORD-06-00061, 6-3-06)

(Cr. by Ord. 11,867, 6-2-97)

12.762 REMOVAL OF BICYCLE RACKS FOR STREET USE PERMITS OR EMERGENCY REMOVAL.

Upon compliance with this section, the City of Madison may remove any bicycle rack located on City-owned property within the City of Madison and may impound any bicycle parked in the rack. Only a police officer; the City Traffic Engineer and Parking Manager, and the Superintendent of Parks, or his/her designee, shall have authority to remove any bicycle rack and impound any bicycle parked in the bicycle rack. (Am. by ORD-06-00061, 6-3-06)

(1) Definitions. For purposes of this section, the following words or terms have the meaning set forth below:

(a) "City-owned Property" means real property owned by the City of Madison, including but not limited to, streets, sidewalks, alleys, parks, parking lots, buildings and rights-of-way.

(b) "Bicycle" has the meaning found in Wis. Stat. § 340.01(5).

(c) "Bicycle Rack" means a frame, stand or other permanent or semi-permanent fixture designed and intended to provide parking space for bicycles.

(d) "Removal period" means the portion of time during which a Street Use Permit granted under Section 10.056, MGO, is in effect or an emergency declared by the Madison Police Department is in effect.

(2) A bicycle rack may not be removed more than twenty-four (24) hours prior to the removal period.

(3) Notice Procedures. Before removing any bicycle rack and impounding any bicycle parked in the bicycle rack, the City of Madison, or its designee, shall provide notice of the removal as follows:

(a) At least forty-eight (48) hours before the scheduled removal of the bicycle rack, notice shall be affixed to each designated bicycle rack and other permanent fixtures in the area. Notice shall also be affixed to the handlebars or seat of any bicycle parked in the bicycle rack. The notice shall include:

1. The date and time of the scheduled removal of the bicycle rack;
2. A statement that any bicycle parked in the bicycle rack on the removal date will be impounded;
3. Information about retrieving an impounded bicycle, including but not limited to, a phone number, address and the hours during which the owner may retrieve the bicycle;
4. A phone number for the owner to call for information about alternate available parking for bicycles during the removal period.

(b) Twenty-four (24) hours before the scheduled removal of the bicycle rack, notice shall be affixed to the handlebars or seat of any bicycle parked in the rack. Said notice shall contain the identical information set forth in subsection (a).

(c) Upon removal of the bicycle rack, all bicycles parked in the bicycle rack shall be removed and securely stored in the Police Property Room.

(d) Once the bicycle rack has been removed, notice shall be affixed to the nearest permanent fixture providing information about retrieving an impounded bicycle. The notice shall include a phone number, address and the hours during which the owner may retrieve the bicycle.

(4) The City of Madison shall return the bicycle rack to its original location within twenty-four (24) hours after the removal period ends.

12.77 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.78 REGISTRATION OF BICYCLES.

(1) Registration and Licensing of Bicycles. No person shall operate a bicycle upon any public way within the City of Madison unless said bicycle shall have been properly registered by the City of Madison as hereinafter provided, or shall have a valid current registration in another municipality.

(2) Registration Form. Every owner or operator of any bicycle within the City of Madison shall, within ten (10) days of the acquisition of such bicycle or from establishing a residence in the City, file with the Director of Transportation or her/his designee a complete description including make, model, color, serial number and additional information as required and name and address of purchaser of such bicycle, upon a form to be provided for that purpose. The registrar shall verify serial number and name and address. Such registration shall be serially numbered and kept on file by the Department of Transportation in its office as a public record. The registration shall be cross-referenced so that a bicycle can be identified by all of the following methods:

(a) Bicycle serial number.

(b) Registration sticker or decal number.

(c) Name of owner.

(d) Any bicycle purchased from a bicycle dealer within the City of Madison after the effective date of this ordinance shall be registered by the dealer. The dealer, at the time of sale, shall require the buyer to complete an application for registration, collect the required fee, and mail the application and fee to the Director of Transportation or her/his designee no later than two (2) weeks after the date of sale. When a bicycle dealer sells a bicycle to a person from another city, town, or village who wishes to register that bicycle in her or his home city, town, or village, the dealer shall, at the time of sale, complete an application for registration and indicate on the application that the bicycle is to be registered in another city, town, or village. All bicycle dealers shall supply registration information to the City on all bicycles sold or transferred. Dealers may retain one dollar ($1) from the sale of each registration to cover the costs of administration of the registration program.

(e) The University of Wisconsin-Madison shall actively promote bicycle registration through both educational and enforcement programs. The UW-Madison or its representatives may complete applications for bicycle registration and collect the required fee. The UW-Madison or its designated representative shall mail the completed applications and collected fees to the Director of Transportation no later than two weeks after completion of each application. The UW-Madison may retain one-half of each registration fee collected to cover the costs of the registration program.

(Sec. 12.78(2) Am. by Ord. 11,917, 8-18-97)

(3) Sticker or Decal. Immediately upon the registration of a bicycle, the registrar shall issue to the owner of such bicycle a serially numbered sticker or decal to indicate the period of registration. Such sticker or decal shall be affixed to the bicycle frame so that it is plainly visible and shall be kept reasonably clean at all times. It shall thereafter remain affixed to

such bicycle until the expiration or the cancellation of the registration. A fee of ten dollars ($10) for one or two bicycles, and eight dollars ($8) for each subsequent bicycle shall be charged for the registration of any bicycle under provisions of this ordinance. No person shall willfully remove, deface or destroy any such sticker or decal. (Am. by Ord. 13,601, 5-11-04)

(4) Expiration of Registration. Bicycles shall be registered every four (4) years. Registration of bicycles shall be effective until May 15 of the calendar year four years after the year of registration.

(5) Lost Registration Stickers or Decals and Ownership Transfer. In case of theft or loss of decal or sticker, a new decal or sticker shall be obtained. Upon the sale or transfer of a registered bicycle, the new owner shall report the sale or transfer to the Chief of Police, indicating her/his name and address as well as the name and address of the person from whom the bicycle was acquired.

(6) Notification of Change in Address. Whenever the owner of a registered bicycle moves or changes address, s/he shall notify the Chief of Police in writing of the new address within ten (10) days.

(7) Bicycle To Be In Safe Mechanical Condition. The Chief of Police or her/his designee shall refuse to register or shall suspend the registration of any bicycle found to be in unsafe mechanical condition or not equipped or registered as herein required until proof is given that the defect or defects are corrected. Unsafe mechanical condition includes, but is not limited to, a bicycle with improvised or defective handlebars.

(Section 12.78 Am. by Ord. 10,245, 4-26-91)

12.781 LICENSING OF BICYCLE DEALERS.

(1) No person, firm, association or corporation shall carry on or operate within the City of Madison a business for the purchase or sale or transfer of new or used bicycles or bicycle parts, without first having obtained a license therefore as hereinafter provided. For purposes of this ordinance, the sale or transfer of three (3) or more bicycles in a period of one (1) year constitutes a business. (Am. by Ord. 8124, 10-17-83)

(2) The license fee for each individual premises shall be one hundred dollars ($100) per annum. Renewal licenses shall be obtained on or before June 30 of each year or be subject to a late filing fee of 15% of the license fee. Payment of the late filing fee shall not relieve any person from any other penalties prescribed in this chapter for failure to possess or obtain a license. (Am. by Ord. 9022, 12-11-86; Ord. 13,601, 5-11-04; OD-06-00154, 11-23-06)

(3) At least every 14 calendar days when bicycles are sold or transferred, every person, firm, association or corporation engaged in the business of selling or transferring new or used bicycles in the City of Madison shall report to the Chief of Police all sales, transfers, and registrations made by her/him, giving a description of each bicycle sold or transferred, the name and address of purchaser or transferee, make of bicycle, color, serial number, and additional information as may be required. New bicycles, manufactured without a serial number, shall have a serial number stamped on the frame by the dealer in accordance with an approved city numbering system. (Am. by Ord. 10,245, 4-26-91)

(4) The Chief of Police shall provide suitable forms upon which such reports shall be made, which shall be furnished upon request to persons, firms, associations or corporations engaged in selling or transferring of new or used bicycles in the City of Madison. (Am. by Ord. 10,245, 4-26-91)

(5) One designated copy of such record shall be retained by the licensee. Such reports shall be open to the police.

12.782 SALE AND RENTAL OF BICYCLES.

(1) Provision of Safety Equipment. No person, firm, association or corporation shall sell or transfer a bicycle without proper safety equipment as designated in Wis. Stat. § 347.489.

(2) No person shall sell, transfer, or offer for sale or transfer any bicycle unless s/he can prove ownership of said bicycle. A City of Madison bicycle registration form or a bill of sale shall constitute a proof of ownership.

(3) No person shall rent, lease or loan a bicycle of any kind to another unless s/he has ascertained that the bicycle is in safe mechanical condition, properly equipped and registered.

(4) No person shall knowingly rent, lease or loan a bicycle of any kind to any person who is incapable of operating said bicycle by reason of physical or mental disability, or is under the influence of liquor, fermented beverages, narcotics or other drugs.

(Am. by Ord. 10,245, 4-26-91)

12.79 PENALTY FOR VIOLATING SECTIONS 12.74 THROUGH 12.782. The penalty for violating Sections 12.74 through 12.782 shall be as follows:

(1) Any person violating any provision of Sections 12.76(1) to (4), 12.78(6), 12.782(3) and (4) may be required to forfeit not more than forty dollars ($40). (Am. by ORD-10-00015, 2-18-10)

(2) Any person violating any provision of Section 12.78(1), (2) and (4) may be required to forfeit not more than twenty dollars ($20) for the first offense and not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for the second and subsequent convictions within one year.

(3) Any person violating any provision of Sections 12.78(3), (5) or 12.782(1) may be required to forfeit not more than ten dollars ($10).

(4) Any person violating Section 12.781 may be required to forfeit not less than ten dollars ($10) nor more than one hundred dollars ($100).

(5) Any person violating Section 12.78(2), 12.781(3), or 12.782(2) may be required to forfeit not less than ten dollars ($10) nor more than two hundred dollars ($200) for the first offense, and not less than ten dollars ($10) nor more than two hundred dollars ($200) for the second offense and revocation of license for the second offense within a licensing year.

(6) Any person violating any provision of Section 12.751 may be required to forfeit not less than ten dollars ($10) nor more than one hundred dollars ($100).

(7) Any person violating any provision of Section 12.752 may be required to forfeit not less than twenty dollars ($20) nor more than two hundred and fifty dollars ($250). (Am. by Ord. 13,760, Adopted 12-14-04)

(8) Penalty. Any person violating any provision of Section 12.76(6) or 12.76(7) may be required to forfeit not more than $20. (Cr. by ORD-11-00059, 4-7-11)

(Sec. 12.79 Am. by Ord. 11,810, Adopted 3-4-97)

MOPEDS

12.791 RIDING MOPED ON BICYCLE WAY. No person may ride a moped or motor bicycle with the power unit in operation upon a bicycle way. Any person violating this Section may be required to forfeit not more than twenty dollars ($20) upon conviction. (Sec. 12.791 Am. by Ord. 11,810, Adopted 3-4-97)

12.792 NEIGHBORHOOD ELECTRIC VEHICLES ALLOWED.

(1) Definition. "Low-speed vehicle" means a vehicle as defined in Wis. Stat. § 340.01(27h).

(2) A Low-speed vehicle may be operated on any roadway that has a speed limit of 35 miles per hour or less, subject to the limitations in Section 3, herein.

(3) A Low-speed vehicle may be operated on a connecting highway or an intersection where the roadway crosses a state trunk highway, if, pursuant to Wis. Stat. § 349.26, the Wisconsin Department of Transportation has either consented to such use or has not made a timely objection to such use.

(4) The Traffic Engineer shall provide the Wisconsin Department of Transportation written notice of the enactment of this ordinance, which shall include identification of any connecting highway or state trunk highway intersection to which the ordinance will apply. If the Wisconsin Department of Transportation objects, as provided in Sub 4, to the application of this ordinance to such connecting highway or intersection, then the Traffic Engineer shall cause appropriate signs to be placed at those locations objected to by the Wisconsin Department of Transportation, advising that a Low-speed vehicle may not be operated at those locations.

(5) Any person who operates a Low-speed vehicle contrary to this ordinance may be required to forfeit not less than ten dollars ($10.00) and not more than five hundred dollars ($500.00).

(Sec. 12.792 Cr. by ORD-08-00045, 4-26-08; Am. by ORD-14-00049, 3-6-14)

MISCELLANEOUS RULES

12.80 USE OF FLASHING RED WARNING LIGHTS BY SCHOOL BUS OPERATORS. Pursuant to Wis. Stat. § 349.21, school bus operators may use flashing red warning lights in a residence or business district at locations where there are no traffic signals when pupils or other authorized persons must cross the street or highway before being loaded or after being unloaded. (Cr. by Ord. 11,949, 10-31-97)

12.81 COMPRESSION BRAKES PROHIBITED

(1) No person shall use motor vehicle brakes which are in any way activated or operated by the compression of the engine of any motor vehicle.

(2) It shall be an affirmative defense to prosecution under Sub. (1) that the compression brakes were applied in an emergency and were necessary to prevent immediate danger to life or property.

(3) Any person violating the provisions of this section shall be punished by a fine of not less than fifty dollars ($50) nor more than two hundred dollars ($200) and each instance of violation shall constitute a separate offense.

(4) This section shall become effective April 1, 2002.

(Cr. by Ord. 13,025, 2-26-02)

12.82 - 12.86 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.87 PARADES, PROCESSIONS AND CARNIVAL EQUIPMENT.

(1) Each driver in any procession except a procession permitted by the Chief of Police under subsection (11) shall drive as near to the right-hand edge of the roadway as practical, except upon one-way streets or when otherwise directed by a police officer, and shall follow the vehicle ahead as close as is practical and safe.

(2) Parades and Processions.

(a) The streets and other public places in possession of the City are primarily for the use of the public in the ordinary way. However, under proper circumstances they may be used for parades and processions, subject to reasonable municipal regulation and control. It is recognized that there is a fundamental and constitutional right to use the public streets for a parade. Therefore this ordinance is intended to regulate and control parades and processions to the end that the general welfare of the City be protected.

(b) In this section "parade" means any parade, march or procession of any kind and the assembly areas therefore.

(c) No person shall form, direct, marshal, lead or participate in any parade in any area used principally for pedestrian or vehicular traffic, where she or he knows a permit

has not been obtained in advance, unless a permit has been obtained in advance from the Chief of Police, except that, upon notification to the Chief of Police a parade on sidewalks and footways, in which persons move not more than two (2) abreast and which does not substantially hinder normal use of the sidewalk or footway, and which conforms with traffic signals and other traffic regulations, is permitted without a permit. (Am. by ORD-14-00012, 1-14-14)

(d) No person who leads or participates in a parade shall disobey, or encourage others to disobey, this section after a police officer has directly and presently informed her or him of any of the provisions of this section or the terms of the parade permit that she or he is violating. (Am. by ORD-14-00012, 1-14-14)

(e) A permit is not required for assembling or movement of a funeral procession, or for any parade sponsored by an agency of the federal or state government, acting in its governmental capacity within the scope of its authority. Federal and state authorities are requested to coordinate preparations for and holding parades sponsored by them under this section with the Chief of Police.

(f) A written application for a permit for any parade for which use of streets, sidewalks or walkways is desired shall be made at the earliest convenience of its organizer to the Chief of Police on a form provided by him, but in no case less than seventy-two (72) hours prior to the parade.

(g) The Chief of Police shall obtain the recommendations of the City Traffic Engineer for any parade permit that is proposed on or across a City bus route or arterial street or requires the services and/or equipment from the Traffic Engineering Division to close streets and/or reroute traffic before he/she approves a parade permit. The Chief of Police shall also obtain the recommendations of such other governmental agencies as the Chief deems necessary before he/she approves a parade permit.

(h) The application maybe denied:

1. If it is for a parade that is to be held on a work day during hours when and at places where, in addition to the proposed parade, the flow of vehicular and pedestrian traffic is usually delayed by its own volume; or
2. If it is for a parade that is to be held between the hours of 10:00 p.m. and 6:00 a.m.
3. If sufficient parade marshals are not provided as to reasonably assure the orderly conduct of the parade.

(i) The application shall be denied:

1. If it is made less than seventy-two (72) hours in advance of the time the parade is scheduled to commence; or
2. If it is for a parade that is primarily for private or commercial economic gain; or
3. If it is for a parade which would involve violation of federal or state highway law or of other applicable provisions of the Madison General Ordinances; or
4. If the granting of the permit would conflict with another permit already granted or for which application is already pending; or
5. If the application does not contain the information required by subsection (k); or
6. If more than one assembly area or more than one dispersal area is proposed.

(j) All applications shall be filed with the Chief of Police. Applications filed less than thirty-five (35) days prior to the date on which the parade is proposed to be conducted shall be filed in person with the Chief of Police.

(k) The application shall set forth the following information regarding the proposed parade:

1. The name, address and telephone number of the applicant.
2. If the parade is proposed to be conducted for, on behalf of, or by an organization, the name, address and telephone number of the headquarters of the organization, and of the authorized and responsible heads of such organization.
3. The name, address and telephone number of the person who will be responsible for conducting the parade.
4. The date when the parade is to be conducted and its duration.
5. The assembly area, the starting point, the route to be traveled and the termination point.
6. The number and size of units comprising the parade.
7. If the parade is to be conducted by or for any person other than the applicant, the applicant for such permit shall file with the Chief of Police a communication in writing from the person proposing to hold the parade authorizing the applicant to apply for the permit on her/his behalf. (Am. by ORD-14-00012, 1-14-14)
8. Any additional information which the Chief of Police finds reasonably necessary to a fair determination as to whether a permit should be issued.

(l) The Chief of Police shall issue a permit to the applicant subject to the foregoing paragraphs of this section, unless the Chief concludes that:

1. The policing of the parade will require so large a number of persons and vehicles, including ambulances, as to prevent adequate service of the needs of the rest of the City; or
2. The parade will so substantially hinder the movement of police and fire and other emergency vehicles as to create a substantial risk to persons and property; or
3. The conduct of the parade will substantially interrupt the safe and orderly movement of other traffic contiguous to its route; or
4. The parade is so poorly organized that participants are likely to engage in aggressive or destructive activity.

(Am. by ORD-14-00012, 1-14-14)

(m) The Chief of Police shall act as promptly as she or he reasonably can on all applications for permits after consulting with other government agencies directly affected and after consulting with the applicant, if necessary. All applications filed thirty-five (35) days or more in advance shall be granted or denied not less than twenty-eight (28) days before the date applied for. Action on applications filed less than thirty-five (35) days in advance shall be taken within seven (7) days after the application is filed, but in no case later than ten (10) hours in advance of the time applied for. The Chief of Police shall immediately by the most reasonable means of communication, notify the applicant of such action and, if the application is denied, the reasons for her/his denial of the permit. In lieu of denying a permit or revoking it under subdivision (o) the Chief of Police may authorize the changing of assembly areas or dispersal areas or the conducting of the parade at a date or time or over a route different than as applied for or as permitted. The applicant or permittee may accept such modification by immediately notifying the Chief of Police, in writing, of such acceptance. In lieu of revoking a permit under subdivision (o), the Chief of Police may require the permittee to file evidence of good and sufficient sureties, insurance in force or other evidence of adequate financial responsibility, running to the City of Madison and such third parties as may be injured or damaged, in an amount depending upon the likelihood of injury or damage as a direct and proximate result of the holding of the parade sufficient

to indemnify the City of Madison and such third parties as may be injured or damaged thereby, caused by the permittee, its agents or participants. (Am. by ORD-14-00012, 1-14-14)

(n) Where the Chief of Police and Mayor have determined that the cost of City services incident to the staging of the parade will be increased because of the parade, the Chief of Police and Mayor may require the permittee to make payment into the general fund of the City of Madison in an amount equal to the increased cost for the City services.

(o) Nothing herein shall prevent the Mayor or the Common Council from overruling the Chief of Police in granting or denying a permit. The Chief of Police may revoke a permit already issued, upon notification to and approval by the Mayor, if the Chief of Police deems that such action is justified by an actual or potential emergency due to weather, fire, riot, other catastrophe or likelihood of a breach of the peace, or by a major change in the conditions forming the basis of the standards of issuance.

(p) Each parade permit shall state such information as the Chief of Police shall find necessary to the enforcement of this section.

(q) Immediately upon the issuance of a parade permit, the Chief of Police shall send a copy thereof to the following:

1. The Mayor.
2. The Fire Chief.
3. The Director of the Department of Public Works.
4. All divisions of the Department of Public Works affected by the parade (City Engineering, Parks, and Streets).
5. Each public transportation utility whose regular routes will be affected by the parade (Madison Metro and private bus lines).
6. The City Traffic Engineer.

(r) A permittee under this section shall comply with all permit directions and conditions and with all applicable laws and ordinances.

(s) Each provision or requirement of any portion of this subsection shall be considered separable, and the invalidity of any portion of this subsection shall not affect the validity or enforceability of any other portion.

(3) It shall be unlawful for any person, firm or corporation to operate any vehicle or vehicles transporting carnival equipment or paraphernalia over any street in the City of Madison without a permit from the Chief of Police. Said permit shall designate the time for use and the streets to be used by said vehicles. No carnival shall load or unload in the City of Madison.

(Sec. 12.87 Am. by Ord. 11,810, Adopted 3-4-97)

12.88 PENALTY FOR VIOLATING SECTION 12.87.

(1) Any person violating any provision of Section 12.87(2) may be required to forfeit not less than ten dollars ($10) nor more than two hundred dollars ($200).

(2) Any person violating any provision of Sections 12.87(1) or (3) may be required to forfeit not more than one hundred dollars ($100).

(Sec. 12.88 Am. by Ord. 11,810, Adopted 3-4-97)

(Subsections (18) through (36) inclusive of Sec. 12.905 Cr. by Ord. 8965, 9-12-86)

12.91 TRAFFIC ON EDGEWOOD DRIVE RESTRICTED. No person shall operate any motor vehicle other than an automobile upon Edgewood Drive and no person shall operate any motor vehicle upon Edgewood Drive for other than park or pleasure purposes.

(1) No person shall park, stop or leave standing any vehicle at any time, whether attended or unattended, on Edgewood Drive. (Cr. by Ord. 11,711, 11-13-96)

12.915 TRAFFIC ON STATE STREET RESTRICTED.

(1) Purpose. There is congestion on State Street. In addition to authorized emergency vehicles, public utility vehicles and motor buses, there are too many automobiles, motor trucks, and large motor trucks moving in and out of the area. Many vehicles park in the area but are not actively delivering goods or services. One effect is to threaten the safety of pedestrians. A second effect is to limit accessibility to State Street for authorized emergency vehicles, especially fire vehicles. A final effect is to severely erode the purpose of State Street, which is to serve as a mall for the residents and guests of Madison.

The purpose of this section is to reduce traffic in the area and thus protect the health and safety of the residents and guests of the City and maintain the pedestrian-friendliness and esthetic qualities of the mall, to maintain adequate delivery of services and goods to area merchants, and to allow access for authorized emergency vehicles, public utility vehicles and motor buses. (Am. by Ord. 12,777, 3-13-01; ORD-17-00030, 3-8-17)

(2) Definitions. Words and phrases in this section have the meanings designated in Sec. 12.01, Madison General Ordinances, unless the context clearly indicates a different meaning with the following definitions for use in this section only.

Active or actively loading and unloading means the loading and unloading of goods, freight, materials, passengers, tools, or any other items with no more than 10 minutes of inactivity at any one time.

Automobile means a motor vehicle with a shipping weight of more than one thousand (1,000) pounds, registered as an automobile pursuant to Sec. 341.25(1), Wis. Stats., designed and used for carrying persons or property, which may include public passenger vehicles, but which does not come within the definition of motor truck, motor bus, motorcycle, moped or motor bicycle.

Food delivery vehicles means an automobile or motor truck as designated in this subsection, which is clearly marked with a name or logo of the establishment utilizing it, when the vehicle is used to deliver prepared food from an establishment located on State Street to a customer located elsewhere.

Large motor truck means every motor vehicle designed, used or maintained primarily for the transportation of property, which is registered as a double bottom, road tractor, semitrailer, truck tractor, tractor-semitractor combination pursuant to Sec 341.25(2), Wis. Stats., and which has six or more wheels.

Mass transit way means that portion of the highway designated for the primary use of mass transit vehicles.

Motor truck means every automobile or motor truck designed, used and maintained for the transportation of persons or property, which may include public passenger vehicles, which is registered as a motor truck pursuant to Sec. 341.25, Wis. Stats., which has a maximum of four wheels.

Public passenger vehicle means a motor vehicle which is used for the transportation of passengers for hire except: those operated on fixed routes pursuant to authority granted by the city, state or federal government; rent-a-cars; vehicles operated solely as funeral cars; carpool vans; and amphibious motor vehicles properly registered and licensed by the Wisconsin Department of Transportation as motor buses and operating on the highway upon routes between lake access points. (Am. by ORD-05-00127, 7-22-05)

Public utility vehicle means vehicles of a public utility as defined in Sec. 196.01, Wis. Stats.

(Sec. 12.915(2) Am. by Ord. 12,777, 3-13-01)

(3) Description of Area. This section applies to the 100 through 600 blocks of State Street running between West Mifflin Street and North Lake Street. When used in this section, the phrases "State Street" or "the area" shall include only the 100 through 600 blocks of State Street as described within this subsection. (Am. by Ord. 12,777, 3-13-01)

(4) Authority for Legislation.

(a) Pursuant to Wis. Stats. §§ 66.0905, 349.13 and 349.22, the 100 through 600 blocks of State Street are restricted for use by the particular type, character and class of vehicles which may be operated thereon and by the particular type of vehicle operations which may be performed such as turning and parking.

(b) This area is designated as a mass transit way. Use of the area is limited to bicycles, motor buses, public utility vehicles and authorized emergency vehicles except as enumerated elsewhere in this section. Vehicles other than bicycles, motor buses, public utility vehicles and authorized emergency vehicles may occupy a preferential use lane to make a permitted turn only as long as necessary to execute such turn and only with due regard for the safety of other lawful users of the preferential lane.

(5) Automobile Regulations.

(a) Automobiles shall be operated on State Street only for the following purposes, and shall not park, stop or stand upon State Street for any purposes other than:

1. Furnishing transportation for persons with a disability that limits or impairs the ability to walk; or
2. Furnishing delivery or maintenance service functions.
3. Picking up or returning merchandise so large, bulky or heavy that vehicular access immediately adjacent to the establishment is necessary.

(b) It shall be unlawful for automobiles to enter or exit State Street other than via the cross street nearest to their destination or by a route specified by the Traffic Engineering Division of the Department of Transportation.

(c) It shall be unlawful for automobiles to be parked on State Street without the visible display of an auto-use permit.

1. The permit shall be placed on the driver's side dashboard, clearly and entirely visible to a person outside the automobile.
2. Permits are available from the Traffic Engineering Division of the Department of Transportation with use restricted to the purposes delineated in Subsection (5)(a) of this section. (Am. by ORD-11-00014, 1-27-11)
3. A maximum of one permit shall be allowed to each establishment on State Street upon application to the Traffic Engineering Division of the Department of Transportation. (Am. by ORD-11-00014, 1-27-11)
4. Permits shall be distributed by establishments only for the purposes expressed in Subsection (5)(a) of this ordinance and may be used by the owner, operator, employees, vendors, service providers or patrons of the establishment.
5. Appeals for the denial of an auto-use permit may be made to the Pedestrian/Bicycle/Motor Vehicle Commission and shall be made within thirty (30) days of notice having been sent by first class mail to the applicant's address as indicated on the auto-use application.

(d) Automobiles shall park parallel to the curb as follows:

1. In the 100-200 blocks, there shall be a minimum of two wheels on the curb;
2. In the 300-600 blocks, all four wheels must be on the curb between the glitter pole line and the street if space permits. If space does not allow all four wheels on the curb, there shall be two wheels on the curb.

(e) It shall be unlawful for automobiles to park in loading zones except on Sundays and holidays.

(f) It shall be unlawful for automobiles to park on State Street for more than thirty (30) minutes. While parked, automobiles shall be actively loading and unloading.

(Sec. 12.915(5) Am. by Ord. 12,777, 3-13-01)

(6) Motor Truck Regulations.

(a) It shall be unlawful to stop, stand or park any motor truck, as defined in paragraph (2), on State Street between the hours of 11:30 a.m. and 1:30 p.m. (Cr. by Ord. 12,777, 3-13-01)

(b) Motor trucks shall enter the area and be operated upon State Street for the sole purpose of receiving or delivering merchandise or services to immediately adjacent properties specifically requesting such merchandise or service and; before 11:30 a.m. and after 1:30 p.m., shall not park, stop, or stand upon State Street for any other purposes except as authorized in this ordinance. (Am. and Renum. by Ord. 12,777, 3-13-01)

(c) It shall be unlawful for motor trucks to enter or exit State Street other than via the cross street nearest to their destination or by a route specified by the Traffic Engineering Division of the Department of Transportation. (Am. and Renum. by Ord. 12,777, 3-13-01; Am. by ORD-11-00014, 1-27-11)

(d) It shall be unlawful for motor trucks to park in this area during the times allowed unless active loading and unloading is taking place from the motor truck. (Am. and Renum. by Ord. 12,777, 3-13-01)

(e) Motor trucks shall, during the times allowed, park parallel to the curb as follows:

1. In the 100-200 blocks, motor trucks shall have at least two wheels on the curb.
2. In the 300-600 blocks, motor trucks must park in a loading zone. If the loading zones are full, motor trucks must have all four wheels on the curb

between the glitter pole line and the street, if space permits. If space does not allow all four wheels on the curb, there shall be two wheels on the curb. (Am. and Renum. by Ord. 12,777, 3-13-01)

(7) Large Motor Truck Regulations.

(a) It shall be unlawful to stop, stand or park any large motor truck, as defined in Paragraph (2), on State Street between the hours of 11:30 a.m. and 1:30 p.m. (Cr. by Ord. 12,777, 3-13-01)

(b) Large motor trucks shall enter the area and be operated on State Street for the sole purpose of receiving or delivering merchandise or services to immediately adjacent properties specifically requesting such merchandise or service, and; before 11:30 a.m. and after 1:30 p.m., shall not stop, stand, or park on State Street for any other purposes except as authorized in this ordinance. (Am. and Renum. by Ord. 12,777, 3-13-01)

(c) It shall be unlawful for large motor trucks to enter or exit State Street other than via the cross street nearest to their destination or by a route specified by the Traffic Engineering Division of the Department of Transportation. (Renum. by Ord. 12,777, 3-13-01; Am. by ORD-11-00014, 1-27-11)

(d) It shall be unlawful for large motor trucks to park in this area during the times allowed unless active loading and unloading is taking place from the large motor truck. (Am. and Renum. by Ord. 12,777, 3-13-01)

(e) Large motor trucks shall, during the times allowed, park parallel to the curb as follows:

1. Large motor trucks must park in the loading zone of the block being serviced if the zone is available and will accommodate the size of the vehicle. If not, the vehicle shall have all wheels on one side of the vehicle on the curb not to extend beyond the glitter pole line into the sidewalk area.
2. It is unlawful for large motor trucks to park opposite one another.

(Am. and Renum. by Ord. 12,777, 3-13-01)

(f) No operator of any large motor truck shall permit such vehicle to remain stationary with the main power train motor running for more than fifteen (15) minutes when the outside air temperature is between 40°F and 80°F. This subsection shall not apply to maintenance, construction or public utility vehicles. (Renum. by Ord. 12,777, 3-13-01)

(8) Public Passenger Vehicle Regulations.

(a) Between 10:00 p.m. and 4:00 a.m.: Between 10:00 p.m. and 4:00 a.m., taxicabs and other public passenger vehicles licensed under Sec. 11.06, MGO, may provide service on State Street without being subject to the restrictions in subsection (8)(b) of this ordinance. (Am. by Ord. 11,668, 9-4-96; Am. by Ord. 12,792, 4-9-01; ORD-12-00112, 11-07-12; ORD-16-00043, 4-27-16)

(b) Between 4:00 a.m. and 10:00 p.m.: Between 4:00 a.m. and 10:00 p.m., it shall be unlawful for taxicabs and other public passenger vehicles to enter and exit State Street other than via the cross street nearest to their immediate destination. Taxicabs and other public passenger vehicles shall enter the area for the sole purpose of receiving or discharging passengers specifically requesting service to properties directly adjacent to State Street, provided, however, that while picking up or depositing a passenger on the one block of State Street they are allowed to use, taxicabs and other public passenger vehicles may pick up any other passengers on that block that hail the cab. (Am. by Ord. 12,777, 3-13-01; ORD-11-00014, 1-27-11 ORD-12-00112, 11-07-12)

(c) Public passenger vehicles regulated in this subsection shall otherwise be subject to the regulations found elsewhere in this section according to whether the vehicle is registered as an automobile or motor truck, pursuant to Sec. 341.25, Wis. Stats., and thus falls within the definition of automobile or motor truck as designated in

subsection (2) except that public passenger vehicles registered as motor trucks may remain standing, as that term is defined in sec. 340.01(59m), Wis. Stats., between the hours of 11:30 a.m. and 1:30 p.m. and are not subject to the restrictions prohibiting standing in subsection (6)(a), herein. (Am. by Ord. 12,777, 3-13-01)

(9) Food Delivery Vehicles Regulations and Exceptions.

(a) An establishment in the area as described in Subsection (3) may have one food delivery vehicle, as defined in Subsection (2) parked directly in front of the establishment without active loading and unloading from the time the establishment opens until 5:00 p.m., may have up to two food delivery vehicles parked directly in front of the establishment without active loading and unloading between the hours of 5:00 p.m. and 9:00 p.m., and may have one food delivery vehicle parked directly in front of the establishment without active loading and unloading from 9:00 p.m. until the establishment closes if:

1. The establishment has no rear access for vehicles; and
2. There is a demonstrated need for such unlimited parking; and
3. The establishment was in business as of January 1, 1995.

Food service vehicles regulated in this subsection shall otherwise be subject to the regulations found elsewhere in this section according to whether the vehicle falls within the definition of automobile or truck as designated in subsection (2).

(b) Food delivery vehicles which do not meet the criteria described in subsection (9)(a) shall be subject to the regulations found elsewhere in this section according to whether the vehicle falls within the definition of automobile or motor truck designated in subsection (2).

(c) Food delivery vehicles which meet the criteria described in Subsection (9)(a) are exempt from the restrictions contained in Subsection (6)(a) herein.

(Sec. 12.915(9) Am. by Ord. 12,777, 3-13-01)

(10) Exceptions.

(a) The prohibitions found in this section do not apply to authorized emergency vehicles and properly signed city service vehicles required for maintenance, installation, repair, construction, and inspection of facilities in the area.

(b) The prohibitions found in subsections (5)(f) and (6)(d) do not apply to motor trucks which display a clearly visible street occupancy permit issued by the Building Inspection Division of the Department of Planning and Community and Economic Development and approved by the Traffic Engineering Division of the Department of Transportation. (Am. by ORD-08-00109, 10-7-08)

(c) Pursuant to Wis. Stat. § 349.13(1)(a), the exceptions to stopping and parking restrictions found in Wis. Stat. § 346.50, including but not limited to the exceptions for public utility vehicles in circumstances enumerated in the statute, are hereby incorporated by reference including all subsequent amendments, additions, and recodifications thereto.

(Sec. 12.915(10) Am. by Ord. 12,777, 3-13-01)

(11) Severability. Any provision of this section which shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision hereof and the remaining provisions shall nevertheless remain in full force and effect.

(Sec. 12.915 Cr. by Ord. 11,394, Adopted 11-7-95)

12.92 PENALTY FOR VIOLATING SECTIONS 12.89 THROUGH 12.915.

Any person violating any provision of Sections 12.89 through 12.91 (including Sections 12.89, 12.895, 12.896, 12.90, 12.905 and 12.91) may be required to forfeit not less than ten dollars ($10) nor more than two hundred dollars ($200). Any person violating any provision of Section 12.915 may be required to forfeit no less than twenty-five dollars ($25) nor more than two hundred dollars

($200) plus any costs, including towing, for the first offense committed within twelve (12) months and no less than fifty dollars ($50) nor more than two hundred dollars ($200) plus any costs, including towing, for the second and subsequent offenses within twelve (12) months.

12.93 - 12.121 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

GENERAL RESTRICTIONS ON STOPPING AND PARKING

12.122 APPLICABILITY OF AND EXCEPTIONS TO STOPPING AND PARKING RESTRICTIONS.

(1) (a) In General. The provisions of Chapter 12 restricting parking, stopping or leaving a vehicle standing shall apply at all times, or at those times specified herein, when indicated by official signs, subject to the exceptions stated in this section and Sec. 346.50, Wis. Stats.

(b) (R. by Ord. 13,470, 12-11-03)

(2) State Capitol Areas. Pursuant to Section 16.843 Wisconsin Statutes (1983), Wisconsin state legislators may park automobiles on the capitol park side of the four streets surrounding the state capitol park, in areas designated by the State Engineer, exempt from restrictions of this chapter, except emergency regulations, during sessions of the Wisconsin State Legislature, and when such automobiles are identified as provided in Section 16.843(4), Wisconsin Statutes (1983).

(Sec. 12.122 Am. by Ord. 11,810, Adopted 3-4-97)

12.1221 - 12.126 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.127 TWENTY MINUTE PARKING 8:00 A.M. TO 6:00 P.M. No person shall park, stop or leave standing any vehicle, whether attended or unattended, for more than twenty (20) minutes between the hours of 8:00 a.m. and 6:00 p.m. on any day except Sundays and holidays on any of the following streets or parts of streets.

(1) On the East side of Allen Street from a point 85 feet south from Chadbourne Avenue to a point 160 feet south from Chadbourne Avenue.

(Sec. 12.127 Cr. by ORD-09-00036, 3-14-09)

12.128 MISCELLANEOUS RESTRICTIONS ON PARKING.

(1) Prohibiting Operators From Leaving Keys in Parked Motor Vehicles. Every passenger motor vehicle shall be equipped with a lock suitable to lock either the starting lever, throttle, steering apparatus, gearshift lever or ignition system; and no person shall permit a motor vehicle in her/his custody to stand or remain unattended on any street, alley or in any other public place, except an attended parking area, unless either the starting lever, throttle, steering apparatus, gearshift or ignition of said vehicle is locked and the key for such lock is removed from the vehicle. (Am. by Ord. 4821, 1-16-75; ORD-14-00012, 1-14-14)

(2) Advertising Display. No person shall drive or park a vehicle on any highway for the primary purpose of displaying advertising; provided, however, that this ordinance shall not be deemed to prohibit a street parade sponsored by business, industrial or trade organizations for the purpose of promoting a general business theme or program where no advertising matter relating to a particular make or brand of article or product or a particular business outlet is displayed.

(3) Street Storage Prohibited. No person shall leave a vehicle standing upon any street for storage purposes. Storage is defined as the leaving of a vehicle standing upon a street for a continued period of forty-eight (48) hours or more. (Am. by Ord. 6032, 11-11-77)

(4) Vehicle Abandonment Prohibited; Removal; Disposal.

(a) Violation. No person shall leave unattended any motor vehicle, trailer, semitrailer or mobile home on any public street or highway or private or public property in the City of Madison, for such time and under such circumstances as to cause the vehicle to reasonably appear to have been abandoned. Except as otherwise provided in this subsection, whenever any vehicle has been left unattended on any street or highway in the City of Madison or upon private or public property without the permission of the property owner or other person charged with the lawful jurisdiction thereof for more than forty-eight (48) hours, the vehicle is deemed abandoned and constitutes a public nuisance. A motor vehicle shall not be considered an abandoned motor vehicle when it is out of ordinary public view, or when designated as not abandoned by the Police Chief or her/his designee. (Am. by ORD-14-00012, 1-14-14)

(b) Removal and Impoundment of Vehicles. Any vehicle in violation of Subdivision (a) shall be removed and impounded until lawfully claimed or disposed of under the provisions of Subdivision(c) except that if it is deemed by the Police Chief or her/his designee that the cost of towing and storage charges for the impoundment would exceed the value of the vehicle, the vehicle may be junked or sold prior to expiration of the impoundment period upon determination by the Police Chief or her/his designee that the vehicle is not stolen or otherwise wanted for evidence or other reason. All substantially complete vehicles in excess of nineteen (19) model years of age shall be disposed of in accordance with Subdivision (c). (Am. by ORD-14-00012, 1-14-14)

(c) Removal, Storage, Notice, Reclaimer or Disposal of Abandoned Vehicles. The provisions of this subdivision shall apply to the removal, storage, notice, reclaimer or disposal of abandoned vehicles.

1. Removal. Any police officer or parking enforcement officer who discovers any motor vehicle, trailer, semitrailer or mobile home on any public highway or private or public property which has been abandoned shall cause the vehicle to be removed to a suitable place of impoundment. Upon removal of the vehicle the police officer shall notify the Police Chief or her/his designee of the abandonment and of the location of the impounded vehicle. (Am. by Ord. 12,924, 11-23-01; ORD-14-00012, 1-14-14)

2. Storage and Reclaimer. Any vehicle which is deemed abandoned by the Police Chief or her/his designee and not disposed of under Subdivision (b) shall be retained in storage for a minimum period of ten (10) days after certified mail notice, as hereinafter provided, has been sent to the owner and lienholders of record to permit reclamation of the vehicle after payment of accrued charges. Any abandoned vehicle which may be lawfully reclaimed may be released upon the payment of all accrued charges, including towing, storage and notice charges, including but not limited to any towing forfeiture imposed under Sec. 12.1331 of these ordinances, and upon presentation of the vehicle title or other satisfactory evidence to the Police Chief or her/his designee to prove an ownership or lienholder interest in said vehicle. (Am. by Ord. 12,924, 11-23-01; ORD-14-00012, 1-14-14)

3. Notice to Owner or Lienholders of Record. Pursuant to Wis. Stat. § 342.40(3), certified mail notice, as referred to herein, shall notify the owner of the abandoned vehicle, if any, and/or the lienholders of record, if any, of the year, make, model and serial number of the abandoned vehicle and the place where the vehicle is being held and shall inform the owner or any lienholder of their right to reclaim the vehicle. The notice shall state that the failure of the owner or lienholders to exercise their rights to

reclaim the vehicle under this section shall be deemed a waiver of all right, title, and interest in the vehicle and a consent to the sale of the vehicle and that the vehicle has been deemed abandoned and impounded by the City of Madison; and if the "determined value" of the abandoned vehicle or the cost of towing and storage charges will exceed the determined value of the vehicle; that if the vehicle is not wanted for evidence or other reason, the vehicle may be reclaimed upon the payment of all accrued charges, including towing, storage and notice charges, within ten (10) days of the date of mailing the notice, unless the Police Chief or her/his designee has determined that the cost of towing and storage charges for impoundment will exceed the value of the vehicle. Within ten (10) days from the date of mailing the notice and upon the payment of the aforesaid charges the owner or aforesaid lienholders of record may, upon request made within the ten (10) day period, be granted a hearing relative to the determinations made with respect to the value of said vehicle. Said hearing shall be before the Chief of Police. (Am. by ORD-14-00012, 1-14-14)

4. Disposal of Abandoned Vehicles. Any abandoned vehicle impounded by the City of Madison which has not been reclaimed or junked or sold by direct sale to a licensed salvage dealer pursuant to the provisions hereof, may be sold by public auction sale or public sale calling for the receipt of sealed bids, pursuant to Wis. Stat. § 342.40(3)(c). Class 1 Notice, including the description of the vehicle, the name(s) and address(es) of the owner and lienholders of record, if known, as well as the information contained in the notice sent to the owners and lienholders of record, and the time of sale, shall be published before the sale, at which sale the highest bid for any such motor vehicle shall be accepted unless it is deemed inadequate by the Police Chief or designee in which case all bids may be rejected. Any interested person may offer bids on each abandoned vehicle to be sold. If all bids are rejected or no bid is received, the Chief of Police or her/his designee may readvertise the sale, adjourn the sale to a definite date, sell the motor vehicle at a private sale or junk the vehicle without further public notice. In lieu of a sale, if any abandoned vehicle remains unclaimed 30 days after notice has been sent under subsection (4)(b)3., the Chief of Police or designee may notify the Superintendent of Fleet Service or designee that the vehicle is available. The Superintendent of Fleet Service or designee shall determine whether it is in the best interests of the City to keep the vehicle for municipal purposes. An inventory of all such vehicles retained by the City shall be maintained by Fleet Service pursuant to Wis. Stat. § 66.0319, unless allocated to an agency which maintains its own fleet, in which case that agency shall maintain the inventory. The proceeds from the sale of any vehicle under this subsection shall be put in a segregated fund to be used for the costs associated with the acquisition of vehicles under this subsection, and any net proceeds after deducting such costs may be used for vehicle-related costs. (Am. by ORD-14-00012, 1-14-14)

5. If an abandoned vehicle is sold under any methods described above, the purchaser shall have ten (10) days to remove the vehicle from the storage area, but shall pay a storage fee for each day the vehicle remains in storage after the second business day subsequent to the sale date. Ten (10) days after the sale, the purchaser shall forfeit all interest in the vehicle and the vehicle shall be abandoned and may be sold again.

6. Report of Sale or Disposal. Within five (5) days after the direct sale or disposal of a vehicle as provided in this subsection, the Chief of Police or designee shall advise the State of Wisconsin Department of Transporta-

tion, Division of Motor Vehicles, of such sale or disposal on a form supplied by said division. A copy of the form shall be given to the purchaser of said vehicle.

7. Owner Responsible for Impoundment and Disposal Costs. The owner of any abandoned vehicle, except a stolen vehicle, is responsible for the abandonment and all costs of impounding and disposing of the vehicle. Costs not recovered from the sale of the vehicle may be recovered in a civil action by the City against the owner.

(Sec. 12.128(4)(c) Am. by Ord. 12,070, 3-27-98)

(5) Repairing Vehicles. No person shall repair any vehicle upon any highway, except to make such repairs as may be necessary to permit the removal of a disabled vehicle after an accident to, or mechanical failure of, the vehicle.

(6) Parking on Public Property; City-County Building Garage.

(a) No person shall without the permission of the City-County Building Commission leave or park any motor vehicle or vehicles in the garage of the City-County Building contrary to a posted sign thereon if there is in plain view on such property a "No Parking" sign or a sign indicating limited or restricted parking. The City-County Building Commission may permit parking of automobiles when said automobiles are operated by employees or officers of the City or County and where the necessities of their employment or office require parking facilities in the garage of the City-County Building and for that purpose the City-County Building Commission may designate appropriate space for such parking. At no time, however, may any person leave or park any vehicle in the garage of the City-County Building unless the vehicle bears a valid authorized parking sticker issued by the City-County Building Commission which is valid for the area in which the vehicle is parked. Appropriate conspicuous signs shall be posted at the entrance to the City-County Building Garage indicating this restriction. (Am. by Ord. 6865, 12-28-79)

(b) Speeding. It shall be unlawful and a violation of this ordinance to operate a vehicle in the garage in excess of the permissible speeds for vehicle traffic posted by authority of this ordinance.

(c) Traffic Control. It shall be unlawful and a violation of this ordinance to operate a vehicle in the garage contrary to any other regulations or restrictions governing the routing or operation of vehicular traffic established by authority of this ordinance.

(d) The City of Madison Police Department is authorized to enforce all the provisions of this subsection. The City-County Building Facility Manager or her/his designee is authorized to enforce subdivision (a) of this subsection. Upon complaint, those authorized to issue citations for subdivision (a) of this subsection may authorize the tow of any motor vehicle(s) found in violation of "No Parking" or unauthorized parking, as set forth in subdivision (a) of this subsection.

(7) (a) No person shall park a vehicle on a highway unless the vehicle is equipped with a gas cap and the fuel system is free of leaks, as specified by Section MVD 5.24(1)(e) and (f) of the Wisconsin Administrative Code.

(b) No person shall park a vehicle on a highway or on private or public property unless the vehicle is maintained so as to prevent unreasonable leakage of oil, water, or other fluids from the vehicle onto the highway.

(8) Unauthorized Parking on Private Driveways Prohibited. No person shall park or leave standing any motor vehicle in any private driveway or any yard in a residential district which is not a paved or graveled surface without the permission of the owner or lessee of the property upon which such driveway or yard is located, whether or not such driveway or yard is posted to limit or restrict parking, any other such requirement notwithstanding.

(9) Tampering with Marks on Tires. No person shall intentionally, by physical or mechanical force or by the use of an instrument or device, damage, obliterate, erase or tamper with any

mark placed by a City of Madison police officer or parking monitor on the tire of a vehicle when the purpose for placing such mark is to identify the time such vehicle was found in a parked position.

(10) Truck Loading Zone. No operator of a vehicle other than one currently registered as a truck pursuant to Wis. Stat. § 341.25(2), a farm truck pursuant to Wis. Stat. § 341.26(3)(a), a dual purpose farm truck pursuant to Wis. Stat. § 341.26(3)(am), or a dual purpose motor home pursuant to Wis. Stat. § 341.26(1)(c), shall stop or leave standing his or her vehicle in a space indicated by official traffic signs as a truck loading zone. The operator of a vehicle which is currently registered as specified above may only stop or leave standing his or her vehicle in a truck loading zone while actually engaged in loading or unloading freight and while the vehicle is attended by a licensed operator and for no more than 30 minutes.

(11) Off-Driveway Parking Prohibited. No person shall park or leave standing any motor vehicle in any yard area wherein parking of motor vehicles is prohibited pursuant to Sec. 28.141(8)(c) of the Madison General Ordinances. (Am. by ORD-12-00134, 1-2-13)

(12) Unregistered Motor Vehicles Prohibited on Streets.

(a) Definitions. For purposes of this subsection:

"Unregistered motor vehicle" means any motor vehicle that is located upon a highway and that is not displaying valid registration plates, a temporary operation plate, or other evidence of registration as provided under Wis. Stat. § 341.18 (1) for the vehicle's current registration period or for a registration period for the vehicle that expired within the immediately preceding thirty-one (31) days. (Am. by ORD-10-00084, 9-15-10)

(b) Violation. No person shall cause any unregistered motor vehicle to be located upon any highway within the City of Madison.

(c) Any police officer or parking enforcement officer who discovers any unregistered motor vehicle located upon any highway within the city may cause the motor vehicle to be removed to a suitable place of impoundment. Upon removal of the motor vehicle, the officer shall notify the Chief of Police, or designee, of the location of the impounded motor vehicle and the reason for the impoundment. (Am. by Ord. 12,924, 11-23-01)

(d) A person charged with violating subdivision (b) of this subsection may not be convicted if she/he produces in court or in the office of the arresting officer satisfactory evidence that, at the time of the issuance of the citation, either a complete application for registration for the motor vehicle, including evidence of inspection under Wis. Stat. § 110.20, when required, accompanied by the required fee had been delivered to the Wisconsin Department of Transportation or deposited in the mail properly addressed with postage prepaid, or the motor vehicle was exempt from registration under Wis. Stat. ch. 341. (Am. by Ord. 12,924, 11-23-01)

(e) The owner of any unregistered motor vehicle is responsible for all costs of impounding and disposing of the motor vehicle, which shall be in addition to any forfeiture imposed for a violation of this ordinance and any towing forfeiture imposed under Sec. 12.1331 of these ordinances. Costs not recovered from the sale of the motor vehicle may be recovered in a civil action by the City against the owner. (Am. by Ord. 12,924, 11-23-01)

(f) Notwithstanding subdivision (h) of this subsection, the owner of an unregistered motor vehicle that has been impounded under this subsection may secure release of the motor vehicle by doing any of the following:

1. Paying any forfeiture imposed for a violation of this ordinance, including but not limited to any towing forfeiture charged under Section 12.1331 and the reasonable costs of impounding the motor vehicle and providing satisfactory evidence of one of the following:

a. That the motor vehicle is currently registered in this state.

b. That a complete application for registration for the motor vehicle, including evidence of inspection under Wis. Stat. § 110.20, when required, accompanied by the required fee has been delivered to the state Department of Transportation or deposited in the mail properly addressed with postage prepaid.

c. That the motor vehicle is exempt from registration under Wis. Stat. ch. 341.

2. Providing satisfactory evidence that, at the time of the impoundment of the motor vehicle, either a complete application for registration for the motor vehicle, including evidence of inspection under Wis. Stat. § 110.20, when required, accompanied by the required fee had been delivered to the Wisconsin Department of Transportation or deposited in the mail properly addressed with postage prepaid, or the motor vehicle was exempt from registration under Wis. Stat. ch. 341.

(Am. by Ord. 12,924, 11-23-01)

(g) Any motor vehicle in violation of this section may be impounded until lawfully claimed or disposed of under subdivision (h) of this subsection, except that if it is deemed by the Chief of Police or designee that the cost of towing and storage charges for the impoundment would exceed the value of the vehicle, the motor vehicle may be junked or sold by the City prior to the expiration of the impoundment period upon determination by the Chief of Police that the motor vehicle is not stolen or otherwise wanted for evidence or other reason. All substantially complete motor vehicles in excess of nineteen (19) model years of age shall be disposed of in accordance with subdivision (h) of this subsection.

(h) Any motor vehicle which is impounded and not disposed of under subdivision (g) of this subsection shall be retained in storage for a minimum period of ten (10) days after certified mail notice has been sent to the owner and lienholders of record, if known or readily ascertainable, to permit reclamation of the motor vehicle after payment of accrued charges and, for reclamation of the motor vehicle by the owner, compliance with subdivision (f) of this subsection. Such notice shall set forth the year, make, model, and serial number of the motor vehicle and the place where the motor vehicle is being held, and shall inform the owner and any lienholders of their right to reclaim the motor vehicle. The notice shall state that the failure of the owner or lienholders to exercise their rights to reclaim the motor vehicle under this ordinance shall be considered a waiver of all right, title and interest in the motor vehicle and a consent to the sale of the motor vehicle. Each retained motor vehicle not reclaimed by its owner or lienholder may be sold. The City may dispose of the motor vehicle by sealed bid or auction sale. At such sale, the highest bid for any such motor vehicle shall be accepted unless the same is considered inadequate by the Chief of Police or designee, in which event all bids may be rejected. If all bids are rejected, or no bid is received, the City may either readvertise the sale, adjourn the sale to a definite date, sell the motor vehicle at a private sale, or junk the motor vehicle. Any interested person may offer bids on each motor vehicle to be sold. Public notice of said sales shall be posted at the City of Madison Police Department headquarters. The posting shall be in the same form as the certified mail notice sent to the owner or lienholders of record. Upon sale of a motor vehicle, the City shall supply the purchaser with a completed form designed by the state Department of Transportation enabling the purchaser to obtain a regular certificate of title for the motor vehicle.

The purchaser shall have ten (10) days to remove the motor vehicle form the storage area, but shall pay a reasonable storage fee established by the City for each day that the motor vehicle remains in storage after the second business day subsequent to the sale date. Ten (10) days after the sale, the purchaser shall forfeit

all interest in the motor vehicle, and the motor vehicle shall be considered to be abandoned and may be sold again. Any listing of motor vehicles to be sold by the City shall be made available to any interested person or organization which makes a written request for such list. The City may charge a fee for the list.

(i) Within five (5) days after the sale or disposal of a motor vehicle as provided in this ordinance, the City shall advise the state Department of Transportation of the sale or disposition on a form supplied by that department.

(j) Any person violating subdivision (b) of this ordinance shall be required to forfeit not less than ten dollars ($10) nor more than one hundred dollars ($100).

(k) This ordinance shall not be construed to deter or limit the applicability and enforcement of any other ordinance of this city or statute of this state.

(Sec. 12.128 Am. by Ord. 11,810, Adopted 3-4-97)

(13) Unauthorized Parking on School Property.

(a) No person shall park or leave standing any motor vehicle anywhere on school property contrary to a sign or marking which prohibits, limits, requires a permit, or otherwise restricts parking thereon.

(b) School Property Defined. For purposes of this subsection, "school property" includes all property owned or operated by public schools as defined in Wis. Stat. § 115.01(1), private schools as defined in Wis. Stat. § 115.001(3r), and technical colleges authorized under Wis. Stat. ch. 38.

(c) Penalty. Any person who violates Sec. 12.128(13)(a) shall forfeit not less than $20 nor more than $40 for the first violation, and not less than $50 nor more than $100 for the second or subsequent conviction within one year. (Cr. by Ord. 12,486, 10-19-99)

(14) Parking on Terrace Prohibited. No person shall stop or leave standing any vehicle, upon any portion of a street between the curb line thereof and the cement or traveled portion of the sidewalk, said space being commonly known as the terrace, except temporarily and for the purpose of and while actually engaged in loading or unloading or in receiving or discharging passengers and while the vehicle is attended by a licensed operator so that it may be promptly moved in case of an emergency; or unless specifically allowed for bicycle parking under Section 12.76(4) of these ordinances. (Cr. by Ord. 12,506, 11-19-99; Am. by Ord. 12,924, 11-23-01)

(15) Parking Prohibited in Certain Specified Places. No person shall park, stop or leave standing any motor vehicle in any of the following specified places, except temporarily for the purpose of and while actually engaged in loading or unloading or receiving or discharging passengers and while attended by a licensed operator so that it may be promptly moved in case of an emergency or to avoid obstruction of traffic:

(a) Upon a highway closer than thirty (30) feet upon the approach to any stop sign, flashing beacon, or official traffic control signal.

(b) Upon a highway closer than fifteen (15) feet to the near side of an intersection with a bicycle way.

(c) Upon any bridge, overpass or other portion of highway constructed upon an elevated structure, or within a tunnel. (d) Upon any portion of any highway or public or private alley that is less than eighteen (18) feet wide from curb to curb, or in the case of a highway or alley that does not have a delineated curb, less than eighteen (18) feet wide when measuring that portion of the roadway which is improved, designed, or ordinarily used for vehicular travel, excluding any berm or shoulder.

(d) On any portion of a highway adjacent to a curb which has been marked with yellow paint authorized by the official in charge of the maintenance of the highway and when such paint is sufficiently visible to be seen by an ordinarily observant person.

(Cr. by Ord. 13,038, 3-26-02)

(16) Parking within Four (4) Feet of a Mailbox Prohibited. Between the hours of 6 a.m. and 8 p.m. on Monday through Saturday, no person shall stop, stand or park a vehicle within four (4) feet on either side of a mailbox which is placed and equipped for the purpose of depositing mail from vehicles on the roadway, except:

(a) Temporarily stopped for the purpose of and while actually engaged in loading or unloading or receiving or discharging passengers and while attended by a licensed operator so that it may be moved in case of an emergency or to allow for the delivery of mail;

(b) When a person is stopping, standing or parking a vehicle within four (4) feet of their own mailbox, provided that while doing so, the person is not within four (4) feet of another person's mailbox.

(c) Temporarily stopped for the purpose and while actually engaged in the delivery of mail or newspapers. (Cr. by ORD-08-00096, 8-23-08)

(Am. by ORD-11-00091, 7-13-11)

(17) Successive Violations. Upon any street where the parking, stopping or leaving standing of vehicles is limited to a specified time period, each successive like period that a vehicle is allowed to remain parked, stopped, or standing constitutes a separate violation of the ordinance applicable to such street. (Cr. by Ord. 13,651, 7-7-04; Renum. by ORD-08-00096, 8-23-08)

(18) Dutch Mill Park-and-Ride.

(a) The City Traffic Engineer or designee may regulate parking, stopping and standing in the Dutch Mill Park-and-Ride by the installation of signs which indicate such restrictions.

(b) No person shall park, stop, or leave standing a vehicle contrary to a sign posted in accordance with (a).

(c) The City of Madison Police Department is authorized to take any action authorized by Wis. Stat. §§ 349.13(3), 342.40(3), and 341.65(2), in addition to exercising any other lawful authority or duties with respect to the removal of vehicles parked in the Dutch Mill Park-and-Ride lot. This includes without limitation directing the towing of vehicles parked longer than the posted time limits.

(Cr. by ORD-11-00099, 8-1-11)

12.129 PARKING HEAVY TRAFFIC IN RESIDENCE DISTRICTS.

(1) No operator of a motor truck, truck tractor, trailer or semitrailer, motor home or any other vehicle or combination of vehicles, other than motor buses, weighing more than six thousand (6,000) pounds, shall park such vehicle on any highway, other than routed State Trunk Highways, in any residence district except for such time as is reasonably necessary to facilitate the loading or unloading of such vehicle.

(2) No operator of any motor bus weighing over eight thousand (8000) pounds shall permit such motor bus to remain stationary with the main power train motor running for more than fifteen (15) minutes when such motor bus is on a highway abutting a residential building and when the outside air temperature is between 40°F and 80°F.

(Sec. 12.129 Am. by Ord. 11,255, 5-15-95; ORD-05-00044, 3-16-05)

12.130 STOPPING, STANDING AND PARKING OF BUSES AND TAXICABS REGULATED.

(1) No operator of a bus shall leave such vehicle standing, whether attended or not, upon any street at any place other than a bus stop designated by an official sign.

(2) No operator of a bus shall stop such vehicle upon any street for the purpose of loading or unloading passengers or their baggage at any place other than at a bus stop designated by official sign, except in case of an emergency.

(3) The operator of a bus shall enter a bus stop on a street in such a manner that the bus when stopped to load or unload passengers or baggage shall be in a position with the right front wheel of such vehicle not farther than eighteen (18) inches from the curb and the bus approximately parallel to the curb so as not to unduly impede the movement of traffic.

(4) No operator of a bus shall park, stop, or leave standing any bus, whether attended or unattended, for more than fifteen (15) minutes, on any of the following streets or parts of streets when designated by official traffic signs or markers:

(a) On the north side of Langdon Street from a point 340 feet east of Park Street, to a point 97 feet east therefrom.

(Cr. by Ord. 12,492, 11-4-99)

(5) The operator of a taxicab shall not leave such vehicle standing upon any street at any place other than in a taxicab stand designated by official sign except temporarily, in accordance with other stopping or parking regulations, and for the purpose of and while actually engaged in the expeditious loading or unloading of passengers and baggage. (Renumbered by Ord. 12,492, 11-4-99)

12.131 RESTRICTED USE OF BUS AND TAXICAB STANDS. No person shall stop, stand or park a vehicle other than a bus or taxicab in any bus or taxicab stop or stand when such stop or stand has been officially designated and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose and while actually engaged in loading or unloading passengers when such stopping does not interfere with any bus or taxicab about to enter such stop or stand, and while such vehicle is attended by a licensed operator.

12.132 PARKING PROHIBITED AT ALL TIMES. No person shall park, stop or leave standing any vehicle, except temporarily for the purpose of and while actually engaged in loading or unloading or in receiving or discharging passengers and while the vehicle is attended by a licensed operator so that it may be moved promptly in case of an emergency or to avoid obstruction of traffic, upon any of the following highways or parts of highways.

(1) On both sides of Aberg Avenue from Sherman Avenue to East Washington Avenue. (Am by Ord. 13,686, 8-24-04)

(2) (R. by Ord. 13,687, 8-24-04)

(3) On the east side of Acewood Boulevard from Cottage Grove Road to a point 320 feet north therefrom and on the west side from Goldfinch Drive to Bob-O-Link Lane.

(4) On both sides of Airco Drive from Femrite Drive to its northerly end.

(5) On both sides of Allen Street from Commonwealth Avenue to its connection with Edgewood Avenue.

12.1335 ALTERNATE-SIDE PARKING AND SNOW EMERGENCY PARKING.

(1) Alternate-side parking. From the dates of November 15 to March 15, between the hours of 1:00 a.m. and 7:00 a.m. all vehicles will be parked only on the even-numbered side of the street on even-numbered calendar days, and only on the odd side of the street on odd-numbered calendar days; unless otherwise posted or exempted in this ordinance. No person shall park, stop, or leave standing any vehicle in violation of this subsection.

A street which is divided by a boulevard, median strip, or other separation between the traveled portions of the roadway shall be considered to be one street for the purposes of this ordinance. A street which is a circle or court and is numbered with all odd or all even house numbers shall not be exempt from this ordinance unless specifically listed under the exceptions in Subsection (5).

(2) "Snow Emergency Zone." Alternate-side parking as defined in Subsection (1) shall not apply to the area defined as a Snow Emergency Zone unless a snow emergency has been declared under this section. Snow Emergency Zone is defined as the area within the city bounded by Lake Mendota, the Yahara River, Lake Monona, the northern border of Brittingham Park until the intersection of Park Street, West Washington Avenue, and Vilas Avenue, and the portion of Park Street continuing north from said intersection to Lake Mendota. (Am. by ORD-16-00016, 1-28-16)

(3) Signage. The Traffic Engineer shall erect appropriate signs designating the restrictions as required under Wis. Stat. § 349.13.

(4) Snow Emergency Parking. The Street Superintendent, or designee, may declare a snow emergency whenever it becomes necessary to clear the streets of snow and ice to effectuate the movement of vehicles. Factors which constitute a snow emergency include, but are not limited to, the accumulation of snow or ice on any street or area which hinders the safe movement of traffic or impedes the ability of emergency vehicles and public transportation vehicles to travel safely and expeditiously over such streets or areas.

(a) Media Declaration. The Street Superintendent, or designee, shall declare the beginning of a snow emergency and the application of emergency snow parking regulations by appropriate public media.

(b) Duration. A snow emergency declared under this subsection shall remain in effect for 48 hours unless specifically extended by the Street Superintendent or designee through a second media declaration under Subsection (4)(a). or unless cancelled under Subsection (5)(d).

(c) Parking Restrictions During Snow Emergency. Upon the declaration of a snow emergency under this subsection, the alternate-side parking restrictions under Subsection (1) shall apply to the entire city, including the area within the city defined in Subsection (2) as a Snow Emergency Zone and no person shall park, stop or leave standing any vehicle in violation of Subsection (1) for the duration of the snow emergency, unless otherwise excepted in Subsection (5). The declaration of a snow emergency is not limited to the dates of November 15 to March 15 as listed in Subsection (1). (Am. by ORD-08-00060, 6-7-08; ORD-16-00016, 1-28-16)

(d) Any person violating Subs. (1) or (4)(c) of this ordinance is subject to towing and fees for towing pursuant to Sec. 12.1331, MGO. (Cr. by ORD-08-00127, 11-22-08)

(e) Cancellation of Snow Emergency. The Mayor, or designee, after consultation with the Street Superintendent, or designee, may suspend the provisions of this subsection, whereupon Subsections (1), (2), (3), and (5) shall be in effect in their entirety.

(5) Exceptions. The following streets or portions of streets shall be excepted from the provisions of this ordinance:

(a) Blocks of streets which prohibit parking at all times on one side of said block or street and which permit parking of any status on the other side of said block or street. "Block" shall mean that portion of a street between two intersecting streets. For purposes of this section, an intersecting street includes both a street which fully intersects the street in question, and a street which begins or terminates at the street in question.

(b) Jenifer Street between Williamson Street and South Baldwin Street.

(c) The following portions of streets, commonly known as "circles" or "courts":

2-22 Appomattox Court, 5-9 Ashland Court, 3-11 Beaumont Circle, 1-21 Black Oak Circle, 1-29 Blue Ridge Court, 4-22 Bonner Circle, 6-26 Brompton Circle, 1-21 Burningwood Court, 2-10 Calumet Circle, 6-18 Cathy Court, 1-13 Cobblestone Court, 2-10 Denton Circle, 2-22 Dorfmeister Court, 3-11 Downer Circle, 1-17 Dumont Circle, 2-30 Eldon Court, 3-9 Elgar Circle, 2-22 Ellie Circle, 1-11 Fremont Circle, 1-9 Gale Court, 6-14 Georgiana Circle, 3-11 Gina Court, 6-18 Glacier Court, 5-35 Hiawatha Circle, 1-21 Hoff Court, 1-25 Homestead Court, 3-9 Jay Circle, 3-11 Judy Circle, 5-21 Kewaunee Court, 6-14 Knollwood Court, 1-17 Leah Court, 3-11 Leland Circle, 6-22 Magnolia Circle, 4020 Mandan Circle, 9-25 Menomonie Court, 5-7 Oconto Court, 10-22 Pelham Court, 1-25 Piedmont Court, 1-29 Pilgrim Circle, 8-22 Quinn Circle, 1-11 Robin Circle, 317-332 Seth Circle, 2109-2121 Sheridan Circle, 6-18 Starr Court, 2-22 Sumter Court, 1-9 Susan Circle,

12.1375 PERMITS FOR NONMETERED TWO-HOUR AND ONE-HOUR PARKING ZONES. (Am. by ORD-08-00132, 12-5-08)

(1) The purpose of this ordinance is to provide a means for operators of motor vehicles to park in excess of the posted one-hour or two-hour, on-street nonmetered parking restrictions contained in Sections 12.137 and 12.139 of these ordinances, for loading and unloading equipment, furniture, fixtures and supplies necessary to and in the vicinity of their work. For purposes of this section, "equipment, furniture, fixtures and supplies necessary" is intended to mean that the operator is using the vehicle for storage of materials or tools needed on the job or is engaged in moving articles or as a work space necessary to the job.

(2) The City Traffic Engineer and Parking Manager or his or her designee is authorized to issue permits to relieve the permit holder of the one or two-hour parking restriction but only to vehicles actively engaged in performing construction, repair or moving work in the immediate vicinity of the parking area and where the vehicle is necessary for loading, unloading or storing tools or supplies used in servicing buildings in the vicinity and where the vehicle is not owned or operated by the owner of the premises or an employee of a business operated on the premises.

(3) Application for a permit must be made to the City Traffic Engineer and Parking Manager by a firm or individual who will be engaged in repair, construction or moving work. The application shall be in writing and on a form designated by the City Traffic Engineer and Parking Manager. Permits may be purchased in any number either in person or by mail. Permits shall cost $5 per day and each permit is valid for only the one date listed on the permit. One permit may only cover one vehicle. The permit holder shall be responsible for filling in the required information on the permit form before using the permit.

(4) No person may alter or use a permit with an altered expiration date.

(5) Permits may only be used to allow a vehicle for the purposes herein stated to park in excess of the one or two-hour limit at locations specified in Secs. 12.137 and 12.139 of these ordinances. All other stopping, standing and parking restrictions remain applicable to vehicles with permits. The issuance of a permit does not guarantee that a parking space will be available at any specific location.

(6) Permits must be displayed only on the inside of the street-side, front door window facing out. Permits not displayed as indicated are not valid.

(7) Use of the permit for other than the uses specified in this ordinance or tampering with a permit may be grounds for revocation or suspension of the right to use these permits and may require the return of unused permits. In addition, the person or firm misusing or tampering with a permit shall be subject to a forfeiture of not more than $200 for each act of tampering or each day or fraction thereof of improper use.

(8) The City Traffic Engineer and Parking Manager or his or her designee may withdraw the right to use a permit in any one block of a street if traffic, parking or weather conditions so warrant.

12.138 RESIDENTIAL DAYTIME PARKING PRIVILEGES FOR "COMMUTER PARKING IMPACTED" STREETS.

(1) Established. There is hereby declared the necessity to establish, as hereinafter provided, a permit system whereby vehicles bearing a valid residential parking permit issued pursuant to this section may, as hereinafter provided, park 1) in excess of the posted time limits on specifically designated streets within certain designated areas between the hours of 8:00 a.m. and 6:00 p.m. or 2) in locations designated for resident parking only between the hours of 8:00 a.m. and 6:00 p.m. (Am. by Ord. 7073, 8-14-80; Ord. 12,568, 5-3-00)

(2) Purpose. The purpose of this provision is to establish a mechanism whereby area residents will be afforded an opportunity for the limited storing of vehicles on public streets to the partial exclusion of commuter vehicles. It is intended that this residential parking

Ordinance will reduce automobile commuting and its accompanying energy waste and air pollution, reduce the total vehicle miles of travel in the affected area, and alleviate traffic congestion, illegal parking, and related health and safety hazards.

In addition, this ordinance is designed to promote the use of off-street parking by residents of the property instead of by commuters, to aid in the enforcement of parking regulations by requiring payment or court appearance for outstanding parking citations before issuance of a permit.

(Am. by Ord. 8558, 4-4-85)

(3) Definitions.

(a) "Residential parking area" shall mean a contiguous or nearly contiguous area containing public highways or parts thereof primarily abutted by residential property or residential and nonbusiness property (such as schools, parks, churches, hospitals, and nursing homes).

(b) "Commuter vehicle" shall mean a motor vehicle parked in a residential area by a person not a resident thereof.

(c) "Dwelling unit" shall mean one or more rooms which are arranged, designed or used as living quarters for one family only. Individual bathrooms and complete single kitchen facilities, permanently installed, shall always be included with each dwelling unit.

(d) "Lodging house" is a residential building or portion thereof, containing lodging rooms which accommodate five (5) or more persons who are not members of the keeper's family. Lodging or meals, or both, are provided for compensation on a monthly or larger basis.

(e) "Lodging room" is a room rented as sleeping and living quarters, but without kitchen facilities, and with or without individual bathroom. In a suite of rooms without kitchen facilities, each room which provides sleeping accommodations shall be counted as one lodging room for the purposes of this ordinance. (Am. by Ord. 7073, 8-14-80)

(f) "Traffic Engineer" shall mean the City Traffic Engineer and Parking Manager of the City of Madison Traffic Engineering Division of the Department of Transportation, or designee. (Am. by ORD-06-00061, 6-3-06; ORD-11-00014, 1-27-11)

(g) "Permanent residence is where a person has his/her true, fixed, permanent home to which he/she intends to return whenever absent. (Cr. by Ord. 8558, 4-4-85)

(h) "Temporary resident" means a person who lives while in Madison for the academic year or for a short, limited time. (Cr. by Ord. 8558, 4-4-85)

(i) "Residential permit parking street" is a street that has met the requirements for residential permit parking.

(j) "Resident parking only" is the designation given to a residential permit parking street where approximately fifty percent (50%) of the lawful on-street parking spaces are posted as parking for residents only between the hours of 8:00 a.m. and 6:00 p.m.

(k) "In excess of posted time limits" is the designation given to a residential permit parking street where lawful on-street parking is restricted to posted time limits.

(l) "Block" shall mean both sides of a street between two intersecting streets.

(4) Area and Street Designation and Eligibility.

The designated area boundaries, for purposes of administration and enforcement, should generally coincide with natural boundaries and/or Aldermanic Districts where feasible. A residential street shall be deemed eligible for designation as a residential permit parking street if it meets all of the following criteria:

(a) At least one side or fifty percent (50%) of each block for which residential parking is requested must be zoned Residential (R1, R2, R3, R4, R4A, R4L, R5, R6, R6H). (Am. by ORD-06-00130, 10-6-06)

(b) Each street and block for which residential parking is requested must have more dwelling units and/or lodging rooms in lodging houses than legal off-street parking spaces, except for single family dwelling units.

(c) On streets that have unrestricted parking, a majority of the onstreet parking spaces must be occupied by commuter vehicles a majority of the time between 8:00 a.m. and 6:00 p.m. except Sundays and holidays. This requirement will be deemed satisfied if the street already has time limit parking restrictions under an existing ordinance. (Am. by Ord. 12,568, 5-3-00)

(d) A desire and need of more than fifty percent (50%) of the residents of the street and block for residential permit parking and a willingness to pay the cost for the residential permit parking program.

(e) An election has been made by those in (d) above to designate their block as either "resident parking only" or "in excess of posted time limits."

(Am. by Ord. 7073, 8-14-80; Ord. 12,568, 5-3-00)

(5) Notice of Public Hearing. In order to determine whether particular streets should be designated eligible for residential permit parking, the Traffic Engineer may request, upon his or her own initiative or upon an alder's request, or upon a petition of a majority of the dwelling units on such streets, addressed to the Traffic Engineer or the Transit and Parking Commission, a public hearing, prior to the designation for parking permits, or prior to the withdrawal of such designation once it is established. Such hearing shall be held by the Transit and Parking Commission only after due notice has been published in a newspaper of general circulation throughout the City. The notice shall clearly state the purpose of the hearing, the exact location of said residential streets under consideration for permit parking, and the reasons why such streets are being proposed for designation as residential permit parking streets. During such hearing, any interested person shall be entitled to appear and be heard. No hearing shall be held and no street designated if it is not found to be an impacted street under Subsection (3) of this section. Withdrawal of the designation of a street as a residential permit parking street shall not occur until at least twelve (12) months from the date of designation. A change in the election made in (4)(e) may be made only at the request of more than fifty percent (50%) of the residents of the block. (Am. by Ord. 8558, 4-4-85; Ord. 12,568, 5-3-00; ORD-06-00061, 6-3-06; ORD-09-00147, 11-6-09; ORD-14-00012, 1-14-14)

(6) At said public hearing, the Traffic Engineer shall recommend by report to the Commission, based on the record of his or her investigation, whether or not to designate the street under consideration as a residential permit parking street or to retain or remove the designation in the case of an established residential permit parking street. Within sixty (60) days following the receipt of the report, the Commission shall approve or disapprove the recommendation of the Traffic Engineer and report same to the Common Council prior to action being taken on the recommendation. (Am. by Ord 8558, 4-4-85; Ord. 12,568, 5-3-00; ORD-06-00061, 6-3-06; ORD-14-00012, 1-14-14).

(7) Issuance of Permit. Following Council approval of the designation of a residential permit parking street, the Traffic Engineer shall issue appropriate permits. A permit shall be issued, upon application and payment of the applicable fee, to the owner or the operator of a motor vehicle who resides within his/her residential permit parking area. A duplicate permit shall be issued only if all or part of the original permit is produced at the time that a duplicate permit is applied for, or if proof of theft of the vehicle is demonstrated to the satisfaction of the Traffic Engineer. A residential parking permit will not be issued to the owner or operator of a motor vehicle currently having any outstanding parking citations, nor to the owner or operator of a motor vehicle who resides on any residential property which is specifically restricted by condition imposed by the City Plan Commission or by other valid use restriction prohibiting residents of said property from obtaining residential parking permits. (Am. by Ord. 9221, 6-30-87; ORD-06-00061, 6-3-06)

(8) Application.

(a) The application for a permit shall contain the name of the owner or operator of the motor vehicle, residential address, the motor vehicle's make, model, and registration number. The motor vehicle's registration shall be required to be presented to the City Traffic Engineer and Parking Manager or his/her designee, or presented through an on-line process, at the time of making said application. In order to verify that the applicant legally resides at the address for which the permit is requested, the motor vehicle's registration shall show the address of the dwelling unit in the area for which the permit is sought. If the applicant for a residential parking permit is the owner of the vehicle sought to be registered and his/her permanent residence is at the address for which the permit is sought, then said vehicle shall be registered at the permanent address and shall have valid State of Wisconsin motor vehicle plates. If the applicant for a residential parking permit has his/her permanent residence at the address for which the permit is sought but the vehicle under his/her control indicates another address of residence for the owner of said vehicle, the applicant shall be required to certify that said vehicle is kept by the applicant and only at the address for which the permit is requested and that it will not be kept at any other location for the duration of the permit's validity. The applicant shall also provide an executed lease or other reasonable proof showing residence for the dwelling unit within the area for which the permit is sought. The permit shall be renewed annually upon such conditions and procedures as the City Traffic Engineer and Parking Manager shall specify. The permit shall display the motor vehicle's license and expiration date. (Am. by ORD-06-00061, 6-3-06; ORD-08-00132, 12-5-08)

(b) Certain temporary residents living in Madison may obtain a permit upon compliance with this subdivision, in addition to compliance with all other provisions of this section, except such motor vehicle shall be validly registered and licensed in the jurisdiction of lawful permanent residence of said applicant. Such temporary resident applicant shall certify on the application for a permit that he or she: 1) maintains his/her permanent residence in another jurisdiction and shall specify the address thereof; 2) owns or operates a motor vehicle registered in the jurisdiction of permanent residence but which is housed at the Madison residence for which the permit is sought; 3) is living in Madison under a residential housing lease at a particular address and shall so specify with a complete address and telephone number, and name, address and telephone number of the rental agent or owner of the building in question; 4) that such statement is made for the purpose of obtaining a residential parking permit and that it is understood that any change in circumstances materially affecting any of the requirements of this ordinance or any false information or representation made in such statement shall be cause for immediate revocation of such permit. Further, such temporary resident applicant shall be required to provide a copy of his or her lease or other reasonable proof that such applicant is living at the address in question at the time of making such application.

(Sec. 12.138(8) Am. by Ord. 9126, 2-27-87; Ord. 12,568, 5-3-00; ORD-06-00130, 10-6-06)

(9) Parking Permits.

(a) A residential parking permit is valid only when visibly and properly displayed on the vehicle when parked in the designated area where the resident lives. Use of said permit shall be restricted to streets designated for residential permit parking within the designated area. A residential parking permit shall not guarantee or reserve to the holder a parking space on residential streets designated for permit parking. (Am. by Ord. 10,013, 5-14-90)

(b) A residential parking permit shall not authorize the holder thereof to stand or park a motor vehicle in such places or during such times as the stopping, standing,

or parking of motor vehicles is prohibited, metered, or set aside to specified types of vehicles, nor exempt the holder from the observance of any traffic regulation other than the specified hourly parking limit. Residential parking permits do not exempt holders from Street Abandonment Regulations. Residential parking permits may be temporarily suspended by the City for snow removal, emergency or construction purposes. (AM. by ORD-06-00130, 10-6-06)

(c) The owner or operator of a vehicle displaying a residential parking permit shall completely remove said permit immediately upon its expiration or termination. (Cr. by Ord. 9190, 5-14-87)

(10) Transferability.

(a) Only the registered motor vehicle with the license plate named on the residential parking permit shall be eligible to display this permit. Any transference of this permit to a vehicle other than that named on the permit or a change of license plate to the registered motor vehicle without providing notice to City Traffic Engineer and Parking Manager shall constitute a violation of this ordinance. (Am. by ORD-07-00173, 11-29-07)

(b) It shall constitute a violation of this ordinance for any person to falsely represent herself/himself as eligible for a residential parking permit or to furnish any false information in an application to the City Traffic Engineer and Parking Manager in order to obtain a residential parking permit. A residential parking permit is valid only while the permittee resides within the area for which it was issued. Any change of address of the permittee shall be reported to the City Traffic Engineer and Parking Manager within seven (7) days. Failure to so report a change of address shall constitute a violation of this ordinance. (Am. by Ord. 9784, 5-31-89)

(c) The City Traffic Engineer and Parking Manager is authorized and directed to revoke the residential parking permit of any permittee found to be in violation of this ordinance and, upon written notification thereof, the permittee shall surrender such permit to the City Traffic Engineer and Parking Manager. Failure to surrender a residential parking permit so revoked, shall constitute a violation of this ordinance. When a Residential Parking Permit is so revoked no other permit shall be granted to such person or vehicle registered to such person within twelve (12) months of the date of its revocation nor shall any part of the money paid for any permit so revoked be refunded. Any revocation imposed by the City Traffic Engineer and Parking Manager may be appealed within ten (10) days of such notice of revocation to a subcommittee of the Transit and Parking Commission by filing a Notice of Appeal with the City Clerk. The Notice of Appeal shall state the basis or bases upon which the licensee seeks review of the City Traffic Engineer and Parking Manager's determination. Said subcommittee shall consist of the chair of the Transit and Parking Commission or designee, one (1) Alderperson and one (1) resident who are members of the Transit and Parking Commission appointed by the Chair of the Transit and Parking Commission. At such hearing the licensee shall have an opportunity to cross examine witnesses, may call witnesses on her/his own behalf and may be represented by legal counsel. After holding a hearing, the subcommittee of the Commission shall by majority vote make findings of facts and conclusions of law and may by majority vote modify or reverse the revocation imposed by the City Traffic Engineer and Parking Manager. (Am. by Ord. 10,013, 5-14-90; ORD-17-00030, 3-8-17)

(d) It shall be a violation of this ordinance for any person to copy, reproduce or resell a permit.

(Am. by ORD-06-00061, 6-3-06; ORD-08-00132, 12-5-08)

(11) Permit Fee. A permit fee of twenty-eight ($28) per year shall be charged. The charge for a duplicate permit shall be seven dollars ($7). This ordinance shall become effective September 1, 2016. (Am. by Ord. 12,406, 6-30-99; ORD-08-00132, 12-5-08; ORD-16-00044, 4-27-16)

(12) Fund. All monies received from said permit fees shall be placed in the Residential Permit Parking Fund to cover the costs of administering this permit program, and all costs for the printing of application forms and permits, stationery, postage, office supplies, the engineering studies, notices, and signing costs to implement this system shall be paid for out of this fund.

(13) Severability. The provisions of this ordinance shall be severable. If any provision of this ordinance is invalid or if the application thereof to any person or circumstance is held invalid, such invalidity shall not affect the other provisions or application which can be given effect without the invalid provision or application. It is expressly declared that if any provision of this ordinance is declared invalid, that notwithstanding, the Common Council would have passed the other provisions of this ordinance.

(14) Eligibility of Properties. In order to support the purpose of reducing commuter impact and promoting the use of off-street parking, residents of new developments approved for construction after the effective date of this ordinance will only be eligible for participation in the Residential Parking Permit Program if the dwelling has three units or less. The City Traffic Engineer and Parking Manager shall maintain and make accessible to the public a list of ineligible addresses. (Cr. by ORD-16-00007, 1-13-16)

PARKING METERS

12.142 TEMPORARY RESTRICTED PARKING - ON-STREET METERS.

(1) Purpose. The purpose of this ordinance is to establish a procedure for the City Traffic Engineer and Parking Manager to create "Temporary Restricted Parking Areas" and to issue hangtag parking permits within on-street metered parking areas. When used in this Section, the title "Traffic Engineer" means the "City Traffic Engineer and Parking Manager or designee." Under this procedure, operators are permitted to park overtime at a metered space when displaying a hangtag parking permit, to cover certain on-street parking meters or stall markers with Temporary Restricted Parking Hoods, or to designate Temporary Restricted Parking areas for multi-space metered zones for the following purposes:

(a) to provide temporary parking for contractors or other vehicle operators to load and unload equipment and supplies necessary to and in the vicinity of their work, while actively engaged in performing construction or repair work in the immediate vicinity of the restricted parking area, where the vehicle is necessary for loading, unloading or storing tools or supplies used in servicing buildings in the vicinity, and where the vehicle is not owned or operated by the owner of the premises or an

employee of a business operated on the premises adjacent to the parking area. For purposes of this section, "equipment and supplies necessary" means that the operator is using the vehicle for storage of materials or tools needed on the job or as a work space necessary to the job, such as, to hold vices, air compressor, self-contained cleaning equipment, etc.

(b) to provide temporary parking for a Large Motor Truck, as defined in Sec. 12.915, a Motor Bus as defined in Wis. Stat. § 340.01(31) (2003-2004) or a School bus as defined in Wis. Stat. § 340.01(56) (2003-2004), for loading and unloading of passengers, freight, or other equipment and for temporary parking, when in the opinion of the Traffic Engineer, there is no reasonable alternative for on-street parking in the vicinity of the vehicle's destination that will accommodate the size of the vehicle.

(c) to create a temporary parking space for motor vehicles used by a person with a physical disability at an on-street metered parking stall, when a permanent parking space reserved for motor vehicles used by a person with a physical disability has been temporarily removed for construction or other reasons. The person, firm, or event sponsor responsible for the removal of the permanent parking space, shall apply for and pay the fee for the meter hood or Temporary Restricted Parking area to create the temporary relocated parking space, at the rates herein. (Am. by ORD-06-00178, 12-8-06)

(d) to provide temporary parking for election workers adjacent to polling places on election days (no fee shall be required.)

(Am. by ORD-09-00073, 5-08-09; ORD-12-00066, 5-9-12)

(e) to facilitate the temporary on-street storage of materials, machinery, dumpsters, portable storage containers, and construction trailers granted a Street Occupancy Permit pursuant to Sec 10.055, MGO. (Cr. by ORD-16-00044, 4-27-16)

(2) The Traffic Engineer is authorized to establish Temporary Restricted Parking Areas at metered stalls or multi-space metered zones on streets in the City of Madison.

A "Temporary restricted parking area" is defined as an area on a street in the City of Madison designated for meter parking which is restricted by the Traffic Engineer for the use of vehicles meeting the purposes listed in sub. (1) and which has been so designated by placing a meter hood, meter bag or other official device to notify vehicle operators of the restriction.

(Am. by ORD-06-00178, 12-8-06)

(3) Application and Fees.

(a) Application for a temporary restricted parking area and hangtag parking permits shall be made to the Traffic Engineer, by the person or firm requesting the restricted parking area. The application shall be in writing and on a form designated by the Traffic Engineer. At a minimum, the application form shall require the applicant to demonstrate a need for a temporary restricted area or hangtag parking permit consistent with the purposes stated in sub. (1), and shall include any other information required by the Traffic Engineer. If meter or stall hoods are requested for a period of six (6) months or more the fees shall be prepaid. (Am. by ORD-09-00073, 5-08-09)

(b) Fees for Parking Meters Controlling a Single Space. Meter hoods and hangtag parking permits shall be issued for a full day or half-day. The fee for a full-day meter shall be eighteen dollars ($18) plus a two-dollar ($2) hood rental fee, and the fee for a half-day meter shall be ten dollars ($10) plus a two-dollar ($2) hood rental fee. The fee for streets with peak hour parking restrictions will be adjusted by the Traffic Engineer. The replacement fee for lost or stolen hoods shall be two dollars ($2) per hood. Election-day meter hoods under sub. (1)(d) shall be exempt from any fees. (Am. by ORD-09-00073, 5-08-09)

(c) Fees for Multi-Space Metered Zones. Zones consisting of parallel parking areas, for every twenty-two (22) lineal feet as measured at the curb, shall be equivalent to one (1) parking stall. Each parking stall measured in this manner shall have a fee of eighteen dollars ($18) for a full day and the fee for a half day shall be ten dollars ($10). Zones consisting of diagonal parking stalls shall have a fee of eighteen dollars ($18) for a full day and the fee for a half day shall be ten dollars ($10) per stall. Temporary restricted parking signs as required by the Parking Utility will have a fee of two dollars ($2) per sign. (Cr. by ORD-06-00178, 12-8-06; Am. by ORD-09-00073, 5-08-09)

(d) Fees For Covering /Uncovering Signs For Parking Spaces Reserved For Motor Vehicles Used By a Person With Physical Disability. As described in Sec. 12.142(1)(c), the fee shall be fifty-five dollars ($55) per occurrence or event. (Cr. by ORD-09-00073, 5-08-09)

(e) This ordinance shall become effective June 1, 2016. (Cr. by ORD-09-00073, 5-08-09)

(Am. by ORD-12-00066, 5-9-12; ORD-16-00044, 4-27-16)

(4) If the Traffic Engineer establishes a Temporary Restricted Parking Area he/she will issue the number of parking meter hoods to the applicant which corresponds to the number of parking stalls to be included in the restricted parking area. The Traffic Engineer may limit the number of hoods to be issued in any one area. No person may park a vehicle in a Temporary Restricted Parking Area unless an application for the temporary restricted area has been approved by the Traffic Engineer, and only vehicles associated with the applicant may park in the Temporary Restricted Parking Area. (Am. by ORD-09-00073, 5-08-09)

(5) Procedure for Meter Bags/Hoods. Hoods shall be clearly marked with the applicable parking restrictions, dates and times. The applicant shall place and remove the hoods and/or signs from the parking meter. The hood and/or signs shall be placed on the meter no later than the beginning of the last full cycle of the posted time limit of the meter in question, prior to the start of the restricted parking.

No parking meter may be restricted during any hour when parking is not permitted. Loading Zones between 7:00 A.M. and 11:00 A.M. are also ineligible for restricted parking during the Loading Zone hours. Each hoodand/or sign shall be removed at the end of its effective period. (Am. by ORD-06-00178, 12-8-06; ORD-09-00073, 5-08-09)

(6) Hoods and signs are valid only for the dates, times and locations indicated on the hood and signs at the time of issue. No person may alter or tamper with a parking meter hood or sign, or use a hood or sign with an altered location or expiration date, or place a hood or sign on a meter for which it was not issued. (Am. by ORD-06-00178, 12-8-06)

(7) Procedure For Hangtag Parking Permits.

(a) Permits may not be used at meters with a time limit of thirty (30) minutes or less, at meters which are Loading Zones between 7:00 a.m. and 11:00 a.m or at meters during times when parking is not allowed for any other reason. All stopping, standing and parking restrictions remain applicable to vehicles with permits.

(b) Permits shall be placed on the rearview mirror when the vehicle is parked.

(c) Permits are valid for only the date indicated on the permit. No person may alter a permit or use a permit with an altered expiration date.

(d) The City Traffic Engineer and Parking Manager or designee may withdraw the right to use the permit if traffic, parking or weather conditions warrant.

(Cr. by ORD-12-00066, 5-9-12)

(8) Use of a parking meter hood, sign or hangtag parking permit for other than the use specified in the application shall be grounds for revocation of the temporary restricted parking area permit or hangtag parking permit and, in addition, any person or firm who

violates any part of this ordinance shall be subject to a forfeiture of not more than two hundred dollars ($200) for each day or fraction thereof during which the violation occurs. (Am. by ORD-06-00178, 12-8-06; ORD-12-00066, 5-9-12)

(Cr. by Ord. 7650, 2-18-82; Am. by ORD-06-00061, 6-3-06)

12.1425 TEMPORARY "NO PARKING" ZONES - ON-STREET METERS.

(1) Purpose. The purpose of this ordinance is to establish procedure for the City Traffic Engineer and Parking Manager to establish Temporary No Parking Zones at on-street metered parking stalls, when the street must be cleared of vehicles for a parade or special event, or other purposes described herein. This ordinance establishes the procedure for "No Parking" meter hoods. When used in this Section, the title "Traffic Engineer" means the "City Traffic Engineer and Parking Manager."

(2) Applications. The Traffic Engineer may establish a temporary "no parking" zone on streets in the City of Madison where parking meters have been installed. Applications for establishing a no parking zone area shall be made on a form designated by the Traffic Engineer and shall include a description of the purpose for which the permit is sought, the number of hours and the number of metered stalls to be restricted.

(3) (a) "No Parking" Hoods may be issued for the following purposes:

1. To prohibit on-street parking to facilitate construction on property adjacent to the street right-of-way.
2. To prohibit parking for events granted a Street Use Permit pursuant to Sec. 10.056 of the Madison General Ordinances, or Parade Permits under Sec. 12.87, on street(s) or portions of street(s) within the perimeter of the Street Use Permit or on the parade route, whether or not such streets are closed to all traffic.
3. To prohibit parking for weddings and funerals.

(b) Fees per hood or area shall be as follows:

1. "No Parking" Hood Fees. Meter hoods shall be issued for a full day or half-day. The fee for a full-day meter shall be eighteen dollars ($18) plus a two-dollar ($2) hood rental fee, and the fee for a half-day meter shall be ten dollars ($10) plus a two dollar ($2) hood rental fee.
   a. Fees for Multi-Space Metered Zones. Zones consisting of parallel parking areas, for every twenty-two (22) lineal feet as measured at the curb, shall be equivalent to one (1) parking stall. Each parking stall measured in this manner shall have a fee of eighteen dollars ($18) for a full day and the fee for a half day shall be ten dollars ($10). Zones consisting of diagonal parking stalls shall have a fee of eighteen dollars ($18) for a full day and the fee for a half day shall be ten dollars ($10) per stall. Temporary restricted parking signs as required by the Parking Utility will have a fee of two dollar ($2) per sign.

   (Am. by ORD-12-00066, 5-9-12)
2. Street Use Permits or Parade Permits (Sec. 12.1425(4)(a)2.). $2.00 per hood or sign for meters on streets that are closed to traffic, and the regular price in sub. (3)(b)1. and (3)(b)1.a. above for meters or areas on streets that are not completely closed to traffic.
3. Lost and Stolen Hoods. $2.00 per hood or sign replacement cost.
4. Street or Utility Work in Right of Way. There shall be no charge for hoods or signs to prohibit parking to facilitate any street or utility work when all or a portion of such work is within the street right-of-way.
5. City of Madison Public Works Contracts. There shall be no charge for meter hoods or signs to prohibit parking for any work under a City of Madison Public Works contract.

6. Weddings and Funerals. There shall be no charge for meter hoods or signs issued for weddings and funerals under this section.

(Sec. 12.1425(3)(b) Am. by ORD-16-00044, 4-27-16)

(4) Placement of Meter Hoods. Hoods (meter bags), signs, or other suitable means of notification shall be used to post the "no parking" areas. The hood or signs shall be clearly marked "No Parking" and shall bear an expiration date. Upon granting the request, the Traffic Engineer shall issue to the applicant the number of hoods required to post each meter included in the restricted area. Placing and removing the hoods or signs shall be the responsibility of the applicant. The hood and/or signs shall be placed on the meter or metered area no later than the beginning of the last full cycle of the posted time limit of the meter in question, prior to the start of the temporary No Parking zone. All hoods and/or signs shall be removed immediately after the event has ended or upon the expiration date on the hood or signs, whichever is sooner. If the street has been closed, the hoods and/or signs shall be removed before the street is reopened. Hoods and signs may not be transferred to other dates or locations nor may the dates and location specified on the hoods be altered. (Am. by ORD-06-00178, 12-8-06)

(5) Any person who uses or permits the use of a parking meter hood and/or signs which is not authorized by the City Traffic Engineer and Parking Manager, or who shall fail to comply with the requirements of this ordinance shall be subject to a forfeiture of not more than two hundred dollars ($200), plus applicable court costs and fees. (Am. by ORD-06-00178, 12-8-06)

(6) No provision of this ordinance is intended to limit the authority of the Traffic Engineer under Sec. 12.03 of the Madison General Ordinances.

(Cr. by Sub. Ord. 7651, 3-4-82; Am. by ORD-06-00061, 6-3-06; Am. by ORD-06-00178, 12-8-06)

12.143 INSTALLATION OF PARKING METERS.

The Parking Manager shall install, regulate, control and maintain in good working condition parking meters on highways, parking lots and ramps in all parking meter zones established by ordinance. Parking meters controlling an individual space shall be installed adjacent to the curb, and lines or marks shall be placed upon or adjacent to the roadway, so as to designate individual vehicle parking spaces, not inconsistent with other provisions of this chapter. A multi-space meter shall be installed on the same block face as the area that it controls. Multi-space metered zones shall have lines or marks placed upon or adjacent to the roadway, so as to designate individual vehicle parking spaces. Lines or marks placed upon or adjacent to the roadway may be omitted if the multi-space meter provides a receipt to be displayed on the vehicle. (Am. by Ord. 4606, 6-19-74; Am. by ORD-06-00178, 12-8-06)

12.144 OPERATION OF PARKING METERS.

(1) Upon the deposit, by the operator of a vehicle, of the coin or coins or other form of payment required by this chapter, each parking meter that controls a single stall shall continuously indicate the length of time during which such vehicle may be allowed to remain parked in the parking space adjacent to such meter under the provisions of this chapter, and upon the expiration of the time limit applicable to such vehicle shall, by appropriate signal, indicate the expiration of the time limit.

(2) Upon the deposit, by the operator of a vehicle, of the payment required by this chapter, each multi-space meter shall have some means of indicating the amount of time during which such vehicle may be allowed to remain parked, whether by a receipt displaying the expiration time or an indication on the meter.

(3) There shall be attached to each parking meter that controls a single stall a sign indicating the length of time vehicles may be parked in the parking space adjacent to the meter under the provisions of this chapter, the days and times during which such time limit is applicable and the amount and method of payment required to be deposited in the meter.

(4) There shall be attached to each multi-space meter a sign or other display method indicating the length of time vehicles may be parked in the parking spaces controlled by that meter under the provisions of the chapter, the days and times during which such time limit is applicable, and the amount and method of payment required to be deposited in the multi-space meter.

(Am. by ORD-06-00061, 6-3-06; Am. by ORD-06-00178, 12-8-06)

12.145 PARKING AT PARKING METERS AND MULTI-SPACE METERS; METER RATES.

(1) Restrictions. In all parking meter zones established by Sections 12.1495, 12.150, 12.1505, 12.151, 12.1515, 12.1516, 12.1517 and 12.1518 or at any other on-street parking meter space or on-street multi-space metered zone established under the authority of the City Traffic Engineer and Parking Manager, no person shall park, stop or leave standing any vehicle, whether attended or unattended, unless the following provisions are strictly complied with:

(a) Parking at a Meter Controlling a Single Space. The operator of every vehicle, upon stopping, standing or parking the vehicle at a parking meter space adjacent to which a parking meter is located, shall deposit in such parking meter the proper payment as required by the directions on the meter and remove the vehicle therefrom prior to the expiration of the time limit indicated on the meter.

(b) No such vehicle shall be parked, stopped or left standing for a longer period than the applicable time limit specified in Sections 12.1495, 12.150,12.1505, 12.151, 12.1515, 12.1516, 12.1517, or 12.1518.

(c) The operator of such vehicle shall comply with all other provisions of this chapter relating to the parking, stopping or leaving a vehicle standing, except those provisions which by their very nature would have no application.

(d) No person shall stop, park or leave standing any vehicle at a parking space adjacent to a parking meter or multi-space metered zone for the purpose of conducting street vending directly from the vehicle, during the hours in which that meter is enforced. "Street vending" shall have the meaning established in Section 9.13. This prohibition shall apply to all on-street parking meter zones established by this Chapter, during the hours of enforcement established herein. (Cr. by ORD-06-00061, 6-3-06)

(e) Parking at a Multi-Space Meter. The operator of every vehicle, upon stopping, standing or parking the vehicle at spots controlled by multi-space parking meters, shall deposit the proper payment as required by the directions on the multi-space meter and shall remove the vehicle therefrom prior to the expiration of the time limit indicated on the multi-space meter or the parking meter receipt. Parking meter receipts, if required by the directions on the meter, must be placed on the front dashboard of the driver's side of the vehicle. Only one receipt may be displayed at any one time and the printed expiration time must be visible through the front windshield. Motorcycles, mopeds, and other vehicles not specified must display parking meter receipts, if required, in a visible manner. (Cr. by ORD-06-00178, 12-08-06; ORD-11-00164, 12-6-11)

(Am. by ORD-06-00061, 6-3-06; ORD-06-00130, 10-6-06; ORD-06-00178, 12-08-06)

(2) Exceptions.

(a) Hours of Enforcement. The provisions of subsections (1)(a), (b), (d), and (e) apply only during the following times and days:

1. 8:00 a.m. to 6:00 p.m. on all days except Sundays and holidays.

(b) The absence or complete functional failure of a parking meter adjacent to any parking space shall exempt operators of vehicles from the provisions of subsections (1)(a), but shall not exempt them from any other provision of this chapter.

(c) With the exception of two fifteen (15) minute metered parking spaces, the east side of South Carroll Street extending from West Doty Street to West Wilson Street shall be restricted to the parking only of Madison Police Department vehicles.

(3) Rates. The rate of payment for on-street parking meters shall be:

(a) Parking meter zones established by Sections 12.1495, 12.150, 12.1505, 12.1515, 12.1516, 12.1517 and 12.1518: one dollar and ten cents ($1.10) per hour for the ten-hour meters, and two dollars ($2) per hour for all other meters.

(b) Parking meter zones established by Section 12.151: one dollar and thirty cents ($1.30) per hour for all meters.

(c) The hourly rate for all on-street metered parking designated for motorcycles shall be one dollar ($1).

(d) The rate for any other on-street parking meter installed under the authority of the City Traffic Engineer and Parking Manager, but not included in the zones listed above shall be either two dollars ($2) per hour, one dollar and fifty cents ($1.50) per hour, one dollar and thirty cents ($1.30) per hour, one dollar and ten cents ($1.10) per hour, or seventy-five cents (75¢) per hour, as determined by the City Traffic Engineer and Parking Manager.

(e) On street multi-space meters paid by methods other than cash will have a minimum required payment equal to one dollar ($1) of metered time, as determined by the City Traffic Engineer and Parking Manager.

(f) This ordinance shall become effective June 1, 2016.

(Am. by ORD-06-00061, 6-3-06; ORD-06-00178, 12-8-06; ORD-09-00073, 5-8-09; ORD-12-00066, 5-9-12; ORD-16-00044, 4-27-16)

12.146 DEPOSIT OF EXCESS PAYMENT.

No person shall deposit or cause to be deposited in any parking meter or multi-space meter a coin or coins or other form of payment so as to prevent such meter multi-space meter from indicating the expiration of the time limit imposed by this chapter upon the parking of a vehicle in the parking space adjacent to such meter or a multi-space metered zone. (Am. by ORD-06-00061, 6-3-06; ORD-06-00178, 12-8-06)

12.147 MISUSE OF PARKING METERS AND MULTI-SPACE METERS.

(1) No person shall intentionally, by physical or mechanical force or by the use of any instrument or device, damage, deface, tamper with, open or impair the effective operation of a parking meter or multi-space meter installed pursuant to ordinance.

(2) No person shall place, insert or deposit or cause to be deposited in a parking meter or multi-space meter installed pursuant to ordinance, anything other than the form of payment specified on the meter, and when coins are permitted, shall not deposit any coins other than lawfully minted coins of the United States. (Am. by ORD-06-00061, 6-3-06)

(Am. by ORD-06-00178, 12-8-06)

12.148 FEES FROM PARKING METERS AND MULTI-SPACE METERS FOR REGULATION.

The fees required by ordinance in parking meters and multi-space meters are imposed as police regulation and inspection fees, and the revenues derived therefrom shall be used for the installation, operation, inspection and regulation of parking meters, multi-space meters, and parking space in parking meter zones created by ordinance. (Am. by ORD-06-00178, 12-8-06)

12.149 OTHER PARKING RESTRICTIONS NOT AFFECTED.

Except as otherwise expressly provided, no provisions of this chapter relating to parking meters shall be construed as amending or repealing other restrictions upon the parking of vehicles upon any highway.

12.1495 THIRTY MINUTE PARKING METER ZONES. (Am. by Ord. 7566, 11-19-81)

ARREST AND BAIL

12.153 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

12.154 BAIL IN VIOLATION CASES.

(1) Whenever a person is arrested for violating any provision of this chapter, the Chief of Police or clerk of the Municipal Court of the City of Madison is authorized to receive at her/his office, from the accused, a deposit in money not to exceed the amount of the maximum penalty which may be imposed if the accused is found guilty. Thereupon, the accused may be released from arrest until said court opens on the next succeeding day on which said court is in session or until such time as is fixed for the hearing of the case. The exact bail deposit amount required to be posted by an accused shall be determined in the following manner:

(a) Uniform Traffic Citations. Whenever an accused is issued a uniform traffic citation for any violation of this chapter the bail amount for that violation shall be as set forth in the Revised Uniform State Traffic Deposit Schedule as adopted by the Wisconsin Judicial Conference pursuant to Wis. Stat. § 345.26(2)(a), for the adopted state statute alleged to have been violated.

(b) City of Madison Parking Citations. Whenever an accused is issued a City of Madison Parking Citation for a non-moving violation of any provision of this chapter the bail amount for that violation shall be determined as follows:

For a violation of an ordinance adopted in strict conformity with Wis. Stats. §§ 346.51—346.55, the bail amount shall be as set forth in the Revised Uniform State Traffic Deposit Schedule as adopted by the Wisconsin Judicial Conference pursuant to Wis. Stat. § 345.26(2)(a), for the adopted state statute alleged to have been violated.

(Am. by ORD-06-00173, 12-8-06)

(2) If the person so arrested and released fails to appear, personally or by an authorized attorney or agent, before the court at the time fixed for the hearing of the case, the money deposited by the accused pursuant to subsection (1) shall be retained and used for the payment of the penalty which may be imposed, together with costs, after an ex parte

hearing upon the accused. The excess, if any, shall be returned to the person who made the deposit upon his/her application therefore. If the accused is acquitted, the entire amount of the deposit shall be refunded to the depositor upon application therefore. (Am. by ORD-14-00012, 1-14-14)

(3) This section shall not be construed so as to make the City of Madison or Dane County in any case liable for the whole or any part of the money deposited pursuant to this section.

(4) This section shall not be construed so as to prevent the forfeiture of the bond or cash deposit made with the Chief of Police as provided by Wis. Stat. § 66.0111.

(5) Late Payment Charge for Unpaid Parking Violations. In the event any notice of parking violation or nonmoving traffic violation ("parking ticket") is not paid within ten (10) days from the date of the violation, an administrative charge of ten dollars ($10) shall be added to the total cost of the ticket. If said parking ticket remains unpaid after twenty-one (21) days from the date of the violation, a second administrative charge of ten dollars ($10) shall be added. Failure to pay after required notice(s) have been sent pursuant to Wis. Stat. § 345.28 shall result in an additional administrative charge of ten dollars ($10) to further cover the cost of using the traffic violation and registration program established by the Wisconsin Department of Transportation ("Department") under Wis. Stat. § 345.28, when the City notifies the Department in the form and manner prescribed by the Department that the parking ticket remains unpaid. The above charges represent the reasonable and necessary administrative costs associated with the collection of unpaid parking tickets and participation in the Department's traffic violation and registration program. The provisions of this paragraph shall in no way limit the City from utilizing any other methods of collecting and enforcing unpaid parking tickets under Wis. Stat. § 345.28, or as otherwise authorized by law. (Cr. by Ord. 13,470, 12-10-03)

(Sec. 12.154 Am. by Ord. 11,810, Adopted 3-4-97)

12.155 RESERVED FOR FUTURE USE. (R. by Ord. 11,810, Adopted 3-4-97)

TECHNICAL PROVISIONS

12.156 CONSTRUCTION OF THIS CHAPTER.

Whenever any court of competent jurisdiction shall be called upon to construe or pass upon the validity of this chapter or any part thereof the following rules of construction shall apply:

(1) All provisions shall be taken as being intended to conform to the Wisconsin Vehicle Code pursuant to the provisions of Chapter 349 thereof and other statutes delimiting the authority of the City of Madison to enact this chapter.

(2) If any provision shall be adjudged unconstitutional or invalid, such adjudication shall not be considered as affecting any other provisions, or the remainder of this chapter as a whole, if they would otherwise be constitutional and valid.

(3) The word "fine" as used in this chapter or in the Madison General Ordinances as a whole is synonymous with the word "forfeiture."

12.157 PRIOR ORDINANCES REPEALED.

All ordinances and parts of ordinances regulating traffic on, or the parking of vehicles on, the highways of the City of Madison, enacted prior to the effective date of this ordinance are hereby repealed, provided however that this repeal shall not affect or prevent the prosecution of, or imposition of any penalty upon any person for any act done prior to the effective date of this ordinance, in violation of any provision of any such prior ordinance.

12.158 TITLE. This ordinance may be known and cited as the Vehicle Code.

13.01 WATER UTILITY BOARD.

(1) Election. The City of Madison hereby elects, pursuant to Wis. Stat. § 66.0805(6), to provide for the operation of the Madison Water Utility by a board of officers other than the commission provided for in Wis. Stat. § 66.0805(1)-(3). In establishing this Board, the City also relies on its authority under Wis. Stat. § 62.11(5). (Am. by ORD-07-00099, 8-23-07)

(2) Water Utility Board. There is hereby created a Water Utility Board of eight (8) members, whose duty shall be the management and operation of the Water Utility. There shall be seven (7) voting members and one (1) non-voting ex-officio member. At least one (1) and not more than two (2) of the voting members shall be members of the Common Council, who shall serve during their two-year terms. The members shall be appointed by the Mayor and confirmed by the Common Council, and members who are not members of the Common Council shall serve staggered terms of five (5) years, respectively provided that the Mayor may appoint one of the members whose term ends in 2010 to a three (3) year term in order to achieve staggered terms. In case of vacancy, the Common Council may at any regular or special meeting confirm a member for the unexpired term. The Director of Public Health Madison and Dane County under Sec. 7.02, MGO, or his or her designee shall serve as an ex-officio, non-voting member of the Board in order to provide advice and information to the Board on health issues related to the Water Utility. The

Director of Public Health Madison and Dane County shall not vote, may not make motions, and shall not be counted as a member in determining quorum or majorities. Upon passage of this ordinance, the existing commissioners of the Board of Water Commissioners shall immediately succeed to positions as members of the Water Utility Board and fill out their terms as if appointed to the remaining length of their terms. (Am. by Ord. 10,239, 4-12-91; ORD-06-00098, 8-2-06; ORD-07-00099, 8-23-07; ORD-10-00064; 6-23-10; ORD-15-00009, 1-28-15)

(3) Meeting, Organization and Duties of the Board. The Board on an annual basis shall choose from among their number a president, vice president and secretary. The Board may make rules for its own proceedings and for the government of the Utility. The Board shall keep books of account in the manner and form prescribed by the Public Service Commission which shall be open to the public. The Board shall have the management and supervision of the Water Utility and all matters connected therewith, subject to the general control and supervision of the Water Utility Board by the Mayor and Common Council. The Council shall exercise such supervision by enacting ordinances governing the Board's operation, and approving contracts for the Water Utility as it does for other departments. The Board shall have the general power and authority to make rules and regulations for the management of said Utility as it shall from time to time find necessary for the safe, economical and efficient management and protection of the Water Utility. The Board shall issue an annual report which shall be made available to the Common Council.
(Sec. 13.01 Am. by Ord. 6665, Adopted 6-26-79; Am. by ORD-07-00099, 8-23-07)

(4) Employees. Employees of the Water Utility shall be governed by the ordinances, rules and procedures established for other employees of the City of Madison, together with any rules established by the Water Utility Board. (Cr. by ORD-07-00099, 8-23-07)

13.02 APPOINTMENT OF GENERAL MANAGER; DUTIES.

(1) The Water Utility General Manager shall be appointed by the Mayor, in consultation with and subject to the approval of the Water Utility Board, and further subject to the approval of the Common Council. The position shall be filled according to Sec. 3.54(9)(f) of these ordinances. The General Manager shall hold her/his position pursuant to the terms of the employment contract provided for in such section. The Water Utility General Manager shall be the chief executive of the Water Utility and shall perform those duties generally described in this chapter and such other duties as may be delegated by the Board.

(Sec. 13.02 Am. by Ord. 12,357, Adopted 3-16-99; Am. by ORD-07-00099, 8-23-07; ORD-14-00173, 12-10-14)

13.03 DUTIES OF GENERAL MANAGER.

(1) General Duties. The General Manager shall have supervision of the Water Utility under the direction of the Water Utility Board and shall have supervision and control over the buildings, grounds, and all matters connected therewith, and shall enforce all ordinances, rules and regulations of the Common Council and of the Board; and see that the conditions of all contracts relating to said Utility are faithfully complied with, and that all charges for the use of water are duly made, collected, and paid into the City Treasury. The General Manager shall be the appointing authority under the provisions of the civil service ordinance for the purpose of making appointments of employees in the Water Utility. The General Manager shall be subject to the supervision of the Mayor and the Water Utility Board, as set forth in his/her employment contract.

(2) In Charge of New Construction and Installations. The General Manager shall supervise the installation of all new equipment, the construction of all new wells, reservoirs, treatment facilities, and pumping stations and have charge of all improvements to the Water Utility plant, including the installation, repair and reconstruction of all mains and

service connections. The General Manager shall have supervision of work of this nature and, shall purchase services, materials and supplies for such work pursuant to City ordinances, including Sec. 4.26, MGO.
(Am. by ORD-09-00147, 11-6-09)

(3) Maps and Records to be Kept. The General Manager shall direct the maintenance of maps and records of the water system.

(4) Other Records to be Kept. The General Manager shall keep a record of all accounts and claims for or against the Water Utility and all meters and the location thereof and shall perform such other duties as the Board or the Common Council may prescribe.

(Sec. 13.03 Am. by Ord. 12,357, Adopted 3-16-99; Am. by ORD-07-00099, 8-23-07)

13.04 OUTDOOR WATER USAGE RESTRICTIONS.

(1) The Water Utility General Manager may impose voluntary or mandatory outdoor water usage restrictions on all water users in the Utility's service area under the criteria set forth below in order to avoid undue stress upon the resources and reserve capacity of the Water Utility. The restrictions may apply to all properties or to alternate sides of the street as the Water Utility General Manager deems necessary. Alternate side restrictions would apply to odd numbered sides of the street on even numbered calendar days and even numbered sides of the street on odd numbered calendar days, respectively. Restrictions may be for all day or for specified times each day. Voluntary restrictions shall not apply to new lawns - either sodded or seeded. Notice of said restrictions shall be provided through major news media outlets in the City. (Am. by Ord. 9656, 12-30-88)

(2) (a) Criteria For Voluntary Restrictions.

1. To maintain pumpage below a preset daily total amount, or
2. To comply with any electrical utility request for voluntary cutback in peak load electrical usage.

(b) Criteria For Mandatory Restrictions.

1. To avoid sustained low pressure (less than 20 pounds per square inch (PSI) to any customer), or
2. To maintain reservoir levels above preset fire reserve limits, or
3. To compensate for loss of one or more major wells due to mechanical failure.

(3) Penalty. Any person who violates any mandatory restriction on water usage issued pursuant to this section or fails to comply with any of its requirements shall upon conviction thereof, be subject to a forfeiture of not less than twenty dollars ($20) nor more than one thousand dollars ($1,000). Each day such violation continues shall be considered a separate offense.

(Sec. 13.04 Cr. by Ord. 5569, 8-13-76; Am. by Ord. 12,357, Adopted 3-16-99; Ord. 13,500, 1-23-04)

13.05 CONTRACTS FOR WATER SERVICE. The ordinances, rules, and regulations passed by the Common Council shall be considered a part of the contract with every person, company or corporation supplied with water through the water system of the City; and every such person, company, or corporation by taking water shall be considered to express her/his or its assent to be bound thereby. (Am. by Ord. 12,357, Adopted 3-16-99)

13.06 ACCESS TO PREMISES AND MAINTENANCE OF WATER METER PITS.

(1) Access to Premises. The General Manager of the Water Utility and persons under the General Manager's direction shall have free access at all reasonable hours to any premises supplied with City water for the purpose of inspecting and examining the water service appliances. No person, firm, corporation or other entity shall prevent, delay or interfere with a City employee while he or she is engaged in the performance of duty pursuant to this section. (Am. by Ord. 12,357, Adopted 3-16-99)

(2) Maintenance of Water Meter Pits.

(a) Water meter pits are the responsibility of the owner or operator of the property and the owner or operator bears the responsibility for all required pit maintenance and repairs. Water meter pits shall be maintained in a clean, dry and safe condition and shall be free from leaks or standing water. Water meter pits shall be maintained in a manner that provides for adequate accessibility, security, safety and for protection against freezing and flooding for the meter. No plants, landscaping or other physical objects shall limit the accessibility of the water meter pit. The water meter pit lid shall be maintained in safe condition and shall be capable of supporting the weight of pedestrians and lawn care equipment. The owner or operator of the property shall provide for proper grading of the surface around the water meter pit so that water will not collect around or course over the water meter pit lid.

(b) It shall be the responsibility of the owner or operator of the property to remove any standing water from a water meter pit, at the request of a City employee who is engaged in the performance of duty pursuant to Sec. 13.06(1), MGO. Any owner or operator who fails to remove such standing water upon request shall be subject to the penalties contained in Sec. 13.23, MGO. The penalties in this subsection may be imposed in addition to any penalties that result from nonconformance with Sec. 13.06(2)(a), MGO, or any other applicable ordinance that does not conflict with this subsection.

(c) Any water meter pit built after the effective date of this ordinance shall meet the standards and specifications of the Water Utility in effect at the time of construction. It shall be the responsibility of the owner or operator of the property to ensure that a water meter pit meets such standards and specifications. The Water Utility shall make its standards and specifications available for public inspection at the office of the Water Utility during normal business hours.

(d) Repairs and modifications to existing water meter pits that are commenced after the effective date of this ordinance shall conform to the standards and specifications of the Water Utility in effect at the time of the repair or modification. The owner or operator of the property shall only use parts or materials approved by the Water Utility or contained in the Water Utility's standards and specifications. It shall be the responsibility of the owner or operator of the property to ensure that repairs and modifications meet such standards and specifications, or have such approval.

(e) Abatement of Water Pit Hazards. If the General Manager of the Water Utility, or his or her designee, determines that the design or condition of an existing water meter pit is a serious hazard to the health or safety of the Utility's employees or to the public, then the General Manager may order the owner or operator to repair or replace the water meter pit at the owner or operator's expense, pursuant to this subsection. An owner or operator may also comply with such an order by removing the water pit.

1. Summary Abatement of Water Pit Hazard.

a. Order of Abatement. If the General Manager of the Water Utility determines that a water meter pit constitutes a public nuisance and that there is imminent danger to the public health, safety, peace, comfort or welfare, he or she may, without notice or hearing, issue an order to the owner and/or operator reciting the existence of a public nuisance constituting imminent danger to the public and requiring immediate action be taken as he or she deems necessary to abate the nuisance. Notwithstanding any other provisions of

this subsection, the order shall be effective immediately. Any person to whom such order is directed shall comply with the order immediately.

b. Abatement by the Utility. Whenever the owner or operator shall refuse or neglect to remove or abate the condition described in the order, the Director of the Water Utility may, in her or his discretion, enter upon the property and cause the nuisance to be removed or abated and the Water Utility shall recover the expenses incurred thereby from the owner or operator of the property. The expenses so incurred may be levied as a special charge against the property.

2. Nonsummary Abatement of Water Pit Hazard.

a. Order to Abate Nuisance. If the Director of the Water Utility determines that a water meter pit constitutes a public nuisance but that the nature of such nuisance is not such as to threaten imminent danger to the public health, safety, peace, comfort or welfare, he or she shall issue an order reciting the existence of a public nuisance and requiring the owner and/or operator of the property to remove or abate the condition described in the order within the time period specified therein. The order shall be served personally on the owner of the property, as well as the operator if different from the owner and applicable to the described nuisance, or, at the option of the Director of the Water Utility, the notice may be mailed to the last known address of the person to be served by registered mail with return receipt requested. If the owner or the operator cannot be served, the order may be served by posting it on the main entrance of the premises and by publishing as a class 1 notice under Wis. Stat. ch. 985. The time limit specified in the order runs from the date of service or publication.

b. Abatement by the Utility. If the owner or operator fails or refuses to comply within the time period prescribed, the Director of Water Utility may enter upon the property and cause the nuisance to be removed or abated and the Water Utility shall recover the expenses incurred thereby from the owner or operator of the property. The expenses so incurred may be levied as a special charge against the property.

c. Remedy from Order. The order of the Director of the Water Utility shall not be appealable to the Water Utility Board. Any person affected by orders issued under this subsection shall timely apply to the circuit court for an order restraining the Water Utility and the Director of the Water Utility from entering on the premises and abating or removing the nuisance, or be forever barred. (Am. by ORD-07-00099, 8-03-07)

(Sec. 13.06(2)(e) Am. by ORD-08-00095, 8-23-08)

(f) Authority to Assess Costs. The cost of abatement or removal of a nuisance under this section shall be collected from the owner, operator or person causing, permitting or maintaining the nuisance and, if notice to abate the nuisance, if applicable, has been given to the owner, such cost, if not paid, may be levied as a special charge against the property. (Am. by ORD-08-00095, 8-23-08)

(g) Abatement in Accordance with State Law. Nothing in this article shall be construed as prohibiting the abatement of public nuisances by the Water Utility or

its officials in accordance with the laws of the state. The Water Utility or its officials may choose to proceed with an action under state law, upon authorization by the Water Utility Board. (Am. by ORD-07-00099, 8-03-07)

(h) (R. by ORD-08-00095, 8-23-08)

(Section 13.06(2) Am. by ORD-07-00098, 8-7-07)

13.07 SERVICE CONNECTIONS.

(1) Standards. Service connections and other attachments to any of the water mains shall be made in conformity to the rules and regulations of the Water Utility Board.

(2) Residential Connections Required.

(a) Purpose. This subsection is enacted pursuant to Wis. Stat. § 281.45, the City finding that requiring residential water service connections where available is necessary to assure the preservation of public health, and the comfort and safety of City residents.

(b) Definitions. For the purposes of this subsection, the following definitions apply:

1. Building means any structure built for the support, shelter or enclosure of persons, animals, chattels or movable property of any kind, and which is permanently affixed to the land.
2. Connection deadline is the date by which connection is required as set forth in sub. (d).
3. General Manager shall mean the Water Utility General Manager, or his or her designee.
4. Human habitation means the use of a building or other structure for human occupancy, including but not limited to cooking, eating, bathing and sleeping. This term does not include the use of a building or other structure for commercial, industrial or other similar uses, unless the building or structure is also used for actual occupancy by a human.
5. Lot means an individual lot or tax parcel, as the case may be.
6. Structure means anything constructed or erected, the use of which requires more or less permanent location on the ground, or attached to something having permanent location on the ground, and in the case of flood plain areas, in the stream bed or lake bed.
7. Unsafe has the meaning given to it by Sec. 13.21(3), MGO.

(c) Connection Requirement.

1. Any building used for human habitation and located on a lot either through which a water main runs, that is adjacent at any point to a public right-of-way or easement through which a water main runs, or that is in a block through which a water main extends, shall be connected with the water main pursuant to the standards set forth in sub. (1).
2. Except for properties annexed into or attached to the City of Madison, the residential connection requirement of paragraph 1. only applies if the water main is no greater than one-hundred and fifty (150) feet, at any point, from a wall of the building.

(d) Timing of Connection. Buildings subject to the connection requirement in sub. (c) shall be connected to the water main within ninety (90) days of either the expiration of a valid well operation permit issued under Sec. 13.21(5), MGO, unless the property owner renews the well operation permit during this period of time, or upon the conveyance of the property pursuant to Wis. Stat. ch. 706, whichever occurs first.

However, for properties annexed into or attached to the City of Madison that would be subject to the connection requirement in sub. (c) upon annexation or attachment, connection shall be made within one hundred eighty (180) days of the effective date of said annexation or attachment. Properties annexed into or

attached to the City that would not be subject to the connection requirement in sub. (c) upon annexation or attachment must connect within ninety (90) days of a water main extension that invokes the requirements of sub. (c)1.

(e) Delayed Connection. Upon application filed with the General Manager by the owner of a building subject to the connection requirement of this subsection, the General Manager may order a delayed connection of the building with the water main, beyond the Connection Deadline, upon making a determination that a specified delay will not be detrimental to the preservation of public health and the comfort and safety of City residents. If the General Manager orders a delayed connection under this subdivision, the delayed connection shall be authorized in writing and shall be for a specified period of time, and may be subject to certain conditions, including specifically that the owner has a valid well operation permit issued under Sec. 13.21(5), MGO. Upon the expiration of the specified period, or the occurrence of any of the conditions set forth in the order, the delay shall expire and the building shall be connected to the water main within ten (10) days or as otherwise agreed to by the owner and the General Manager.

(f) Notice to Connect. The General Manager shall provide written notice to the owner of the building required to connect to the water main under this subsection of the need to connect with the water main by the Connection Deadline, or no earlier than fifteen (15) days from the date of the notice, whichever is later. The notice to connect shall be mailed via first class mail to the property owner's last known address, and a copy shall also be served upon the owner or occupant at the building location or may be posted by attaching the notice to the entrance of any building or other structure on the lot. The notice to connect shall include documentation showing the location of the water main in relation to the lot. The failure to comply with the deadline set forth in the notice to connect, or as subsequently amended by the General Manager in writing, shall be deemed a failure to comply with this subsection and subjects the owner to the penalties set forth in Sec. 13.23.

(g) Appeal. The owner of the building required to connect to the water main under this subsection may, within fifteen (15) days of the mailing of the notice to connect by the General Manager, appeal the notice to connect. The only issues that may be appealed are the actual ownership of the building, whether a finding that the well is unsafe was erroneous, whether the building is used for human habitation, and whether the location of the water main requires connection under sub. (c). The appeal shall be to the Water Utility Board. All requests for appeal shall be filed with the City Clerk, with a copy sent to the General Manager, and must inform the Board of the reasons for the appeal. Within forty-five (45) days of the Clerk receiving the appeal, the Board shall hold a hearing at which the parties may offer testimony and documents. Within twenty (20) days of the hearing, the Board shall affirm, modify, or reverse the General Manager's determination that the building must connect to the water main. Appeal from the action of the Board shall be to Circuit Court within thirty (30) days of the determination of the Board.

(h) Failure to Connect.

1. If connection to the water main is not made prior to the deadline set by the General Manager under sub. (f) and an appeal is not proceeding under sub. (g), in addition to the penalties set forth in Sec. 13.23, the City may, no earlier than fifteen (15) days of the mailing of the notice by the General Manager, cause the service connection to be made, and the entire expense thereof, including restoration costs, shall be levied as a special charge against the property.

2. The owner may, within thirty (30) days after the completion of the work under par. 1., file a written notice with the City Clerk stating that he or she cannot pay the amount of the special charge in one sum and asking that it be levied in not to exceed five (5) equal annual installments.
3. Upon timely receipt of the notice under par. 2, the full amount of the special charge shall be collected by the City in five (5) equal payments, together with interest at the rate in effect at the time the special charge is levied. Interest shall be determined by the City Comptroller pursuant to Sec. 4.08(2), MGO, but in any event shall not exceed a rate of fifteen percent (15%) per year from the completion of the work. The unpaid balance shall be a lien against the property.

(i) Residential Connection Rebate. Upon the connection of a building to the water main as required under this sub. (c), the Water Utility General Manager is authorized to issue a rebate to the owner of the property of up to fifty percent (50%) of the cost to the owner of the connection of the building to the water main, up to a maximum rebate of two thousand dollars ($2000.00). In determining if a property is eligible for this rebate, the distance limitation set forth in sub. (c)2. does not apply. A rebate will be issued if the following conditions are met:

1. The connection to the water main is made prior to January 1, 2016.
2. The property owner had a valid well operation permit issued under Sec. 13.21, MGO, prior to the well abandonment.
3. The property owner provides the Water Utility General Manger with receipts and proof that the foregoing requirements have been met.
4. The Water Utility has not issued a citation or made a written referral to the City Attorney for non-compliance with the requirements of this subsection to the property owner, or his/her predecessor in interest.
5. The property is in the City of Madison as of January 1, 2013.
6. The property owner properly abandons the private well on the property within thirty (30) days of the connection, or secures a new well operation permit under Sec. 13.21(5) for an irrigation-only well.
7. The City or the Madison Water Utility has sufficient funding available to support the rebate.

(Sec. 13.07 Am. by ORD-07-00099, 8-03-07; ORD-11-00170, 12-21-11; ORD-13-00018, 2-12-13)

13.08 LAYING OF MAINS AND SERVICE PIPES WHEN STREETS ARE PAVED. Whenever the Common Council shall determine to pave or repave any street or portion thereof in which water mains or service pipes have not been laid it shall be the duty of the City Clerk forthwith to notify the General Manager in writing of such determination and the General Manager shall thereupon proceed to lay the necessary mains and service pipes before the improvement of said street. (Am. by Ord. 6665, Adopted 6-26-79)

13.09 EXPENSE OF LAYING SERVICE PIPES. The expense of laying service pipes from the main to the curb and of connecting such service pipes with the main shall be charged to and is made a lien upon the real estate to be served by such service pipes and all such service pipes shall be maintained and kept in repair under the supervision of the Water Utility Board at the expense of such property. Such service pipes shall be laid and connections made for the actual average cost thereof. No water shall be supplied until such expense has been paid. If said expense shall not be paid within thirty (30) days after the completion thereof, the same shall be levied and collected as a special tax upon the real estate so to be served. (Am. by ORD-07-00099, 8-03-07)

13.10 NO CLAIMS TO BE ALLOWED AGAINST CITY FOR INTERRUPTION OF WATER SUPPLY OR CONSEQUENTIAL DAMAGE. Except as may otherwise be specifically allowed by ordinance or resolution by the Common Council, no claims shall be allowed against the City on account of the interruption of the water supply caused by the breaking of pipes or machinery or by the stoppage for repairs or by stoppage or recession of flow or on account of fire or other emergency, nor shall any claims be allowed for any consequential or indirect damages, including but not limited to loss of profits, caused by the breaking of any pipe or machinery. (Am. by Ord. 13,715, 10-26-04)

13.11 OPENING OR ESTABLISHING CROSS-CONNECTIONS TO FIRE HYDRANTS.

(1) Opening of Fire Hydrants. Only such persons as shall be authorized by the Water Utility General Manager or the Chief of the Fire Department shall be permitted to open any fire hydrant for any purpose whatsoever and no one except such person shall be permitted to take the hydrant wrenches or suffer the same to be taken from any fire station except for Fire Department purposes.

(2) Cross Connection to Fire Hydrants. In addition to the requirements of Subsection (1) above, and Section 13.15 of the Madison General Ordinances, no person shall establish a cross-connection or attempt to establish any connection to a fire hydrant unless:

(a) the connection is made at a fire hydrant that has been equipped by the Water Utility with an approved reduced pressure principle backflow preventer; or

(b) cross-connection control device or device(s) recognized and approved under Wis. Admin. Code ch. SPS 384, inclusive of all future amendments, are utilized to make the connection and authorization has been granted by the Water Utility General Manager or designee, or Chief of the Fire Department or designee. The Water Utility may make approved devices available for private use at a fire hydrant that has not been permanently equipped by the Water Utility under paragraph (a) above (Cr. by Ord. 13,228, 1-25-03; Am by Ord. 13,357, 7-5-03; ORD-12-00035, 3-28-12)

(3) Penalty. Any person violating this section may be subject to a forfeiture of not less than two-hundred dollars ($200) and not more than two-thousand dollars ($2,000). Each time a fire hydrant is opened, and each time a cross-connection is established or attempted under this section shall constitute a separate offense; and each day any single violation continues shall be considered a separate offense. (Renumbered & Am. by Ord. 13,228, 1-25-03)

(Am. by Ord. 7849, 11-5-82)

(Sec. 13.11 Am. by Ord. 12,357, Adopted 3-16-99; Ord. 13,228, 1-25-03)

13.12 COLLECTION OF WATER UTILITY CHARGES. The Water Utility shall issue bills for the water and services the Utility provides. A late payment charge of one percent (1%) of any unpaid balance shall be assessed and added to the bill for such services if the amount of the bill is not paid within twenty (20) days thereafter (the "due date") and an additional late payment charge of one percent (1%) of the unpaid balance of the bill plus any previously assessed late payment charge remaining due at the end of every monthly anniversary of the due date shall be assessed and added to bills then remaining unpaid. The Treasurer shall proceed to collect the bills with the penalty with all the authority in collecting the tax vested in the Treasurer for the collection of general City taxes according to the provisions of Wis. Stat. § 66.0809(1). (Am. by Ord. 12,357, Adopted 3-16-99; Am. by ORD-08-00088, 8-01-08; ORD-14-00150, 9-12-14))

13.13 GENERAL TAX FOR BENEFIT OF WATER UTILITY. The Water Utility General Manager shall annually, before the making of the budget, report in writing to the Mayor the amount which, in her/his judgment, shall be included in the general tax levied for the benefit of the Water Utility, and the Common Council shall include in the budget and in the general tax levied such sum for the

benefit of such utility as the Common Council shall determine to be reasonable. (Am. by Ord. 12,357, Adopted 3-16-99)

13.14 SURPLUS REVENUES. The income from the Water Utility shall first be used to meet operation, maintenance, depreciation, interest, and sinking fund requirements, additions and improvements and other necessary disbursements or indebtedness. Income in excess of these requirements may be used in any manner authorized by Wis. Stat. § 66.0811(2). (Am. by Ord. 12,357, Adopted 3-16-99)

13.15 CROSS-CONNECTION CONTROL.

(1) Definitions.

(a) "Back-pressure" means a pressure greater than the supply pressure which may cause backflow.

(b) "Backflow" means the unwanted reverse flow of liquids, solids, or gases.

(c) "Backsiphonage" means the creation of a backflow as a result of negative pressure.

(d) "Cross-connection" means a connection or potential connection between any part of a water supply system, and another environment containing any substance in a manner that, under any circumstances, would allow the substance to enter the water supply system by means of backsiphonage or back pressure.

(e) "Cross-connection control device" means any mechanical device that automatically prevents backflow from a contaminated source into a potable water supply system.

(f) "Person" means a natural person, sole proprietorship, partnership, limited liability company, corporation or association.

(g) "Potable water" means water which is:

1. Safe for drinking, personal or culinary use; and
2. Free from impurities present in amounts sufficient to cause disease or harmful physiological effects and conforming in its bacteriological and chemical quality to the requirements specified in Wis. Admin. Code ch. NR 809.

(2) Prohibitions.

(a) No person shall establish or permit to be established or maintain or permit to be maintained any cross-connection.

(b) No person shall remove or permit to be removed a cross-connection control device.

(c) No person shall establish an interconnection whereby potable water from a private, auxiliary or emergency water supply other than the regular public water supply of the City of Madison may enter the supply or distribution system of said municipality, unless such private, auxiliary or emergency water supply and the method of connection and use of such supply shall have been approved by the Madison Water Utility and by the Wisconsin Department of Natural Resources in accordance with Wis. Admin. Code § NR 811.09.

(3) The Madison Water Utility shall have the power and authority to inspect all properties served by the public water system where cross-connections with the public water system are deemed possible. The frequency of inspections and reinspections based on potential health hazards involved shall be as established by the Madison Water Utility and shall be in accordance with Wis. Admin. Code § NR 811.09.

(4) A representative of the Madison Water Utility shall have the power and authority at all reasonable times, for any proper purpose, to examine any property served by a connection to the public water system of the City of Madison for cross-connections. If entry is refused, such representative may obtain a special inspection warrant under Wis. Stat. § 66.0119. A copy of any testing conducted on any backflow preventer shall be provided to the Madison Water Utility. Upon request by a representative of the Madison Water

Utility, the owner, lessee or occupant of any property so served shall furnish to the inspection agency any additional pertinent information regarding the piping system or systems on such property if such information is known to such owner, lessee or occupant.

(5) Reinspections. Any person who shall fail or neglect to comply with any lawful order issued by the Water Utility General Manager or designee pursuant to the provisions of this chapter may be assessed thirty-five dollars ($35) per inspection for compliance reinspections in excess of one. A twenty-five dollar ($25) charge may be assessed when a representative of the Water Utility appears for a reinspection by appointment and fails to gain entry to conduct the reinspection.

(6) The Madison Water Utility is hereby authorized and directed to discontinue water service to any property wherein any connection in violation of this section exists, and to take such other precautionary measures deemed necessary to eliminate any danger of contamination of the public water system. Water service may be discontinued only after reasonable notice and opportunity for a hearing pursuant to the provisions of Section 9.49 of the Madison General Ordinances, except as provided in Subsection (7). Water service to such property shall not be restored until the cross-connection(s) has been eliminated in compliance with the provisions of this section. (Am. by Ord. 12,607, 3-22-00)

(7) If it is determined by the Madison Water Utility that a cross-connection or an emergency causes imminent danger to the public health, safety or welfare and requires immediate action, service may be immediately discontinued or ordered disconnected. The person aggrieved shall receive notice of the disconnection and shall have the right to appeal the action pursuant to the provisions of Section 9.49 of the Madison General Ordinances.

(8) Penalty. Any person violating any provision of this section shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than one thousand dollars ($1,000). Each day of violation shall constitute a separate violation. (Am. by Ord. 13,500, 1-23-04)

(9) State Laws Adopted by Reference. The Wisconsin Administrative Plumbing Code Chapters SPS 382 to 387 and 390 and Chapter 145 of the Wisconsin Statutes, Plumbing and Fire Protection Systems and Swimming Pool Plan Review, are hereby adopted by reference and incorporated into this code to the extent and with the limitations provided by this ordinance. (Am. by ORD-12-00035, 3-28-12)

(10) This ordinance does not supersede the State Plumbing Code or Chapter 18 of the Madison General Ordinances entitled "Plumbing Code" but is supplementary to them.

(Sec. 13.15 Am. by Ord. 12,344, 3-12-99)

13.16 FIXING THE AREA IN WHICH WATER SERVICE IS TO BE EXTENDED BEYOND THE MUNICIPAL LIMITS.

(1) Reason for Limiting Extensions of Service. In order to:

(a) provide adequate fire protection for persons and property within the corporate limits of the City of Madison,

(b) protect the public health and safety of the City's residents without placing an undue financial burden on the City taxpayers or Water Utility ratepayers,

(c) effectively coordinate Water Utility operations with other municipal services and public works infrastructure, and

(d) conserve and protect the available water supply, the City hereby determines, pursuant to Wis. Stat. § 66.0813(3), that it is necessary and in the best interests of the City to specifically limit the areas the municipal Water Utility serves. (Am. by Ord. 6665, Adopted 6-26-79; Am. by Ord. 12,778, 3-13-01)

(2) Area to be Served. Pursuant to Sec. 66.0813(3), the City may provide water service to the following:

(a) all properties located within the corporate limits of the city of Madison;

(b) properties identified by intergovernmental agreement;

(c) properties permitted to connect to City services pursuant to the terms and conditions of a state-approved cooperative plan, effective upon state-approval or conclusion of any appeals upholding the validity of the cooperative plan, whichever is later; and,

(d) in unincorporated areas, limited to serving existing development with existing water services on properties located in the following specific territories:

1. Sanitary District Number Two, Town of Blooming Grove, Sanitary District Number Six, Town of Blooming Grove, all as constituted on June 9, 1955;
2. what is now known as the Oakridge Sanitary District, consisting of the original Oakridge Sanitary District, the first, second and third Additions to Oakridge Sanitary District and the Mayflower, Haen and Beltline Additions to Oakridge Sanitary District, all as now constituted in the Town of Madison;
3. in the southwest quarter of the southwest quarter of Section 31 in the Town of Burke, bounded on the northeast by the Union/Pacific Railroad right-of-way, on the south by Commercial Avenue, and on the west by Sherman Avenue;
4. Section 12 in the Town of Madison;
5. the Nine Springs Wastewater Treatment Plant;
6. the Dane County Exposition Center;
7. Lots 1 and 2 of Certified Survey Map Number 526;
8. Part of the southwest quarter of the northeast quarter Section 3, Town of Fitchburg lying west of the centerline of Fish Hatchery Road except north 24.75 feet and except for the part for the street;
9. Blooming Grove Sanitary District, Number 8.

(Am. by Ord. 11,550, 3-14-96; Ord. 12,778, 3-13-01; Am. by Ord. 12,864, 7-25-01; Ord. 13,182, 11-26-02)

(e) in unincorporated areas, properties specified above in subdivision (d) which request new or replacement water service to serve new development or redevelopment on such properties, provided that: the Common Council approves any necessary extension to the distribution system; the General Manager approves the plans for the extensions, if any; and the applicant must have any such extensions installed at its own expense. (Cr. by Ord. 12,778, 3-13-01; Am. by Ord. 12,864, 7-3-01)

(Sec. 13.16(2) Am. by ORD-12-00016, 2-15-12)

(3) Right of Further Limitation Reserved. The City reserves the right to further limit such area by subsequent action.

(4) Certified Copy. The City Clerk shall transmit a certified copy of this ordinance to the Public Service Commission of Wisconsin.

(5) Rules Governing Extended Service. Water and water service provided to areas described in Subsection (2) but outside the corporate limits of the City shall be subject to the rules and ordinances governing water customers inside the City, except that water may be provided to properties located outside the City limits only when such service can be provided consistent with Subsections (1) and (2), without adversely affecting the service inside the City, and only when such service is approved by the Water Utility General Manager. (Am. by Ord. 12,778, 3-13-01)

(6) Application for Extending Service. Each application for water and water services to be provided to areas other than those described in Subsection (2) shall be subject to the action of the Common Council and shall include documentation which has been reviewed and approved by the City Attorney, or shall include the applicant's agreement to annex to the City all properties to be provided water and water services. Where the Common Council approves an extension to the distribution system, the General Manager must approve the

plans for the extensions, and the applicant must have the extensions installed at its own expense. Upon installation, the water main distribution system and water service provided for under this subsection shall become the property of the City. (Am. by Ord. 6665, Adopted 6-26-79)

(Sec. 13.16 Am. by Ord. 12,357, Adopted 3-16-99)

13.17 ADOPTION BY REFERENCE. Wis. Stat. § 62.16, Street Grades; Service Pipes; and subsequent amendments, additions, and recodifications, are adopted by reference.
(Sec. 13.17 Cr. by Ord. 12,357, Adopted 3-16-99)

13.18 LEAD WATER SERVICE LINE REPLACEMENT.

(1) Intent and Purpose. The Common Council of the City of Madison finds that it is in the public interest to establish a comprehensive program for the removal and replacement of lead pipe water service lines in use within the Madison Water Utility system and to that end declares the purposes of this ordinance to be as follows:

(a) to ensure that the water quality at every tap of Madison Water Utility customers meets the water quality standards specified under the Federal Safe Drinking Water Act; and

(b) to reduce the lead in City drinking water to meet EPA standards and ideally to a lead contaminant level of zero in City drinking water for the health of City residents; and

(c) to eliminate the constriction of water flow caused by mineral rich ground water flowing through lead water service pipes and the consequent buildup of mineral deposits inside lead pipes; and

(d) to meet the WDNR requirements for local compliance with the federal Lead and Copper Rule.

(Am. by ORD-07-00140, 10-18-07)

(2) Rules of Construction and Definitions. This ordinance and all rules and orders promulgated under this ordinance shall be liberally construed so that the purposes enumerated in Subsection (1) may be accomplished. Words and phrases shall be construed and understood according to their common and usual meaning unless the contrary is clearly indicated. Within this section:

"City" means City of Madison.

"Customer-side water service line" means the water conduit pipe running from the customer's meter to the curb stop which is the Water Utility shut-off valve usually located eight feet into the street right-of-way from a private property line.

"EPA" means the U.S. Environmental Protection Agency.

"Federal Safe Drinking Water Act" means 42 U.S.C.A. Sec. 300f-300j-26.

"General Manager" means the Water Utility General Manager.

"Lead and Copper Rule" means the rule created by the EPA and adopted by the WDNR in response to the passage of the Safe Drinking Water Act, which provides maximum contaminant level goals and national primary drinking water regulations (NPDWR) for controlling lead and copper in drinking water. NPDWR regarding approved treatment techniques include corrosion control treatment, source water treatment, lead service line replacement and public education. The rule may be found in 56 FR 26460, 40 CFR part 141.80-141.90, and Wis. Adm. Code chs. NR 809.541-NR 809.55.

"Licensed plumber" means a person, firm, corporation or other entity licensed to perform plumbing work in the City by the State of Wisconsin.

"Property" means any possessory interest, legal or equitable, in real property including an estate, trust, or lien, and any buildings, structures and improvements thereon.

"Water Utility" means the City of Madison public water utility system, also known as Madison Water Utility.

"WDNR" means the Wisconsin Department of Natural Resources.

(3) Authorization. This ordinance is enacted pursuant to Wis. Stats. §§ 62.11(5) and 281.12(5), and as mandated by 42 U.S.C. Sec. 300g, of the Federal Safe Drinking Water Act, enforced by the EPA and the WDNR.

(4) Lead Service Line Replacement. Owners, managers or persons otherwise exercising control over properties within the Madison Water Utility system with lead customer-side water service lines in use shall replace the lead customer-side water service lines according to the following schedules:

(a) All lead customer-side water service lines discovered prior to November 1, 2015 shall be replaced immediately.

(b) All lead customer-side water service lines discovered on or after November 1, 2015 shall have no longer than one-year from discovery to be replaced.

(Am. by ORD-07-00140, 10-18-07)

(5) Application and Scheduling.

Owners, managers or persons otherwise exercising control over properties shall obtain from and submit to the Water Utility, in accordance with its service rules, an Application for Water Service which states an intention to replace the lead customer-side water service line.

(6) Financing of Replacement.

(a) The Water Utility may, contingent on availability of funding, administer lead service replacement reimbursement program. Upon application to the Water Utility, owners, managers or persons otherwise exercising control over properties with lead customer-side water service lines who replaced such lines after November 1, 2016, in accordance with applicable Utility rules, guidelines and schedules, and who have complied with all of the provisions of this ordinance will be eligible for a reimbursement payment not to exceed fifty percent (50%) of the cost of replacement of any lead customer-side water service line in use, up to a maximum of $1,500 for each service line replaced. Application for reimbursement must include, as documentation of replacement and cost, a payment receipt from a licensed plumber for replacing the lead customer-side water service line at the subject property. Disputes regarding eligibility for reimbursement may be appealed to the Water Utility Board. (Cr. by Ord. 12,558, 4-7-00; Am. by ORD-07-00099, 8-03-07)

(b) An eligible property owner, as defined in Section 4.082(2), Madison General Ordinances, may apply to the City for financing of any portion of the cost of replacing a lead customer-side water service line that is not reimbursed under Subsection (6)(a). If approved, the amount financed shall be a special charge against the owner and treated as such in accordance with the provisions of Section 4.082 and 4.09, Madison General Ordinances. Applications for financing of costs for replacing lead customer-side water service lines must include documentation of the eligibility criteria contained in Section 4.082(2), Madison General Ordinances, and of the cost of replacing the water service lines.

(7) Prohibitions.

(a) It shall be unlawful for any person to fail to comply with the applicable lead customer-side water service line replacement requirements as set forth in Subsection (4).

(b) It shall be unlawful for any person to violate any other provision of this ordinance.

(8) Penalties.

(a) Any person who violates any provision of this ordinance may be subject to a forfeiture of no less than fifty dollars ($50) and no more than one thousand dollars ($1,000). (Am. by Ord. 13,500, 1-23-04)

(b) Each day a violation continues may be considered a separate offense.

(Sec. 13.18 Cr. by Ord. 12,544, 2-18-00; Am. by ORD-17-00013, 2-20-17)

13.19 **WATER MAIN ASSESSMENT PROCEDURE.** Where the cost of a water main extension has not been otherwise defrayed the parcels along the main extension shall be assessed as follows in accordance with Wis. Stat. § 66.0701:

(1) Definitions.

(a) Assessment Rate. The assessment rate shall be the rate per square foot of area or per lineal foot of assessable frontage to be assessed to a parcel of land along a water main extension. The assessment rate shall be the total estimated cost of the project divided by the total assessable area or frontage in that project. (Am. by Ord. 9924, 12-29-89)

(b) Revised Assessment Rate. The revised assessment rate shall be the total cost of the water main project divided by the total assessable area or frontage in that project. For the purposes of determining revised assessment, "cost(s)" means the total actual amounts of money chargeable to the project, including but not limited to those for all material, labor and administration as computed by the Water Utility General Manager and for the interest on bonds or notes issued in anticipation of the collection of the assessments as computed by the Finance Director. (Am. by Ord. 9924, 12-29-89; ORD-11-00037, 3-8-11)

(c) Assessable Frontage. The assessable frontage of a parcel shall be the length of a line thirty (30) feet behind and parallel to the street right-of-way line between the points where this line intersects the side lot lines. In the case of corner lots, the assessable frontage shall be determined on the short side of the lot and the frontage on the long side of the lot will not be assessable unless the long side frontage is in excess of one hundred fifty (150) feet. In cases where the long side of a corner lot exceeds one hundred fifty (150) feet, then a side yard credit of one hundred fifty (150) feet will be applied to the sum of the assessable frontages of the short side and the long side.

(2) When a water main extension is proposed, the Common Council shall adopt a Resolution directing the installation of the main and directing the Water Utility General Manager to report on the assessments for the main in accordance with Wis. Stat. § 66.0701, and indicating that the assessments are to be placed on the tax roll in five (5) equal annual installments with interest established by Sec. 4.08 of the Ordinances.

(3) A notice shall be published in the official newspaper stating that the Water Utility General Manager has made a report on the amount to be assessed to each of the benefiting parcels and that the Board of Public Works will hold public hearings on the assessment. Such notice shall be published as a Class 1 notice, under Wis. Stat. ch. 985, in the city, town or village and a copy of such notice shall be mailed at least ten (10) days before the hearing or proceeding, to every interested person whose post office address is known, or can be ascertained with reasonable diligence. The hearing shall commence not less than ten (10) and not more than forty (40) days after such publication.

(4) The Board of Public Works shall hold a public hearing on the assessments and shall prepare a report to the Common Council on the amount to be assessed to each of the benefiting parcels.

(5) A notice shall be published in the official newspaper stating that the Board of Public Works has prepared a report on the assessments and that the Common Council will hold a public hearing on the assessments. Such notice shall be published as a Class 1 notice, under Wis. Stat. ch. 985, in the city, town or village and a copy of such notice shall be mailed, at least ten (10) days before the hearing or proceeding, to every interested person whose post office address is known, or can be ascertained with reasonable diligence. The hearing shall commence not less than ten (10) and not more than forty (40) days after such publication.

(6) The Common Council shall hold a public hearing on the assessments and shall adopt a Resolution showing the amount to be assessed to each of the benefiting parcels. Such

Resolution shall be published as a Class 1 notice under Wis. Stat. ch. 985, and a copy of such Resolution shall be mailed to every interested person whose post office address is known or can be ascertained with reasonable diligence.

Upon adoption by the Common Council, the assessment shall be deemed authorized and made, and the date of such adoption shall constitute the date of levy. Assessments so levied shall be a lien against the property from such date.
(Am. by Ord. 8798, 2-27-86)

(7) After the project is completed and all costs have been charged to the project, the Board of Public Works shall establish a revised assessment rate as provided in Sec. 13.19(1). The Board of Public Works shall then introduce a Resolution to the Common Council adopting the revised assessments and shall proceed according to Wis. Stat. § 66.0703(10) or 66.0703(11), as may be appropriate.

(8) If the owner of any parcel affected by these assessments feels aggrieved thereby, (s)he may appeal the assessments as provided in Wis. Stat. § 66.0703(12).

(9) When the owner of a parcel of land wishes to connect to a water main, the cost of which has not been defrayed by establishing assessments or by other methods as provided for in the Rules and Regulations of the Water Utility, assessments shall be established against the parcel in accordance with the above at the revised assessment rate. The only exception to the above procedure is that the Resolution adopted in Sec. 13.19(6) shall state that the assessments are revised assessments. (Am. by Ord. 7685, 4-2-82)

(10) When water mains are installed abutting agricultural lands, lands outside the corporate limits of the City, or other lands which the Board of Public Works may decide are not benefited by the water main, the Board of Public Works may decide not to assess the parcel or to establish a partial assessment for an assessable area or frontage which is less than the total assessable area or frontage of the parcel. When any portion of the parcel which has not been assessed is subdivided, is annexed to the City, or otherwise becomes assessable, or when the owner thereof applies for water service, assessments shall be established against the parcel in accordance with Sec. 13.19(9). (Am. by Ord. 9924, 12-29-89)

(11) Any revised assessment which has been established by the above procedure which has not been paid by the first day of October following its adoption by the Common Council shall be placed on the tax roll to be collected in five (5) annual installments with interest in accordance with Sec. 4.08.

(12) The Common Council may, without any notice or hearing, levy and assess the whole or any part of the aforementioned municipal improvements as a special assessment on the property specially benefited thereby whenever notice and hearing thereon is in writing waived by all owners of the property affected by such special assessment. (Cr. by Ord. 9924, 12-29-89)

(Sec. 13.19 Am. by Ord. 12,357, Adopted 3-16-99)

13.20 TAMPERING WITH WATER METERS PROHIBITED.

(1) No person shall modify, tamper with or in any manner interfere with, or make any connection to a water meter installed by the Madison Water Utility or to said meter's electrical and mechanical connections or apparatuses or water pipes leading to said meters without the written authorization of the Water Utility General Manager or unless authorized by law.

(2) Any person violating this section may be subject to a forfeiture of not less than one-hundred dollars ($100) nor more than one-thousand dollars ($1,000).
(Cr. by Ord. 7848, 11-5-82)

(Sec. 13.20 Am. by Ord. 12,357, Adopted 3-16-99)

13.205 TAMPERING WITH WATER UTILITY MAINS AND PROPERTY.

(1) No person shall modify, tamper with or in any manner interfere with, or make any connection to any Madison Water Utility pipe, service, or owned facility or any other appurtenance without the authorization of the Water Utility Manager or his or her agent unless authorized by law.

(2) No person shall turn any valve or corporation cock without the authorization of the Water Utility Manager or his or her agent unless authorized by law.

(3) Any person violating this section may be subject to a forfeiture of not less than two hundred dollars ($200) nor more than two thousand dollars ($2000) each day or portion thereof shall be considered a separate violation.

(Sec. 13.205 Cr. by ORD-08-00117, 10-24-08)

13.21 WELL OPERATION PERMITS AND WELL ABANDONMENT.

(1) Purpose. The purpose of this ordinance is to prevent the contamination of groundwater and to protect the public health, safety and welfare by assuring that unused, unsafe or noncomplying wells, wells which may serve as conduits for contamination, or wells which may be illegally cross-connected to the public water supply are properly abandoned, and that existing private wells meet State requirements for construction and water quality. Improperly abandoned wells represent potential direct pathways for groundwater contamination to enter the municipal drinking water supply. This ordinance is enacted pursuant to an exercise of the City's police power and Wis. Admin. Code ch. NR 810.16. (Am. by ORD-09-00124, Pub. 8-20-09, Eff. 1-1-10)

(2) Applicability. This ordinance applies to all wells located in the City of Madison or on premises served by the Madison Water Utility.

(3) Definitions.

General Manager shall mean the General Manager of the Madison Water Utility, or his or her designee.

Noncomplying means a well or pump installation which does not comply with the provisions of Wis. Admin. Code ch. NR 812, in effect at the time the well was constructed, a contamination source was installed, the pump was installed or work was done on either the well or pump installation.

Pump installation means the pump and related equipment used for withdrawing water from a well including the discharge piping, the underground connections, pitless adapters, pressure tanks, pits, sampling faucets and well seals or caps.

Unsafe means a well or pump installation which produces water which is bacteriologically contaminated or contaminated with substances in excess of the standards of Wis. Admin. Code chs. NR 809 or 140, or for which a Health Advisory has been issued by the Department of Natural Resources.

Unused means a well or pump installation which is not in use or does not have a functional pumping system.

Well means an excavation or opening into the ground made by digging, boring, drilling, driving, or other methods for the purpose of obtaining groundwater for consumption or other use. Wells for the express purpose of monitoring the quality of ground water and/or gases and/or soil characteristics are exempt from this Ordinance.

Well abandonment means the filling and sealing of a well according to the provisions of Wis. Admin. Code ch. NR 812.

(4) Abandonment Required. All wells located in the City of Madison or on premises served by the Madison Water Utility shall be abandoned by the owner of the property if there is no valid well operation permit issued by the Madison Water Utility under sub. (5) for the well, or if so required under Wis. Admin. Code § NR 812.26(2). Abandonment under this subsection shall proceed according to the requirements of sub. (6). Upon receiving an abandonment notice from the Madison Water Utility, the owner has ninety (90) days to

either make an application for a well operation permit under sub. (5) or abandon the well under sub. (6), otherwise the Madison Water Utility may proceed with abatement under sub. (8). (Am. by Ord. 12,567, 5-3-00)

(5) Well Operation Permit.

(a) Permit Required. No person may operate or maintain a well without a valid well operation permit issued under this subsection.

(b) Permit Process.

1. Application and Permit Fee. Well operation permit applications and requests for permit renewals or modifications shall be made on forms provided by the Madison Water Utility. A well operation permit fee shall be set by the Water Utility General Manager, and will go into effect upon approval by the Water Utility Board. Payment of the permit fee shall accompany the application, renewal or modification request.

2. Issuance. If the requirements of this subsection are met, the Madison Water Utility may grant or modify a well operation permit to a private well owner to operate or maintain a well for a period not to exceed five (5) years. If the requirements of this subsection are not met, the Madison Water Utility may reject the permit application, permit renewal request, or permit modification request, providing the applicant with the reasons for the denial of the issuance, renewal, or modification of the well operation permit in writing.

3. Renewal. An owner may request renewal of a valid well operation permit by submitting information verifying that the requirements of this subsection are met, and that there is a continued need for the well. A request to renew a valid well operation permit must be made to the Madison Water Utility within the six (6) months prior to the expiration of the permit. Failure to timely request a renewal of a valid well operation permit will result in expiration of the permit, and the issuance of an abandonment notice by the Madison Water Utility.

4. Modification Upon Water Main Connection. Upon the connection of a property served by a permitted well to the water main, an owner may request a modification of a valid well operation permit to accommodate the continued use of the well by submitting information verifying that the requirements of this subsection are met. A request to modify a valid well operation permit must be made to the Madison Water Utility within ten (10) days of the connection to the water main. Failure to timely request a modification of a valid well operation permit will result in expiration of the permit, and the issuance of an abandonment notice by the Madison Water Utility.

5. Conditions. The following conditions must be met for issuance, renewal or modification of a well operation permit:

a. The well and pump installation have been certified by a licensed well driller or pump installer to meet, or are upgraded to meet, the requirements of Wis. Admin. Code ch. NR 812.

b. The well construction and pump installation have a history of producing bacteriologically safe water as evidenced by at least two (2) samplings taken a minimum of two (2) weeks apart. No exception to this condition may be made for unsafe wells, unless the Department of Natural Resources approves, in writing, the continued use of the well.

c. There are no cross-connections between the well and pump installation and the Madison Water Utility.

6. Termination of Permit. A well operation permit issued or renewed under this subsection shall automatically terminate upon the permit holder's conveyance of the property pursuant to Wis. Stat. ch. 706, or upon connection of the property served by the well to the water main unless the permit is modified under para. 4.

(c) Testing and Inspection Requirements.

1. Conditional Inspection and Testing. As a condition of the issuance, renewal or modification of a well operation permit, the Madison Water Utility, or its agent, may conduct inspections or have water quality tests conducted to obtain or verify information necessary for consideration of a permit application or renewal, including up to two (2) bacterial examinations of water samples obtained from the well, one (1) nitrate test, and the inspection of the well by a licensed well driller or pump installer to confirm that the well and pump installation meet the requirements of Wis. Admin. Code ch. NR 812. If any additional tests or inspections are required, they shall be performed at the applicant's expense.

2. Annual Testing.

a. As a condition of all well operation permits issued, renewed or modified under this subsection, the permit holder must submit periodic water quality testing data conducted at the well owner's expense to the Madison Water Utility. This testing shall be done annually, on the anniversary date of the issuance, renewal or modification of the well operation permit, or as otherwise determined by the General Manager.

b. At a minimum, such annual water quality tests must include results for coliform bacteria and nitrate. Additional testing results may be requested by the Madison Water Utility.

c. If a water quality test under this paragraph reveals that the water quality does not meet the standards of Wis. Admin. Code ch. NR 809, the property owner shall be given ninety (90) days to bring the well into compliance. The failure to do so will result in the well operation permit being voided.

d. A property owner who fails to submit the annual testing data to the Madison Water Utility as required under this paragraph is subject to the penalties set forth in Sec. 13.23, MGO.

3. Inspection Upon Transfer of Property. Whenever real property with a well on the premises is conveyed pursuant to Wis. Stat. ch. 706, the seller shall contact the Madison Water Utility at least fourteen (14) days prior to the transfer of property. Upon proper notice, the Madison Water Utility may conduct an inspection to determine whether the well should be permitted or abandoned under this section.

4. Periodic Inspections. A representative of the Madison Water Utility shall have the power and authority at all reasonable times, for any proper purpose, to enter upon any property in the City of Madison and make inspection thereof. If entry is refused, such representative may obtain a special inspection warrant under Wis. Stat. § 66.0119. Upon request by a representative of the Madison Water Utility, the owner, lessee or occupant of any property so served shall furnish to the inspection agency any pertinent information regarding the well on such property if such information is known to such owner, lessee or occupant.

(d) Appeal. If a person's application for a well operation permit, or renewal or modification of a well operation permit, is denied by the Madison Water Utility, or a permit is voided as provided for in sub. (c)2.c. for failure to comply with the

annual testing requirement, the person may appeal within fifteen (15) days of the mailing of the permit denial or voiding notice. Appeal shall be to the Water Utility Board. All requests for appeal shall be filed with the City Clerk and the General Manager, and must inform the Water Utility Board of the reasons for the appeal. Within forty-five (45) days, the Water Utility Board shall hold a hearing at which the parties may offer testimony and documents. Either at or within twenty (20) days of the hearing, the Water Utility Board shall affirm, modify, or reverse the determination that the well operation permit should be denied or voided. Appeal from the action of the Water Utility Board shall be to Circuit Court within thirty (30) days of the determination of the Board.

(e) Revocation of Permit. If, at any time after the issuance or modification of a well operation permit, the General Manager determines that a well is a serious hazard to the health or safety of the public, the General Manager may immediately revoke the well operation permit and proceed under sub. (8). The General Manager shall include the reasons for the revocation of the well operation permit in the abatement order issued under that subsection.

(Am. by Ord. 12,567, 5-3-00)

(6) Abandonment Procedures.

(a) All wells subject to this ordinance that are abandoned shall be abandoned by a licensed well driller or pump installer according to the procedures and methods of Wis. Admin. Code § NR 812. All debris, pump, piping, unsealed liners and any other obstructions which may interfere with sealing operations shall be removed prior to abandonment.

(b) The owner of the well, or the owner's agent, shall notify the Madison Water Utility at least forty-eight (48) hours prior to commencement of any well abandonment activities. The abandonment of the well may be observed by the Madison Water Utility.

(c) An abandonment report form, supplied by the Department of Natural Resources, shall be submitted by the well owner to the Madison Water Utility and the Department of Natural Resources within ten (10) days of the completion of the well abandonment.

(d) The Madison Water Utility may require any person who has abandoned a well not in compliance with sub. (a) to return and take corrective action so that the well is abandoned by him or her in a complying manner. (Cr. by Ord. 12,567, 5-3-00)

(7) Well Abandonment Rebate. Upon the proper abandonment of a well pursuant to this section, the City Engineer, in consultation with the Water Utility General Manager and the Public Health Madison and Dane County Director, is authorized to issue a rebate to the owner of a property located in the City of Madison or that is served by the Madison Water Utility of up to fifty percent (50%) of the cost to the owner of the abandonment of the well, up to a maximum rebate of one thousand dollars ($1000.00). In determining the amount of the rebate, any contributions made by Dane County under Dane County Ordinance 46.42 or the Wisconsin Department of Natural Resources under the Well Compensation Program (Chapter NR 123) shall not be considered, provided that the rebate issued by the City under this subsection, when combined with any contribution made by Dane County and WDNR, shall not exceed the total cost to the owner of abandoning the well. No rebate shall be issued to the owner of a property against whom the City has either issued a citation or made a written referral to the City Attorney for non-compliance with the requirements of this section. Rebates issued under this subsection shall be funded out of the landfill remediation fee as set forth in Sec. 35.025, MGO. (Cr. by ORD-09-00124, Pub. 8-20-09, Eff. 1-1-10; Am. by ORD-15-00009, 1-28-15)

(8) Abatement. If the General Manager of the Water Utility determines that an existing well is a serious hazard to the health or safety of the public, then the General Manager may

order the owner or operator to abandon or repair the well at the owner or operator's expense, pursuant to this subsection. A well without a valid well operation permit issued under this section shall be deemed a public nuisance under this section.

(a) Summary Abatement.

1. Order of Abatement. If the General Manager determines that a well constitutes a public nuisance and that there is imminent danger to the public health, safety, peace, comfort or welfare, he or she may, without notice or hearing, issue an order to the owner and/or well operator reciting the existence of a public nuisance constituting imminent danger to the public and requiring immediate action be taken as he or she deems necessary to abate the nuisance, including abandonment of the well. Notwithstanding any other provisions of this subsection, the order shall be effective immediately. Any person to whom such order is directed shall comply with the order immediately.
2. Abatement by the Utility. Whenever the owner or operator shall refuse or neglect to remove or abate the condition described in the order, the General Manager may, in his or her discretion, enter upon the property and cause the nuisance to be removed or abated, including abandonment of the well, and the Water Utility shall recover the expenses incurred thereby from the owner or operator of the property. The expenses so incurred shall be levied as a special charge against the property.

(b) Nonsummary Abatement.

1. Order of Abatement. If the General Manager determines that a well constitutes a public nuisance but that the nature of such nuisance is not such as to threaten imminent danger to the public health, safety, peace, comfort or welfare, he or she shall issue an order reciting the existence of a public nuisance and requiring the owner and/or operator of the property to remove or abate the condition described in the order within the time period specified therein, including abandonment of the well. The order shall be served personally on the owner of the property, as well as the operator if different from the owner and applicable to the described nuisance, or, at the option of the General Manager, the notice may be mailed to the last known address of the person to be served by registered mail with return receipt requested. If the owner or the operator cannot be served, the order may be served by posting it on the main entrance of the premises and by publishing as a class 1 notice under Wis. Stat. ch. 985. The time limit specified in the order runs from the date of service or publication.
2. Abatement by the Utility. If the owner or operator fails or refuses to comply within the time period prescribed, the General Manager may enter upon the property and cause the nuisance to be removed or abated, including abandonment of the well, and the Water Utility shall recover the expenses incurred thereby from the owner or operator of the property. The expenses so incurred shall be levied as a special charge against the property.

(c) Remedy from Order. The order of the General Manager shall not be appealable to the Water Utility Board. Any person affected by orders issued under this subsection shall timely apply to the circuit court for an order restraining the Water Utility and the General Manager from entering on the premises and abating or removing the nuisance, or be forever barred.

(d) Abatement in Accordance with State Law. Nothing in this article shall be construed as prohibiting the abatement of public nuisances by the Water Utility or

its officials in accordance with the laws of the state. The Water Utility or its officials may choose to proceed with an action under state law, upon authorization by the Water Utility Board.

(9) This law does not supersede the State Plumbing Code, Wis. Admin. Code § NR 811 or Chapter 18 of the Madison General Ordinances entitled "Plumbing Code" but is supplementary to them.

13.22 WELLHEAD PROTECTION.

(1) To prevent contamination of wells supplying municipal water systems, the Water Utility General Manager or his/her designee shall review all proposed uses on zoning lots in Zones A and B in Wellhead Protection Districts.

(2) Review will be based on the presence, use, or storage on the lot of hazardous chemicals, as defined by the Environmental Protection Agency. Consideration will be given to factors including but not limited to the following: whether the zoning lot is in Zone A or Zone B, effective storage or containment of particular hazardous chemicals, and the magnitude and/or frequency of use of the hazardous chemicals. Approval of the use may be contingent on specific conditions being met. A current list of hazardous chemicals, as defined by the Environmental Protection Agency, shall be maintained. (Cr. by Ord. 13,106, 7-23-02)

13.23 PENALTY. Any person violating any provision of this chapter for which a separate penalty has not been imposed shall be punished by a fine of not less than fifty dollars ($50) nor more than one thousand dollars ($1,000). Each day or portion thereof such violation continues shall be considered a separate offense

The word "fine" as used in this chapter shall be synonymous with the term "forfeiture".

14.01 RESERVED FOR FUTURE USE. (R. by Ord. 4922, 3-25-75)

14.02 FILLING OF LAKES AND RIVERS. No person shall cast or deposit or cause to be cast or deposited in Lake Monona, Lake Mendota or Lake Wingra, or the Yahara River, or any creek or stream, or connecting drainage ditch, or in any lagoon in any park, any earth, sand, stone, ashes, rubbish, filth, refuse or floating matter, or any other substance or thing that fills up or tends to fill up any portion of said waterways, nor place in said waters any obstruction to navigation without first obtaining the consent of the Common Council and/or the State of Wisconsin. Any person violating this section shall be subject to a fine of not less than ten dollars ($10) nor more than twenty-five dollars ($25) for each offense, and shall also be liable at the suit of the City for the cost of the removal from said lakes, or river, or creeks, or streams, or ditches or lagoons of material deposited therein.

14.03 FILLING OF LAKE ENDS OF STREETS WHEN DOCK LINE ESTABLISHED. Whenever a dock or harbor line shall be established across the end of any street, and across the lake end of any abutting land, the owner of such land shall be required before filling the lake end of such abutting lot to fill such street to the middle thereof, and to protect the margin of such filling so that the same shall be permanent. In case any such lot owner shall fill any such abutting lot, and shall not so fill such street, then the Common Council shall order such abutting portion of said street to be so filled, and the City may recover the cost thereof of such lot owner.

14.04 RELATING TO PIERS ALONG THE BANKS OF THE YAHARA RIVER.

(1) No person shall build any pier along the banks of the Yahara River between Lakes Mendota and Monona unless she or he shall first have secured permission for such construction from the Board of Park Commissioners. (Am. by ORD-14-00012, 1-14-14)

(2) Piers shall be constructed adjacent and parallel to the banks of the river, and no portion of any pier shall extend more than three (3) feet from the bank into the stream. Piers shall not exceed twelve (12) feet in length.

(3) Every person violating this section shall be subject to a fine of not less than ten dollars ($10) nor more than one hundred dollars ($100) for each offense, and shall also be liable at the suit of the City of Madison for the cost of removal from the river of the pier existing in violation of this section. (Am. by Ord. 13,760, Adopted 12-14-04)

14.05 PIERS FROM PARK PROPERTY ON LAKESHORES.

(1) No person shall construct, build, erect or maintain any pier, boat hoist or boat storage facility into the waters of Lakes Mendota, Monona or Wingra extending from the shoreline of any park or other public area owned or controlled by the City of Madison or extending from the shore of lands to which the City has been granted riparian rights by the State of Wisconsin or extending from the shore of lands or areas in said lakes granted by the State of Wisconsin to the City of Madison for park, pleasure or recreation purposes, unless specific authority for the construction of such pier has first been granted by the Park Commission of the City of Madison.

(2) Any such pier, boat hoist or boat storage facility erected or maintained in Lakes Monona, Mendota or Wingra, without prior authority by the Park Commission of the City of Madison, shall be subject to removal upon ten (10) days written notice given by the Park Commission either to the person who has erected such pier, boat hoist or boat storage facility or who operates, maintains or uses said structure or claims ownership thereof, or in case such owner or user cannot be found, by attaching such written notice to such pier, boat hoist or boat storage facility. In case of the failure to remove such structure, any such person shall be subject to a fine of not less than ten dollars ($10) nor more than one hundred dollars ($100) for each offense. Each day of violation shall constitute a separate offense. Any person violating this section shall also be liable at the suit of the City of Madison for the cost of removal of such pier or structure. (Am. by Ord. 6317, 7-7-78; Ord. 13,760, Adopted 12-14-04)

14.06 DOCK LINE ON LAKE MONONA ON THE SOUTH SHORE LAKE MONONA BAY.

(1) A dock line is hereby established on Lake Monona as follows: Beginning at a point on the extension in a northerly direction on the east line of Lot 6, Block 1, Oak Lawn Addition, 315 feet north of the southeast corner of said Lot 6; extending thence in a westerly direction and parallel with the north side of Lakeside Street, South Madison, to a point in said Lake Monona Bay on an extension in a northerly direction of the west line of Lot 1, Block 1, said Oak Lawn Addition 315 feet north of the southwest corner of said Lot 1, Block 1, Oak Lawn Addition to South Madison; extending thence in a westerly direction by a circular curve convex to the shore with a radius of 1,000 feet to a point 166 feet west of the west line of Lot 1, Block 1, Oak Lawn Addition to South Madison, and distant 325 feet north of the north line of Lakeside Street; thence in a westerly direction by a circular curve concave to the shore with a radius of 470 feet to a point 322 feet west of the west line of Lot 1, Block 1, Oak Lawn Addition to South Madison, and distant 325 feet north of the north line of Lakeside Street; thence in a westerly direction by a curve concave to the lakeshore with a radius of 1,000 feet to a point on the extension in a northerly direction of the east line of Lot 1, Block 7, of South Madison, distant 315 feet from the north line of Lakeside Street to a point on the line between Lots 3 and 4 extended of Block 7, South Madison; thence by a circular curve convex to the shore with a radius of 550 feet to a point in said Lake Monona Bay in the extension of the west line of Lot 6, Block 7, said South Madison Plat, 336 feet north of the southwest corner of said Lot 6, Block 7, South Madison Plat; extending thence in a westerly direction by a circular curve, concave to the shore, with a radius of 1,432.7 feet, to a point in said Monona Bay in the extension of the west line of Lot 10, said South Madison Plat, 325 feet north of the southwest corner of said Lot 10, Block 10, South Madison Plat; extending thence in a westerly direction by a circular curve, convex to the shore, of a radius of 274.4 feet to a point in said Lake Monona Bay on the extension of the west line of Lot 14, Block 10, South Madison Plat, 325 feet north of the southwest corner of said Lot 14, Block 10, South Madison Plat; extending thence in a westerly direction with a curve convex to the shore, with a radius of 380 feet, to a point of tangency with a line parallel to and distant 315 feet easterly, from the northeast line of South Park Street, formerly known as Oregon Street; thence in a northwesterly direction along said parallel line to a point of intersection with the south line of Greenbush Addition to the City of Madison.

(2) The establishment of said dock line as above stated shall in no way affect the riparian rights of the land adjacent thereto or any owner thereof.

(3) This act is passed for the purpose of improving navigation in said Lake Monona Bay, and also because it is desirable for sanitary reasons to fill and grade up the marsh near said shoreline and out to, or near, said dock line established in subsection (1) hereof. (See also Chapter 194, Laws of 1907.)

14.07 DOCK LINE ON LAKE MONONA BEGINNING AT EMERALD STREET.

(1) A dock line is hereby established on Lake Monona as follows: Beginning on the extension of Emerald Street at a point where the dock line in front of Blocks 14 and 19 in said city ends, it being 315 feet from the east line of South Park Street, extending thence in a southerly direction parallel to South Park Street past and across said Block 20 and the extension of Erin Street, thence across Block 25 by a curve convex to the shore with a radius of 438 feet to a point of tangency with the dock line established in the Town of Madison adjacent to Greenbush Addition to the City of Madison.

(2) This act is passed for the purpose of improving navigation in said Lake Monona Bay, and also because it is desirable for sanitary reasons to fill and grade up the marsh near said shoreline, and out to or near said dock line established in subsection (1) of this section.

(3) Such dock line is hereby established upon the condition that the owners of the abutting property shall lease to the City of Madison for street, boulevard and park purposes, under certain conditions as contained in a lease to the Madison Park and Pleasure Drive

Association signed by T. C. Richmond, D. R. Butler and others, all of the land lying between said dock line and a line 240 feet easterly of the east line of said Park Street and parallel thereto.

(4) Whereas the owners of said Blocks 20 and 25 have heretofore completed the filling out to said dock line, such filling is hereby fully ratified, confirmed and approved upon the conditions named in subsection (3) hereof.

14.08 DOCK LINE ON LAKE MONONA BEGINNING AT SOUTH LINE OF ERIN STREET.

(1) A dock line is hereby established on Lake Monona as follows: Beginning at a point on the south line of Erin Street extended, 315 feet east of the east line of South Park Street, thence north and parallel to said east line of South Park Street to a point 109 feet south of the south line of West Washington Avenue extended, thence by a curve to the right within a radius of 100 feet turning at an angle of 90 degrees to a point 9 feet south of the south line of said West Washington Avenue extended, and 415 feet east of the east line of Park Street.

(2) The reason for establishing such dock line is that the water covering the bed of said lake out to the dock line is and has been for many years so low and stagnant and in such foul condition as to endanger public health, which condition will be removed and at the same time the bed of said lake improved for fishing and navigation purposes by the filling out to said dock line.

(3) Such dock line is hereby established upon condition that the owners of the abutting property shall convey to the City of Madison by quitclaim deed, for street purposes only, the land in or opposite such blocks lying between a line 240 feet east of the east line of South Park Street and a line 306 feet east of said east line of said street, and shall further convey, either to the City of Madison or to the Madison Park and Pleasure Drive Association or its successors or assigns, in trust for the City of Madison, by quitclaim deed, for park purposes only, this strip of land lying between the said dock line and said line 306 feet east of the east line of South Park Street, such deed to contain a condition that in case any of the land so conveyed shall ever be used for any purposes other than those specified, or if any building or structure of any kind except the boathouses hereinafter mentioned shall ever be erected or maintained upon any of the property so conveyed, the same shall revert to the grantors; and the deed of said strip beyond the 306 foot line to contain a further provision reserving to the grantors, their heirs and assigns, their riparian rights and the right to construct and maintain upon the land thereby conveyed opposite each block one boathouse for the joint and exclusive use of all persons owning land in such block, who shall contribute their pro rata share of the expense of constructing and maintaining the same, such boathouse to be located at some appropriate and convenient point to be designated by the Board of Park Commissioners of the City of Madison and by said owners, and to be constructed of material suitable for the boathouse and according to a design to be approved by said Board of Park Commissioners, it being understood that said boathouse shall not require, either in material to be used or the design adopted, any unreasonable expenditure of money; and said deed to contain a further reservation to the grantors, their heirs and assigns, of the right of access to the lake across said strip, such right to be exercised, however, at such place and in such a way as not necessarily to injure or interfere with any planting or other improvements to said strip, either by the City or by said Park Board. Conveyances as aforesaid for the street and park purposes of the land in or opposite any of the aforesaid Blocks 14, 19 and 20, shall be deemed a compliance as to such block with the foregoing conditions and thereupon, as to such block, the dock line aforesaid shall become established.

(4) Whereas the owners of the land opposite said Blocks 14 and 19 have heretofore completed the filling out to said dock line, such filling is hereby ratified, confirmed and approved upon the conditions named in subsection (3) hereof.

(5) The owners of property in said Block 20 are hereby authorized to fill out to said dock line to the same depth and upon the same grade or slope as the filling in said Blocks 14 and 19, on the conditions contained in subsection (3) hereof.

(6) The public streets crossed by said dock line, namely Erin, Emerald and Drake, shall be considered as extended as public streets out to said dock line, and the rights of the City in the portion of said streets so extended shall be the same as in other parts of said street.

14.09 DOCK LINE ON LAKE MONONA BETWEEN CHICAGO, MILWAUKEE, ST. PAUL AND PACIFIC RAILROAD RIGHT-OF-WAY AND BASSETT STREET.

(1) A dock line is hereby established on the shore of Lake Monona as follows: Beginning at a point immediately below the center line of the main track of the Chicago, Milwaukee, St. Paul and Pacific Railroad Company right-of-way, Prairie du Chien Division, distant 800 feet southeasterly from the northwest line of West Wilson Street extended, said 800 feet being measured along the center line of the above-mentioned track; thence by a curve to the left with a radius of 300 feet, the center of said curve being 500 feet southeasterly from the northwest line of West Wilson Street and in the center of the above-mentioned track, turning a total angle of 40 degrees and 45 minutes; thence by a curve to the right with a radius of 1,800 feet, turning a total angle of 23 degrees; thence by a curve to the right with a radius of 400 feet, turning a total angle of 67 degrees and 30 minutes, to a point distant 591 feet southeast from the southeast line of West Wilson Street measured on a line 6 feet northeast of the southwest line of Bassett Street in said City of Madison.

(2) The City of Madison is hereby authorized to fill out from the present shoreline to said dock line sufficient depth for the purpose of removing the unsanitary and offensive condition of the bed of the lake between the said shoreline and said dock line, and for the purpose of aiding navigation of the waters of said lake. The land formed by the filling, as herein authorized, shall belong to the State of Wisconsin, and is hereby forever set aside for public park purposes. The City of Madison is hereby authorized to improve and maintain said land for park purposes at its own expense.

(3) The City of Madison is hereby empowered to construct and regulate the use of wharfs, landing places, bathhouses, boathouses and other suitable structures along the margin of the dock line established by subsection (1) hereof. (See also Chapter 605, Laws of 1907.)

14.10 RESERVED FOR FUTURE USE. (R. by Ord. 6502, 2-8-79)

14.11 DOCK LINE ON LAKE MONONA BEGINNING AT THE SOUTHWEST LINE OF LIVINGSTON STREET. A dock line is hereby established on Lake Monona as follows: Beginning at a point on the northeast line of Blount Street extended 278.5 feet distant from the southeast line of Williamson Street; thence northeasterly on a straight line to a point on the southwest line of Livingston Street 170 feet distant from the center of Jenifer Street measured along the southwest line of Livingston Street. (Am. by Ord. 6502, 2-8-79)

14.12 DOCK LINE ON LAKE MONONA BEGINNING AT SOUTH PATERSON STREET. A dock line is hereby established on Lake Monona as follows: Beginning on a point on the northeast line of South Paterson Street, prolonged a distance of 134 feet southeast from the southeast line of Spaight Street; thence easterly on a one degree and 9 minute curve, radius of 5,000 feet curving to the left to the point of intersection with the southwest line of Brearly Street prolonged, at a point 350 feet southeast from the southeast line of Spaight Street, said curve passing through the following points, namely:

First: A point 210 feet southeast of the southeast line of Spaight Street on a line between Lots 3 and 4 of Block 152.

Second: A point 287 feet southeast of the southeast line of Spaight Street on a line between Lots 6 and 7 of the same block. Thence continuing on a straight line to a point of intersection with the northeast line of Brearly Street, distant 368 feet southeast from the southeast

line of Spaight Street, thence on a one degree 26 minute curve, radius 400 feet, curving to the left to a point of intersection with the southwest line of Ingersoll Street distant 490 feet southeast from the southeast line of Spaight Street and passing through the following points:

First: A point 420 feet southeast from the southeast line of Spaight Street on a prolongation of the line between Lots 3 and 4, Block 177.

Second: A point 460 feet southeast from the southeast line of Spaight Street on a line prolongated between Lots 6 and 7 of Block 177. Thence on a straight line to a point on the line between Lots 6 and 7, Block 179, distant 194 feet southeast from the southeast side of Rutledge Street; thence on a one degree 38 minute curve, radius 3,500 feet, curving toward the right and passing through the following points:

First: A point on the southwest line of Few Street distant 212 feet southeast from the southeast line of Rutledge Street.

Second: A point on the northeast line of Few Street distant 220 feet southeast from the southeast line of Rutledge Street.

Third: A point on the line between Lots 15 and 16, Block 205, distant 255 feet southeast from the southeast line of Rutledge Street.

Fourth: A point on the line between Lots 12 and 13, Block 205, distant 304 feet southeast from the southeast line of Rutledge Street.

Fifth: A point on the southwest line of Baldwin Street 360 feet southeast from the southeast line of Rutledge Street; thence on a one degree 23 minute curve, radius 2,400 feet, curving to the left and passing through the following points:

First: A point on the northeast line of Baldwin Street, distant 49 feet southeast from the southeast line of Morrison Street.

Second: A point on the line between Lots 3 and 4, Block 207, distant 90 feet southeast from the southeast line of Morrison Street.

Third: A point on the line between Lots 6 and 7, Block 207, distant 114 feet southeast from the southeast line of Morrison Street.

Fourth: A point on the southwest line of Dickinson Street, distant 120 feet southeast from the southeast line of Morrison Street.

Fifth: To a point on the northeast line of Dickinson Street, distant 120 feet southeast from the southeast side of Morrison Street.

14.13 DOCK LINE ON LAKE MONONA BEGINNING AT DICKINSON STREET. A dock line is hereby established on Lake Monona as follows: Beginning at a point on the northeast line of South Dickinson Street, distant 125 feet southeast of the southeast line of Morrison Street; thence northeasterly and parallel to the southeast line of Morrison Street to the intersection with the northeast line of Rogers Street extended; thence northeasterly to the point of intersection of the southeast line of Morrison Street extended, with the southwest line of the Yahara River as now located; thence northeasterly 80 feet along the southeast line of Morrison Street extended, to the northeast line of the Yahara River; thence northeasterly in a straight line to a point which is 467 feet northeast of the northeast line of Riverside Drive extended and 351.2 feet southeast of the southeast line of Rutledge Street in Riverside Park Plat; thence northeasterly to the southwest corner of Lot 1 of Block 4 of the replat of Blocks 7 and 8 of Lake Park Subdivision as platted.

14.14 DOCK LINE ON LAKE MONONA IN LAKE PARK SUBDIVISION.

(1) A dock line is hereby established on Lake Monona as follows: Beginning on the prolongation in a southerly direction of the present boundary line of the City of Madison and the Lake Park Company's plat of a part of the Town of Blooming Grove, at a point 1,694 feet south of the center line of the Chicago, Milwaukee, St. Paul and Pacific Railroad Company's tracks where the said boundary line crosses said track; thence easterly by a curve to the right with a radius of 1,320 feet to a point on a line at right angles to the south line of Lake Avenue in the Lake Park Plat distant 175 feet southerly from the point where said south line intersects the westerly boundary of Hudson Park.

(2) The reason for establishing such dock line is that the water covering the bed of said lake out to said dock line is and has been for many years so low and stagnant and in such foul condition as to endanger the public health, which condition will be removed, and at the same time the bed of said lake improved for fishing and navigation by the filling out to said dock line.

(3) The owners of property in said blocks are hereby authorized to fill out to said dock line, and the public streets crossed by said dock line shall be considered as extended as public streets out to said dock line, and the rights of the City in the portion of said streets extended shall be the same as in other public streets. (See also Chapter 534, Laws of 1907.)

14.15 DOCK LINE ON LAKE MENDOTA AT FRANCES STREET. A dock line is hereby established on Lake Mendota as follows: Beginning at a point on the west line of Frances Street distant 520 feet north from the north line of Langdon Street, thence a long a one degree 12 minute curve to the right, having a radius of 4,774 feet and a chord, a line from the point of beginning to a point on the west line of Lake Street distant 395 feet north of the north line of Langdon Street, to the point on the west line of Lake Street 395 feet north of the north line of Langdon Street; thence along a 3 degree curve to the right with a radius of 1,910 feet and a chord, a line running from the last point described to a point on the east line of Park Street distant 408 feet north of the north line of Langdon Street, to the point on the east line of Park Street distant 408 feet north of the north line of Langdon Street.

14.16 DOCK LINE ON LAKE MENDOTA BEGINNING AT FRANCES STREET. A dock line is hereby established on Lake Mendota as follows: Beginning on the west lie of Frances Street extended, at a point 520 feet from Langdon Street, measured along the said west line of Frances Street; thence on a straight line to the southwest line of North Henry Street to a point 532 feet from Langdon Street; thence on a straight line to the northeast line of Henry Street extended to a point 518 feet from Langdon Street; thence on a straight line to the southwest line of Wisconsin Avenue extended to a point 330 feet from Langdon Street.

14.17 DOCK LINE ON LAKE MENDOTA BEGINNING AT BREARLY STREET. A dock line is hereby established on Lake Mendota as follows: Beginning at a point on the northeast line of Brearly Street distant 309 feet northwest from the northwest line of Sherman Avenue; thence southwesterly on a straight line to a point on the northeast line of Paterson Street distant 560 feet from the northwest line of Gorham Street; thence southwest parallel with Gorham Street to the southwest line of Paterson Street; thence southwesterly on a straight line to a point on the southwest line of Livingston Street distant 412 feet from the northwest line of Gorham Street; thence southwesterly on a straight line to a point on the northeast line of Blount Street distant 260 feet from the northwest line of Gorham Street; thence southwesterly on a straight line to a point on the northeast line of Blair Street distant 200 feet from the northwest line of Gorham Street; thence southwesterly on a 3 degree 34 minute 54 second curve to the right, radius 1,600 feet to a point on the southwest line of Butler Street distant 550 feet from the northwest line of Gorham Street.

14.18 DOCK LINE ON LAKE MENDOTA BEGINNING AT BREARLY STREET. A dock line is hereby established on Lake Mendota as follows: Beginning at a point on the northeast line of North Brearly Street distant 309 feet northwest from the northwest line of Sherman Avenue; thence northeasterly on a 7 degree 10 minute curve, radius 800 feet, convex toward Sherman Avenue, to a point 225 feet from the northwest line of Sherman Avenue measured on a prolongation of the line between Lots 1 and 2 of Willow Park Subdivision; thence on a straight line to a point on the prolongation of the line between Lots 6 and 7, Willow Park Subdivision, and distant 185 feet from the northwest line of Sherman Avenue; thence on a curve convex toward Sherman Avenue, radius 2,421 feet, degree of curvature 2 degrees 22 minutes to a point on the prolongation of the line between Lots 13 and 14, Willow Park Subdivision, and distant 152 feet

from Sherman Avenue; thence on a straight line to a point on the prolongation of the line between Lots 25 and 26, Willow Park Subdivision, and distant 135 feet from Sherman Avenue.

14.19 DOCK LINE ON LAKE MENDOTA BEGINNING AT WILLOW PARK. A dock line is hereby established on Lake Mendota as follows: Commencing at a point on the continuation of the line between Lots 25 and 26, Willow Park, distant 135 feet northwesterly from the northwest line of Sherman Avenue, thence on a straight line to a point of intersection with the continuation of the line between Lots 26 and 27, Willow Park, distant 138 feet northwesterly from the northwest line of Sherman Avenue; thence on a straight line to a point in a continuation of the line between Lots 30 and 31, Willow Park, distant 160 feet northwesterly from the northwest line of Sherman Avenue; thence on a straight line to a point on the continuation of the line between Lots 40 and 41, Addition to Willow Park, distant 316 feet northwesterly from the northwest line of Sherman Avenue.

14.20 SHORELINE OF LAKE MONONA BETWEEN BASSETT STREET AND BLOUNT STREET. Since the public owns the riparian rights, the shoreline of that part of the north-west shore of Lake Monona, Dane County, between Bassett Street and Blount Street in the City of Madison, hereinafter described and more particularly shown by the map filed with the City Clerk, is established and determined as set forth in the following description subject to the approval of the Public Service Commission, namely:

Beginning at a point on the shore of Lake Monona at a point 480 feet southeast of the southeast line of Wilson Street and 290 feet southwest of the southwest line of Broom Street; thence northeast on a straight line to a point which is 450 feet northeast of the northeast line of Pinckney Street and 340 feet southeast of the southeast line of Wilson Street; thence on a curve to the right radius 3,300 feet to a point 430 feet southwest of the southwest line of Blount Street and 490 feet southeast of the southeast line of Wilson Street.

14.21 SHORELINE OF LAKE MENDOTA BETWEEN LAKE STREET AND PARK STREET. Since the state owns the riparian rights, the shoreline of that part of the southerly shore of Lake Mendota, Dane County, Wisconsin, between Lake Street and Park Street in the City of Madison hereinafter described and more particularly shown by the map filed in the office of the City Clerk is established and determined as set forth in the following description, subject to the approval of the Public Service Commission, namely:

Beginning on the shore of Lake Mendota at a point 380 feet north of the north line of Langdon Street and 305 feet east of the east line of Park Street; thence on a straight line to a point 103 feet west of the east line of Park Street and 447 feet north of the north line of Langdon Street extended westerly.

14.22 SHORELINE ON LAKE MONONA BETWEEN BASSETT STREET AND BLAIR STREET. Since the public owns the riparian rights, the shoreline of that part of the northwest shore of Lake Monona, Dane County, between Bassett Street and Blair Street in the City of Madison hereinafter described is established and determined as set forth in the following description and the map filed in the office of the City Clerk, subject to the approval of the Public Service Commission, namely:

Beginning at a point on the east property line of South Blair Street, said point is the point of intersection of the center line of South Blair Street between East Main Street and East Wilson Street extended southeasterly and the east line of South Blair Street thence on a curve to the right convex to the east to 550 feet radius a distance of 1,034 feet to a point on the Lake Monona dock line, this last mentioned point being the point of intersection of the center line of South Hancock Street extended southeasterly and the Lake Monona dock line; thence southwesterly along the Lake Monona dock line to a point on the dock line, said point being the point of intersection of the center line of South Broom Street extended southeasterly and the Lake Monona dock line; thence southwesterly on a 3 degree and 11 minute curve, radius 1,800.1 feet curving to the left a distance of 435 feet, thence on a curve to the right of 200 feet radius a distance of 262.4 feet to a

point on the center line of South Bassett Street extended southeasterly, said point being 658 feet from the center line of West Wilson Street measured along the center line of South Bassett Street and its extension southeasterly.

14.23 **1927 AND 1955 DOCK LINES ON LAKE MONONA.** A dock line on Lake Monona, Dane County, Wisconsin, is established as follows:

(1) Beginning at a point on the north line of Section 17, Town 7 North, Range 10 East, distant 960 feet west of the northeast corner of said Section 17; thence northerly on a one degree and 54 minute curve, radius of 3,015.7 feet curving to the left, a distance of 3,250 feet to a point on the southeasterly boundary line of Sunset View Park plat in the town of Blooming Grove, Dane County, Wisconsin, extended southwesterly, which point is distant 1,200 feet from the center line of State Trunk Highway No. 10, thence northwesterly on a straight line parallel with said center line of highway and distant 1,200 feet southwesterly therefrom a distance of 715 feet, thence northwesterly on a 3 degree and 11 minute curve, radius of 1,800.1 feet curving to the left, a distance of 1,760 feet, thence on a straight line northwesterly, a distance of 1,220 feet to a point on the center line of Elmside Boulevard in the City of Madison, Dane County, Wisconsin, extended south, said point being distant 635 feet south from the south line of Oakridge Avenue, in said City of Madison, said last described line passing through a point on the center line of Welch Avenue extended south and distant 900 feet south from the south line of Oakridge Avenue, thence southwesterly on a one degree and 54 minute curve, radius of 3,015.7 feet, curving to the left, a distance of 2,850 feet to a point on the center line of Walton Place, extended southeasterly, which point is distant 420 feet southeasterly from the southeast line of Yahara Place, thence southwesterly on a straight line, 1,155 feet to a point on the center line of Rogers Street extended southeasterly, said point being distant 1,050 feet southeast from the southeast line of Spaight Street, thence southwesterly on a 0 degree and 48 minute curve, radius of 7,162 feet, curving to the right, a distance of 2,000 feet to a point on the center line of South Few Street extended southeasterly, which point is distant 940 feet southeast from the southeast line of Spaight Street, thence on a straight line southwesterly, a distance of 665 feet to a point on the center line of South Ingersoll Street extended southeasterly, which point is distant 840 feet southeast from the southeast line of Spaight Street, thence on a 0 degree and 38 minute curve, radius of 9,046.7 feet, curving to the right, a distance of 1,370 feet to a point on the center line of South Paterson Street extended southeasterly, which point is distant 500 feet southeast from the southeast line of Spaight Street, thence on a straight line, southwesterly, a distance of 2,100 feet to a point on the center line of South Blair Street extended southeast, which point is distant 760 feet southeast from the southeast line of East Wilson Street, thence southwesterly on a one degree and 22 minute curve, radius of 4,192 feet, curving to the left, a distance of 1,620 feet to a point on the center line of South Pinckney Street extended southeasterly, which point is distant 540 feet southeast from the southeast line of East Wilson Street, thence southwesterly, on a straight line, 2,200 feet to a point on the center line of South Broom Street extended southeasterly, which point is distant 650 feet southeast from the southeast line of West Wilson Street, thence southwesterly on a 3 degree and 11 minute curve, radius 1,800.1 feet, curving to the left, a distance of 1,120 feet to a point which is distant 150 feet easterly from the center line between the main tracks of the Chicago and North Western Railway, measured at right angles thereto, thence southwesterly on a straight line, parallel to said center line between tracks and distant 150 feet easterly therefrom a distance of 1,900 feet, thence southeasterly on a 32 degree 20 minute curve, radius of 179.6 feet, curving to the left, a distance of 310 feet to a point on the center line of Lake Court, extended northerly, which point is distant 1,200 feet north from the north line of Lakeside Street, thence east, parallel to said north line of Lakeside Street and distant 1,200 feet northerly therefrom a distance of 1,160 feet to a point which is distant 1,200 feet north from the intersection of the north line of Lakeside Street with the center line of the main track of the Chicago,

Milwaukee, St. Paul and Pacific Railroad, measured at right angles to Lakeside Street, thence southeasterly on a 3 degree 49 minute curve, radius of 1,501.5 feet, curving to the right, a distance of 1,200 feet to a point which is distant 1,300 feet northeasterly from the above-mentioned intersection of the north line of Lakeside Street with the center line of the main track of the Chicago, Milwaukee, St. Paul and Pacific Railroad, measured at right angles to said center line of track, thence southeasterly on a straight line, a distance of 1,600 feet to a point on the north and south center line of Section 25, Town 7 North, Range 9 East, which point is distant 1,000 feet north from the southeast corner of Olin Park in the City of Madison, Dane County, Wisconsin.

Also beginning at a point on the west boundary line of Block 3 of Oak Lawn Addition to South Madison in the City of Madison, Dane County, Wisconsin, extending north, said point of beginning being 300 feet north of the north line of Lakeside Street in said addition, thence northeasterly on a 22 degree 10 minute curve, radius of 260 feet, curving to the left, a distance of 380 feet to a point which is distant 150 feet westerly from the center line between the main tracks of the Chicago and North Western Railway, measured at right angles thereto, thence northeasterly, parallel to said center line between tracks and distant 150 feet westerly therefrom a distance of 2,840 feet to a point opposite the beginning of curve in said center line, thence northeasterly on a one degree 42 minute curve, radius of 3,370.5 feet, curving to the right, and being parallel to said center line between tracks and distant 150 feet northwesterly therefrom, a distance of 640 feet to the center line of South Bassett Street in the City of Madison, Dane County, Wisconsin, extended southeasterly.

The City of Madison is authorized, subject to the approval of the Public Service Commission, to use a portion of the area of Lake Monona described as follows:

Beginning at the point of intersection of the center line of the Chicago and North Western Railway track and the center line of the Chicago, Milwaukee, St. Paul and Pacific Railroad track in Lake Monona, Town of Madison, Dane County, Wisconsin; thence southeasterly 223.3 feet along the center line of the Chicago, Milwaukee, St. Paul and Pacific Railroad track to the point of beginning of the area to be described; thence southeasterly 825.8 feet along the center line of the Chicago, Milwaukee, St. Paul and Pacific Railroad track; thence east 181.4 feet on a line parallel and 1,200 feet north of, measured at right angles to the north line of Lakeside Street; thence northwesterly 1,091.7 feet on a line parallel and 150 feet northeast of, measured at right angles to the center line of the Chicago, Milwaukee, St. Paul and Pacific Railroad track; thence southwesterly 221.7 feet on a straight line to point of beginning, excepting therefrom that portion being used by the Chicago, Milwaukee, St. Paul and Pacific Railroad; and to use said area for street and highway purposes only. The City of Madison is granted and given concurrent jurisdiction with this state of and over the above described area including the lake bed, and the City may bring any action to restrain, enjoin or abate any nuisance or purpresture within such limits.

(2) Said dock line on Lake Monona established by this section, is hereby declared to be so established only for the purpose authorizing said City of Madison to construct and maintain on, in or over said Lake Monona, but not beyond said established line, parks, playgrounds, bathing beaches, municipal boathouses, piers, wharfs, public buildings, highways, streets, pleasure drives and boulevards. Said dock line shall in no wise affect or supersede the dock lines on said Lake Monona already existing and established pursuant to law by the said City of Madison, insofar as riparian owners are concerned, and said dock line so established shall in no wise be construed as being for the benefit of riparian owners. Said City of Madison is hereby granted and given concurrent jurisdiction with the State of Wisconsin of and over said Lake Monona and its lake bed between the low water mark or the dock lines heretofore established by the City of Madison and the dock line established by this section, and said City may bring any action to restrain, enjoin or abate any nuisance or purpresture within such limits.

(3) Nothing in this section shall be construed to take or deprive any riparian owner of any property or riparian rights.
(See Chapter 485, Laws of 1927, as amended by Chapter 301, Laws of 1931; See also Chapter 544, Laws of 1955.)

14.24 GRANTING SUBMERGED LANDS IN LAKE MENDOTA BETWEEN BUTLER AND FRANKLIN STREETS FOR HARBOR PURPOSES.

(1) All right, title and interest of the State of Wisconsin in and to the lands submerged beneath the waters of Lake Mendota, adjacent to the shore of Lake Mendota and lying between Butler Street and Franklin Street in the City of Madison, and extending into Lake Mendota for a distance of not to exceed 1,000 feet, for the purpose of erecting thereon a pier and breakwater enclosing a harbor for navigation purposes, are hereby granted to the City of Madison. The pier and breakwater are not to exceed the dimensions hereinafter described, and may be erected at any desirable point within the area granted to the City of Madison.

(2) Construction work shall not begin until the City of Madison shall have acquired the fee title or the riparian rights of the shore in front of which the improvement or any part thereof is constructed. The pier and breakwater shall have such openings and bridges as may be prescribed by the Public Service Commission. Plans for the structures shall be approved by the Public Service Commission. The following are the dimensions of the pier and breakwater: A pier extending from the shore into Lake Mendota, not exceeding 1,000 feet in length and not exceeding 100 feet in width on the top, together with a pier approximately at right angles to the former, not exceeding 1,000 feet in length nor 100 feet in width on top, the whole to be so constructed as to form a harbor for boats.
(See Chapter 509, Laws of 1935, as amended by Chapter 414, Laws of 1949.)

14.25 GRANTING SUBMERGED LANDS IN LAKE MENDOTA EAST OF MARSTON AVENUE.

(1) All right, title and interest of the State of Wisconsin in and to the land submerged beneath the waters of Lake Mendota, adjacent to the shore of Lake Mendota and described as follows, to-wit:

Beginning at a point on the northwest property line of Sherman Avenue, said point being south 19 degrees 26 minutes west, 523 feet 3 1/2 inches of the east and west quarter section line of Section 12, Town 7 North, Range 9 East, in Dane County, Wisconsin; thence north 52 degrees 47 minutes west to a point of intersection with the shoreline of Lake Mendota, said point of intersection being the point of beginning of the area in Lake Mendota to be described; thence north 52 degrees, 47 minutes west, 1,000 feet; thence southwesterly on a straight line to a point of intersection with the northwesterly prolongation of the northeast property line of Marston Avenue having a bearing of north 51 degrees 20 minutes west, said point of intersection being 1,000 feet northwest of the shoreline of Lake Mendota measured along said northwesterly prolongation of the northeast property line of Marston Avenue; thence south 51 degrees 20 minutes east along said prolongation to the shoreline of Lake Mendota; thence northeasterly along the shoreline of Lake Mendota to the point of beginning, are hereby granted to the City of Madison for the purpose of erecting thereon a pier and breakwater enclosing a harbor for navigation purposes. The pier and breakwater are not to exceed the dimensions hereinafter described and may be erected at any desirable point within the area granted to the City of Madison.

(2) The pier and breakwater shall not exceed 1,800 feet in length nor 100 feet in width on the top, but in addition thereto piers for the accommodation of boats may be constructed contiguous to and at angles projecting from said breakwater, the whole to be so constructed as to form a harbor for boats. The pier and breakwater shall have such

openings and bridges as may be prescribed by the Public Service Commission. Plans for the structure shall be approved by the Public Service Commission prior to commencement of construction.
(Chapter 536, Laws of 1947.)

14.26 SHORELINE OF LAKE MENDOTA AT THE FOOT OF NORTH BUTLER STREET. Since the state owns the riparian rights, the shoreline of that part of the southerly shore of Lake Mendota, Dane County, Wisconsin, at the foot of North Butler Street in the City of Madison, hereinafter described and more particularly shown on the map filed with the City Clerk, is established and determined as set forth in the following description, subject to the approval of the Public Service Commission, namely:

Beginning at a point on the present shoreline of Lake Mendota which is distant 423.5 feet northwest from the northwest line of East Gorham Street and distant 201 feet northeast from the southwest line of North Butler Street, said point of beginning the westerly end of an existing concrete wall; running thence westerly in a direct line to a point on the present shoreline of said lake which is distant 99.2 feet southwest from the southwest line of North Butler Street, measured parallel to East Gilman Street and distant 273 feet northwest from the northwest line of East Gilman Street measured parallel to North Butler Street.

14.27 SHORELINE OF LAKE MONONA BETWEEN WELCH STREET AND THE SOUTHWESTERLY PROLONGATION OF THE SOUTHEAST LINE OF BLOCK 2, SUNSET VIEW PARK PLAT. Since the state owns the riparian rights, the shoreline of that part of the northeasterly shore of Lake Monona between Welch Street and the southwesterly prolongation of the southeast line of Block 2, Sunset View Park Plat, in the City of Madison, hereinafter described, is established and determined as set forth in the following description and the map filed with the City Clerk, subject to the approval of the Public Service Commission, namely:

Beginning at the point of intersection of the shoreline of Lake Monona and the southerly prolongation of the center line of Welch Street in Madison, Wisconsin, said point of intersection being 116.8 feet south, measured along said center line from the northeasterly prolongation of the northerly line of Lakeland Avenue; thence southeasterly on a straight line 1,063 feet to a point, last mentioned point being 400 feet southwesterly from the center line point (both longitudinal and transverse) of the Atwood Avenue bridge over the Starkweather Creek, measured at right angles to the center line of Atwood Avenue lying easterly of the Starkweather Creek; thence southeasterly on a straight line 2,274.5 feet to the point of intersection of the shoreline of Lake Monona and the southwesterly prolongation of the southeast line of Block 2, Sunset View Park Plat in the Town of Blooming Grove, Dane County, Wisconsin.

14.28 SHORELINE OF LAKE MENDOTA WEST OF PARK STREET. Since the state owns the riparian rights, the shoreline of that part of the southerly shore of Lake Mendota, Dane County, Wisconsin, west of Park Street in the City of Madison, hereinafter described and more particularly shown on the map filed with the City Clerk, is established and determined as set forth in the following description, subject to the approval of the Public Service Commission, namely:

Commencing at a point on the existing shoreline 120 feet west from the west wall of the Hydraulics Laboratory Building, measured along the north line of the building extended westerly, and 25 feet north of the north line of the building extended westerly; thence in a northeasterly direction to a point on the west building line extended northerly, said point being 60 feet north of the north line of the building, measured along the west line of the building extended northerly; thence in an easterly direction to a point 145 feet east of the west line of said building and 60 feet north of the north line of the building measured along a line parallel to the west line of the building; thence in a southeasterly direction to a point on the present shoreline which is 233 feet east of the west line of the building and 52 feet north of the north line of the building, measured along a line parallel to the west line of the building.

14.29 SHORELINE OF LAKE MENDOTA AT PLAT OF WOODWARD'S GROVE AND NORTH PARK PLAT. The shoreline of that part of the south shore of Lake Mendota hereinafter described and more particularly shown by the map on file in the office of the City Clerk, is established and determined in the interests of the public and pursuant to Chapter 30, Wisconsin Statutes, as set forth in the following description, subject to the approval of the Public Service Commission of Wisconsin, namely:

That part of the shoreline along Lake Mendota which covers the shoreline on the south side of the east one-half of Lot 35, all of Lots 36 and 37, Plat of Woodward's Grove, and Lots 1 through 8 inclusive of North Park Plat, all located in the City of Madison, Dane County, Wisconsin, being more fully described as follows:

Commencing at an iron stake at the intersection of the meander line and west line of Lot 1 of said North Park Plat; thence south 83 degrees 53 minutes west 166.3 feet; thence south 13.0 feet to the present shoreline and the point of beginning of this description; thence south 83 degrees 53 minutes east along the present breakwater line 467.62 feet to a point which is 57.0 feet south of the meander line of said North Park Plat; thence south 86 degrees 5 minutes east along said proposed breakwater line 99.21 feet to a point 46.0 feet south of the meander line of said North Park Plat and the present shoreline.

14.30 REGULATION OF BOATS.

(1) Declaration of Intent. The intent of this ordinance is to provide safe and healthful conditions for the enjoyment of aquatic recreation consistent with public rights and interest and the capability of the water resource.

(2) Definitions. As used in this ordinance, terms shall be given meanings as follows unless the context clearly otherwise requires.

(a) "Boat" means every description of watercraft, other than a seaplane on the water, used or capable of being used as a means of transportation on water.

(b) "Motorboat" means any boat propelled by machinery, whether or not such machinery is the principal source of propulsion, but does not include a boat which has a valid marine document issued by the Bureau of Customs of the U.S. government or any federal agency successor thereto.

(c) "Sailboat" means any boat propelled by sail. A rowboat, canoe or motorboat equipped with sail shall be deemed a sailboat only while propelled exclusively by sail; during such times as it may be propelled by sail in combination with other means it shall be considered a rowboat, canoe or motorboat, depending on the other means of propulsion used.

(d) "Slow-no-wake" means that speed at which a boat moves as slowly as possible while still maintaining steerage. (Am. by Ord. 7839, 10-4-82)

(e) "Water skis" means any apparatus used for the purpose of towing a person on the water by use of ropes or lines attached to a power driven boat. (Secs. 14.30(2)(e)(f)(g)(h)and (i) R. and (j) Renumbered to (e) by Ord. 7839, 10-4-82)

(3) Applicability. This ordinance shall apply to all waters within the limits of the City of Madison and to the waters of Lakes Mendota, Monona and Wingra, and to such tributary waters as are subject to the police powers of the City of Madison. No person shall use such waters or operate boats thereon except in compliance with the provisions, rules and regulations herein contained.

(4) State Boating and Water Safety Laws Adopted. The statutory provisions describing and defining regulations with respect to water traffic, boats, boating and related water activities and safety as contained in Sections 30.50 through 30.71 of the Wisconsin Statutes are hereby adopted and by reference made a part of this ordinance, except for any provisions therein relating to the penalties to be imposed or the punishment for violation of said statutes. (Sec. 14.30(4) R. and (5) Renumbered to (4) by Ord. 7839, 10-4-82)

(5) Regulation of Mooring Areas and Placement of Mooring Buoys. Every anchorage in the waters covered by this ordinance shall be marked by a mooring buoy. No person shall

place any buoy or other waterway marker in the waters of Lakes Wingra, Mendota or Monona unless he/she complies with the provisions of this ordinance and the applicable provisions of the Wisconsin State Statutes and the Wisconsin Administrative Code. A "waterway marker" is any device designed to be placed in, on or near the water to convey an official message to a boat operator on matters which may affect health, safety, or well being. A "buoy" is any device designed to float which is anchored in the water and which is used to convey a message. A "mooring buoy" must extend eighteen (18) inches above the waterline, be white in color with a blue band clearly visible above the waterline, and should be spherical or ovate in shape.

(a) No person shall place a mooring buoy within 200 feet of shore on Lakes Mendota, Monona, or Wingra without first obtaining a permit from the City. Permits shall be issued by the Superintendent of Parks. Applicants shall

1. Demonstrate compliance with the provisions of Sec. 30.772, Wis. Stats., and the Administrative Code sections promulgated thereunder as those sections may be amended from time to time;
2. Demonstrate compliance with the standards approved by the Parks Commission;
3. Deliver a completed application for a mooring buoy permit to the Superintendent of Parks.

(Am. by Ord. 12,177, 8-4-98)

(b) Permits to place mooring buoys in waters adjacent to property owned by the University of Wisconsin shall be issued by the University of Wisconsin.

(c) All buoys shall conform to the requirements of Wis. Admin. Code § NR 5.09, and shall bear a number issued along with the permit.

(d) Designated Mooring Areas. A "designated mooring area" is an area of the lake surface marked and used for the anchoring of boats. Mooring areas shall be marked with regulatory markers requiring slow, no-wake speed. No person shall designate a mooring area without the approval of the Common Council, expressed by ordinance. No person may moor a boat outside the legally defined Designated Mooring Area boundaries; such boats will be considered unpermitted regardless of whether they are moored within the informational boundary marker buoys. The following mooring areas are authorized, subject to approval by the Department of Natural Resources:

1. University of Wisconsin Mooring Area No. 1, Memorial Union, in Lake Mendota lying in the Southwest ¼ section of Section 14, Town 7 North, Range 9 East, City of Madison, Dane County, Wisconsin, consisting of the area enclosed by the following:

   Commencing at the South ¼ corner of Section 14, Town 7 North, Range 9 East; thence North 89°09'46" West along the South line of said Section 14, 862 feet to the center line of Lake Street as presently located; thence North 1°06'14" East along center line of said Lake Street, 703.5 feet to a point on the shore line of Lake Mendota; thence continuing North 1°06'14" East along the center line extended of said Lake Street for an additional 300 feet to Buoy No. 1041, the point of beginning of Mooring Area No. 1, thence continuing North 1°06'14" East along the center line extended of said Lake Street for an additional 400 feet to Buoy No. 1040, the Northeasterly corner of said mooring area; thence North 81°53'46" West, 1570 feet to Buoy No. 1033, the Northwesterly corner of said mooring area; thence South 1°06'14" West, 400 feet to Buoy No. 1034, the Southwesterly corner of said mooring area; thence South 81°53'46" East, 1570 feet to the point of beginning.

2. University of Wisconsin Mooring Area No. 2, Lakeshore Dormitories, in Lake Mendota lying in the Southwest ¼ section of Section 15, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the Northwesterly corner of the North wing of the building presently known as Goodnight Hall at 1975 Willow Drive, University of Wisconsin, Madison, Wisconsin; thence North 1°06'14" East, 119 feet to a point at the water's edge on the shore of Lake Mendota to the point of beginning of Mooring Area No. 2; thence continuing North 1°06'14" East, 75 feet to Buoy No. 1021, the Northwesterly corner of said mooring area; thence South 8°53'46" East, 830 feet to Buoy No. 1024, the Northeasterly corner of said mooring area; thence South 1°06'14" West, 320 feet to a point on the water's edge of Lake Mendota, the Southeasterly corner of said mooring area; thence Northwesterly following the water's edge on a meandering line to the point of beginning.

3. University of Wisconsin Mooring Area No. 4, Willows Drive, in Lake Mendota lying partly in the Southwest ¼ section of Section 15 and partly in the Northeast ¼ section of Section 16, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the point of intersection of the center line of Marsh Lane with the center line of Willow Drive as both presently located on the University of Wisconsin Campus, Madison, Wisconsin; thence North 72°26'14" East, 52 feet to a point at the water's edge on the shore of Lake Mendota, the point of beginning of Mooring Area No. 4; thence continuing North 72°26'14" East, an additional 864 feet to a point of intercept at the water's edge with the tip of Willow Point. Said mooring area to include all water lying within the bay area south of the preceding line and the Lake Mendota shoreline.

4. City of Madison Mooring Area No. 1, Marshall Park. A parcel of land or water located in the NE ¼-SE ¼ and SE ¼-SE ¼ of Section 12, T7N, R8E, and in the NW ¼-SW ¼ and SW ¼-SW ¼, Section 7, T7N, R9E, City of Madison, Dane County, Wisconsin, more fully described as follows: Beginning at the northerly most meander corner of lot 2 of Certified Survey Map No. 3631, Document No. 1696280 recorded in Volume 15 of Certified Surveys on pages 1, 2, and 3, Dane County Register of Deeds, thence N17°03'34"W, along a meander line along the shore of Lake Mendota, 345.34 feet to a point 34 feet more or less from the shore of Lake Mendota; thence continuing along said meander line, N24°46'09"W, 180.00 feet to a point 34 feet more or less from the shore of Lake Mendota; thence N71°02'00"E, 634.00 feet to a point 600 feet more or less into Lake Mendota; thence S29°37'00"E, 806.00 feet to a point 603 feet more or less into Lake Mendota; hence S52°03'00"W, 672.81 feet to a meander line along the shore of Lake Mendota, said point being 70 feet more or less from the shore; thence N38°25'17"W, along said meander line, 195.78 feet to a point 68 feet more or less from the shore of Lake Mendota, thence continuing along said meander line N32°52'36"W, 311.28 feet to the point of beginning.

Mooring Area includes all water area within the above described area. Mooring Area contains 13.0 acres more or less, including the Beach Area.
(Cr. by Ord. 9750, 4-13-89)

(Sec. 14.30(6) Renumbered to (5) and Am. by Ord. 7839, 10-4-82)
(Sec. 14.30(5) Am. by Ord. 12,131, 5-18-98)

(6) Speed Limitations.

(a) Generally: Races Excepted. No motorboat shall be operated at a rate of speed or in any other manner which shall recklessly endanger its occupants or imperil the safety of others nor shall any motorboat be operated between sunset and sunrise at a rate of speed in excess of fifteen (15) miles per hour provided, however, that this provision shall not prohibit the holding of supervised races over a course laid out and plainly marked and adequately patrolled and policed.

(b) Speed on Yahara River. No boat shall be propelled at a rate of speed greater than slow-no-wake speed in the Yahara River between Lakes Mendota and Monona, between Lake Monona and the City limits, in Murphy's Creek, or in the Henry Vilas Park lagoon. (Am. by Ord. 6877, 1-17-80)

(c) Prohibited Operation. No person may operate a motorboat within one hundred (100) feet of any dock, raft, pier or buoyed, restricted area on any lake at a speed in excess of slow-no-wake speed.

(d) Fixed Limits. No person shall operate a motorboat at a speed in excess of the limit posted by established regulatory markers.

(e) Emergency Boats. These speed regulations shall not apply to lifesaving boats or other boats when greater speed is required for emergency purposes.
(Sec. 14.30(9) Renumbered to (6) by Ord. 7839, 10-4-82)

(7) Restricted Areas. No person shall operate a boat within a water area which has been clearly marked by regulatory markers as a bathing or swimming area; nor shall any person operate a boat in excess of slow, no-wake speed in restricted use areas contrary to regulatory markers, placed pursuant to Wis. Stat. 30.74(2) and as authorized by this ordinance. This subsection does not apply in the case of an emergency, or to patrol or rescue craft.

(a) The following areas shall be marked as bathing or swimming areas:

1. Lake Mendota.

a. University of Wisconsin Swimming Area No. 1, Memorial Union Swimming Area, more particularly described as follows:

Swimming Area No. 1 in Lake Mendota lies in the Southwest ¼ section of Section 14, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the Northeasterly corner of the East wing of the Memorial Union Building at 800 Langdon Street, University of Wisconsin, Madison, Wisconsin; thence Westerly along the North face of the East wing of said building 10 feet; thence North 1°06'14" East, 130 feet to a point at the water's edge on the shore of Lake Mendota, the point of beginning of Swimming Area No. 1; thence continuing North 1°6'14" East for an additional 145 feet to Buoy No. 1035 the Northwesterly corner of said swimming area; thence South 81°53'46" East, 125 feet to Buoy No. 1037 the Northeasterly corner of said swimming area; thence South 1°06'14" West, 145 feet to a point at the water's edge, the Southeasterly corner of said swimming area; thence Westerly following the water's edge on a meandering line to the point of beginning.

b. University of Wisconsin Swimming Area No. 2, Kronshage Swimming Area, more particularly described as follows:

Swimming Area No. 2 in Lake Mendota lies in the Southwest ¼ section of Section 15, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the Northeasterly corner of the North wing of the building presently known as Kronshage Hall at 1650 Kronshage Drive, University of Wisconsin, Madison, Wisconsin; thence Westerly along the North face of the North wing of said building 45 feet; thence North 1°06'14" East, 140 feet to a point at the water's edge on the shore of Lake Mendota to the point of beginning of Swimming Area No. 2; thence continuing North 1°06'14" East an additional 215 feet to Buoy No. 1028, the Northeasterly corner of said swimming area; thence North 81°53'46" West, 200 feet to Buoy No. 1026, the Northwesterly corner of said swimming area; thence South 1°06'14" West, 243 feet to a point at the water's edge, the Southwesterly corner of said swimming area; thence Easterly following the water's edge on a meandering line to the point of beginning.

c. University of Wisconsin Swimming Area No. 3, Willows Swimming Area, more particularly described as follows:

Swimming Area No. 3 in Lake Mendota lies in the Southwest ¼ section of Section 15, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the Northwesterly corner of the North wing of the building presently known as Goodnight Hall at 1975 Willow Drive, University of Wisconsin, Madison, Wisconsin; thence North 37°53'46" West, 139 feet to a point on the shore of Lake Mendota, the point of beginning of Swimming Area No. 3; thence North 8°06'14" East, 125 feet to Buoy No. 1020, the Northeasterly corner of said swimming area; thence North 81°53'46" West, 190 feet to Buoy No. 1018, the Northwesterly corner of said swimming area; thence South 1°06'14" West, 125 feet to a point at the water's edge, the Southwesterly corner of said swimming area; thence Easterly following the water's edge on a meandering line to the point of beginning.

d. University of Wisconsin Swimming Area No. 4, Picnic Point Swimming Area, more particularly described as follows:

Swimming Area No. 4 in Lake Mendota lies in the Northwest ¼ section of Section 15, Town 7 North, Range 9 East, University of Wisconsin, Dane County, Wisconsin, consisting of the area enclosed by the following:

Commencing at the Northwesterly corner of the most Westerly 18 inch square concrete footing for the beach identification sign located in the neck area of Picnic Point, University of Wisconsin, Madison, Wisconsin; thence North 24°23'46" West, 32 feet to a point at the water's edge on the shore of Lake Mendota, the point of beginning Swimming Area No. 4; thence continuing North 24°23'46" West an additional 125 feet to Buoy No. 1003, the Northeasterly corner of said swimming area; thence South 65°36'14" West, 100 feet to Buoy No. 1001, the Northwesterly corner of said

swimming area; thence South 24°23'46" East, 125 feet to a point at the water's edge on the shore of Lake Mendota; thence Northwesterly following the water's edge on a meandering line to the point of beginning.

e. James Madison Park Swimming Area
f. Marshall Park Swimming Area
g. Spring Harbor Beach Swimming Area
h. Tenney Park Beach Swimming area
i. Warner Park Beach Swimming Area
j. Mendota Park Beach Swimming Area

2. Lake Monona.
   a. B.B. Clark Beach Swimming Area
   b. Brittingham Beach Swimming Area
   c. Esther Beach Swimming Area
   d. Olbrich Park Beach Swimming Area
   e. Hudson Beach Swimming Area
   f. Olin Park Beach Swimming Area
   g. Bernie's Beach Swimming Area
3. Lake Wingra.
   Vilas Park Beach Swimming Area

The City of Madison and Dane County swimming areas listed above are more particularly described in diagrams and aerial photographs on file with the Wisconsin Department of Natural Resources.

(b) The following areas, more particularly described in diagrams and aerial photographs on file with the Wisconsin Department of Natural Resources, shall be marked with regulatory markers requiring slow, no-wake speed:

1. Lake Mendota.
   a. University Shoreline. This slow, no-wake zone extends from the shoreline into Lake Mendota a distance of 300 feet and is located between the end of Park Street and the end of Wisconsin Avenue.
   b. Tenney Breakwater. This slow, no-wake zone includes the area bounded on the south by the base of the Tenney breakwater and a line extending from shore where the base of the breakwater meets along the breakwater and continuing along in a westerly direction to a point 785 feet from shore or 300 feet from the elbow of the breakwater, bounded on the westerly and northerly by a line forming an 800 foot radius from the Tenney lighthouse bounded on the northerly and easterly side by the shoreline. (Am. by Ord. 10,406, 3-31-92)
   c. Marshall Lagoon (Forest Harbor) and Vicinity. This slow, no-wake zone includes what is known as the Marshall Lagoon or Forest Harbor, and the area designated the Marshall Park Mooring Field in Section 14.30(5)(c)4. of these ordinances, as well as the area adjacent to the lagoon entrance and within 300 feet of the northwesterly boundary of the mooring area which extends 634 feet out into Lake Mendota from the lagoon entrance. (Am. by Ord. 9750, 4-13-89)
   d. Spring Harbor. This slow, no-wake zone includes what is known as Spring Harbor, as well as the area bounded by lines extending from each side of the mouth of the Harbor a distance of 200 feet from the shoreline.
   e. Warner Park Boat Launch/Warner Breakwater. This slow, no-wake zone includes the area bounded by the Warner breakwater on

the northwest and southwest, and by the shoreline on the northeast, and on the southeast by a line drawn from a starting point on shore that is 230 feet southeast of center of the breakwater where it meets the shore, extending 300 feet from shore, then from that point extending 75 feet to the northeast where it meets the southernmost tip of the breakwater. (Cr. by Ord. 10,043, 6-14-90)

f. Northern Lake Mendota Buoyed Channel. This slow, no-wake zone includes all the area bounded by approved channel markers in Northern Lake Mendota near Farwells Point. The size and configuration of this no-wake zone shall be established by the placement of Department of Natural Resources-approved buoys by the Dane County Sheriff's Lake Patrol or other enforcement agencies. (Cr. by Ord. 10,406, 3-31-92)

2. Lake Monona.

a. Brittingham Park. This slow, no-wake zone includes all of the area of Lake Monona bounded by the shoreline adjacent to North Shore Drive on the north and northwest, by John Nolen Drive on the east, and by the Milwaukee Road railroad bridge tracks on the south and southwest, as well as the area bounded on the east by the northernmost 300 feet of the Milwaukee Road railroad tracks, by 700 feet of Brittingham Park shoreline, extending west of the beach, by a line extending 300 feet into Lake Monona, and, from the end of that line, 700 feet across the lake to the Milwaukee Road railroad tracks.

b. Olbrich Park Boat Launch Area. This slow, no-wake area shall include all of the area at the mouth of Starkweather Creek downstream from the Atwood Avenue bridge as well as the area bounded by lines extending from the shore of Olbrich Park bounded to the west by a line extending 100 yards south from the shoreline from a point at the intersection of the western edge of the breakwater and the shoreline and to the east by a line extending 100 yards to the south from a point on the shoreline 100 yards east of the intersection of the western edge of the breakwater and the shoreline.

c. Olin Park Boat Launch Area. This slow, no-wake area shall include all of the mouth of Wingra Creek downstream from the bridge at Lake Street and the area bounded on the north by a line extending 100 yards northeast from the shoreline into the waters of Lake Monona from a point on the shoreline 50 feet northwest of the western edge of the mouth of Wingra Creek and on the south by a line extending 100 yards northeast into the waters of Lake Monona from a point on the shoreline where the eastern border of the buoyed swim area intersects the shoreline of Olin Park.

(Am. by Ord. 9481, 5-10-88)

3. a. Yahara River (Cherokee Park). This slow, no-wake zone includes all waters known as the Yahara River between the mouth of Token Creek to Highway 113.

b. Regulation of Boats on Cherokee Lakes. Water skiing and the use of water skis, as defined by Section 14.30(2)(e), shall be prohibited

at all times except Tuesday and Thursday from 1:00 p.m. to 8:30 p.m. or 30 minutes before sunset, whichever is earlier. (Am. by Ord. 10,661, 5-29-93)

(Cr. by Ord. 10,406, 3-31-92)

(Sec. 14.30(7) R. and Recreated by Ord. 7839, 10-4-82)

(8) Prohibited Operation.

Motorboat Racing. Motor boat racing is prohibited unless the race course is approved in advance by the Parks Commission. Applicants who request Parks Commission approval of motor boat racing events shall submit a detailed map showing the precise location of the proposed race course, dates for the proposed racing events, evidence of insurance coverage in the amount deemed appropriate by the Parks Commission, and other information which the Parks Commission may require. Such information shall be submitted by the applicant or by any alder at least sixty (60) days before the first proposed race day. The Parks Commission shall not approve more than five (5) days of motor boat racing in any one lake in any one season. No motor boat races shall be approved for Lake Wingra. The decision of the Parks Commission may be appealed to the Common Council by filing a written notice of appeal with the City Clerk within ten (10) days after the decision of the Parks Commission. The decision of the Parks Commission shall stand unless three-fourths (3/4) of the members of the Common Council vote to reverse it. (R. and Recreated by Ord. 7839, 10-4-82; Am. by ORD-09-00147, 11-6-09)

(9) Miscellaneous Regulations.

(a) No Swimming from Boat to Public Swimming Area. Swimming is not permissible from any boat to a public swimming area or public boat landing, nor is swimming permitted in the Yahara River or boat channels.

(b) No person shall operate the motor of any motorboat within the confines of the locks at Tenney Park except for the purpose of entering or leaving the lock. No provisions of this subsection shall be enforced against an alleged violator if an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

(c) No person shall smoke or have on board any boat any exposed fire or flame during the process of locking through the Tenney Park locks. No provision of this subsection shall be enforced against an alleged violator if an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

(d) Regulation of Motor Driven Boats on Lake Wingra and Part of Wingra Creek.

1. No person shall operate a motor driven boat on Saturdays, Sundays and holidays on Lake Wingra or on Wingra Creek between the Wingra locks and the John Nolen Drive bridge over Wingra Creek, except that any person possessing a physician's statement indicating that the person is not capable of rowing or paddling a boat or canoe may operate a battery-powered electric motor at a slow-no-wake speed not exceeding five (5) miles per hour.

2. On days when all motor driven boats are permitted, they must be operated at slow-no-wake speed not exceeding five (5) miles per hour.

3. However, agents and employees of the City of Madison may operate all types of motor driven boats at all times for lake control or park maintenance purposes.

4. The provision of paragraphs 1. and 2. above shall not apply to persons operating motor-driven boats used for officiating or for furnishing support or safety services for any sporting event authorized by the City. (Am. by Ord. 8672, 9-16-85)

(Sec. 14.30(12) Renumbered to (9) and Am. by Ord. 7839, 10-4-82)

(10) (R. by Ord. 7839, 10-4-82)

(11) (R. by Ord. 7839, 10-4-82)

14.31 HOUSEBOATS.

(1) No person, firm or corporation shall locate or place or occupy any boat that is used as a place of residence on the Yahara River between Lake Monona and Lake Mendota, or on Lakes Monona or Mendota, or below high water mark of said river and lakes; and any day or part of day that such boat is so placed, located or occupied shall constitute a separate offense under this section.

(2) Any person, firm or corporation violating the terms of this section shall be subject to a fine of not less than one dollar ($1) nor more than two hundred dollars ($200) for each violation thereof. (Am. by Ord. 13,760, Adopted 12-14-04)

14.32 LOCKS AT TENNEY PARK AND HENRY VILAS PARK. The maintenance, supervision and control of the lock areas at Tenney Park and Henry Vilas Park shall be under the jurisdiction of the Madison Board of Park Commissioners.

14.33 SKIN DIVING.

(1) No person may engage in underwater diving or swimming with the use of swimming fins or skin diving in waters other than marked swimming areas or within one hundred fifty (150) feet of shoreline, and no person may engage in underwater diving or swimming with the use of self-contained underwater breathing apparatus in waters other than marked swimming areas, unless the location of such diving or swimming is distinctly marked by diver's flag, not less than twelve (12) inches high and fifteen (15) inches long, displaying one diagonal white stripe three (3) inches wide on a red background, and of height above the water so as to be clearly apparent at a distance of one hundred (100) yards under normal conditions, and so designed and displayed as to be visible from any point on the horizon. Except in case of emergency, anyone engaging in such diving or swimming shall not rise to the surface outside of a radius of fifty (50) feet from such flag. No person engaged in such diving or swimming shall interfere with the operation of anyone fishing nor engage in such diving or swimming in established traffic lanes; nor shall any such person alone or with another, intentionally or unintentionally, block or obstruct any boat in any manner from proceeding to its destination where a reasonable alternative is unavailable. A reasonable alternative route is available when the otherwise unobstructed boat can proceed to its destination without reducing its lawful speed, by passing to the right or to the left of a marked diving operation.

(2) Each diver engaged in underwater diving or swimming in waters other than marked swimming areas shall have an emergency self-inflatable life preserver.

(3) No spear gun shall be loaded or able to fire except when diver is in the water.
(Sec. 14.33 Am. by Ord. 5529, 7-13-76)

14.34 WATER SKIING.

(1) Prohibited at Certain Times; Exceptions. Except as provided in Subsection (3), no person may operate a motorboat towing a person on water skis, aquaplane or similar device unless there is in the boat a competent person in addition to the operator in a position to observe the progress of the person being towed. An observer shall be considered competent if she or he can in fact observe the person being towed and relay any signals to the operator. This observer requirement does not apply to motorboats classified as Class A motorboats pursuant to Section 14.30(8)(a) of the Madison General Ordinances actually operated by the persons being towed and so constructed as to be incapable of carrying the operator in or on the motorboat. (Am. by ORD-14-00012, 1-14-14)

(2) Water skiing, aquaplaning or similar activity shall be prohibited from one-half hour (30 minutes) before sunset until one-half hour (30 minutes) after sunrise.

(3) Water Exhibition Regulations. Subsection (1) does not apply to duly authorized water ski tournaments, competitions, exhibitions or trials therefore, where adequate lighting is provided. No person shall conduct or participate in a water ski tournament, competition, exhibition or trial therefore unless approved by the Parks Commission. Applicants for Parks Commission approval shall supply the Parks Commission with information including the exact days and hours proposed, a map detailing the precise location of the area of the lake to be used, detailed plans for marking the proposed water exhibition restricted area with buoys and/or waterway markers, insurance coverage, and other information which the Parks Commission may require. During the hours when exclusive use of a water exhibition area for a water ski tournament, competition, exhibition or trial has been approved, the use of the waters designated and marked by other than law enforcement officers and participants in the approved activity, is prohibited. (Am. by Ord. 7769, 7-16-82)

(4) Careful and Prudent Operation. A person operating a motorboat having in tow a person on water skis, aquaplane or similar device shall operate such boat in a careful and prudent manner and at a reasonable distance from persons and property so as not to endanger the life or property of any person.

(5) Restriction. No boat towing persons engaged in water skiing, aquaplaning or similar activity on any lake shall engage in such activity within one hundred (100) feet of any occupied, anchored boat or marked swimming area or public boat landing, except where pickup and drop areas are established and marked with regulatory markers.

16.01 CITY PLAN COMMISSION.

(1) Created. There is hereby created a City Plan Commission, with the powers, duties and qualifications as set forth in this chapter and in Wis. Stat. § 62.23.

This is a Charter Ordinance and shall be effective upon sixty (60) days from passage and publication subject, however, to the referendum procedures in Wis. Stat. § 66.0101(5). (R. & Re-Cr. by Charter Ord. 58, 6-11-87)

(2) Composition. The City Plan Commission shall consist of nine (9) voting members. The Mayor or his/her designee shall serve as a member of the commission. The other members shall be three (3) members of the Common Council and five (5) citizens. The Mayor, at the annual organizational meeting each year, shall indicate to the Common Council whether he/she will serve as chairperson of the Plan Commission or inform the Common Council of the name of his/her designee. The Mayor may elect to assume membership on the commission at any time. In the event the Mayor names a designee, the commission shall elect one (1) of its members to be chairperson. Two (2) of the members of the Plan Commission shall also be members of the Long-Range Transportation Planning Committee.

This is a Charter Ordinance and shall be effective sixty (60) days after passage and publication, except as said effective date is extended herein, subject, however, to the referendum procedures in Wis. Stat. § 66.0101(5). The effective date of this ordinance shall be the day after the second regular Common Council meeting of May 1997 provided that all appointments to the Transit and Parking Commission, the Pedestrian/Bicycle/Motor Vehicle Commission and the Long Range Transportation Planning Committee have been made by the Mayor and approved by the Common Council, but in no case shall the effective date be later than the day after the first regular meeting of the Common Council of June 1997.

(Am. by Charter Ord. 70, Adopted 2-18-97; Am. by ORD-09-00052, Pub. 4-2-09, Eff. 8-1-09; CHA-13-00001, Pub. 1-15-13, Eff. 3-16-13)

(3) Appointment and Terms of Alderperson Members. The Mayor shall appoint three (3) members of the Common Council to be members of such commission; and, at its annual meeting in April of each year the Common Council shall, by a two-thirds (2/3) vote of its members confirm any such mayoral appointments of three of its number as members of the City Plan Commission for terms to coincide with their terms on the Common Council.

This is a Charter Ordinance and shall be effective upon sixty (60) days from passage and publication subject, however, to the referendum procedures in Wis. Stat. § 66.0101(5). (R. & Re-Cr. by Charter Ord. 58, 6-11-87; Am. by Charter Ord. 76, Adopted 2-18-03 Am. by CHA-12-00001, Adopted 10-16-12)

(4) (a) Appointment and Terms of Citizen Members. The Mayor shall appoint five (5) citizens to be members of such commission; said members to continue serving on

the presently staggered three-year terms. In the month of April of each year in which the terms of office of such citizen members respectively expire, the Mayor shall appoint a citizen member to such commission for a term of three (3) years from the first day of May next ensuing. Whenever a vacancy shall occur in the term of any citizen member, the Mayor shall appoint a citizen as a member to fill such unexpired term.

(b) Alternate Members. In addition to the members above-mentioned, the Mayor may appoint upon an annual basis two (2) citizens to be alternate members of such commission and shall designate which alternate is the first alternate and which alternate is the second alternate. The first alternate shall act with full power when any other member of the commission is absent or refuses to act because of a conflict of interest. The second alternate shall so act only when the first alternate refuses or is absent or when more than one (1) member of the commission so refuses or is absent. In addition, alternates may participate in Plan Commission discussion and serve on subcommittees or as the Plan Commission representative on other City committees at any time.

(c) Non-Voting Member. In addition to the members above-mentioned, the mayor may appoint upon an annual basis, one (1) citizen to be a non-voting member. The non-voting member shall be the Superintendent of the Madison Metropolitan School District or his/her designee. The non-voting member shall not be entitled to attend any closed meetings of the Plan Commission.

This is a Charter Ordinance and shall be effective upon sixty (60) days from passage and publication subject, however, to the referendum procedures in Wis. Stat. § 66.0101(5).

(Am. by Charter Ord. 64, 5-15-91; Am. by CHA-06-00004, 5-20-06; CHA-09-00001, 3-19-09)

(5) Qualifications, Term and Compensation of Citizen Members. All citizen members shall be persons of recognized experience and qualifications. Such members of the commission shall hold office until their respective successors are elected and qualified. No member of any such commission shall receive any compensation for her or his services as such member.

This is a Charter Ordinance and shall be effective upon sixty (60) days from passage and publication subject, however, to the referendum procedures in Wis. Stat. § 66.0101(5). (R. & Re-Cr. by Charter Ord. 58, 6-11-87; ORD-14-00012, 1-14-14)

(6) Duties. The Common Council shall refer any question concerning the location and architectural design of any public building, the location of any statue or other memorial, the location, extension, widening, enlargement, ornamentation and parking of any street, parkway, boulevard, park, playground or other memorial or public grounds within the City to such commission for its consideration and report before final action is taken thereon by the Council. All plats or replats of any lands within the limits of the City or any lands outside of and within three (3) miles of the limits of the City shall be submitted to said commission for its recommendation to the Council before the same are approved by the Council.

(7) Miscellaneous Duties. The Common Council may refer to said commission the construction or carrying out of any public work not expressly within the province of other boards or commissions of the City, and may delegate to said commission all powers which the Council deems necessary to complete such work in all details.

(8) To Prepare Maps. The commission may make or cause to be made a map or maps of the City or any portion thereof, showing locations proposed by it for any new public building, statue, memorial grounds, street, parkway, boulevard, park, playgrounds or any other public grounds and the grade thereof, and the street building and veranda lines thereof, and for any new square or park, or any changes by it deemed advisable in the present

location of any public building, statue, memorial grounds, street, parkway, boulevards, playgrounds, square or park, and may employ expert advice in the making of such map or maps.

(9) May Acquire Land. The City, acting through its commission or otherwise, may acquire by gift, purchase or condemnation any lands within or without its corporate limits for establishing, laying out, widening, enlarging, extending and maintaining memorial grounds, streets, squares, parkways, boulevards, parks, playgrounds, sites for public buildings and reservations in and about and along and leading to any or all of the same and after the establishment, layout and completion of such improvements, may convey any such real estate thus acquired and not necessary for such improvements, with reservations concerning the future use and occupation of such real estate, so as to protect such public works and improvements and their environs, and to preserve the view, appearance, light, air and usefulness of such public works, and to promote the public health and welfare. Note: For extraterritorial jurisdiction, see Wis. Stat. § 62.22(1).

(10) Slum Clearance, Etc. The City Plan Commission is hereby designated an agent of the City to perform duties and functions relating to such slum clearance and urban redevelopment projects as are approved by the Common Council, under provisions of the Blighted Area Law (Wis. Stat. § 66.1331) and the Housing Act of 1949 (Public Law 171, 81st Congress), and any amendments, additions or changes thereto. The City Plan Commission shall prepare and submit all proposed contracts between the City of Madison and the federal government for consideration and approval by the Common Council, and when so approved, and their execution in behalf of the City is authorized by the Common Council, the proper City officers shall execute such contracts in the name of and in behalf of the City. When such contracts are in force the City Plan Commission, with the appropriate officers of the City authorized hereunder, shall administer and carry out such contracts pursuant to the terms thereof and this ordinance.

(a) The City Plan Commission shall prepare all requisitions and supporting documents seeking payments from the appropriate federal agency as provided for in any contract between the City of Madison and the federal government made pursuant to state and federal redevelopment laws and authority granted herein. The City Treasurer is hereby designated as the officer authorized on behalf of the City to file all requisitions or vouchers for payment on account of advances, loans, capital grants, other financial assistance under the terms of such contracts, or in connection with local funds that may be provided. When filing such requisitions or vouchers or other instruments the City Treasurer shall cause to be executed on behalf of the City such documents or instruments as may be required by the contracting federal agency in connection with the purpose of this ordinance in order to secure payments representing such financial assistance to the City from the federal government, or from local funds. Checks evidencing payment by the federal government to the City of Madison on account of advances, temporary loans, capital grants and other financial assistance or checks evidencing payment by the City of Madison to provide local funds pursuant to this ordinance shall be payable and transmitted to the City of Madison and be credited by the appropriate officers of the City of Madison through a special segregated account or accounts in accordance with the terms of the contract or contracts between the City of Madison and the federal government. The Finance Director shall keep a record of all requisitions or vouchers filed with the appropriate federal agency relating to slum clearance and urban redevelopment projects, and she or he shall maintain appropriate accounting records with respect to all transactions relating to financial assistance for projects undertaken pursuant to federal and state laws. (Am. by ORD-11-00037, 3-8-11; ORD-14-00012, 1-14-14)

(b) The City Plan Commission shall undertake and carry out the surveying and planning work provided for under the contract or contracts for financial assistance

under federal law, including but not limited to the preparation of redevelopment plans as well as any and all administrative, executive or managerial functions necessary to the undertaking of the project or projects involved in said contract or contracts for financial assistance. The City Plan Commission may employ necessary personnel to undertake or carry out slum clearance and urban redevelopment projects contemplated by the City's contract or contracts for financial assistance from the federal government. It shall conduct all preliminary negotiations for contractual services and submit contracts for such services to the Common Council for its consideration, approval and authorization of execution in the name of the City of Madison by the appropriate City officer or officers, and after execution shall administer the same in behalf of the City. The City Plan Commission shall submit to the federal agency such documents as may be required by contract or contracts with the federal government.

(c) The City Plan Commission shall before preparing a specific redevelopment plan for a project area adopt a resolution determining the boundaries of the proposed project area. Such determination shall, in accordance with subsection (5)(b)1. of the Blighted Area Law, Wis. Stat. § 66.1331, be submitted to the Common Council for its approval. Upon approval by the Common Council of the boundaries of a project area, the City Plan Commission shall prepare and adopt a redevelopment plan meeting the standards prescribed by subsection (5)(b)2. of the Blighted Area Law, Wis. Stat. § 66.1331. The City Plan Commission shall submit such redevelopment plan to the Common Council, which shall hold a public hearing thereon before approving such plan. After approval of a redevelopment plan by the Common Council the City Plan Commission shall, in accordance with subsection (5)(d) of the aforementioned Blighted Area Law, certify said plan to the Common Council with the recommendation that the City of Madison through its appropriate officers proceed to acquire the real property in the project area. The City Plan Commission is hereby authorized to proceed with land acquisition under the aforementioned Blighted Area Law in carrying out the provisions of this ordinance whenever it shall appear appropriate to it and the Common Council approves such acquisition.

(d) The City Plan Commission shall advise and assist the City of Madison in the preparation of the terms of any sale or lease of land in a project area and shall hold the public hearing on the terms of any proposed sale or lease when required by Subsection (6)(b) of the aforementioned Blighted Area Law. The City Plan Commission shall prepare relocation plans in accordance with Subsection (7) of the aforementioned Blighted Area Law, and in accordance with applicable federal laws.

(11) (R. by Ord. 6566, 3-16-79)

16.02 CENTRAL URBAN SERVICE AREA EXPANSION.

(1) The purpose of this ordinance is to outline a procedure for the City Planning Division to petition the Capital Area Regional Planning Commission (CARPC) for an expansion of the Central Urban Service Area (CUSA):

(a) Prior to submitting any application to CARPC to expand the CUSA, the City Planning Division shall prepare the application and submit it to City Engineering, Traffic Engineering, Water Utility, Metro Transit, Parks Division, Madison Police Department, and the Madison Fire Department for input regarding the City's ability to provide services to the proposed expansion area.

(b) After receiving input from each of the above agencies, the City Planning Division shall submit to the Plan Commission the proposed application, the input provided by the city agencies listed above, and a resolution authorizing the Planning Division to submit the application to CARPC.

(c) Giving due consideration to the input received from the city agencies, the cost of providing services to the proposed expansion area, and the recommendations of the City of Madison Comprehensive Plan and any applicable neighborhood, neighborhood development, or special area plans, the Plan Commission shall advise the Common Council whether the City is able to provide municipal services to the proposed CUSA expansion area and whether expanding the proposed area is consistent with the above plans.

(d) Upon receiving a recommendation from the Plan Commission, the Common Council shall consider whether expanding the proposed CUSA area is consistent with the health, welfare, and best interests of the City and act on the proposed authorizing resolution. The Planning Division shall submit the application to expand the CUSA if a majority of the members of the Common Council vote in favor of the proposed authorizing resolution.

16.03 RESERVED FOR FUTURE USE. (R. by Ord. 8117, 10-3-83)

16.04 RESERVED FOR FUTURE USE. (R. & Recr. as Sec. 3.12 by ORD-07-00048, 4-12-07)

16.05-16.22 RESERVED FOR FUTURE USE.

16.23 LAND SUBDIVISION REGULATIONS.

(1) Introduction and Purpose. The purpose of these regulations is to regulate and control the subdivision of land within the corporate limits and extraterritorial plat approval jurisdiction of the City of Madison in order to promote the public health, safety and general welfare of the community. They are designed to lessen congestion in the streets and highways; to further the orderly layout and use of land; to insure proper legal description and proper monumenting of subdivided land; to secure safety from fire, panic and other dangers; to provide adequate light and air, including access to sunlight for solar collectors; to prevent the development of noise sensitive land uses (such as homes, schools and recreational areas) adjacent to highway corridors and to ensure that any such development that does occur is planned to mitigate the adverse effects of noise; to prevent the overcrowding of land and avoid undue concentration of population; to facilitate adequate provision for transportation, water, sewerage, storm drainage, schools, parks, playgrounds and other public requirements; to facilitate the further resubdivision of larger parcels into smaller parcels of land. These regulations are formulated to facilitate enforcement of development standards as outlined in the Building Code (Chapter 29), Zoning Code (Chapter 28), master plan and official map of Madison.

The standards contained are based on the requirements for development of the best possible urban environment outlined by the American Society of Civil Engineers, American Public Health Association, National Recreation Association, American Association of State Highway Officials, Institute of Transportation Engineers, Federal Emergency Management Administration, American Society of Planning Officials Reports, Wisconsin Administrative Code, TRANS 405, The Federal Highway Administration's Procedures for Abatement of Highway Traffic Noise and Construction Noise, Title 23, CFR, Chapter I, Subchapter J, Par. 772, and review by the Madison Area Surveyors Council.

In general, residential subdivisions will be encouraged to provide generous distances between building sites and existing industries and between building sites and high capacity streets, highways, and expressways and freeways to act as buffers against noise and noxious fumes. Residential subdivisions will also be discouraged from locating too close to existing or proposed airport approach zones.

(Sec. 16.23(1) Am. by Ord. 10,560, Adopted 12-15-92)

(2) Definitions. For the purpose of these regulations certain words used therein are defined as follows:

A-Weighted Sound Level. The sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dB(A) or dBA.

Certified Survey Map. A drawing meeting all the requirements of Sec. 236.34 Wis. Stats. which is a map or plan of record of a land division.

Cluster Development. A development pattern and technique wherein structures are arranged in closely related groups to enable building at higher densities in certain areas while preserving natural features in others. A cluster development would normally incorporate private common open space areas and give emphasis to the pedestrian as opposed to the automobile in its design. The development might also contain owner-occupied row housing with privately owned common property comprising a major element of the development.

Commercial Area. Any area designated for commercial uses under Chapter 28 of the Madison General Ordinances.

Comprehensive Development Plan. A total site plan of an area of land eighty (80) acres or more in size all under the control of a developer(s) at the time of submission for review. Said plan shall specify and clearly illustrate the location, relationship and nature of all primary and secondary uses, public and private easements, public and private roads, pedestrian paths and common open space.

Condominium Instrument. The plat and plans of a condominium together with any attached exhibits or schedules, and any amendment, addendum, or other document that affects some change in a recorded condominium plat. (Cr. by ORD-08-00036, 4-4-08)

Construction. Any site preparation, assembly, erection, substantial repair, alteration, or similar actions, but excluding demolition, for or of public or private rights-of-way, structures, utilities or similar property.

Decibel (dB). A unit for measuring the volume of a sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micropascals (20 micronewtons per square meter).

Equivalent A-Weighted Sound Level (Lsq). The equivalent steady-state sound level, which in a stated period of time contains the same acoustic energy as the time-varying sound level during the same period. For purposes of measuring or predicting noise levels, a receptor is assumed to be at ear height, located five feet above ground surface. "Leq(h)" means the hourly valve of Leq.

Existing Noise Level. The highest hourly noise level caused by existing conditions in a particular area.

Expressway/Freeway. The meaning found in Wis. Stat. § 84.295.

Extraterritorial Plat Approval Jurisdiction. That area outside the City limits in which the City of Madison Common Council has by resolution chosen to approve plats in accordance with Wis. Stat. § 236.10(5). A copy of said resolution is on file in the office of the City Clerk.

Final Plat. The map or plan of record of a subdivision, and any accompanying material, as described in subsection (7).

Future Noise Level. The highest hourly traffic noise level based on estimated traffic volumes within a 20-year period after the completion of construction of the new highway facility.

Greenway. An open area of land included under the definition of "Parkways" (Sec. 16.24), the primary purpose of which is to carry storm water on the ground surface in lieu of an enclosed storm sewer. Greenways may serve multiple purposes including, in addition to their principal use for storm drainage, vehicular and/or pedestrian traffic, sanitary sewers, water mains, storm sewers, storm water retention basins, park development and other related uses.

Habitable Room. Any room meeting the requirements of the Uniform Building Code or other applicable regulations which is intended to be used for sleeping, living, cooking or dining purposes, excluding such enclosed spaces as closets, pantries, bath or toilet rooms, service rooms, connecting corridors, laundries, unfinished attics, foyers, storage spaces, cellars, utility rooms and similar spaces.

Intercardinal Streets. Streets having or approximating a southeast to northwest or southwest to northeast orientation.

Land Division. The division of a lot or parcel of land for the purpose of transfer of ownership or building development where the act of division creates four (4) or less parcels or building sites of forty (40) acres or less in area.

Manufacturing. Any area designated for manufacturing uses under Chapter 28 of the Madison General Ordinances.

Master Plan. The comprehensive plan for guiding and shaping the growth and development of the Madison community, including all of its component parts as set forth in the various maps, plats, charts and descriptive and explanatory matter, prepared by the Madison City Department of Planning and Community and Economic Development and adopted and certified to the Common Council by the City Plan Commission.

Noise Barrier. Any device which reduces the transmission of highway traffic noise from a highway to an adjacent receptor, including but not limited to, earth berms, walls made from timber, metal, concrete, or any combination.

Noise Level. The sound level obtained through use of A-weighting characteristics. The unit of measure is the decibel (dB), commonly referred to as dBA when A-weighting is used.

Official Map. The map indicating the location, width and/or extent of existing and proposed streets, highways, parkways, parks and playgrounds as adopted and amended by the Common Council pursuant to Wis. Stat. § 62.23(6).

Other. All other pertinent terms shall be as defined in the Zoning Code of the City of Madison and in Wis. Stat. ch. 236.

Outdoor Living Area. Spaces that are associated with residential land uses typically used for passive recreational activities or other noise-sensitive uses. Such spaces include patio areas, barbecue areas, residential play areas; outdoor patient recovery or resting areas associated with hospitals, convalescent hospitals, or rest homes; outdoor school facilities routinely used for educational purposes which may be adversely impacted by noise. Outdoor areas usually not included in this definition are: front yard areas, driveways, greenbelts, maintenance areas, and storage areas associated with residential land uses; exterior areas at hospitals that are not used for patient activities; outdoor areas associated with places of worship and principally used for short-term social gatherings; and outdoor areas associated with school facilities that are not typically associated with educational uses prone to adverse noise impacts (for example, school play yard areas).

Parcel. Contiguous lands under the control of a subdivider(s), not separated by streets, highways or railroad rights-of-way.

Person. Any individual, association, partnership, or corporation, and includes any officer, employee, department, agency or instrumentality of a state or any political subdivision of a state.

Planned Multi-Use Site. A specified area of land comprising one or more contiguous ownership parcels or building sites for multiple uses and which area is limited by a reciprocal land use agreement or plan of building placement, a reciprocal use off-street parking system, a cross access easement or a reciprocal use ingress and egress system for buildings, loading and parking. (Am. by Ord. 12,213, 10-19-98; ORD-12-00134, 1-2-13)

Planned Development District. Zoning Districts provided for in the City of Madison Zoning Code which allow diversification and variation in the physical development of land in return for an improved environment.

Preliminary Plat. A map showing the salient features of a proposed subdivision or land division as described in subsection (7), submitted to the secretary of the Plan Commission for purposes of preliminary consideration prior to all final plats and, when required, prior to all land divisions.

Residential Area. Any area designated for any residential use under Chapter 28 of the Madison General Ordinances.

Solar Collector. A device, structure or a part of a device or structure, a substantial purpose of which is to transform solar energy into thermal, mechanical, chemical or electrical energy.

Solar Energy. Direct radiant energy received from the sun.

Sound. An oscillation in pressure, partial displacement, particle velocity or other physical parameter, in a medium with internal forces that cause compression and rarefaction of that medium. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

Sound Level. The weighted sound pressure level obtained by the use of a sound level meter and frequency weighting network, such as A, B, or C as specified in American National Standards Institute specifications for sound level meters (ANSI S1,4-197, or the latest approved revision thereof). If the frequency weighting employed is not indicated, the A-weighting shall apply.

Sound Level Meter. An instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output meter, and weighting networks used to measure sound pressure levels.

Specific Implementation Plan. One element of the documents required for review by the City when rezoning land to the Planned Development Districts as provided for in the City of Madison Zoning Code.

Street. A public way for pedestrian and vehicular traffic whether designated as a street, highway, thoroughfare, parkway, throughway, road, avenue, boulevard, lane, place or however otherwise designated.

1. Arterial Streets And Highways. Those streets which provide rapid movement of concentrated volumes of traffic over relatively long distances. They provide principally for movement of persons and goods between activity areas.
    a. Principal Arterials. Those streets serving the major interstate corridors and corridors which connect major cities and regions. These routes provide the highest level of mobility and form a continuous system with constant operating conditions under a high degree of access control.
    b. Primary Arterials. Those streets serving long trips between important cities and the major, intracommunity corridors within the metropolitan area. These routes provide a high level of mobility and constant operating conditions with only occasional minor restrictions.
    c. Standard Arterials. Those streets which more commonly provide for intermediate length trips, thus serving through traffic movement in trade areas or feeding traffic to the principal and primary arterial streets from lower order activity areas not served by such routes.
2. Collector Streets. Those streets which provide moderate speed movement of persons and goods within large areas. They are basically local streets which usually, because of more directness of routing and higher capacity than other local streets, receive higher volumes of traffic to be distributed

from or collected toward nearby arterial streets. The dual purpose streets of the collector family are also subclassified into two subclasses, namely connectors and distributors.

a. Connector Streets. Those streets which perform a semiarterial function as well as serving as distribution and land access streets.

b. Distributor Streets. Those streets which perform the function of gathering and distributing traffic from and to the local streets and adjacent lands.

3. Local Streets. Those streets which are designed for low speeds and volumes and are to provide access from low-generation land activities to the collector and arterial systems.

4. Alleys. Those streets which are a secondary means of access for vehicular service to the back or side of properties otherwise abutting on a street. (Renumbered by ORD-06-00054, 5-4-06)

Structure. Anything constructed or erected, the use of which requires more or less permanent location on the ground, or attached to something having permanent location on the ground, excepting public utility facilities and appurtenances attached thereto.

Subdivider. Person or persons requesting review or action on a subdivision or land division.

Subdivision. The division of a lot or parcel of land for the purpose of transfer of ownership or building development, where:

1. The act of division creates five (5) or more parcels or building sites of forty (40) acres each or less in area; or

2. The act of division creates five (5) or more parcels or building sites of forty (40) acres each or less in area by successive divisions within a period of five (5) years.

The term "subdivision" shall include resubdivision and when appropriate to the context shall relate to the process of subdividing or to the land subdivided, regardless of change in ownership.

(Sec. 16.23(2) Am. by Ord. 10,560, Adopted 12-15-92)

(3) General Requirements.

(a) Subdivisions.

1. No person, firm or corporation shall divide any land located within the corporate limits of the City of Madison or within the extraterritorial plat approval jurisdiction thereof which shall result in a subdivision as defined herein without complying with the provisions of Wis. Stat. ch. 236, and the requirements of this ordinance. This ordinance shall apply to Condominiums created under Wis. Stat. ch. 703, the Condominium Ownership Act, where an actual subdivision results. (Am. by Ord. 7459, 7-6-81)

2. The proposed subdivision shall conform to:

a. The provisions of Wis. Stat. ch. 236.

b. All applicable ordinances of the appropriate jurisdictions in effect when the preliminary plat is submitted, or if no preliminary plat is submitted, when the final plat is submitted, unless the applicant and the City agree that the applicable ordinances are those in effect at the time the plat is approved. (Am. by ORD-11-00074, 5-31-11)

c. The master plan and official map or any portion thereof.

i. Whenever a parcel to be subdivided embraces any part of a street, highway or greenway designated in said master plan or official map, such part of such proposed public way shall be platted and dedicated by the subdivider in the location and at a width indicated along with all other streets in the subdivision.

ii. Where a proposed school site or other public ground shown on the master plan or official map of the City of Madison is located in whole or in part within the proposed subdivision, such proposed public ground or park may be dedicated to the public, or reserved for a period of five (5) years from the date of approval of the final plat for acquisition by the City of Madison, Dane County, the township in which it is located, or any other appropriate agency having the authority to purchase said property.

iii. Park and open space land and development improvements shall be provided as required in Section 16.23(5)(f)1. (Am. by Ord. 10,374, Adopted 2-4-92)

iv. Upon approval of a preliminary plat, lands proposed for public use referred to under (i) through (iii) above shall not be changed either in land form or content without the written approval of the City Engineer for lands involved in (i) and (ii) and without the written approval of the Superintendent of Parks for lands involved in (iii).

Continued harvesting of agricultural crops other than woodland products is permitted provided, however, that such cropping has occurred within the last five (5) years on the land under consideration.

v. No dedication under i., ii. and iii. above can be required in a total amount of more than thirty-three percent (33%) of the area to be platted, except that this limitation shall not apply to greenways, detention basis, or other stormwater management facilities required to serve the proposed development, or to existing easements for road purposes. (Am. by Ord. 10,797, 12-17-93)

d. The rules of the State Board of Health relating to lot size and lot elevation if the subdivision is not served by a public sewer and provisions for such service have not been made. Where soil survey information is available, such data shall also be considered in determining any areas not suitable for on-site soil absorption sewage disposal system due to inorganic soil, soil subject to flooding, ground water contamination or silting, soils with a high or fluctuating water table, proximity to bedrock, or excessive slopes.

e. The rules of the State Highway Commission relating to safety of access and the preservation of the public interest and investment on the streets if the subdivision or any lot contained therein abuts on a state trunk highway or street connecting thereto.

f. The requirements of City departments as determined during review of the subdivision.

(Sec. 16.23(3)(a)2. R. & Recr. by Ord. 5088, 7-29-75)

3. No land shall be subdivided which is held by the City Plan Commission to be unsuitable for use by reason of flooding, bad drainage, soil or rock formations with severe limitations for development, severe erosion potential, or unfavorable topography, or any other feature likely to be harmful to safety or welfare of future residents or landowners in the proposed subdivision or of the community.

The City Plan Commission in applying the provisions of this section shall in writing recite the particular facts upon which it bases its

conclusion that the land is not suitable for the proposed use, after affording the subdivider an opportunity to present evidence regarding such suitability at a public hearing.

4. In the case of land divisions and subdivisions plats, lot sizes shall conform to the area and width requirements prescribed for the zoning district in which the property is located, provided that in mixed-use and commercial and employment districts lotting shall be to widths and areas deemed by the Plan Commission to be appropriate for the prescribed use. For land divisions and subdivision plats of landmark sites and properties in Historic Districts, no land shall be divided or combined without the approval of the Landmarks Commission under Sec. 41.18(4). (Am. by ORD-11-00123, 9-12-11; ORD-12-00134, 1-2-13; ORD-15-00116, 10-28-15)

5. In the case of land divisions and platted subdivisions, agreements, bylaws, provisions or covenants that govern the organizational structure, use, maintenance and continued protection of the development and any of its common services, common open areas or other facilities shall be submitted and approved by the Director of the Department of Planning and Community and Economic Development and the City Attorney prior to final approval of the development. (Cr. by Ord. 13,179, 11-5-02)

6. The City of Madison subscribes to the policy that urbanizing land should desirably be located in a compact manner within an existing city or village where arrangements for public transportation will minimize the impact of commuting automobile traffic on City residents and where the full range of urban services and facilities will be available. Within a recognized urban service area, those subdivisions that could provide adequate public facilities and public services would be favored. Subdivisions shall conform to the following policies:

   a. To preserve and enhance the existing cities and villages and encourage compact balanced growth shared by and in association with all the region's cities and villages. Planned new towns may also be appropriate in the future.

   b. To encourage the development of balanced compact communities in Dane County with appropriate commercial, public services, industrial, employment, residential and open space land uses meeting the needs of present and future residents of those communities.

   c. To direct new growth to those areas capable of providing a full range of urban services and facilities.

   d. To prevent scattered and noncontiguous development without discouraging new and desirable development.

   e. To insure that new development will not be detrimental to the physical, social and economic well-being of residents of the City or the County.

   f. To insure that new development will be organized and timed so as to permit urban services and facilities to be provided as economically and efficiently as possible.

   g. To discourage new developments in those areas that are premature in terms of planning and timing for the provision of adequate public services and facilities.

   h. To preserve high quality agricultural lands for that purpose when located in an area designated for preservation.

i. To prohibit development in areas or forms where substantial problems will result from excessive automobile traffic volume.

j. To favor land use intensities and patterns that are supportive of alternative modes of transportation.

(Sec. 16.23(3)(a)5.R. & Recr. by Ord. 4939, 4-11-75)

7. A preliminary plat or final plat of any subdivision shall not be approved unless the Plan Commission and the Common Council determine that adequate public facilities and public services are available to support and service the area of the proposed subdivision, except as provided hereinafter in Subdivision (c) for certain land divisions and subdivisions located within the extraterritorial plat approval jurisdiction. In considering the questions of adequacy of public facilities and public services as set forth above, the Plan Commission and Common Council shall consider but not be limited to: (1) The nature, extent and size of the proposed subdivision and its impact in terms of the estimated increase in population expected to result; (2) The present or projected state of development likely to result when said subdivision is developed with projected densities as anticipated by adopted area Master Plans and currently approved subdivisions in the immediate vicinity of the proposed subdivision; and (3) The avoidance of expenditures of public funds necessitated by the proposed subdivision which are not in adopted capital or operating budgets. For subdivisions in the City of Madison, the applicant shall furnish data requested by the City Engineer, Water Utility Manager, Traffic Engineer and Director of Planning and Community and Economic Development who will coordinate statements of adequacy for transportation, storm sewer, sanitary sewer, water service, fire and police protection, parks, open space, and recreation and school facilities for the Plan Commission and the Common Council. For subdivisions in the extraterritorial area, the applicant shall include with the application for subdivision approval, a statement evaluating and demonstrating compliance with the provisions of this section to be reviewed by City departments and forwarded with appropriate comments to the Plan Commission and Common Council. Public facilities and public services may be determined adequate for a proposed subdivision when the following conditions are found to exist: (Am. by Ord. 10,981, 9-14-94)

a. The proposed subdivision shall be deemed adequately accessible via roads and public transportation facilities if any of the following conditions are present:

i. Existing roads are adequate to accommodate the traffic that would be generated by the subject subdivision in addition to existing traffic and are publicly maintained all weather roads; or

ii. Such additional roads or road improvements necessary in combination with existing roads to accommodate the additional traffic that would be generated by the subject subdivision are budgeted in the current adopted budget for construction with public or private financing; or

iii. Public bus or other form of mass transportation sufficient to serve the proposed subdivision in combination with (i) or (ii) or both is available or programmed within the area of the subdivision under consideration.

iv. In its determination of the adequacy of transportation to accommodate traffic, the Plan Commission and Common Council shall consider the recommendation of the Depart-

ment of Transportation or the Dane County Regional Transportation Study, the applicable levels of traffic service, peak hour use and average use, and any other information presented.

b. The proposed subdivision shall be determined to have adequate storm sewer when the City Engineer certifies to the Plan Commission and the Common Council that adequate funds, either public or private, are available to assure the installation of storm sewers meeting the standards of the Madison Board of Public Works or, in the event of other units of government, standards that are comparable to those established by the Madison Board of Public Works for a storm sewer and drainage facilities.

c. The proposed subdivision shall be determined to have adequate sanitary sewerage facilities if located within an area in which main line interceptor sewer service is presently available, under construction, or designated by the Common Council or other local unit of government for extension of sewer service within the current capital budget year and funds are specifically provided for such extension either from public or private financing. In its determination of the adequacy of sewerage service, the Plan Commission and Common Council shall consider the recommendation of the City Engineer, the capacity of trunk lines and sewerage treatment facilities and any other information presented.

d. The proposed subdivision shall be deemed to have adequate water service if the following conditions are met:

i. It is located within the urban service area prescribed by the Common Council or other appropriate local units of government, and

ii. It is contiguous to an arterial transmission water main of adequate capacity for the increased supply necessary or if the water distribution system that is needed is under construction or scheduled by the appropriate governing unit for installation within the current budget year and funds, either private or public, are available for such program.

In its determination of the adequacy of water service, the Plan Commission and Common Council shall consider the recommendation of the Madison Water Utility, the capacity of distribution lines, water sources, water storage facilities and any other information presented. (Am. by Ord. 10,981, 9-14-94)

e. The proposed subdivision shall be deemed to have adequate fire protection and police service when it can be demonstrated that police or fire services are so situated that adequate and timely service can be provided so as not to involve danger or injury to health, safety or general welfare to the future residents of the proposed subdivision. In its determination of the adequacy of police and fire services, the Plan Commission and the Common Council shall consider the recommendations of the Madison Police and Fire Departments or other local departments providing such services in the area of the proposed subdivision including the grading of the Fire Department serving the area based on the American Insurance Association standards.

f. The proposed subdivision shall be deemed to have adequate parks, open space and recreation when it can be demonstrated that the future residents of the proposed subdivision will have such park, open space and recreation services and facilities available to them as are established by the standards in the most recently adopted plan for Park and Open Spaces by the City of Madison or Dane County.

g. The proposed subdivision shall be deemed to have adequate school facilities when the school district in which such proposed subdivision will be located upon its development, provides information that adequate classroom space is either available within the normal walk-in service area or that adequate transportation as normally provided by the school district can be provided to elementary through high schools that have sufficient classroom space to provide for the anticipated school age children in the proposed subdivision.

Where the Plan Commission and Common Council determine that one or more public facilities or public services are not adequate for the full development proposed, but that a portion of the area could be served adequately, or careful phasing of the development could result in all public facilities or public services being adequate, conditional approval may include only such portions, may specify phasing of the development, or may require a development or annexation agreement to insure future provision of required public facilities and services.

(Sec. 16.23(3)(a)6. Am. by Ord. 10,258, Adopted 5-21-91)

(b) Land Divisions. No person, firm or corporation shall divide any land located within the corporate limits of the City of Madison or within the extraterritorial plat approval jurisdiction thereof which shall result in a land division as defined herein without filing for approval by the secretary of the City Plan Commission and recording a certified survey map meeting all of the applicable requirements of Sec. 16.23 of the Madison General Ordinances and Wis. Stat. § 236.34, and Wis. Admin. Code ch. Trans 405. Successive land divisions from a lot or parcel may be approved provided all divisions within any five (5) year period create a total of four (4) or less parcels or building sites. A preliminary plat must be filed prior to the certified survey map unless waived by the secretary of the Plan Commission. This ordinance shall apply to Condominiums created under Wis Stats. ch. 703, the Condominium Ownership Act, where an actual land division results.

(c) Land Divisions or Subdivisions in Extraterritorial Plat Approval Jurisdiction. The Plan Commission may recommend or approve the subdividing of lands in the extraterritorial plat approval jurisdiction based on the applicable criteria enumerated hereinafter. The Plan Commission shall not consider any subdivision or land division which did not have prior approval by the approving authorities for both the Town(s) and Dane County. The Plan Commission may require any conditions in the approval of a subdivision or land division, including the use of any restrictive covenant.

The Plan Commission may recommend approval of a subdivision to the Common Council or may grant approval of a land division provided that the Plan Commission shall determine that the proposed subdivision or land division complies with each of the following criteria:

1. The proposed subdivision or land division shall be compatible with adjacent development patterns and shall maintain the general land development pattern of the area in question.

   Measures of compatibility shall consider lot sizes, traffic generation, access, noise and visual features.

2. The proposed subdivision or land division and the resulting development shall not demonstrably adversely affect the City's ability to provide public services, install public improvements or accomplish future annexations. The Plan Commission may consider annexation agreements with the property owner in order to comply with this requirement. The Plan Commission may also consider whether the City and Town(s) have reached an agreement on necessary public improvements and public services facilities required to serve the development.

(Sec. 16.23(3)(c) Am. by ORD-11-00074, 5-31-11)

(d) Highway Noise Land Use Provisions.

1. General Provisions.

   a. No owner of any unplatted lands which is adjacent to any existing state or federal expressway or freeway and for which a preliminary plat approval was not granted prior to November 6, 1990, shall be granted final plat approval or shall commence or cause to be commenced construction of any structure, unless approved by the Director of the Department of Planning and Community and Economic Development or her/his designee.

   b. Prior to approval of any preliminary plat, final plat or commencement of construction of any structure, every application for approval shall be submitted in writing to the Department of Planning and Community and Economic Development by the owner of the land on which the structure is proposed to be constructed and shall contain the following information:

      i. Identification of the land on which the construction is proposed;

      ii. The section under which approval is requested;

      iii. Information and data supporting the claim that the appropriate requirements shall be met including specific enumerations that the Wisconsin Department of Transportation's Administrative Code TRANS 405 and the Federal Highway Administration's Procedures for Abatement of Highway Traffic Noise and Construction Noise, Title 23, CFR, Chapter I, Subchapter J, Part 772, provisions shall be met and any other information which the Department of Planning and Community and Economic Development may require.

      iv. Approval certificate from the Department of Transportation certifying that hourly traffic sound levels Leq(h) as hereinafter indicated, are within permissible levels or that appropriate sound attenuation measures are incorporated into the design and construction of any structures to satisfy the highway noise provisions within this ordinance.

c. In addition to the requirements contained in subparagraph b. above, the application shall also contain the following information as well as any other information requested by the Director of Transportation bearing on the approval:

i. The existing maximum hourly traffic sound level, Leq(h), for a representative sample of locations, measured in accordance with guidelines presented in "Sound Procedures for Measuring Highway Noise: Final Report", August 1981, U.S. Department of Transportation, Federal Highway Administration, Arlington, VA, or modeled according to a methodology consistent with the methodology in the FHWA Highway Traffic Noise Prediction Model (Report No. FHWA-RD-77-108);

ii. The projected future Leq(h) at the site resulting from future traffic increases; and

iii. Where applicable, plans for sound attenuation measures on the site and/or of the structure proposed to be built and the amount of sound attenuation anticipated as a result of these measures.

2. Construction Restrictions for Habitable and Institutional Structures.

a. No new single family residential structure shall be approved for construction if any exterior hourly traffic sound level Leq(h) anywhere within a proposed outdoor living area is projected to be equal to or in excess of 67 dBA upon completion of the structure or anytime thereafter.

b. No new multi-family dwelling, dormitory, mobile home park, transient lodging, church, library, school, hospital, nursing home or similar structure, or substantial modification of such existing structure, shall be approved for construction if any exterior hourly traffic sound level, Leq(h), anywhere within a proposed outdoor living area on the site is projected to be equal to or in excess of 67 dBA upon completion of the structure or modification or anytime thereafter. (Am. by ORD-13-00087, 5-29-13)

c. Construction otherwise prohibited shall be allowed if there are no outdoor use areas on the site of the proposed structure projected to be exposed to an hourly traffic sound level, Leq(h), equal to or in excess of 67 dBA and provided that there is incorporated into the design and construction of the structure such sound attenuation measures as are necessary to reduce the maximum interior hourly traffic induced sound level, Leq(h), in a habitable room to 52 dBA upon completion of the structure or modification, or anytime thereafter.

d. Prior to issuance of any building permit for any structure regulated pursuant to Subparagraph c. above, the owner of the structure shall submit to the Transportation Department, plans and specifications identifying the sound attenuation measures to be incorporated into the design and construction of the structure to meet the interior Leq(h) criteria.

e. The Department of Transportation may conduct such inspections and measurements as are necessary to ensure the proper implementation of the sound attenuation measures proposed pursuant to Subparagraph d. above and to ascertain compliance with this provision.

3. Recreational Area Restrictions.

a. No land shall be designated or approved for construction or used as a public or private exterior recreational area, including, but not limited to, children's playgrounds, outdoor theaters and amphitheaters, picnic grounds, tennis courts and swimming pools, if any exterior hourly traffic sound level, Leq(h), anywhere on the site of the proposed recreational areas is projected to be equal to or in excess of 67 dBA upon completion of the construction or designation of the site or anytime thereafter, except for the following:

i. This section shall not apply to the designation or approval of any green belt or open space in any area in which the noise level exceeds the level specified in Subparagraph a. above regardless of whether such green belt or open space is open to public use, provided that no recreational improvement or facility is constructed thereon.

ii. Designation or approval of exterior recreational area otherwise prohibited under Subparagraph a. above shall be allowed if the noise level specified in that subparagraph can be achieved by appropriate means of sound attenuation, such as berms, barriers, or buildings, at the perimeter of or elsewhere on the site.

b. No new interior recreational facility, including, but not limited to, gymnasiums, ice or roller skating rinks, indoor swimming pools, and tennis courts, shall be approved for construction if the hourly traffic sound level, Leq(h), anywhere on the site is projected to be equal to or in excess of 67 dBA upon completion of the structure or anytime thereafter, unless there is incorporated into the design and construction of the structure such sound attenuation measures as are necessary to reduce the maximum hourly traffic induced sound level, Leq(h), to 52 dBA.

(e) Remedies. Failure to comply with the requirements of this section shall invalidate purported transfers of titles at the option of the purchaser in accordance with provisions of Wis. Stat. § 236.31(3). Building permits shall also be refused for construction on sites created in violation of these requirements.

(f) Exceptions. The provisions of this ordinance insofar as it may apply to divisions of less than five (5) parcels, shall not apply to:

1. Transfers of interests in land by will or pursuant to court order.
2. Leases for a term not to exceed ten (10) years, mortgages or easements.
3. The sale or exchange of parcels of land between owners of adjoining property if additional lots are not thereby created and the lots resulting are not reduced below the minimum sizes required by this ordinance, the Zoning Code, or other applicable laws or ordinances.
4. Leases or transfers of lands within an approved Planned Commercial Site.
5. Qualifying land divisions set forth in Cooperative Plans. (Cr. by ORD-11-00074, 5-31-11)
6. Where Certified Survey Maps are prepared for exempted land divisions as enumerated in paragraphs 1-4 above, the Secretary of the Plan Commission or her/his designee, upon review, shall have the authority to sign an appropriate notation thereon that the Certified Survey Map is exempted from Plan Commission review pursuant to the applicable provision. (Cr. by Ord. 10,588, 2-12-93; Renum. by ORD-11-00074, 5-31-11)

(g) Appeals to Circuit Court. Any person aggrieved by an objection to a plat or land division, condition of plat or land division approval or failure to approve a plat or land division may appeal from such action on a plat by the Common Council or from such action on a land division by the Plan Commission acting under Sec. 16.23(3)(c) of the Madison General Ordinances, as provided in Wis. Stat. §§ 62.23(7)(e)10 to 15, and authorized by Wis. Stat. § 236.13(5), within thirty (30) days of notification of such final action by letter from the Secretary of the Plan Commission. (Am. by Ord. 10,981, 9-14-94)

(Sec. 16.23(3) Am. by Ord. 10,560, Adopted 12-15-92)

(4) Summarized Procedure For Dividing Land Within The City Limits Or Its Extraterritorial Area. In planning and developing a subdivision or land division within the City of Madison or its extraterritorial area, the subdivider or the subdivider's agent shall in every case follow one of the following procedures: (Am. by ORD-14-00012, 1-14-14)

(a) For ownerships of eighty (80) acres or more:

1. Pre-application conference, preliminary plat (entire parcel) and final plat (all or part of preliminary plat); or
2. Pre-application conference, comprehensive development plan (CDP) on entire ownership, preliminary plat (first final plat area) and final plat (all or part of preliminary plat).

(b) For ownerships of less than eighty (80) acres with five (5) lots or more to be platted in five (5) years or less:

Pre-application conference, preliminary plat (entire parcel), final plat.

(c) For ownerships of less than eighty (80) acres with less than five (5) lots to be platted in five (5) years or less:

Pre-application conference, preliminary plat (entire parcel), certified survey map.

(5) Detailed Procedure For Dividing Land Within The City Limits.

(a) Pre-application Procedure. Previous to the filing of an application for approval of a preliminary plat, comprehensive development plan or certified survey map, the subdivider may consult the Plan Commission and its staff for advice and assistance. This step does not require formal application, or filing of a plat, but is intended to inform the subdivider of the objectives of these regulations and of the master plan and official map, to otherwise assist the subdivider in planning his/her development; and in so doing to informally reach mutual conclusions regarding the general program and objectives of the development. (Am. by ORD-14-00012, 1-14-14)

(b) Preliminary plat approval shall precede final plat approval unless the Director of the Department of Planning and Community and Economic Development has approved submission of the preliminary plat and final plat at the same time. If the preliminary plat will be submitted and approved prior to submission and approval of the final plat, the applicant shall comply with the procedures in (c) and (d) below. If the preliminary plat and final plat will be submitted together for joint approval, the applicant shall follow the procedure in (e) below. (Cr. by ORD-05-00142, 8-19-05)

(c) Preliminary Plat Procedure.

1. Before submitting a final plat for approval, the subdivider shall cause to be prepared a preliminary plat and supplementary material and shall file with the secretary of the Plan Commission a written application on forms furnished by the Plan Commission for approval of said plat, accompanied by eighteen (18) blueline prints or other acceptable reproductions thereof at least twenty-one (21) days prior to the meeting of the Plan Commission at which action is desired. The applicant shall include a Report of Title satisfying the Office of Real Estate Services of the Department of

Planning and Community and Economic Development requirements. If the area submitted for development is adjacent to an expressway or freeway as defined in Wis. Admin. Code ch. Trans 405, the subdivider shall supply to the Department of Planning and Community and Economic Development and the Transportation Department, a noise site study report satisfying Wis. Admin. Code ch. Trans 405 and Sec. 16.23(3)(d), Madison General Ordinances.

The preliminary plat shall cover the entire area owned or controlled by the subdivider even though only a small portion thereof is proposed for development at the time. The Plan Commission may waive this requirement where it is unnecessary to fulfill the purpose of the ordinance and undue hardship would result from strict application thereof. Where a subdivider has control of lands equal to or in excess of eighty (80) acres separated only by existing public roads or railroads, in lieu of a preliminary plat on the entire ownership, s/he may elect to submit a comprehensive development plan for her/his lands as provided for hereinafter. (Am. by Ord. 10,560, Adopted 12-15-92; ORD-05-00142, 8-19-05; Am. by ORD-08-00025, 3-15-08)

2. The preliminary plat shall be reviewed by the Department of Planning and Community and Economic Development for conformity with all ordinances, administrative rules and regulations, including title of ownership, encumbrances, easements, rights-of-way, leases, delinquent real estate taxes, special assessments, the necessary certificates, all other appropriate items, and plans which affect subdivisions; and it shall transmit a copy of the preliminary plat to appropriate City agencies, as determined by the Director of Planning and Community and Economic Development, for review and comment concerning matters within their jurisdiction. The Department of Planning and Community and Economic Development shall submit the comments to the Plan Commission. (Am. by Ord. 10,981, 9-14-94)

3. The Plan Commission shall submit the preliminary plat together with the recommendations of the Commission to the Mayor and Common Council. The Common Council shall, within ninety (90) days of filing of the plat for necessary action, unless the time is extended by agreement with the subdivider, take action to approve, approve conditionally, or reject the preliminary plat and shall state in writing or by resolution any conditions of approval or reasons for rejection. One copy of the preliminary plat shall be returned to the subdivider and one to the surveyor with the date and action endorsed thereon. Failure of the Common Council to act within the 90 days, or extension thereof, constitutes an approval of the preliminary plat. (Am. by Ord. 10,981, 9-14-94)

4. Approval or conditional approval of a preliminary plat shall not constitute approval of the final plat. Rather it shall be deemed an expression of approval or conditional approval of the layout submitted as a guide to the preparation of the final plat which will be subject to further consideration by the Plan Commission.

5. Whenever it is proposed to replat a recorded subdivision or subdivisions, or any part of a recorded subdivision or subdivisions, the Plan Commission shall hold a public hearing on the proposed preliminary plat of the replat before taking action. When a preliminary plat of a replat is filed with the secretary of the Plan Commission, the secretary shall schedule a public hearing before the Plan Commission. The secretary shall mail notices of the proposed replat and of the scheduled hearing thereon at

least ten (10) days prior to the time of such hearing to the owners of all properties situated within the limits of the exterior boundaries of the proposed replat, and to the owners of all properties within a radius of two hundred (200) feet of the exterior boundaries of the proposed replat.

(d) Final Plat Procedure.

1. Sixteen (16) reproductions of the final plat (plus a sufficient number to be submitted to state agencies as required under the provisions of Wis. Stat. § 236.12. if the subdivider follows that procedure), an interim report of title satisfying the Office of Real Estate Services of the Department of Planning and Community and Economic Development requirements, along with a written application for approval on forms provided by the Plan Commission shall be submitted to the Secretary of the Plan Commission within thirty-six (36) months of the approval of the preliminary plat and at least fourteen (14) days prior to the meeting of the Plan Commission at which action is desired. If approval of the preliminary plat must be obtained from another approving authority subsequent to the preliminary plat approval by the Plan Commission, the final plat shall be submitted within thirty-six (36) months of such approval. The Plan Commission may, however, extend the time limit in either case. (Am. by Ord. 9748, Adopted 4-4-89; ORD-00142, 8-19-05; Am. by ORD-08-00025, 3-15-08)
2. A professional engineer, planner, or another person charged with the responsibility to review plats shall provide the Plan Commission with a recommendation on approval of the final plat based on a determination whether the final plat conforms substantially to the approved preliminary plat. Such determination and recommendation shall be part of the record and need not be submitted in writing.
3. The Secretary of the Plan Commission shall forthwith forward the ten (10) copies of the plat to the Plan Commission and shall within two (2) days of the submission forward such copies of the plat to the Director of Local and Regional Planning (if the subdivider follows that procedure) as may be required by Wis. Stat. § 236.12. The Plan Commission shall examine the final plat as to its conformance with the preliminary plat, the requirements set forth in this ordinance, and with any other ordinances, administrative rules and regulations, and plans which may affect it; and shall recommend approval, conditional approval or rejection of the plat. The final plat may constitute only that portion of the approved preliminary plat which the subdivider proposes to record at that time. In the event that the final plat constitutes only a portion of the approved preliminary plat, the interim Report of Title need only include those lands included in the final plat. The City Clerk shall forward the interim Report of Title and one copy of the final plat to the Office of Real Estate Services of the Department of Planning and Community and Economic Development. (Am. by Ord. 9748, Adopted 4-4-89; ORD-00142, 8-19-05; Am. by ORD-08-00025, 3-15-08)
4. The Plan Commission shall transmit the plat, together with the recommendations of the commission to the Mayor and Common Council, within sixty (60) days of its submission to the City Clerk, for necessary action. The Council shall approve or reject the final plat within sixty (60) days of its submission to the City Clerk, unless the time is extended by agreement with the subdivider. Reasons for rejection shall be forwarded to the subdivider in writing. If the Common Council fails to act within sixty (60) days and the time has not been extended by agreement and if no

unsatisfied objections have been filed within that period, the plat shall be deemed approved, and, upon demand, a certificate to that effect shall be made on the face of the plat by the City Clerk. (Am. by Ord. 10,534, 11-13-92)

5. After the final plat has been approved by the Common Council and petitions and a contract and bond insuring the installation of improvements filed in accordance with Subsection (9) hereof, the subdivider shall submit the final plat, an interim Report of Title, satisfying the Office of Real Estate Services of the Department of Planning and Community and Economic Development requirements, to the City Clerk, along with a check in the amount of twelve dollars ($12) to cover the cost of having six (6) copies of the recorded plat made by the Dane County Surveyor for City files. The interim Report of Title need only include those lands included in the final plat. If the final plat complies with the conditions of approval and is submitted within the required time of the date of approval by the Common Council pursuant to Wis. Stat. § 236.25(2)(b). If the plat is not recorded in accordance with the time requirements of said statute, reapproval by the Common Council may be required before the final plat is recorded and an additional interim Report of Title may be required at the time the final plat is resubmitted for approvals. (Am. by Ord. 10,804, 12-24-93; Am. by ORD-08-00025, 3-15-08)

(Sec. 16.23(5)(d) Am. by ORD-11-00074, 5-31-11)

(e) Combined Preliminary Plat and Final Plat Procedure. The procedures and required documentary submissions shall be the same as set forth in (c) and (d) above with the exception of the following.

1. All materials required for the preliminary plat and the Final Plat shall be submitted at the same time, at least twenty-one (21) days prior to the meeting of the Plan Commission at which action is desired.
2. The Plan Commission shall submit both the preliminary plat and the final plat together with the recommendation of the Commission to the Mayor and Common Council. The Common Council shall, within ninety (90) days of the filing of both plats for necessary action, unless the time is extended by agreement with the subdivider, take action to approve, approve conditionally, or reject the preliminary plat and the final plat and shall state in writing any conditions of approval or reasons for rejection. Failure of the Common Council to act within the ninety (90) days, or extension thereof, constitutes an approval of any plat for which no action was taken.

(Cr. by ORD-05-00142, 8-19-05)

(f) Comprehensive Development Plan Procedure.

1. When the subdivider has eighty (80) acres or more of land under her/his control, s/he may elect to file a comprehensive development plan in lieu of a preliminary plat for the entire lands under her/his control. The lands may be in a single parcel, or separated only by roads, streets, highways or railroad rights-of-way.
2. The applicant for a comprehensive development plan (CDP) shall file twelve (12) blueline prints and twelve (12) copies of all exhibits as required hereinafter with the secretary of the Plan Commission.
3. The CDP and exhibits shall be reviewed by the Department of Planning and Community and Economic Development, other City agencies as determined by the Director of Planning and Community and Economic Development, and Board of Education for conformity with the provisions of the ordinances and for the possible effect of the proposed division on

any plans as set forth in the master plan, official map or neighborhood unit development studies, and comment concerning matters within their jurisdiction. Their recommendations in respect thereto shall be transmitted to the secretary of the Plan Commission not later than forty-five (45) days from the date the map is received by the reviewing departments. The Department of Planning and Community and Economic Development may also refer the CDP and exhibits to the Capitol Area Regional Planning Commission staff for review and comment when the CDP is located outside the City limits. (Am. by Ord. 10,981, 9-14-94; ORD-09-00147, 11-6-09)

4. The Plan Commission shall within sixty (60) days of the filing of the CDP and exhibits recommend approval, conditional approval or rejection. One copy of the plans shall be returned to the applicant with notification in writing of any conditions of approval or the reasons for rejection.

5. After action by the Plan Commission, the CDP and exhibits shall be referred to the Common Council for action. The Common Council shall within ninety (90) days of the filing of the CDP and exhibits approve, approve conditionally or reject it. The approved CDP and exhibits shall be filed for record with the Dane County Register of Deeds by the applicant after action by the Common Council.

6. Any major changes to the recorded CDP and exhibits shall be approved by the Common Council after recommendation by the Plan Commission, and shall be recorded. The determination of what constitutes a major change shall be made by the secretary of the Plan Commission. Her/his decision may be appealed to the Plan Commission as provided for preliminary plats and land divisions in Subsection (3)(e) of this ordinance. (Am. by ORD-14-00012, 1-14-14)

(g) Land Division (Certified Survey) Procedure.

1. Within the corporate limits of the City of Madison, or within the extraterritorial plat approval jurisdiction thereof a certified survey map approved by the Secretary of the City Plan Commission or her/his designee (and Common Council when dedication of land is involved) and meeting all of the requirements of Wis. Stat. ch. 236.34, may be utilized in lieu of a final plat after being filed by the subdivider for record with the Dane County Register of Deeds, for creating a land division. Unless waived by the Secretary of the Plan Commission or her/his designee, an acceptable preliminary plat shall be filed by the subdivider prior to or with the certified survey map. In making a determination as to whether the preliminary plat requirement may be waived, the Secretary of the Plan Commission or her/his designee shall consider the recommendations of other reviewing departments and may require sketches and/or other information to be supplied by the subdivider to be circulated to City departments for determination of whether the objectives of the subdivision regulations can be achieved without the preliminary plat. The preliminary plat must be submitted on all lands under the control of the applicant and (or) lands in which the applicant has an ownership interest. The land will be determined by quarter-quarter section lines. The preliminary plat shall be circulated to City departments as required in Subsection (5)(b) of this ordinance. When the preliminary plat is waived, the certified survey map shall show the entire ownership with a survey for the parcel or parcels being separated and a scaled drawing from recorded information for the parcel remaining. The subdivider shall comply with the requirements of Subsection (6) for property outside the City limits and Subsec-

tion (9) for property within the City limits when a certified survey map is used. All unpaid and delinquent real estate taxes shall be paid prior to recording the certified survey map. For property within the City limits, all unpaid special assessments shall be paid unless determined otherwise by the Board of Public Works. (Am. by Ord. 10,258, Adopted 5-21-91; Ord. 13,755, 1-5-05)

2. The applicant for a land division shall file sixteen (16) copies of a certified survey map and written application for approval with the Secretary of the Plan Commission on forms provided by her/him. The application shall include a report of title satisfying the Office of Real Estate Services of the Department of Planning and Community and Economic Development requirements and verification that all real estate taxes and special assessments have been paid. The Office of Real Estate Services shall review the map, necessary public records and report of title for ownership, mortgages, liens, judgments, and other encumbrances, easements, rights-of-way, leases, verification of all real estate taxes and special assessment payments, due diligence regarding matters of environmental hazard and all other appropriate items and shall provide recommendations on the certificate page or pages and the necessary signatures. The Office of Real Estate Services of the Department of Planning and Community and Economic Development shall consult with the City Attorney on matters of title as may be required. (Am. by Ord. 10,874, 3-31-94; Am. by ORD-08-00025, 3-15-08)

3. The map shall be reviewed by the Department of Planning and Community and Economic Development, and other City agencies as determined by the Director of Planning and Community and Economic Development for comment concerning matters within their jurisdiction, for conformity with the provisions of the ordinances and for the possible effect of the proposed division on any plans as set forth in the comprehensive plan, the official map or neighborhood unit development studies. The comments shall be submitted to the secretary of the Plan Commission. (Am. by Ord. 10,981, 9-14-94)

4. The Secretary of the Plan Commission or her/his designee shall within forty-five (45) days of the filing of the complete application approve, approve conditionally or refer it to the Plan Commission for its consideration. Failure of the Secretary or her/his designee to act upon the proposed land division application within forty-five (45) days shall be deemed a rejection subject to review before the Plan Commission under subsection (3)(c). The Plan Commission shall act on the land division within ninety (90) days of the filing of the complete application, unless the time is extended by agreement with the applicant. The subdivider shall be notified in writing of any conditions of approval or the reasons for rejection. After the land division has been approved by the Plan Commission or the Secretary or her/his designee, the necessary resolutions approving the survey and accepting the dedications contained therein shall be presented to the responsible governmental bodies for approval.

   Once all reviewing agencies have determined that the conditions of approval of the land division have been met and the survey has been executed by the land owner(s), surveyor and all parties having an interest in the property, the subdivider shall present the final survey to the Office of Real Estate Services along with an interim title report from the title company that prepared the report of title included with the application and proof of payment for all due real estate taxes and special assessments. Once the Office of Real Estate Services has reviewed the interim title

report and determined that all taxes and assessments due have been paid as required in this ordinance and the final survey is determined to be acceptable, the applicant shall receive the signatures of the Secretary of the Plan Commission or her/his designee. If there are any dedications to the City, the City Clerk or her/ his designee shall sign the survey. Once all the City's signatures have been affixed, the certified survey shall be surrendered to the applicant or her/his designee for recording with Dane County. (Sec. 16.23(5)(e)4. Am. by Ord. 10,258, Adopted 5-21-91; Am. by ORD-08-00025, 3-15-08)

5. When the Secretary of the Plan Commission determines that a proposed land division does not meet the standards for approval, the land division is located within the City's extraterritorial plat approval area, or an applicant appeals a condition of approval or an applicant appeals the requirement for a preliminary plat, it shall be referred to the Plan Commission for further consideration. An application for a proposed land division in the City's extraterritorial plat approval area shall only be scheduled after the Secretary receives a copy of both the Town(s)' and County's actions on the proposed land division. The Secretary shall schedule it for consideration after mailing notice of the scheduled meeting with the reasons for the referral at least ten (10) days prior to the meeting to the owners of all properties situated within the limits of the proposed land division application. When an appeal or a proposed land division application is rejected, the Plan Commission shall furnish the reasons therefor to the applicant in writing. (Am. by Ord. 10,445, 6-1-92 & 6-8-92)

(Sec. 16.23(5)(g) Am. by ORD-08-00094, 8-23-08)

(h) Fee and Dedication Schedule. So that each proposal shall pay its fair share of costs for public facilities and services and for review under this section, the following schedule of fees and/or dedications shall be applied to each subdivision and land division within the City. Review fees for subdivisions and land divisions shall also apply to land within the extraterritorial plat approval jurisdiction of the City.

1. Park and Open Space Dedication and Fees. There shall be a dedication of land and/or a payment of the Park-Land Impact Fee for each single-family, two-family, and multiple family dwelling unit. The Park and Plan Commissions shall recommend and the Common Council shall determine the land dedication and impact fee payment as well as the location of any land dedication and the acceptance of impact fees in lieu of dedication in accordance with the procedures in Sec. 16.23(8)(f) and Sec. 20.08(2). (Am. by Ord. 10,374, Adopted 2-4-92; ORD-06-00091, 8-2-06; ORD-12-00134, 1-2-13; ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)
2. Water Service. The Madison Water Utility, in accordance with its Rules and Regulations approved by the Common Council on file with the Public Service Commission, shall annually establish a uniform schedule for the fees, or charges, for installation of a water service that is based on the size appropriate for each proposed dwelling and subject to filing the prescribed application, payment of fees and charges that have been established and currently in effect.
3. Any preliminary or final plat submitted for Plan Commission and Common Council review hereunder shall be accompanied by a fee of two hundred fifty dollars ($250), plus fifty dollars ($50) per lot or outlot contained therein to contribute to the costs of such review. (Am. by Ord. 13,216, 12-20-02; ORD-12-00008, 1-24-12)
4. Any certified survey map or land division submitted for approval by the secretary of the Plan Commission hereunder shall be accompanied by a fee

of two hundred fifty dollars ($250) plus two hundred dollars ($200) per lot or outlot contained therein to contribute to the costs of such review. (Am. by Ord. 13,216, 12-20-02; ORD-12-00008, 1-24-12)

(Sec. 16.23(5)(f) Am. by Ord. 8222, 3-16-84)

(6) Detailed Procedure For Dividing Land Within The Extraterritorial Plat Approval Jurisdiction Of The City. In all cases the time period within which action is required shall not commence until the Town Board, Dane County and the City of Madison have received all maps, drawings and related data necessary for plat approval including a complete application, title report, and fees. (Am. by Ord. 10,258, Adopted 5-21-91; ORD-09-00147, 11-6-09)

(a) Preapplication Procedure. As specified in Subsection (5)(a) hereof.

(b) Preliminary Plat Procedure.

1. As specified in Subsection (5)(c)1, 2, 3, 4 and 5 hereof. (Am. by ORD-11-00074, 5-31-11)
2. Upon approval of the preliminary plat and after copies of the approved street plans and profiles signed by the Town Chair and the subdivider have been filed with and approved by the City Engineer, the subdivider may proceed with the installation of such improvements and under such regulations as the Town Board and the Metropolitan Sewerage Commission may require. Whenever connection with the water system of the City of Madison is desired, permission for such connection shall be obtained from the Common Council. (Am. by ORD-14-00012, 1-14-14)

(c) Final Plat Procedure.

1. Twelve (12) reproductions of the final plat (plus a sufficient number to be submitted to state agencies as required under the provisions of Wis. Stat. § 236.12, if the subdivider follows this procedure), along with a written application for approval on forms provided by the Plan Commission shall be submitted to the City Clerk within thirty-six (36) months of the approval of the preliminary plat and at least fourteen (14) days prior to the meeting of the Plan Commission at which action is desired. However, if approval must be obtained from another approving authority subsequent to the preliminary plat approval by the Plan Commission, the final plat shall be submitted within thirty-six (36) months of such approval. The Plan Commission may, however, extend the time limit in either case. Where more than one approval is required, the letter of application shall indicate to which approving authority the plat is being first submitted in order to facilitate compliance with Wis. Stat. § 236.12(5). All of the requirements relating to improvements specified by the Town Board, the Metropolitan Sewerage Commission or the City of Madison in matters over which they have jurisdiction shall be met before filing of the final plat. (Am. by Ord. 6436, 12-6-78; ORD-11-00074, 5-31-11)
2. State and City review of final plat as specified in Subsection (5)(c)2. hereof.
3. Council action on final plat as specified in Subsection (5)(c)3. hereof.
4. Certification and recording of final plat as specified in Subsection (5)(c)4. hereof.

(d) Comprehensive Development Plan Procedure. As specified in Subsection (5)(d) hereof. Action by the Common Council assumes that all multiple-family development plans will be reviewed by the Plan Commission or Common Council of the City of Madison, or by the governing body having jurisdiction over the municipality, town or county in which the development is located at the time of development.

(e) Land Division (Certified Survey) Procedure. As specified in Subsection (5)(e) hereof, and in addition thereto, the Secretary of the Plan Commission may request approval of the certified survey map by the Town Board prior to approving it. (Am. by Ord. 10,588, 2-12-93)

(f) Fee Schedule. So that each proposal shall pay its fair share of costs for review under this section, the fee schedule for preliminary and final plats and for certified survey map land divisions in Subsection (5)(f) shall apply to extraterritorial land division and subdivision. (Cr. by Ord. 8212, 12-30-83)

(Sec. 16.23(6) Am. by ORD-05-00142, 8-19-05)

(7) Plats, CDPs And Land Divisions (Certified Surveys) Data. (Title Am. by Ord. 10,258, Adopted 5-21-91)

(a) Preliminary Plat. The preliminary plat shall be by a registered land surveyor prepared on tracing cloth or paper of good quality at a scale of not more than one hundred (100) feet to one (1) inch and shall show correctly on its face:

1. Date, scale and north point.
2. The title under which the proposed subdivision is to be recorded.
3. The name and address of the owner, subdivider, surveyor, engineer and professional land planner involved in the plat preparation shall appear on the plat.
4. Location of the proposed subdivision by government lot, quarter section, township, range and county and a location map showing the relationship between the plat and its surrounding area.
5. A scaled drawing from recorded information on the exterior boundaries of the proposed subdivision and a scaled reference to a corner established in the U.S. Public Land Survey and the total acreage encompassed thereby. The exact length and bearings shall be required and the proposed subdivision referenced to a corner established in the U.S. Public Land Survey and total acreage encompassed. (Am. by Ord. 10,258, Adopted 5-21-91)
6. Location and names of adjacent subdivisions, parks and cemeteries.
7. Location, right-of-way width and names of any adjacent existing streets, alleys or other public ways, easements and railroad and utility rights-of-way.
8. Type, width and elevation of any adjacent existing street pavements together with any legally established center line elevations for streets located outside the City limits.
9. Location, size and invert elevation of any existing sanitary or storm sewers, culverts or drain pipes and the location and size of any existing water and gas mains on and adjacent to the preliminary plat and proposed to be used in the development. If sewers and water mains are not on or adjacent to the preliminary plat the direction and distance to and size of the nearest ones, showing invert elevations of sewers shall be indicated.
10. Location of existing property lines, buildings, drives, streams and water courses, marshes, rock outcrops, wooded areas, railroad tracks, all existing improvements with their dimensions, and other similar significant features within the plat or immediately adjacent thereto. (Am. by Ord. 10,258, Adopted 5-21-91)
11. Water elevations of adjoining lakes or streams at the date of survey and approximate high and low water elevations, all referred to City datum.
12. Contours at vertical intervals of not more than two (2) feet where average slope is less than five percent (5%) or five (5) feet where slope is five percent

(5%) or greater. Elevations shall be marked on such contours based on City of Madison datum where City datum is available within one-half (½) mile.

13. When requested by the Plan Commission location and results of tests made to ascertain subsurface soil, rock and water conditions including depth not available for immediate service, the provisions of Wis. Admin. Code ch. SPS 385 shall be complied with and the appropriate data submitted with the preliminary plat. (Am. by ORD-12-00035, 3-28-12)

14. Location, width and names of all proposed streets and public rights-of-way such as alleys and easements. If the subdivider chooses, she or he may label the streets with a letter of the alphabet for preliminary plat consideration. (Am. by ORD-14-00012, 1-14-14)

15. Location and approximate dimensions of any sites to be reserved or dedicated for parks, playgrounds, drainageways or other public use or which are to be used for group housing, shopping centers, church sites or other nonpublic uses not requiring lotting.

16. Approximate dimensions of all lots together with proposed lot and block numbers.

17. Radii of curves at all street intersections. Approximate radii of all other curves.

18. When requested by the Plan Commission, a draft of a protective covenant whereby the subdivider proposes to regulate land use in the subdivision and otherwise protect the proposed development.

19. Plans and profiles for streets, walkways, greenways and public easements, showing existing ground surface and proposed grades, including extensions for a reasonable distance beyond the limits of the proposed subdivision when requested may be required to be submitted to the Department of Planning and Community and Economic Development at the time of preliminary plat submission when unusual topographic or other unusual conditions exist. Otherwise the plans and profiles shall be submitted with the final plat. All elevations shall be based on City of Madison datum where said datum is within one-half (½) mile of the plat. The type and form of the plan and profile sheets shall meet the approval of the City Engineering Division. (Am. by Ord. 6616, Adopted 4-24-79)

20. When and to the extent requested by the City Engineer because of drainage, ground or tree cover or ground water concerns, a lot grading plan for the preliminary plat showing proposed contours at vertical intervals of not more than two (2) feet. Elevation shall be marked on such contours based on City of Madison datum. (Cr. by Ord. 4929, 3-28-75)

21. All lots on which secondary dwelling units may be constructed shall be identified. (Cr. by ORD-05-00139, 8-19-05)

(b) Final Plat. The final plat of the subdivision shall comply with the requirements of Wis. Stat. ch. 236, which is hereby adopted by reference. Where the plat is located within or adjacent to a section or quarter section the corners of which have been relocated and monumented by the City of Madison, the plat shall be tied directly to one of such corners. The exact length and bearing of such tie shall be determined by field measurement and the material and Wisconsin State Plane coordinates of the monument marking the relocated section or quarter section corner to which the plat is tied shall be indicated on the plat. On replats of plats recorded after 1950, the Plan Commission may upon request waive this requirement if in its judgment it appears unnecessary or would cause extraordinary

hardship or expense. The note on the plat shall also define which section or quarter section line is used for referencing the bearing. The plat shall be accompanied by a written application for approval on forms furnished by the Plan Commission.

The plat shall also be accompanied by plans and profiles in accordance with paragraph (7)(a)19. of this ordinance if they have not been previously submitted. The plat shall include on its face a tabulation of the lot area to the nearest square foot for each lot included in the final plat and all lots on which secondary dwelling units may be constructed shall be identified.
(Sec. 16.23(7)(b) Am. by Ord. 6229, 5-3-78; ORD-05-00139, 8-19-05)

(c) Comprehensive Development Plan.

1. The CDP and exhibits shall consist of the following minimum items:
   a. A plan, drawn to a scale of one inch to two hundred feet (1" = 200') which shows all lands under the control of the applicant which are contiguous or separated only by existing public roads or railroad rights-of-way. The plan shall show items 1 through 7, 9 through 13, and item 15 of subsection (7)(a) preliminary plat data, and all proposed collector and arterial streets.
   b. If the proposed development qualifies for a waiver on design standards, as provided for hereinafter, details showing the proposed deviation from the standards and the reasons therefor.
   c. The projected population broken down into single family and multi-family units.
   d. The multi-family dwelling units broken down into the number of units in each bedroom category on a percentage basis.
   e. The development schedule clearly indicating the timing of proposed development, utility scheduling, etc.
   f. A preliminary plat, meeting the requirements of this ordinance, except the time limit for approval by the Plan Commission, on that portion of the CDP which will be included in the first final plan.
2. The Design Standards—Subsection (8) of this ordinance—which apply to subdivisions and land divisions shall also apply to CDPs. However, if the CDP consists of a cluster development or other innovative designs which negate the necessity for meeting these standards, the Common Council may waive these standards upon recommendation of the Plan Commission and Board of Public Works. Where the land division or subdivision is part of an approved planned development district for which an approved specific implementation plan containing the revised standards has been recorded with the Dane County Register of Deeds, the waiver shall be deemed to have already been granted.

(d) Land Divisions (Certified Surveys).

1. The land division shall comply with the provisions of this ordinance relating to general requirements, design standards, the preliminary plat data requirements of subsection (7)(a), and required improvements for subdivisions under this ordinance. For lands subject to a condominium plat, a lot or lots may be created from a lot in said plat provided that no part of a lot or lots to be created shall be part of a condominium and shall be capable of being served by City water and sewer. Service from a private water or sewer system shall not be permitted. The lot or lots created may share cross access, parking, and stormwater management facilities if such sharing was required by any zoning approval for the property and if adequate easements and/or agreements are provided, subject to the approval of the City Engineer, City Traffic Engineer, and Planning

Director. The beginning point of survey shall meet the requirements of Wis. Stat. § 236.34(1)(d). (Am. by Ord. 10,258, 5-21-91; ORD-12-00014, 1-24-12)

2. The survey shall be performed and the map prepared by a registered land surveyor, and the map shall comply with the requirements of Wis. Stat. § 236.34, which is hereby adopted by reference. In addition, the map shall show all existing buildings, structures, watercourses, drainage ditches and other features pertinent to proper division. Any building or structure and its location on the lot shall be dimensioned to the nearest one-tenth (0.1) foot where the location of such building or structure will be critical in relation to proposed property boundaries or to the zoning yard requirements.

3. The certificate of approval by the secretary of the Plan Commission shall be typed, lettered or otherwise reproduced legibly on the face of the map with nonfading ink.

4. (R. by ORD-08-00094, 8-23-08)

5. Restrictions For Public Benefit. Any restriction placed on the face of the map, whether covenant, easement, or any other restriction, which is required by the provisions of this ordinance and which names a public body or public utility as grantee, promissee or beneficiary, is hereby deemed accepted and vests in the public body or public utility the right to enforce the restriction at law or in equity against anyone who has or acquires an interest in the land subject to the restriction. The restriction may be released or waived in writing by the public body or public utility having the right of enforcement. (Cr. by ORD-08-00094, 8-23-08)

(8) Design Standards.

(a) Streets and Alleys.

1. General. In any new subdivision the street layout shall conform to the arrangement, width and location indicated on the official map, master plan or component neighborhood unit development plan. In areas for which such plans have not been completed the streets shall be designed and located in proper relation to existing and proposed streets, to the topography, to such natural features as streams and tree growth, to public convenience and safety, to the proposed use of the land to be served by such streets, and to the most advantageous development of adjoining areas. The use of narrower, performance-based streets in new subdivisions and in the reconstruction of local streets may accomplish some or all of the following objectives: improved neighborhood livability from a more pedestrian-friendly environment; more compact development patterns that use less land, increase in land available for residential and commercial activities; more extensive streetscape vegetation and preservation of existing streetscape vegetation; reduction in the cost of street construction and maintenance, as well as development costs; reduction in traffic speed and non-local traffic; and reduction in stormwater runoff. Cul-de-sacs shall not be used in any street layout, unless the topography or other unique physical feature of a development makes cul-de-sacs the only, or most logical, street layout. Where cul-de-sacs are determined to be necessary, a sidewalk, connecting path or multi-use path shall be provided to connect to another public right of way unless topography or other unique physical features make this connection impossible. The subdivision shall be such as to provide each lot by means of a public street satisfactory access to any existing public street.

The subdivision shall further maximize the use of street orientations which provide solar access to lots and contemplated buildings. (Am. by Ord. 8128, 10-17-83; ORD-06-00054, 5-4-06; Am. by ORD-07-00042, 4-5-07)

2. Arrangement.

a. Arterial streets and highways shall be properly integrated with the existing and proposed system of arterial streets and highways and insofar as practicable shall be continuous and in alignment with existing, planned and platted streets with which they are to connect.

b. Collector streets shall be properly related to the mass transportation system, to special traffic generators such as schools, churches and shopping centers, to concentrations of population and to major streets into which they feed.

c. Local streets shall be designed to conform to the topography, to discourage use by through traffic, to permit the design of efficient storm and sanitary sewerage systems; and to require the minimum street area necessary to provide safe and convenient access to abutting property.

d. Proposed streets shall extend to the boundary lines of the subdivision unless prevented by topography or other physical conditions; or unless in the opinion of the Plan Commission such extension is not necessary or desirable for the coordination of the layout of the subdivision and for the advantageous development of the adjacent lands. Temporary turnarounds adjacent to the boundary of the subdivision being subdivided may be required at street ends.

e. Street patterns and lot lines generally determine building orientation. To facilitate solar access, streets shall be oriented in an east-west direction to the maximum extent possible or to within 20 degrees of such orientation. This requirement shall not apply to preliminary plats approved prior to the effective date of this ordinance, provided the final plat of the preliminary plat is submitted within six (6) months, or to final plats submitted within six (6) months of preliminary plat approval or to portions of the subdivision where the applicant demonstrates that:

i. There are other means of assuring solar access to lots in question, including but not limited to cluster development on large parcels or through the use of building setback or solar access easements.

ii. Topographic conditions on or surrounding the land being subdivided make such orientation unreasonable.

iii. The shape and size of the property being subdivided make such orientation unreasonable.

iv. Adopted storm water management plans or policies indicate a different street orientation.

v. Existing or approved future development contiguous to the subject property precludes adequate solar access to the portion in question.

vi. Existing street patterns contiguous to the subject property make such orientation unreasonable.

vii. Specific adverse environmental impacts would occur on the site if such orientation were achieved.

viii. Desirable street circulation patterns require some streets to be in a more north-south direction.

ix. The final platting of only a portion of an approved preliminary plat precludes changes in remaining portions of the preliminary plat which are necessary to provide adequate solar access to the portion in question.

(Cr. by Ord. 8128, 10-17-83)

3. Treatment Of Railroad Rights-Of-Way And Limited Access Arterial Streets. Wherever the proposed subdivision contains or is adjacent to a railroad right-of-way or limited access arterial street, the subdivision shall provide the following treatment:

a. In residential districts a buffer strip at least thirty (30) feet in depth in addition to the normal lot depth required shall be provided adjacent to a railroad right-of-way or a state or U.S. highway. The subdivider shall install in the buffer strip, noise abatement facilities per the Wisconsin Administrative Code, Department of Transportation, Chapter Trans 405, "Siting Noise Barriers". For the above lots, the strip shall be a part of the lots and shall have the following restriction lettered on the face of the plat:

> "This strip reserved for noise abatement facilities. The building of buildings hereon is prohibited and any bermed area shall not be counted as any required yard. Maintenance of this strip and any facilities thereon is the responsibility of the owner."

For all other lots adjacent to a state or U.S. highway or railroad right-of-way such buffer strip shall be a part of the platted lots and shall have the following restriction lettered on the face of the plat:

> "This strip reserved for the planting of trees or shrubs by the owner; the building of buildings hereon is prohibited, and the rear 30 feet of the strip shall not be counted as any required yard. Maintenance of this strip is the responsibility of the lot owner."

(Sec. 16.23(8)(a)3.a. Am. by Ord. 10,258, Adopted 5-21-91)

b. In commercial and industrial districts, provision shall be made on each side of the railroad right-of-way or limited access arterial street for streets approximately parallel to and at a distance from such right-of-way or highway suitable for the appropriate use of the land between such streets and right-of-way, but not less than one hundred fifty (150) feet distant from said right-of-way. The Secretary of the Plan Commission or her/his designee shall evaluate and determine the need for these provisions. (Am. by Ord. 10,258, Adopted 5-21-91)

c. Streets parallel to a railroad right-of-way or arterial street or highway shall, when intersecting an arterial street, highway or a collector street, be located at a minimum distance of two hundred fifty (250) feet from said right-of-way, arterial street or highway. Such distance, where desirable and practicable, shall be determined with due consideration of the minimum distance required for the future separation of grades by means of appropriate approach gradients.

d. Location of local streets immediately adjacent and parallel to railroad rights-of-way shall be avoided.

4. Protection Of Arterial Streets And Highways. Whenever the proposed subdivision contains or is adjacent to an arterial street or highway, adequate protection of residential properties, limitation of access and the separation of through and local traffic shall be provided by:
   a. Reversed frontage with screen planing contained in a nonaccess reservation along the rear property line.
   b. Marginal access street.
5. Alleys. Alleys shall be required in mixed-use and commercial and employment districts for off-street loading and service access unless otherwise required by the Plan Commission, but shall not be approved in residential districts. Dead end alleys shall not be approved; and alleys shall not have their points of connection on a major thoroughfare. (Am. by ORD-12-00134, 1-2-13)
6. Reserve Strips. There shall be no reserve strips controlling access to streets except where control of such strips is definitely placed in the City under conditions approved by the Plan Commission.
7. Intersections.
   a. Streets shall intersect each other at as nearly right angles as topography and other limiting factors of good design permit. The point of curve of the center line of a curved street intersecting another street shall be not less than fifteen (15) feet, on the property side, of the property line of the street being intersected.
   b. The number of streets converging at one intersection shall be not more than two.
   c. The number of intersections along arterial streets shall be held to a minimum. Wherever practicable the distance between such intersections shall not be less than twelve hundred (1,200) feet.
   d. Property lines at street intersections shall be rounded with a minimum radius of fifteen (15) feet except that at all intersections along collector and arterial streets the radius shall be increased to twenty-five (25) feet. The Plan Commission may require a larger radius where desirable.
   e. Local streets shall not necessarily continue across arterial or collector streets, but if the center lines of such minor streets approach the major streets from opposite sides thereof within three hundred (300) feet of each other, measured along the center line of the arterial or collector street, their location shall be adjusted so that the alignment across the arterial or collector street is continuous and a jog is avoided.
   f. Local street intersections, wherever practicable, shall be spaced no closer than two hundred fifty (250) feet between center lines.
   g. Cul-de-sac streets designed to have one end permanently closed shall not exceed six hundred (600) feet in length. (Am. by ORD-07-00042, 4-5-07)
8. Widths Of Streets And Pavements, Parkways And Drainageways.
   a. The minimum right-of-way of all proposed streets and alleys shall be of the width specified by the Comprehensive Plan, master plan, functional classification map, official map or neighborhood development study; or if no width is specified therein the minimum widths shall be as follows:
      i. Principal and primary arterial streets shall have a minimum ROW width of one hundred twenty (120) feet.

ii. Standard arterial and connector collector streets shall have a minimum ROW width of eighty (80) feet.

iii. Distributor collector streets shall have a minimum ROW width of sixty (60) feet and a minimum pavement width (from curb face to curb face) of thirty-two (32) feet, subject to approval by the Common Council.

iv. Local streets shall have a minimum ROW width of sixty (60) feet and a minimum pavement width of thirty-two (32) feet except in the following situations:

A. A minimum ROW width of fifty-four (54) feet and a minimum pavement width (from curb face to curb face) of twenty-six (26) feet shall be permitted when the net density of abutting property is less than three (3) dwelling units per acre.

B. A minimum ROW width of fifty-six (56) feet and a minimum pavement width of twenty-eight (28) feet shall be permitted when the net density of the abutting property is less than 5.44 dwelling units per acre.

C. A minimum ROW width of fifty-six (56) feet and a minimum pavement width of twenty-eight (28) feet shall be permitted if:

1) The net density of abutting property is between 5.44 and 8.71 dwelling units per acre;

2) Front loaded garages have driveways at least twenty (20) feet in length;

3) At least seventy-five percent (75%) of dwelling units in the subdivision have two (2) car garages; and

4) A minimum of two (2) parking spaces are provided in front of the two (2) car garages that have access to a street.

5) Where alleys exist, at least seventy-five percent (75%) of the houses must have garages accommodating at least two (2) cars, as well as at least three (3) off-street parking spaces, and a minimum garage setback of ten (10) feet or a parking space adjacent to the garage.

D. A minimum ROW width of fifty-six (56) feet and a minimum pavement width of twenty-eight (28) feet may be permitted if:

1) The net density of abutting property is between 8.72 and 12.44 dwelling units per acre.

2) The requirements of Subsubsubparagraph C. are met; and

3) The Common Council approves such minimum widths after consideration of factors, including but not limited to:

a) Area street connectivity among relevant local, collector, and arterial streets.

b) The number of off-street parking spaces provided per dwelling unit.

c) Parking regulations applicable to the street.

d) The proximity and number or percentage of streets in a subdivision proposed to have a minimum ROW width of fifty-six (56) feet and a minimum pavement width of twenty-eight (28) feet shall be sufficient to support potential overflow on-street parking in the areas of higher density development.

e) The recommendations of the Traffic Engineer, City Engineer, and the Director of the Department of Planning and Community and Economic Development.

v. For all of the above, when there exist special on-street parking generators, such as parks, schools, churches, commercial businesses, sports and entertainment venues, or large multi-family dwellings, the minimum ROW width shall be sixty-six (66) feet and the minimum pavement width shall be thirty-six (36) feet.

vi. For all the above, when the street is designated as or anticipated to be a bicycle route that may have marked bicycle lanes, the minimum widths shall be as follows:

A. If no parking is on either side of the street, the minimum ROW width shall be sixty-two (62) feet and the minimum pavement width shall be thirty-four (34) feet.

B. If parking is permitted on only one side of the street, the minimum ROW width shall be sixty-eight (68) feet and the minimum pavement width shall be forty-two (42) feet.

C. If parking is permitted on both sides of the street, the minimum ROW width shall be seventy-four (74) feet and the minimum pavement width shall be forty-eight (48) feet.

vii. Alleys shall have a minimum ROW width of twenty-six (26) feet.

viii. At the time of application, the applicant shall provide a plan that overlays the plat or certified survey map and that demonstrates that the requirements for building streets of a particular width are met.

(Am. by ORD-06-00054, 5-4-06)

b. All cul-de-sac streets shall terminate in a circular turnaround having a minimum right-of-way diameter of one hundred twenty (120) feet and a minimum outside curb diameter of ninety-two (92) feet in commercial and industrial areas and a minimum right-of-way diameter of one hundred (100) feet and minimum outside curb diameter of seventy-two (72) feet in residential areas. The reverse curve on a cul-de-sac shall have a fifty (50) foot minimum radius when the bulb is centered on the street and a one hundred (100) foot minimum radius when the bulb is offset.

c. If parkways or drainageways influenced by topographical features such as streams or ponds, ravines, wooded areas or other natural features are to be provided within the proposed plat, their width and location shall be determined as may be deemed necessary to preserve such features. Generally parkways and drainageways shall have a minimum width of two hundred (200) feet, but they shall not in any case be less than one hundred (100) feet in width.

d. Cul-de-sac streets may be approved with a fifty (50) foot street right-of-way where the land division or subdivision is part of an approved cluster development incorporating an interior pedestrian walkway system on private common open space areas to the rear or side of the lots and where controls similar to those for a planned development district are approved by the City. (Cr. by Ord. 4280, 8-22-73)

9. Grades. Unless necessitated by exceptional topography, and subject to the approval of the Plan Commission, the maximum street grades shall not exceed the following:

a. Arterial streets and highways: six percent (6%).

b. Collector streets: eight percent (8%).

c. Local streets and alleys: ten percent (10%).

d. Pedestrian ways: ten percent (10%) unless steps of acceptable design are provided.

The grade of any street or sidewalk shall in no case exceed twelve percent (12%) or be less than one-half of one percent (0.5%). Streets which are designed to exceed the proposed maximum grade due to topography shall limit this grade to 600 feet or less of street centerline and shall not occur at or near intersections.

All changes in street grades shall provide sight distances as conditions require as determined by the City Engineer and Traffic Engineer.

Street grades shall be established wherever practicable in such a manner to avoid excessive grading, the promiscuous removal of ground cover and tree growth and general leveling of the topography.
(Sec. 16.23(8)(a)9. Am. by Ord. 5465, 4-23-76)

10. Radii of Curvature. When a continuous street center line deflects at any one point by more than ten (10) degrees, a circular curve shall be introduced. Local streets shall have a minimum centerline radius of 150 feet.

Collector and Arterial streets shall have a minimum centerline radius dependent on the anticipated speed limit for the street both of which as determined by the City Traffic Engineer. The minimum centerline radius for low speed urban streets without a median shall be as follows:

Speed Limit	Centerline Radius Two-Lane Roadway*	Centerline Radius Four-Lane Roadway*
25 mph	300 feet	450 feet
30 mph	475 feet	625 feet
35 mph	700 feet	850 feet

*A larger centerline radius curve than listed in the above table for a given speed may be required by the City Traffic Engineer if special traffic conditions are likely to occur on a collector or arterial street.

Collector and Arterial streets with an anticipated speed limit over 35 miles per hour or which are designed with a median or which have more than four (4) traffic lanes shall have a centerline radius as established by the design criteria for high speed urban streets as provided in the latest addition of "A Policy on Geometric Design of Highways and Streets" by the American Association of State Highway and Transportation Officials (AASHTO). The design speed shall generally be five (5) miles per hour over the anticipated speed limit to provide a reasonable margin of safety.

Where the above centerline radius is not considered feasible because of existing features or other factors, the Plan Commission may, after considering the recommendations of the City Engineer and the City Traffic Engineer, permit the use of a shorter centerline radius.

A tangent at least one hundred fifty (150) feet in length shall be provided between reverse curves on arterial and collector streets, and one hundred (100) feet in length between reverse curves on local streets. However, on those local streets where there is a cul-de-sac or loop street pattern and low density development assuring a low volume of traffic and adequate vision clearance, an objective of retaining existing desirable trees that would otherwise be damaged and the resultant pattern of development would be consistent with that of adjoining lands, the Plan Commission may alter the requirements listed above for local streets.

(Sec. 16.23(8)(a)10. Am. by Ord. 10,716, 8-27-93)

11. Half Streets. Where an existing dedicated or platted half street is adjacent to the tract being subdivided, the other half of the street shall be dedicated by the subdivider. Streets less than full width on the boundary of the tract being subdivided shall not be less than a width sufficient to produce a full pavement, a full terrace on the plat side and a reserve strip as determined by the Plan Commission.

12. Street Names. New street names shall conform to the approved street name policy.

13. Cluster Development. The standards applicable to street right-of-way, roadway width and provision for sidewalks may be waived by consent of the Plan Commission and Board of Public Works for special situations, such as cluster developments, where other well planned interior street and pedestrian systems are provided. Where the land division or subdivision is part of an approved planned development district for which an approved specific implementation plan containing the revised standards has been recorded with the Dane County Register of Deeds, the waiver shall be deemed to have already been granted.

(b) Easements.

1. Lines To Be Underground In Newly Platted Areas.

a. All new electric distribution lines (excluding lines of twelve thousand (12,000) volts or more), all new telephone lines from which lots are individually served, all new telegraph lines, community antenna

television cables and services, installed within a newly platted area, mobile home park, cluster development or planned development district, shall be underground unless the Plan Commission shall specifically find after study that:

i. The placing of such facilities underground would not be compatible with the planned development; or

ii. Location, topography, soil, swamp, solid rock, boulders, stands of trees, rows of trees, hedges or other physical conditions would make underground installation unreasonable or impracticable; or

iii. The lots to be served by said facilities can be served directly from existing overhead facilities.

(Am. by ORD-12-00134, 1-2-13)

b. Associated equipment and facilities which are appurtenant to underground electric and communications systems, such as but not limited to, substations, pad-mounted transformers, padmounted sectionalizing switches and above-grade pedestal-mounted terminal boxes, may be located aboveground.

c. The subdivider or her/his agent shall furnish proof to the Plan Commission that such arrangements as may be required under applicable rates and rules filed with the Public Service Commission of Wisconsin have been made with the owner or owners of such lines or services for placing their respective facilities underground as required by this section, as a condition precedent to approval of the final plat, site plan, certified survey map or planned commercial site plan.

d. Temporary overhead facilities may be installed to serve a construction site or where necessary because of severe weather conditions. In the latter case, within a reasonable time after weather conditions have moderated or upon completion of installation of permanent underground facilities, such temporary facilities shall be replaced by underground facilities and the temporary facilities removed, subject to any exception permitted by the Plan Commission under subparagraphs (a)1, 2 and 3 above.

e. Easement Conditions.

i. Adequate easements shall be provided and dedicated on each side of all rear lot lines, and on side lot lines, across lots or along front lot lines where necessary, for the installation of storm and sanitary sewers, gas, water, electric lines, communication lines and heat mains. Such easements as required by the utility company or other private utility lines shall be noted as "Utility Easements" on the final plat or certified survey map. Prior to approval of the final plat or certified survey map the concurrence of the electric and communications companies serving the area as to the location and width of the utility easements shall be noted on the final plat or certified survey map. All easements for storm and sanitary sewers, water and heat mains, pedestrian walks, and other public purposes shall be noted thereon as "Public Easement for" followed by reference to the use or uses for which they are intended.

ii. Where the electric and communications facilities are to be installed underground, the utility easements shall be graded

to within six (6) inches of final grade by the subdivider, prior to the installation of such facilities, and earth fill, piles or mounds of dirt shall not be stored on such easement areas. Utility facilities when installed on utility easements whether overhead or underground shall not disturb any monumentation in the plat.

iii. Where the electric and/or communications facilities are to be installed underground, a plat restriction shall be recorded with the final plat or certified survey map stating that the final grade established by the subdivider on the utility easements shall not be altered by more than six (6) inches by the subdivider, his/her agent, or by subsequent owners of the lots on which such utility easements are located, except with written consent of the utility or utilities involved. The purpose of this restriction shall be to notify initial and future lot owners of the underground facilities at the time of purchase and to establish responsibility in the event of damage to such facilities or to the need to alter such facilities. When the utility company uses a service application said application should also notify the initial and subsequent lot owners of their responsibility regarding such underground facilities. (Am. by ORD-14-00012, 1-14-14)

2. Drainage Easements. Where a subdivision is traversed by a water course, drainageway, channel or stream, an adequate drainageway or easement shall be provided as required by the Plan Commission. The location, width, alignment and improvement of such drainageway or easement shall be subject to the approval of the Plan Commission and parallel streets or parkways may be required in connection therewith. Wherever possible the storm water drainage shall be maintained by landscaped open channels of adequate size and grade to hydraulically accommodate maximum potential volumes of flow, these sizes and design details to be subject to review and approval by the City Engineering Department and City Parks Department.

3. Street Lighting. In areas where underground electric facilities are installed, poles for street lights shall be ornamental in nature. In a newly platted area the subdivider shall provide for the location of all street lights and street light systems within the area being developed, upon consultation with the electric utility serving the subdivision and as approved by the Traffic Engineer in accordance with the provisions of Section 12.03(4)(c) of the Madison General Ordinances and consistent with the standards of the utility serving the area. Ornamental street lighting will be installed by the serving electric utility or the City of Madison and the City of Madison will assess the benefiting property owners for ornamental and street lights in areas served by underground distribution systems where the underground service cable has been requested and paid for by the developer or property owners.

(c) Blocks.

1. The lengths, widths and shapes of blocks shall be suited to the planned use of the land, zoning requirements, need for convenient access, pedestrian safety, control and safety of street traffic, and the limitations and opportunities of topography. While there is not a minimum block length requirement included in the subdivision ordinance, in the TR-C3 Zoning

District, block lengths shall not, as a general rule, exceed 500 feet in length between street lines unless required by exceptional topography or other limiting factors when approved by the Plan Commission. (Am. by Ord. 11,505, 1-26-96; ORD-13-00087, 5-29-13)

2. Blocks shall have sufficient width to provide for two (2) tiers of lots of appropriate depth except where otherwise required to separate residential development from through traffic.

3. Pedestrian ways or crosswalks, not less than ten (10) feet in width, shall be provided near the center and entirely across any block nine hundred (900) feet or more in length where deemed essential, in the opinion of the Plan Commission, to provide adequate pedestrian circulation or access to schools, shopping centers, churches or transportation facilities.

(d) Lots.

1. The size, shape and orientation of the lots shall be appropriate for the location of the subdivision and for the type of development and use contemplated. The lots shall be designed to provide an aesthetically pleasing building site and a proper architectural setting for the buildings contemplated. The lots shall be oriented to maximize solar access to buildings. Solar access is generally the greatest when the buildings' longest axis is east to west and southerly building exposures are maximized. Lots shall be oriented to maximize opportunities for pedestrian travel and neighborly interaction. (Am. by Ord. 11,505, 1-26-96)

2. Every lot shall front or abut on a public street, subject to the following exceptions:

   a. A lot, not fronting or abutting on a public street, may be included in a subdivision or land division provided said lot is in an approved Planned Multi-Use Site or a Planned Development District for which an approved specific implementation plan has been recorded and which is limited by a reciprocal land use agreement or plan of plan of building placement, a reciprocal use off-street parking system, a cross access easement or a reciprocal ingress and egress system for buildings, loading and parking sites.

   b. A lot, not fronting or abutting on a public street, may be included in a subdivision or land division if it meets the requirements in Sec. 28.135(2)(b), MGO. (Am. by Ord. 12,213, 10-19-98; ORD-12-00134, 1-2-13)

(Am. by ORD-13-00174, 10-23-13)

3. Lot dimensions shall conform to the requirements of the Zoning Code and except for lots in an approved Planned Multi-Use Site or Planned Development District shall have a minimum average depth of one hundred (100) feet and lots in the TR-C3 and TRP Districts shall have a minimum average depth of eighty (80) feet. Where not served by a public sewer, lot dimensions and areas shall in addition conform to the requirements of the State Board of Health. The lot width shall normally be measured at the rear line of the required front yard except that for deep residential lots and for triangular or gore shaped lots where the setback line is noted on the plat and is greater than the required yard, the lot width shall be measured at the indicated setback line. (Am. by Ord. 5745, 2-14-77; Ord. 13,334, 6-7-03; Ord 13,557, 4-21-04; ORD-13-00087, 5-29-13)

4. Side lot lines shall be as nearly as possible at right angles to straight street lines or radial to curved street lines on which the lots face, except where more flexible lot line orientation is necessary to secure solar access to the

lot, such as in the case of intercardinal streets where the side lot lines are located as close as possible to the north-south axis. (Am. by Ord. 8128, 10-17-83)

5. Corner lots shall have sufficient width to permit adequate building setbacks from side streets.
6. In case a parcel is subdivided into large parcels, such parcels shall be arranged so as to allow the resubdivision of any such parcels into normal lots in accordance with the provisions of this ordinance.
7. Excessive depth in relation to width shall be avoided and a proportion of two to one (2 to 1) shall be normally considered as a desirable ratio.
8. Lot lines shall follow municipal boundary lines rather than cross them.
9. Double frontage and reverse frontage lots shall be prohibited except where necessary to provide separation of residential development from through traffic or to overcome specific disadvantages of topography and orientation.
10. Residential lots fronting or backing on arterial streets shall be platted with extra depth to permit generous distances between the buildings and such trafficways.
11. Depth and width of properties reserved or laid out for commercial or industrial use shall be adequate to provide for the off-street service and parking facilities required by the type of use and development contemplated.

(e) Building Setback Lines. Where not adequately controlled by zoning regulations, building setback lines appropriate to the location and type of development contemplated shall be established, as may be requested by the Plan Commission.

(f) Public Sites and Open Spaces. The following provisions are established to preserve and provide properly located public sites and open spaces as the community develops, and to insure that such public sites and open spaces are provided and developed to serve the need for parks generated by the additional persons brought into the areas by such development, in accordance with standards adopted in Madison's Park and Open Space Plan. These provisions are intended to apply to all lands proposed to be developed for residential purposes, including single-family, two-family, and multi-family sites, land divisions, planned developments, and residential building complexes, either through subdivisions, certified survey maps, rezonings, conditional use approvals or other zoning or land use approvals. (Am. by Ord. 11,585, 5-21-96; ORD-06-00091, 8-2-06; ORD-12-00134, 1-2-13; ORD-13-00134, 8-14-13)

1. In the design of the plat due consideration shall be given to the reservation of suitable sites of adequate area for future schools, parks, playgrounds, drainageways, storm water management or treatment facilities, and other public purposes. In the location of such sites consideration shall be given to the preservation of scenic and historical landmarks and sites; watercourses, streams, lakes, ponds, marshes and their accompanying watersheds; and significant woodland, prairie and wetland plant and animal communities. Consideration shall also be given to solar access where the location of open space lands provide greater achievement of solar access objectives and requirements of the entire subdivision. (Am. by Ord. 8128, 10-17-83; ORD-08-00050, 5-24-08)
2. Outside the corporate limits but within the extraterritorial plat limits, where it is recommended by the Park Superintendent or Board of Park Commissioners and the Plan Commission and determined by the Common Council that a portion of the plat or planned development is required for such public sites or open spaces, the developer may be required to dedicate such area to the municipality having jurisdiction, or otherwise provide for

said public land as agreed to by the City, the affected township and the Dane County Agriculture, Zoning, Planning and Water Resources Committee. Where such dedication or other provision is not required, the developer may be required to reserve such area for a period not to exceed five (5) years after which the City, County or to.

3. Within the corporate limits of the City, where feasible and compatible with the comprehensive plan for development of the community, the developer shall provide and dedicate to the public adequate land to provide for the park and recreation needs of the plat and land division. (Am. by Ord. 6840, 12-13-79)

4. Using the definitions set forth in Sec. 20.08(2)(c)2., MGO, the required land dedication to meet the community's park and open space needs shall be as follows:

Type of Development	Square Feet/Unit or Bedroom
Single-Family/Duplex	1,081
Multi-Family	734
Large Multi-Family	1,424
Age Restricted Multi-Family	573
Group Living Quarters	410

Where a definite commitment has been made by the developer and City on the number of dwelling units to be provided on a multi-family lot or bedrooms to be provided in group living quarters, the dedication shall be based on that number. Where no such commitment exists, the dedication shall be based on the maximum number of dwelling units the lot will support, exclusive of open space and other public lands. (Am. by Ord. 10,374, Adopted 2-4-92; Ord. 13,157, 10-8-02; ORD-12-00134, 1-2-13)

5. The Plan Commission, after recommendation of the Park Superintendent or Board of Park Commissioners shall determine that any land to be dedicated as a requirement of this section shall be reasonably adaptable to meet desirable on-site facilities as outlined in Madison's Park and Open Space Plan, and shall so recommend to the Common Council. Factors used in evaluating the adequacy of proposed park and recreation areas shall include size and shape, topography, geology, tree and other plant cover, access, and location.

6. In the event that dedication would result in sites too small to be usable, or if the Comprehensive Plan calls for such public sites or open spaces to be located elsewhere, or if such sites would not otherwise be suitable as determined by the Plan Commission, after recommendation of the Park Superintendent or Board of Park Commissioners, a payment of a fee in lieu of land dedication shall be required. This fee in lieu of land dedication is the Park-Land Impact Fee as set forth in Sec. 20.08(2)(c)4., and shall be determined under that Section. (Am. by Ord. 10,374, Adopted 2-4-92; Ord. 13,157, 10-8-02; ORD-06-00091, 8-2-06; ORD-08-00050, 5-24-08)

7. Payment of Park-Land Impact Fee. Payment of the Park-Land Impact Fee shall be made in one of the following ways:

   a. In a lump sum prior to the recording of a final plat or certified survey map.

   b. When the developer proposes to add sixty (60) or more multi-family dwelling units, the developer may pay fifty percent (50%) of the total amount of Park-Land Impact Fees prior to said recording and either file with the City Clerk an agreement and performance

bond or a letter of credit in a form approved by the City Attorney to guarantee payment of the unpaid balance of the Park-Land Impact Fee, with interest, to the City within two (2) years of the date of said recording. The interest rate shall be determined by the Finance Director at the beginning of each year using the cost of the prior year general obligation borrowing plus one percent (1%) for administration rounded up to the next highest one-half percent (0.5%). Interest shall be computed from the date of recording and each yearly anniversary thereafter, and shall be prorated based upon when payment is received.

c. When the Park-Land Impact Fee exceeds fifty thousand dollars ($50,000), the developer may pay such fees in installments prior to the execution of the subdivision improvement contract for each phase, with each such installment payment for the full amount of the respective phase at the adjusted Park-Land Impact Fee rate then in effect for the year each such phase installment payment is paid. If the development proposal for later phases changes, the Park-Land Impact Fee due for a phase will be adjusted up or down to account for the actual development that is approved.

d. The developer may pay such fees at the time of the issuance of individual building permits at the Park-Land Impact Fee rate then in effect for the year when the building permit is issued.

(Sec. 16.23(8)(f)7. Am. by Ord. 10,374, Adopted 2-4-92; Ord. 13,157, 10-8-02; ORD-06-00091, 8-2-06; ORD-11-00037, 3-8-11)

8. Where privately-owned open space for park and recreational purposes which will not be closed to the public is provided in a proposed plat or land division and such space is to be privately owned and maintained by the future residents of the subdivision, such areas shall be credited against the requirement of dedication for park and recreation purposes, or the payment of fees in lieu thereof, provided the Common Council finds that the following standards are met:

a. That yards, court areas, setbacks, land required for storm water management and other open areas required to be maintained by the Zoning and Building Regulations shall not be included in the computation of such private open space; and

b. That the private ownership and maintenance of the open space is adequately provided for by recorded, written agreement and open space easement; and

c. That the use of the private open space is restricted for park and recreational purposes not closed to the public by recorded covenants which run with the land in favor of the future owners of property within the tract and which cannot be defeated or eliminated without the consent of the Common Council; and

d. That the Common Council after recommendation from the Park and Plan Commissions determines that the proposed private open space is reasonably adaptable for use for park and recreational purposes, taking into consideration such factors as size, shape, topography, geology, access and location of the private open space land; and

e. That facilities proposed for the open space are in substantial accordance with the provisions of the Comprehensive Plan, and are approved by the Common Council.

(Am. by Ord. 6840, 12-13-79; ORD-06-00091, 8-2-06; ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(g) The installation of street trees shall take into account solar access objectives in the selection of tree species and planting location so as to minimize future shading of the most southerly side of contemplated building locations. (Cr. by Ord. 8128, 10-17-83)

(Am by ORD-06-00054, 5-4-06)

(9) Required Improvements for Subdivisions.

(a) Statement of Intent. It is the intent of the City of Madison to encourage high quality development at a minimum cost to the public. The City will encourage the use of innovative techniques in development such as clustering and planned development, which at the same time provide economic benefits to the general public through the use of private streets and common spaces. These required improvements represent the minimum standards. The subdivider and the City may negotiate to provide and maintain improvements above and beyond the minimum standards.

(b) Bond For Monuments. Before final approval of any subdivision within the corporate limits of the City of Madison, the subdivider shall install monuments placed in accordance with the requirements of Wis. Stat. ch. 236. The City Engineer may waive the placement of monuments for a reasonable time on the condition that the subdivider executes a surety bond to insure the placing of such monuments within the time required. On behalf of the City of Madison, the City Clerk is authorized to accept such surety bonds and contracts in the amount approved by the City Engineer.

(c) Contract for Public Improvements for Subdivisions.

1. Form of Contract. As a condition of approval of the subdivision, the subdivider shall be required to enter into a contract to provide certain public and private improvements.

2. Surety. The subdivider shall file with said contract, subject to the approval of the City Attorney, security in the form of a bond, an irrevocable letter of credit or a certified check, in an amount that is not more than one hundred twenty percent (120%) of the estimated total cost of the public improvements prepared by the City Engineer as security to guarantee that the improvements will be completed by the subdivider or her/his contractors as provided by the contract for subdivision improvements. If the improvements will be installed in phases, the amount of the security shall be limited to the phase being constructed.
(Am. by ORD-11-00074, 5-31-11)

3. Construction Phases and Time of Completion. All subdivision improvements shall be completed within eighteen (18) months from the date of recording of the subdivision, unless otherwise approved by the City Engineer or the Board of Public Works and the Common Council after submission by the subdivider of the necessary written amendment to extend the security. However, the subdivider and the City may agree that the subdivider may install the improvements in construction phases, provided that: the phases are specified in the contract for subdivision improvement; the developer records deed restrictions approved by the City Attorney which specify that the lots which are included in future construction phases of the subdivision will not be transferred or sold unless the City's approval is obtained; the subdivider minimizes grading and other

disturbance of land included in future construction phases in order to prevent erosion, the erosion control plan submitted and approved addresses the individual phases of construction; and, the construction phases proposed by the subdivider reflect the needs of the City and adjacent property owners for street and other improvements to serve lands adjacent to and within the subdivision. (Am. by ORD-11-00074, 5-31-11)

4. Guarantee of Work. Upon completion of the construction of major components of the work, i.e., public water distribution system, public sewerage system, public drainage system, public streets and walkways, street lighting, intersection area improvements, traffic signals, park improvements or buffer and planting strips, the subdivider shall request an inspection by the City Engineer. Upon acceptance by the City Engineer, submittal of the lien waivers, affidavits regarding payment and compliance with the prevailing wage rate from all contractors, and detailed and itemized breakdown of the work to be accepted, each major component of the work shall be submitted to the Board of Public Works and Common Council for acceptance. Upon substantial completion, as defined below, the City Engineer is authorized to accept a reduction in the security to an amount equal to the estimate of the City Engineer of the cost of work remaining to be completed, plus ten percent (10%) of the total cost of the public improvements to insure performance of any one-year guarantee against defects in workmanship and materials of the work component accepted. When work on major components of construction has been substantially completed except for work which cannot be completed because of weather conditions or other reasons which, in the judgment of the City Engineer are valid for noncompletion, the City Engineer is authorized to accept the reduction in the amount of security sufficient to cover the work remaining to be completed plus ten percent (10%) of the total cost of the public improvements to insure performance of a one-year guarantee period against defects in workmanship and materials. Prior to authorizing said reduction, the City Engineer may require the subdivider to submit a lien waiver from her or his contractors. Public improvements reasonably necessary for a project or a phase of a project are considered to be substantially completed at the time the binder coat is installed on roads to be dedicated, or, if the required public improvements do not include a road to be dedicated, at the time that ninety percent (90%) of the public improvements by cost are completed. The City Engineer may require additional deposits or subsequent contracts and security for components of the work that are not constructed at the time of substantial completion.

5. Contractor Qualifications. The contractor(s) employed by the subdivider to construct the public improvements shall be prequalified by the Board of Public Works for the appropriate category of work. The contractor(s) shall maintain insurance as required by the City of Madison Standard Specifications for Public Works Construction.

The contractor(s) shall comply with Wis. Stat. § 66.0903 which provides for the payment of the prevailing wage rates to the contractor's employees. (Am. by ORD-14-00012, 1-14-14)

6. Construction by the City. In those cases where the Common Council determines that it is in the interest of the City to install all or part of the improvements and special assess the cost of the work, the subdivider, and her/his heirs and assigns, waive notice and hearing to the assessment for public improvements in accordance with Wis. Stat. § 66.0703(7)(b), in a recordable document.

7. Exceptions for Governmental Units. Governmental units sponsoring a subdivision shall enter into a Contract for Public Improvements for Subdivisions but may file, in lieu of the required surety, a letter from the officers authorized to act in its behalf, agreeing to comply with the provisions of the contract, and a copy of the contractor's performance bond.

(Sec. 16.23(9)(c) Am. by ORD-14-00157, 10-15-14)

(d) Public Improvements and Procedures. The subdivider shall comply with the following procedures, standards, and specifications unless amended by the Plan Commission, Board of Public Works, or Common Council.

1. Erosion Control. Prior to recording the final plat or undertaking any land disturbances, the subdivider shall obtain a Land Disturbing Activity and Runoff Control Permit specified in Chapter 37, Madison General Ordinances. Prior to the acceptance of the public improvements required of the subdivider, s/he shall submit a post construction erosion control plan to the City Engineer for approval.

2. Inter-/Intra-Block Surface, Drainage and Foundation Design. Prior to the issuance of building permits, the Developer shall submit for review and approval, a Master Storm Water Drainage Plan to the City Engineering Division as part of the Post Erosion Control Plan. The plan shall indicate, but not be limited to, elevations of all lot corners to the nearest 0.25 foot, elevation of streets, existing topography of the block, proposed intra-block drainage, and an indication of the direction of drainage through the use of arrows on all lot lines which are not common with public street right-of-way.

Proposed slopes along lot lines, and thus between known points of elevation, shall always be greater than or equal to .0075 ft/ft. No building permits shall be issued prior to City Engineering's approval of this plan.

The following notes shall be included on the final plat/certified survey map:

a. All lots within said plat/certified survey shall be subject to public easements for drainage purposes which shall be a minimum of six feet in width measured from the property line to the interior of each lot except that the easements shall be 12 feet in width on the perimeter of the plat/certified survey. For purposes of two (2) or more lots combined for a single development site, or where two (2) or more lots have a shared driveway agreement, the public easement for drainage purposes shall be a minimum of six (6) feet in width and shall be measured only from the exterior property lines of the combined lots that create a single development site, or have a shared driveway agreement, except that the easement shall be twelve (12) feet in width along the perimeter of the plat/certified survey. Easements shall not be required on property lines shared with greenways or public streets. No buildings, driveways, or retaining walls shall be placed in any easement for drainage purposes. Fences may be placed in the easement only if they do not impede the anticipated flow of water. In the event of a City of Madison Plan Commission and/or Common Council approved redivision of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision. (Am. by Ord. 13,639, 6-23-04; ORD-08-00094, 8-23-08)

b. The intra-block drainage easement shall be graded with the construction of each principal structure in accordance with the

approved storm water drainage plan on file with the City Engineer and the Zoning Administrator, as amended in accordance with the Madison General Ordinances.

The following note shall accompany the Master Storm Water Drainage Plan:

a. For purposes of said plan, it is assumed that grading shall be a straight line grade between points unless otherwise indicated. All slopes shall be .0075ft/ft or steeper. Grade breaks between lot corners requiring drainage arrows shall be shown by spot elevations or through the use of drainage arrows.

Two (2) weeks prior to the recording of the final plat the subdivider shall submit to the City Engineer a Surface Water Drainage Plan for all blocks within the plat. The water drainage plan may be submitted as part of the Erosion Control Plan. The Surface Water Drainage Plan shall indicate, but not be limited to, the following: elevation of streets, existing topography of the block, proposed inter-block drainage, and indication of the direction of drainage.

Upon approval of the Surface Water Drainage Plan the subdivider shall cause to be set upon the final plat arrows indicating the direction of drainage for each property line not fronting on a street, and the following note:

"Arrows indicate the direction of surface drainage swale at individual property lines and said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner unless modified with the approval of the City Engineer."

Two (2) weeks prior to the recording of the final plat the subdivider shall submit a report by a professional engineer regarding the location of the ground water table and subsurface soil and rock conditions as determined pursuant to Section 16.23(7)(a)13. of these ordinances. Where the ground water table is equal to or less than nine (9) feet from the proposed street centerline elevation the subdivider shall place the following note on the plat:

"Subsoil information indicates that the basement of structures on Lot(s) are to be at elevation or higher or that a structural plan of the structure's foundation shall be submitted to the Director of the Building Inspection Division for approval with the application for a building permit as required information."

The elevation of the basement as described in the paragraph to be placed on the plat shall be a minimum of two (2) feet higher than the elevation of the ground water table as determined in the Engineer's report.

(Sec. 16.23(9)(d)2. Am. by Ord. 11,787, 3-4-97; ORD-08-00109, 10-7-08)

3. Public Water Distribution System. The subdivider shall provide the public water distribution system and services necessary to serve her/his subdivision, all in accordance with the plans prepared by the Water Utility Manager (lots created to accommodate two-family detached dwelling units, "two-family twin lots" shall be served with two water services). The subdivider shall dedicate any lands required for the installation of wells or reservoirs by the City's Water Utility and easements required for the installation of the public water distribution system. All costs associated with the installation of the public water distribution system, including those of the Water Utility, shall be borne by the subdivider except that the Water Utility shall provide pipe and appurtenances whose diameter is greater than ten (10) inches provided that the subdivider reimburse the

Water Utility for an equal quantity of ten-inch pipe and appurtenances. Water mains outside of, or on the perimeter of the subdivision may be installed in accordance with an assessment reimbursement contract as provided in the Water Utility Service Rules as filed with the Wisconsin Public Service Commission. The public water distribution system shall be installed in accordance with the Standard Specifications for Public Works Construction, the rules and regulations of the Water Utility and the requirements of the Wisconsin Department of Natural Resources and the Madison Fire Department. (Am. by Ord. 11,782, 2-17-97; ORD-12-00134, 1-2-13)

4. Public Sewerage System. The subdivider shall install public sanitary sewers, interceptors, pumping stations and force mains, and building sewers within the public right of way (laterals) to serve all lots in the subdivision, extending the sanitary sewer mains to the perimeter of the subdivision at her/his sole expense, all in accordance with the plans prepared by the City Engineer (lots created to accommodate two-family detached dwelling units, "two-family twin lots" shall be served with two water services). The subdivider shall dedicate any easements required for the installation of public sanitary sewers, force mains or interceptors and shall dedicate any lands required for the pumping stations. The subdivider shall pay all sanitary interceptor area or connection charges levied by the Madison Metropolitan Sewerage District, the City, or other municipality whose charges are approved or certified by the City prior to the commencement of the installation. The installation will comply with the Standard Specifications for Public Works Construction and the requirements of the Wisconsin Department of Natural Resources. (Am. by Ord. 11,782, 2-17-97; ORD-12-00134, 1-2-13)

5. Public Drainage System. The subdivider shall construct a public drainage system consisting of storm sewer mains and manholes, storm inlets and leads, greenways, storm water detention/retention basins, culverts and appurtenances in accordance with the plans prepared by or approved by the City Engineer to serve the subdivision. In those cases where the City Engineer determines that a significant portion of the area generating storm water drainage is beyond the perimeter of the subdivision, or in those cases where the cost of storm sewer mains is significant, the subdivider may request that the City install the storm sewer mains and manholes and special assess the cost of the improvements. The schedule installation shall be contingent on available funding. The subdivider, and her/his heirs and assigns, waive notice and hearing to the assessment for public drainage improvements in accordance with Wis. Stat. § 66.0703(7)(b), in a recordable document. The subdivider shall pay outstanding special assessments or connection charges for downstream drainage improvements attributed to her/his subdivision.

   Greenways included in the subdivision shall be improved by the subdivider as follows:

   a. The preliminary plat shall indicate the greenway boundaries, natural drainageways, intermittent streams, springs, ponds, creeks, streams and lakes. The City Engineer may require additional surveys including topographical maps or cross-sections to locate the drainageway.

   b. Where the City Engineer determines that an existing drainageway has acceptable hydraulic capacities, the existing natural growth shall be preserved and any damaged areas shall be restored.

c. Where the City Engineer determines that the alignment of the drainageway does not have acceptable hydraulic capacities, the subdivider shall grade the greenway or drainageway with a ten (10) foot wide ditch bottom and four to one (4 to 1) side slopes, and revegetate all disturbed areas.

d. The subdivider shall provide and install culverts and endwalls in accordance with plans prepared by the City Engineer under all streets crossing the greenway or drainageways.

e. In order to assure proper drainage, the ground elevation of any property line abutting a greenway shall be not lower than four (4) feet above the elevation of the greenway flowline as established by the City Engineer. The City Engineer may establish a higher elevation for the property line based on the elevation of the regional flood or the design storm, as applicable. All door and window elevations shall be higher than the above described property line. The lot shall be graded or filled to drain to the property line abutting the greenway or to the street abutting the plat. The developer shall record a deed restriction with these requirements, satisfactory to the City Attorney and the City Engineer, for all lots abutting greenways or public drainageways.

6. Public Streets and Walkways.

a. The subdivider shall submit profile plans of all streets and easements to the City Engineer prior to the recording of the final plat. The plans shall accurately fix the proposed lots, the existing grades and topographical features.

b. In accordance with the plans prepared by the City Engineer, the subdivider shall grade the full width of all street right of ways within the subdivision and all easements, including vision triangles required in Section 27.05(2)(bb) of the Madison General Ordinances (Minimum Housing and Property Maintenance Code). The grading shall be to subgrade elevation. Unless specified, grading shall be done in accordance with the Standard Specifications for Public Works Construction. Special provisions may be required by the City or mutually agreed upon with the developer to preserve existing trees or other natural features. (Am. by ORD-12-00134, 1-2-13)

c. After the installation of water distribution, sanitary sewerage and public drainage facilities, the subdivider at her/his sole expense, shall install public streets and walkways within the subdivision in accordance with the plans prepared by the City Engineer. No building permit shall be issued until the streets have been installed unless the subdivider shall provide and maintain temporary streets twenty-eight (28) feet in width paved with six (6) inches of compacted crushed stone and obtain the approval of the City Engineer and the Fire Marshal.

d. The City may install or reimburse the subdivider an amount not to exceed the statutory prescribed limit, the cost of the pavement, curb and gutter, and public walkway improvements that benefit and abut lands owned by the City. However, this shall not apply to inter-block walkways.

e. Public walkways or sidewalks shall be installed within all public right of ways and public walkway easements unless the Plan Commission, after considering the recommendations of the Plan-

ning Division Director, the City Engineer and the Traffic Engineer, determine that the public walkways are not required. In making this determination, consideration shall be given to anticipated pedestrian volumes, pedestrian access to schools or bus routes, continuity of the sidewalk or bicycle route systems, land use density, cul-de-sac or loop street patterns, and the pattern of development of adjacent lands. The installation and location of public walkways may be modified to protect and preserve significant trees.

f. The subdivider shall install and maintain barricades conforming to the Standard Specifications for Public Works Construction at all street ends which are not constructed as a cul-de-sac prior to acceptance of the work and through the guarantee period specified in the contract for Public Improvements for Subdivisions.

g. The subdivider shall install public walkway or sidewalk within the right of way of existing streets on the perimeter of the subdivision. The subdivider, and her/his heirs and assigns, shall also waive notice and hearing for the special assessment of the cost of the improvement of existing streets on the perimeter of the subdivision in accordance with Section 66.0703(7)(b), Wis. Stats., and Section 4.09, Madison General Ordinances. The Developer may be required to install interim improvements on existing roads on the perimeter of the plat required by poor sight distance, or to widen or strengthen the existing pavement for the needs of the development.

h. The following note shall be included on the final plat/certified survey map: Streets in this plat with a minimum ROW width of less than sixty (60) feet and a minimum pavement width of thirty-two (32) feet are subject to inspection by the Madison Fire Department and Traffic Engineering three (3) years and five (5) years after their completion and may be subject to parking restrictions as a result of said inspections. (Cr. by ORD-06-00054, 5-4-06)

7. Street Trees. In order to provide trees within the public right of way, the subdivider, and her/his heirs and assigns, waive notice and hearing to the assessment for public improvements in accordance with Section 66.0703(7)(b), Wis. Stats., and Section 10.10(11), Madison General Ordinances, in a recordable document. The trees shall then be installed by the City and special assessed to the benefited properties at a time determined by the City. In the alternative, the subdivider may elect to install the trees and other landscaping at her/his sole expense in accordance with plans prepared or approved by the Parks Superintendent as a component of the public improvements of the subdivision.

8. Street Lighting. In order to provide street lighting and underground distribution cable within the public right of way, the subdivider, and her/his heirs and assigns, waive notice and hearing to the assessment for public improvements in accordance with Section 66.0703(7)(b), Wis. Stats., and Sec. 10.39, Madison General Ordinances, in a recordable document. The street lights shall then be installed by the City and special assessed to the benefited properties at a time determined by the City. In the alternative, the City may require the developer to install the street lights and underground distribution cable at her/his expense cost in accordance with plans prepared or approved by the Traffic Engineer as a component of the public improvements of the subdivision.

9. Intersection Area Improvements. The subdivider shall pay the cost of intersection area improvements such as additional or modified traffic lanes, turn lanes or bays, traffic signals, street lighting, conduit, flashers, signs, markings, loop detectors, bike lanes, bus lanes, pullouts and shelters or other improvements within existing streets beyond the perimeter of the development necessitated by or for the benefit of the development in accordance with the plans prepared or approved by the City Engineer and City Traffic Engineer. In addition, the City may require the subdivider to construct some or all of the aforementioned improvements at the subdivider's sole expense in accordance with the plans prepared or approved by the City Engineer or City Traffic Engineer.

10. Traffic Signals. In order to provide traffic signals and underground distribution cable within the public right of way, the subdivider shall pay to the City that portion of the cost of traffic signals determined by the City Traffic Engineer to be necessitated by the subdivision prior to the recording of the final plat. The subdivider, or her/his heirs and assigns, shall waive notice and hearing to the assessment for traffic signals in accordance with Section 66.0703(7)(b), Wis. Stats., and Section 4.09, Madison General Ordinances, in a recordable document. The subdivider shall install the conduit, handholes and other appurtenances for the traffic signals, underground cable, and traffic monitoring equipment at her/his sole expense in accordance with plans prepared or approved by the Traffic Engineer as a component of the public improvements of the subdivision. The City shall install all traffic signals. The need for and schedule for installation of said signals shall be determined by the City.

11. Buffer or Planting Strips. The subdivider shall landscape all buffer or planting strips in accordance with the plans and specifications prepared or approved by the Planning Division.

(e) Reimbursement to the City for Costs Sustained. The subdivider of subdivisions within the City of Madison shall reimburse the City for its actual cost of design, inspection, testing, construction, traffic signing and marking, and associated legal and real estate expenses for the required public improvements for the subdivision. The City's expenses shall be determined as follows:

1. The cost of City employees' time engaged in the required public improvements based on the hourly rate paid to the employee multiplied by a factor determined by the respective Division/Department to represent the City's cost for statutory expense benefits, insurance, sick leave, holidays, vacation and similar benefits, overhead and supervision, said factor not to exceed 2.25.
2. The cost of City equipment employed.
3. The cost of mileage reimbursed to City employees which is attributed to the subdivision.
4. The actual costs of City materials incorporated into the work including transportation costs plus a restocking and/or handling fee not to exceed 20% of the cost of the materials.
5. All consultant fees associated with the subdivision at the invoiced amount, in compliance with Section 66.0628(3), Wisconsin Statutes. (Am. by ORD-08-00050, 5-24-08
6. All plan review charges or other service expenses attributed to the subdivision that are imposed upon the City by other regulatory entities or service providers at the invoiced amount.

The subdivider shall advance to the City Treasurer an amount equal to an estimate of the City's expenses, as prepared by the participating City

Divisions/Departments at the time the subdivider files a contract for subdivision improvements. At the conclusion of the project, the respective agencies shall bill the actual cost to the subdivider. In the event that the actual cost is calculated to be less than the advanced amount, the difference shall be refunded to the developer. In the event the advance is less than the actual amount, the subdivider shall be billed the difference and payment shall be a condition precedent to acceptance of any major components of construction.

7. The costs of City employees' time engaged in inspecting streets for a determination of the impact of streets with a minimum ROW width less than sixty (60) feet and a minimum pavement width less than thirty-two (32) feet. (Cr. by ORD-06-00054, 5-4-06)

(Sec. 16.23(9) R. & Re-Cr. by Ord. 10,374, Adopted 2-4-92; Am. by ORD-06-00091, 8-2-06)

(10) Variances. When in the judgment of the Plan Commission it would be inappropriate to apply literally provisions of Subsection (8) of this ordinance because the subdivision is located outside the corporate limits or because extraordinary hardship would result, it may waive or vary such provisions so that substantial justice may be done and the public interest secured.

(11) Severability Provision. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional by reason of a decision of any court of competent jurisdiction, such decision shall not affect the validity of any other section, subsection, sentence, clause or phrase thereof.

(12) (a) Any person, partnership, corporation or legal entity of any sort who fails to comply with the provisions of this Ordinance shall, upon conviction thereof, forfeit not less than two hundred dollars ($200) nor more than one thousand dollars ($1,000) for each violation plus the costs of prosecution. Each day of violation shall constitute a separate offense. In addition to said forfeiture, the fees for any certified survey map or land division or any preliminary or final plat shall be doubled. Where preliminary and final plat approvals have not been obtained for any land subdivision by the City, no offer or contract to convey may be made unless the offer or contract states on its face that said offer or contract is contingent upon approval of the final plat and shall be void if such plat is not approved.

(b) In addition to any other remedy contained within this chapter, the Common Council may authorize, by resolution, institution of injunctive or other appropriate action or proceedings to enjoin a violation of any provisions of these Land Subdivision Regulations.

(Am. by Ord. 10,534, 11-13-92)

16.24 CONDOMINIUM INSTRUMENT REVIEW.

(1) No person shall record any condominium instrument without submitting it for review to the Department of Planning and Community and Economic Development.

(2) The submittal shall include a copy of the final condominium instrument, a completed application form, and a fee of two hundred dollars ($200).

(3) Any condominium plat that is submitted shall be reviewed as follows:

(a) The name of the condominium and the county in which it is located must appear on each sheet of the plat. The condominium name must be unique in the county in which it is located. Each sheet of a plat shall be consecutively numbered and show the relation of that sheet to the total number of sheets.

(b) Plans shall show the location of each building located or to be located on the property. If there are units in a building, the plans shall show the perimeters,

approximate dimensions, approximate square footage, and location of each unit in the building. Common elements, including limited common elements, shall be shown graphically to the extent feasible.

(c) Each unit shall be designated on the condominium plat by the unit number. Unit numbers may not contain more than eight (8) numerals and must be unique throughout the condominium.

(d) All survey maps and floor plans shall be legibly prepared with a binding margin of one and one-half (1½) inches on the left side and a one (1) inch margin on all other sides on a durable white medium that is fourteen (14) inches long by twenty-two (22) inches wide with a permanent non-fading black image. All maps and plans shall be drawn to a convenient scale.

(e) Outlines of the land, buildings, and common elements of new property that may be added to the condominium shall be shown on the plat.

(f) A certificate of a licensed land surveyor authorized to practice that profession in this state shall certify that the plat is a correct representation of the condominium described and that the location of each unit and the common elements can be determined from the plat.

(4) The Director of the Department of Planning and Community and Economic Development shall complete the review of condominium instruments within ten (10) working days of submission of the instrument(s), a complete application, and fee. Reasons for rejection shall be forwarded to the applicant in writing. Resubmittal may require an additional fee if the Director of the Department of Planning and Community and Economic Development determines that a full review of the new submission is necessary. Approval of the condominium instruments shall be certified in writing by the Director of the Department of Planning and Community and Economic Development. If the Director of the Department of Planning and Community and Economic Development fails to act on the condominium instrument(s) within ten (10) working days, the instrument(s) shall be deemed approved and approval certified as above.

(Sec. 16.24 Cr. by ORD-08-00036, 4-4-08)

16.25 OFFICIAL MAP.

(1) Intent. It is the intent of the Common Council to establish an official map for the purpose of conserving and promoting the public health, safety, convenience, economy, orderliness and general welfare of the community; to further the orderly layout in the use of land; to stabilize the location of real property boundary lines; to insure proper legal description and proper monumenting of land; to facilitate adequate provision for transportation, parks, playgrounds and storm water drainage; and to facilitate the further subdivision of larger tracts into smaller parcels of land.

(2) Authority. This ordinance is enacted under the authority granted by Sec. 62.23(6), Wis. Stats.

(3) Definitions.

"Airport" shall mean an Airport as defined by Section 114.002(7), Wisconsin Statutes. (Cr. by Ord. 9169, 5-6-87)

"Airport Affected Area" shall mean an area within three miles of the boundaries of the Dane County Regional Airport. (Cr. by Ord. 9169, 5-6-87)

"Parkway" for the purpose of this section shall include any right-of-way for vehicular or pedestrian traffic, or both, with full or partial control of access and usually located within a park or a ribbon of parklike development. Said parkway may include land area which is required for storm water drainage purposes where the drainage improvement is to include parklike treatment and where pedestrian or vehicular travel may be permitted.

"Waterways" includes rivers, streams, creeks, ditches, drainage channels, watercourses, lakes, bays, ponds, impoundment reservoirs, retention and detention basins, marshes and other surface water areas regardless of whether the areas are natural or artificial. (Cr. by Ord. 9169, 5-6-87)

(4) Description of Area Subject to Ordinance. The official map area is hereby established for the City of Madison and all those parts of adjacent townships as defined by the current City of Madison corporate boundary legal description on file with the City Engineer, the extraterritorial jurisdiction limits as provided by Wis. Stat. § 236.10 (1) (b) 2, and any and all agreements with adjacent towns that are approved by town(s), village(s), city(ies) and the state.

The official map, together with all information shown thereon, shall be as much a part of this ordinance as if fully set forth and described herein. The official map shall show the location and width of all airports, airport affected areas, platted and existing streets, highways, waterways, parkways, parks and playgrounds as heretofore laid out, adopted and established by law and shall also show the exterior lines, widening or extending of any existing, proposed or planned streets, highways, waterways, parkways, parks and playgrounds. The official map is deemed to be final and conclusive with respect to the location and width of streets, highways, waterways and parkways and the location and extent of parks and playgrounds shown thereon.
(Am. by Ord. 9249, 8-28-87; ORD-14-00097, 5-14-14)

(5) Extraterritorial Areas. As set forth in Sec. 62.23(6)(d), Wis. Stats. the airport, the airport affected area, street, highway, railroad right-of-way, public transit facility or waterway and parkway systems shown on the official map may be shown as extending beyond the boundaries of the City of Madison in extraterritorial areas. (Am. by Ord. 9169, 5-6-87)

(6) Amendments.

(a) The Common Council whenever and as often as it deems necessary for the public interest, may amend the official map of the City so as to establish the exterior lines of the airports, airport affected areas, planned new streets, highways, waterways and parkways, railroad rights-of-way, public transit facilities, parks or playgrounds; or to widen, narrow, extend or close existing streets, highways, waterways and parkways, railroad rights-of-way, public transit facilities, parks or playgrounds. When adopted, amendments become a part of the official map and are conclusive with respect to location and width of the streets, highways, waterways and parkways and the location and extent of parks, railroad rights-of-way, public transit facilities and playgrounds shown thereon.

(b) The Common Council shall refer any proposed amendment to the official map to the City Plan Commission for review and report thereon prior to adoption. The City Plan Commission must report its recommendation to the Common Council within sixty (60) days. In the event the City Plan Commission does not make its report within sixty (60) days of such reference, it forfeits the right to further suspend action.

(c) A public hearing before the Common Council of parties in interest and residents shall be required before any amendments to the official map as defined by Wis. Stat. § 62.23(6), are effective. Notice of the time, place and purpose of such hearing shall be given by publication as a Class 2 Notice under the Wisconsin Statutes in the official City newspaper. (Am. by ORD-17-00030, 3-8-17)

(d) Notice of the time, place and purpose of such public hearing shall also be sent to the owners of record who are owners of property situated within three hundred (300) feet of the nearest exterior line of Official Map Amendment, and whose post office address is known or can be ascertained with reasonable diligence. This notice requirement shall not apply to the amendment to the official map regarding the airport or airport affected areas. If the properties affected are outside the City

limits, notice shall also be sent to the clerk of the township involved. All said notices shall be sent at least ten (10) days prior to the date of such public hearing.

(e) The locating, widening or closing or the approval of the locating, widening or closing of streets, highways, waterways and parkways, railroad rights-of-way, public transit facilities, parks or playgrounds by the City under provision of law other than this section, and changes or additions made by a subdivision plat, approved by the City under Chapter 236 shall be deemed to amend the official map and do not require the public hearing specified in Subdivision (c) if the changes or additions do not affect any land outside the plat area.

(Sec. 16.24(6) Am. by Ord. 9169, 5-6-87)

(7) Building Permits.

(a) No permit may be issued for any building in the bed of any street, highway, railroad right-of-way, public transit facility, waterway or parkway shown or laid out on the map except as provided in this section.

(b) Any person desiring to construct a building in the bed of a street, highway, railroad right-of-way, public transit facility, waterway or parkway so shown as extended may apply to the Director of the Building Inspection Division of the City of Madison for a building permit. Unless an application is made and the building permit granted or not denied within thirty (30) days, the person is not entitled to compensation for damage to the building in the course of construction of the street, highway, railroad right-of-way, public transit facility, waterway or parkway. (Am. by ORD-08-00109, 10-7-08)

(c) The applicant for such a permit shall submit with her/his application, an accurate plot plan certified by a qualified surveyor showing the location of the proposed building with reference to any street, highway, railroad right-of-way, public transit facility, waterway, parkway or park or playground shown on the official map. (Am. by ORD-14-00012, 1-14-14)

(d) No permit for the erection of any building may be issued unless the street, highway or parkway giving access to such proposed building has been duly placed on the official map. For purposes of this section a street, highway or parkway shall be considered duly placed on the official map at the time that the governing body accepts such street, highway or parkway.

(Sec. 16.24(7) Am. by Ord. 9169, 5-6-87)

(8) Municipal Improvements. No public sewer or other municipal street utility or improvement shall be constructed in any street, highway or parkway until such street, highway or parkway is duly placed on the official street-highway map. For purposes of this section, a street, highway or parkway shall be considered duly placed on the official map at the time that the governing body accepts such street, highway or parkway.

(9) Appeals.

(a) The Zoning Board of Appeals of the City of Madison may review any administrative decision of the city building inspector denying a permit for the erection of a building under this ordinance and may grant, conditionally grant or refuse a permit by the vote of a majority of its members in the manner provided for under Sec. 62.23(6)(d) through (g), Wis. Stats.

(b) Before taking any action authorized in this subsection, the Board of Appeals shall follow the procedure set forth in Sec. 62.23(6)(f), Wis. Stats.

(Sec. 16.24(9) Am. by Ord. 7134, 10-30-80)

(10) Certified Copy Of Map.

(a) A certified copy of the official map shall be kept in the office of the City Engineer and shall be available for inspection by any interested person during regular office hours. The certified copy shall bear on its face a certification that it is a true copy of the official map described in the ordinance and shall show the date of adoption of this ordinance and shall be signed by the Mayor and countersigned by the City

Clerk. Thereafter every amendment of a proposed street, proposed highway, proposed waterway/parkway, proposed railroad right-of-way, proposed public transit facility, proposed park or proposed playground on the official map shall be indicated by the appropriate convention on the aforesaid certified copy of the official map and a certificate placed thereon or attached thereto bearing the number or date of adoption of the amendment. The certificate shall be signed by the Mayor and countersigned by the City Clerk. For purposes of this section, plats, certified survey maps and property transaction complying with applicable laws or ordinances do not require certification when being placed on the official map.

(b) A certified copy of the official map and amendments thereto affecting the Towns of Blooming Grove, Madison, Fitchburg, Burke, Dunn, Middleton, Westport and Verona shall be sent to the Town Clerks of the appropriate towns and the Dane County Zoning Administrator.

(Sec. 16.24(10) Am. by Ord. 9169, 5-6-87)

(11) Filing With Register of Deeds. Upon adoption of the official map, the City Clerk shall immediately file with the Dane County Register of Deeds a certificate showing that the City has established such official map. (Am. by Ord. 7134, 10-30-80)

(12) Effect Of Placement Upon The Official Map. The placing of any street, highway, waterway/parkway, railroad right-of-way, public transit facility, park or playground line or lines upon the official map does not constitute the opening or establishment of any street, waterway/parkway, railroad right-of-way, public transit facility, park or playground or the taking or acceptance of any land for these purposes. (Am. by Ord. 9169, 5-6-87)

(13) Enforcement. It shall be the duty of the City Director of the Building Inspection Division to enforce the provisions of this ordinance. (Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

(14) Penalties. Any person, firm or corporation who fails to comply with the provisions of this ordinance shall, upon conviction thereof, forfeit not more than two hundred dollars ($200) and not less than fifty dollars ($50), and cost of prosecution for each violation.

(15) Severability. If any section or part of this ordinance is adjudged unconstitutional or invalid by any court of competent jurisdiction, the remainder of this ordinance shall not be affected thereby.

(16) Effective Date. This ordinance shall be effective after adoption by the Common Council and publication or posting as provided by law.

(Former Sec. 16.24 Renum. by ORD-08-00036, 4-4-08)

Thence southeasterly to a point in the northwest line of Dutch Mill Road. Last mentioned point being 200 feet northeast of the most southerly corner of said Outlot 51 measured along the northwest line of Dutch Mill Road. Last mentioned point being the end of the setback line on the south side of Femrite Drive.

(bb) The setback line on the west side of the Nakoma Road-South Midvale Boulevard intersection, south of Hammersley Road shall be as hereinafter described:

Commencing at the northwest corner of Outlot A, Third Addition to Crawford Heights, a recorded plat in the west half of the northeast quarter and part of the northwest quarter of the southeast quarter of Section 32, Town 7 North, Range 9 East, City of Madison, Dane County, Wisconsin; thence south 89 degrees 19 minutes east, 206.8 feet along the north line of said Outlot A to a point of curve and the point of beginning of the setback line to be described; thence on a curve to the right convex to the northeast, having a radius of 2,510 feet and a long chord that bears south 39 degrees 59 minutes 43 seconds east, 37.92 feet to a point of compound curve; thence on a curve to the right convex to the southeast, having a radius of 136 feet and a long chord that bears south 19 degrees 24 minutes 57 seconds west, 47.65 feet to a point of reverse curve; thence on a curve to the left convex to the northwest having a radius of 164 feet and a long chord that bears south 22 degrees 57 minutes 46 seconds west, 37.37 feet; thence north 71 degrees 27 minutes 15 seconds west, 10 feet; thence south 18 degrees 32 minutes 45 seconds west, 50 feet; thence south 71 degrees 27 minutes 16 seconds east, 10 feet to a point of curve; thence on a curve to the left convex to the northwest, having a radius of 164 feet and a long chord that bears south 14 degrees 07 minutes 43 seconds west, 37.37 feet to a point of reverse curve; thence on a curve to the right convex to the southeast having a radius of 136 feet and a long chord that bears south 17 degrees 40 minutes 32 seconds west 47.65 feet to a point of compound curve; thence on a curve to the right to the southeast, having a radius of 686 feet and a long chord that bears south 36 degrees 00 minutes 27 seconds west, 196.69 feet to a point in the southeast line of Outlot B of said Third Addition to Crawford Heights Plat. Last mentioned point also being in the northwest line of Nakoma Road, as presently located, and the end of the setback line described.

(2) Requirements. No buildings shall be erected to extend beyond the setback lines as established in subsection (1) hereof, nor shall any building which existed before the establishment of setback lines as set forth in subsection (1) of this section be altered, enlarged or rebuilt so as to result in said building extending beyond the setback lines established in subsection (1) of this section; nor shall any building which existed prior to the establishment of the setback lines as aforesaid and which at that time extended beyond said setback line be repaired, rebuilt, altered or improved if the cost thereof exceeds fifty percent (50%) of the assessed value of said building before such alterations or repairs are begun.

17.01 TITLE. This chapter shall be known as the Radio, Television and Electronics Code of the City of Madison.

17.02 PURPOSE AND SCOPE OF THIS CODE.

(1) The purpose of this code is to provide minimum regulations to insure safety to persons and property, safe and stable design, well executed methods and uses of materials in the construction of electronic equipment or apparatus which includes, but is not limited to, antennas, communication towers and dishes.

(2) The sections contained in this code shall be binding upon every building owner and every person in charge of or responsible for the construction or alteration of any antenna system, communication tower or dish system.

17.03 SUPERVISION BY BUILDING INSPECTION DIVISION OF THE DEPARTMENT OF PLANNING AND COMMUNITY AND ECONOMIC DEVELOPMENT.

(1) The Building Inspection Division of the Department of Planning and Community and Economic Development shall have the general supervision over this ordinance and shall be responsible for the enforcement of its provisions.

(2) The Electrical Inspectors shall perform the necessary inspections of aerial and ground antenna systems, in or on any commercial, industrial, private, or public premises.

(3) The Electrical Inspectors shall have the right to inspect, condemn, and order removal of any equipment that may entail a distinct hazard to life or property as set forth in this code. The Electrical Inspectors shall order repairs or alterations to equipment found contrary to this code by notice to the owner or person in charge of or responsible for the equipment repairs or alterations to correct the same within the period specified by the Electrical Inspector.

(Am. by ORD-08-00109, 10-7-08)

17.04 DEFINITIONS.

Antenna. Any exterior transmitting or receiving device mounted on a tower, building, or structure and used in communications that radiate or capture electromagnetic waves, microwaves, digital signals, analog signals, radio frequencies (excluding radar signals), television signals, wireless communication signals or other communication signals. (Am. by ORD-16-00058, 6-17-16)

Antenna Mast. That portion of the outside antenna system for radio or television receiving apparatus or equipment to which the antenna elements are attached.

Antenna Mast Support. The support or extension required to elevate the antenna mast to a height deemed necessary for adequate operation.

Antenna System. The combination of any antenna, mast and tower or mast support as defined above, excluding standard television antennas and direct broadcast systems (dishes) under forty-two (42) inches in diameter located at single-family detached dwellings, two-family (two-unit) dwellings, two-family (twin) dwellings, three family (three-unit) dwellings, or single-family attached dwellings as defined in Sec. 28.211, MGO. (Am. by ORD-16-00058, 6-17-16)

Antenna System, Height of. The overall vertical height of the antenna system above the ground, or if any such system be located on a building, then, above that part of the level of such building upon which the system is mounted.

Approved. As to material, workmanship, and types of construction; means approval by the Building Inspection Division of the Department of Planning and Community and Economic Development.

Equipment, Receiving. Antenna systems and electric wiring used to convey electric energy between one (1) or more portions of the receivers and the antenna system. (Am. by ORD-16-00058, 6-17-16)

Installation. The locating of antenna systems in relation to buildings, public thoroughfares, power and communication lines. (Am. by ORD-16-00058, 6-17-16)

Noncorrosive. A material not subject to gradual wearing away, weakening, or rusting due to the inclemencies of weather.
(Am. by ORD-08-00109, 10-7-08)

17.05 ANTENNA INSTALLERS TO BE INSURED.

Antenna installers shall give evidence that s/he or they and the City of Madison are fully protected from any and all claims under Worker's Compensation Acts, personal and other claims for personal injury, including death, and all public liability damages which may arise from installations. Such insurance shall be written by a company authorized to do business in the State of Wisconsin and have a face value for public liability and property damage of five hundred thousand dollars ($500,000). Certificates of Insurance shall be filed with the Building Inspection Division of the Department of Planning and Community and Economic Development. No permit shall be lawfully issued unless such policies are in full force and effect. (Am. by ORD-08-00109, 10-7-08)

17.06 APPLICATION FOR PERMITS.

Applications for building permits shall be made at the office of the Director of the Building Inspection Division in writing on a form to be furnished for that purpose. Such application shall describe the land upon which the proposed work is to be done, and shall readily identify and definitely locate the proposed equipment, systems or work, and shall show the use or occupancy and such other pertinent information as may be required by the Director of the Building Inspection Division. (Am. by ORD-08-00109, 10-7-08)

17.07 PERMITS, PLANS, SPECIFICATIONS, AND DATA.

(1) Permits.

(a) It shall be unlawful for a person, firm or corporation to construct, alter, install, replace, modify or repair any communications tower, dish system or antenna system, such as are subject to the provisions of this code, without first obtaining a building permit from the Director of the Building Inspection Division and paying the required fee therefor.

(b) A permit may be issued to any person to install an antenna system on her/his own private residence if the Director of the Building Inspection Division is satisfied that such person is competent to do the work in accordance with this chapter.

(c) There shall be no permanent installation of public address systems, or permanent installations of television, radio and radio signaling systems using microphones, tubes, amplifiers and speakers, or any electronic equipment in commercial, industrial, private or public buildings or premises without first obtaining a permit and depositing the required fee. Upon completion of the work for which a permit has been taken out, the permittee shall promptly notify the Mechanical Inspection Supervisor who shall cause inspection of the work, and if it complies with the provisions of the Wisconsin State Electrical Code and the ordinances of the City of Madison, s/he shall issue a statement to that effect and that the work may be connected up and used commercially or by private individuals. The installer shall be notified by the Electrical Inspector if the work does not pass inspection. Any permit issued to an applicant shall be void if unused thirty (30) days after issuance.

(2) Plans, Specifications, and Data.

(a) Application for building permits shall be filed with the Building Inspection Division showing plans and specs when an installation occurs on a multi-family residential or commercial building. Plans and specs shall be signed and sealed by a registered architect or engineer. A plot plan showing location of the system or equipment shall also accompany the plans. When all the provisions of this or related ordinances shall have been complied with and when the applicant has paid the required fee, the permit may be granted.

(Am. by ORD-08-00109, 10-7-08)

17.08 PERMIT FEES.

(1) Every owner or agent shall make application for building and electrical permits and pay to the Treasurer of the City of Madison a fee as hereinafter set out before being entitled to a permit.

(2) Antennas and Antenna Systems. (Structural - Based on the Cost of Construction)

Five dollars ($5) per $1,000 of cost ..... $20.00 minimum

..... For Mobile Service Support Structures: $3,000 maximum

(Am. by ORD-13-00189, 11-26-13)

(3) Radio or Radio Signaling System.

Public or commercial buildings: Five dollars ($5) per $1,000 .. $20.00 minimum

(4) Sound Cars or Trucks.

(a) Temporary permit fee - one (1) day $20.00

17.09 INSPECTIONS.

Upon the completion of the construction or installation of any antenna system, it shall be the duty of the permittee to inform the office of the Mechanical Inspector, who shall inspect the installation within forty-eight (48) hours of the time such request is made.

17.10 SPECIAL OR ADDITIONAL INSPECTIONS.

For special inspections other than those listed in this chapter or for reinspection or additional inspections, the fee shall be twenty dollars ($20) per inspection.

17.11 VIOLATIONS AND PENALTIES.

Any person, or anyone acting in behalf of said person, violating any of the provisions of this ordinance, or any rules or regulations lawfully established and promulgated thereunder, shall, upon conviction thereof, be subject to a fine of not less than ten dollar ($10) nor more than one thousand dollars ($1000). Each day of the violation shall constitute a separate offense. (Am. by ORD-16-00058, 6-17-16)

17.12 REGULATIONS AND CONSTRUCTION REQUIREMENTS.

(1) General Requirements.

(a) The Wisconsin State Electrical Code is hereby adopted and approved as a part of this ordinance as a minimum standard for any item not specifically covered herein.

(b) All antenna systems shall fully comply with any pertinent regulations of the Federal Communications Commission or the Civil Aeronautics Authority and all regulations and ordinances of the City of Madison.

(2) Specific Construction Requirements.

(a) Minimum Standards of Construction. It shall be unlawful for any contractor, dealer, individual, firm, or corporation to offer for sale in the City of Madison any electrical equipment, apparatus, or materials which are not tested and listed by the Underwriters Laboratories or other acceptable testing agency.

(b) Antenna Systems.

1. Antenna systems shall be constructed of noncorrosive material.
2. Roof mounted systems must have their own base or platform, securely fastened to one or more rafters using lag screws or bolts, and of sufficient size to distribute the weight of the structure plus an ice load at least one-half inch (½") in radial thickness. The ice load shall be computed upon the wires, cables, messengers and exposed surfaces.
3. The tower or mast shall be braced or guyed and anchored to resist a horizontal wind pressure of not less than thirty (30) pounds for every square foot of exposed surface.
4. Antenna masts shall not be guyed or supported by any chimney, roof ventilator, vent pipe, or fire escape.
5. All antenna systems, except for mobile service facilities and support structures and radio broadcast service facilities, shall be so installed that no part of the system will be nearer to a street, sidewalk or other public area, electric power or communication line than the height of the tower. Wires, cables, or guy wires shall not extend over any street or other public area. Where the height of the antenna is over thirty (30) feet, a detailed sketch thereof, showing the location of the antenna with respect to property lines, existing electric or communication lines, shall accompany the application for a permit, and such sketch shall show compliance with all the requirements of this ordinance. The maximum height shall be seventy-five feet (75') in residential districts without obtaining a variance from the Zoning Board of Appeals. (Am. by ORD-13-00189, 11-26-13)
6. Towers shall require noncorrosive guy wires with a tensile strength of at least six hundred (600) pounds per square inch. Guys shall be attached in accordance with manufacturer's specifications or within the concepts of accepted engineering practices. Guy wires supporting pipe masts must be located at a vertical distance of not more than ten (10) feet or at any joint.
7. Poles used for electric power or for communication lines shall not be used for supporting or for guying any antenna system. Where antenna installations are so located that damage will be caused to adjacent power or communication lines by the falling of the antenna system, a separate safety wire shall be attached to the top of the tower and secured in a direction away from the power or communication lines.
8. Anchor points shall be three-eights inch (⅜") diameter lag screws, eye bolts, or closed hooks capable of withstanding a strain of at least six hundred (600) pounds.
9. Where the height of any antenna system is thirty (30) feet or more and where three (3) levels of guying are required, no more than two (2) levels of

guying shall be secured to the same anchor point. Guy wires shall be six-eighteenths (6/18) or larger. For heights less than thirty (30) feet, six-twentieths (6/20) guys or larger may be used.

10. All guy wires, miscellaneous hardware, brackets, turnbuckles and thimble slips shall be of a noncorrosive material or similarly treated for weather protection.

(c) Radio or Television Transmission Lines. Television or radio transmission lines shall be of a type tested and listed by Underwriters Laboratories, Inc., and installed in accordance with the National Electrical Code.

(d) Height Limit Not to Apply. Height limit as described in Paragraph (2)(b)5. above shall not apply to commercial or educational systems where the construction of the tower is approved by the Federal Communications Commission, or to mobile service support structures and radio broadcast service facilities, as defined in Sec. 28.211. (Am. by ORD-13-00189, 11-26-13)

17.13 REMOVAL OF UNUSED ANTENNA SYSTEMS.

(1) The building owner or any person in charge of or responsible for any antenna system, including communication towers or dish systems, shall remove any such system from the exterior or roof of a building if the antenna system is no longer used for the purpose for which it was installed. This requirement shall not apply to antenna systems located at single-family detached dwellings, two-family (two unit) dwellings, two-family (twin) dwellings, three-family (three-unit) dwellings, or single-family attached dwellings as defined in Sec. 28.211, MGO.

(2) Failure to remove unused antenna systems shall result in penalties under Sec. 17.11.

(Cr. by ORD-16-00058, 6-17-16)

17.14 COMPLIANCE INSPECTION FEES.

(1) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. A thirty-five dollar ($35) charge may be assessed when an inspector fails to gain entry to carry out a compliance inspection. (Am. by ORD-11-00057, 4-7-11)

(2) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627.

(Cr. by ORD-10-00058, 6-11-10; ORD-11-00037, 3-8-11; Renum. by ORD-16-00058, 6-17-16)

18.01 ADMINISTRATION AND ENFORCEMENT.

(1) The design and installation of all plumbing systems, including sanitary and storm drainage, sanitary facilities, water supplies, storm water and sewage disposal in buildings and exterior from property line to building shall comply with the requirements of this code.

(2) To enforce the provisions of this code, there is hereby authorized and established the position of Plumbing Inspector. The Plumbing Inspector shall, under the direction of the Director of the Building Inspection Division, be responsible for the inspection of plumbing, water supply and drainage installations in conformity with the requirements of this code. (Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

(3) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. A thirty-five dollar ($35) charge may be assessed when an inspector fails to gain entry to carry out a compliance inspection. (Am. by ORD-11-00057, 4-7-11)

(4) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Secs. 18.01(3) & (4) Cr. by ORD-10-00058, 6-11-10)

18.02 PURPOSE AND INTENT.

(1) It is the purpose and intent of this code to establish minimum plumbing standards in terms of performance objectives, implemented by specific requirements, which will provide reasonable safeguards for sanitation to protect the public health against hazards of inadequate, defective or unsanitary plumbing installations.

(2) The provisions of this Code shall be binding alike upon the owner of a building or premises, every person in charge of or responsible for or who causes the installation, repair, alteration or improvement of any plumbing devices, fixtures, or equipment.

(Sec. 18.02 Am. by Ord. 11,783, 2-17-97)

18.03 RESERVED FOR FUTURE USE. (R. by Ord. 11,783, 2-17-97)

18.04 CONFLICT OF REGULATIONS. No part of this code shall be interpreted to prevent the enforcement of other ordinances or local regulations which prescribe standards equal to or better than are provided herein.

18.05 SEPARABILITY. It is hereby declared to be the intention of the Common Council of the City of Madison that the provisions of this ordinance are separable in accordance with the following:

(1) If any court of competent jurisdiction shall adjudge any provision of this ordinance to be invalid, such judgment shall not affect any other provision of this ordinance not specifically included in said judgment.

(2) If any court of competent jurisdiction shall adjudge any provision of this ordinance to be invalid to a particular property, building or structure, such judgment shall not affect the application of the provision to any other property, building or structure not specifically included in said judgment.

18.06 STATE LAWS ADOPTED BY REFERENCE. The Wis. Admin. Code chs. SPS 325, SPS 382, and Wis. Stat. ch. 145, and subsequent amendments, additions and recodifications thereto are hereby adopted by reference and incorporated into this code to the extent and with the limitations provided by this ordinance. Wis. Admin. Code ch. SPS 325 shall apply to all new one- and two-family residential buildings as well as additions and alterations to all existing one- and two-family residential buildings, to accessory buildings, and to new portions of moved buildings. (Am. by Ord. 9302, 10-29-87; ORD-12-00035, 3-28-12)

18.07 PLUMBER'S LICENSE REQUIRED.

(1) It shall be unlawful for any person, firm or corporation to perform any plumbing in the City of Madison without holding a qualified license with the State of Wisconsin, except that repairs and stoppages as defined do not require license status.

(2) No person, firm or corporation shall allow the use of his, her or its name directly or indirectly for the purpose of making application to perform plumbing in the City of Madison. (Am. by ORD-14-00012, 1-14-14)

(3) A permit application submitted by the applicant will not be approved unless such individual is qualified as required by the Wisconsin Administrative Plumbing Code, except that an application may be approved for plumbing work to be done by the owner in a single-family residence which he or she himself occupies. (Am. by ORD-14-00012, 1-14-14)

Note: See Wis. Stat. ch. 145.

18.08 PLUMBING PLAN APPROVAL AND REVIEW.

(1) Plan Examination Required. Plans and specifications for plumbing to be installed within the City of Madison either inside of or outside of all buildings, structures, parks, areas or complexes in the following classifications shall be submitted to the Building Inspection Division of the Department of Planning and Development and written approval received before commencing work. However, the Building Inspection Division may issue a permit to commence work provided plan review is not completed within ten (10) days. The issuance of a permit shall not be construed as plan approval or approval for non-code

complying designs or installations. All non-code complying portions of the plumbing system installed prior to complete plan review under this permit shall be removed or replaced.

(a) New installations, additions and alterations to drain systems, vent systems, water service systems, and water distribution systems involving 16 or more plumbing fixtures to be installed in public buildings. (Am. by ORD-12-00149, 12-5-12)

(b) Grease interceptors to be installed for public buildings.

(c) Garage catch basins and oil interceptors to be installed for public buildings.

(d) Automatic car wash facilities.

(e) Sanitary dump stations.

(f) Turf sprinkler systems connected to a potable water system.

(g) Private water mains. (Am. by ORD-12-00035, 3-28-12)

(2) Plan Submission.

(a) Stamping and Signing Plans. All plans and specifications shall be sealed or stamped in accordance with Ch. A-E 1, Wis. Adm. Code by a registered architect, engineer or registered plumbing designer. A master plumber may design and submit for approval plumbing plans and specifications for a plumbing system which he or she is to install. Each sheet of plans and specifications the master plumber submits shall be signed, dated and include his or her Wisconsin master plumber license number. Where more than one sheet is bound together into one volume, only the title sheet or index sheet need be signed and dated by the master plumber responsible for their preparation, provided the signed sheet clearly identifies all of the other sheets comprising the bound volume. (Am. by ORD-14-00012, 1-14-14)

(b) Submission Data. All plans, preliminary or complete, shall be submitted in triplicate. Work shall not commence until written approval for the preliminary or complete plans is received from the Building Inspection Division of the Department of Planning and Development. The plans submitted shall be prints that are clear, legible and permanent. All pertinent data shall be a part of or shall accompany all plans submitted for review. Plans will be examined in the order of receipt. (Am. by Ord. 8081, 7-29-83)

(c) Additions and Alterations. This section shall apply to all additions and alterations exceeding three (3) plumbing fixtures as well as to all new buildings and shall also apply to all cases where there is a change of the type of occupancy or use of a building which requires changes to or intended use of the plumbing so as to comply with this chapter for that occupancy or use.

(d) Agent Municipalities. As an agent municipality the Building Inspection Division of the Department of Planning and Development shall examine plans, specifications and calculations and grant approvals as listed in Section 18.08(1)(a), (b), (c), (d), (e), (f), and (g) and Section 18.08(2)(c). All other plans and specifications as listed in Wis. Admin. Code § SPS 382.20 and SPS Table 382.20-2 Note C shall be submitted to the Department of Safety and Professional Services for examination. (Am. by Ord. 12,322, 2-2-99; ORD-12-00035, 3-28-12)

(3) Plan Examination Fees.

(a) Applicability.

1. Fees. Plan examination fees for preliminary or complete plans shall accompany the plans and specifications when submitted. If the Building Inspection Division determines upon review of the plans that inadequate fees were provided, the necessary additional fee shall be provided prior to the Building Inspection Division's approval. Written approval shall not be granted until all applicable fees have been paid. This fee schedule applies to

plan review and inspections done on buildings within the City and outside of the City of Madison within Dane County. (Am. by Ord. 11,796, 2-18-97)

2. Fee Adjustment. Examination fees may be adjusted biennially commencing on January 1, 1976 in direct proportion with the salary increases granted staff review personnel.

(b) Examination Fees. The plan examination fee shall be determined using the fee schedule found in SPS 302.64, Table 302.64-1. (Am. by ORD-12-00149, 12-5-12)

(4) Revisions. After written approval is granted, plans and specifications of plumbing systems shall not be changed without written consent of the Building Inspection Division of the Department of Planning and Development and the architect, engineer, designer or master plumber responsible for the design. Installations must be made to conform to approved plans. (Am. by Ord. 8081, 7-29-83)

(5) Limitations. In granting approval of plans, specifications, products, devices, or materials, the Building Inspection Division of the Department of Planning and Development does not hold itself liable for any defects in construction, nor for any damages that may result from the specific installation. (Am. by Ord. 8081, 7-29-83)

(6) Plan Availability. The architect, professional engineer, registered designer, owner or plumbing contractor shall keep at the construction site one set of plans bearing the stamp of approval of the Building Inspection Division of the Department of Planning and Development. (Am. by Ord. 8081, 7-29-83)

(Sec. 18.08 Am. by ORD-08-00109, 10-7-08)

18.09 APPLICATION FOR PERMIT TO INSTALL PLUMBING.

(1) Any person desiring to do plumbing shall file a permit application with the City of Madison before starting any work, except as provided in Section 18.09(2). The permit application shall be made on forms furnished by the Building Inspection Division of the Department of Planning and Development. All permit applications shall be properly filled out and shall be signed by a person qualified as a licensed plumber registered with the State of Wisconsin Department of Safety and Professional Services. A permit application is not required when minor repairs are made to part of an existing plumbing system. When deemed necessary by the Building Inspection Division of the Department of Planning and Development, the applicant shall furnish drawings illustrating the installation. (Am. by Ord. 11,811, 3-4-97; ORD-08-00109, 10-7-08; ORD-12-00035, 3-28-12)

(2) The applicant shall file the permit application with the correct inspection fee as soon as possible after work has started, but no later than three (3) working days from the commencement of work. (Am. by Ord. 8280, 3-5-84)

(3) The person responsible for the work shall sign the permit application and give name and address of business, plumber's license number and telephone number in the spaces provided on the application form.

(4) The license holder responsible for the work shall complete any supplemental permit mailed to him or her and return it to the Director of the Building Inspection Division prior to commencing work. Failure to return the supplemental permit prior to commencing work shall be deemed to be working without a permit. (Am. by Ord. 10,255, Adopted 5-7-91; ORD-08-00109, 10-7-08; ORD-14-00012, 1-14-14)

18.10 PLUMBING PERMIT FEES.

(1) Permit Fees, Effective - New Buildings. (To be paid with building permit fees and any other mechanical fees which apply.)

(a) Group I.

The use group shall include new and additions to residential buildings in which families or households live or in which sleeping accommodations are provided for individuals with or without dining facilities excluding hotels, motels, and institutional buildings

..... $.075 per sq. ft.
of new building
or addition.
Minimum Fee $20.00

(b) Group II.

The use group shall include new and additions to general offices, professional offices, barber shops, beauty parlors, bowling alleys, dry cleaning establishments, clinics, natatoriums, shelters, hotels, motels, taverns, restaurants, cafeterias, retail establishments where manufactured products are bought and sold, repair garages, service stations, churches, assembly halls, theaters, exhibition buildings, educational institutions, hospitals, nursing homes, places of detention, gymnasiums, arenas, laboratories, lodge halls, funeral homes, libraries, skating rinks, dance halls, and armories

..... $.10 per sq. ft.
of new building
or addition.
Minimum Fee $20.00

(c) Group III.

The use group shall include new and additions to warehouses, freight terminals, storage buildings, vehicle storage garages, refrigeration storage, factories, machine shops, electric substations, sewage treatment plants, heating plants, steam and electric generating plants, transformer vaults, and other buildings not classified in Groups I, II, III and IV, except one story but not limited to accessory buildings such as tool sheds, storage buildings having a floor area of less than eighty (80) square feet are exempt

..... $.05 per sq. ft.
Minimum Fee $20.00

NOTE: When an application is submitted for a property where only the shell of the property is to be completed, the fee will be calculated at 50% of the total fee for that particular fee group. When an application is submitted for construction of the interior of a building where the shell of the building has been previously granted a permit, the fees shall be based on the square footage of that space as a percentage of the entire square footage of the subject building and that fee shall be calculated at 50% of the total fee for that particular fee group.

(Sec. 18.10(1) Am. by Ord. 11,796, Adopted 2-18-97; Ord. 12,566, 5-3-00; Ord. 13,743, 12-15-04; ORD-12-00008, 1-24-12)

(2) Permit Fees - Existing Buildings.

A permit fee of six dollars ($6) per fixture shall be submitted with the application for fixtures to be installed as replacements or alterations, with a minimum fee of fifteen dollars $15.00, effective January 1, 2012. (Am. by Ord. 9935, 1-11-90; ORD-12-00008, 1-24-12)

In no case shall the fee exceed those as calculated for new buildings as listed in Sec. 18.10(1)(a), (b), (c), (d) and (e).

The following are subject to permit fees:

(a) All new fixtures and appliances as indicated on the application form furnished the applicant including water heaters and softeners.

(b) All plugged or capped openings left for future installation of fixtures.

(c) When any change is made in the water, soil, waste or vent piping which necessitates the resetting of any plumbing fixture or appliance, each fixture so affected.

(d) Repaired or replaced fixtures, building sewer, building drain, soil, waste or vent pipes within an existing building.

(e) When plumbing fixtures or appliances not listed in the original permit application are added, each fixture or appliance so added will be subject to a fee of ten dollars ($10), with a minimum fee of $20.00. (Am. by Ord. 10,255, Adopted 5-7-91)

(f) A single fixture is herewith defined to be any plumbing fixture or appliance that may include a two-bowl laundry tray, two-bowl kitchen sink, multi-bowl soda fountain, bar or similar fixtures constructed as a combined fixture.

(g) Private water mains or services at $15.00 per 100 feet or fraction thereof. (Am. by Ord. 9935, 1-11-90)

(3) An additional double fee shall be paid for any plumbing work performed without having notified the Building Inspection Division of the Department of Planning and Development prior to doing the work.(Am. by Ord. 9935, 1-11-90; ORD-08-00109, 10-7-08)

(4) The inspection fee for building sewers (sanitary) and building sewers (storm) shall be fifteen dollars ($15) for each one hundred (100) lineal feet or fraction thereof. If conditions are such that the plumber cannot leave the trench open for inspection or that extensive work is being done requiring inspection outside of normal working hours, the Building Inspection Division of the Department of Planning and Development may assign an inspector to inspect the installation and the contractor shall pay the City Treasurer for such inspection service at the rate of twenty-five dollars ($25) per hour. (Am. by Ord. 9935, 1-11-90; ORD-08-00109, 10-7-08)

(5) (R. by Ord. 11,946, 10-14-97)

18.11 ALL PLUMBING WORK TO BE INSPECTED.

(1) Within the boundaries of the City of Madison, all plumbing work within a building and exterior plumbing installations on private property shall be inspected and shall conform to this code, except work done on buildings and property owned by Federal, State and County governmental agencies. All inspections shall be made within two working days after a notice is given to the Building Inspection Division. (Am. by Ord. 10.255, Adopted 5-7-91; ORD-08-00109, 10-7-08)

(2) The plumber or the plumber's agent shall notify the Building Inspection Division of the Department of Planning and Development when work done is ready for inspection and shall specify, when possible, the street address and permit application number under which the work is being done. Unless otherwise authorized by the Plumbing Inspector, all plumbing work such as water supply piping, building sewers or drains shall be left uncovered until inspected and the work is approved. The plumber in charge shall make such arrangements as will enable the Plumbing Inspector to reach all parts of the building, and shall provide the equipment and labor for making such tests under the supervision of the Plumbing Inspector. The plumber shall notify the Building Inspection Division of the Department of Planning and Development when all plumbing work is completed and the Plumbing Inspector will make a final inspection as required. See Wisconsin Administrative Plumbing Code § SPS 382.21, Test and Inspection. A plumbing contractor who calls for an inspection and the work is not completed may be assessed twenty-five dollars ($25) per inspection. Pursuant to Section 29.09, Madison General Ordinances, it is unlawful to occupy a building or permit a building to be occupied until final inspections have been made and a Certificate of Occupancy has been issued. (Am. by Ord. 11,783, 2-17-97; ORD-08-00109, 10-7-08; ORD-12-00035, 3-28-12)

(3) The Plumbing Inspectors provided for in this ordinance shall have permission at any reasonable time and for proper purpose to enter upon any public or private premises to inspect such work performed or existing as provided by this code.

Notes:

1. All public sewers on public property shall be under the supervision of the City Engineer and no opening into or connection with a sewer service shall be made except under his/her direction and supervision.

2. No person, firm or corporation shall open any street, alley or other public place for the purpose of connecting to a public sewer without obtaining a permit from the City Engineer.
3. Excavation in streets is prohibited without a permit and approval by the City Engineer.
4. The City Engineer shall maintain records locating sewer mains and connections thereto.

(Am. by ORD-14-00012, 1-14-14)

18.20 DEFINITIONS. For the purpose of this code, the following terms shall have the meanings indicated herein or as defined in Wis. Admin. Code ch. SPS 382. No attempt is made herein to define ordinary words which are used in accordance with their established dictionary meanings except where it is necessary to define their meanings as used in this code to avoid misunderstanding. (Am. by ORD-12-00035, 3-28-12)

Note: For definitions of "plumbing," "master plumber," "journeyman," "restricted plumber licensee," "apprentice" and "registered learner" refer to Wis. Stat. ch. 145.01.

(Am. by Ord. 9302, 10-29-87)

Approved means approved by the Building Inspection Division of the Department of Planning and Development of the City of Madison and by the Wisconsin Department of Safety and Professional Services, in conformity with the respective laws and regulations governing. (Am. by Ord. 11,811, 3-14-97; ORD-08-00109, 10-7-08; ORD-12-00035, 3-28-12)

Place of employment means every place, whether indoors, outdoors or underground, and the premises appurtenant thereto, whether either temporarily or permanently an industry, trade or business is carried on, or where any process or operation, directly or indirectly related to any industry, trade or business is carried on, and where any person is directly or indirectly employed by another for direct or indirect gain or profit, but shall not include any place where persons are employed in private domestic service or agricultural pursuits which do not involve the use of mechanical power.

Private sewer means that part of the sewerage system including structures, conduits, pipe lines, septic tank and effluent absorption area located on the same property as the building served. It does not preclude that portion that may be connected to the public sewer system.

Sanitary plumbing is understood in this chapter to denote plumbing so designed and installed that it can be kept clean if free from defects in construction, and which conforms in every respect to the provisions of this code and does not create a health hazard.

18.30 SEWER AND WATER SERVICE.

(1) Turning On Water Service. No person shall cause the water supply to be turned on to serve a use on a lot unless all plumbing work has been approved and service has been authorized by the Madison Water Utility.

(a) Minimum Size of Storm and Water Drains. The storm building sewer shall be of adequate size to drain the area or connection tributary. No such drain shall be less than four (4) inches inside diameter.

1. Contaminated storm water shall not be discharged into lakes or streams. See Sec. 7.47, Madison General Ordinances.
2. The following table shall be used to determine size of building storm sewer drains.

TABLE: SIZE OF BUILDING STORM SEWER DRAINS

Surface Area in Square Feet			
Size of Pipe in Inches	A Grade ⅛" Per Foot	B Grade ¼" Per Foot	C Grade ½" Per Foot
4	1,160	1,640	2,320

Surface Area in Square Feet			
Size of Pipe in Inches	A Grade ⅛" Per Foot	B Grade ¼" Per Foot	C Grade ½" Per Foot
5	2,180	3,080	4,430
6	3,630	5,150	7,270
8	8,110	11,500	16,300
10	15,100	21,400	30,200
12	25,000	35,400	54,000
15	46,200	65,400	96,000
18	76,100	108,000	150,000

(b) Protection of Traffic. Every licensed master plumber must enclose any opening which the plumber may make with sufficient barriers, and must maintain sufficient lamps and must light the same at night, and must take all other necessary precautions to guard the public against all accidents from the beginning to the end of the work, and must lay drains on condition that he or she is to be liable for all damages that may result by reason of his or her neglect or the neglect of his agents in creating a hazard. (Am. by ORD-14-00012, 1-14-14)

(c) (R. by ORD-12-00149, 12-5-12)

(2) Catch Basins and Separators. No person shall discharge sewage into the sewer main unless an interceptor or separator has been installed to remove oil, grease, sand and other substances harmful or hazardous to the building drainage system, public sewer or sewage treatment plant or process.

The size, type and location of each interceptor and of each separator shall be approved by the Building Inspection Division of the Department of Planning and Development, and no wastes other than those requiring treatment or separation shall be discharged into any interceptor or separator.

No person shall deposit or permit to be deposited in any sewer or drain, or in any sewer or drain connecting with such public sewer or drain, any garbage, gas, tar, grease, rags or any other substance likely to cause any obstruction, nuisance or explosion therein, or to do any act which may cause injury thereto. Any person who shall violate any provision of this section shall, in addition to the penalty hereinafter provided, be liable at the suit of the City for the cost of removing such obstruction and of repairing any injury resulting therefrom. Nothing contained in this section, however, shall prohibit the installation and operation of a garbage disposal or any similar device used for grinding and pulverizing kitchen garbage and refuse and the disposal of the remnants thereof in the City sanitary sewerage system, provided such installation is approved by the Building Inspection Division of the Department of Planning and Development.
(Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

(a) Grease Interceptors. All grease interceptors shall be approved by the Building Inspection Division of the Department of Planning and Development as to type and capacity. The Building Inspection Division of the Department of Planning and Development will accept rating and testing procedures set in the standards of the Plumbing Drainage Institute. An exterior grease interceptor shall be provided for all new, altered or remodeled plumbing systems for occupancies, other than dwelling units, which discharge grease, fats, oils or similar waste products unless otherwise approved by the Director of the Building Inspection Division or his/her designee. If there is insufficient space to install an exterior interceptor, an interior interceptor may be installed upon approval by the Building Inspection Division Director or his/her designee. (Am. by Ord. 9302, 10-29-87; ORD-08-00109, 10-7-08)

(b) Interceptors in Laundries. Commercial laundries shall have interceptors equipped with a wire basket, removable for cleaning, to prevent string, rags, buttons and other solid materials from entering the drainage system.

(c) Catch Basins in Garages and Service Stations. In garages and service stations where automobiles are serviced and washed, the catch basin shall have a minimum capacity of sixty-four (64) cubic feet. The depth shall be not less than three (3) feet below the invert. The outlet opening shall provide a water seal of not less than twelve (12) inches.

(d) Monitoring Facilities Required. Monitoring facilities constructed in accordance with Sec. 35.02(6)(c)4. of the Madison General Ordinances shall be installed in all sanitary sewer mains or building sewers serving factories, dairies, foundries, garages, service stations, cleaning and dyeing plants, plating and metal finishing plants and industries, food processing plants, hotels, bakeries, hospitals and restaurants but only restaurants which can be expected to discharge more than 5,000 gallons per day into the public sewerage system. The monitoring facilities shall be for the purpose of taking or collecting sewage or waste samples to determine the character of the sewage contributed to the public sewerage system. The City Engineer shall determine the amount and nature of the discharge into the public sewerage system and its impact on the total load of the public sewerage system and then may determine that a facility connected to the public sewerage system need not construct a monitoring facility as set forth above. (Am. by Ord. 7731, 5-28-82)

Note: See Section 7.47 for permit requirements and requirements for installation of manholes and sampling facilities as part of a storm sewer connection.

18.36 PRIVIES AND WATERLESS TOILETS.

(1) No privy, chemical or dry closet system or any waterless closet shall be installed or maintained within the boundaries of the City of Madison, except during periods of construction where no toilet facilities are available. Any temporary privy or other waterless toilet shall be removed as soon as connection can be made to the public sewer. Any such temporary system shall be ratproof, flyproof and so located as not to be affected by storm water. It shall be located so as to minimize any nuisance to adjoining property.

(2) No septic or other sewerage tank shall be constructed on property to which the public sewer system is accessible. Where such facilities are not available, a domestic system may be installed subject to approval by the City Board of Health and the Engineering Division.

18.40 GARAGES, AUTOMOBILE LAUNDRIES AND SERVICE STATIONS TO BE CONNECTED TO SANITARY SEWER. All floor drains in garages, automobile laundries and service stations shall be connected to the sanitary sewer not later than September 1, 1971. All floor drains in garages, automobile laundries and service stations whose normal operations result in the discharge of oily waste shall be intercepted by a catch basin before entering the sanitary sewer. The Director of the Building Inspection Division is to be responsible for the enforcement of this ordinance. (Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

18.45 WATER HEATERS. All freestanding water heaters shall be installed on a structurally sound noncombustible platform or an approved floor system. (Cr. by Ord. 9302, 10-29-87)

18.46 SIGNS ON VEHICLES. Every plumbing contractor vehicle in use for the sale of plumbing services in the City of Madison shall display a sign of 225 square inches. The company name letters shall be at least two inches high. Failure to comply will subject the company to penalties under Madison General Ordinances Section 18.50. All legible existing vehicle signs will be allowed to remain as of the effective date of this ordinance. (Cr. by Ord. 10,255, Adopted 5-7-91)

18.50 **PENALTY.** Any person who shall violate any of the provisions of this chapter or who shall neglect or refuse to comply with a lawful order of the Plumbing Inspector issued pursuant to the provisions of this chapter, or any person who shall do any plumbing work in the City of Madison without being licensed under the provisions of Chapter 145 of the revised Wisconsin Statutes, shall be fined not less than ten dollars ($10) nor more than one thousand dollars ($1000) pursuant to Wis. Stat. § 145.12(4), for each and every violation thereof. Each day of violation shall constitute a separate offense. Madison General Ordinances violations shall bear the following penalties for violations in a twelve-month period: First offense, fifty dollars ($50) to three hundred dollars ($300); second offense, three hundred dollars ($300) to six hundred dollars ($600); third offense, six hundred dollars ($600) to one thousand dollars ($1000). The offenses covered under this section are: Performing plumbing work without a license, performing plumbing work without a permit, failure to call for a plumbing inspection and failure to have a proper sign on a vehicle. All offenses involving plumbing without a license shall be brought to the attention of the Wisconsin Department of Safety and Professional Services. (Am. by Ord. 10,255, Adopted 5-7-91; Ord. 13,760, 12-14-04; ORD-13-00101, 6-12-13)

19.01 TITLE. This chapter shall be known as the Electrical Code of the City of Madison, Wisconsin.

19.02 PURPOSE. The purpose of this Code is the practical safeguarding of persons and of buildings and their contents from hazards arising from the use of electricity for light, heat, power, and for other purposes.

19.03 STATE ELECTRICAL CODES. This code does hereby incorporate, adopt and enforce, by reference, Wis. Admin. Code ch. SPS 316 (Wisconsin State Electrical Code Volume 2), ch. SPS 324 (Uniform Dwelling Code—Electrical Standards) and all subsequent amendments, additions and recodifications thereto. Chapter SPS 324 shall apply to all new one- and two-family residential buildings as well as alterations and additions to all existing one- and two-family residential buildings, to accessory buildings, and to new portions of moved buildings. (Am. by Ord. 12,052, 3-13-98; ORD-12-00035, 3-28-12)

19.04 INTENT.

(1) The intent of this Code is to provide the minimum regulations for the installation of electrical systems and to provide safe and stable design, good workmanlike methods and for the uses of materials and equipment.

(2) To provide for licensing of qualified persons, the issuing of permits, interpretation of codes, inspection of installations, enforcement of this Code, and to provide for penalties for violation thereof.

(3) The sections contained in this Code shall be binding alike upon the owner of a building or premises, every person in charge of or responsible for or who causes the construction, repair, alteration or improvement of any electrical system devices, fixtures, or equipment, and upon every person licensed under the provisions of this Code.

(4) This Code is not intended as a design specification nor an instruction manual for untrained persons.

19.05 SCOPE.

(1) The provisions of this Code shall apply to all electrical work and installations in the City of Madison.

(2) This Code provides for the administration and enforcement, permits, and fees, licenses, approval of materials, minimum installation standards, interpretations, and the correction of defective or obsolete installations.

19.06 RULES AND DEFINITIONS.

(1) In the construction of this ordinance, the rules contained in this section shall be observed and applied except when the context clearly indicates otherwise.

(a) Words used in the present tense shall include the future.

(b) Words used in the singular form shall include the plural number, and the plural the singular.

(c) The word "shall" is mandatory and not discretionary.

(d) The word "may" is permissive.

(e) The phrase "used for" shall include but not be limited to the phrases "arranged for", "designed for", "intended for", "maintained for", and "occupied for".

(f) The word "he" shall mean person and not necessarily the male gender.

(2) All definitions as set forth in Chapter 1 of the National Electrical Code and Wis. Admin. Code ch. SPS 316, Electrical Code, Volume 2 shall apply. (Am. by Ord. 12,052, 3-13-98; ORD-12-00035, 3-28-12)

19.07 RESERVED FOR FUTURE USE. (Licensing Board of Examiners and Appeals R. by Ord. 11,960, Adopted 11-4-97)

19.08 ELECTRICAL INSPECTION.

(1) Administration.

(a) To enforce the provisions of this chapter there is hereby created the Electrical Inspection subsection of the Mechanical Inspection section of the Building Inspection Division of the Department of Planning and Community and Economic Development and shall consist of an adequate number of Electrical Inspectors required to make the necessary inspections and investigations within a reasonable time.

(b) The Electrical Inspectors, under an Inspection Supervisor and the Director of the Building Inspection Division, shall be responsible for the inspection of all electrical wiring as prescribed by the City ordinances.
(Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

(c) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. A thirty-five dollar ($35) charge may be assessed when an inspector fails to gain entry to carry out a compliance inspection. (Am. by ORD-11-00057, 4-7-11)

(d) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Secs. 19.08(1)(c) & (d) Cr. by ORD-10-00058, 6-11-10)

(2) Electrical Inspector.

(a) The Electrical Inspectors shall be Wisconsin Department of Safety and Professional Services Certified Commercial Electrical persons who are familiar with layout and inspection of electrical wiring and equipment and who shall have had at least two (2) years of practical experience as wireman, or trainee inspector or a combination of both. They shall be well versed in approved methods of electrical construction for safety to life and property, and the laws and ordinances pertaining thereto. (Am. by Ord. 12,322, Adopted 2-2-99; ORD-12-00035, 3-28-12)

(b) The Electrical Inspectors shall make inspections of all electrical wiring and equipment, shall have the right to enter any building during reasonable hours in the discharge of their duties, and shall have the authority to cause the disconnection of any wiring or equipment where such wiring or equipment in their judgment is dangerous to life or property, or may interfere with the work of the Fire Department.

(c) When any electrical wiring or equipment is found by the Electrical Inspectors to be dangerous to persons or property because it is defective, defectively installed, or not installed according to applicable codes, the person, firm, or corporation responsible for the electrical wiring or equipment shall be notified in writing and shall make any changes, alterations, or repairs required, in the judgment of the Electrical Inspector, to place such wiring or equipment in safe condition, and if such work is not completed within the period specified by the Electrical Inspector in said notice, the Electrical Inspector shall have the authority to order the disconnection of electrical service, and said wiring or equipment shall not be reenergized until written permission is obtained from the Electrical Inspector or his/her supervisors. (Am. by ORD-14-00012, 1-14-14)

(d) The Plan Review and Building Inspection Division Supervisor may hold membership and represent the City of Madison in the International Association of Electrical Inspectors and the National Fire Protection Association with the consent of the Director of the Building Inspection Division, and may serve on any electrical committee or administrative office of these associations to which she or he may be appointed or elected. (Am. by Ord. 10,255, Adopted 5-7-91; ORD-08-00109, 10-7-08; ORD-14-00012, 1-14-14)

(e) Inspectors shall not engage in the business of the sale, installation, or maintenance of electrical wiring, or equipment, either directly or indirectly, and they shall have no financial interest in any business firm, corporation, copartnership or concern licensed by or engaged in such business in the City of Madison, Wisconsin, at any time while holding such office as herein provided for.

19.09 LICENSE REQUIRED.

(1) No person may work as an electrician or as an electrical contractor unless the person is licensed by or registered with the State of Wisconsin. No person may engage in the business of installing, repairing, or maintaining electrical wiring unless the person is licensed or registered as an electrical contractor by the State of Wisconsin.

(2) No person may install, repair, or maintain electrical wiring unless the person is licensed as an electrician by the State of Wisconsin or unless the person is registered as a beginning electrician by the State of Wisconsin

(3) No person who is not a master electrician may install, repair, or maintain electrical wiring unless a master electrician is at all times responsible for the person's work.

(4) Subsections (1) to (3) do not apply to any of the following:

(a) A residential property owner who installs, repairs, or maintains electrical wiring on premises that the property owner owns and occupies as a single-family residence, provided that the Division may issue a permit to the residential property owner only if the person desiring such permit shows that the person is competent

to do such work in conformity with all rules and regulations governing installation of electrical wiring in residences, and such person pays the same fee as required of electrical contractors under Section 19.14 of this chapter.

(b) A person engaged in maintaining or repairing electrical wiring within a facility or on premises owned or leased by the person or by an entity for which the person is an agent.

(c) A person engaged in installing, repairing, or maintaining electrical wiring, apparatus, or equipment for elevators and escalators.

(d) A person engaged in installing, repairing, or maintaining equipment or systems that operate at one hundred (100) volts or less.

(e) A person engaged in installing, repairing, or maintaining an electronic system designed to monitor a premise for the presence of an emergency, to issue an alarm for an emergency, or to detect and summon aid for an emergency.

(f) A person engaged in installing, repairing, or maintaining electrical wiring of transmission facilities, as defined in Wis. Stat. § 196.01 (12).

(g) A person engaged in installing, repairing, or maintaining manufactured equipment or a manufactured system that is designed to provide a function that is not primarily electrical in nature if the installation, repair, or maintenance does not involve the modification or installation of conductors beyond the disconnecting point or beyond the last junction, pull, or device box, whichever is nearer to the point where the person is performing the installation, repair, or maintenance.

(Sec. 19.09 Rep. & Rec. by ORD-14-00031, Pub. 2-18-14, Eff. 4-1-14)

19.10 PERMIT REQUIRED.

(1) It shall be unlawful for a person to enter upon the erection, construction, alteration or change of any electrical installation, work or wiring, except minor repair work as defined in Subsection (2) of this section, until a permit has been obtained from the Building Inspection Division of the Department of Planning and Community and Economic Development by a person properly licensed for the category of work to be performed as set forth in Section 19.09 of this Code. The application for permit shall describe the proposed installation or work and give the location of the premises where same is to be placed. No permit shall be issued unless satisfactory proof is furnished to the Building Inspection Division of the Department of Planning and Community and Economic Development that the applicant has been employed to perform the work or installation and will be responsible for the performance thereof in the manner required by ordinance and by law. The fees for such permit shall be paid in full at the time of submitting the permit application. An amended permit shall be used to correct any permit fees due for work that was performed and was not listed on the original permit. All applications for permits shall be signed by the license holder. (Am. by Ord. 8311, 5-11-84)

(2) Minor repair work shall be construed to mean the replacement of broken or defective sockets, snap, push or toggle switches, convenience outlets, lighting fixtures and portable electric appliances.

(3) The Building Inspection Division of the Department of Planning and Community and Economic Development shall furnish the license holder with application forms to be submitted upon application for the permit and payment of fees. (Am. by Ord. 8081, 7-29-83)

(4) Any public or private institution employing a person carrying a Class A or Class AA license may elect to take out an annual permit in lieu of regular permits required by this Code for the purpose of repair or alteration of equipment in or on building structures or premises owned or occupied by said institution or plant. Said annual permit shall be issued upon payment of an annual fee in the sum of seventy-five dollars ($75). Increases in electrical load shall be considered as new installations and separate additional permits

shall be obtained for such alterations, additions or new installations that would increase the electrical load and the permit fee for the work shall be paid as set forth in Section 19.14. (Am. by Ord. 5387, 2-18-76)

(5) Any public or private institution or industrial plant electing to employ an electrical contractor in lieu of full-time maintenance personnel to perform repairs and maintenance of electrical equipment in or about buildings or structures owned or occupied by said institution or plant shall be allowed the same election for annual permits as provided in above paragraph provided that the name of the contractor providing such service is on file with the Building Inspection Division of the Department of Planning and Community and Economic Development. In the event of the termination of the employment of said contractor, the Building Inspection Division of the Department of Planning and Community and Economic Development shall be notified of the name of the new contractor or properly licensed employee prior to any additional work being performed under the annual permit. The Building Inspection Division of the Department of Planning and Community and Economic Development must also be notified when continuous contract method is terminated. (Am. by Ord. 8081, 7-29-83)

(6) Work performed under annual permits shall be inspected at regular intervals not exceeding six (6) months. It shall be the responsibility of the person, firm, or corporation to provide the inspector with a list of all new installations, alterations, or repairs which may have affected the electrical system.

(7) Exception: In the event of an emergency occurring at night or days when the Building Inspection Division of the Department of Planning and Community and Economic Development office is closed, when the immediate initiation of work is necessary for the protection of fire, health or property, such necessary work may be done without previously obtaining a permit number provided required number is obtained on the morning of the first business day following the start of such work and application and fees follow within ten (10) days. (Am. by Ord. 8081, 7-29-83)

(8) The license holder responsible for the work shall complete any supplemental permit mailed to him/her and return it to the Director of the Building Inspection Division prior to commencing work. Failure to return the supplemental permit prior to commencing work shall be deemed to be working without a permit. (Am. by Ord. 10,255, Adopted 5-7-91; ORD-14-00012, 1-14-14)

(Am. by ORD-08-00109, 10-7-08)

19.11 PENALTY FOR FAILURE TO TAKE OUT PERMITS.

(1) In addition to the penalty hereinafter provided for violations of this chapter, a double permit fee will be charged for failure to notify the Building Inspection Division of the Department of Planning and Community and Economic Development and obtain a permit number before work is started, except in cases of emergency, and such penalty, together with the permit fees, shall be paid to the City Treasurer before any further permits may be issued to the person doing such work. (Am. by Ord. 10,255, Adopted 5-7-91; ORD-08-00109, 10-7-08)

(2) The payment of such doubled fees shall not relieve any person from fully complying with all of the regulations of this chapter, nor from any other penalties prescribed in this Code.

19.12 INSPECTIONS.

(1) It shall be unlawful to connect up the electrical wiring and equipment of any building to any electrical supply lines or to turn on the current, unless a certificate of service inspection has been issued by an Electrical Inspector, and it shall be the duty of the electrical utility supplying electrical service to any building to secure a copy of the certificate of service inspection from the Electrical Inspector before supplying service to such building. (Am. by Ord. 12,349, 3-30-99)

(2) Upon the completion of the construction and installation of the electrical wiring and equipment of any building, it shall be the duty of the firm, person, or corporation doing same to notify the Building Inspection Division of the Department of Planning and Community and Economic Development, who shall dispatch an Inspector to inspect the installation within two working days after the notice is given; and if the installation is found to be in compliance with the provisions of this chapter, s/he shall issue a certificate of service inspection authorizing connection to the electrical service and the turning on of the electrical service and the turning on of the current. All wires which are to be concealed shall be inspected before the concealment, and no other craft shall cover up or conceal such wires until the installation has been inspected and approved and officially tagged to this effect by the Electrical Inspector. (Am. by Ord. 10,255, Adopted 5-7-91; ORD-08-00109, 10-7-08)

(3) Notifications for inspections may be made at the Building Inspection Division of the Department of Planning and Community and Economic Development office at any time during the working day. An electrical contractor who calls for an inspection and the work is not completed may be assessed twenty-five dollars ($25) per inspection. Pursuant to Section 29.09, Madison General Ordinances, it is unlawful to occupy a building or permit a building to be occupied until final inspections have been made and a Certificate of Occupancy has been issued. (Am. by Ord. 11,783, 2-17-97; ORD-08-00109, 10-7-08)

(4) A copy of the final certificate of service inspection shall be kept on file by the office of the Electrical Inspector. (Am. and Renum. by Ord. 12,349, 3-30-99)

(5) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees for inspection services rendered. If the fees are not paid within the specified time, the Department shall fail to renew the contractor's license. (Cr. by Ord. 11,783, 2-17-97; Renum. by Ord. 12,349, 3-30-99)

19.13 RESERVED FOR FUTURE USE. (R. by Ord. 11,783, 2-17-97)

19.14 FEES.

(1) Permit Fees.

The following fees shall apply and are to be paid with building permit fees.

(a) New Buildings.

1. Group I.

The use group shall include new and additions to residential buildings in which families or households live or in which sleeping accommodations are provided for individuals with or without dining facilities excluding hotels, motels, and institutional buildings ..... $.075 per sq. ft. of new building or addition.

(Am. by Ord. 9366, 12-21-87)

19.15 REGULATION OF SALE OF ELECTRICAL APPLIANCES. It shall be unlawful for any contractor, dealer, individual, firm or corporation to offer for sale in the City of Madison any electrical appliance, apparatus, or materials which do not bear the seal, stamp, or identification of a testing firm or laboratory recognized by the City of Madison, which tests to published standards.

19.16 UNDERGROUND UTILITY ENTRANCE FACILITIES.

(1) Purpose. The Common Council of the City of Madison does hereby declare it to be the public policy of the City of Madison to favor underground electrical and communications facilities. The exercise of police power to implement this public policy is based on the public benefit received including (but not limited to) the following reasons:

(a) Clearing scenic views;

(b) Improving civic appearance;

(c) Removing safety hazards which are a danger to pedestrians and motorists;

(d) Overcoming the threat of temporary loss of service due to high winds and ice conditions;

(e) Eliminating damage to overhead equipment by wildlife;

(f) Eliminating damage to wildlife by overhead equipment;

(g) Eliminating trimming of street trees required to prevent damage to overhead wires.

This ordinance is adopted to facilitate the orderly replacement and/or transfer from overhead facilities consistent with desirable aesthetic goals and sound economic practices. The Common Council of the City of Madison finds the utilities and other entities furnishing major utility services and other services transmitted by wire or coaxial cable have previously adopted policies of converting from overhead service to underground service.

(2) Definitions. In this section the following definitions shall apply:

(a) The term "underground entrance facilities" shall mean the conductors, cable, conduit and/or equipment necessary to transmit electrical or communications energy from the aerial or underground distribution system of the supplier to the main disconnect, junction or protector panel in or on the customer's premises and shall include all electric, communications, signal and CATV facilities.

(b) The term "electrical services" as used in this section shall mean the conductors and equipment for delivering energy from the electrical supply system to the wiring system of the premises served.

(c) The term "permanent electrical service" as used in this section shall mean electrical services which are anticipated to remain in place or actually remain in place for more than a 90-day period of time, provided however that the term "permanent electrical service" shall not include overhead services of a temporary nature which are installed to provide electrical service during construction, remodeling, renovation, repair or demolition of bridges, structures, equipment or similar activities, or during emergencies or for tests or experiments relating to the public safety.

(Sec. 19.16(2) Am. by Ord. 8187, 12-15-83)

(3) Areas of Application.

(a) Central City Area. The requirements of Subsection (4) shall apply in that part of the City of Madison lying between Lake Monona and Lake Mendota bounded by the Yahara River on the northeast, and the line comprising the intersecting centerlines of Drake Street, Garfield Street, Monroe Street, Breese Terrace, University Avenue and Babcock Drive on the southwest. The reason for such application is because it is recognized that within this area the present overhead electric distribution system and telephone system are old by comparison with most of the rest of the distribution systems. Such systems are inadequate in capacity to supply new buildings which will ultimately replace old existing buildings and, because it is further recognized that the buildings in this area are the oldest in the City and are being replaced by new buildings on a gradual basis.

(b) Major Street Area. The provisions of this section shall also apply to buildings situated on property fronting on the following major streets, excepting those properties receiving utility or communication services from rear or side streets:

1. John Nolen Drive - Blair Street to Beltline;
2. Gammon Road - Mineral Point Road to Old Sauk Road;
3. Milwaukee Street - Walter Street to Stoughton Road;
4. Milwaukee Street - Stoughton Road to I-90;
5. Old Sauk Road - Old Middleton Road to Gammon Road;
6. University Avenue - Bassett Street to westerly city limits;
7. South Gammon Road - Seybold Road to Park Ridge Drive;
8. Fish Hatchery Road - Wingra Drive to Greenway Cross;
9. Mineral Point Road - Racine Road to West Beltline Highway;
10. Raymond Road - McKenna Boulevard to westerly city limits.

(Sec. 19.16(3)(b) Am. by Ord. 8187, 12-15-83)

(c) Underground Utility Districts. The requirements of Subsection (4) shall apply to properties located in Underground Utility Districts, as determined under Subsection (6).

(4) General.

(a) Any new building, sign, signal or structure requiring a separate permanent electrical service constructed in the areas described in Subsection (3) above after the effective date of this section shall be constructed with underground entrance facilities. (Am. by Ord. 8187, 12-15-83)

(b) Every existing building, sign, signal or structure requiring permanent electrical service in the area described in Subsection (3) above, which is being remodeled, and where the cost of such remodeling is estimated to exceed or actually exceeds fifty percent (50%) of the Assessor's full market value of said building, shall be constructed with underground entrance facilities. Except for properties located in an Underground Utility District, where the utilities' verified estimated costs to the customer of installing underground entrance facilities exceeds five percent (5%) of the total remodeling cost, the underground entrance facilities requirement of this subdivision (b) will be waived upon request to and the furnishing of written proof of qualification to the Building Inspection Division of the Department of Planning and Community and Economic Development. Said estimated customer costs must be verified with written estimates from the utilities which have been furnished to the Building Inspection Division of the Department of Planning and Community and Economic Development. (Am. by Ord. 8187, 12-15-83; ORD-08-00109, 10-7-08)

(c) Every existing building, sign, signal or structure in the area described in Subsection (3) above requiring permanent electric service, which has received or is eligible to receive a subdivision (b) waiver or in which electrical remodeling includes replacement of the entrance equipment, shall be constructed or reconstructed with

entrance equipment sufficient to enable said building, sign, signal or structure to be connected with underground entrance facilities without further modification. (Cr. by Ord. 8187, 12-15-83)

(d) Installation of underground entrance facilities for all other services transmitted by wires, coaxial cable, or any other conductors shall be made at the same time as any required electrical service modifications made pursuant to this Section. (Cr. by Ord. 8187, 12-15-83)

(5) Throughout the City of Madison, when the total estimated electrical demand exceeds fifty (50) kw in any new building or any building which is being remodeled, and when the cost of remodeling is estimated, or exceeds fifty percent (50%) of the Assessor's full market value of said building, the owner shall provide vault space or space for pad-mounted transformers in accordance with applicable provisions of the Wisconsin Electrical Code and all applicable service rules of the electric utility providing service for such building.

(6) Underground Utility Districts.

(a) Declaration of Policy. Pursuant to the adopted Policy for Funding the Undergrounding of Overhead Utility Lines (RES-11-00256), or said policy as it is amended from time-to-time, the City may pursue the undergrounding of utility services in designated districts in combination with other capital improvement projects. While some properties in a district may already be served underground or have the facilities needed to accept underground service, some buildings in a district that are being served overhead will not be ready for underground service without a modification of the entrance facilities or internal wiring of the building. The purpose of this Subsection is to establish a mechanism that will give property owners sufficient time to ensure that their property can accept underground service, and provide these property owners with a portion of the funding for the necessary service modifications. The establishment of Underground Utility Districts under this Subsection represents an exercise of the police power of the City of Madison.

(b) Establishment of Underground Utility District.

1. To establish an Underground Utility District, the Common Council shall adopt a resolution declaring the boundaries of the District and its intention to place overhead utility services underground in the District. This resolution shall describe the undergrounding project, the limits of the proposed District, a list of all the properties affected by the undergrounding project, and the estimated number of affected properties that are served overhead and are not ready to receive underground service.

2. Before adopting this resolution, a notice shall be published in the official newspaper stating that the Board of Public Works will hold a public hearing on the creation of the Underground Utility District. Such notice shall be published as a Class I notice, under Wis. Stat. ch. 985, and mailed to every interested person whose post office address is known or can be ascertained with reasonable diligence, along with a summary of the requirements of property owners in Underground Utility Districts under this Subsection. The hearing shall commence not less than ten (10) days and not more than forty (40) days after such publication and mailing.

3. The Board of Public Works shall hold a public hearing on the resolution and at the conclusion of the public hearing shall make a recommendation to the Common Council to take an action on the resolution.

4. Upon adoption of the resolution by the Common Council, the Underground Utility District shall be deemed established. A copy of the resolution adopted by the Common Council shall be mailed to every interested

person whose post office box is known or can be ascertained with reasonable diligence, along with a summary of the requirements of property owners in Underground Utility Districts under this Subsection.

(c) Requirement to Modify Service. Every property owner in an Underground Utility District must modify the property's electrical services to accept underground service within twenty-four (24) months of the establishment of the District, unless the property owner is granted a modification deadline extension by the City Engineer under Subdivision (d), in which case the property owner has until the deadline established by the City Engineer to modify the property's electrical service. Any person who fails to modify the property's electrical service to accept underground service within this time period shall be subject to a forfeiture of not less than twenty-five ($25) dollars and no more than one-hundred dollars ($100). Each day a violation continues shall be considered a separate offense.

(d) Modification Deadline Extension. A property owner may apply to the City Engineer for an extension of the time in which to modify electrical service as required under Subdivision (c). This application must be made within the twenty-four (24) month period and no extension will be granted if the application is made after this period. The City Engineer may grant an extension of time for compliance with the requirements of this Subsection if either of the following conditions are met:

1. The property owner meets the criteria for eligibility for loans for payment of special assessments or special charges as set forth in Subdivisions 4.082(2)(a)-(c) and (e), MGO.

2. The cost of service modification is greater than three (3) times the maximum amount that the City will reimburse the property owner under Subdivision (e).

(e) Reimbursement for Undergrounding Service Modifications.

1. Reimbursement. The City will reimburse an eligible property owner for fifty percent (50%) of all costs incurred by the property owner to modify the entrance facilities or internal wiring of the building to comply with the requirements of this Subsection, up to one-thousand dollars ($1,000) adjusted annually on January 1 in accordance with the Construction Cost Index as published by the Engineering New Record or a similar index if the Engineering New Record index does not exist. The City Engineer shall maintain the annual maximum reimbursement amount.

2. Eligibility. All properties in the Underground Utility District that, upon creation of the District, are served by overhead electrical service and are not ready to accept underground service without a modification of the entrance facilities or internal wiring of the building are eligible for reimbursement of the service modification costs under Paragraph 1, provided the modifications are made and completed, and an approved inspection is made, within twenty-four (24) months of the creation of the District, unless the City Engineer grants an extension under Subdivision (d), in which case the property owner has until the end of the extension period to make and complete the service modifications to be eligible for reimbursement under Paragraph 1.

3. Application Requirements. An application for reimbursement under Paragraph 1 must include, as documentation of replacement and cost, a payment receipt from a licensed electrician for modifying the entrance facilities or internal wiring of the building to comply with the require-

ments of this Subsection, as well as documentation of an approved inspection by a City Electrical Inspector. Disputes regarding eligibility for a reimbursement may be appealed to the Board of Public Works.

(Sec. 19.16 Cr. by Ord. 5405, 3-5-76; Am. by ORD-11-00081, Pub. 6-16-11, Eff. 11-1-11)

19.17 SIGNS ON VEHICLES.

Every electrical contractor vehicle in use for the sale of electrical services in the City of Madison shall display a sign of 225 square inches. The company name letters shall be at least two inches high. Failure to comply will subject the company to penalties in Madison General Ordinances Section 19.20. All legible existing vehicle signs will be allowed to remain as of the effective date of this ordinance. (Am. by Ord. 11,392, Adopted 11-7-95)

19.18 - 19.19 RESERVED FOR FUTURE USE.

19.20 PENALTY.

Any person who shall violate any of the provisions of this chapter or fail to comply with any of its requirements or who shall neglect or refuse to comply with a lawful order of the Director of the Building Inspection Division or her/his designee, issued pursuant to the provisions of this chapter, shall be subject to a forfeiture of not less than ten dollars ($10) nor more than one thousand dollars ($1,000) for each and every violation thereof. Each day or portion thereof such violation continues shall be considered a separate offense. (Am. by Ord. 11,392, Adopted 11-7-95; Ord. 13,725, 11-9-04; Ord. 13,760, Adopted 12-14-04; ORD-05-00019, 2-15-05; ORD-08-00109, 10-7-08; ORD-12-00035, 3-28-12; ORD-13-00101, 6-12-13)

20.01 SHORT TITLE.

This ordinance shall be known and cited as the Impact Fee Ordinance.

20.02 PURPOSE AND INTENT.

The purpose of this ordinance is to impose impact fees in order to pay for capital costs to construct, expand or improve public facilities which are necessary to accommodate new development or any improvements made to existing development in the City as a whole or in designated development impact fee zones. The imposition of impact fees is intended to ensure that public facilities are adequate to meet the development needs of the City and that new development pays a proportionate share of new, expanded or improved facilities required by such development.

20.03 AUTHORITY.

This Ordinance is authorized under § 66.0617, Wis. Stats. The provisions of this Ordinance shall not be construed to limit the power of the City to adopt such Ordinance pursuant to any other source of local authority, nor to utilize any other lawful methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of or in conjunction with this Ordinance.

20.04 DEFINITIONS.

In addition to the definitions provided for in Wis. Stat. § 66.0617(1) and Sec. 28.211, MGO, as applied in this Ordinance, the following words and terms shall be used: (Am. by ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(1) BOARD OF PUBLIC WORKS shall mean the City of Madison Board of Public Works.

(2) BUILDING PERMIT shall mean any permit required for new construction and additions of residential dwelling units or of any commercial business establishments, parking lots or other nonresidential uses, pursuant to Chapters 10, 28 and 29 of the Madison General Ordinances. The term "building permit," as used herein, shall not be deemed to include

permits required for remodeling, rehabilitation, or other improvements to an existing structure, or rebuilding a damaged or destroyed structure, provided no increase in floor area or number of dwelling units results therefrom. (Am. by ORD-15-00033, 4-8-15)

(3) CITY shall mean the City of Madison, Wisconsin.

(4) COMMON COUNCIL shall mean the City of Madison Common Council.

(5) COMPREHENSIVE PLAN shall mean the adopted City of Madison Comprehensive Plan or Master Plan, including any subsequent changes or amendments thereto.

(6) COST shall mean the capital cost to construct, expand or improve public facilities, including the cost of land, and including legal, engineering and design costs to construct, expand or improve public facilities, except that not more than 10% of capital costs may consist of legal, engineering and design costs unless the City can demonstrate that its legal, engineering and design costs which relate directly to the public improvement for which the impact fees were imposed exceed 10% of capital costs. "Costs" do not include other non-capital costs to construct, expand or improve public facilities or the costs of equipment to construct, expand or improve public facilities.

(7) DEVELOPER shall mean a person or other entity that constructs or creates development.

(8) DEVELOPMENT or REDEVELOPMENT shall mean the construction or modification of improvements to improved or unimproved real property that creates additional residential dwelling units or that results in nonresidential uses that create a need for new, expanded or improved public facilities within the City. (Am. by ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(9) DEVELOPMENT IMPACT FEE ZONES shall mean geographically defined areas of the City that have been designated by the Common Council as areas in which development has created or may create the need for capital improvements be funded in whole or in part by impact fees. The areas may be referenced in the Comprehensive Plan or Master Plan, and shall be shown on a Development Impact Fee Zones Map.

(10) DEVELOPMENT IMPACT FEE ZONES MAP shall mean a map of development impact fee zones in which impact fees are imposed. This map shall be approved by the Common Council, and incorporated by reference herein as if fully set forth. This map shall be filed in the office of the City Clerk, the Department of Planning and Community and Economic Development and the City Engineer.

(11) FLOOR AREA shall mean the total floor area of buildings allowed on a given lot, based upon approved land division or subdivision and applicable zoning regulations. (Am. by ORD-15-00033, 4-8-15)

(12) IMPACT FEE shall mean a fee scheduled in this ordinance to be collected at the time a building permit is issued and calculated based upon the costs of facilities in proportion to development creating the need for such facilities. (Am. by ORD-13-00033, 3-27-13)

(13) MIXED USE DEVELOPMENT shall mean use of land involving both residential and nonresidential development.

(14) NET DEVELOPED AREA shall mean the total area of a parcel, Subdivision Plat or certified survey map that remains privately owned after public lands, such as street rights-of-way, parks, greenways and detention basins, have been dedicated at the time of Development or Redevelopment. (Cr. by Ord. 13,472, 12-11-03)

(15) NONRESIDENTIAL DEVELOPMENT shall mean any use of land for primarily industrial or commercial purposes, or which does not fall within the definition of residential development.

(16) PARK COMMISSION shall mean the City of Madison Board of Park Commissioners.

(17) PLAT. See Subdivision Plat.

(18) PUBLIC FACILITIES or PUBLIC FACILITIES PROJECT shall mean any or all of the following capital improvements:

(a) Parks, playgrounds and land for athletic fields; (Am. by ORD-06-00091, 8-2-06)

(b) Highways and other transportation facilities and traffic control devices, including such ancillary facilities as sidewalks, street lighting, curbs, gutters, intersection improvements, traffic signalization, signage, street trees and landscaping;
(c) Sanitary sewers and sewage collection facilities;
(d) Water pumping, storage, distribution and supply facilities;
(e) Storm sewers, drains, and drainage retention facilities
(f) Police and law enforcement facilities;
(g) Fire protection and emergency medical facilities;
(h) Libraries;
(i) Solid waste and recycling facilities;
(j) Other necessary governmental services which require public facilities in the City as a whole or in designated development impact fee zones. The costs of such public facilities shall include acquisition of land, construction, improvements, capital equipment, and installing of same and all other work auxiliary thereto, including administrative, engineering, architectural, and legal work performed in connection with a public facilities project.

(Am. by ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(19) RESIDENTIAL DEVELOPMENT shall mean use of land for the creation of new residential dwelling units for the primary purpose of housing accommodations.

(20) SITE shall mean a parcel, lot, or contiguous group of lots in a single ownership or under single control, considered a unit for purposes of development.

(21) SUBDIVISION PLAT shall mean a preliminary or final plat of a subdivision showing the salient features of a proposed subdivision and which is submitted to an approving authority for purposes of preliminary or final plat consideration. As sometimes used herein, it shall also include an approved land division or certified survey map.

(22) (Rep. by ORD-17-00059, 6-19-17).

20.05 APPLICABILITY OF IMPACT FEE.

This Ordinance shall be uniformly applicable to development which occurs, after the effective date of this Ordinance or any amendment thereto, within the City as a whole or within a designated development impact fee zone. Pursuant to Wis. Stats. § 66.0617(5), this Ordinance may impose different impact fees on different types of land development, and may impose impact fees on development in a particular zone or subarea that differ from impact fees imposed on similar development in other zones or subareas within the City.

20.06 IMPOSITION OF IMPACT FEE.

(1) Impact fees scheduled in § 20.08 of this ordinance are hereby imposed on all developments and land divisions within the City of Madison or any development impact fee zone thereof.

(2) For all unplatted lands, no final plat or certified survey map shall be certified as approved for recording unless the impact fees set forth in Sec. 20.08 are calculated and noticed on the face of the instrument to be recorded for collection pursuant to this ordinance. A notation shall be placed upon the face of the plat, map or other document to be recorded advising of the impact fees imposed on all buildable lots. (Am. by ORD-06-00091, 8-2-06)

(3) For all developments and land divisions, no rezoning permit, conditional use permit or building permit shall be issued for a development unless the impact fees set forth in § 20.08 are calculated and noticed for collection pursuant to this ordinance. (Am. by ORD-06-00091, 8-2-06)

20.07 ESTABLISHMENT OF DEVELOPMENT IMPACT FEE ZONES.

(1) Development Impact Fee Zones are established as shown on the Development Impact Fee Zones Map. Such development impact fee zones will be established consistent with any facility service areas and public facility needs assessment for each public facility.

(2) Additional development impact fee zones or combinations of development impact fee zones may be designated by the Common Council consistent with the procedure set forth in this Ordinance and with Wis. Stat. § 66.0617.

20.08 SCHEDULE AND CALCULATION OF IMPACT FEES.

(1) (Rep. by ORD-17-00059, 6-19-17)

(2) Park Impact Fees.

(a) Policy. In response to new and future development and population generating demands for new City parks and park infrastructure, the Common Council hereby establishes Park Impact Fees city-wide as the mechanism to equitably require all developments to pay for the costs that are necessary to accommodate the development. The Park Impact Fees shall include both a Park-Land Impact Fee and a Park-Infrastructure Impact Fee.

The Park-Land Impact Fee shall be the complementary mechanism to equitably require all developments to dedicate land for necessary parks and open spaces under Sec. 16.23(8)(f), MGO, pay the Park-Land Impact Fee in lieu of dedication for public acquisition of parkland, or a combination of both.

The Park-Infrastructure Impact Fee, formerly known as the Park Development Impact Fee, shall be the mechanism to equitably require all developments to pay for necessary infrastructure in City parks to accommodate the development.

(b) Needs Assessment. For the purposes of the Park Impact Fees imposed under this subsection, a Park Needs Assessment has been prepared on a city-wide basis and is available for inspection at the Parks Division. The Needs Assessment provides the rationale and basis for the impact fees created under this Subsection.

(c) Calculation of the Impact Fees.

1. General. The Park Impact Fees shall be imposed on individual properties based upon the type and number of dwelling units or lodging rooms to be generated by the property at the time of development, as set forth in this subdivision.

2. Park Impact Fee Categories. Park Impact Fees shall be based upon the five following categories of development:

a. Single-Family or Duplex. Includes all types of single-family dwelling units, including single-family detached dwellings, single-family attached dwellings and two-family dwelling units.

b. Multi-Family. Includes all three-family and multi-family dwelling units with three (3) or fewer bedrooms, as well as accessory dwelling units.

c. Large Multi-Family. Multi-family dwelling units with four (4) or more bedrooms.

d. Age Restricted Multi-Family. Multi-family dwelling units that are limited to occupancy by persons fifty-five (55) years of age or older by appropriate recorded restriction for a period of not less than thirty (30) years.

e. Group Living Quarters. A building, or portion thereof, that contains an assembly of five (5) or more bedrooms for monthly or longer-term occupation, and that includes shared bathroom and/or kitchen facilities. This category includes, but is not limited to, lodging houses, fraternity or sorority houses, housing cooperatives, and some cohousing communities.

3. Determining Basis for Calculating Impact Fee. Prior to the recording of any certified survey map or any final plat, or the issuance of building permits following approval of rezoning or conditional use permits, the City shall calculate the number of residential dwelling units to be

developed on each lot and, if necessary, the number of bedrooms per multi-family unit or within the group living quarters being proposed. These estimations shall be based on the proposed certified survey map or final subdivision plat, the zoning on each of the lots, and any further limitations on development imposed by notes on the face of the certified survey map or final plat. Where fees have been paid for future dwelling units on a lot or lots on a certified survey map or final plat, or credits given based on existing dwelling units, such payments and credits shall be noted on the face of the instrument.

4. Park-Land Impact Fee Determination.

a. Determining the Land Dedication Requirements. The required land dedication and authorized credits to meet the community's park and open space needs shall be as provided in Sec. 16.23(8)(f), MGO. Under that subdivision, the land dedication requirements are as follows:

Type of Development	Square Feet/Unit or Lodging Room
Single-Family/Duplex	1,081
Multi-Family	734
Large Multi-Family	1,424
Age Restricted Multi-Family	573
Group Living Quarters	410

b. Fee in Lieu of Land Dedication. In the event that land dedication would result in sites too small to be usable, or if the Comprehensive Plan calls for such public sites or open spaces to be located elsewhere, or if such sites would not otherwise be suitable as determined by the Plan Commission, after recommendation of the Park Superintendent or Board of Park Commissioners, a payment of the Park-Land Impact Fee in lieu of land dedication shall be required for each parcel proposed for development.

c. Park-Land Impact Fee. The Park-Land Impact Fee shall be the product of the above-noted land dedication requirement, less any land dedications or credits, and the city-wide average assessed value of land per square foot, as of January 1 of each year.

5. Park-Infrastructure Impact Fee Determination.

a. General. This impact fee is based upon the estimated cost to provide park facilities for new residents at a comparable level to park facilities which have traditionally been provided for existing residents, as detailed in the Needs Assessment.

b. Park-Infrastructure Impact Fee. The Park-Infrastructure Impact Fee shall be as follows:

Type of Development	Fee/Unit or Lodging Room
Single-Family/Duplex	$1,520
Multi-Family	$1,032
Large Multi-Family	$2,003
Age Restricted Multi-Family	$806
Group Living Quarters	$577

The impact fee is charged in Year 2016 dollars and shall be indexed for inflation on January 1 of every year using 2016 as the base year with the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

c. Park-Infrastructure Impact Fee Benefit Districts. There are hereby created five benefit districts for administration of the Park-Infrastructure Impact Fee, as follows:

i. City-Wide District. This District consists of all land within the City.

ii. North District. This District consists of all land north of East Washington Avenue/USH 151 and east of Wisconsin Avenue.

iii. East District. This District consists of all land south of East Washington Avenue and east of Martin Luther King, Jr. Boulevard.

iv. Central District. This District consists of all land west of Wisconsin Avenue and Martin Luther King, Jr. Boulevard, west of Lake Monona, the Yahara River and Lake Waubesa, and east of Midvale Boulevard and Verona Road/USH 18 and 151.

v. West District. This District consists of all land west of Midvale Boulevard and Verona Road/USH 18 and 151.

d. Apportioning the Park-Infrastructure Impact Fee. Twenty percent (20%) of the Park-Infrastructure Impact Fee for a development shall go towards the City-Wide District. The remaining eighty percent (80%) of the fee shall go toward the benefit district in which the development lies.

6. Phasing of Implementation. The Common Council finds that the impact fees set forth in this subsection should be phased in over a three-year period. In determining the Park Impact Fees due for a development, the Park Impact Fees will be determined as set forth in this subdivision. Once determined, the following phasing factors will be applied to determine the amount actually imposed on the development, based on the calendar year in which the impact fee is due:

Year	Phasing Factor
2017	80%
2018	90%
2019+	100%

(d) Low-Cost Housing.

1. Definitions. For the purposes of this subdivision, "low-cost housing" means development that creates rental or owner-occupied housing units that are affordable, as that term is defined in Sec. 4.22(2), MGO, and which meet the deed restriction requirements of Sec. 4.22(7).

2. Determination. The determination whether a proposed development will create low-cost housing, and how much low-cost housing it will create, shall be made by the Community Development Division.

3. Low-Cost Housing Park Impact Fee Exemption. Pursuant to the authority established under Wis. Stat. § 66.0617(7), and in the interests of promoting the development of low-cost housing in the City, low-cost housing is exempt from the park impact fees established under this Subsection. This exemption only applies to those dwelling units or

bedrooms within a development that are determined to be low-cost housing. This exemption does not extend to the land dedication requirements set forth under Sec. 16.23(8)(f), MGO, nor any other impact fees that may apply to a development.

4. Limitation. No amount of impact fees for which an exemption is provided for under this subdivision may be shifted to any other development in the project or in the City.

(Rep. & Rec. by ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(3) Upper Badger Mill Creek Stormwater Improvement Impact Fee.

(a) In response to new and future Development and Redevelopment demands in the Upper Badger Mill Creek Watershed and the new public stormwater management facilities that must be constructed to allow such Developments and Redevelopments to proceed, the Common Council hereby establishes the Upper Badger Mill Creek Stormwater Improvement Impact Fee Zone as a mechanism to equitably charge all new Developments and Redevelopments their proportional share of the cost for such necessary off-site public stormwater facilities in the watershed.

For purposes of the stormwater improvement Impact Fee imposed under this section, the said Zone shall be all land that currently drains or is altered to drain to the Upper Badger Mill Creek Watershed North of County Highway PD, and as more specifically described and identified as follows:

Any and all parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge within the Upper Badger Mill Creek Watershed. These lands are located within the City of Madison, Town of Middleton, and Town of Verona as follows:

Parts of Section 25; Southwest ¼, Section 26; Southeast ¼, Section 26; Southwest ¼, Section 27; Southeast ¼, Section 27; Northeast ¼, Section 33; Southeast ¼, Section 33; Section 34 and 35; Northeast ¼, Section 36; and Southwest ¼, Section 36, all within Town 7 North, Range 8 East, located in the Town of Middleton and the City of Madison.

Parts of Section 2 and 3; Northeast ¼, Section 4; Southwest ¼, Section 4; and Southeast ¼, Section 4, all within Town 6 North, Range 8 East, located in the Town of Verona and the City of Madison.

The said Zone shall also be shown on the Development Impact Fee Zone Map. (Cr. by Ord. 13,472, 12-11-03)

(b) Calculation of the Impact Fee. The amount of the stormwater improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developed Area of the land being Developed or Redeveloped within the above-described Zone. The subject Impact Fee is based upon the estimated Cost to provide Public (stormwater management) Facilities to allow Development or Redevelopment of land in accord with the Upper Badger Mill Creek Stormwater Management Plan, as identified in the Needs Assessment for this Impact Fee. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

The Upper Badger Mill Creek Stormwater Improvement Impact Fee shall be $51.3569 per 1000 square feet of Net Developed Area. The said Impact Fee rate is established in October, 2003 dollars and shall be indexed for inflation by month thereafter with October, 2003 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(4) Door Creek North, Phase II Improvements Impact Fee.

(a) Door Creek North, Phase II Improvements Impact Fee Zone. In response to new and future development in the Door Creek Watershed generating the need for improvements to the storm water drainage and public sanitary sewer systems, the Common Council hereby designates the Door Creek North, Phase II Improvements Impact Fee Zone as a part of a two-prong approach of special assessment district and Impact Fee Zone as the mechanism to equitably treat all new developments in regard to paying for necessary off-site storm water drainage and public sanitary sewer infrastructure improvements.

For the purpose of the Impact Fee imposed under this section, the Zone shall be all land that currently drains or is made to drain to the Door Creek Watershed west of Sprecher Road, and as more specifically described and identified as follows:

Any and all parcels (platted and/or metes and bounds), or portions thereof, that reside within, or is altered to discharge within the Door Creek Watershed. These lands are located within the City of Madison and the Town of Blooming Grove:

Parts of Section 1, Section 2 and Northwest ¼ Section 11 of Township 07 North, Range 10 East, located in the City of Madison and the Town of Blooming Grove.

The said Zone shall also be shown on the Development Impact Fee Zone Map.

(b) Calculation of the Impact Fee. The amount of the Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developed Area of the lot being Developed within the above-described Zone. The subject Impact Fee is based upon the estimated Cost to provide Public Facilities (storm water management and sanitary sewer) to allow Development of land in accord with the Sprecher Road Neighborhood Development Plan, as detailed in the Needs Assessment for this Impact Fee. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed based on the proposed certified survey map, final Subdivision Plat, or applicable public records.

The Door Creek North, Phase II Improvements Impact Fees shall be as follows:

Section 1: $200.64
Section 2: $104.45
Section 3: $53.91
Section 4: $104.82
Section 5: $100.67
Section 6: $53.91

All Impact Fees in this Subdivision (b) are per 1000 square feet of Net Developed Area and the sections are as defined in the Needs Assessment for this Impact Fee. The said Impact Fee is established in January, 2004 dollars and shall be indexed for inflation by month thereafter with January, 2004 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(Cr. by Ord. 13,542, 3-17-04)

(5) Valley View Road Sewer and Drainage Improvement Impact Fee.

(a) In response to new and future Development demands in the Valley View Road area of the Upper Badger Mill Creek watershed, additional new public stormwater management facilities and public sanitary sewer facilities must be constructed to allow such Developments to proceed. The Common Council hereby establishes the Valley View Road Sewer and Drainage Improvement Impact Fee District as a

mechanism to equitably charge all new Developments their proportional share of the cost for necessary additional public stormwater and sanitary facilities in the watershed.

For purposes of the Sewer and Drainage Improvement Impact Fee imposed under this section, the said District shall be all existing undeveloped land that currently drains or is altered to drain to the Valley View Road drainage area, and as more specifically described and identified as follows:

Any and all undeveloped parcels (platted and/or metes and bounds), or portions thereof, that reside within, or is altered to discharge within the Valley View area of the Upper Badger Mill Creek Watershed. These lands are located within the City of Madison and Town of Middleton as follows:

Parts of the South ½ Section 27; Section 34; and the Northeast ¼ Section 33 all within Town 7 North, Range 8 East, located in the Town of Middleton and the City of Madison.

The said Zone shall also be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sewer and Drainage Improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developable Area of the land being Developed within the above-described District. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

In the undeveloped areas, the Valley View Road Sewer and Drainage Improvement Impact Fee shall be $134.9837 per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $57.2140 per 1000 square feet. The said Impact Fee and connection fee rates are established in 2005 dollars and shall be increased or decreased annually each January 1 thereafter, with June 2005 as the base, by the product of (i) the percentage increase or decrease in the Construction Cost Index annual average, as published by the Engineering News Record or equivalent successor index, for the immediately prior year and the year next preceding and (ii) the fee applicable for the prior calendar year.

(6) (Rep. by ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(7) Felland Road Sanitary Sewer Improvement Impact Fee.

(a) In response to new and future Development demands in the Felland Road Neighborhood area of the Starkweather Creek watershed, additional new public sanitary sewer facilities must be constructed to allow such Developments to proceed. The Common Council hereby establishes the Felland Road Neighborhood Sanitary Sewer Improvement Impact Fee District as a mechanism to equitably charge all new Developments their proportional share of the cost for necessary sanitary facilities in the watershed.

For purposes of the Sanitary Sewer Improvement Impact Fee imposed under this section, the said District shall be all existing undeveloped land that currently drains or is altered to drain to the Felland Road Neighborhood drainage area, and as more specifically described and identified as follows:

Any and all undeveloped parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge within the Felland Road Neighborhood Watershed. These lands are located within the City of Madison and Town of Burke as follows:

Parts of the South ½ of the South ½ of Section 14; the Southwest ¼ of the Southwest ¼ of Section 13; Parts of Sections 23, 24, 25,26; Parts of the Southeast ¼ of Section 27; the Northeast ¼ Section 34; Parts of Section 35; Parts of the Northwest ¼ of Section 36, all within Town 8 North, Range 10 East in the Town of Burke and the City of Madison.

The said Zone shall also be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sanitary Sewer Improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developable Area of the land being developed within the above-described District. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

In the undeveloped areas, the Felland Road Neighborhood Sanitary Sewer Improvement Impact Fee shall be per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $56.2268 per 1000 square feet. The said Impact Fee and connection fee rates are established in 2008 dollars and shall be indexed for inflation annually (January 1st) thereafter with January 2008 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(Cr. by ORD-07-00192, 12-20-07)

(8) Elderberry Neighborhood Sanitary Sewer Improvement Impact Fee.

(a) In response to new and future Development demands in the Elderberry Neighborhood area of the Pheasant Branch watershed, additional new public sanitary sewer facilities must be constructed to allow such Developments to proceed. The Common Council hereby establishes the Elderberry Neighborhood Sanitary Sewer Improvement Impact Fee District as a mechanism to equitably charge all new Developments their proportional share of the cost for necessary sanitary sewer facilities in the watershed.

For purposes of the Sanitary Sewer Improvement Impact Fee imposed under this section, the said District shall be all existing undeveloped land that currently drains or is altered to drain to the Elderberry Neighborhood drainage area, and as more specifically described and identified as follows:

Any and all undeveloped parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge within the Elderberry Neighborhood area watershed. These lands are located within the City of Madison and Town of Middleton as follows:

Parts of the South ½ of Section 21 and parts of the Southwest ¼ of Section 22, all within Town 7 North, Range 8 East, in the Town of Middleton and the City of Madison.

The said Zone shall also be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sanitary Sewer Improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developable Area of the land being developed within the above-described District. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following

approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

In the undeveloped areas, the Elderberry Neighborhood Sanitary Sewer Improvement Impact Fee shall be $112.69 per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $112.69 per 1000 square feet. The said Impact Fee and connection fee rates are established in 2009 dollars and shall be indexed for inflation annually (January 1st) thereafter with January 2009 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(Cr. by ORD-08-00126, 11-22-08)

(9) Northeast Neighborhood Sanitary Sewer Improvement Impact Fee.

(a) In response to new and future Development demands in the Northeast Neighborhood area located primarily north of Interstate 94 and east of Interstate 39-90-94, additional new public sanitary sewer facilities must be constructed to allow such Developments to proceed. The Common Council hereby establishes the Northeast Neighborhood Sanitary Sewer Improvement Impact Fee District as a mechanism to equitably charge all new Developments their proportional share of the cost for necessary sanitary sewer facilities in the watershed.

For purposes of the Sanitary Sewer Improvement Impact Fee imposed under this section, the said District shall be all existing undeveloped land that currently drains or is altered to drain to the Northeast Neighborhood drainage area, and as more specifically described and identified as follows:

Any and all undeveloped parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge within the Northeast Neighborhood area watershed. These lands are located within the City of Madison and Towns of Burke and Blooming Grove as follows:

Part of all quarters of Section 35 and West ½ of Section 36, Town 8 North, Range 10 East in the Town of Burke and City of Madison; and, parts of the North ½ Section 2 and Northwest ¼ of Section 1, Town 7 North, Range 10 East in the Town of Blooming Grove and the City of Madison.

The said Zone shall also be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sanitary Sewer Improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developable Area of the land being developed within the above-described District. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

In the undeveloped areas, the Northeast Neighborhood Sanitary Sewer Improvement Impact Fee shall be $134.58 per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $134.58 per 1000 square feet. The said Impact Fee and connection fee rates are established in 2009 dollars and shall be indexed for inflation annually (January 1st) thereafter with February, 2009 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(Cr. by ORD-09-00035, 3-14-09)

(10) Lower Badger Mill Creek Sewer and Drainage Improvement Impact Fee.

(a) In response to new and future Development demands in the Lower Badger Mill Creek watershed, in the area generally west of County Trunk Highway M and east of Pioneer Road (extended north and south), and north of County Trunk Highway PD and south of Blackhawk Road, on the far west side of Madison, additional new public sanitary sewer and stormwater management facilities must be constructed to allow such Developments to proceed. Specifically, to adequately serve this new and future Development, the City must extend and construct a new sanitary sewer interceptor, sanitary force main and lift station, greenways, storm water basins, and roadway culverts. Therefore, the Common Council hereby establishes the Lower Badger Mill Creek Sewer and Drainage Improvement Impact Fee District as a mechanism to equitably charge all new Developments their proportional share of the cost for necessary sanitary sewer and stormwater management facilities in the watershed. Because of the differing needs for sanitary sewer and stormwater management facilities in the District, the Common Council hereby establishes two impact fee zones within the District, the Lower Badger Mill Creek Sanitary Sewer Impact Fee Zone and the Lower Badger Mill Creek Stormwater Impact Fee Zone. The combined boundaries of the two Impact Fee Zones make up the boundary of the Impact Fee District. The Impact Fee Zones are established as follows:

1. Lower Badger Mill Creek Sanitary Sewer Impact Fee Zone. For purposes of the Sanitary Sewer Impact Fee portion of the Lower Badger Mill Creek Sewer and Drainage Improvement Impact Fee imposed under this section, the Lower Badger Mill Creek Sanitary Sewer Impact Fee Zone shall be all existing undeveloped land that currently drains or is altered to drain to the Lower Badger Mill Creek sanitary sewer drainage area, and as more specifically described and identified as follows:

   Any and all parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge sanitary sewer outflow within the Lower Badger Mill Creek Watershed. These lands are located within the City of Madison, Town of Middleton, and Town of Verona as follows:

   Parts of the SE ¼ of Section 17, all of the East ½ of Section 20, parts of the West ½ and SE ¼ of Section 21, parts of the West ½ of Section 27, parts of all quarters of Section 28, all of the East ½ of Sections 29 and 32, and parts of all quarters of Section 33, all within Town 7 North, Range 8 East, located in the Town of Middleton and the City of Madison. Also parts of the North ½ of Section 4 within Town 6 North, Range 8 East, located in the Town of Verona and the City of Madison.

2. Lower Badger Mill Creek Stormwater Impact Fee Zone. For purposes of the Stormwater Impact Fee portion of the Lower Badger Mill Creek Sewer and Drainage Improvement Impact Fee imposed under this section, the Lower Badger Mill Creek Stormwater Impact Fee Zone shall be all existing undeveloped land that currently drains or is altered to drain to the Lower Badger Mill Creek stormwater drainage area, and as more specifically described and identified as follows:

   Any and all parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered to discharge stormwater within the Lower Badger Mill Creek Watershed. These lands are located within the City of Madison, Town of Middleton, and Town of Verona as follows:

   Parts of the SW ¼ of Section 16, parts of the SE ¼ of Section 17, all of the East ½ of Section 20, parts of the West ½ and SE ¼ of Section 21, parts of the West ½ of Section 27, parts of all quarters of Section 28, all of the

East ½ of Sections 29 and 32, and parts of all quarters of Section 33, all within Town 7 North, Range 8 East, located in the Town of Middleton and the City of Madison. Also parts of the NE ¼ of Section 4 within Town 6 North, Range 8 East, located in the Town of Verona and the City of Madison.

Both of said Zones, and said District, shall be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sewer and Drainage Improvement Impact Fee to be imposed on individual properties under this Section shall be calculated based on the amount of Net Developable Area of the land being developed within the above-described District and Zones, as well as the number of dwelling units developed within the Sanitary Sewer Impact Fee Zone. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records, and, if in the Sanitary Sewer Impact Fee Zone, the amount of dwelling units, as defined in Sec. 28.211 of the Madison General Ordinances, to be developed. The Impact Fee shall consist of the following: (Am. by ORD-12-00134, 1-2-13)

1. In the undeveloped areas of the Lower Badger Mill Creek Sanitary Sewer Impact Fee Zone, the Sanitary Sewer component of the Impact Fee shall be $56.52 per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $56.52 per 1000 square feet.

2. For the first one thousand (1,000) dwelling units within the Lower Badger Mill Creek Sanitary Sewer Impact Fee Zone that benefit from the new lift station and force main improvement prior to MMSD interceptor relief to the area, the Lift Station component of the Impact Fee shall be $595.05 per dwelling unit.

3. In the undeveloped areas of the Lower Badger Mill Creek Stormwater Impact Fee Zone, the Stormwater component of the Impact Fee shall be $121.42 per 1000 square feet of Net Developed Area.

The said Impact Fee, special assessment, and connection fee rates are established in 2009 dollars and shall be indexed for inflation annually (January 1st) thereafter with October, 2009 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

(11) Jeffy Trail Sanitary Sewer Improvement Impact Fee.

(a) In response to new and future Development demands in the Upper Badger Mill Creek watershed, in the area generally consisting of the 2nd Addition to Hawks Creek located to the northwest of Raymond Road, south of Flagstone Drive, east of Tail Water Drive, and along Jeffy Trail and Trevor Way extended, on the south west side of Madison, additional new public sanitary sewer facilities must be constructed to allow such Developments to proceed. Specifically, to adequately serve this new and future Development, the City must extend and construct a new sanitary sewer interceptor. Therefore, the Common Council hereby establishes the

Jeffy Trail Sanitary Sewer Improvement Impact Fee District as a mechanism to equitably charge all new Developments their proportional share of the cost for necessary sanitary sewer facilities in the drainage area.

For purposes of the Sanitary Sewer Improvement Impact Fee imposed under this section, the said District shall be all existing undeveloped land that currently drains or is altered to drain to the Jeffy Trail Sanitary Sewer Improvement drainage area, and as more specifically described and identified as follows:

Any and all undeveloped parcels (platted and/or metes and bounds), or portions thereof, that reside within, or are altered or pumped to discharge within the Jeffy Trail sanitary sewer improvement service area. These lands are located within the City of Madison and the Town of Verona as follows:

Parts of the Southeast ¼ of the Northeast ¼ of Section 3, and part of the Southwest ¼ of the Northwest ¼ of Section 2, all within Town 6 North, Range 8 East, in the Town of Verona and the City of Madison.

The said District shall also be shown on the Development Impact Fee District Map.

(b) Calculation of the Impact Fee. The amount of the Sanitary Sewer Improvement Impact Fee to be imposed on individual properties shall be calculated based on the amount of Net Developable Area of the land being developed within the above-described District. The subject Impact Fee is based upon the estimated Cost to construct the necessary improvements. Prior to recording of any certified survey map or any final Subdivision Plat, or the issuance of building permits following approval of a rezoning or conditional use permit, the City shall calculate the amount of net area being developed, based on the proposed certified survey map, final Subdivision Plat, or other applicable public records.

In the undeveloped areas, the Jeffy Trail Sanitary Sewer Improvement Impact Fee shall be $303.95 per 1000 square feet of Net Developed Area. In areas already developed without public sanitary sewer, or areas that will initially be served by a private lift station upon development, the Impact Fee does not apply, but these parcels may be specially assessed or charged connection fees for sanitary sewer service at a rate of $303.95 per 1000 square feet. The said Impact Fee and connection fee rates are established in 2013 dollars and shall be indexed for inflation annually (January 1st) thereafter with March, 2013 as the base, using the Construction Cost Index as published by the Engineering News Record or equivalent successor index.

20.09 ADMINISTRATION OF IMPACT FEE.

(1) Collection of Impact Fee.

All impact fees imposed under this chapter shall be imposed upon each buildable lot in a development and shall be payable in full, at the annually adjusted rate then in effect, at the time of issuance of any building permit under Chapter 29 of the Madison General Ordinances. Unpaid impact fees shall be special charges to the property owner at the time of permit issuance; and, if not so paid, shall become a lien as provided in Wis. Stat. § 66.0627(4), as of the date of such delinquency and shall be automatically extended upon the current or next tax roll as a delinquent tax against that real property parcel without further notice or hearing, and all proceedings in relation to the collection, return and sale of the property for delinquent real estate taxes shall apply to each such special charge. Alternatively, developers or land owners may, at their own option, elect to either pay any or all of the imposed impact fees at the time of recording, or pay any or all of the imposed impact fees or special charges at any other time prior to the issuance of the building permit. (Am. by ORD-08-00050, 5-24-08)

(Am. by ORD-06-00091, 8-2-06; ORD-13-00033, 3-27-13)

(2) Transfer of Funds to Finance Director. Upon receipt of impact fees imposed under this Ordinance, the Finance Director shall be responsible for placement of such fees into separate accounts as hereinafter specified. (Am. by ORD-11-00037, 3-8-11)

(3) Establishment and Maintenance of Accounts. The Finance Director shall establish a separate interest-bearing account for fees collected for each development impact fee zone and impact fee benefit district. Interest or income earned by each account shall be credited to that account and shall be used solely for the purposes specified for such account. The Finance Director shall maintain records for each such account, as required by statute or otherwise hereinafter specified. The Park-Infrastructure Impact Fees shall be placed into separate accounts for the five benefit districts as set forth in Sec. 20.08(2)(c)5.d., to be used exclusively within each benefit district area for park and recreation development and facility improvements. The map of the benefit districts is in the Park Impact Fees Needs Assessment document. (Am. by ORD-11-00037, 3-8-11; ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

(4) Maintenance of Records. The Finance Director shall maintain and keep adequate financial records far each such account, which shall show the source and disbursement of all revenues, which shall account for all moneys received, and which shall ensure that the disbursement of moneys from each account shall be used solely and exclusively for the provision of projects specified for the particular development impact fee zone or expenditure area. (Am. by ORD-11-00037, 3-8-11)

(5) Annual Review and Modification. The City may periodically review the development potential of each development impact fee zone and the capital improvements plans and make such modifications as are deemed necessary as a result of (a) development occurring in the prior year, (b) public facilities actually constructed, (c) changing facility needs, (d) inflation, (e) revised cost estimates for public facilities, (f) changes in the availability of other funding sources applicable to public facility projects, and (g) such other factors as may be relevant. With the exception of annual increases to account for inflation, any impact fee modifications resulting from changes in development potential or capital improvements programs will require a public hearing as described in Section 20.15.

20.10 BONDING OF EXCESS FACILITY PROJECTS.

Impact fees paid pursuant to this Ordinance shall be restricted to use solely and exclusively for direct financing of public facilities, or as a pledge against bonds, revenue certificates, and other obligations of indebtedness for the cost of public facilities as specified herein.

20.11 REFUNDS.

(1) The current owner of a property on which an impact fee has been paid may apply for a refund of such fee if (a) the City has failed to provide a public facility serving such property within the applicable statutory period from the date of payment of the impact fee, as prescribed in Wis. Stat. § 66.0617(9), or (b) the building permit for which the impact fee has been paid has lapsed for non-commencement of construction; or (c) the project for which a building permit has been issued has been altered in a manner which has resulted in a decrease in the amount of the impact fee due; or (d) as otherwise authorized in this Ordinance. (Am. by ORD-08-00050, 5-24-08)

(2) A written claim for refund must be filed with the Finance Director or his or her designee within one year of the event giving rise to the claim. Failure to do so as provided herein shall be considered a waiver of the right to claim a refund under this chapter. (Am. by ORD-11-00037, 3-8-11)

(3) Within ten (10) business days of the filing date of a claim for refund, the Finance Director shall forward a copy of the claim for refund to the appropriate Commission, department or utility manager. Within thirty (30) days of receipt, the appropriate Commission, department or utility manager shall submit a written report and recommendation to the Finance Director. The Finance Director shall review this report and make a written

recommendation to the Board of Public Works. Within fifty (50) days of the date of the Finance Director's written recommendation, the Board of Public Works shall adopt a written decision denying, approving, or approving in part the claim for refund. (Am. by ORD-11-00037, 3-8-11)

(4) If the claimant wishes to appeal the decision of the Board of Public Works, the claimant may commence an action in the Dane County Circuit Court seeking review of the Board's decision within 30 days after the date on which the Council adopted the decision with respect to the claim for refund.

20.12 APPEALS.

(1) Notice of Appeal. Any developer upon whom an impact fee has been imposed may contest the amount, collection or use of the impact fee by filing a Notice of Appeal to the Board of Public Works. The Notice of Appeal shall be filed with the Executive Secretary of the Board of Public Works within thirty (30) days of the date of the determination therein appealed. The Notice of Appeal shall state in detail the relief sought by the developer and any legal or factual basis for the relief requested; and shall include all supporting documentation upon which the developer relies in making the appeal.

(2) Appeal Bond. If the Notice of Appeal is accompanied by a bond or other sufficient surety satisfactory to the City Attorney in an amount equal to the impact fee due, as calculated by the Finance Director or the Finance Director's designee, and all other requirements have been satisfied, the building permit may be issued or the final plat may be approved. The filing of an appeal shall not stay the collection of the impact fee due unless a bond or other sufficient surety has been filed. (Am. by ORD-11-00037, 3-8-11)

(3) Review by the Board of Public Works.

(a) Within ten (10) business days of the date of filing of the Notice of Appeal, the Executive Secretary of the Board of Public Works shall forward a copy of the Notice of Appeal to the appropriate Commission, department or utility manager and to the Finance Director. Within thirty (30) business days of receipt, the appropriate Commission, department or utility manager shall submit a written report and recommendation to the Finance Director. The Finance Director shall review this report and make a written recommendation to the Board of Public Works.

(b) Within fifty (50) days of the date of the Finance Director's written recommendation, the Board of Public Works shall adopt a written decision denying, approving, or approving in part the appeal.

(Am. by ORD-11-00037, 3-8-11)

(4) Review by Circuit Court. If the developer wishes to appeal the decision of the Board of Public Works, the developer may commence an action by certiorari in the Dane County Circuit Court seeking review of the Board's decision within thirty (30) days after the date on which the Board adopted the decision with respect to the developer's appeal.

20.13 EFFECT OF IMPACT FEE ON ZONING AND SUBDIVISION REGULATIONS.

This Ordinance shall not affect, in any manner, the permissible use of property, density of development, design, and improvement standards and requirements, or any other aspect of the development of land or provision of public improvements subject to the zoning and subdivision regulations or other regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all such development.

20.14 IMPACT FEE AS ADDITIONAL AND SUPPLEMENTAL REQUIREMENT.

Except as required by Wis. Stat. § 66.0617(6)(d), the impact fees imposed under this chapter are additional and supplemental to, and not in substitution of, any other requirements imposed by the City on the development of land or the issuance of building permits.

20.15 AMENDMENTS.

(1) Public Hearing. Before enacting an ordinance that amends this Chapter 20, the Common Council shall hold a public hearing on the proposed ordinance or amendment.

(2) Notice. Pursuant to Wis. Stat. § 66.0617(3), notice of the public hearing referred to in the preceding subsection shall be published as a class 1 notice under Wis. Stat. ch. 985, and shall specify where a copy of the proposed ordinance or amendment and the public needs assessment may be obtained.

(3) Public Facilities Needs Assessment. Before enacting an ordinance that imposes impact fees or amending an ordinance that imposes impact fees by revising the amount of the fee or altering the public facilities for which impact fees may be imposed, a needs assessment shall be prepared and made available for public inspection and copying as required by Wis. Stat. § 66.0617(4). (Am. ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

20.16 CREDITS.

(1) The City and a developer/property owner may mutually agree to allow the property owner to construct a public facility for which an impact fee has been imposed. In this event, the property owner must enter into an agreement with the City prior to issuance of any building permit or final plat approval. In any such agreement, the City shall reasonably provide for credits for other applicable past or future monetary or non-monetary contributions or prior and future special assessments or installments by the developer to the construction of the said public facility, as follows:

(a) Prior special assessments or installments Present value of amounts contributed within the last five (5) years for any land dedications, physical improvements, or financial contributions made for the construction of the public facility;

(b) Present land dedications and physical improvements made far the construction of the public facility;

(c) Future special assessments or installments for any number of years and land dedications or physical improvements required by agreement to be made for the construction of the public facility for a period not to exceed five (5) years.

(2) In no event shall credit provided under subparagraph (1) be greater than the otherwise applicable impact fee.

(3) No credits shall be given for the construction of local on-site facilities required by zoning, subdivision, or other City requirements or which are not included in the capital improvements program.

(4) All impact fees shall be proportionately reduced or credited to compensate for moneys received from the federal or state government specifically to provide or pay for the public facilities for which the impact fees are imposed.

(5) The City and a developer may mutually agree to allow credit against the Park-Infrastructure Impact Fee for developer improvements to public parkland, based on the typical costs anticipated for such improvements by the City in its Park Impact Fees Needs Assessment, as adjusted annually by the formula set forth in Section 20.08(2)(c)5.b. above. Where the developer proposes to improve a public park before the City would normally develop and maintain it, the developer shall agree to maintain the park for 3 years after completion. The developer may also receive credit against the Park-Infrastructure Impact Fee for developer improvements to private parkland that qualifies for dedication credit under Sec. 16.23(8)(f)8. The credit shall be based on the costs anticipated for the typical standard for public improvements by the City. The developer may choose to install additional improvements to the private park, beyond the typical city standard, at the developer's expense without receiving credit. (Cr. by ORD-06-00091, 8-2-06; Am. ORD-16-00091, Pub. 11-9-16, Eff. 1-1-17)

20.17 PENALTY.

In addition to any other remedy which the City may have for any violation of any portion of this chapter, any person who shall violate any provision of this chapter shall be subject to a penalty as provided in Sec. 16.23(12). Each violation, and each day a violation continues or occurs, shall constitute a separate offense. This section, shall not preclude the City from maintaining any appropriate action to prevent or abate a violation of this chapter.

21.01 TITLE. Nonmetallic mining reclamation ordinance for the City of Madison.

21.02 PURPOSE. The purpose of this chapter is to establish a local program to ensure the effective reclamation of nonmetallic mining sites on which nonmetallic mining takes place in the City of

Madison, in compliance with Chapter NR 135, Wisconsin Administrative Code and Wis. Stat. ch. 295, subch. I.

21.03 STATUTORY AUTHORITY. This chapter is adopted under authority of Wis. Stat. § 295.14(1), Section NR 135.32, Wisconsin Administrative Code, and Wis. Stat. § 62.11(3).

21.04 RESTRICTIONS ADOPTED UNDER OTHER AUTHORITY. The purpose of this chapter is to adopt and implement the uniform statewide standards for nonmetallic mining required by Wis. Stat. § 295.12(1)(a), and contained in Chapter NR 135, Wisconsin Administrative Code. It is not intended that this chapter repeal, abrogate, annul, impair or interfere with any existing rules, regulation, ordinances or permits not concerning nonmetallic mining reclamation previously adopted pursuant to other Wisconsin law.

21.05 INTERPRETATION. In their interpretation and application, the provisions of this chapter shall be held to be the applicable requirements for nonmetallic mining reclamation and shall not be deemed a limitation or repeal of any other power granted by the Wisconsin Statutes outside the reclamation requirements for nonmetallic mining sites required by Wis. Stat. ch. 295, subch. I and Chapter NR 135, Wisconsin Administrative Code. Where any terms or requirements of this chapter may be inconsistent or conflicting, the more restrictive requirements or interpretation shall apply. Where a provision of this chapter is required by Wisconsin Statutes, or by a standard in Chapter NR 135, Wisconsin Administrative Code, and where the provision is unclear, the provision shall be interpreted to be consistent with the Wisconsin Statutes and the provisions of Chapter NR 135, Wisconsin Administrative Code.

21.06 SEVERABILITY. Should any portion of this chapter be declared unconstitutional or invalid by a court of competent jurisdiction, the remainder of this chapter shall not be affected.

21.07 APPLICABILITY. The requirements of this chapter apply to all nonmetallic mining sites as follows:

(1) This chapter applies to all operators of nonmetallic mining sites within the City of Madison as provided in Sections NR 135.02(1) and (2), Wisconsin Administrative Code, except where exempted in Section NR 135.02(3), Wisconsin Administrative Code. (Am. by ORD-07-00136, 10-18-07)

21.08 ADMINISTRATION. The provisions of this chapter shall be administered by The Division of engineering, under the general direction of the City Engineer.

21.09 DEFINITIONS. Definitions for the purposes of this chapter are those contained in Section NR 135.03, Wisconsin Administrative Code, as well as the following:

(1) City Engineer means the City Engineer and his/her designee.

21.10 STANDARDS. All nonmetallic mining sites subject to this chapter shall be reclaimed in conformance with the standards contained in Subchapter II of Chapter NR 135, Wisconsin Administrative Code.

21.11 PERMIT REQUIRED. No person may engage in nonmetallic mining or in nonmetallic mining reclamation without possessing a nonmetallic mining reclamation permit pursuant to Sec. 21.11, unless specifically exempted in Section NR 135.02(1), 135.02(3) or 135.03(16)(b), Wisconsin Administrative Code. The operator of all nonmetallic mining sites shall apply for a reclamation permit from the City Engineer. All reclamation permit applications under this section shall be accompanied by the information required by Section NR 135.18(1) and Section NR 135.18(2), Wisconsin Administrative Code. The application shall be accompanied by a plan review fee as specified in Sec. 21.30. (Am. by ORD-07-00136, 10-18-07)

21.12 RECLAMATION PLAN. All operators of nonmetallic mining sites subject to this chapter shall prepare and submit a reclamation plan that meets the requirements of Section NR 135.19, Wisconsin Administrative Code. (Am. by ORD-07-00136, 10-18-07)

21.13 EXISTING PLANS AND APPROVALS. To avoid duplication of effort, the reclamation plan required by Sec. 21.12 may, by reference, incorporate existing plans or materials that meet the requirements of this chapter. (Am. by ORD-07-00136, 10-18-07)

21.14 APPROVAL OF RECLAMATION PLAN. The City of Madison shall approve, conditionally approve, or deny in writing the reclamation plan submitted under this section as part of permit issuance pursuant to Sec. 21.17. Conditional approvals of reclamation plans shall be made according to Sec. 21.19, and denials of reclamation plans made according to Sec. 21.20. The operator shall keep a copy of the reclamation plan required by this section, once approved by the City Engineer, at the mine site or, if not practicable, at the operator's nearest office or place of business. (Am. by ORD-07-00136, 10-18-07)

21.15 FINANCIAL ASSURANCE. All operators of nonmetallic mining sites in the City of Madison shall prepare and submit a proof of financial assurance of successful reclamation that meets the requirements of Section NR 135.40, Wisconsin Administrative Code. No proof of financial assurance is required for nonmetallic mining conducted by the State of Wisconsin, a state agency, board, commission or department, or a municipality. (Am. by ORD-07-00136, 10-18-07)

21.16 PUBLIC NOTICE AND RIGHT TO HEARING. The City Engineer shall provide public notice and the opportunity for a public informational hearing as set forth in Sections NR 135.20(1) and (2), Wisconsin Administrative Code for any nonmetallic mining site for which a complete reclamation permit application that satisfies Sec. 21.11(2) is received, except that no public notice or informational hearing is required for a nonmetallic mining reclamation permit issued to a local transportation-related mine pursuant to Sec. 21.17(2). (Am. by ORD-07-00136, 10-18-07)

21.17 ISSUANCE OF NONMETALLIC MINING RECLAMATION PERMIT.

(1) Permit Issuance. Applications that satisfy the requirements in Sec. 21.11(2) shall be issued a reclamation permit or otherwise acted on as provided in Section NR 135.21(2), Wisconsin Administrative Code. The permit shall require compliance with a reclamation plan submitted by the applicant that conforms with Sec. 21.12 and provision by the applicant of financial assurance that conforms with Sec. 21.15, payable to the City of Madison, prior to beginning mining.

(2) Automatic Permit for Local Transportation-Related Mines. The City Engineer shall issue an automatic permit under this subsection for any borrow site operated to provide material for a locally-administered transportation project that meets the criteria in Section NR 135.23(1)(a), Wisconsin Administrative Code. This automatic permit shall be issued according to the provisions of Sections NR 135.23(1)(b) through (j), Wisconsin Administrative Code.

(Am. by ORD-07-00136, 10-18-07)

21.18 EXPEDITED REVIEW. Any operator of a nonmetallic mining site may obtain an expedited review of a reclamation permit application by paying the expedited review fee specified in Sec. 21.31. The expedited review shall be carried out according to the provisions of Wis. Admin. Code § NR 135.23(1). Such expedited review shall not waive, shorten or otherwise affect the public notice and right of hearing pursuant to Sec. 21.16. (Am. by ORD-07-00136, 10-18-07)

21.19 PERMIT CONDITIONS. Permits issued under this section may include conditions as provided in Wis. Admin. Code § NR 135.21(2). One required condition shall be that new mines shall obtain

financial assurance prior to beginning mining pursuant to Wis. Admin. Code § NR 135.40. (Am. by ORD-07-00136, 10-18-07)

21.20 PERMIT DENIAL. An application for a nonmetallic mining reclamation permit shall be denied if any of the factors specified in Wis. Admin. Code § NR 135.22 exist.

21.21 ALTERNATIVE REQUIREMENTS. An operator of a nonmetallic mining site may request an alternative requirement to any reclamation standard established in Subchapter II of Wis. Admin. Code ch. NR 135. Such a request may be made only on the basis of the criteria set forth in Wis. Admin. Code § NR 135.26(1).

(1) Procedures. The operator of a nonmetallic mining site requesting an alternate requirement shall demonstrate, in written form, that all the criteria in Wis. Admin. Code § NR 135.26(1) are met. After public notice and hearing, the City Engineer shall determine whether the requested alternative meets the requirements of this chapter.

(2) Transmittal of Decision on Request for Alternate Requirements. The decision on a request for alternative reclamation requirements shall be in writing to the applicant and shall include documentation of why the alternative requirement was or was not approved.

(3) Notice to Wisconsin Department of Natural Resources. The City of Madison shall provide notice to the Wisconsin Department of Natural Resources as provided in Wis. Admin. Code § NR 135.26(3)(a).

21.22 PERMIT DURATION. A nonmetallic mining reclamation permit issued under this chapter shall last through operation and reclamation of the nonmetallic mining site, unless suspended or revoked pursuant to Sec. 21.25, or as limited under Wis. Admin. Code § NR 135.27 where the mine operator is not the landowner.

21.23 PERMIT TRANSFER. A nonmetallic mining reclamation permit issued under this chapter shall be transferred to a new owner or operator upon satisfaction of the conditions in Wis. Admin. Code § NR 135.28.

21.24 PERMIT MODIFICATION. A nonmetallic mining permit may be modified as follows:

(1) Request of the City of Madison. If the City Engineer finds that, because of changing conditions, the nonmetallic mining site no longer is in compliance with this chapter or the applicable reclamation ordinance, it shall issue an order modifying the permit in accordance with Wis. Admin. Code § NR 135.24.

(2) Request of the Operator. If operator of any nonmetallic mine that holds a reclamation permit issued under this chapter desires to modify such permit or reclamation plan approved under this chapter, it may request such modification by submitting a written application for such modification to the City Engineer. The application for permit or plan modification shall be acted on using the standards and procedures of this chapter.

(3) Required by the Operator. The operator of any nonmetallic mine that holds a reclamation permit issued under this chapter shall request a modification of such permit if required under the circumstances set out in Wis. Admin. Code § NR 135.27. Such application for permit modification shall be acted on using the standards and procedures of this chapter.

(Am. by ORD-07-00136, 10-18-07)

21.25 PERMIT SUSPENSION OR REVOCATION. The City Engineer may suspend or revoke a nonmetallic mining reclamation permit issued pursuant to this chapter if he/she finds any of the grounds listed in Wis. Admin. Code § NR 135.25(1). If the City Engineer finds grounds for suspending or revoking a nonmetallic mining reclamation permit, he/she may issue a special order suspending or revoking such permit as set forth in Sec. 21.40. The consequences of an reclamation permit suspension or revocation order shall be as set forth in Wis. Admin. Code § NR 135.25(2) and (3).

21.26 REVIEW. Any permitting decision or action made by the City Engineer under this chapter may be reviewed as set forth in Wis. Admin. Code § NR 135.30.

21.27 ANNUAL OPERATOR REPORTING. Operators of nonmetallic mining sites shall submit annual reports that satisfy the requirements of Wis. Admin. Code § NR 135.36 to the City Engineer. These reports shall be for reclamation during a calendar year, and submitted in writing within sixty (60) days of the end of each calendar year. Annual reports shall be submitted until reclamation at each nonmetallic mining site is certified as complete under Sec. 21.35.

21.28 INSPECTION IN LIEU OF REPORT. The City Engineer may, at his/her discretion, obtain the information required to be submitted by the operator of a nonmetallic mining site in Wis. Admin. Code § NR 135.36 by written documentation of an inspection by the City Engineer during a calendar year, as set forth in Wis. Admin. Code § NR 135.36(4). (Am. by ORD-07-00136, 10-18-07)

21.29 RETENTION OF ANNUAL REPORTS. Annual reports submitted under this section or inspection records that replace them shall be retained by the City Engineer for at least ten (10) years after the calendar year to which they apply. These records, or accurate copies of them, shall be made available to the Wisconsin Department of Natural Resources upon written request or during its inspection or audit activities carried out pursuant to Wis. Admin. Code § NR 135.

21.30 PLAN REVIEW FEES. A person who intends to operate a nonmetallic mining site for which a permit application has been submitted under Sec. 21.11(2) shall submit a non-refundable plan review fee as set forth in Table 3 of Wis. Admin. Code § NR 135.39(5). No plan review fee may be assessed under this section for any nonmetallic mine site for which an application for any local transportation-related mine issued an automatic permit under Sec. 21.17(3). A separate plan review fee shall be paid under this section for any modification to an existing reclamation plan submitted pursuant to Sec. 21.24. (Am. by ORD-07-00136, 10-18-07; ORD-10-00039, 5-1-10)

21.31 EXPEDITED PLAN REVIEW FEE. A person who intends to operate a nonmetallic mining site for which a permit application has been submitted under Sec. 21.11(2) may obtain expedited reclamation plan review by paying a fee of five hundred dollars ($500). Such fee shall be in addition to that required in Sec. 21.30.

21.32 RELATION TO ANNUAL FEE. Any reclamation plan review fee or expedited reclamation plan review fee shall be added to and collected as part of the first annual fee collected under Sec. 21.33.

21.33 ANNUAL FEES. Operators of all nonmetallic mining sites subject to reclamation permits issued under this chapter shall pay annual fees to the City of Madison. Fees paid under this section shall include both a share for the Wisconsin Department of Natural Resources and a share for the City of Madison. Fees shall be calculated based on the number of unreclaimed acres of each site according to Wis. Admin. Code § NR 135.39(1)(a). The annual fee under this section shall be as set forth in Table 2 of Wis. Admin. Code § NR 135.39(4), plus an additional eighty-five dollars ($85). Such fees apply to a calendar year or any part of a year in which nonmetallic mining takes place, until final reclamation is certified as complete under Sec. 21.35. Fees shall be paid no later than January 31 for the previous year. Fees paid under this section shall include a share for the Wisconsin Department of Natural Resources equal to the amount specified in Wis. Admin. Code § NR 135.39(3) and shall be forwarded to the Wisconsin Department of Natural Resources by March 31. For sites on which no nonmetallic mining has taken place during a calendar year, fees to be paid under this section for the following year shall be $15. This ordinance shall be effective February 1, 2011. (Am. by ORD-07-00136, 10-18-07; ORD-10-00039, 5-1-10; ORD-11-00018, 2-11-11)

21.34 REGULATORY REPORTING AND DOCUMENTATION. The City Engineer shall send an annual report to the Wisconsin Department of Natural Resources including the information required by Wis. Admin. Code § NR 135.37 by March 31 for the previous year. The City Engineer shall, to the best of its ability, maintain the information set forth in Wis. Admin. Code § NR 135.47(3), and make it available to the Wisconsin Department of Natural Resources for that agency's audit of the City of Madison's reclamation program pursuant to Wis. Admin. Code § NR 135.47. (Am. by ORD-07-00136, 10-18-07)

21.35 COMPLETED RECLAMATION—REPORTING AND CERTIFICATION. The operator of a nonmetallic mining site shall certify to the City Engineer completion of reclamation for a portion or all of the nonmetallic mining site as specified in the reclamation plan prepared and approved pursuant to this chapter and Wis. Admin. Code § NR 135. In addition, the operator of a nonmetallic mining site may report completion of interim reclamation as specified in the reclamation plan for the site prepared and approved pursuant to this chapter and Wis. Admin. Code § NR 135. The City Engineer shall inspect a nonmetallic mining site for which reporting of reclamation or interim reclamation has been submitted within sixty (60) days of receipt of the certification, and make a determination in writing in accordance with Wis. Admin. Code § NR 135.40(7)(c). If it is determined that interim or final reclamation is complete, including revegetation as specified in a reclamation plan, the City Engineer shall issue the mine operator a written certificate of completion.

21.36 EFFECT OF COMPLETED RECLAMATION. If reclamation is certified by the City Engineer as complete for part or all of a nonmetallic mining site, then:

(1) No fee shall be assessed under Sec. 21.33 for the area so certified.

(2) The financial assurance required by Sec. 21.15 shall be released.

21.37 EFFECT OF INACTION FOLLOWING REPORT OF COMPLETED RECLAMATION. If no written response as required by Sec. 21.35 for an area of the mine site reported as reclaimed or interim reclaimed is given within sixty (60) days of receiving such request, any annual fee paid to the City of Madison shall be refunded.

21.38 PERMIT TERMINATION. When all final reclamation required by a reclamation plan is certified as complete pursuant to Sec. 21.35, the City Engineer shall issue a written statement to the operator of the nonmetallic mining site, thereby terminating the reclamation permit.

21.39 RIGHT OF ENTRY AND INSPECTION. For the purpose of ascertaining compliance with the provisions of Subchapter I of Wis. Stat. ch. 295, Wis. Admin. Code ch. NR 135, or this chapter, any authorized officer, agent, employee or representative of the City of Madison may inspect any nonmetallic mining site subject to this chapter as provided in Wis. Stat. § 295.17(1) and Wis. Admin. Code § NR 135.42.

21.40 ENFORCEMENT ORDERS. The City Engineer may issue orders as set forth in Wis. Admin. Code § NR 135.43(1)(a), (b), or (c). An order issued under this section may be reviewed as provided in Wis. Admin. Code § NR 135.43(2).

21.41 PENALTY. As specified in Wis. Stat. § 295.19(3)(a), any person who violates Sec. 21.10, may forfeit not less than twenty-five dollars ($25) nor more than one thousand dollars ($1,000) for each violation. Any person who violates any other provision of this Chapter may forfeit not less than ten dollars ($10) nor more than five thousand dollars ($5,000) for each violation. For any violation, each day of continued violation is a separate offense. While an order is suspended, stayed or enjoined, a penalty does not accrue.

22.02 DEFINITIONS. As used in this chapter, unless the context requires otherwise:

"Department" means the Department of Planning and Community and Economic Development.

"Incorrect" as applied to weights and measures and commodities includes any failure to comply with the requirements of this Chapter or rules issued thereunder.

"Motor vehicle" has the meaning given in Sec. 340.01, Wis. Stats. (Cr. by Ord. 10075, 8-2-90)

"Pump" means a device used to dispense motor fuel for sale at retail. (Cr. by Ord. 10075, 8-2-90)

"Sell", "sale" and "sold" include barter or exchange, and any offering or exposing for sale or possession with intent to sell.

"Sealer" and "Deputy Sealer" means a Sealer of weights and measures and a Deputy Sealer of weights and measures of the City of Madison.

"Weight" means net weight when used in reference to a commodity.

"Weights and Measures" means weights and measures of every kind, instruments and devices for weighing and measuring, electronic scanners used to record the price of a commodity or thing, and any appliances and accessories used with any or all such instruments and devices, except meters for the measurement of electricity, gas (natural or manufactured) or water when the same are operated in a public utility system, and scales under the control of the grain and warehouse commission. (Am. by Ord. 13,718, 10-26-04)

22.03 FIELD STANDARDS AND EQUIPMENT: SPECIFICATIONS AND TOLERANCES.

(1) There shall be supplied by the City such "field standards" and such equipment as may be found necessary to carry out the provisions of this chapter. The field standards shall be verified by the State Department of Agriculture upon their initial receipt and at least once each 2 years thereafter.

(2) The specifications, tolerances and regulations for commercial weighing and measuring devices issued by the National Bureau of Standards shall apply in this City except as modified by rules issued by the State Department of Trade and Consumer Protection.

22.04 CITY SEALERS AND WEIGHTS AND MEASURES INSPECTORS. The City Sealer and Weights & Measures Inspectors shall be appointed by the Director of the Building Inspection Division of the Department of Planning and Community and Economic Development subject to confirmation by the Common Council. The Department shall keep a complete record of its work and annually shall file a report thereof with the State Department of Trade and Consumer Protection. (Am. by ORD-08-00109, 10-7-08)

22.05 ENFORCEMENT AUTHORITY.

(1) There is conferred upon the Sealer and Weights & Measures Inspectors of weights and measures, police power. Such Sealer and Weights & Measures Inspectors shall be provided with suitable badges or insignia of authority and in the exercise of their functions shall exhibit the same, upon demand, to any person questioning their powers and they may make arrests, with or without formal warrant, of any persons violating any statute or ordinance relating to weights and measures.

(2) The Sealer or Weights & Measures Inspectors may enter and go into or upon any structure or premises, and may stop any person or vehicle for the purpose of enforcing this chapter. They shall inspect and test any weights or commodities which are sold or used commercially as often as necessary to secure compliance with this chapter. The Sealer or Weights & Measures Inspectors shall approve for use and may seal or mark with appropriate devices such weights and measures as found upon inspection and test to be correct, and shall reject and mark or tag as rejected such weights and measures found to be incorrect, but which in their best judgment are susceptible of satisfactory repair. Weights and measures that have been rejected or condemned may be confiscated and may be destroyed by the Sealer if not corrected as required by the Sealer, or if used or disposed of contrary to this ordinance.

(3) The Sealer or Weights & Measures Inspector shall have the power to issue stop orders, stop-sale orders, and disposal orders with respect to weights and measures being, or susceptible of being, commercially used, and to issue stop-sale orders and disposal orders

with respect to packages or amounts of commodities kept, offered, or exposed for sale, sold, or in process of delivery, whenever in the course of their enforcement of the provisions of this ordinance they deem it necessary or expedient to issue such orders. No person shall use, remove from the premises specified, or fail to remove from the premises specified, any weight, measure, or package or amount of commodity contrary to the terms of a stop-use order, stop-sale order, or disposal order issued under the authority of this section.

(4) The Sealer or his/her designee shall investigate complaints made to him/her concerning violations of the provisions of this chapter, and shall, upon his/her own initiative, conduct such investigations as he/she deems appropriate and advisable to develop information on prevailing procedures in commercial quantity determination and on possible violations of the provisions of this chapter, and to promote the general objective of accuracy in the determination and representation of quantity in commercial transactions.

(5) In accordance with the provisions of Section 9.16, Madison General Ordinances, the Sealer or his/her designee shall inspect the physical inventory of merchandise to be sold to insure same to be in agreement with that inventory as submitted in the affidavit of application. Upon completion of such inspection the Sealer or his/her designee shall submit a written report of his/her findings to the City Clerk.

(6) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. A thirty-five dollar ($35) charge may be assessed when an inspector fails to gain entry to carry out a compliance inspection. (Am. by ORD-11-00057, 4-7-11)

(7) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Secs. 22.05(6) & (7) Cr. by ORD-10-00058, 6-11-10)

22.06 RESPONSIBILITIES OF EQUIPMENT OWNERS OR USERS. The owner, operator or user of any commercial weights and measures equipment, devices or associated equipment is responsible for the accuracy and maintenance of same.

(1) It shall be the duty of every owner, operator or user to notify the City Sealer in writing of the acquisition of any commercial weighing or measuring device, whether new, rebuilt or used. Said notification shall be by application for use and payment of the appropriate fee and shall be prior to use of said device. (Am. by Ord. 9364, 12-21-87)

(2) Commercial weights and measures devices regulated by this ordinance shall bear security seals appropriately affixed to any adjustment mechanisms designed to be sealed. The security seals shall bear the mark or imprint of the Sealer or Deputy Sealer, or other weights and measures official, or service persons authorized by the Sealer. Said security seal may only be removed to facilitate repairs of devices. Any service person who removes a security seal shall replace it and reseal the device with his/her own imprint. The Sealer or Deputy Sealer shall be notified of said repairs and removal of the seal within 72 hours of removal, or of the introduction of a new, rebuilt or used device per Subsection (1) above so that said device may be reinspected.

(3) Transient merchants purchasing or selling commodities or services by weight or measure either from bulk or in packaged form shall notify the Sealer and receive the approval of the Sealer before purchasing or selling activities may be commenced. At the Sealer's discretion

the transient merchant may be approved for a calendar year and the subsequent notification requirement may be waived. Sellers of farm produce and seafood vendors operating from other than a continuous, permanent location shall also meet these requirements.

(4) Every owner or operator shall secure the gas pump(s) electronic and payment processing area(s) under their control or ownership by installing a lock(s) that is unique to the pump(s) under their control. This ordinance shall be effective January 1, 2017. (Cr. by ORD-16-00099, Pub. 11-9-16, Eff. 1-1-17)

22.07 METHOD OF SALE OF COMMODITIES.

(1) Commodities in liquid form shall be sold by liquid measure and commodities not in liquid form shall be sold by weight, provided that liquid commodities may be sold by weight and commodities not in liquid form may be sold by count or measure if such methods are in general use and give accurate information as to the quantity of commodity sold.

(2) Berries and small fruits may be sold by measure only if in containers having capacities of one-half dry pint, one dry pint, or one dry quart.

(3) It shall be unlawful to advertise, offer for sale, or sell within the City any fireplace or stove wood that is not in accordance with Wisconsin ATCP 91 (91.03)(3)(h) which references NIST Handbook 130, ch. IV.B, section 2.4. (Am. by ORD-15-00019, 3-4-15)

(4) This section shall not apply to commodities sold in compliance with a state or federal law which prescribes another method of sale or to commodities for immediate consumption on the premises where sold.

22.08 DECLARATION OF QUANTITY.

(1) No commodity which is marked, tagged or labeled, or for which a sign is displayed, with a selling price, shall be sold unless the weight, measure or count of the commodity is conspicuously declared on the commodity or its tag, label or sign, but a declaration of count is not required if the selling price is for a single unit, or a set or combination of commodities customarily sold to and understood by consumers as a single unit, or if the commodity is packaged prior to sale and the package contains 6 units or less which can be easily counted without opening the package.

(2) No commodity shall be wrapped or its container made, formed or filled so as to mislead the purchaser; nor shall the qualifying term "when packaged," or the terms "jumbo" or "giant" or "full", or words of similar import that tend to mislead the purchaser as to the amount of the commodity, be used in connection with a declaration of quantity.

(3) In addition to the declarations required by this section, any commodity in package form, the package being one of a lot containing random weights, measures or counts of the same commodity and bearing the total selling price of the package, shall bear on the outside of the package a plain and conspicuous declaration of the price per single unit of weight, measure or count.

22.09 VARIATIONS FROM DECLARED QUANTITY. The magnitude of permitted variations from declared quantity shall be determined by rules set forth by the Wisconsin Department of Agriculture, Trade and Consumer Protection and the facts in the individual case.

22.10 ADVERTISING COMMODITIES FOR SALE. Whenever a commodity in bulk or packaged form is advertised in any manner and the price of the commodity is stated in the advertisement, there shall be closely and conspicuously associated with such statement of price a declaration of the quantity; of contents offered in the case of packaged commodity; or of the price per unit and the unit it is based upon in the case of a bulk commodity.

(1) When the commodity is in packaged form, the quantity, as it appears on the package, shall likewise appear in the advertisement, provided that where the law or regulation requires a

dual declaration that sets forth the quantity in terms of a smaller unit of weight or measure, both declarations that are required to appear on the package must also appear in the advertisement.

(2) Whenever any commodity is advertised as described above, the appropriate Method of Sale, as set forth in Section 22.07 of this ordinance, and in state statutes and rules adopted by reference, shall also be applied in the advertisement.

(3) There shall not be included as part of the declaration required under this section such qualifying terms as "when packaged", "minimum", "not less than", or any other terms of similar import, nor any term qualifying a unit of weight, measure, or count (for example, "jumbo", "giant", "full", and the like) that tends to exaggerate the amount of commodity in the package.

22.11 MISREPRESENTATION OF PRICE. Whenever any commodity or service is sold or is offered, exposed, or advertised for sale, by weight, measure or count, the price shall not be misrepresented, nor shall the price be represented in any manner which may mislead or deceive an actual or prospective purchaser. Whenever an advertised, posted, or labeled price per unit of weight, measure, or count includes a fraction of a cent, all elements of the fraction shall be prominently displayed and the numeral or numerals expressing the fraction shall be immediately adjacent to, of the same general design and style as, and at least one-half the height and width of the numerals representing the whole cents.

22.12 RESERVED FOR FUTURE USE.

22.13 RESERVED FOR FUTURE USE.

22.14 BULK DELIVERIES SOLD TO AND DELIVERED BY VEHICLE TO THE ULTIMATE CONSUMER.

(1) All coal, coke and charcoal shall be sold by weight. Unless the fuel is delivered to the purchaser in package form, each delivery of coal, coke or charcoal to an individual purchaser shall be accompanied by duplicate tickets on which, in ink or other indelible substance, there is clearly stated 1) the name and address of the vendor, 2) the name and address of the purchaser, and 3) the net weight of the delivery and the gross and tare weights from which the net weight is computed, each expressed in pounds. One of these tickets shall be retained by the vendor and the other shall be delivered to the purchaser at the time of delivery of the fuel, or shall be surrendered on demand to the Sealer or Deputy Sealer who, if he/she desires to retain it as evidence, shall issue a weight slip in lieu thereof for delivery to the purchaser. If the purchaser carries away his/her purchase, the vendor shall be required only to give to the purchaser, at the time of sale, a delivery ticket stating the number of pounds of fuel delivered to him/her. (Am. by ORD-14-00012, 1-14-14)

(2) Fireplace Wood and Stovewood. As heretofore set forth in Section 22.07(3) of this chapter, fireplace wood or stovewood shall be sold only in accordance with Wisconsin ATCP 91 (91.03)(3)(h). Further, a delivery ticket or invoice shall be presented by the seller to the purchaser whenever any nonpackaged fireplace wood or stovewood is sold. The delivery ticket or sales invoice shall clearly and legibly state in ink or other indelible substance the following information: 1) name and address of seller, 2) name and address of purchaser, 3) date of delivery, 4) quantity delivered and the quantity upon which the price is based, if this differs from the delivered quantity, 5) the price of the amount delivered, 6) the identity of the wood in the most descriptive terms commercially practicable, including any quantity representation made in connection with the sale. (Am. by ORD-15-00019, 3-4-15)

(3) Heating Oil and Motor Fuels. All heating oils and motor fuels shall be sold by liquid measure. In the case of each delivery of liquid fuel not in package form, and in an amount greater than 10 gallons, there shall be rendered to the purchaser, either at the time of delivery or within a period mutually agreed upon in writing or otherwise between the

vendor and the purchaser, a delivery ticket or a written statement on which, in ink or other indelible substance, there shall be clearly and legibly stated: 1) the name and address of the vendor, 2) the name and address of the purchaser, 3) the identity of the type of fuel comprising the delivery, 4) the unit price (the price per gallon) of the fuel delivered, and 5) the liquid volume of the delivery, together with the print meter readings from which such liquid volume has been computed, expressed in terms of the gallon and its binary or decimal subdivisions. (Am. by ORD-15-00019, 3-4-15)

22.15 MOTOR FUEL, HEATING OILS, AND SOLVENTS SALES ON PREMISES OF SELLER.

(1) Every wholesaler, retailer, and every other person selling or distributing motor fuel, heating oil or solvents in the City of Madison shall keep posted in a conspicuous place at her/his place of business, and on every pump from which delivery is made, a placard, sign or the like clearly stating the identity of each product dispensed, including the grade, blend or mixture of the product, the net selling price, and the amount of all taxes per gallon. No such placard shall be required on a computer pump whereon the aforementioned information is legibly shown on the face. All motor fuel pumps shall be marked conspicuously to indicate the blend or mixture so contained.

(2) Motor Vehicles Used by Persons with Disabilities; Service.

(a) A motor fuel dealer shall have an employee dispense motor fuel into a motor vehicle at the same price as the motor fuel dealer charges the general public for the same grade of motor fuel dispensed from a self-service pump, if all of the following apply:

1. The motor vehicle displays special registration plates issued under Sec. 341.14(1), (1a), (1m), (1g) or (1r)(a) or a special identification card issued under Sec. 343.51, Wis. Stats., or is a motor vehicle registered in another jurisdiction and displays a registration plate, card or emblem issued by the other jurisdiction that designates that the vehicle is used by a person with a physical disability.
2. The driver of the motor vehicle asks for the same prices as charged for motor fuel dispensed from a self-service pump.
3. The motor fuel dealer sells motor fuel at retail from both full-service and self-service pumps.

(b) An employee of a motor fuel dealer who dispenses motor fuel under Subdivision (a) need not provide any other services that are not provided to a customer who uses a self-service pump.

(c) A motor fuel dealer shall keep posted in a conspicuous place at her/his place of business, a placard or sign, clearly visible to customers from within their vehicle, informing them of the provisions of this ordinance and of Sec. 100.51(5), Wis. Stats. Each such placard or sign shall contain the international symbol of accessibility. (Am. by ORD-14-00108, 6-16-14)

(Am. by Ord. 10075, 8-2-90)

22.16 RESERVED FOR FUTURE USE. (R. by Ord. 10,514, 9-24-92 & 10-1-92)

22.17 RESERVED FOR FUTURE USE.

22.18 PRESUMPTIVE EVIDENCE. For the purpose of this ordinance, proof of the existence of a weight or measure or a weighing or measuring device in or about any building, enclosure, stand or vehicle, in which or from which it is shown that buying or selling is commonly carried on, shall in the absence of evidence to the contrary, be presumptive proof of the regular use of such weight or measure or weighing or measuring device for commercial purposes and of such use by the person in charge of such building, enclosure, stand, or vehicle.

22.19 ISSUANCE OF CITATIONS FOR VIOLATIONS OF THIS CHAPTER AND SCHEDULE OF CASH DEPOSITS. Pursuant to the authority of Sec. 66.0119, Wis. Stats., the City of Madison hereby elects to use the citation method of enforcement and authorizes the use of a citation that comports with Sec. 1.08(2) of the Madison General Ordinances.

22.20 WEIGHTS AND MEASURES.

(1) Fees. No person, firm or corporation shall operate weights and measures, weighing or measuring devices and systems and accessories relating thereto, which are used commercially within the City of Madison in determining the weight, measure or count of commodities or things sold or purchased or offered or exposed for sale on the basis of weight, measure or count unless licensed pursuant to the provisions of this ordinance. A license shall be valid for one year and shall expire on December 31. No license fee shall be refunded once a license or permit has been granted. A late filing fee of 15% of the license fee or a minimum of three dollars ($3), whichever is greater, shall be required paid prior to the granting of the license for each of the following: (Am. by ORD-15-00019, 3-4-15)

(a) Each renewal application received by the City Clerk after December 31;

(b) Each application for which deficiencies in the application process are corrected after December 31.

(Secs. 22.20(1)(a) and (b) Am. by Ord. 11,428, 12-4-95)

(2) Application. Application for a weighing or measuring device license shall be made in writing on a form provided for such purpose by the Department of Planning and Community and Economic Development. The application shall state the specific descriptions and identifications of each weighing and measuring device to be licensed, the location of the devices, the applicant's full name and post office address and whether the person is an individual, firm or corporation and, if a partnership, the names of partners together with their addresses, and the signatures of the applicants. No device shall be added to any premises and put into use during the license year unless application is made for such device and the fee paid.

(3) Issuance of License and Fees. The Department of Planning and Community and Economic Development by its City Sealer or Weights and Measures Inspectors shall annually issue a license to the applicant based on the total number of weighing and measuring devices operated by the applicant if the requirements of this chapter have been complied with and upon payment to the City (Treasurer) the fee required according to the following schedule:

(4) Special Fees. Notwithstanding the provision for the requirement of an annual license for weighing and measuring devices, whenever a special request is made for consultation or the inspection or testing of a noncategorized weighing or measuring device, the actual expenses may be charged to the person or firm receiving the service. Such payment or charge shall be based on the current hourly rate.

(5) Display of License. The persons licensed under the provisions of this ordinance shall immediately post their license upon some conspicuous part of the premises on which the business is conducted and said license shall remain posted for the period the license is in force.

(6) Suspension of License. Notwithstanding the other provisions of this ordinance, whenever the City Sealer finds that business on any licensed premises is conducted or managed in such a manner that there are serious or repeated violations of this ordinance, or violation of any ordinances or regulations of the City of Madison, the laws of the State of Wisconsin, or regulations of the National Bureau of Standards relating to weights and measures, he/she may without warning, notice or hearing, issue a written notice to the license holder, operator or employee in charge of the licensed premises citing such condition and specifying the corrective action to be taken. If deemed necessary, such order shall state that the license is immediately suspended and all weighing and measuring operations are to be discontinued. Any person to whom such an order is issued shall comply immediately but may appeal such order to the Board of Building Code, Fire Code, Conveyance Code and Licensing Appeals by following the procedures established in

Section 29.18 of these ordinances. Failure to allow an inspector immediate access to the premises to determine whether such grounds exist shall be grounds for suspension. (Am. by Ord. 11,960, Adopted 11-4-97; ORD-09-00019, 3-14-09)

(7) Revocation of Licenses. For serious or repeated violations of any of the requirements of this ordinance, or for interference with the City Sealer in the performance of his/her duties, the City Sealer may permanently revoke the license. Prior to such action, the City Sealer shall notify the license holder in writing, stating the reasons for which the license is subject to revocation, and advising that the license shall be permanently revoked at the end of five (5) days following service of such notice unless a request for a hearing under Section 29.18, Madison General Ordinances, is filed with the Director of the Building Inspection Division by the license holder within such five (5) day period. (Am. by Ord. 11,960, Adopted 11-4-97; ORD-08-00109, 10-7-08)

(8) Transfer of Licenses. No license may be transferred unless otherwise provided for by the ordinances of the City. No license shall be issued to or used by any person acting as agent for or in the employ of another.

(9) Hearings. The hearings provided for in this section shall be conducted by the Board of Building Code, Fire Code, Conveyance Code and Licensing Appeals in accordance with the provisions of Section 29.18, Madison General Ordinances. (Am. by Ord. 11,960, Adopted 11-4-97; ORD-09-00019, 3-14-09)

(Sec. 22.20 Am. by Ord. 9364, 12-21-87)

22.21 PROHIBITED ACTS; PENALTY; INJUNCTION.

(1) A person who does any of the following acts shall forfeit not less than one hundred dollars ($100) nor more than one thousand dollars ($1000):

(a) Hinders, obstructs or impersonates the Sealer or Deputy Sealer.

(b) Uses or has in possession for use in buying or selling any commodity or service, or sells any incorrect weight or measure.

(c) Represents in any manner a false quantity or price in connection with the purchase or sale, or any advertising thereof, of any commodity, thing or service. (Am. by ORD-15-00019, 3-4-15)

(d) Uses or disposes of any rejected weight or measure or commodity, or removes therefrom any official tag, seal, stamp or mark, without written authority from the Sealer or Inspector.

(e) Uses any weighing or measuring device in determining the quantity of any commodity or service to be sold or purchased without having said device approved and sealed by the Sealer and the proper certificate and license obtained in accordance with this ordinance, including operating without a license. (Am. by Ord. 9364, 12-21-87)

(f) Deals in or installs new or used weighing or measuring equipment or represents such equipment to be properly repaired following official rejection, if said equipment is inaccurate on inspection.

(g) Violates Section 22.15 of this ordinance. (Cr. by Ord. 10075, 8-2-90)

(Am. by Ord. 13,760, Adopted 12-14-04)

(2) Any person who violates any provision of this chapter not specifically enumerated in subsection (1) or fails to comply with any of its requirements shall, upon conviction thereof, be subject to a forfeiture of not less than $50.00 nor more than $500.00 for each offense. Each day such violation continues shall be considered a separate offense. (Cr. by Ord. 9364, 12-21-87)

(3) In addition to commencing an action for the violations of the provisions of this chapter, the City Attorney, on behalf of the City of Madison, is authorized to seek a temporary or permanent injunction restraining any person from violating any provision of this chapter. (Renumbered by Ord. 9364, 12-21-87)

23.01 PROHIBITION ON OBSTRUCTING ENTRYWAYS TO REPRODUCTIVE HEALTH CARE FACILITIES.

(1) Purpose and Findings. The Common Council recognizes that access to health care facilities for the purpose of obtaining medical counseling and treatment without interference is important to the residents of the City, and that the exercise of a person's right to speak for or against such counseling and treatment, including the right to protest or counsel against certain medical procedures, must be balanced against another person's right to obtain medical counseling or treatment in an unobstructed manner. The City has had instances of persons hindering access to health care, especially at reproductive health care facilities. Therefore, the Common Council finds that this ordinance is necessary to further the City's significant governmental interests in protecting persons' rights to come and go from a reproductive health care facility. (Am. by ORD-17-00030, 3-8-17)

(2) Restrictions. It shall be unlawful for any person to do any of the following:

(a) Physically and intentionally obstruct, detain, hinder, impede, or block another person's entry to or exit from a reproductive health care facility. This applies to any location of ingress and egress to a reproductive health care facility including driveways. Where a reproductive health care facility is located in a multi-use or multi-office building and does not have a separate entrance, this ordinance applies to all entrances to the building.

(b) Intentionally injure, threaten to injure, or by force or threat of force intimidate a person who:

1. Is seeking to obtain or obtaining services at a reproductive health care facility; or

2. Is or has been providing services at a reproductive health care facility.

(3) This section shall not prohibit any person from engaging in lawful speech or picketing which does not obstruct, detain, hinder, impede or block another person's access to a reproductive health care facility or interfere with the delivery of services within a reproductive health care facility.

(4) Definitions. In this section:

"Reproductive health care facility" means a place, other than within or upon the grounds of a hospital, where abortions are offered or performed.

(5) Penalty. Any person violating any provision of this ordinance shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than one thousand dollars ($1000).

(Sec. 23.01 Cr. by ORD-14-00046, 3-26-14; Am. by ORD-14-00138, 8-13-14)

23.02 ADVERTISEMENTS ON PUBLIC OR PRIVATE PROPERTY PROHIBITED.

(1) No person, firm, corporation or organization shall place or cause to be placed in any manner any commercial, political or promotional advertising material upon any public property or public telephone booth in any street, alley or public grounds, or upon the exterior of any private property situated and fixed in or adjacent to any street, alley or public ground, unless proper sign permits, permission from the lawful owner or occupant of the premises where such material is to be displayed provided such signs are not otherwise prohibited by ordinance, or Council approval therefore is obtained. This prohibition shall include but not be limited to the placement in any manner of any advertising material upon trees. The placement prohibition shall not apply to placement of posters on kiosks, bulletin boards or other designated locations designed for said activity which are located upon public or private property. (Am. by Ord. 5572, 8-25-76 and Ord. 5573, 9-3-76)

(2) No person, firm, corporation or organization shall place any commercial advertising material upon any private property except in compliance with the following:

(a) Any plastic bag used in distribution shall be a minimum of 1mm in thickness and shall have a minimum of twenty (20) holes, each at least one-fourth (¼) inch in diameter;

(b) No toxic material or material injurious to health shall be distributed;

(c) All unclaimed material shall be collected by the distributor or her/his agent by 6:00 p.m. on the day following the day of distribution;

(d) No distribution of such material shall be made to any private dwelling if the owner or occupant thereof gives notice in any reasonable manner that s/he does not wish to receive such material;

(e) Every distribution of commercial advertising material shall include the name, address, and telephone number of person, firm, corporation or organization responsible for such distribution.

(3) This section shall not apply to the posting of notices required by law nor to materials distributed through the mail.

(4) The provisions of this ordinance shall be severable and if any part of the ordinance shall be held in contravention of the Constitution and laws of the State of Wisconsin and the United States by a court of competent jurisdiction, the validity of the rest of the ordinance shall not be affected. It is hereby declared to be the intent of this ordinance that the same would have been adopted had such unconstitutional or unlawful portion, if any, not been included herein. (Cr. by Ord. 5512, 6-19-76)

(5) Any person who violates any provision of this section, or fails to comply with any of its requirements shall upon conviction thereof, be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200). (Am. by Ord. 5557, 8-13-76; Ord. 13,760, Adopted 12-14-04)

23.03 ELECTION PRACTICES PROHIBITED.

(1) Electioneering Prohibited. It shall be unlawful during voting hours on any public property on the day of any election within a radius of one hundred (100) feet of any entrance to any building containing any polling place within the City of Madison, for any person to engage in any electioneering or to distribute, place or cause to be distributed any written or printed matter, or to maintain, present or display any visible or audible announcement or advertisement in any form whatsoever, which is intended or tends to influence, directly or indirectly, the vote for or against any candidate or referendum question. This subsection does not apply to the placement of any material on the bumper of a motor vehicle that is located on such property on election day. (Am. by Ord. 10,920, 5-27-94)

(2) Reserved for Future Use. (R. by Ord. 10,920, 5-27-94)

(3) Loud Speakers Prohibited. It shall be unlawful during voting hours on the day of any election for any person to use or operate or cause to be used or operated any device, apparatus or instrument for the amplification of the human voice or any sound or noise, which amplification is directed to the general public and which is intended or tends to influence, directly or indirectly, the vote for or against any candidate or referendum question.

(4) Any person convicted of violating this section shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than two hundred dollars ($200).

23.04 DISTRIBUTION OF COMMERCIAL HANDBILLS AND ADVERTISING MATTER PROHIBITED.

(1) It shall be unlawful for any person, firm or corporation to distribute or to cause or permit to be distributed in any public street or park thereof in the City of Madison any commercial handbills, samples, or advertising matter of any kind.

(2) It shall be unlawful for any person, firm, or corporation, except the owner, to place or cause to be placed in or upon any automobile standing on the streets, alleys, or public places in the City of Madison for advertising purposes any commercial handbill, dodger, card, pamphlet, sticker, tag, or paper of any kind.

23.05 SMOKING PROHIBITED IN CERTAIN AREAS.

(1) Definitions.

(2) Intent and Purpose.

(a) The Common Council of the City of Madison hereby finds that:

1. It is recognized that smoking of cigarettes and tobacco products is hazardous to an individual's health and may affect the health of nonsmokers when they are involuntarily in the presence of smoking.
2. Numerous scientific studies have found that tobacco smoke is a major contributor to indoor air pollution.
3. Reliable scientific studies, including studies conducted by the Surgeon General of the United States, have shown that breathing sidestream or secondhand smoke is a significant health hazard to nonsmokers; particularly to children, elderly people, individuals with cardiovascular disease, and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease.
4. Health hazards induced by breathing sidestream or secondhand smoke include lung cancer, respiratory infection, decreased respiratory function, decreased exercise tolerance, bronchoconstriction and bronchospasm.
5. Reliable scientific studies assessed by the California Environmental Protection Agency have found that sidestream and secondhand tobacco smoke is a leading cause of premature death and disability among non-smokers.
6. Air pollution caused by smoking is an offensive annoyance and irritant. Smoking results in serious and significant physical discomfort to nonsmokers.
7. Electronic delivery devices are currently unregulated and have been proven to emit nicotine, ultra-fine particles, volatile organic compounds and other toxins. Inhalation of nicotine is proven to be dangerous to everyone, especially children and pregnant women. Exposure to ultrafine particles may exacerbate respiratory illnesses, such as asthma and may constrict arteries which could trigger a heart attack. The volatile organic compounds, such as formaldehyde and benzene, found in electronic smoking device aerosols, as well as conventional cigarette smoke, are proven carcinogens. (Cr. by ORD-15-00007, 1-14-15)

(b) This ordinance is adopted for the purpose of protecting the public health, safety, comfort and general welfare of the people of the City of Madison, especially

recognizing the rights of nonsmokers who constitute a majority of the population; educating persons affected by this ordinance; and assisting owners, operators; and managers in maintaining compliance. (Am. by ORD-17-00030, 3-8-17)

(Sec. 23.05(2) Am. by Ord. 12,571, 5-3-00)

(New Sec. 23.05(6) Cr. by Ord. 12,938, 12-11-01)

(7) Exceptions. The following areas shall not be subject to the smoking restrictions of this section:

(a) Retail tobacco stores in existence on June 3, 2009 and in which only the smoking of cigars and pipes is allowed.

(b) Tobacco bar, subject to the following:

1. The Tobacco bar was in existence on June 3, 2009;
2. Smoking of tobacco products is permitted;
3. Smoking of cigarettes and service of food are not permitted;
4. Fifteen percent (15%) or more of the tobacco bar's total gross income from the previous fiscal year was from the on-site sale of tobacco products, not including any sales from vending machines;
5. To qualify for this exemption the owner must file written proof subscribed and sworn to by a Certified Public Accountant certifying the tobacco bar's total gross income and the percentage of tobacco product sales from the tobacco bar. The City Clerk or City Attorney may request further information, including an audit of the tobacco bar's records, if there is reason to believe the financial data may not be accurate;
6. This exemption is only in effect from the date of initial application until June 30, and then from July 1 to June 30, of each year. An application for this exemption must be made annually by April 15th of the application year. To qualify for an annual exemption the tobacco bar must provide written proof subscribed to and sworn by a Certified Public Accountant certifying that fifteen percent (15%) or more of the tobacco bar's total gross income from the preceding year was from the on-site sale of tobacco products, not including any sales from vending machines;
7. Tobacco bars shall display signs, in accordance with the standards in this section, that state that cigars and pipes may be smoked in the tobacco bar, that cigarettes may not be smoked in the tobacco bar, and warning of the dangers of secondhand smoke, in language and form as approved by the Director of Public Health Madison and Dane County. (Am. by ORD-15-00009, 1-28-15)

(c) Retail electronic delivery device stores subject to the following:

1. The store may provide electronic delivery devices and accessories for the purposes of sampling;

4. Service of food is not permitted.

(Sec. 23.05(7)(c) Cr. by ORD-15-00007, 1-14-15)

(Am. by ORD-06-00033, 4-7-06; Rep. 28.05(7)(a) & Renum. (b)-(f) to (a)-(e) by ORD-09-00147, 11-6-09; Rep. Sec. 28.05(7)(b), (c), 9d) and Renum. (e) to (b) by ORD-10-00067, 7-13-10)

(Sec. 23.05(7) Am. by Ord. 12,571, 5-3-00; Renum. from 23.05(6) & Am. by Ord. 12,938, 12-11-01; Am. by Ord. 13,195, 12-10-02; Ord. 13,604, 5-11-04; ORD-10-00067, 7-13-10)

(8) Signage.

(a) Signs prohibiting shall be posted conspicuously at every building, structure, or public place entrance by the proprietor, employer or other person in charge of each building, structure or public place specified in Subsections (3), (4), (5) and (6). Signs in outdoor areas designated as nonsmoking shall be placed so that the public has reasonable notice of the prohibition. Signs shall include the international "No

Smoking" symbol consisting of a pictorial burning cigarette enclosed in a red circle with a red bar across the cigarette. (Am. by Ord. 12,938, 12-11-01; ORD-11-00065, 5-13-11)

(b) It shall be unlawful for any person to remove, deface, or destroy any sign required by this Section, or to smoke in any place where any such sign is posted. (Renumbered by Ord. 12,796, 4-9-01; Renumbered by ORD-11-00065, 5-13-11) (Am. and Renumbered by Ord. 12,571, 5-3-00; Am. and Renumbered by Ord. 12,938, 12-11-01)

(9) Enforcement.

(a) The Director of Public Health Madison and Dane County or designee and the Chief of Police or designee, shall have the power, whenever they may deem it necessary, to enter upon the premises named in this section to ascertain whether the premises are in compliance with this ordinance. A compliance time of not less than one week shall be granted. Enforcement may be by citation, as permitted by Sec. 1.08, MGO, or through issuance of a summons and complaint. (Renum. and Am. by Ord. 10,163, 12-28-90; Renumbered and Am. by Ord. 12,571, 5-3-00)

(b) The proprietor, employer or other person in charge of premises regulated hereunder, upon either observing or being advised of a violation, shall make reasonable efforts to prevent smoking in prohibited areas by:

1. Approaching smokers who fail to voluntarily comply with this section and requesting that they extinguish their cigarette or tobacco product and refrain from smoking, or
2. Refusing service to anyone smoking in a prohibited area.

(Cr. by Ord. 12,796, 4-9-01)

(c) Any person who desires to register a complaint under this section may contact Public Health Madison and Dane County or the Police Department.

(d) Ashtrays, cigarette vending machines and other smoking paraphernalia shall not be located in areas where smoking is prohibited.

(Am. and Renum. by Ord. 12,571, 5-3-00; Am. and Renum. by Ord. 12,938, 12-11-01; Am. by ORD-15-00009, 1-28-15)

(10) Retaliation Prohibited. No person shall discharge, refuse to hire, refuse to serve or in any other manner retaliate against any employee, applicant for employment, customer, service user, business patron or any other person because that person exercises any rights afforded by this section. (Cr. by Ord. 12,938, 12-11-01)

(11) Violations and Penalties.

(a) General. Any person who violates any of the provisions of this section may be subject to a forfeiture of no more than one hundred and twenty-five dollars ($125) for the first offense and no more than five hundred dollars ($500) for the second and subsequent offenses. Each day that a violation occurs shall be considered a separate offense.

(Sec. 23.05(8) Renumbered to (9) and Am. by Ord. 12,571, 5-3-00; Ord. 12,795, 4-9-01; Renumbered to (11) by Ord. 12,938, 12-11-01; Ord. 13.604, 5-11-04)]

(12) Clean Indoor Air.

(a) Intent and Construction. The City of Madison finds that it is in the interests of the health, safety and welfare of the community to adopt by reference Wis. Stat. § 101.123, and subsequent amendments, additions and recodifications. It is the intent of the Common Council that where there may be conflict between Wis. Stat. § 101.123 and Sec. 23.05, MGO, that the most restrictive section shall apply. This ordinance shall not be construed to mean that progressive discipline of City employees for violations of laws, rules, and regulations is only authorized where explicitly provided by ordinance.

(b) Penalty. The penalties provided by Wis. Stat. § 101.123 shall be in addition to the penalties provided for violation of Sec. 23.05 when a person has violated both

laws. In addition to the penalties provided by Sec. 23.05 and Wis. Stat. § 101.123, any City employee who violates any provision of Sec. 23.05 or Wis. Stat. § 101.123, may also be subject to progressive discipline by his or her employer.

(Sec. 23.05(9) Renumbered to (10) by Ord. 10,163, 12-28-90; Renumbered to (12) and Am. by Ord. 12,938, 12-11-01)

(13) Severability. The provisions of this section are severable. If any provision of this section is held to be invalid or unconstitutional or if the application of any provision of this section to any person or circumstance is held to be invalid or unconstitutional, such holding shall not affect the other provisions or applications of this section which can be given effect without the invalid or unconstitutional provisions or applications. It is hereby declared to be the intent of the Common Council that this section would have been adopted had any invalid or unconstitutional provision or applications not been included herein. (Cr. by Ord. 11,558, 3-29-96, 4-4-96; Renumbered to (13) by Ord. 12,938, 12-11-01)

(14) Notwithstanding any other provision of the Madison General Ordinances, the City Attorney is authorized to institute and prosecute actions seeking to enjoin repeated violations of this section.

(Cr. by ORD-10-00067, 7-13-10)

23.06 DAMAGE TO PROPERTY.

(1) Definitions. In this section:

(a) "Intentionally" shall mean that the actor either has a purpose to do the thing or cause the result specified, or is aware that her or his conduct is practically certain to cause that result. In addition, the actor must have knowledge of those facts which are necessary to make their conduct unlawful and which are set forth after the word "intentionally".

(b) "Graffiti" shall mean any writing, printing, marks, signs, symbols, figures, designs, inscriptions, or other drawings which are scrawled, painted, drawn or otherwise placed on any surface of a building, wall, fence, sidewalk, curb or other structure on public or private property which have the effect of defacing the property, but shall not include scratchiti as defined in Section 23.065. (Am. by ORD-06-00032, 4-7-06)

(2) It shall be unlawful for any person to intentionally cause damage to any physical property of another without the person's consent.

(3) If more than one item of property is damaged under a single intent and design, the damage to all of the property may be prosecuted as a single offense.

(4) In any case of unlawful damage involving more than one act of unlawful damage, but prosecuted as a single offense, it is sufficient to allege generally that unlawful damage to property was committed between certain dates. At the trial, evidence may be given of any such unlawful damage that was committed on or between the dates alleged.

(5) It shall be unlawful for any person to intentionally place graffiti on any surface located on public or private property.

(6) This section does not prohibit any person from using water soluble chalk to mark words or figures, otherwise lawful, upon city pavement and sidewalks.

(7) Any person who shall violate this section shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000). (Am. by Ord. 13,760, Adopted 12-14-04)

(Sec. 23.06 R./ReCr. by Ord. 11,377, 10-23-95)

23.065 SCRATCHITI.

(1) Definitions. In this section:

(a) "Intentionally" shall mean that the actor either has a purpose to do the thing or cause the result specified, or is aware that his or her conduct is practically certain

to cause that result. In addition, the actor must have knowledge of those facts that are necessary to make their conduct unlawful and which are set forth after the word "intentionally."

(b) "Scratchiti" shall mean any writings, printings, marks, signs, symbols, figures, designs, inscriptions, or other drawings that are etched, carved, scratched, or engraved on any surface of a building, wall, fence, sidewalk, curb, window or other structure on public or private property that has the effect of defacing the property, but shall not include "graffiti" as defined in Section 23.06.

(c) "Etching acid" shall mean any liquid, cream, paste or similar chemical substance that can be used to etch, draw, carve, sketch, engrave or otherwise alter, change or impair the physical integrity of glass, metal or other hard surface.

(2) It shall be unlawful for any person to intentionally place scratchiti or etching acid on or into any surface located on public or private property without the consent of the owner of the property.

(3) Any person who shall violate Subsection (2) shall be subject to a forfeiture of not less than two hundred dollars ($200) nor more than two thousand dollars ($2,000).

(Cr. by ORD-06-00032, 4-7-06)

23.07 UNLAWFUL TRESPASS.

(1) It shall be unlawful for any person to intentionally enter the dwelling of another without the consent of some person lawfully upon the premises, under circumstances tending to create or provoke a breach of the peace.

(2) It shall be unlawful for any person to enter or remain on any property of another or to enter or remain in any building of another after having been notified by the owner or occupant not to enter or remain on such premises.

(3) It shall be unlawful for any person to enter or remain in a health care facility or to enter or remain on property on which a health care facility is located after having been notified by the owner or occupant not to enter or remain on such premises. In this section a "health care facility" means a hospital, clinic or office that is used by a licensed physician. Where an office used by a health care facility is located in a multi-office building, the common areas of the entire building shall also be deemed a health care facility.

(4) It shall be unlawful for any person to permit any animal belonging to that person, or under that person's control, to trespass upon the property belonging to another person without the permission of the lawful owner or occupant.

(5) No person shall possess or consume any amount of an alcoholic beverage, whether in an open or closed container, on the property of another without the permission of a person lawfully upon the premises. (Cr. by Ord. 10,924, 6-17-94)

(6) (a) No person shall sleep, lie down or take temporary habitation on the property of another without the permission of a person lawfully upon the premises.

(b) No person shall possess or use items commonly associated with sleeping or habitation, including but not exclusively, beds, mattresses, sleeping bags, bedrolls, blankets, pillows, sheets, quilts and comforters on the property of another without the permission of a person lawfully upon the premises. (Cr. by Ord. 10,924, 6-17-94)

(7) (a) It shall be unlawful for any person, other than a licensee or authorized newspaper reporters or those connected with or employed upon the railroad, to walk, loiter or be upon or along the track of any railroad. The provisions of this subsection shall not be construed to interfere with the lawful use of a public road or highway by any person, or to prevent any person from driving across any railroad from one part of the person's land to another part thereof, or from walking directly across the tracks or right-of-way or track by any person when occasioned by or in connection with, either directly or indirectly, the shipping, loading or unloading of freight, seeking employment, the investigation or securing of evidence with respect

to any accident or wreck, or in conducting or transacting any other business for or with said railroad; or with the entry of any employee during or on account of labor disputes by employees.

(b) No person shall be cited for nor convicted of a violation of Subsection (7)(a) unless Notices have been conspicuously posted in the immediate area in which such person is trespassing or has trespassed and said notices substantially contain the provisions of Subsection (7)(a) and the penalties for violating that subsection.

(Cr. by Ord. 12,325, 2-26-99)

(8) It shall be unlawful for any person, other than those actually engaged in maintenance or other work activities, to enter, be upon or cross the full right-of-way width of North Paterson Street from the end of the improved street to the waters edge of Lake Mendota from sunset to sunrise. (Cr. by Ord. 13,236, 2-25-03)

(9) It shall be unlawful for any unauthorized person to enter or remain on Henry Vilas Zoo property when the property is not open to the public. (Cr. by ORD-11-00168, 12-6-11)

(10) It shall be unlawful for any person to enter or remain in any area of the Henry Vilas Zoo which is not designated for visitors, unless specific permission has been granted by the Henry Vilas Zoo Director. (Cr. by ORD-11-00168, 12-6-11)

(11) It shall be unlawful for any person to enter or attempt to enter any part of any automobile, aircraft, watercraft, snowmobile or other vehicle, including trailers and camping trailers, without the consent of the owner, operator or person having legal authority over the vehicle. (Cr. by ORD-15-00129, 11-25-15)

(12) This section does not prohibit any person from participating in lawful conduct in labor disputes under Wis. Stat. § 103.53. (Renum. by ORD-15-00129, 11-25-15)

(13) Any person violating any of the provisions of Subsections (1), (2) or (11) of this section shall be subject to a forfeiture of up to five hundred dollars ($500); any person violating any provision of Subsection (3), (9) or (10) of this section shall be subject to a forfeiture of not less than five hundred dollars ($500) nor more than one thousand dollars ($1000); any person violating any provision of Subsection (4) or (8) of this section shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200); and any person violating any of the provisions of Subsections (5) or (6) or (7) of this section shall be subject to a forfeiture of not more than three hundred dollars ($300). (Am. by Ord. 11,621, 6-13-96; Am. and Renumbered by Ord. 13,236, 2-25-03; Ord. 13,760, 12-14-04; ORD-10-00063, 6-23-10; (Renum. & Am. by ORD-15-00129, 11-25-15)

23.08 HOURS OF OPERATION FOR PAYDAY LOAN BUSINESSES.

(1) Intent and Purpose. It is the purpose of this ordinance to regulate the hours of operation of all payday loan businesses. The majority of existing payday loan businesses, as defined in Section 28.03(2), are located near residential areas, where business hours may impact the residents of the area. Payday loan businesses, like other financial businesses, do not provide services that must be available at hours other than normal business hours. This ordinance is deemed for the benefit of the health, safety and welfare of the public. (Am. by Ord. 13,619, 5-11-04)

(2) Hours of Operation. No payday loan business may be open between the hours of 9:00 p.m. and 6:00 a.m.

(Cr. by Ord. 13,498, 1-23-04)

23.09 REPRESENTING THAT PROFIT FROM SALE OF MERCHANDISE INURES TO CHARITABLE ORGANIZATIONS PROHIBITED. No person, firm or corporation shall hereafter sell upon the public streets of the City of Madison or go from place to place in and about said City soliciting orders or otherwise attempting to sell merchandise from house to house or place to place who shall represent in connection with said sales that any portion of the profit of said sale or any portion of the money received for the sale of any article so sold, will be donated to any charitable institution.

23.10 REPORT OF REMOVAL OF PERSONAL PROPERTY TO BE MADE TO CHIEF OF POLICE.

(1) Every person who shall remove household effects or business equipment of another between any two points within the City limits shall except as hereinafter provided, file with the Chief of Police the name of the owner of the effects or equipment so removed and the house number and street, or depot from which and to which such removal was made, and the date of such removal. Such reports shall be filed with the Chief of Police within forty-eight (48) hours after such removal, on blanks furnished by the City Clerk. The provisions of this section shall not extend to or include the removal of household effects or business equipment in trunks, satchels or valises.

(2) All such reports shall be kept on file in the office of the Chief of Police, who shall transcribe the records of all such removals and record the same alphabetically in a book for that purpose. Such records shall contain the name of the person, firm, or corporation so removed and the address from which and to which removed, together with the date of such removal.

23.11 MINORS UNDER SEVENTEEN NOT TO BE ALLOWED ON STREETS AFTER CERTAIN HOURS.

(1) Definitions.

"Curfew Hours" means the following times:

(a) From eleven o'clock (11:00) p.m. on any Sunday, Monday, Tuesday, Wednesday or Thursday until four o'clock (4:00) a.m. of the following day, and

(b) From twelve o'clock (12:00) a.m. until five o'clock (5:00) a.m. on any Friday or Saturday.

"Custodian" means a person at least eighteen (18) years of age who has been authorized by a parent or guardian to have the care and custody of the juvenile.

"Juvenile" means any person who is at least twelve (12) years of age but less than seventeen (17) years of age. (Am. by Ord. 13,760, Adopted 12-14-04)

"Organized Dance" means any school, church or non-profit sponsored dance, which has qualified for an exception under Madison General Ordinance Section 9.03(2).

(2) It shall be unlawful for any juvenile to be upon the streets or alleys or public places within the City of Madison during curfew hours.

(3) The following are exceptions to subsection (2):

(a) The juvenile was accompanied by his or her parent, legal guardian, or custodian, or

(b) The juvenile was attending an organized dance, or

(c) The juvenile was exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech or the right to assembly.

(d) The juvenile was returning directly to his or her residence from his or her place of employment. (Cr. by ORD-09-00081, 5-21-09)

(e) The juvenile was attending an organized school activity. (Cr. by ORD-09-00081, 5-21-09)

(f) The juvenile was attending an official faith-based group or community-based group event. (Cr. by ORD-09-00081, 5-21-09)

(4) It shall be unlawful for any parent, legal guardian or custodian to knowingly cause or permit a juvenile to be in violation of this ordinance.

(5) Enforcement. Prior to issuing a citation for a violation of Subsection (2) a police officer shall ask the juvenile's age and reason for being in the public place. A police officer shall not issue a citation under Subsection (2) unless the officer reasonably believes that an offense has occurred and that none of the exceptions found in Subsection (3) apply.

(6) Penalties.

(a) Any person who violates subsection (2) of this ordinance is subject to a forfeiture of not less than five dollars ($5.00) nor more than twenty-five dollars ($25.00).

(b) Any person who violates subsection (4) of this ordinance shall be subject to a forfeiture of not less than twenty-five dollars ($25.00) nor more than two hundred dollars ($200.00).

(Sec. 23.11 Am. by Ord. 10,352, 1-10-92; Ord. 13,269, 3-11-03; R & Recr. by Ord. 13,677, 8-6-04)

23.12 TRANSIENT HOTELS & MOTELS REGULATED.

(1) Transient Hotels.

(a) Hourly Rentals Prohibited. No Hotel, Motel or Tourist Rooming House may rent a room designed for dwelling, lodging or sleeping purposes for hourly or other short-time rates or in any way advertise that any such room is available at hourly or other short-time rates. A room designed for dwelling, lodging or sleeping purposes shall not be rented more than once between 6:00 a.m. and 5:59 p.m. on any given day and no more than once between 6:00 p.m. and 5:59 a.m. of the following morning. For purposes of this section, renting hourly or other short-time rates shall be defined as the granting of the use or possession of a room for lodging or sleeping purposes for an amount less than the minimum daily rental rate.

(b) Exception to Hourly Rental Prohibition. A hotel, motel or tourist rooming house may rent rooms designed for dwelling, lodging or sleeping purposes more than once between 6:00 a.m. and 5:59 p.m. on any given day and more than once between 6:00 p.m. and 5:59 a.m. of the following morning when such rental is for a specified legitimate and legal business purpose in which the persons occupying the room intend to be present within the City for a short period of time including but not limited to: traveling sports teams, performing artists, airlines, trucking/ shipping companies and business meetings. Any hotel, motel or tourist rooming house renting rooms more than once during the specified hours in this subsection must maintain a registration record which indicates the nature of the room use, the name of the party or parties renting the room, and the time of check-in and check-out. Any room rented under this exception more than once during the specified hours must be thoroughly cleaned before being re-rented.

(2) Registration Required.

(a) Every person who owns or operates a hotel, motel or tourist rooming house in the city shall keep and maintain a registration record for all guests renting a room or rooms at the hotel, motel or tourist rooming house. The registration record must indicate the room number rented, how many people will be in the room, the number of nights the guest is staying or has stayed, the guest's name, and the guest's signature and the type of identification offered to validate the reservation. The registration record shall indicate the date and time a guest checks in and the date and time the room is surrendered. No guest shall be allowed to register without first presenting valid identification that is verified by the hotel, motel or tourist rooming house to match the person registering.

Valid identification may include: driver's license, non-driver's state issued identification card, government identification, military identification, passport or any form

of identification that contains the guest's name. The type of identification presented by the guest shall be noted in the register and shall include the document's identification number and the state or country of issuance.

(b) Every hotel, motel or tourist rooming house that does not offer its guests valet parking must record on the registration record the make, model, license plate number and State of issue for any motor vehicle brought to the hotel, motel or tourist rooming house by the guest registrant.

(c) No person shall write or cause to be written, or knowingly permit to be written on any registration record in any hotel, motel or tourist rooming house, any other or different name or designation than the true name of the guest registering therein, or the name by which such guest is generally known, unless registering under the guest's true name would compromise the guest's safety and/or peace and tranquility, i.e. a guest who has been placed at the hotel, motel or tourist rooming house through a victim/witness program, as a sequestered juror, or the guest is a well-known performing artist or athlete who regularly registers under an assumed name or a corporate name. The burden will be on the hotel, motel or tourist rooming house to show that the guest's safety and/or peace and tranquility would have been compromised had the guest registered under their true name.

(d) Erasures or alterations to the registration record required by this subsection shall not be permitted or made for any purpose, and it shall be unlawful to erase a name or names or address or addresses or to permit such an erasure.

(e) Every peace officer shall have access to and the right to inspect at any time any registration record kept by any hotel, motel or tourist rooming house.

(3) Any Hotel, Motel or Tourist Rooming House that violates Subsec. (1) of this ordinance more than three (3) times in any one month, or more than six (6) times in any year shall constitute a public nuisance.

(4) No Hotel, Motel or Tourist Rooming House may operate as a bawdyhouse, disorderly house, drug house, gambling place or criminal gang house, as those terms are defined in Chapter 823, Wis. Stats.

(5) The Office of the City Attorney is hereby authorized to commence and maintain an action to recover damages or to abate a public nuisance under Wis. Stat. ch. 823, against any Hotel, Motel or Tourist Rooming House that violates Subsection (2) or Subsection (3) of this Ordinance or that otherwise constitutes a public nuisance pursuant to Wis. Stat. ch. 823.

(6) Hotel, Motel or Tourist Rooming House Operator May Refuse Accommodations.

(a) Any person who owns or operates a hotel, motel or tourist rooming house may refuse or deny the use of a room, accommodations, facilities or other privileges of the hotel to any of the following:

1. An individual who is unwilling or unable to pay for the room, accommodations, facilities, or other privileges of the hotel, motel or tourist rooming house.
2. An individual who is visibly intoxicated, under the influence of alcohol or other drug, and is disorderly so as to create a public nuisance;
3. An individual who the hotel owner or operator reasonable believes is seeking to use a room, accommodations, facilities or other privileges of the hotel for an unlawful purpose;
4. An individual who the hotel owner or operator reasonable believes is bringing in anything which may create an unreasonable danger or risk to other persons, including but not limited to explosives or the unlawful use of firearms;
5. An individual whose use of the room, accommodations, facilities or other privileges of the hotel would result in a violation of the maximum capacity of such hotel.

6. An individual who does not provide the registration information as required in Subdivision (2)(a).

(7) Exception to 23.12(6). Any tourist or other person occupying a dwelling unit in a hotel, motel or tourist rooming house for more than sixty (60) days while traveling away from their permanent place of residence, or any transient person without a permanent place of residence may not be excluded, forcibly evicted or constructively evicted from a dwelling unit other than by an eviction procedure specified under ch. 799, Wis. Stats.

(8) Penalty. Any person who violates any of the provisions of this section may be subject to a forfeiture of not less than $100 and nor more than $1000. Each day of violation shall constitute a separate offense.

(Sec. 23.12 Cr. by ORD-08-00028, 3-15-08)

23.13 AUTOMOBILES NOT TO BE RENTED TO MINORS.

(1) It shall be unlawful for any person, firm, or corporation in the City of Madison to rent, hire, or lease an automobile to any person or persons under the age of eighteen (18) years unless such person or persons shall file with the lessor the written consent of the parents or legal guardians of such lessee or lessees or the dean of men and women of the University of Wisconsin to such renting, for the day on which such automobile is so rented, hired or leased.

(2) Such written consent shall be kept on record in the office of such lessor for a period of six (6) months after the date of such renting, hiring or leasing and shall be open to inspection at all reasonable times by any person.

(3) It shall be unlawful for any person under the age of eighteen (18) years to misrepresent his or her age for the purpose of renting, hiring, or leasing an automobile or for any person not the parent or legal guardian, or a dean of men or women at the University of Wisconsin to write or sign the written consent provided for in Subsection (1) of this section.

23.14 AUTOMOBILES NOT TO BE RENTED TO ANY PERSON WITHOUT A DRIVER'S LICENSE. No person, firm, or corporation shall rent hire, or lease an automobile to any person or persons unless such person or persons shall have a driver's license as required by the Statutes of the State of Wisconsin, and such lessor shall ascertain and place on any written consent required by Subsection (1) of Section 23.13 hereof a notation showing the driver's license number of the person for whom such consent is furnished.

23.15 TICKET SCALPING PROHIBITED.

(1) No person shall buy or sell or offer to sell any ticket to any event for which tickets are required for entrance for more than the price printed on such ticket. (Am. by Ord. 7916, 1-13-83)

(2) Any person violating the provisions of Subsection (1) shall be subject to a forfeiture of not more than one hundred dollars ($100).

(Sec. 23.15 Cr. by Ord. 6199, 3-24-78)

23.16 REGULATING AND CONTROLLING UNIFORMS OF PRIVATE POLICE, SECURITY GUARDS, COURIERS AND OTHER SIMILARLY UNIFORMED PERSONS.

(1) Purpose. The purpose of this ordinance is to regulate and control the uniforms and paraphernalia worn by private police and other quasi-police personnel under private employment so as to reduce or eliminate the possibility that the public would reasonably construe these private employees to be commissioned law enforcement officers and to therefore rely on that notion. Such purpose is deemed to be for the benefit of the health, safety, and welfare of the residents of the City of Madison. (Am. by ORD-17-00030, 3-8-17)

(2) In this section, "law enforcement officer" means any person employed by the federal or state government or by a city, village, town or county for the purpose of detecting and preventing crime and enforcing laws or ordinances, who is authorized to make arrests for violations of the laws or ordinances which he or she is employed to enforce. These agencies include, but are not limited to the following:

Cottage Grove Police Department
Dane County Sheriff
DeForest Police Department
Fitchburg Police Department
McFarland Police Department
Middleton Police Department
Monona Police Department
Sun Prairie Police Department
University of Wisconsin-Madison Police
Verona Police Department
Wisconsin Capitol Police
Wisconsin Department of Natural Resources Conservation Wardens
Wisconsin State Patrol

(3) No person, firm, or corporation which routinely conducts its business within the City of Madison shall wear or cause its employees or agents to wear a uniform, insignia, badge, pants, shirt, jacket and any other combination of clothing articles and paraphernalia which by their color, style, design and other characteristics would lead a reasonably prudent person to conclude that such person so garbed is a commissioned law enforcement officer. It is the intent of this proviso to prohibit garb and paraphernalia which in its totality would create the impression in a reasonably prudent person that the one so clothed is a commissioned law enforcement officer.

(4) Exceptions. This ordinance is not applicable to any official governmental body or subdivision thereof or to such body's employees or agents so long as such employees or agents are so attired in the regular course of such employment. Further, this ordinance is not applicable to theatrical productions.

(5) Penalty. Any person, firm, or corporation which violates any provision of this ordinance shall be subject to a forfeiture of not less than twenty dollars ($20) nor more than two hundred dollars ($200) for each violation.

(6) Effective Date. This ordinance shall be in full force and effect six months after adoption and publication.

(Sec. 23.16 Cr. by Ord. 7548, 10-29-81; Am. by ORD-16-00028, 3-9-16)

23.17 BILLIARD HALL CLOSING HOURS. All persons who run a billiard hall, whether licensed or not, shall close such places of business or use and keep them closed from 1:00 a.m. to 5:00 a.m. of each day.

23.18 CRUELTY TO ANIMALS. It shall be unlawful for any person to neglect, unnecessarily injure or otherwise treat any animal in a cruel manner.

(1) It shall be unlawful for any person to commit any of the following acts against any animal:

(a) Causing unnecessary pain, suffering, injury, disfigurement or death;

(b) Failing to provide adequate food, water, shelter or veterinary care;

(c) Failing to provide dogs that are chained or tethered outside unsupervised with at least ten (10) feet of rope or tether;

(d) Leaving a dog outside unsupervised for more than fifteen (15) minutes without access to adequate shelter; or

(e) Permanently separating a puppy under seven (7) weeks of age from his or her mother, unless said separation is authorized by a veterinarian who has conducted a physical assessment of the puppy and determined that the separation is in the puppy's best interest.

(Am. by ORD-14-00182, 12-10-14)

(2) Any violation of this ordinance or of Chapter 951 of the Wisconsin Statutes may result in prosecution and an abatement action, including an abatement order by a humane officer, an animal control officer or a law enforcement officer.

(3) Hearing. Any person named in an abatement order, initiated under Subsection (2), may appeal such order to the Board of Health for Madison and Dane County Subcommittee by filing a notice of appeal with the Director of Public Health Madison and Dane County within ten (10) days of the date of service of the abatement order. The notice of appeal must state the grounds for the appeal. The Health Commission Subcommittee shall schedule a hearing to be held within ten (10) days of receipt of the appeal, unless the requester agrees to a later date. The Subcommittee shall make reasonable efforts to notify the appellant, the officer initiating the order and any other interested party of the hearing and the opportunity to present evidence and testimony. The hearing shall be informal in nature. After this hearing, the Subcommittee will determine whether to affirm, conditionally affirm or reject the abatement order. Within ten (10) days after the hearing, the Subcommittee shall issue its decision in writing and serve a copy of the decision by first class mail upon the appellant and any other party requesting a copy. (Am. by ORD-05-00033, 2-24-05; ORD-15-00009, 1-28-15)

(4) Appeal. Any person adversely affected by a decision under Subsection (3), may seek judicial review by commencing an action in Circuit Court within thirty (30) days after the day that the decision was issued

(Am. by Ord. 12,565, 5-6-00)

(5) Any person violating this section shall be subject to a forfeiture up to two thousand dollars ($2000). Each and every day of violation may be considered a separate offense. (Cr. by ORD-14-00182, 12-10-14)

23.185 HARASSMENT OF POLICE ANIMALS PROHIBITED.

(1) It is unlawful for any person to frighten, intimidate, threaten, abuse, harass, strike, shove, kick or otherwise subject to physical contact unauthorized by its handler an animal used by a law enforcement agency to perform any duties or functions.

(2) As used in this section, law enforcement agency means a governmental unit of one or more persons employed full time by the state or a political subdivision of the state for the purpose of preventing and detecting crime and enforcing state laws or local ordinances, employees of which unit are authorized to make arrests for crimes and ordinance violations while acting within the scope of their authority.

(3) Violators shall be subject to a forfeiture of not less than $50 nor more than $300.

(Sec. 23.185 Cr. by Ord. 10,513, 9-24-92)

23.19 DESTRUCTION OF BIRDS PROHIBITED. No person shall injure or attempt to injure or destroy, within the limits of the City of Madison, any wild bird.

23.195 HARASSMENT OF ZOO ANIMALS.

(1) It shall be unlawful for any person to frighten, intimidate, abuse, harass, strike, disturb or tease any animal located within Henry Vilas Zoo property.

(2) It shall be unlawful for any unauthorized person to throw or place any object inside any animal exhibit space located within Henry Vilas Zoo property.

(3) It shall be unlawful for any person to attempt to feed any animal located within Henry Vilas Zoo property unless authorized by the Henry Vilas Zoo Director.

(4) Violators shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than one thousand dollars ($1000).

(Sec. 23.195 Cr. by ORD-11-00168, 12-6-11)

23.20 REGULATIONS CONCERNING MARIJUANA AND CANNABIS.

(1) Purpose. The people of Madison specifically determine that the regulations herein contained concerning marijuana and cannabis are necessary to serve the ethical purpose of providing just and equitable legal treatment of the residents of this community and to preserve the respect of such residents for law, its process, and its administration. (Am. by ORD-17-00030, 3-8-17)

(2) Definitions. In this section:

Cannabis. The resin extracted from any part of the plant Cannabis Sativa L., or any other nonfibrous extract from any part of the plant containing delta-9-tetrahydrocannabinol.

Casually possess. The possession of not more than twenty-eight (28) grams of cannabis, or one hundred and twelve (112) grams of marijuana.

Marijuana. All parts of the plant Cannabis Sativa L., whether growing or not; the seeds thereof; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its seeds. It does not include cannabis or any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks, fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination.

Practitioner.

1. A physician, dentist, veterinarian, podiatrist, scientific investigator, or other person licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of professional practice or research in this state.
2. A pharmacy, hospital, or other institution licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to, or administer a controlled substance in the course of professional practice or research in this state.

Public place. A place which is in public ownership or a place to which the public has access; distinguished from a private place.

(3) A person may casually possess marijuana or cannabis in a private place. Such casual possession is not a crime and is not subject to forfeiture.

(4) No person shall casually possess marijuana or cannabis in a public place unless such marijuana or cannabis was obtained directly from or pursuant to a valid prescription or order of a practitioner while acting in the course of her, his, or its professional practice.

(5) A violation of Subsection (4) of this ordinance shall be subject to a forfeiture of up to one hundred dollars ($100). (Am. by Ord. 9244, 8-14-87)

(6) A violation of this ordinance is not a crime and shall not subject a person found in violation thereof to loss of civil rights or to other disabilities imposed upon a person convicted of a crime. No entry or other record may be made which indicates that a person alleged or found to have violated this ordinance has been arrested for, charged with, prosecuted for, or convicted of a crime.

(7) Separability Clause. If any subsection, sentence, clause, phrase, or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions hereof.

(Section 23.20 Cr. by Ord. 5833, 4-18-77)

23.201 POSSESSION OF DRUG PARAPHERNALIA.

(1) No person may use, or possess with the primary intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process,

prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of Chapter 961, Wis. Stats. Any person who violates this section is subject to a forfeiture of not more than $500.

(2) Wis. Stat. §§ 961.571 and 961.572, are hereby adopted by reference including amendments thereto as may be adopted from time to time.

(Sec. 23.201 Am. by Ord. 11,959, 10-31-97)

23.21 PRUNING OR REMOVING TREES IN PUBLIC HIGHWAYS OR PUBLIC PLACES.

(1) No person, corporation, or association shall plant, cut, prune, or remove any living tree or shrub in a public highway in the City of Madison, or cut, disturb or interfere in any way with the roots of any tree, to the extent of causing serious injury to such tree, in such public highway, or spray any such trees or shrubs with any chemical or insecticides without written permit of the Board of Park Commissioners.

(2) Nothing herein shall be construed as preventing the City Engineer or Superintendent of Streets, Sewers, and Sanitation (Superintendent of Sanitation) from trimming trees so as to prevent interference with street illumination, provided that before trimming the trees said City Engineer or Superintendent of Streets, Sewers, and Sanitation (Superintendent of Sanitation) shall obtain the suggestion of the City Forester, and if the trimming suggested by him/her shall be sufficient to accomplish the purpose the tree shall be trimmed accordingly. (Am. by ORD-14-00012, 1-14-14)

23.22 PLANTING OF THESE TREES IN PUBLIC HIGHWAY. No shade or ornamental tree or shrub shall be planted in any of the public streets of the City of Madison until such tree and the place where it is to be planted shall first have been approved by the Board of Park Commissioners, and a permit granted by said Board therefore.

23.23 DEPOSITING MATERIALS NEAR TREES. No person shall place or maintain upon the ground, in a public highway of the City of Madison, stone, cement, lumber, or other substance or material which may impede the free passage of water and air to any tree or shrub in such highway without leaving an open space of ground outside the trunk of said tree or the base of said shrub, of an area not less than sixteen (16) square feet. Before depositing any material in any highway of the City of Madison near to trees therein, the person so depositing said materials shall place such guards around the trees as shall effectively prevent injury to them.

23.24 BREAKING, DAMAGING OR INJURING TREES, SHRUBS. (Title Am. by ORD-10-00071, 7-27-10)

(1) No person shall break or injure any tree planted in any highway in the City of Madison, nor shall she or he pour salt water on any such public highway in such places as to injure any tree or shrub planted or growing therein. (Am. by ORD-14-00012, 1-14-14)

(2) No person shall occupy any flower bed or area of plantings nor shall any person injure, destroy or damage in any way any tree, shrub, flower or planting in any public park or public place within the city of Madison. For purposes of this subsection, public place means a place which is in public ownership or a place to which the public has access, distinguished from a private place. (Am. by Ord. 11,938, 9-26-97)

(3) No person, during the course of performing or causing to be performed public or private work on or immediately adjacent to property that the City of Madison has an ownership interest in, including, without limitation, highways and highway right-of-ways, public walkways and bike paths, parks, and greenways, shall intentionally or negligently cause damage to any tree planted on said City of Madison property such that the tree must be removed. In performing or causing to be performed such work, persons are expected to exercise ordinary care to prevent unnecessary damage to the tree and root structure so that the tree remains viable after the work is performed. It shall not be a violation of this

provision if the City Engineer or City Forester, or their designees, authorize the damage to the tree prior to the damage, or within a reasonable time thereafter. Each tree damaged shall be a separate violation, and any person violating this provision shall be subject to the following forfeitures: if the tree damaged has a diameter of three (3) inches or less (measured at twelve inches above ground level and rounded to the nearest inch), a forfeiture of two hundred and fifty dollars ($250) plus thirty dollars ($30) per diameter inch; if the tree damaged has a diameter of more than three (3) inches (measured at twelve inches above ground level and rounded to the nearest inch), a forfeiture of one hundred and fifty-five dollars ($155) per diameter inch. However, no person shall be subject to a forfeiture under this subsection if that person has already reimbursed the City for the damage to the tree through the provisions of a public works contract. (Cr. by ORD-10-00071, 7-27-10)

23.25 ATTACHING ELECTRIC WIRES, ETC., TO TREES. No person, corporation, or association, shall attach any electric insulator, or any device for holding of electric wire, to any tree growing or planted upon any public highway of the City of Madison. Every person, corporation, or association having any wire or wires charged with electricity running through a public highway shall securely fasten such wire or wires to a post or other structure so that they shall not come in contact with any tree therein and every such person, corporation, or association shall, when and if the Board of Park Commissioners shall determine it to be necessary in order to prune or cut down any tree growing on a public highway of the City of Madison, temporarily remove any such wire or wires or cut off the electricity within twenty-four (24) hours after service upon the owner of said wire or wires or his/her or its agents, of a written notice signed by the president of the Board of Park Commissioners to remove said wire or wires or cut off said electricity. (Am. by ORD-14-00012, 1-14-14)

23.26 TALL BARBERRY AND PURPLE BARBERRY PROHIBITED. No person shall hereafter sell or plant, within the City of Madison, the "berberis bulgaris", commonly known as the tall barberry or the "berberis purpurea", commonly known as the purple barberry.

23.27 COTTON BEARING POPLAR TREES RESTRICTED. No person shall sell or plant any female cotton bearing tree of the poplar family commonly called the Eastern Cottonwood, Populus deltoides, and the White Poplar, Populus alba, within the boundaries of the City of Madison. (R. & Recr. by Ord. 4667, 8-5-74)

23.28 SEED BEARING BOX ELDER TREES RESTRICTED. No person shall sell or plant any seed bearing box elder tree, Acer negundo, within the boundaries of the City of Madison. (R. & Recr. by Ord. 4666, 8-5-74)

23.29 NOXIOUS WEEDS.

(1) Purpose. This ordinance is intended to restrict specific plant species which are deleterious to human health, can cause significant environmental damage such as stream bank erosion, or can cause significant damage to foundations or other infrastructure. All identified noxious weeds except those which are deleterious to human health are also invasive to Wisconsin. The City recognizes that there are many plants which are invasive to Wisconsin and has only identified those as prohibited under the City's ordinance that have the greatest identified negative impacts.

The City of Madison encourages homeowners to include plants native to Wisconsin within their landscaping because these plants provide a hardy, drought resistant, low maintenance yard while benefiting the environment. Native plants, once established, save time and money by eliminating or significantly reducing the need for fertilizers, herbicides, water, and lawn maintenance equipment. Native plants are also beneficial because they help reduce air pollution because they do not require mowing; they

attract a variety of birds, butterflies and other pollinators; and their use promotes biodiversity and stewardship of our natural heritage. Many non-native plants can also fill this role and be good selections but those identified as invasive should be avoided. For a list of plants which have been identified as invasives in Wisconsin see Wis. Admin. Code ch. NR 40.

(2) Definitions. For the purposes of this Section, the following definitions apply:

(a) Destroy. The complete killing of weeds or the killing of weed plants above the surface of the ground by the use of chemicals, cutting, tillage, cropping system, pasturing livestock, or any or all of these in effective combination, or by any other means approved by city staff, at such time and in such manner as will effectually prevent such plants from maturing to the bloom or flower stage.

(b) Prohibited Noxious Weeds. The following plants are prohibited noxious weeds:

1. Rhus toxicodendron and Toxicodendron radicans (sometimes called Radicans toxicodendron) and Rhus radicans (common name Poison Ivy).
2. Urtica dioica (common name Stinging Nettle).
3. Euphorbia esula L. (common name Leafy Spurge).
4. Heraclelum mantegazzianum Sommier & Levier (common name Giant Hogweed).
5. Pastinaca sativa L. (common name Wild Parsnip).
6. Cirsium arvense (L.) Scop. (common name Canada Thistle).
7. Carduus acanthoides L. (common name Plumeless Thistle, Spiny Plumeless Thistle).
8. Carduus nutans (common name Musk Thistle).
9. Cirsium palustre (common name European Marsh Thistle).
10. Dipsacus fullonum L. (common name Common Teasel).
11. Dipsacus laciniatus (common name Cutleaf Teasel, Cut-leaf Teasel).
12. Non-native Lythrum salicaria and its hybrids (common name Purple Loosestrife).
13. Polygonum cuspidatum; synonym Fallopia japonica (common name Japanese Knotweed and alternatively called Japanese bamboo, Mexican bamboo, Japanese fleece flower, crimson beauty, Reynoutria, Hancock's curse).
14. Phragmites australis (common names common reed grass, ditch reed, giant reed).

(3) Every person shall destroy prohibited noxious weeds on lands which he/she shall own, occupy or control and failure to comply with this paragraph shall subject such person to a forfeiture in accordance with the provisions of Section 23.60. (Am. by ORD-14-00012, 1-14-14)

(4) Weed Commissioners; Appointment, Oath, Term; Exception. The Mayor shall appoint two (2) or more Weed Commissioners on or before May 15 in each year; such Weed Commissioners shall take the official oath (which oath shall be filed in the office of the City Clerk) and shall hold their office for one (1) year and until their successors have qualified. The Mayor may appoint the Weed Commissioners directly, or may delegate the authority for such appointment to the Superintendent of Streets, which delegation may be withdrawn by the Mayor at any time. Weed Commissioners are not subject to Common Council confirmation. (Am. by ORD-11-00145, 10-27-11)

(5) Duties; Powers; Collections of Tax.

The Weed Commissioner or Superintendent of Streets shall carefully investigate concerning the existence of noxious weeds in his/her district; and if any person therein neglects to destroy any weeds as required by this section, he/she shall, without giving written notice, destroy or cause all such weeds to be destroyed, in the manner deemed to be the most economical method and present to the Treasurer his/her account therefore verified by his/her oath and approved by the appointing officer. Such account shall specify by separate

items the amount chargeable to each piece of land described the same, and shall, after being paid by the Treasurer, be filed with the City, who shall enter the amount chargeable to each tract of land in the next tax roll in a column headed "For the Destruction of Weeds", as a tax on the lands upon which such weeds were destroyed, which tax shall be collected as other taxes are, or as taxes are collected on personal property pursuant to Wis. Stat. § 74.11, except in case of lands which are exempt from taxation in the usual way. In case of railroad or other lands not taxed in the usual way the amount chargeable against the same shall be certified by the City to the State Treasurer with the request that he or she add the amount designated therein to the sum due from the company owning, occupying or controlling the lands specified and that he or she collect the same therefrom as prescribed in Wis. Stat. ch. 76, and return the amount collected to the City. The Weed Commissioner shall have those powers and duties set forth in Wis. Stat. § 66.0517, except that prior to entering any lands containing buildings or structures to cut or destroy noxious weeds, reasonable notice shall be provided to the property owner. (Am. by ORD-14-00012, 1-14-14)

(Sec. 23.29 Am. by ORD-17-00004, 1-12-17)

23.30 MAINTENANCE OF BARBED WIRE FENCES. It shall be unlawful for any owner or occupant of land in the city of Madison to build or maintain any fence constructed wholly or in part of barbed wire along any public street adjacent to any sidewalk.

23.31 ANIMALS NOT TO BE PERMITTED TO RUN AT LARGE.

(1) Notwithstanding Sec. 23.32, it shall be unlawful for the owner or keeper of any nonhuman, warm-blooded, vertebrate or reptile to permit the same to run at large at any time within the limits of the City of Madison. (Am. by Ord. 5394, 3-1-76)

(2) No person, firm or corporation shall keep, harbor, or have in their possession, custody, or control any pig, hog, boar, or swine within the limits of the City of Madison provided, however, that the prohibition contained in this section shall not apply to operators of slaughterhouses or packing plants, and areas zoned "Agricultural."

23.315 ANIMALS PROHIBITED DURING STREET USE PERMIT EVENT.

(1) When a street use permit has been issued under Sec. 10.056, MGO, and there are ten (10) or more food vendors participating in the event as defined in Sec. 10.056(5)(h), it shall be unlawful for the owner or keeper of any animal to allow an animal to be in any area within the perimeter of the event as described on the street use permit.

(2) Exceptions. This section does not apply to the following animals:

(a) Service animals as defined by Wis. Stats. § 106.52(1)(fm).

(b) Animals that are participating in a parade that is authorized by Sec. 12.87, MGO.

(c) Animals that are owned by exhibitors authorized by the event sponsor, provided that the animal is leashed according to the requirements found in Sec. 23.32(1), MGO, or confined at all times while in the perimeter of the event and are kept a distance of at least fifty (50) feet from all food vendors.

(d) Animals in service to law enforcement.

(Cr. by ORD-10-00079, 8-12-10)

23.32 REGULATION OF DOGS AND CATS RUNNING AT LARGE.

(1) It shall be unlawful for the owner or keeper of any dog or cat to permit the same to run at large in the City of Madison. Any animal found at large shall be conclusively presumed to be so with the permission of its owner or keeper. A dog or cat shall be deemed to be at large when it is off the premises of its owner or keeper, unless under the control of a person and restrained by means of a chain, rope or cord of sufficient strength and of a length not

to exceed six (6) feet to control the action of such dog or cat, except as provided in Subsection (2). This ordinance is not intended to prohibit the keeping of dogs or cats within enclosed areas which will reasonably control the conduct of said dog or cat.

(2) Dog Parks.

(a) Dog Park Locations. Subject to the conditions set forth in Subsection (b), dogs are permitted to run unleashed in the posted areas of the following locations:

1. Brittingham Park, at Broom Street.
2. Demetral Field.
3. Lucia Crest Park, between 5:00 a.m. and 7:30 a.m. only.
4. The McCormick Avenue Greenway (located west of McCormick Ave., north of Commercial Ave., east of Starkweather Creek, and south of Aberg Ave.).
5. Odana School Park.
6. Quann Park.
7. Sycamore Park.
8. Walnut Grove Park.
9. Warner Park, in the area south of the lagoon.

(b) Conditions of Dog Park Use. All users of the designated dog parks set forth in Subsection (a) must comply with the following conditions:

1. The owner or keeper of the dog must be present;
2. The dog must be under the voice control of the owner or keeper at all times;
3. The dog must wear a rabies vaccination tag as required by Sec. 23.39(3), MGO, owner identification as required by Sec. 23.33(7)(a), a license tag as required by Sec. 23.33(7)(c), and a permit tag as required by paragraph 5. below;
4. Feces must be properly removed and disposed of in compliance with Section 7.322, Madison General Ordinances; and,
5. The owner of the dog must have secured a permit for use of dog exercise areas in city and county parks. The revenue from the permit fee shall be put in a segregated fund to be used in the establishment and maintenance of dog exercise areas. The permit fee shall be established by the Park Commission subject to approval by the Common Council.

(Sec. 23.32(2) Rep. & Rec. by ORD-13-00198, 11-26-13)

(3) Any person violating any provision of this section for the first time in any twelve-month period may be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than one hundred dollars ($100); any person violating any provision of this section for the second time in a twelve-month period may be subject to a forfeiture of not less than fifty dollars ($50) nor more than two hundred dollars ($200); any person violating any provision of this section for the third time in a twelve-month period may be subject to a forfeiture of not less than one hundred dollars ($100) nor more than three hundred dollars ($300); any person violating any provision of this section for the fourth and subsequent time in a twelve-month period may be subject to a forfeiture of not less than two hundred dollars ($200) nor more than five hundred dollars ($500).

(4) These amendments to Section 23.32, Madison General Ordinances, shall be effective May 15, 1996.

(Sec. 23.32 Am. by Ord. 11,549, 3-14-96)

23.33 ANIMAL CONTROL OFFICER TO BE APPOINTED TO SEIZE AND IMPOUND ANIMALS.

(1) The Director of Public Health Madison and Dane County shall appoint humane officers whose duties it shall be to seize any and all animals found running at large in the City of Madison.

(2) It shall be the duty of a humane officer to ascertain, if possible, the owners of all animals seized by the officers and to notify such owners of the fact that their animals have been seized and where they may be found, and that the owners may retrieve their animals upon payment of an animal impoundment fee of thirty-five dollars ($35) to the City of Madison and any and all fees for the board of the animals during the time they are impounded. (Am. by Ord. 10,935, 7-5-94; Ord. 12,707, 11-9-00)

(3) A humane officer shall order the impoundment of any animal reasonably believed to be infected with rabies, or to have been in contact with a rabid animal or to have bitten or otherwise injured a person in such a way as to break the skin and allow the possible contact of an open wound with the animal's saliva. If the animal is running at large, the animal shall be immediately seized and restrained by a humane officer.

(a) An officer who orders the animal impounded shall deliver the animal or shall order the animal delivered to a veterinary clinic in the County of Dane as soon as possible but no later than twenty-four (24) hours after the original order is issued. Alternatively, the officer may order the animal to be impounded on the premises of the owner upon the determination that the animal is currently immunized against rabies vaccination or other evidence.

(b) If an animal is ordered to be impounded, the custodian of the veterinary clinic or the owner, in cases of home impoundment, shall keep the animal under strict isolation under the supervision of a veterinarian for at least ten (10) days. The impoundment shall be at the animal owner's expense. In this paragraph, "supervision of a veterinarian" includes examination of the animal on the first day of impoundment, on the fourth, fifth, or sixth day of impoundment and on the last day of impoundment. The ten-day period may be extended pursuant to Sec. 95.21(5)(c) of the Wisconsin Statutes or by order of a veterinarian. Reports at the end of such observation shall be made without delay to Public Health Madison and Dane County by telephone.

(c) In cases of home impoundment, "strict isolation" shall be defined by the Director of Public Health Madison and Dane County with additional special conditions as necessary in order to protect the public safety and welfare.

(d) Any person who refuses or fails to deliver the animal in question shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than five hundred dollars ($500). Each day such violation continues shall be considered as a separate offense.

(4) A humane officer shall, upon seizing any animal, turn the animal over to a facility approved by the Department, who shall hold the animal until claimed by the owner or until directed to euthanize the animal by the humane officer.

(5) After any animal has been kept for seven (7) days and the animal's owner cannot be ascertained by the exercise of reasonable diligence, the animal is deemed to be unclaimed and may be disposed of in accordance with Wis. Stat. § 173.23(1m).

(6) (a) The owners of all dogs over five (5) months of age are hereby required to place a collar on their dogs. The name and address of the owner of the dog must be plainly stamped on the collar. Any person who removes a dog collar containing name of owner or license number, from a dog, shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than fifty dollars ($50).

(b) It is unlawful to keep any dog over five (5) months of age without having obtained a license for the dog pursuant to Sec. 9.50 of the Madison General Ordinances.

(c) The owner or keeper of a dog shall securely attach the tag issued pursuant to Sec. 9.50(4)(b) of the Madison General Ordinances to a collar and a collar with the tag attached shall be kept on the dog for which the license is issued at all times.

(7) Nothing contained in this section shall be construed as in any way changing or modifying the provisions of any other section of these ordinances relating to the keeping of dogs.

(Sec. 23.33 Am. by Ord. 9643, Adopted 12-6-88; Am. by ORD-08-00008, 1-24-08; ORD-15-00009, 1-28-15)

23.34 MADISON ESTABLISHED AS NUCLEAR FREE ZONE.

(1) Findings. The Common Council of the City of Madison hereby finds and declares that:

(a) Nuclear weapons production, in the United States and in other countries, is draining the world's resources and presenting humanity with an ever-increasing threat of nuclear war.

(b) Nuclear weapons development within the City of Madison is in direct conflict with the values of its residents, and the maintenance of their security, health and safety. (Am. by ORD-17-00030, 3-8-17)

(c) Madison voters have expressed their strong support for an end to the arms race, voting in 1979 for a transfer of money from the military budget to social programs and in 1982 for a nuclear weapons freeze.

(d) An emphatic expression of feeling by local residents and their governments can help initiate steps by the United States and other countries with nuclear weapon power away from the brink of nuclear war. (Am. by ORD-17-00030, 3-8-17)

(e) The storage or transportation of high-level radioactive nuclear wastes within or through the City of Madison could pose serious health, safety and environmental risks to the city's residents.

(2) Policy. It shall be the policy of the City of Madison that:

(a) Madison shall be established as a Nuclear Free Zone.

(b) No nuclear weapons, delivery systems for such weapons, or components expressly intended to contribute to the operation, guidance or delivery of a nuclear weapon shall be produced within the city.

(c) No waste from the production of nuclear weapons, their components, or commercial nuclear power shall be stored within the city.

(d) The City shall request the United States Department of Transportation and the Wisconsin Division of Emergency Government to provide the Mayor with advance notification of any high-level radioactive waste shipment through the city limits. Upon such notification, the City shall act to prevent transportation of high-level radioactive waste through the city by seeking an exemption from preemption by Department of Transportation regulations or using other legal means at its disposal.

(3) This ordinance expresses the policy of the City of Madison. It is not intended to make violations subject to a forfeiture and nothing in this ordinance shall be construed to prohibit or regulate any activity not specifically described in Subsection (2).

(4) Severability. The provisions of this ordinance shall be severable and if any of the provisions shall be held in contravention of the Constitution and laws of the State of Wisconsin, or of the United States, the validity of the rest of the ordinance shall not be affected. It is hereby declared to be the intent of this ordinance that the same would have been adopted had such unconstitutional or unlawful provision, if any, not been included herein.

(Sec. 23.34 Cr. by Ord. 8169, 12-2-83)

23.35 PERMITTING ANIMAL TO CAUSE INJURY.

(1) An animal who is off the property of its owner or custodian may not attack, bite or otherwise injure:

(a) Any other animal or

(b) Any person who is engaged in a lawful activity.

(2) Any person who owns or is the custodian of an animal that violates Section (1) shall be deemed to have permitted said violation and shall upon conviction be subject to a forfeiture of not more than five hundred dollars ($500).

(Cr. by Ord. 9642, Adopted 12-6-88; R. & Recr. by ORD-07-00027, 3-15-07)

23.36 GLASS-FREE ZONE.

There is hereby established a Glass-Free Zone within the City of Madison consisting of all land within the portion of the City described in Section 23.36(1)(c). No person shall possess any glass container on City-owned property within the Glass-Free Zone.

This section shall only be operative on the days and during the times established by resolution.

(1) Definitions. For purposes of this chapter, the following words or terms have the meaning set forth below:

(a) "City-owned Property" means real property owned by the City of Madison, including but not limited to, rights-of-way, streets, sidewalks, alleys, parks, parking lots and buildings.

(b) "Glass Container" means a container of any configuration, with a capacity when empty of more than one-half (0.5) ounce, that is made of glass, crystal, ceramic, or any other material likely to shatter when dropped onto or struck by harder material.

(c) "Glass-Free Zone" means the portion of the City specifically described in the authorizing resolution.

(2) Operative Date And Times.

(a) This section shall only be operative on the days and during the times established by resolution. The resolution shall specifically state the date(s), time(s), and geographic boundaries of the Glass-Free Zone.

(b) The City Clerk shall cause notice of adoption of the resolution to be made by publication in the same manner as notice is given of the adoption of an ordinance. The notice shall include a diagram setting forth the boundaries of the Glass-Free Zone.

(3) Penalty. Enforcement of this chapter shall be done in the least intrusive manner practical under the circumstances. A law enforcement officer may confiscate any glass container possessed in violation of this ordinance. Any person violating this ordinance shall be subject to a forfeiture of not less than $50 (fifty dollars) nor more than $200 (two hundred dollars).

23.37 INTERFERING WITH BREASTFEEDING PROHIBITED

Notwithstanding any other provision of law, a mother or her surrogate may breastfeed her child and may express breastmilk in any location, public or private, except the private home or residence of another, where the mother or her surrogate and the child are otherwise authorized to be present. Any person who intentionally interferes with a mother's or her surrogate's attempts to breastfeed her child or to express breastmilk, except the owner or resident of a private home or residence, shall be subject to a forfeiture of not less than $25.00 nor more than $250.00 for each such violation.

(Cr. by ORD-07-00012, 2-2-07)

23.375 PROHIBITION AGAINST PROFESSIONAL STRIKEBREAKERS. Prohibition Against the Employment, Recruitment and Furnishing of Professional Strikebreakers to Replace Employees Involved in a Labor Dispute and to Prescribe the Penalties Therefore.

(1) No person, partnership, agency, firm or corporation, or officer, employee or agent thereof, shall recruit, procure, supply or refer any person for employment who customarily and repeatedly offers himself for employment in place of any employee involved in a labor dispute in which such person, partnership, agency, firm or corporation is not directly involved.

(2) No person, partnership, firm or corporation involved in a labor dispute shall directly or indirectly:
   (a) Employ in the place of an employee involved in such dispute, any person who customarily and repeatedly offers himself for employment in the place of employees involved in a labor dispute, or
   (b) Contract or arrange with any other person, partnership, agency, firm or corporation to recruit, procure, supply, or refer persons for employment who customarily and repeatedly offer themselves for employment in place of employees involved in such labor dispute.

(3) No such person who customarily and repeatedly offers himself for employment in place of employees involved in a labor dispute shall take or offer to take the place in employment of any employee involved in a labor dispute.

(4) Nothing in this ordinance, other than the employment of persons who customarily and repeatedly offer themselves for employment in place of any employees involved in a labor dispute, shall be construed so as to prevent or prohibit a person, partnership, firm or corporation involved in a labor dispute from conducting its business operations and from safeguarding property and persons during the course of such labor dispute.

(5) Any person, partnership, agency, firm or corporation, or any officer, employee or agent thereof, who or which shall violate any provision of this ordinance shall be subject to a forfeiture of not less than fifty dollars ($50) and not more than five hundred dollars ($500).

23.38 PURCHASE OR POSSESSION OF CIGARETTES, NICOTINE PRODUCTS OR TOBACCO PRODUCTS BY PERSONS UNDER 18 PROHIBITED.

(1) Definitions. For the purpose of this section, the definitions found in Wis. Stat. § 134.66(1), shall apply.

(2) No person under the age of eighteen (18) years shall buy, attempt to buy, or possess any cigarette, nicotine product, or tobacco product or falsely represent her or his age for the purpose of receiving any cigarette, nicotine product, or tobacco product, except as provided in Subsection (2).

(3) A person under the age of 18 may purchase or possess cigarettes, nicotine products, or tobacco products for the sole purpose of resale in the course of employment during her or his working hours if employed by a retailer licensed under Wis. Stat. § 134.66(1).

(4) No person may purchase cigarettes, nicotine products, or tobacco products on behalf of, or to provide to, any person who is under 18 years of age.

(5) A law enforcement officer shall seize any cigarette, nicotine product, or tobacco product that has been sold to and is in the possession of a person under 18 years of age.

(6) Exception. A person under 18 years of age, but not under fifteen (15) years of age, may purchase, attempt to purchase or possess cigarettes, nicotine products, or tobacco products in the course of his or her participation in an investigation under Wis. Stat. § 254.916 that is conducted in accordance with Wis. Stat. § 254.916(3)

(7) Any person violating this section shall be subject to a forfeiture of up to five hundred dollars ($500).

(Sec. 23.38 Am. by Ord. 10,586, 1-29-93; 8-13-93; ORD-15-00043, 4-29-15)

23.385 RESTRICTIONS ON SALE OR GIFT OF CIGARETTES, NICOTINE PRODUCTS OR TOBACCO PRODUCTS.

(1) Definitions. For the purpose of this section, the definitions found in Sec. 134.66(1), Wis. Stats., shall apply.

(2) Restrictions.
   (a) No retailer, manufacturer distributor, jobber or subjobber, no agent, employee or independent contractor of a retailer, manufacturer, distributor, jobber or subjobber and no agent or employee of an independent contractor may sell or provide for

nominal or no consideration may sell or give cigarettes, nicotine products, or tobacco products to any person under the age of eighteen (18) years, except as provided in Sec. 23.38(3) of these ordinances. A vending machine operator is not liable under this subsection for the purchase of cigarettes, nicotine products, or tobacco products from her or his vending machine by a person under the age of 18 if the vending machine operator was unaware of the purchase.

(am) No retailer, manufacturer, distributor, jobber or subjobber, no agent, employee or independent contractor of a retailer, manufacturer, distributor, jobber or subjobber, and no agent or employee of an independent contractor may provide for nominal or no consideration cigarettes, nicotine products, or tobacco products to any person except in a place where no person younger than 18 years of age is present or permitted to enter unless the person who is younger than 18 years of age is accompanied by his or her parent or guardian or by his or her spouse who has attained the age of 18 years. (Cr. by Ord. 12,288, 12-14-98)

(b) 1. A retailer shall post a sign in areas within her or his premises where cigarettes or tobacco products are sold to consumers stating that the sale of any cigarette or tobacco product to a person under the age of 18 is unlawful under this section and Section 23.38, Madison General Ordinances.

2. A vending machine operator shall attach a notice in a conspicuous place on the front of her or his vending machines stating that the purchase of any cigarette or tobacco product by a person under the age of 18 is unlawful under Sec. 23.38 of these ordinances and that the purchaser is subject to a forfeiture of not to exceed fifty dollars ($50). (Am. by Ord. 13,146, 9-24-02)

(cm) 1m. A retailer or vending machine operator may not sell cigarettes or tobacco products from a vending machine unless the vending machine is located in a place where the retailer or vending machine operator ensures that no person younger than 18 years of age is present or permitted to enter unless he or she is accompanied by his or her parent or guardian or by his or her spouse who has attained the age of 18 years.

2. Notwithstanding Subdivision 1m. above, no retailer may place a vending machine within five hundred (500) feet of a school.

(d) No retailer or direct marketer may sell cigarettes in a form other than as a package or container on which a stamp is affixed under Wis. Stat. § 139.32(1). (Sec. 23.385(2)(d) R. and Sec. 23.385(2)(e) Renum. to 23.385(2)(d) by Ord. 13,146, 9-24-02)

(2m) Training.

(a) Except as provided in Subdiv. (b), at the time that a retailer hires or contracts with an agent, employee, or independent contractor whose duties will include the sale of cigarettes or tobacco products, the retailer shall provide the agent, employee, or independent contractor with training on compliance with Subsec. (2)(a) and (am), including training on the penalties under Subsec. (4)(a)2. for a violation of Subsec. (2)(a) or (am). The Department of Health Services shall make available to any retailer on request a training program developed or approved by that department that provides the training required under this subsection. A retailer may comply with this subsection by providing the training program developed or approved by the Department of Health Services or by providing a comparable training program approved by that department. At the completion of the training, the retailer and the agent, employee, or independent contractor shall sign a form provided by the Department of Health Services verifying that the agent, employee, or independent contractor has received the training, which the retailer shall retain in the personnel file of the agent, employee or independent contractor. (Cr. by Ord. 13,146, 9-24-02; Am. by ORD-12-00035, 3-28-12)

(b) Subdiv. (a) does not apply to an agent, employee, or independent contractor who has receive the training described in Subdiv. (a) as part of a responsible beverage server training course or a comparable training course, as described in Wis. Stat. § 125.04(5)(a)5., that was successfully completed by the agent, employee, or independent contractor.

(c) If an agent, employee, or independent contractor who has not received the training described in Subdiv. (a) commits a violation of Subsec. (2)(a) or (am), the City may issue a citation based on that violation only to the retailer that hired or contracted with the agent, employee or independent contractor and not to the agent, employee or independent contractor who has not received that training. If an agent, employee or independent contractor who has received the training described in Subdiv. (a) commits a violation of Subsec. (2)(a) or (am) for which the City issues a citation to the retailer that hired or contracted with the agent, employee or independent contractor, the City shall also issue a citation based on that violation to the agent, employee or independent contractor who has received that training.

(3) Defense of Sale to Minor. Proof of all of the following facts by a retailer, manufacturer distributor, jobber, or subjobber, an agent, employee, or independent contractor of a retailer, manufacturer, distributor, jobber, or subjobber, or an agent or employee of an independent contractor who sells cigarettes or tobacco products to a person under the age of 18 is a defense to any prosecution for a violation of Subsection (2)(a) above: (Am. by Ord. 13,146, 9-24-02)

(a) That the purchaser falsely represented that she or he had attained the age of 18 and presented an identification card.

(b) That the appearance of the purchaser was such that an ordinary and prudent person would believe that the purchaser had attained the age of 18.

(c) That the sale was made in good faith, in reasonable reliance on the identification card and appearance of the purchaser and in the belief that the purchaser had attained the age of 18.

(4) Penalties.

(a) 1. In this paragraph, "violation" means a violation of sub. (2)(a), (am), (cm), or (d). (Am. by Ord. 13,146, 9-24-02)

2. A person who violates Subsection (2)(a), (am), (cm), or (d) is subject to a forfeiture of:

a. Not more than five hundred dollars ($500) if the person has not committed a previous violation within twelve (12) months of the violation; or

b. Not less than two hundred dollars ($200) nor more than five hundred dollars ($500) if the person has committed a previous violation within twelve (12) months of the violation.

(Am. by Ord. 13,146, 9-24-02)

3. A court shall suspend any license or permit issued under Wis. Stat. § 134.65, 139.34 or 139.79, to a person for:

a. Not more than 3 days, if the court finds that the person committed a violation within 12 months after committing one previous violation;

b. Not less than 3 days nor more than 10 days, if the court finds that the person committed a violation within 12 months after committing 2 other violations; or

c. Not less than 15 days nor more than 30 days, if the court finds that the person committed the violation within 12 months after committing 3 or more other violations.

4. The court shall promptly mail notice of a suspension under Paragraph 3. above to the department of revenue and to the clerk of each municipality which has issued a license or permit to the person.

(b) Whoever violates Subsection (2)(b) above shall forfeit not more than twenty-five dollars ($25).

(Sec. 23.385 Am. by Ord. 12,288, 12-14-98; Ord. 13,146, 9-24-02; ORD-15-00044, 4-29-15)

23.39 VACCINATION OF DOGS AND CATS REQUIRED. (Title Am. by Ord. 10,495, 8-28-92)

(1) It shall be the duty of any person who owns, harbors or keeps a dog or cat to have such animal inoculated with an anti-rabies vaccine by a veterinarian in accordance with the most recent Compendium of Animal Rabies Vaccine within thirty (30) days after the animal reaches four (4) months of age and revaccinated within one (1) year after initial vaccination. If the owner obtains the dog or cat or brings it into this state after the animal has reached four (4) months of age, the owner shall have the animal vaccinated against rabies within thirty (30) days after the animal is obtained or brought into the state unless the animal has been vaccinated as evidenced by a current certificate of rabies vaccination from this state or another state. The owner of a dog or cat shall have the animal revaccinated against rabies by a veterinarian before the date that the immunization expires as stated on the certificate of vaccination or, if no date is specified, within one (1) year after the previous vaccination. (Am. by Ord. 10,495, 8-28-92)

(a) Per Wis. Stat. § 95.21(9)(d), owners may request to exempt their dog or cat from the requirement of a rabies vaccination for one (1) year if a licensed veterinarian determines there is a medical reason that the dog or cat should not be vaccinated. To be exempt from rabies vaccination the owner shall provide to Public Health Madison Dane County a letter from a licensed veterinarian that is signed and dated and contains the following information:

1. The medical reason for the exemption; and

2. The results of a rabies titer which has been completed within the past three (3) years of the letter.

The letter from the veterinarian shall be good for one (1) year from the date of the letter. Each licensing year the owner must submit a new letter to receive said exemption. An approved letter shall serve as a rabies certificate.
(Am. by ORD-16-00104, 12-2-16)

(2) The certificate provided by the veterinarian shall contain provisions for inserting information including name and address of the owner of the dog or cat, date of vaccination, number of dog or cat tag, breed, age, color and sex of dog or cat and such other information as may be required by the Director of Public Health Madison and Dane County. The veterinarian shall provide metal tag to be attached to the collar or harness of the dog or cat as evidence of such inoculation. Such tag shall be numbered and shall contain the year of issuance. The type and form of tags and certificates issued by the veterinarians shall be approved in advance by the Chief of Police and Director of Public Health Madison and Dane County, respectively.

(3) It shall be the duty of each veterinarian after inoculating a dog or cat to insert in each certificate the information required thereby, to present one (1) copy to the owner of the dog or cat, to mail or deliver one (1) copy to the Director of Public Health Madison and Dane County within fifteen (15) days after inoculation and to retain the remaining copy or copies. The veterinarian shall also deliver the corresponding tag to the owner of the dog or cat and said owner shall immediately attach the same to the collar or harness of said dog or cat which shall be worn by the dog or cat at all times. Each veterinarian shall, upon request of the Director of Public Health Madison and Dane County, furnish a numbered list of all rabies vaccination certificates issued annually to date.

(4) It shall be unlawful to own, harbor or keep any dog or cat which does not carry the tag as provided by sub. (3) hereof or exempted under sub. (1)(a). (Am. by ORD-16-00104, 12-2-16)

(5) In addition to the penalties hereinafter provided for violation of Subsection (4), any police officer of the City may impound any such dog or cat which does not carry the tag as provided by sub. (3) hereof. The possession of any dog or cat so impounded or seized may be obtained by payment of a fee of one dollar ($1) and any and all fees for the board of said animals during the time they are impounded provided, however, that said dogs or cats shall not be released until proof has been furnished to the police officer or health officer that the dog or cat has been inoculated with anti- rabies vaccine in accordance with the terms of this ordinance or exempted under sub. (1)(a).. After such dog or cat has been so impounded for a period of seven (7) days without it having been claimed by its owner or anyone in behalf of said owner, said dog or cat shall be destroyed under the direction of a police officer or health officer of the City. Notice of impounding shall be given by the person or officer in the possession of the dog or cat within twenty-four (24) hours of impounding to the owner of the dog or cat if known. (Am. by ORD-16-00104, 12-2-16)

(6) Any person, police officer or health officer who shall kill or impound any dog or cat shall make a report to the City Clerk stating when and under what conditions he/she seized and impounded such dog or cat and the owner's name if known. (Am. by ORD-14-00012, 1-14-14)

(7) Any person violating any of the provisions of Subsection (4) of this ordinance shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than one hundred dollars ($100). (Am. by Ord. 7179, 12-29-80)

(Am. by ORD-15-00009, 1-28-15)

23.40 ELM TREES INFECTED WITH DUTCH ELM DISEASE OR OAK TREES INFECTED WITH OAK WILT DISEASE OR ASH TREES INFESTED WITH EMERALD ASH BORER A NUISANCE. (Title Am. by ORD-09-00115, 8-11-09)

(1) Public Nuisances Declared.

(a) The Common Council of the City of Madison having determined that the health of the elm trees within the City of Madison is threatened by a fatal disease known as Dutch elm disease Ceratocystis Ulmi (Buisman) hereby declares the following to be a public nuisance:

1. Any living or standing elm tree or part thereof infected with the Dutch elm disease fungus or which harbors any of the elm bark beetles Scolytus mulristriatus (Marsh.) or Hylargophinus rufipes (Eichh.).

2. Any dead elm tree or part thereof, including logs, branches, stumps, firewood or other elm material from which the bark has not been removed and burned or sprayed with an effective elm bark beetle destroying insecticide.

(b) The Common Council of the City of Madison having determined that the health of oak trees within the City of Madison is threatened by a fatal disease known as oak wilt disease (Ceratocystis fagacearum) hereby declares the following to be a public nuisance:

1. Any living or standing oak tree or part thereof infected with the oak wilt disease fungus.

2. Any dead oak tree or part thereof, including logs, branches, stumps, firewood or other oak material from which the bark has not been removed.

(c) The Common Council of the City of Madison having determined that the health of the ash trees within the City of Madison is threatened by Emerald Ash Borer (Agrilus planipennis), an exotic wood boring beetle that only feeds on ash trees, hereby declares the following to be a public nuisance:

1. Any living or standing ash tree or part thereof infected with or which harbors any of the beetles Emerald Ash Borer (Agrilus planipennis).
2. Any Emerald Ash Borer infested dead ash tree or part thereof, including logs, branches, stumps, firewood or other ash material from which the bark has not been removed and burned.

(2) Nuisances Prohibited. No person, firm, or corporation shall permit any public nuisances as defined in Subsection (1) of this ordinance to remain on any premises owned or controlled by him, her or it within the City of Madison.

(3) Inspection. Following receipt of a complaint, the City Forester, or designee, shall inspect or cause to be inspected all premises and places within the City to determine whether any public nuisance as defined in Subsection (1) of this ordinance exists thereon and shall also inspect or cause to be inspected any elm tree, oak tree or ash tree reported or suspected to be infected with the diseases or insects defined in Subsection (1) of this ordinance or any elm bark, oak bark or ash bark bearing material reported or suspected to be infested with the diseases or vectors listed in Subsection (1) of this ordinance.
(Am. by Ord. 13,640, 6-23-04)

(4) Abatement of Nuisances.

(a) If the City Forester, or designee, upon inspection or examination in person or by some qualified person acting for her/him, shall determine that any public nuisance as herein defined exists in or upon any public street, alley, park or other public place, including the terrace strip between curb and lot line within the City of Madison, s/he shall:

1. Immediately cause it to be removed and the wood to be debarked, covered or chipped, or
2. Otherwise abate the nuisance in such manner as to destroy or prevent as fully as possible the spread of Dutch elm disease or the insect pests or vectors known to carry such disease fungus, or the spread of oak wilt disease, or the spread of Emerald Ash Borer beetles.
(Am. by Ord. 13,640, 6-23-04)

(b) If the City Forester, or designee, shall determine within reasonable certainty that any public nuisance as herein defined in Subsection 1 exists in or upon private premises, s/he shall report the existence of such nuisance to the Board of Park Commissioners; the Board shall, if it determines that such nuisance exists, cause notice to be issued to the owner of the lot or parcel of land on which such tree(s) stand or her/his agent, or if neither is known and there is a tenant or operator, occupying said property then to such tenant or operator, that the Board of Park Commissioners proposes ordering the removal and destruction of such tree(s) as nuisances under this ordinance. The notice shall specify the general location and number of such tree(s) on the lot or parcel of land, and inform that a hearing will be held before said Board of Park Commissioners for the purpose of ordering the removal and destruction of such tree(s). The notice to the owner, agent or tenant of the property shall be issued at least two (2) weeks prior to the hearing and shall indicate the date, time, and location where the hearing will be held before the Board of Park Commissioners. The notice shall be mailed via first class mail to the property owner's last known address, and a copy shall be served upon the owner or occupant at the property location or may be posted by attaching to the entrance of any dwelling, building or other structure on the premises. After such hearing the City Forester, or designee, subject to the direction of the Board, shall abandon the work or proceed with it as s/he believes the best interests of the public require.

Once the Board of Park Commissioners has ordered the removal and destruction of such tree(s) as nuisances under this ordinance, in lieu of such removal by the City Forester, or designee, the City Forester, or designee, shall issue a written notice to the owner, agent or tenant or operator of the property to abate such nuisance within a reasonable period of time as specified in the notice. The notice shall include the method(s) by which the property owner, agent, tenant or operator shall abate the nuisance and the proper method(s) of disposal of such trees, and that failure to abate the nuisance as so ordered will result in the City abating the nuisance at the property owner's expense. The notice shall be mailed via first class mail to the property owner's last known address, and a copy shall be served upon the owner or occupant at the property location or may be posted by attaching to the entrance of any dwelling, building or other structure on the premises. (Am. by Ord. 9305, 10-29-87; Ord. 12,684, 9-25-00; Ord. 13,640, 6-23-04)

(c) If such owner, agent or tenant or operator does not abate said nuisance within the time limited, the City Forester, or designee, may cause the same to be abated. No damages shall be awarded to the owner for the destruction of any elm trees, elm wood, oak trees, oak wood, ash trees or ash wood or any part thereof pursuant to this section. (Cr. by ORD-09-00115, 8-11-09)

(5) Assessment of Costs of Abatement.

(a) The entire costs of abating any public nuisance as defined in Subsection (1) of this ordinance may be chargeable to and imposed as a special charge against the parcel or lot upon which such tree stands. The cost of abating any such nuisance which is located in or upon any park or public grounds, boulevards or public right-of-way shall be borne by the City.

(b) The City Forester, or designee, shall keep strict account of the costs of work done under this ordinance for which special charges are to be made, stating and certifying the description of the land, lots, parts of lots or parcels of land and the amount chargeable to each. The City Forester, or designee, shall include in her/his report to the Common Council the aggregate amounts chargeable to each lot or parcel as recorded by her/him and such amounts shall be imposed as special charges against such parcels or lots pursuant to Sec. 4.09(13), MGO.

(Am. by Ord. 13,640, 6-23-04)

(6) Transporting of Wood Prohibited. No person, firm or corporation shall transport within the City of Madison any bark bearing diseased elm wood or diseased oak wood or Emerald Ash Borer infested ash wood or material without first securing the written permission of the City Forester, or designee. (Am. by Ord. 13,640, 6-23-04)

(7) Removal or Pruning of Oak Trees Prohibited. No person, firm or corporation shall remove, trim or prune any oak tree or portion thereof between April 1 and October 15 without first securing the written permission of the City Forester, or designee. (Am. by Ord. 11,012, 10-12-94; Ord. 13,640, 6-23-04; ORD-08-00071, 7-04-08)

(8) Interference With City Forester Prohibited. No person, firm or corporation shall prevent, delay or interfere with the City Forester, or designee, or any of her/his agents or employees while they are engaged in the performance of duties imposed by this ordinance. (Am. by Ord. 13,640, 6-23-04)

(9) Penalty. Any person, firm, or corporation violating any of the provisions of this ordinance shall upon conviction thereof be subject to a forfeiture of not more than five hundred dollars ($500). Each day such violation continues shall be considered a separate offense. (Am. by Ord. 13,760, 12-14-04)

(Sec. 23.40 Am. by Ord. 9001, 11-14-86; ORD-09-00115, 8-11-09)

23.41 USE OF DDT SPRAY PROHIBITED. It shall be unlawful for any person to place DDT spray on any tree in the City of Madison.

23.42 UNLAWFUL REMOVAL OF PARKING TICKETS.

(1) No person other than the owner or operator thereof shall remove a Notice of Traffic Violation of the Madison Police Department (parking ticket) from a motor vehicle.

(2) Any person convicted of a violation of this section shall be subject to a penalty of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200).

23.43 UNLAWFUL SHELTERING OF MINORS.

(1) No person, organization, agency or corporation shall, unless duly licensed under the Wisconsin Statutes or without having first obtained the permission of the parents or legal guardian of any minor or without first notifying the City of Madison Police Department of the existence of a minor described in Paragraph (a) on premises owned or operated by or under the control of such person, organization, agency or corporation:

(a) By any means conceal or shelter, or assist in the concealing or sheltering of any minor under the age of eighteen (18) years while the minor is under the legal custody of the parents or legal guardian and while the minor is on report with any law enforcement agency as a "missing person", a "runaway", or a "wanted" person; or

(b) Supply false information to or obstruct any police officer in the performance of her/his duty to locate or to take into custody any minor described in this section.

(2) Any person, organization, agency or corporation violating any provision of this section shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than five hundred dollars ($500). (Am. by Ord. 13,760, Adopted 12-14-04)

23.44 CONSUMER TO BE OFFERED SELECTION OF CONTAINERS.

(1) After July 1, 1971, it shall be unlawful for any person, firm or corporation licensed by the City of Madison pursuant to Chapter 125 of the Wisconsin Statutes to sell, dispense or give away fermented malt beverages or soda water beverages within the City of Madison in any container of metal, glass, plastic or other nondegradable material unless said licensed person, firm or corporation offers for sale fermented malt beverages or soda water beverages in returnable, reusable containers. (Am. by Ord. 8635, 7-19-85)

(2) After six (6) months following the date of adoption of this ordinance, it shall be unlawful for any person, firm or corporation to sell, dispense or otherwise distribute at retail fluid milk products, including skim or skimmed, 1%, 2% or whole milk, whether fortified, homogenized or pasteurized, within the City of Madison in any container of a nonrefillable design equal to or greater than one gallon fluid volume, unless said person, firm or corporation offers for sale said fluid milk products in returnable, refillable, reusable containers. Offering of each of said milk products, such as 1% milk, in at least one size of returnable container such as one gallon, regardless of product brand, shall be deemed compliance hereunder as long as sufficient quantities are offered.

(Sec. 23.44 Am. by Ord. 5920, 7-29-77)

23.45 TRUANCY AND HABITUAL TRUANCY.

(1) It shall be unlawful for any person in the City of Madison to be a truant or to be a habitual truant.

(2) Definitions.

(a) "Acceptable excuse" has the meaning given that term in Sec. 118.15 and 118.16(4), Wis. Stats.

(b) "Habitual truant" means a pupil who is absent from school without an acceptable excuse for part or all of 5 or more days on which school is held during a school semester.

(c) "Operating privilege" has the meaning given in Sec. 340.01, Wis. Stats.

(d) "Truant" means a pupil who is absent from school without an acceptable excuse for part or all of any day on which school is held during a school semester.

(3) Dispositions and Sanctions In A Case Where a Child Is Adjudged To Be A Truant.

(a) Dispositions.

If a person under the age of 18 is adjudged to be a truant, the municipal court may enter one or more of the following dispositions:

1. An order for the person to attend school.
2. A forfeiture of not more than $50 plus costs for a first violation, or a forfeiture of not more than $100 plus costs for any 2nd or subsequent violation committed within 12 months of a previous violation, subject to Sec. 938.37, Wis. Stats. and subject to a maximum cumulative forfeiture amount of not more than $500 for all violations committed during a school semester. All or part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.

(b) Sanctions for Violation of Dispositional Order.

If the court finds that a person violates a condition of his or her dispositional order under sec. 23.45(3), MGO, the court may impose as a sanction on the person, any combination of the following, if at the time of judgment the court explained the conditions to the person and informed the person of those possible sanctions:

1. Suspend the person's operating privilege, as defined in sec. 340.01(40), for not less than 30 days nor more than one year. If the person does not hold a valid operator's license under ch. 343, other than an instruction permit under sec. 343.07 or a restricted license under sec. 343.08, on the date of the order issued under this subsection, the court may order the suspension or limitation to begin on the date that the operator's license would otherwise be reinstated or issued after the person applies and qualifies for issuance or 2 years after the date of the order issued under this subsection, whichever occurs first. If the court suspends the person's operating privilege or an approval issued under ch. 29, the court shall immediately take possession of the suspended license or approval and forward it to the department that issued the license or approval with a notice stating the reason for and the duration of the suspension.
2. An order for the person to participate in counseling or a supervised work program or other community service work as described in Wis. Stat. § Sec. 938.34(5g). The cost of any such counseling, supervised work program or other community service work may be assessed against the person, the parents or guardian of the person, or both. Any county department of human services or social services, community agency, public agency or nonprofit charitable organization administering a supervised work program or other community service work to which a person is assigned pursuant to an order under this paragraph acting in good faith has immunity from civil liability in excess of $25,000 for any act or omission by or impacting on that person.
3. An order for the person to remain at home except during hours in which the person is attending religious worship or a school program, including travel time required to get to and from the school program or place of worship. The order may permit a person to leave his or her home if the person is accompanied by a parent or guardian.
4. An order for the person to attend an educational program as described in Wis. Stat. § 938.34(7d).
5. An order for the department of workforce development to revoke, under Wis. Stat. § 103.72, a permit under Wis. Stat. § 103.70, authorizing the employment of the person.

6. An order for the person to be placed in a teen court program as described in Wis. Stat. § 938.342(1g)(f).
7. An order for the person to attend school.
8. A forfeiture of not more than $500 plus costs, subject to Wis. Stat. § 938.37. All of part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.
9. Any other reasonable conditions consistent with this subsection, including a curfew, restrictions as to going to or remaining on specified premises and restrictions on associating with other children or adults.
10. An order placing the person under formal or informal supervision, as described in Wis. Stat. § 938.34(2), for up to one year.
11. An order for the person's parent, guardian or legal custodian to participate in counseling at the parent's, guardian's or legal custodian's own expense or to attend school with the person, or both.

(4) Dispositions and Sanctions In A Case Where a Child Is Adjudged To Be An Habitual Truant.

(a) Dispositions.

If a person under the age of 18 is adjudged to be an habitual truant, the municipal court may enter one or more of the following dispositions:

1. Suspension of the person's operating privilege for not less than 30 days nor more than one year. The court shall immediately take possession of any suspended license and forward it to the department of transportation together with a notice stating the reason for and the duration of the suspension.
2. An order for the person to participate in counseling or a supervised work program or other community service work as described in Wis. Stat. § 938.34(5g). The cost of any such counseling, supervised work program or other community service work may be assessed against the person, the parents or guardian of the person, or both. Any county department of human services or social services, community agency, public agency or nonprofit charitable organization administering a supervised work program or other community service work to which a person is assigned pursuant to an order under this paragraph acting in good faith has immunity from any civil liability in excess of $25,000 for any act or omission by or impacting on that person
3. An order for the person to remain at home except during hours in which the person is attending religious worship or a school program, including travel time required to get to and from the school program or place of worship. The order may permit a person to leave his or her home if the person is accompanied by a parent or guardian.
4. An order for the person to attend an educational program as described in Wis. Stat. § 938.34(7d).
5. An order for the department of workforce development to revoke, under Wis. Stat. § 103.72, a permit under Wis. Stat. § 103.70, authorizing the employment of the person.
6. An order for the person to be placed in a teen court program as described in Wis. Stat. § 938.342(1g)(f).
7. An order for the person to attend school.
8. A forfeiture of not more than $500 plus costs, subject to Sec. 938.37, Wis. Stats. All or part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.

9. Any other reasonable conditions consistent with this subsection, including a curfew, restrictions as to going to or remaining on specified premises and restrictions on associating with other children or adults.
10. An order placing the person under formal or informal supervision, as described in Wis. Stat. § 938.34(2), for up to one year.
11. An order for the person's parent, guardian or legal custodian to participate in counseling at the parent's, guardian's or legal custodian's own expense or to attend school with the person, or both.

(b) Sanctions For Violation of Dispositional Order.

If the court finds that a person violates a condition of his or her dispositional order under sec. 23.45(4), MGO, the court may impose as a sanction on the person, any of the following:

1. Suspension or limitation on the use of the person's operating privilege as defined under Sec. 340.01(40), or of any approval issued under ch. 29 for not more than one year. If the person does not hold a valid operator's license under ch. 343, other than an instruction permit under sec. 343.07 or a restricted license under sec. 343.08, on the date of the order issued under this subsection, the court may order the suspension or limitation to begin on the date that the operator's license would otherwise be reinstated or issued after the person applies and qualifies for issuance or 2 years after the date of the order issued under this subsection, whichever occurs first. If the court suspends the person's operating privilege or an approval issued under ch. 29, the court shall immediately take possession of the suspended license or approval and forward it to the department that issued the license or approval with a notice stating the reason for and the duration of the suspension.
2. Counseling or participation for not more than 25 hours in a supervised work program or other community service work under sec. 938.34(5g).
3. Detention in the person's home or current residence for a period of not more than 30 days except during hours which the person is attending religious worship or a school program, including travel time required to get to and from the place of worship or school program. The order may permit a person to leave his or her home or current residence if he or she is accompanied by a parent guardian.
4. The court may petition the court assigned to exercise jurisdiction under ch. 938 and ch. 48 to impose on the person the sanction specified in 938.355(6m)(a)1g. if, at the time of the judgment the court explained the conditions to the person and informed the person of that possible sanction for a violation.
5. An order for the person to attend an educational program as described in Wis. Stat. § 938.34(7d).
6. An order for the department of workforce development to revoke, under Wis. Stat. § 103.72, a permit under Wis. Stat. § 103.70, authorizing the employment of the person.
7. An order for the person to be placed in a teen court program pursuant to Wis. Stat. § 938.342(1g)(f).
8. An order for the person to attend school.
9. A forfeiture of not more than $500 plus costs, subject to Wis. Stat. § 938.37. All or part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.
10. Any other reasonable conditions consistent with this subsection, including a curfew, restrictions as to going to or remaining on specified premises and restrictions on associating with other children or adults.

11. An order placing the person under formal or informal supervision, as described in Wis. Stat. § 938.34(2), for up to one year.

12. An order for the person's parent, guardian or legal custodian to participate in counseling at the parent's, guardian's or legal custodian's own expense or to attend school with the person, or both.

(5) Exception for Habitual Truants.

(a) A person incurs no liability under this ordinance if appropriate personnel of the school or school district in which the child is enrolled have not, within one year prior to the commencement of prosecution under this ordinance, done all of the following:

1. Met with the child's parent or guardian to discuss the child's truancy, or attempted to meet with the child's parent or guardian and received no response or were refused;

2. Provided an opportunity for educational counseling to the child to determine whether a change in the child's curriculum would resolve the child's truancy and considered curriculum modifications under Wis. Stat. § 118.15(1)(d);

3. Evaluated the child to determine whether learning problems may be a cause of the child's truancy and, if so, have taken steps to overcome the learning problems except that the child need not be evaluated if tests administered to the child within the previous year indicate that the child is performing at his or her grade level; and

4. Conducted an evaluation to determine whether social problems may be a cause of the child's truancy and, if so, have taken appropriate action or made appropriate referrals.

(b) Paragraph (5)(a)1. of this section does not apply if a meeting under Wis. Stat. § 118.16(2)(cg)(3), is not held within 10 school days after the date that the notice under subsection (2)(cg) is sent.

(c) Paragraphs (5)(a)2., 3. and 4. of this section do not apply if the school attendance officer provides evidence that appropriate school personnel were unable to carry out the activity due to the child's absences from school.

(6) References to Statutes. References to specific statutory sections wherever used in this ordinance shall mean the Wisconsin Statutes of 1987-88 as from time to time amended, modified, repealed or otherwise altered by the State Legislature.

(7) Severability. If any section or part of this ordinance is adjudged unconstitutional or invalid by any court of competent jurisdiction, the validity of the remainder of this ordinance shall not be affected thereby and shall be in full force and effect as if the said unlawful section or sections were not originally a part hereof.

(8) The court shall report by January 31 of each year to the Public Safety Review Committee, the Education Committee and Common Council on the number and dispositions of truancy cases referred to it. The Common Council shall request similar information from the Madison Metropolitan School District no later than January 31 of each year regarding the number of truants and frequency of use of this Ordinance. (Am. by Ord. 13,113, 8-2-02; ORD-09-00052, Pub. 4-2-09, Eff. 8-1-09; ORD-12-00074, 6-20-12)

(9) The Madison Metropolitan School District shall continue to monitor the truancy process to determine the effect of truancy citations and the possibility of a driver's license suspension on school attendance. The District shall report its findings in an annual "Truancy Report" which shall be submitted to the Common Council and made available to the public. (Am. by Ord. 10,682, 6-25-93)

(Sec. 23.45 Cr. by Ord. 10,181, 1-17-91; Am. by Ord. 12,525, 1-21-00)

23.46 UNAUTHORIZED PRESENCE ON SCHOOL PROPERTY PROHIBITED.

(1) It shall be unlawful for any student who is under suspension, expulsion, exemption or other discipline excluding her/him from attending school under the jurisdiction of the Madison Board of Education, or for any person, not a student presently enrolled to attend school under the jurisdiction of the Madison Board of Education or not an employee of said Madison Board of Education or not a parent or guardian of a student so enrolled or not an otherwise "authorized person" to be present within any school building or upon any school grounds under the jurisdiction of said School Board without having first secured authorization to be there from the principal or other person in charge of said school building or school grounds, except while in direct route to secure said authorization. "Authorized person" shall include any person who is present at any school building or school grounds for any purpose previously authorized by the Board of Education or its designee. (Am. by ORD-14-00012, 1-14-14)

(2) Any person shall, upon request of the principal or other person in charge of any school building or upon any school grounds under the jurisdiction of said School Board, or upon request of any police officer, display any written authorization to be present which she or he may have, in her/his possession or otherwise explain her/his presence or her/his status as such student, employee, parent or guardian, or "authorized person" referred to in Subsection (1) hereof. (Am. by ORD-14-00012, 1-14-14)

(3) All entrances to the school buildings referred to in Subsection (1) hereof shall be posted with a notice stating "Entry into School Building by Unauthorized Persons Prohibited." All school grounds referred to in Subsection (1) hereof shall be posted with a notice stating "Entry Upon School Grounds by Unauthorized Persons Prohibited."

(4) Penalty. Any person who shall violate any of the provisions of this section shall upon conviction be subject to a forfeiture of not less than ten dollars ($10) nor more than five hundred dollars ($500) for each offense.

(5) This ordinance shall only apply to property under the jurisdiction of the Madison Board of Education within the jurisdictional limits of the City of Madison.

23.47 VIOLATION-BASED SPAYING AND NEUTERING OF DOGS.

(1) Purpose. The City has experienced an overwhelming incident of unaltered dogs running at large and causing injury to other animals and residents. These unaltered dogs running at large are at greatest risk for unwanted litters that in turn contribute to pet overpopulation and overcrowding at rescue shelters. Unaltered animals exhibit hormone induced aggression that may increase incidents of attacks. Altering a dog that has a history or running at large or acting aggressive will potentially lower the risk of further running at large incidents and further incidents of aggression. Altering these aggressive animals will also prevent the possibility of aggressive traits being based on by breeding of these animals. (Am. by ORD-17-00030, 3-8-17)

(2) Public Health Madison and Dane County may order any dog to be spayed or neutered within thirty (30) days of receiving notification of any of the following incidents:

(a) A dog found running at large in violation of Sec. 23.31, on three (3) separate occasions;

(b) A dog acting aggressively and running at large in violation of Sec. 23.31;

(c) A dog that has caused injury to a person or another animal in violation of Sec. 23.35; or

(d) A dog that has caused injury to a person on the owner's property.

(3) Any person who fails to comply with an order to spay or neuter a dog under sub (2) shall be subject to a forfeiture of up to two thousand dollars ($2000). Each and every day of violation may be considered a separate offense.

(Cr. by ORD-14-00183, 12-10-14; Am. by ORD-15-00009, 1-28-15)

23.48 PUBLIC UTILITIES TO PROVIDE NOTICE OF PROPOSED SERVICE DISCONNECTIONS.

(1) It shall be unlawful for any public utility as defined in Wis. Stat. § 196.01(1), except telephone public utilities, to disconnect any residential utility service in the City of Madison unless said utility has complied with the following requirements.

(a) A public utility shall not disconnect or interrupt service to residential customers unless the utility first notifies the customer in writing of its intent to disconnect or interrupt such service. This provision shall not apply in the case of:

1. Emergency repairs, or
2. Violation of the utility rules pertaining to the use of service in a manner which interferes with the services of others, or to the operation of nonstandard equipment, if the customer has been first notified and provided with reasonable opportunity to remedy the situation.

(b) Such notice shall be at least five (5) business days in advance of the proposed disconnecting or interruption of service.

(c) Such notice shall include in bold face type, and set forth conspicuously, the following statement:

"City of Madison residents may notify the Director of Public Health Madison and Dane County, Room 507, City-County Building, telephone 266-4840, who has the authority to declare a medical emergency if disconnection of service would result in a serious threat to the health, safety or well-being of any resident of your premises."

(2) In determining what constitutes a serious threat to health, safety or well-being, the Director of Public Health Madison and Dane County shall consider the following criteria; but these shall not be considered exclusive thereto:

(a) Individual medical histories and characteristics of residents facing disconnection of said utility services.

(b) The effect of the lack of heat, light, hot water, cooking capability and refrigeration capability on residents facing disconnection of said utility services.

(c) Any other factors in the individual disconnection case which would seriously threaten a resident's health, safety or well-being.

(3) A utility shall postpone the disconnection of service for twenty-one (21) days if the Director of Public Health Madison and Dane County determines that there is or could be a serious threat to the health, safety or well-being to any person facing disconnection of said utility service, and she/he has notified the utility concerned that said disconnection shall be postponed for a period of time not to exceed twenty-one (21) days. The postponement may be extended once by renewal of the notice by the Director of Public Health Madison and Dane County. (Am. by ORD-14-00012, 1-14-14)

(4) The Director of Public Health Madison and Dane County shall report all cases where a postponement has been issued to the Director of Social Services. (Am. by Ord. 7127, 10-23-80)

(Am. by ORD-15-00009, 1-28-15)

23.49 POSSESSION OF EXOTIC OR WILD ANIMALS.

(1) *Definitions.*

"Circus" means a scheduled event staged by a traveling company with mobile facilities in which entertainment consisting of a variety of performances by acrobats, clowns or trained animals is the primary attraction or principle business.

"Exotic Animal" means any animal that is not normally domesticated in the United States or is wild by nature.

"Person" means an individual, partnership, firm, joint stock company, corporation, association, trust, estate, or other legal entity.

"Possess" means to own, control, restrain, transport, or keep.

"Public zoo or aquarium" means a zoo or aquarium that is operated by the state or city or that is an accredited member of the American Zoo and Aquarium Association.

"Veterinarian" means a person who is licensed in this state to practice veterinary medicine under Wis. Stats. Chap. 453 and who is certified under rules promulgated by the department of agriculture, trade and consumer protection.

"Wild Animal" means any of the following animals, whether bred in the wild or in captivity, and also any of their hybrids with domestic species. The animals listed in parentheses are intended to act as examples and are not to be construed as an exhaustive list or limit the generality of each group of animals, unless otherwise specified.

(a) Nonhuman primates and prosimians (chimpanzees, monkeys);
(b) Felids, except domesticated cats;
(c) Canids (wolf, coyotes, foxes) except domesticated dogs;
(d) Prairie dogs; (Am. by Ord. 13,380, 8-2-03)
(e) Elephants;
(f) Crocodilians (alligators, crocodiles);
(g) Marsupials (kangaroos, opossums) except sugar gliders; (Am. by ORD-13-00012, 1-30-13)
(h) Ungulates (hippopotamus, rhinoceros);
(i) Hyenas;
(j) Mustelids (skunks, otters, badgers) except ferrets;

(m) Viverrids (mongooses, civets, genets);
(n) Reptilia over ten (10) feet in length (boa constrictors, pythons);
(o) Venomous reptilia.

(2) Intent and Purpose. The Common Council of the City of Madison hereby finds that wild animals are inherently dangerous and do not adjust well to captive environment. It is the intent of the Common Council to protect the public against health and safety risks that wild animals pose and hereby prohibit the possession of wild animals within the City of Madison.

(3) It shall be unlawful for any person to possess, sell or purchase an exotic or wild animal.

(4) Exceptions. The following persons or entities may possess exotic or wild animals:
(a) A person licensed by the State under Wis. Stats. Chap. 169.
(b) A veterinarian, for the purpose of providing medical treatment to wild animals.
(c) A public zoo or aquarium.
(d) A circus.
(e) A person authorized by the Department of Natural Resources.

(5) Penalties. Any person convicted of a violation of this section shall be subject to a forfeiture of not more than five hundred dollars ($500).

(Cr. by Ord. 13,328, 5-28-03)

23.495 EXHIBITION OF CERTAIN ANIMALS.

(1) No person may display for the purpose of public viewing the following animals:
(a) Cougars.
(b) Ursids (bear).
(c) Any animal designated by the Department of Natural Resources as a harmful wild animal. (Cr. by Ord. 13,380, 8-2-03)

(2) Exception. This section shall not apply to the following:
(a) Persons or entities which have received authorization from the Department of Natural Resources under Wis. Stats. Chap. 169.
(b) A public zoo and aquarium.
(c) A veterinarian for the purposes of providing medical treatment to the animal.

(Cr. by Ord. 13,328, 5-28-03)

23.50 SALE OF CERTAIN TURTLES PROHIBITED.

(1) Turtles Declared a Danger to the Public Health and Welfare and Against Public Policy. Recently turtles have been found to be a source of salmonella infection of people and as a result they are hereby declared to be a danger to the public health and welfare and against public policy

(2) Unlawful to Sell, Dispense, Give Away, or Deal in Turtles. No person, firm or corporation shall commercially sell, dispense, give away or deal in any red ear slider (Pseudemys scripta elegans), baby maps (Graptemys geographica) or baby southern painted (Chrysemys picta dorsals) turtles to any other person. This subsection shall not apply to a governmental agency using turtles for display or research purposes.

23.51 PLAYING GOLF ON SCHOOL PROPERTY PROHIBITED.

(1) It shall be unlawful for any person to play golf, hit a golf ball or cause a golf ball so hit to land upon any school grounds under the jurisdiction of the Madison Board of Education except when participating in a course of instruction under the jurisdiction of the Madison Board of Education.

(2) This section shall only apply to property under the jurisdiction of the Madison Board of Education within the jurisdictional limits of the City of Madison.

(3) Penalty. Any person who shall violate any of the provisions of this section shall, upon conviction, be subject to a forfeiture of not less than ten dollars ($10) nor more than one hundred dollars ($100) for each offense.

(Section 23.51 Cr. by Ord. 4665, 8-5-74)

23.52 RESERVED FOR FUTURE USE.

23.53 TELEPHONE NUMBER TO BE ON UNATTENDED VENDING MACHINES.

The owner or licensee shall securely affix or cause to be affixed, in a conspicuous place within view of persons using each unattended vending machine, a notice bearing a telephone number to call in case of complaint or emergency. "Vending machine" in this section means any machine or device that upon the insertion of a coin or slug, or which by any automatic attachment, vends merchandise or service of any kind or character, including but not limited to, food or beverage dispensing machines and all machines in unattended laundromats. Any person convicted of a violation of this section may be subject to a forfeiture of not less than twenty dollars ($20) nor more than forty dollars ($40). (Am. by Ord. 6097, 1-6-78)

23.54 RETAIL THEFT, THEFT OF SERVICES.

(1) Definitions. In this section:

(a) "Intentionally" has the meaning designated in Wis. Stat. § 939.23(3).

(b) "Merchandise" means a service provided by a service provider or one or more items of property with a total retail value of $.01 through $200 exclusive of sales tax.

(c) "Merchant" has the meaning designated in Wis. Stat. § 402.104(3), and includes any innkeeper, motelkeeper or hotelkeeper as defined in Wis. Stat. § 50.50.

(d) "Peace officer" has the meaning designated in Wis. Stat. § 939.22(22).

(e) "Property" means one or more items of merchandise with a total retail value of $.01 through $200 exclusive of sales tax.

(f) "Service provider" means a merchant who provides a service to retail customers without a written contract with the expectation that the service will be paid for by the customer upon completion of the service.

(g) "Transfer" has the meaning designated in Wis. Stat. § 939.22(40).

(h) "Value of merchandise" has the meaning designated in Wis. Stat. § 943.50(1)(b).

(i) "With intent to" has the meaning designated in Wis. Stat. § 939.23(4).

(j) "Without consent" has the meaning designated in Wis. Stat. § 939.22(48).

(2) Any person who does any of the following may be penalized as provided in Subsection (9):

(a) Intentionally alters indicia of price or value of merchandise of a merchant without the merchant's consent and with intent to deprive the merchant of possession, or the full purchase price, of the merchandise.

(b) Takes or carries away, transfers, conceals, or retains possession of property of the merchant or merchandise held for resale by the merchant without the merchant's consent and with intent to deprive the merchant permanently of possession, or the full purchase price, of the merchandise.

(c) Having obtained a service from a service provider, he or she, without the service provider's consent and with intent to deprive the service provider permanently of the full price of the service, absconds and intentionally fails or refuses to pay for the service.

(3) The intentional concealment of unpurchased merchandise which continues from one floor to another or beyond the last station for receiving payments in a merchant's store is evidence of intent to deprive the merchant permanently of possession of such merchandise without paying the purchase price thereof.

(4) The discovery of unpurchased merchandise concealed upon the person or among the belongings of such person or concealed by a person upon the person or among the belongings of another is evidence of intentional concealment on the part of the person so concealing such goods.

(5) A merchant or service provider, a merchant's or service provider's adult employee, or a merchant's or service provider's security agent who has reasonable cause to believe that a person has violated this ordinance in her or his presence may detain, within or at the merchant's or service provider's place of business where the suspected violation took place, the person in a reasonable manner for a reasonable length of time to deliver the person to a peace officer. The detained person must be promptly informed of the purpose for the detention and be permitted to make phone calls, but she or he shall not be interrogated or searched against her or his will before the arrival of a peace officer who may conduct a lawful interrogation of the accused person. The merchant, merchant's adult employee, or merchant's security agent may release the detained person before the arrival of a peace officer.

(6) A merchant or service provider, a merchant's or service provider's adult employee, or a merchant's or service provider's security agent is privileged to defend property as set forth in Wis. Stat. § 939.50. Any merchant, or service provider, or merchant's or service provider's adult employee, or merchant's or service provider's security agent who acts in good faith in any act authorized under Subsection (5) is immune from civil or criminal liability for those acts.

(7) Pursuant to Wis. Stat. §§ 66.0107 and. 943.50(3m)(a), in any action or proceeding for violation of this ordinance, duly identified and authenticated photographs of merchandise which was the subject of the violation may be used as evidence in lieu of producing the merchandise.

(8) Severability. If any section or part of this ordinance is adjudged unconstitutional or invalid by any court of competent jurisdiction, the validity of the remainder of this ordinance shall not be affected thereby and shall be in full force and effect as if said unlawful section was not originally a part hereof.

(9) Penalties.

(a) Any person violating any section of this ordinance shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500), exclusive of costs.

(b) Any person violating any section of this ordinance may be subject to restitution as set forth in Wis. Stat. § 800.093.

(Sec. 23.54 Cr. by Ord. 10,980, 9-14-94; Am. by ORD-12-00036, 3-28-12)

(2) A person is considered a party to retail theft if the person:

(a) Intentionally aids and abets the commission of the retail theft; or

(b) Is a party to a conspiracy with another to commit the retail theft or advises, hires, counsels or otherwise procures another to commit the retail theft.

(3) Pursuant to Wis. Stat. §§ 66.0107 and 943.50(3m)(a), in any action or proceeding for violation of this ordinance, duly identified and authenticated photographs of merchandise which was the subject of the violation may be used as evidence in lieu of producing the merchandise.

(4) Penalties.

(a) Any person violating this section shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500), exclusive of costs.

(b) Any person violating this ordinance may be subject to restitution as set forth in Wis. Stat. § 800.093.

(Sec. 23.55 Cr. by ORD-11-00107, 8-10-11)

23.56 PRIVATE PARKING ENFORCEMENT REGULATED.

(1) It shall be unlawful for any private parking enforcement service or any representative, agent, or any employee of a private parking enforcement service to immobilize, or permit to be immobilized, a vehicle without strict adherence to the requirements set forth in this section.

(2) Definitions used in this Section:

(a) "Immobilization device" means any device, mechanical or otherwise, which makes a motor vehicle inoperable or unable to be moved without causing damage to the vehicle.

(b) "Parking area" means an area used for parking that is not on a highway.

(c) "Operator" has the meaning given in Sec 340.01(41), Wis. Stats.

(d) "Parking enforcer" means a person who enforces restrictions against unauthorized parking. The term includes a person who owns or operates a parking area and any employees or agents of an owner or operator regardless of whether they have obtained a City of Madison "Parking Enforcer's License". However, this term does not include government agencies or government employees who are acting in their official capacities.

(e) "Removal fee" means a fee charged by a parking enforcer to remove an immobilization device, including any amounts imposed for parking in violation of a restriction against unauthorized parking.

(f) "Unauthorized parking" means parking a motor vehicle in a parking area contrary to a sign posted under Sec. 346.55(4), Wis. Stats.

(Am. by Ord. 12,041, 3-2-98)

(3) The owner or operator of a parking area in which immobilization devices may be used shall post and maintain in a manner that is clearly visible to operators entering the parking area a sign at each vehicular entrance to the parking area. At least one additional sign shall be posted for every 10 parking spaces in the parking area, all such signs to be at least 12 inches by 18 inches in size and to clearly indicate all of the following:

(a) That unauthorized parking is prohibited in the parking area.

(b) That an immobilization device may be used in the parking area to enforce restrictions against unauthorized parking.

(c) Whether a removal fee will be charged to remove an immobilization device and, if so, the amount of the fee.

(Sec. 23.23(3) R. and ReCr. by Ord. 12,041, 3-2-98)

(4) Before using an immobilization device a parking enforcer shall:

(a) Notwithstanding Sec. 346.94(4), Wis. Stats., at the time of immobilization of a motor vehicle, place a sequentially numbered written notice in a reasonably secure manner on the motor vehicle that clearly states all of the following:

1. The name of the parking enforcer and a telephone number that a person may call to request the removal of the immobilization device.
2. The amount of the removal fee, if any.
3. The terms of the deferral agreement described in Subsec (9)(b).
4. All of the information required by Subsection (6)(b)1.-6.

(b) Have a person available 24 hours a day either at the parking area or at the telephone number shown on the notice described in par.(a)1. to take requests for removal and to remove the immobilization device.

(Sec. 23.23(4) R. and ReCr. by Ord. 12,041, 3-2-98)

(5) A representative, agent, or any employee of a private parking enforcement service shall respond to the location of the immobilized vehicle of an owner or operator who has requested that any immobilization device utilized by that private parking enforcement service be removed from that vehicle within sixty minutes of that request, or within ten (10) minutes of a request made by an employee of the Madison Police Department acting in their official capacity. (Am. by Ord. 12,041, 3-2-98)

(6) Upon responding to a request for service pursuant to Subsection (5), a representative, agent, or employee of a private parking enforcement service shall remove any immobilization device from the vehicle of the operator or owner requesting said service without undue delay. However, before removing an immobilization device a parking enforcer shall:

(a) Display prominently an identification card that identifies that person as a parking enforcer and that contains a photograph of that person.

(b) Inform the owner, lessee or operator of the motor vehicle, orally and in writing, before removing an immobilization device, of all of the following:

1. If a removal fee is charged, that the owner, lessee or operator is required either to pay the removal fee or to sign a deferral agreement described in Subsection (9)(b).
2. That a parking enforcer may commence legal action to collect any removal fee that has not been paid within 14 days after the removal of an immobilization device.
3. That the owner, lessee or operator of an immobilized motor vehicle may contest the propriety of the use of an immobilization device on her or his motor vehicle or the validity of a removal fee using the process described in Sec. 23.565 and may contest any legal action commenced to collect a removal fee.
4. That, except for the payment of the removal fee or the signing of a deferral agreement, no person may be required to do anything to have an immobilization device removed.
5. That, if a parking enforcer uses an immobilization device on a motor vehicle that is not parked in violation of a restriction against unauthorized parking, the owner, lessee or operator shall not be required to pay a removal fee and the parking enforcer shall be liable to the owner or lessee of the motor vehicle for an amount equal to the removal fee.
6. Such notice must include the name of the private parking enforcement service and a telephone number for the immobilized vehicle operator or owner to call to request that any immobilization device be removed from the vehicle.
7. Any person signing a deferral agreement as described in Subsec. (9)(b) shall be immediately provided with a copy of the appeals form described in Sec. 23.565(1).

(c) It shall not be a requirement that the information required to be given in Paragraphs 1. through 6. above be presented in the exact language of this ordinance, but that the language used gives the same meaning and effect intended by this ordinance.

(Am. by Ord. 12,041, 3-2-98)

(7) It shall be unlawful for any person to require any of the following of any person as a condition of removing any immobilization device from a vehicle owned or operated by that person:

(a) Payment of money;

(b) Transfer of goods;

(c) Performance of services;

(d) Waiver of any legal rights or remedies except as specified in subsection (9)(b) and Sec. 23.565, Madison General Ordinances;

(e) Release of a credit card number;

(f) Release of a business address;

(g) Release of a business telephone number

(Am. by Ord. 12,041, 3-2-98)

(8) It shall be unlawful for any person to coerce any person to do anything listed in subsection (7) by accusing or threatening to accuse any person of a crime or offense.

(9) Prior to the removal of an immobilization device, the owner, lessee or operator of an immobilized motor vehicle shall do either of the following:

(a) Pay the removal fee.

(b) Sign a deferral agreement under which the person signing the agreement agrees to pay the removal fee to the parking enforcer or contest the removal fee, or the propriety of the use of an immobilization device on her or his motor vehicle, using the process described in Sec. 23.565, Madison General Ordinances, within 14 days after the immobilization device is removed.

(Sec. 23.56(9) R. and ReCr. by Ord. 12,041, 3-2-98)

(10) Whenever a deferral agreement is signed, the parking enforcer shall provide the owner or operator of the motor vehicle a copy of the signed deferral agreement. (Sec. 23.56(10) R. and ReCr. by Ord. 12,041, 3-2-98)

(11) A person who signs a deferral agreement and does not do any of the activities required by that deferral agreement within 14 days after the removal of the immobilization device shall pay an amount not to exceed three times the removal fee plus the reasonable costs incurred to collect the removal fee to the parking enforcer within 30 days after the removal of the immobilization device.

(Sec. 23.56(11) R. and ReCr. by Ord. 12,041, 3-2-98)

(12) A parking enforcer who uses an immobilization device on a motor vehicle that is not parked in violation of a restriction against unauthorized parking shall pay an amount equal to the removal fee to the owner of the motor vehicle within 14 days after the determination that the immobilization device was used improperly.

(Cr. by Ord. 12,041, 3-2-98)

(13) The maximum removal fee which may be charged by a parking enforcer is $50.00.

(Cr. by Ord. 12,041, 3-2-98)

(14) All private parking enforcement services shall keep a chronological monthly log or record of the vehicles that have been immobilized. The log or record shall indicate a description of the vehicle, the location of the immobilization, the time of the request for service as described in Subsection (5, and the time of the removal of the immobilization device. A copy of this log or record shall be delivered to the Chief of Police every month. (Renumbered by Ord. 12,041, 3-2-98)

(15) This section shall not be construed so as to prohibit enforcement of Section 12.128 of the Madison General Ordinances. (Renumbered by Ord. 12,041, 3-2-98)

(16) This section is not intended to apply to the immobilization of vehicles pursuant to Section 346.65 of the Wisconsin Statutes. (Renumbered by Ord. 12,041, 3-2-98)

(17) No person shall apply any immobilization device to any vehicle when such application would leave such a vehicle obstructing a parking space for a person with a disability, a sidewalk or private driveway, a fire lane or a public highway. No person shall apply any immobilization device to any vehicle when such application would result in an immediate and reasonably apparent threat to life, health, or public safety. (Cr. by Ord. 12,041, 3-2-98; Am by ORD-06-00099, 8-2-06)

(18) In addition to the other penalties provided herein, any person who violates any provisions of this section may be required to forfeit not less than one hundred dollars ($100) nor more than one thousand dollars ($1000). (Renumbered by Ord. 12,041, 3-2-98)

(19) If any provision of this ordinance is invalid or unconstitutional, or if the application of this ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this ordinance which can be given effect without the invalid or unconstitutional provision or application. (Cr. by Ord. 12,041, 3-2-98)

(Sec. 23.56 Am. by Ord. 12,041, 3-2-98)

23.561 UNLAWFUL TOWING FROM PRIVATE PROPERTY.

(1) It shall be unlawful for any person, firm, or corporation to remove a vehicle involved in trespass parking on a private parking lot or facility without first notifying the Madison Police Department of the make, model, vehicle identification number, and registration plate number of the vehicle and the location to which the vehicle will be removed, as required by Wis. Stat. § 349.13(3m)(d)(2).

(2) It shall be unlawful for any person, firm, or corporation to remove a vehicle involved in trespass parking on a private parking lot or facility that has been reported to a law enforcement agency as stolen as required by Wis. Stat. § 349.13(3m)(dr).

(3) It shall be unlawful for any person, firm, or corporation to remove a vehicle involved in trespass parking on a private parking lot or facility without the permission of the vehicle owner except where the lot or facility is properly posted or upon the issuance of a repossession judgment or upon formal complaint and a citation for illegal parking issued by a parking, traffic or police officer, as required in Wis. Stat. § 349.13(3m)(b) and (c).

(4) It shall be unlawful for any person, firm, or corporation other than a tow service to remove a vehicle involved in trespass parking on a private parking lot or facility as required by Wis. Stat. § 349.13(3m)(d)(1).

(5) Any person, firm, or corporation violating the provisions of Subsections (1), (2), (3) or (4) shall be subject to a forfeiture of not less than one hundred dollars ($100) and not more than one thousand dollars ($1000).

(6) This ordinance will become effective on July 1, 2014.

(Sec. 23.561 Cr. by ORD-12-00093, 7-10-12; Am. by ORD-14-00125, 7-11-14)

23.565 VEHICLE IMMOBILIZATION APPLICATION FEE ADMINISTRATIVE APPEAL.

(1) Any person who signs a deferral agreement as described in Sec. 23.56(9)(b) of these ordinances shall file an appeal with the Transit and Parking Commission. Such an appeal shall be filed within 14 days of the removal of an immobilization device on the form specified by the Transit and Parking Commission.

(2) Upon receipt of the appeal, the Transit and Parking Commission shall forward a copy of the completed form to the Parking Enforcer who had immobilized the applicant's vehicle. The Parking Enforcer shall then have 14 days to file a response with the Transit and Parking Commission. Failure to file a response shall constitute an admission of each and every material allegation of the appellant.

(3) The Transit and Parking Commission shall decide the appeal based upon the foregoing written submissions.

(4) The issue to be decided upon appeal shall be limited to the propriety of the use of an immobilization device and to a determination of whether the amount of the removal fee was within the limits set by ordinance. The burden of proof is upon the Parking Enforcer who must prove by a preponderance of the evidence that the appellant's vehicle was illegally parked on private property, that such private property was properly posted pursuant to Sec. 23.56(3), Madison General Ordinances, and that the removal fee sought is within the limits set forth in Sec. 23.56(13).

(5) The Transit and Parking Commission shall notify the parties of its decision in writing. If the decision is for the appellant, the Transit and Parking Commission shall order the Parking Enforcer to pay the appellant an amount equal to the removal fee originally sought from the appellant by the Parking Enforcer.

(6) A Parking Enforcer who has been ordered to make a payment under Subsec. (5) shall make such payment within 14 days of the receipt of the Parking Subcommittee's decision.

(7) Any Parking Enforcer who fails to make a payment as set forth in Subsecs. (5) and (6) may be required to forfeit not less than one hundred dollars nor more than two hundred dollars.

(Cr. by Ord. 12,042, 3-2-98)

23.57 COMPLIANCE INSPECTION FEES.

(1) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. (Am. by ORD-11-00057, 4-7-11)

(2) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Cr. by ORD-10-00058, 6-11-10)

23.58 THEFT.

(1) Definitions.

"Intentionally" means that the actor either has a purpose to do the thing or cause the result specified, or is aware that his or her conduct is practically certain to cause that result.

"Movable property" means property whose physical location can be changed, without limitation including electricity and gas, documents which represent or embody intangible rights and things growing on, affixed to or found in land.

"With intent" means that the actor either has a purpose to do the thing or cause the result specified, or is aware that his or her conduct is practically certain to cause that result.

(2) It shall be unlawful to intentionally take and carry away, use, transfer, conceal or retain possession of movable property of another without the other's consent and with intent to deprive the owner permanently of possession of such property.

(3) In an action or proceeding for a violation of this section, a party may use duly identified and authenticated photographs of property which was the subject of the violation in lieu of producing the property.

(4) Any person convicted of a violation of this section shall be subject to a penalty of not less than two hundred dollars ($200) nor more than one thousand dollars ($1000).

(Sec. 23.58 Cr. by ORD-11-00108, 8-10-11)

23.59 UNLAWFUL TRESPASS WHILE CARRYING A WEAPON.

(1) Definitions. In this section:

(a) "Carry" means to go armed with.

(b) "Nonresidential building" means a building not used for residential purposes and includes a nursing home as defined in Wis. Stat. § 50.01(3), a community-based residential facility as defined in Wis. Stat. § 50.01(1g), a residential care apartment complex as defined in Wis. Stat. § 50.01(1d), an adult family home as defined in Wis. Stat. § 50.01(1), and a hospice as defined in Wis. Stat. § 50.90(1).

(c) "Residence" is a residential building that is not a single family residence and does not include any common area of the building in which the residence is located or any common area of the rest of the parcel of land upon which the residence building is located.

(d) "Single-family residence" means the residence building and the parcel of land upon which the residence building is located.

(e) "Special event" means an event that is open to the public, is for a duration of not more than three (3) weeks, and either has designated entrances to and from the event that are locked when the event is closed or requires an admission.

(f) "Weapon" means a handgun as defined in Wis. Stat. § 175.60(1)(bm), an electric weapon, as defined in Wis. Stat. § 941.195(1c)(a), a knife other than a switchblade knife under Wis. Stat. § 941.24, or a billy club.

(2) Single-Family Residence and Residence. It shall be unlawful while carrying a weapon to enter or remain at a single-family residence or a residence that the actor does not own or occupy after the owner or occupant of the single-family residence or residence has notified the actor not to enter or remain at the residence while carrying a weapon or with that type of weapon.

(3) Common Area of Building. It shall be unlawful while carrying a weapon to enter or remain in a common area in a building if the owner has notified the actor not to enter or remain in the common area while carrying a weapon or with that type of weapon.

(4) Residence Grounds. It shall be unlawful while carrying a weapon to enter or remain on the grounds of a residence if the actor does not own the residence or does not occupy any part of the residence, if the owner or occupant has notified the actor not to enter or remain on the grounds while carrying a weapon or with that type of weapon.

(5) Nonresidential Building. It shall be unlawful while carrying a weapon to enter or remain in any part of a nonresidential building, including the grounds of the nonresidential building that the actor does not own or occupy if the owner or occupant has notified the actor not to enter or remain in the building or grounds while carrying a weapon or with that type of weapon.

(6) Land. It shall be unlawful while carrying a weapon to enter or remain on any land that the actor does not own or occupy after the owner or occupant has notified the actor not to enter or remain on the land while carrying a weapon or with that type of weapon.

(7) Special Event. It shall be unlawful while carrying a weapon to enter or remain at a special event if the organizers of the special event have notified the actor not to enter or remain at the special event while carrying a weapon or with that type of weapon.

(8) Government Building. It shall be unlawful while carrying a weapon to enter or remain in any part of a building that is owned, occupied or controlled by the state or any local governmental unit, if the state or local governmental unit has notified the actor not to enter or remain in the building while carrying a weapon or with that type of weapon.

(9) College Campus. It shall be unlawful while carrying a weapon to enter or remain on any privately or publicly owned building on the grounds of a university or college, if the university or college has notified the actor not to enter or remain in the building while carrying a weapon or with that type of weapon.

(10) Notice Required.

(a) A person has received notice under Subsections (3) and (4) if the owner or occupant has posted a sign that is located in a prominent place near all of the entrances to the part of the building to which the restriction applies or near all probable access points to the grounds to which the restriction applies and any individual entering the building or grounds can be reasonably expected to see the sign.

(b) A person has received notice under Subsections (5), (8) and (9) if the owner or occupant of the building has posted a sign that is located in a prominent place near all of the entrances to the part of the building to which the restriction applies and any individual entering the building can be reasonably expected to see the sign.

(c) A person has received notice under Subsection (6) if the person has been notified personally, either orally or in writing or if the land is posted. The land is considered posted if there is a sign at least eleven (11) inches square placed in two (2) conspicuous places for every forty (40) acres of land to be protected. The sign must provide an appropriate notice and the name of the person giving the notice followed by the word "owner" if the person giving the notice is the holder of legal title to the land and by the word "occupant" if the person giving notice is not the holder of legal title but is a lawful occupant of the land.

(d) A person has received notice under Subsection (7) if the organizers of the special event have posted a sign that is located in a prominent place near all of the entrances to the special event and any individual attending the special event can be reasonably expected to see the sign.

(e) A sign under Subdivision (a), (b), and (d) must:

1. Be a sign that notifies an individual not to enter or remain in a part of the building or the grounds of a building or the special event while carrying a weapon or that particular type of weapon; and
2. Be at least five (5) inches by seven (7) inches.

(Sec. 23.59 Cr. by ORD-11-00147, 10-27-11)

(Am. by ORD-15-00045, 4-29-15)

24.03 DISORDERLY HOUSES. No person shall keep, or aid or assist in keeping, or be an inmate of any disorderly house.

24.04 PROHIBITION OF NOISES DISTURBING THE PUBLIC PEACE.

(1) It shall be unlawful for any person to make or assist in making any noise tending to unreasonably disturb the peace and quiet of persons in the vicinity thereof unless the making and continuing of the same cannot be prevented and is necessary for the protection or preservation of property or of the health, safety, life or limb of some person.

(2) It shall be unlawful for any person, firm, corporation, or other entity occupying or having charge of any building or premises, or any part thereof, to cause, suffer or allow any loud, excessive or unusual noise in the operation or use of any radio, stereo or other mechanical or electrical device, instrument or machine, which loud, excessive or unusual noise tends to unreasonably disturb the comfort, quiet or repose of persons therein or in the vicinity. (Am. by Ord. 7506, 9-3-81; Ord. 12,474, 9-27-99)

(3) Sound Amplification.

(a) City Wide. It shall be unlawful for any person, firm, corporation or other entity to use or operate, or cause to be used or operated in or upon any City public street, or from any aircraft, any device, apparatus or instrument for the amplification of the human voice or any sound or noise, or other sound-making or sound reproducing device except between the hours of 12:00 noon and 1:30 p.m. and 5:00 p.m. and 7:00 p.m. in all areas of the City except for those areas listed in Sec. 24.04(3)(b) below, and, with the exception of sound of any nature produced incidental to:

1. government functions; or
2. religious services; or
3. the operation of any authorized emergency vehicle; or
4. the use of sound producing equipment authorized by ordinance or statute; or
5. an event authorized by a street use permit, as controlled by Sec. 10.056, MGO; or
6. an event authorized by a parade permit, as controlled by Sec. 12.87, MGO.

(Am. by Ord. 12,474, 9-27-99)

(b) State Street Mall, Other Downtown Amplification Areas.

1. It shall be unlawful for any person, firm, corporation or other entity to amplify any sound with the use of sound amplifying equipment on the State Street Mall or other designated downtown amplification areas at any time without first having obtained an amplification permit described in this section. For purposes of this section, the "State Street Mall" shall be defined as the 100-800 blocks of State Street, including the plaza area on North Carroll Street where the 100 block of State Street meets West Mifflin Street, and Elizabeth Link Peace Park. (Am. by Ord. 9883, 10-26-89; Ord. 12,474, 9-27-99)

2. State Street Mall Amplification Areas. Use of sound amplifying equipment to amplify sound within the State Street Mall (as defined herein) shall be limited to the following performance areas and the following days and times:

a. "The Podium." The raised platform and pulpit on the 700 block of State Street, from 12:30 p.m. to 1:30 p.m. and 5:00 p.m. to 7:00

p.m. daily, except during the four (4) days prior to and throughout each of the University of Wisconsin final exam periods, electronic sound amplification is prohibited in the 700 block of State Street;

b. One of the following two areas: "the Pillars": the circle area directly within the boundaries of the sculpture pillars in the plaza area on North Carroll Street between State Street and West Mifflin Street, or "30 on the Square": the area directly in front of the Pillars, from 12:00 p.m. to 1:00 p.m. and 5:00 p.m. to 7:00 p.m. Sundays through Fridays and from 9:30 a.m. to 11:00 a.m., 11:30 a.m. to 1:00 p.m. and 5:00 p.m. to 7:00 p.m. on Saturdays.

c. Elizabeth Link Peace Park. The performance area within the city park located at 452 State Street, from 12:00 to 1:00 p.m. and 5:00 to 7:00 p.m. daily.

3. Other Downtown Amplification Areas.

a. Rotary Plaza. The raised stage area on the Pinckney Street side of the Rotary Centennial Plaza, located at the northeast corner of Pinckney and North Hamilton Streets, from 12:00 p.m. to 1:00 p.m. and 5:00 p.m. to 7:00 p.m. Sundays through Fridays, and from 9:30 a.m. to 11:00 a.m., 11:30 a.m. to 1:00 p.m., and 5:00 p.m. to 7:00 p.m. on Saturdays.

4. Applications for an amplification permit for the Street Mall or downtown amplification areas shall be made at the office of the Parks Division in the Department of Public Works or on the city website, if available. (Am. by Ord. 13,176, 11-5-02)

a. Permit Fee. The fee for an amplification permit and reservation for a State Street Mall or other Downtown amplification area shall be established by the Park Commission.

b. Electrical Use Fee. Applicants shall also pay an additional fee for the use of electricity pursuant to an amplification permit, shall be charged by the hour, and the hourly fee shall be established by the Park Commission.

c. Application and Permit Process. Amplification permits for the designated areas may be applied for at any time prior to the requested reservation time, and are approved on a first-come, first-served basis during regular business hours at the Parks Division office or as may be available on the city website, subject to the following: No permit shall be granted more than three (3) weeks ahead of the date requested. A person, firm, corporation or other entity shall not be eligible for more than one (1) advance (i.e. not same-day) permit reservation within any one (1) week period. However, an applicant who already holds an advanced reservation permit is eligible for additional permit(s) during that one-week period, on a same-day basis only, if the space is available. No person, firm, corporation or other entity may obtain a permit for more than one (1) available time period at any designated amplification area within a 24-hour period.

d. A sponsor of a special event which encompasses one or more of the State Street Mall or other downtown amplification areas may apply for a Street Use Permit, pursuant to Sec. 10.056, MGO, to obtain an extension of the time limits for sound amplification set forth in this section, under Sec. 10.056, MGO.

5. Permittees under this section shall comply with sound pressure levels as set forth in Sec. 24.08, MGO.

6. A valid amplification permit under this provision is a reservation for the use of the designated area and entitles the permit holder to use devices, equipment or instruments to amplify sound during the times for which the permit is granted.

(Am. by Ord. 12,474, 9-27-99; Ord. 13,276, 3-21-03)

(c) It shall be unlawful for any person to use or operate, or cause to be used or operated in or upon any area within the Henry Vilas Zoo property, any device, apparatus or instrument for the amplification of the human voice or any sound or noise or other sound-making or sound reproducing device except as specifically authorized by the Henry Vilas Zoo Director. (Cr. by ORD-11-00168, 12-6-11)

(d) Violation of this section in connection with any license or permit shall be cause for the revocation thereof. (Renum. by ORD-11-00168, 12-6-11)

(e) Appeal. Any person, firm, corporation or other entity, whose application for an electrical/amplification permit has been denied may appeal that decision according to the procedures set forth in Sec. 9.49, MGO, Review of Administrative Determinations. (Cr. by Ord. 12,474, 9-27-99; Renum. by ORD-11-00168, 12-6-11)

(Sec. 24.04(3) Am. by Ord. 7803, 8-13-82; ORD-11-00058, 4-7-11)

(4) Animal or Bird Noise. It shall be unlawful for any person, firm, corporation, or other entity operating, having charge of, or occupying any building or premises to keep or allow to be kept any animal or bird which shall habitually by any noise disturb the peace and quiet of any person in the vicinity thereof.

(5) Vehicles Containing Animals. It shall be unlawful for any person, firm, corporation, or other entity to park or leave standing for more than fifteen (15) minutes within the limits of the City of Madison a vehicle containing livestock, live fowl or other living animals excepting exhibits authorized by permit issued by the Chief of Police or the City Clerk.

(6) Selling of Newspapers in Residential Districts. It shall be unlawful for any person, firm, corporation, or other entity to make or permit to be made any outcry or other loud or disturbing noise in the streets in any residential district, for the purpose of selling or attempting to sell newspapers or magazines between the hours of 10:00 p.m. and 8:00 a.m. weekdays and 10:00 a.m. Sundays or holidays. For purposes of this section, "residential district" shall be deemed to include every district in which fifty percent (50%) or more of the property fronting on the street is used for residence purposes.

(7) Operation of Refuse Collection Vehicles and Refuse Collection Vehicles' Compacting Equipment.

(a) No person shall:

1. Collect refuse or permit the collection of refuse with a refuse collection truck between the hours of 10:00 p.m. and 6:00 a.m. within two hundred (200) feet of any lot with a residential use.

2. Operate or permit the operating of the compacting equipment mechanism of any motor vehicle which compacts refuse between the hours of 10:00 p.m. and 6:00 a.m. within two hundred (200) feet of any lot with a residential use.

(Am. by ORD-12-00151, 12-10-12)

(b) The following exceptions shall apply:

1. The Pedestrian/Bicycle/Motor Vehicle Commission may designate certain locations as exempt from this provision, if it determines that such exemption is necessary because of public safety.

2. The Director of Public Works and Transportation may determine that an emergency exists, because of fire, flood, civil disturbance, or the like. During such a period of emergency, this subsection shall not apply. No such period of emergency may continue for more than fifteen (15) consecutive days, unless the Common Council approves the longer period.

3. Subsec. 24.04(7)(a) shall not apply during and for a period of forty-eight (48) hours after the conclusion of a "special event." A "special event" is one for which a Street Use Permit has been issued under Sec. 10.056.

(c) This ordinance shall be effective February 1, 2001.

(Sec. 24.04(7) Cr. by Ord. 11,228, 4-13-95; Am. by Ord. 12,474, 9-27-99; Ord. 12,740, 12-29-00)

(8) Selling of Goods or Services. It shall be unlawful for any person, firm, corporation or other entity to make or cause to be made for the purpose of advertising or announcing a vocation or presence, or in connection with the buying or selling of any goods, wares, merchandise, services, or anything whatsoever, or with the carrying on of any trade, occupation, vocation or profit making activity, an immediate or excessive use of the voice, or of any bell, gong, horn, instrument, article or sound-making device.

(Cr. by Ord. 12,474, 9-27-99)

(9) Private Noise Amplification Permit.

(a) Application Form. An application for a private noise amplification permit on properties of residential use shall be made in-person using the form provided by the Zoning Section staff. The application shall set forth the following information:

1. The name, address and telephone number of the applicant or applicants. The applicant shall be the event sponsor. If the application is being filed by someone else on behalf of the event sponsor, that person shall also provide their name, title, address, and phone number.
2. In addition to the information required in subparagraph 1. above, if the applicant is not an individual, the full name and business or headquarters address of the organizational entity shall be provided. If the applicant is a corporation, limited liability company, or limited partnership, the name and address of the registered agent shall also be provided. If the entity is a general partnership, the name, and address of at least one (1) general partner shall be provided.
3. The name, address and telephone number of the person or persons who will be responsible for conducting and/or managing the event, if different from the individual(s) named in subparagraph 1. or 2. above. This person shall also provide a mobile phone, pager number, or other means for immediate contact during the event, and shall have the private noise amplification permit available for inspection at all times during the event.
4. The exact date, beginning and ending times and a brief description of the event.
5. The street address where the event will occur.
6. Any additional information that the Zoning Section staff finds reasonably necessary to a fair determination as to whether a permit should be issued.

(b) Application Process and Permit Requirements.

1. Application. A private noise amplification permit application, the application fee, the signature petition, a sample notification, and any additional materials shall be submitted to the Zoning Section staff. Only complete applications containing all of the information required under sub. (a) and this subparagraph shall be considered.
2. Application Fee. A nonrefundable application fee of thirty dollars ($30) shall be submitted when an address list for the signature petition and notification is generated by Zoning Section staff.
3. Petition Required. The application shall be accompanied by a petition accurately describing the event to take place and designating the location, date and time of the event. The petition shall be signed or approved by email by an adult resident of not less than seventy-five percent (75%) of all residential dwelling units and by a manager or owner of all non-residential

occupancies within four hundred (400) feet, as identified in the address list generated by Zoning Section staff, of the address of the event. The petition form shall be included with the permit application and completed petitions shall be verified by Zoning Section staff. At the time of initial application Zoning Section staff shall mail notification to the landlord of the property at which the event will occur, announcing that an application has been made.

4. Notification Requirements. At least 48 hrs prior to the event the applicant shall deliver personally or by email written notices announcing the event location, date, and time, to each residential and commercial unit within four hundred (400) feet, as identified in the address list generated by Zoning Section staff. If the applicant is not the owner of the property at which the event will occur written notice must also be delivered to the applicant's landlord. The notices required by this subparagraph shall be in addition to the petition required under subparagraph. 3., and a sample of such notice shall be included with the permit application.
5. Deadline for Applications. An application for a private noise amplification permit shall be submitted not less than 10 days prior to the date of the proposed event.
6. Sound Level. The level of any noise produced pursuant to this permit shall not be plainly audible under normal conditions from a distance of more than 400 feet.
7. Time Period. A private noise amplification permit shall be valid for a single date, and for a time period of no more than three consecutive hours.
8. Permissible Hours. A private noise amplification permit shall only be approved for hours between 9 a.m. and 9 p.m. Sunday through Thursday, and between 9 a.m. and 10 p.m. Friday and Saturday.

(c) Standards for Issuance. The following standards established within this subdivision, in addition to any other mandatory requirements within Sec. 24.04(9) or elsewhere in these Ordinances, and as amended from time to time, shall govern the issuance of private noise amplification permits. A private noise amplification permit shall be issued to an applicant unless:

1. A private noise amplification permit has been granted for the same date for two residences within 400 feet of the listed address.
2. The applicant has provided fraudulent information as part of the application.
3. A private noise amplification permit was issued for the listed address within the previous one hundred eighty (180) days.
4. Within the past 2 years, the applicant was granted a private noise amplification permit which was terminated pursuant to subdivision (f).

(d) Appeal Procedure. Any applicant may appeal the denial of a private noise amplification permit to the Board of Building Code, Fire Code, Conveyance Code, and Licensing Appeals according to the procedures set forth in Sec. 29.18, MGO.

(e) Severability. Each provision or requirement of any portion of this subsection shall be considered separable, and the invalidity of any portion of this subsection by a court of competent jurisdiction shall not affect the validity or enforceability of any other portion.

(f) Termination of a Private Noise Amplification Permit. A private noise amplification permit for an event in progress may be terminated by the Chief of Police or designee if termination is a reasonable and necessary response in the face of imminent danger or threat to public safety, if the safety of the public is imminently

endangered by activities generated during the event, or if there is a violation of any condition of the permit such that the standards of issuance are no longer met. This specifically includes a violation of the maximum permissible sound level.

(g) Penalties.

1. A violation of the maximum permissible sound level shall be considered a violation of Sec. 24.04(2).
2. An applicant who submits a petition containing fraudulent information shall be subject to a forfeiture of not less than two hundred and fifty dollars ($250) nor more than five hundred dollars ($500).
3. An applicant who fails to follow the notification procedure under (b)4. shall be subject to a forfeiture of not less than two hundred and fifty dollars ($250) nor more than five hundred dollars ($500).

(Sec. 24.04(9) Cr. by ORD-10-00093, 9-27-10)

24.05 BATTERY.

(1) Definitions.

"Bodily harm" means physical pain or injury, or illness or any impairment of physical condition.

"With intent" means that the actor either has a purpose to do the thing or cause the result specified, or is aware that his or her conduct is practically certain to cause that result.

(2) It shall be unlawful to cause bodily harm to another by an act done with intent to cause bodily harm to that person or another without the consent of the person so harmed.

(3) Any person convicted of a violation of this section shall be subject to a penalty of not less than five hundred dollars ($500) nor more than two thousand dollars ($2000).

(Sec. 24.05 Cr. by ORD-11-00109, 8-10-11)

24.06 RESERVED FOR FUTURE USE. (R. by Ord. 4655, 8-2-74)

24.07 OBSTRUCTION OF BUILDINGS. It shall be unlawful for any person to block or obstruct in any manner the entrance, stairway, hallway, or exit to any public or private building or dwelling place, or portion thereof. (Am. by Ord. 10,921, 5-27-94)

24.08 NOISE CONTROL REGULATION.

(1) Statement of Purpose. The City of Madison recognizes that excessive noise is a serious threat to the public health and welfare, public safety, quality of life and property values. Current science and technology permit abatement of noise sources which was not available in the past. Therefore, it is the policy of the City to prevent and abate excessive noise which may jeopardize the public health, safety or welfare or which would cause harm to property values or which would impair the quality of life within the city.

(2) Definitions. All terminology used in this ordinance, not defined below or elsewhere within the Madison General Ordinances, shall be given the definitions provided by applicable publications of the American National Standards Institute (ANSI) or its successor body.

(a) A-Weighted Sound Level: the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated as db(A) or dBA.

(b) Ambient Noise: the all-encompassing noise associated with a given environment being usually a composite of sounds from near and far.

(c) Authorized Emergency Vehicle: the City hereby adopts and incorporates the definition of this term as set forth in Sec. 340.01(3), Wis. Stats. and any subsequent modification, revision, or amendment of that term as set forth in that section of the Wisconsin Statutes.

(d) Construction: any and all non-emergency related activity necessary or incidental to the erection, demolition, assembling, altering, installing, repairing or equipping of buildings, roadways, or utilities, including land clearing, grading, excavating and filling.

(e) Emergency Work: work necessary to restore property to a safe condition following a public calamity, work required to restore public utilities, or work required to protect persons or property from imminent exposure to danger.

(f) Impulse Noise: sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulse sound include explosions, drop forge impacts and the discharge of firearms.

(g) Muffler: properly-functioning sound dissipative device or system for abating sound of escaping gases on equipment where such device is part of the normal configuration of powered equipment.

(h) Noise: any sound which annoys or disturbs humans or which causes or tends to cause an adverse psychological or physiological or physiological effect on humans.

(i) Nuisance Noise: those noises which constitute a violation of Sec. 24.04 of the Madison General Ordinances.

(j) Receiving Zone: the zoning classification district in which the real property receiving the noise is located. The zoning classifications shall be those as set forth in Chapter 28 of the Madison General Ordinances.

(k) Sound Level Meter: an instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output meter, and weighing networks used to measure sound pressure levels. The instrument shall comply with the standards for Type 1 or Type 2 sound level meters as specified in the American National Standards Institute ANSI S1.4-1983 (Revised 2001) with Amendments S1.4A-1995 or its successor.

(l) Source Zone: the zoning district in which is located the real property from which noise originates. The zoning classification shall be that as set forth in Chapter 28 of the Madison General Ordinances.

(m) Stationary Noise: noise which the source thereof is either affixed to or operated upon a fixed point of land, building or other real property.

(n) Traffic Noise: the sound emanating from the operation of motorized vehicles upon public streets and highways. The sound which emanates from the operation of motorized vehicles upon private property shall be considered as stationary noise for the purposes of this section.

(3) Exemptions. The provisions of this ordinance shall not apply to the following:

(a) The emission of sound for the purpose of alerting persons to the existence of an emergency, or the emission of sound in the performance of emergency work, or the emission of sound brought about by emergency conditions where such sound is a byproduct of activities necessary for the preservation of public safety or the protection of the health, safety and welfare of any person or property.

(b) Warning devices necessary for the protection of public safety, the emission of any noise necessary for the protection of the health, safety, or welfare of person or property or to any noise which is either necessary or required by law.

(c) The operation of authorized emergency vehicles.

(d) Outdoor gatherings, public dances, shows, and sporting and entertainment events for which a permit or license is required and obtained pursuant to Madison General Ordinances, such as park event amplification permit under Sec. 8.29 or a street use permit under Section 10.056. (Am. by ORD-16-00025, 3-7-16)

(e) Public works projects as authorized by the United States government, the State of Wisconsin and/or other political subdivisions.

(f) Limited Exemptions for Construction Noise.

1. Monday through Saturday. No person shall operate or permit the operation of any equipment used in construction work between the hours of 7:00 p.m. and 7:00 a.m., from Monday through Saturday, in such a manner as to unreasonably interfere with the peace, comfort and quality of life of neighboring persons of ordinary sensibilities, except as otherwise provided in this subsection (f).

2. Sunday. On Sunday, no person shall operate or permit the operation of any equipment used in construction work before 10:00 a.m. and after 7 p.m. in such a manner as to unreasonably interfere with the peace, comfort and quality of life of neighboring persons of ordinary sensibilities, except as otherwise provided in this subsection (f). (Am. by ORD-13-00073, 5-14-13)

3. Permitted Hours of Operation of Construction Equipment. The provisions of Subsection (6) shall not apply to construction machinery when engaged in bona fide, temporary construction work between the hours of 7:00 a.m. and 7:00 p.m. from Monday through Saturday or between the hours of 10:00 a.m. and 7 p.m. on Sunday.

4. Operation of Construction Equipment Outside of Permitted Hours. The provisions of Subsection (6) shall not apply to construction machinery when engaged in bona fide, temporary construction work between the hours of 7:00 p.m. and 7:00 a.m. from Sunday evening through Saturday morning, or between the hours of 7 p.m. Saturday and 10:00 a.m. on Sunday, if the Common Council, following a hearing before the Board of Public Works, approves temporary construction work during this period. A notice of such public hearing shall be sent at least ten (10) days prior to the date of the hearing to all owners of record, as listed in the Office of the City Assessor, and to all post office addresses of property, in whole or in part, situated within three hundred (300) feet of the boundaries of the properties of the properties on which the construction is to take place.

5. Emergencies. The hour limitations in this subsection (f), shall not apply to emergencies where immediate action is required.

(Sec. 24.08(3)(f) Rep. & Rec. by ORD-12-00156, 12-19-12)

(g) Any fireworks display licensed under and operated in compliance with Sec. 34.105(16)(b) and (c), Madison General Ordinances, provided that such displays comply with any and all licensing and permit requirements of the Madison General Ordinances. (Am. by ORD-14-00012, 1-14-14; ORD-15-00116, 10-28-15)

(h) Any bells or chimes of any building clock, public or private school building, church, synagogue, or other place of religious worship.

(4) Education and Enforcement.

(a) Education. Public Health Madison and Dane County is responsible for implementing an educational program to raise resident awareness of this ordinance, the steps involved in enforcing this ordinance and methods for abating or reducing noise. Education may consist of developing an educational brochure and/or posting such materials on the internet. (Am. by ORD-15-00009, 1-28-15; ORD-17-00030, 3-8-17)

(b) Enforcement.

1. Responsibility for Enforcement. The Building Inspection Division of the Department of Planning and Community and Economic Development (hereinafter the "Building Inspection Division") is the primary agency responsible for the enforcement of this ordinance Sec. 24.08 of the Madison General Ordinances unless otherwise noted herein.

2. Duties of the Director of the Building Inspection Division. The Director of the Building Inspection Division (hereinafter the "Director") is responsible for:
   a. Investigating all complaints regarding alleged violations of this ordinance.
   b. Issuing orders under his/her authority pursuant to Sec. 27.09, Madison General Ordinances, requiring violators to comply with this ordinance and for issuing citations for violations of this ordinance. The Director may delegate these responsibilities to the inspectors appointed under the authority of sub. 24.08(4)(b)(2) c. below.
   c. Ensuring that a sufficient number of his/her staff are trained and knowledgeable in the current techniques and principles of sound measurement equipment and instrumentation.
   d. Maintaining permanent and current records of all matters arising out of the enforcement of this ordinance.
   e. At least every 5 years, report to the Common Council on the impact of 24.08 and make recommendations which will improve this ordinance or its enforcement.

(Am. by ORD-08-00109, 10-7-08)

(5) Determining Sound Levels. Sound levels shall be measured using the following procedures:
   (a) All persons conducting sound measurements to assess compliance with this ordinance must be trained in the current techniques and principles of sound measurement equipment and instrumentation.
   (b) Instruments used to measure sound levels must, as a minimum standard, conform to the specifications of the American National Standard Institute ANSI S1.4-1983 (Revised 2001) with Amendments S1.4A-1995 for Type 1 or Type 2 sound level meters. Sound level meters shall be capable of both fast and slow meter response.
   (c) The following steps must be followed when preparing to take sound level measurements:
      1. The instrument manufacturer's specific instructions for preparation and use of the instrument shall be followed.
      2. The sound level meter shall be calibrated periodically, in accordance with the manufacturer's instructions.
      3. When outdoor measurements are taken, a windscreen shall be placed over the microphone of the sound level meter in accordance with the manufacturer's instructions.
      4. The sound level meter shall be placed at an angle to the sound source, as specified by the manufacturer's instructions, and placed at least four (4) feet above the ground. The meter shall be placed so as not to be interfered with during the taking of sound measurements.
      5. Measurements shall be taken at any point within a receiving zone which point is outside of the property line of the source of the stationary noise.
      6. Impulsive noise shall be measured with the sound level meter set for fast meter response, all other noise shall be measured with the sound level meter set for slow meter response.
      7. Under this section, noises capable of being accurately measured are those noises which cause no more than (+ or -) two decibels fluctuation of the sound level meter or, in the case of impulsive noise, the mean average of four peak readings measured over the period of an hour.

(6) Maximum Permissible Sound Levels.
   (a) General Limitations: Effective upon the enactment of this ordinance, in the following zoning districts (as set forth in Chapter 28, Madison General Ordinances)

the sound emitted from any source of stationary noise shall not exceed the following limits at any point within a receiving zone which point is outside of the property line of the source of the stationary noise:

Receiving Zone Classified	Source Level Zoned	Maximum dBA
Residential, Conservancy, Planned Mobile Home Park Districts	All zoning districts	65 dBA
Limited Mixed-Use (LMX), Neighborhood Mixed-Use (NMX), Traditional Shopping Street (TSS), Suburban Employment Center (SEC), Employment Campus (EC), Suburban Employment (SE), Parks and Recreation (PR), Urban Office Residential (UOR), Urban Mixed-Use (UMX), Campus Institutional (CI), Planned Development (PD)	Residential, Conservancy, Planned Mobile Home Park Districts	65 dBA
	Limited Mixed-Use (LMX), Neighborhood Mixed-Use (NMX), Traditional Shopping Street (TSS), Suburban Employment Center (SEC), Employment Campus (EC), Suburban Employment (SE), Parks and Recreation (PR), Urban Office Residential (UOR), Urban Mixed-Use (UMX), Campus Institutional (CI), Planned Development (PD) Districts	70 dBA
Industrial - Limited (IL), Industrial-General (IG), Airport (AP), Commercial Center (CC), Commercial Corridor - Transitional (CC-T), Traditional Employment (TE), Agriculture (A), Urban Agricultural (UA), Downtown Core (DC)	Residential, Conservancy, Planned Mobile Home Park Districts	65 dBA
	Limited Mixed-Use (LMX), Neighborhood Mixed-Use (NMX), Traditional Shopping Street (TSS), Suburban Employment Center (SEC), Employment Campus (EC), Suburban Employment (SE), Parks and Recreation (PR), Urban Office Residential (UOR), Urban Mixed-Use (UMX), Campus Institutional (CI), Planned Development (PD) Districts	70 dBA
	Industrial - Limited (IL), Industrial-General (IG), Airport (AP), Commercial Center (CC), Commercial Corridor - Transitional (CC-T), Traditional Employment (TE), Agriculture (A), Urban Agricultural (UA), Downtown Core (DC) Districts	75 dBA

(Am. by ORD-13-00087, 5-29-13)

(b) Additional Restrictions on Impulse Noise. A reduction of 5 dBA will apply to each of the limitations set forth under sub. (6)(a) and above for all impulse noises.

(c) All new equipment and new vehicles powered by internal combustion engines sold in the City of Madison after January 1, 1972 shall comply with sound level standards for engine powered equipment and vehicles as specified in Sound Levels for Engine Powered Equipment, SAE Standard J952b, revised January 1969, of the Society of Automotive Engineers, and as listed in Table 1 below.

Table 1. Maximum Sound Level.

Type of Equipment	dBA at 50 feet
Construction and industrial machinery encompassing only mobile equipment, powered by internal combustion engines, such as crawler tractors, dozers, loaders, power shovels and cranes, motor graders, paving machines, off highway trucks, ditchers, trenchers, compactors, scrapers and wagons.	88 dBA

Type of Equipment	dBA at 50 feet
Engine powered equipment of 5 hp. or less intended for use in residential areas at frequent intervals. Typical pieces of such equipment are lawn mowers, small garden tools, riding tractors and snow removal equipment. This specifically excludes commercial equipment not intended for frequent use in residential areas.	70 dBA
Engine powered equipment exceeding 5 hp. but not greater than 20 hp. intended for use in residential areas at frequent intervals. Typical pieces of such equipment are lawn mowers, small garden tools, riding tractors and snow removal equipment. This specifically excludes commercial equipment not intended for use in residential areas.	78 dBA
Engine powered commercial equipment of 20 hp. or less intended for infrequent use in residential areas.	88 dBA
Farm and light industrial tractors.	88 dBA

(d) All new highway motor trucks, truck tractors and buses sold in the City of Madison after January 1, 1975 shall comply with sound level standards for such vehicles as specified in Exterior Sound Levels for Heavy Trucks and Buses, SAE Standard J366, approved July 1969, of the Society of Automotive Engineers.

(e) All new passenger cars and light trucks sold in the City of Madison after January 1, 1975 shall comply with sound level standards for such vehicles as specified in Sound Level for Passenger Cars and Light Trucks, SAE Standard J986a, revised July 1968, of the Society of Automotive Engineers.

(f) It is the policy of the City of Madison to purchase only equipment which complies with SAE Standard J952b.

(g) The Police Department shall have the responsibility of enforcing Sections 24.08(6)(c) through (f).

(7) Variance for Ambient Noise. When the ambient noise at the site of a stationary or fixed noise producing device equals or exceeds the decibel limits provided in this section, the owner or operator of a stationary or fixed noise producing device may seek a variance from the noise limitations herein. Application for a variance from the noise limitation in a zoning district shall be made to the Board of Building Code, Fire Code, Conveyance Code and Licensing Appeals. The Board shall act upon and hear all applications for a variance under this subsection. The Board may grant the appeal where the Board finds that the ambient noise equals or exceeds the decibel limits for the receiving property and that the combination of the ambient noise and the noise from the stationary or fixed noise device does not exceed the limit for the receiving affected property by not more than 10 db. (Am. by ORD-09-00019, 3-14-09)

(8) Nonconforming Use. Any nonconforming stationary or fixed noise producing device which existed lawfully at the time of the adoption of this ordinance and which remains nonconforming, and any stationary or fixed noise producing device which shall become nonconforming upon the adoption of this ordinance, or of any subsequent amendments thereto, may be continued to be used, as provided in this subsection.

(a) Any nonconforming stationary or fixed noise producing device shall not be modified, altered, added to, or enlarged in any manner unless such modifications, alterations, additions, or enlargements thereto are made to conform with all of the noise control regulations applicable to the device.

(b) Any nonconforming stationary or fixed noise producing device which is discontinued for a period of one year shall not be used unless the use is made to conform with all of the noise regulations applicable to the device.

(c) Any nonconforming stationary or fixed noise producing device shall not be repaired or restored to the extent that the cost of repair or restoration exceeds fifty percent (50%) of the full market value of the device. In the event that damage or

destruction requires repairs or restoration which is less that fifty percent (50%) of such market value, repairs or restoration may be made if work is commenced within one year from the date of the partial destruction and is diligently prosecuted to completion.

(9) Effect of Zoning Change of Affected Property. When the zoning classification of a receiving property is changed in a manner which would result in an existing noise source being in noncompliance with this ordinance, the noise source shall be considered a nonconforming use and shall be subject to the provisions of subsec. (8) of this section.

(10) Penalties. Any person violating any provision of subsection (6) of this ordinance shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than one hundred dollars ($100) for each offense and for each day or portion thereof for a continuing or recurring offense. Any person who has been previously convicted of a violation of this ordinance in the twelve months preceding the instant offense shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than three hundred dollars ($300). Any person who has been previously convicted of two or more violations of this ordinance in the twelve months preceding the instant offense shall be subject to a forfeiture of not less than three hundred dollars ($300) nor more than five hundred dollars ($500).

(11) Severability. If any provision, clause, sentence, paragraph, or phrase of this ordinance or the application thereof to any person or circumstances is held, for any reason by a court of competent jurisdiction, to be invalid or unconstitutional, such decision shall not affect the validity of other provisions or applications of the provisions of this ordinance which can be given effect without the invalid provision or application, and to this end, the provisions of this ordinance are declared to be severable.

(Sec. 24.08 R. & Recr. by Ord. 13,529, 2-24-04)

24.09 LIGHT MOTOR VEHICLE NOISE CONTROL.

(1) Declaration of Findings and Policy. Excessive noise from light motor vehicles is a serious hazard to the public health and welfare, safety, and the quality of life. A substantial body of science and technology exists by which excessive noise from light motor vehicles may be substantially abated. The people have a right to and should be ensured an environment free from excessive noise that may jeopardize their health or welfare or safety or degrade the quality of life. Therefore, it is the policy of the City of Madison to prevent excessive noise which may jeopardize the health and welfare or safety of its residents or degrade the quality of life. (Am. by ORD-17-00030, 3-8-17)

(2) Scope. This ordinance shall apply to the control of all noise caused by light motor vehicles and originating within the limits of the City of Madison.

(3) Definitions.

(a) Terminology. All terminology used in this ordinance, not defined below, shall be in conformance with applicable publications of the American National Standards Institute (ANSI) or its successor body.

(b) A-Weighted Sound Level. This means the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dB (A) or dBA.

(c) Noise Level. This shall refer to the A-weighted sound level produced by a light motor vehicle.

(d) Person. This means any individual, association, partnership, or corporation, and includes any officer, employee, department, agency or instrumentality of a State or any political subdivision of a State.

(e) Sound Level Meter. This means an instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output meter, and weighing networks used to measure sound pressure levels. The instrument shall comply with the standards for Type 1 or Type 2 sound level meters as specified in American National Standards Institute Standards ANSI S1.4-1971 or it successor.

(f) Sound Pressure Level. This means (20) times the logarithm to the base 10 of the ratio of the RMS sound pressure to the reference pressure of 20 micropascals. The sound pressure level is expressed in decibels.

(g) Noise. This means any sound which annoys or disturbs humans or which causes or tends to cause an adverse psychological or physiological effect on humans.

(h) Light Motor Vehicle. For the purposes of this ordinance a light motor vehicle shall mean any automobile, van, motorcycle, motor driven cycle, motor scooter or light truck with gross vehicular weight of less than eight thousand (8,000) pounds.

(i) Modified Exhaust System. It is an exhaust system in which:

1. The original noise abatement devices have been physically altered causing them to be less effective in reducing noise, or,
2. The original noise abatement devices have been either removed or replaced by noise abatement devices which are not as effective in reducing noise as the original devices, or
3. Devices have been added to the original noise abatement devices, such that noise levels are increased.

(4) 80 dBA Noise Limit. It shall be unlawful for any person to cause noise levels from the operation of a light motor vehicle in excess of 80 dBA at any location within the corporate limits of the City of Madison. Measurement can be made at any distance greater than or equal to fifteen (15) feet from the closest approach to the vehicle.

(5) Excessive Noise. Notwithstanding the noise limit expressed under subsection (4), it shall be unlawful for any person to operate a light motor vehicle such as to cause excessive noise levels as a result of a defective or modified exhaust system, or as a result of unnecessary rapid acceleration, deceleration, revving or tire squeal. (Am. by Ord. 11,896, 7-14-97; Ord. 12,786, 4-9-01)

(6) Sound Producing or Amplification Devices.

(a) Notwithstanding the noise limit expressed in Sec. 24.09(4) of these ordinances and except as provided in Wis. Stat. § 347.38(1), no person may operate or park, stop or leave standing a motor vehicle while using a radio or other electric sound amplification device emitting sound from the vehicle that is audible under normal conditions from a distance of seventy-five (75) or more feet, unless the electric sound amplification device is being used to request assistance or warn against an unsafe condition. This subsection does not apply to any of the following:

1. The operator of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm.
2. The operator of a vehicle of a public utility, as defined in Wis. Stat. § 11.40(1)(a).
3. The operator of a vehicle that is being used in a community event or celebration, procession or assemblage.
4. The activation of a theft alarm signal device.
5. The operator of a vehicle that is being used for advertising purposes.
6. The operator of a motorcycle being operated outside of a business or residence district.

(b) Any owner, operator, or agent having control over the subject equipment violating any provision of this section shall, for the first violation, be subject to a forfeiture of not less than forty dollars ($40) nor more than eighty dollars ($80); for the second or subsequent violation within a year, be subject to a forfeiture of not less than one hundred dollars ($100) nor more than two hundred dollars ($200). (Am. by Ord. 13,760, Adopted 12-14-04)

(Cr. by Ord. 12,786, 4-9-01; Am. by ORD-13-00074, 5-14-13)

(7) Signaling Devices. It shall be unlawful for any person to operate any horn or other audible signaling device on any motor vehicle except in an emergency or when required by law.

(8) Severability. If any provision of this ordinance is held to be unconstitutional or otherwise invalidated by any court of competent jurisdiction, the remaining provisions of the ordinance shall not be invalidated.

(Renum. by Ord. 12,786, 4-9-01)

NOTE: The Police Advisory Committee recommended that the Council review this ordinance in May of 1984, which motion was adopted by the Common Council.
(Sec. 24.09 Cr. by Ord. 7669, 3-22-82)

24.10 - 24.11 RESERVED FOR FUTURE USE.

24.12 PANHANDLING PROHIBITED. (Title Am. by ORD-12-00113, 9-26-12)

(1) Purpose. The purpose of this ordinance is to ensure unimpeded pedestrian traffic flow, to maintain and protect the physical safety and well-being of pedestrians and to otherwise foster a safe and harassment-free climate in public places in the City of Madison. The ordinance also provides protections in the Central Business District. This area is a special and unique area of the City of Madison, constituting the connection between the University of Wisconsin and the State Capitol, and having numerous businesses, restaurants and entertainment venues. The State Street Mall is a Transit Mall, with limited or no access to motor vehicles by the public. The City of Madison has a significant public and governmental interest in encouraging the public presence of residents and visitors in the Central Business District, and their unimpeded use of public areas and private businesses in the area by insuring that residents and visitors are able to walk unobstructed in this area without being stopped and asked for a handout. Thousands of individuals walk in this area on a daily basis and the City has a significant interest in providing a safe, pleasant environment and encouraging visitors to frequent this area. The City has received regular complaints from businesses and residents of the Central Business District on the deleterious effect of panhandling in the area. The city finds that a ban on panhandling in this downtown area will serve these important interests. The City has determined that a significant number of individuals that request handouts, turn around and use the donated money to purchase alcohol. By eliminating the ability to procure a handout in close proximity to liquor establishments the City in turn hopes to reduce the cycle of abuse.

(2) Definitions. As used in this section:

"Central Business District" for purposes of this ordinance is defined to include the 100 through 800 blocks of State Street Mall, North Park Street from University Avenue to Lake Mendota, East Campus Mall, Fitch Court, North Lake Street from University Avenue to Lake Mendota, North Frances Street from University Avenue to Langdon Street, Langdon Street from North Park Street to North Frances Street, University Avenue from North Park Street to North Frances Street, West Gilman Street from University Avenue to North Henry Street, West Gorham Street from University Avenue to North Carroll Street, West Johnson Street from North Broom Street to North Carroll Street, Dayton Street from State Street to North Webster Street, Mifflin Street from North Henry Street to North Webster Street, West Washington Avenue from Henry Street to Carroll Street, East Washington Avenue from Pinckney Street to Webster Street, Main Street from South Henry Street to South Webster Street, Doty Street from South Fairchild Street to South Webster Street, Wilson Street from South Carroll Street to 120 East Wilson Street, North Broom Street from West Dayton Street to State Street, Henry Street from West Main Street to West Gorham Street, Fairchild Street from West Doty Street to State Street, Carroll Street from West Wilson Street to West Johnson Street, Pinckney Street from East Wilson to East Dayton Street, Webster Street from East Doty Street to East Dayton Street, Wisconsin Avenue from Mifflin Street to Dayton Street, North Hamilton Street from East Mifflin Street to North Webster Street, King Street from East Main Street

(Am. by ORD-05-00116, 6-28-05)

"Intersection" has the meaning designated in Wis. Stat. § 340.01(25).

"Known panhandler" means a person who within one year previous to the date of arrest for violation of this section has been convicted in a court of competent jurisdiction of any civil or criminal offense involving panhandling.

"Licensed alcohol establishment" means any retailer that is licensed to sell alcohol beverages under Chapter 38.

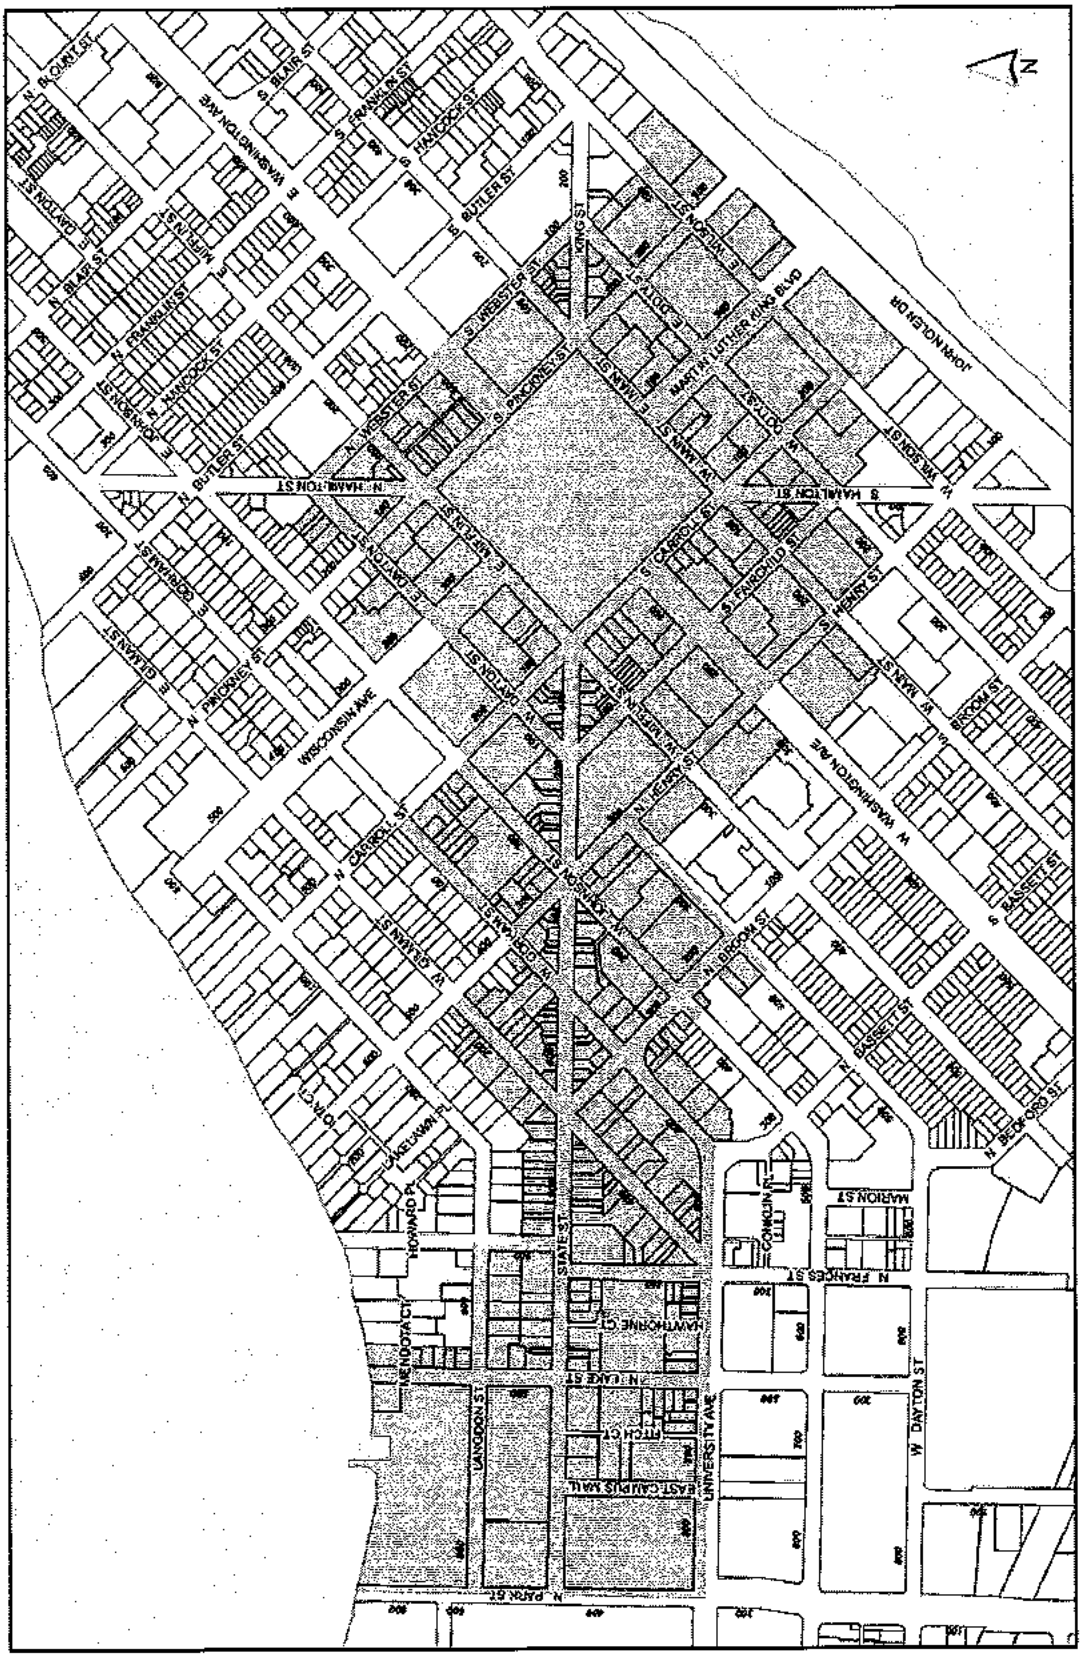
"Procure a handout" means to request from another person an immediate donation of money, goods or other gratuity, and includes but is not limited to seeking donations.

"Place open to the public" includes all places open to the public and includes but is not limited to streets, sidewalks, plazas, parks, driveways, parking lots, and all buildings open to the general public.

(3) In any place open to the public, no person either individually or as part of a group shall procure or attempt to procure a handout from another in a manner or under circumstances manifesting an express or implied threat or coercion. Among the circumstances which may be considered in determining whether such purpose or behavior is manifested are the following: that such person is a known panhandler; that such person repeatedly and in a threatening fashion, beckons to, stops, or attempts to stop passer(s)-by; that such person engages passer(s)-by in threatening conversation; or that such person utilizes threatening bodily gestures. A conversation or gesture or both shall be construed as threatening if a reasonably prudent individual would perceive such conduct as intending to result in the procurement or money, goods or other gratuity by threat or coercion. The violator's conduct must be such as to demonstrate a specific intent to induce, solicit, or procure from another goods or money by threat or coercion. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such person an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was true and disclosed a lawful purpose.

(4) In any place open to the public, no person either individually or as part of a group shall procure or attempt to procure a handout from another in an aggressive or intimidating manner. Among the circumstances which may be considered in determining whether such purpose or behavior is manifested are the following: that such person is a known panhandler; that such person continues to beckon to, accost or follow or ask passer(s)-by for a handout after the passer(s)-by has failed to respond or has told the person "no"; that such person engages in a course of conduct or commits any act which harasses or intimidates the passer(s)-by; or that such person utilizes or attempts to utilize bodily gestures or physical contact to impede the path of any passer(s)-by, including but not limited to unwanted touching or blocking the path or impeding the free movement of the passer(s)-by. Behavior shall be construed as aggressive or intimidating if a reasonably prudent individual could be deterred from passing through or remaining in or near any thoroughfare or place open to be the public because of fear, concern or apprehension of said behavior. The violator's conduct must be such as to demonstrate a specific intent to induce, solicit, or procure from another goods or money by aggressive or intimidating behavior. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such person an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was true and disclosed a lawful purpose.

(5) It shall be unlawful for any person to procure or attempt to procure a handout within twenty-five (25) feet of any of the following locations:



(a) an alcohol licensed establishment;

(b) Central Business District;
(c) an intersection;
(d) an open sidewalk café; or
(e) an automatic teller machine (ATM).
(Am. by ORD-05-00116, 6-28-05)

(6) Penalty. Any person violating this section shall be subject to a forfeiture of not less than ten dollars ($10) nor more than five hundred dollars ($500), notwithstanding any provision of this chapter setting a different penalty. (Am. by ORD-10-00063, 6-23-10)

(7) Severability. The provisions of this section are severable. If any provision of this section is held to be invalid or unconstitutional or if the application of any provision of this section to any person or circumstance is held to be invalid or unconstitutional, such holding shall not affect the other provisions or applications of this section which can be given effect without the invalid or unconstitutional provisions or applications. It is hereby declared to be the intent of the Common Council that this section would have been adopted had any invalid or unconstitutional provision or applications not been included herein.

(Sec. 24.12 Am. by Ord. 10,769, 11-1-93; ORD-12-00113, 9-26-12)

24.13 COMPLIANCE INSPECTION FEES.

(1) Any person who shall fail or neglect to comply with any lawful order of the Director of the Building Inspection Division issued pursuant to the provisions of this chapter may be assessed seventy-five dollars ($75) per compliance inspection, as defined in Sec. 27.03(2), MGO, that does not result in compliance with the order. (Am. by ORD-11-00057, 4-7-11)

(2) The Department of Planning and Community and Economic Development shall keep an accurate account of all unpaid inspection fees incurred for compliance inspection services rendered and report the same to the Finance Director, who shall annually prepare a statement of these special charges at each lot or parcel of land and report the same to the City Clerk, and the amount therein charged to each lot or parcel of land shall be by said Clerk entered in the tax roll as a special charge against said lot or parcel of land, and the same shall be collected in all respects like other special charges upon real estate as provided in Wis. Stat. § 66.0627. (Am. by ORD-11-00037, 3-8-11)

(Sec. 24.13 Cr. by ORD-10-00058, 6-11-10)

24.14 - 24.19 RESERVED FOR FUTURE USE.

24.20 PENALTY FOR VIOLATIONS OF THIS CHAPTER. Any person who shall violate any provision of this chapter for which no penalty is specifically provided shall be subject to a forfeiture of not less than twenty-five dollars ($25) nor more than five hundred dollars ($500) for each offense. (Am. by Ord. 13,670, Adopted 12-14-04)

[EDITOR'S NOTE: Wis. Stat. § 66.0409 limits the power of Wisconsin municipalities to enforce certain restrictions on firearms sale, ownership and use. Because of this state statute, several sections of this chapter -Sec. 25.01(2) and (12), Sec. 25.02, and Sec. 25.025, MGO, to the extent it regulates semiautomatic weapons - likely are unenforceable by the City of Madison. In addition, the enforceability of Sec. 25.01(7), MGO, is limited by and must be read in light of changes made to Wisconsin's concealed carry and disorderly conduct laws by 2011 Wis. Act 35.]

25.01 POSSESSION AND SALE OF FIREARMS.

(1) Definitions: For the purpose of this section:

Encased. The term "encased" means enclosed in a case that is expressly made to contain a firearm and that is completely zipped, snapped, buckled, tied or otherwise fastened with no part of the firearm exposed. (Cr. by Ord. 11,095, 12-22-94)

Firearm. The term "firearm" means a shotgun or a rifle or any weapon made from a rifle or shotgun (modification or otherwise) or any other weapon, including a pistol or revolver, from which a shot is discharged by an explosive or propellant, but not including a stud gun when used for its intended purpose.

Handgun. The term "handgun" means any weapon designed or redesigned, made or remade, and intended to be fired while held in one hand, having a barrel of less than ten (10) inches in length, designed or redesigned, made or remade, to use the energy of an explosive to expel a projectile or projectiles through a smooth or rifled bore, including weapons commonly referred to as pistols or revolvers, but not including a stud gun.

Licensed Firearms Dealer or Licensed Dealer. The term "licensed firearms dealer" or "licensed dealer" means any person engaged in the business of selling firearms at wholesale or retail, including a pawnbroker or a secondhand article dealer, and who is licensed as a dealer by the United States Department of the Treasury. (Cr. by Ord. 11,422, 11-15-95)

Museum means an organized and permanent non-profit institution, essentially educational or aesthetic in purpose, with professional staff, which owns and utilizes tangible objects, cares for them and exhibits them to the public on some regular schedule. (Cr. by Ord. 11,095, 12-22-94)

Rifle. The term "rifle" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of a propellant to fire only a single projectile through a rifle bore for each single pull of the trigger.

Shotgun. The term "shotgun" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of a propellant to fire through a smooth bore either a number of ball shot or a single projectile for each single pull of the trigger.

Unloaded. The term "unloaded" means any of the following:

1. Having no shell or cartridge in the chamber of a firearm or in the magazine attached to a firearm.
2. In the case of a caplock muzzle-loading firearm, having the cap removed.
3. In the case of a flintlock muzzle-loading firearm, having the flashpan cleaned of powder.

(Cr. by Ord. 11,095, 12-22-94)

(2) (R. by ORD-13-00005, 1-15-13)

(3) The Chief of Police shall provide suitable forms upon which such reports may be made which shall be furnished upon request to persons, firms, associations or corporations who may sell, give, trade, or otherwise transfer a firearm in the City of Madison.

(4) No person under eighteen (18) years of age shall go armed with a pistol or revolver and no person shall intentionally sell, loan or give a pistol or revolver to any person under eighteen (18) years of age. This subsection does not apply to a person, under eighteen (18) years of age who is armed with a pistol or revolver when such pistol or revolver is used in target practice under supervision of an adult nor does it apply to an adult who transfers a pistol or revolver to a person under eighteen (18) years of age for use only in target practice under her/his direct supervision. (Am. by ORD-14-00012, 1-14-14)

(5) No person under the age of eighteen (18) shall go armed with or possess a firearm of any type, or a pneumatic pellet gun or a spring-loaded pellet gun and no person under the age of eighteen (18) years shall have in her/his possession any ammunition for any firearm and no person shall intentionally sell, loan or give any firearm or pneumatic pellet gun or spring-loaded pellet gun or ammunition therefor to any person under the age of eighteen (18) years. This subsection shall not apply to anyone under eighteen (18) years of age who is armed with a firearm, pneumatic pellet gun or spring-loaded pellet gun under the supervision of an adult when such firearm, pneumatic pellet gun or spring-loaded pellet gun is being used in target practice or hunting, nor does it apply to an adult who transfers

a firearm, pneumatic pellet gun or spring-loaded pellet gun to a person under eighteen (18) years of age for use only in target practice or any hunting under her/his direct supervision. (Am. by Ord. 9777, 5-12-89; ORD-14-00012, 1-14-14)

(6) Notwithstanding any other provision of this section to the contrary, this section shall not apply to any person, firm, association or corporation acting under the control and at the direction of the state of Wisconsin or the United States Government.

(7) It shall be unlawful for any person to possess, carry or go armed with any firearm on or about their person within the City of Madison, unless the firearm is both unloaded and enclosed or encased within a carrying case. This provision does not apply to the following:

(a) Any peace officer or law enforcement officer.

(b) Any member of the armed forces or National Guard while going armed in the line of duty;

(c) A correctional officer while going armed in the line of duty;

(d) A private detective or private security person while going armed in accordance with rules promulgated by the state Department of Regulation and Licensing.

(e) Members of bona fide veterans organizations which receive firearms directly from the armed forces of the United States, while using such firearms for ceremonial purposes without ammunition or with blank ammunition.

(f) Guards or messengers of common carriers, express companies, armored car carriers, mail carriers, banks and other financial institutions while actually employed in the shipment, transportation or delivery of any money, bullion, bonds or any other thing of value within the city. Such individuals while in the performance of their duties shall be completely attired in the uniform of their employer.

(g) Individuals engaged in live theatrical performances wherein firearms without ammunition or with blank ammunition are used as props;

(h) Individuals engaged in historical reenactments of battles, etc., while using firearms without ammunition or with blank ammunition.

(i) The owner or employee authorized by the owner of a business while on the business premises.

(j) Individuals in possession of firearms within their own home.

(k) Individuals in possession of firearms on property where hunting is permitted, provided such individual is otherwise authorized to possess or use a firearm.

(l) Individuals engaged in the display or sale of firearms in conjunction with a gun show or exhibition while on the premises of the gun show or exhibition.

(m) Individuals in possession of a valid federal firearms dealer license issued by the United States Department of Treasury and their customers, while engaged in business transactions with unloaded weapons on the business premises.

(n) Individuals in possession of firearms on a premises for purposes of conducting or participating in hunter safety training courses on that premises.

(o) Civilian students and instructors who are receiving or conducting law enforcement training certified by the Law Enforcement Standards Board as defined in Sec. 165.85 of the Wisconsin Statutes while actually engaged in such training.

(p) Individuals in the employ of or under the sponsorship of non-profit museums while transporting, studying, exhibiting or presenting a program involving such firearms for legitimate educational purposes.

(q) Instructors and pupils in any properly licensed firing range.

In any prosecution brought to enforce the provisions of this section, the prosecution need not negate any exemptions contained herein, and the defendant shall have the burden of proving that any exemption exists or applies.
(New Sec. 25.01(7) Cr. by Ord. 11,095, 12-22-94)

(8) Trigger Locks. Effective September 1, 1995, all firearms of any type whatsoever, whether encased or not, shall be properly secured with a trigger lock or gun locking device

appropriate for the firearm, when not in actual use as authorized by law. The term trigger lock or gun locking device means any device, openable with a key or combination, which when properly secured to a firearm prohibits its operation. (New Sec. 25.01(8) Cr. by Ord. 11,095, 12-22-94)

(9) Separability. It is hereby declared to be the intention of the Common Council of the City of Madison that the several provisions of this ordinance are separable and if any court of competent jurisdiction shall adjudge any provision of this ordinance to be invalid, such judgment shall not affect any other provision of this ordinance not specifically included in said judgment. (Renumbered from (8) by Ord. 11,095, 12-22-94)

(10) This ordinance shall be in effect from and after February 1, 1969. (Renumbered from (9) by Ord. 11,095, 12-22-94)

(11) (R. by ORD-07-00193, 12-20-07)

(12) (R. by ORD-13-00005, 1-15-13)

(13) Any person who violates any provision of this section shall be subject to a forfeiture of not less than two hundred fifty dollars ($250) nor more than five hundred dollars ($500). (Renumbered from (12) by Ord. 11,422, 11-15-95)

[EDITOR'S NOTE: This ordinance Section 25.01 took effect January 1, 1975.]

25.02 RESERVED FOR FUTURE USE. (R. by ORD-13-00005, 1-15-13)

25.025 RESERVED FOR FUTURE USE. (R. by ORD-13-00005, 1-15-13)

25.03 STORAGE OF GUNPOWDER, PROPELLANTS AND EXPLOSIVES.

(1) Scope. This ordinance applies to the storage and handling of explosives but does not apply to the interstate transportation of explosives. This ordinance shall not apply to the military, naval forces, federal agencies, state militia, police or fire department provided they are acting within their official capacity and in the proper performance of their normal emergency duties.

(2) Definitions.

Barricade. The term "barricade" when used in these rules shall be held to mean natural features of the ground, such as hills, timber of sufficient density that the surrounding exposures cannot be seen when the trees are bare of leaves, or an "efficient artificial barricade" consisting of an artificial mound or properly revetted wall of earth of a minimum thickness of three (3) feet at the top.

Blaster. The term "blaster" shall mean any person or persons holding a license issued by the Industrial Commission.

Blasting. The term "blasting" shall denote a method of loosening, moving or shattering masses of solid matter by use of explosive compounds.

Blasting Agents. The term "blasting agent" shall denote any material or mixture consisting of a fuel and oxidizer intended for blasting, not otherwise classified as an explosive and in which none of the ingredients is classified as an explosive (provided that the material or mixture cannot be detonated by a No. 8 test blasting cap under the conditions specified for the cap sensitivity test).

Blasting Cap. The term "blasting cap" means a small metal tube or shell closed at one end, loaded with a detonating charge whose minimum strength shall be equivalent to one (1) gram of eighty percent (80%) mercury fulminate and twenty percent (20%) potassium chlorate mixture, used in detonating high explosives. One end of this tube shall be opened for the insertion of safety fuse.

Blasting Mat. The term "blasting mat" shall mean a heavy mat of woven rope, steel wire, or chain, or a mat improvised from timber, poles, brush or other materials, placed over loaded holes, tending to minimize the amount of rock and other debris that might be thrown into the air.

Cap Sensitivity Test. The "cap sensitivity test" is a simple method of measuring the initiation sensitivity of a blasting agent. A one (1) quart, cylindrical, cardboard carton of the type commonly used for bulk ice cream, is filled with the blasting agent to be tested and packed to the approximate shipping package density. A commercial No. 8 blasting cap is inserted into the center of the blasting agent through a hole in the top of the carton. The charge is then placed on soft ground in an isolated area with adequate protection for personnel and the blasting cap fired. If a crater is formed in the soft ground of sufficient size to indicate that any part of the blasting agent detonated, the material is cap-sensitive and must be treated as a high explosive.

Community. The term "community" shall mean all areas now within or later annexed to the City of Madison.

Convey. The term "convey" shall mean to bear or carry explosives from one place to another on the premises of the user of explosives.

Delay Electric Blasting Cap. The term "delay electric blasting cap" means an electric blasting cap with a timing element interposed between the ignition head and the detonating compound.

Detonator. The term "detonator" means any kind of blasting cap used for detonating a high explosive.

Electric Blasting Cap. The term "electric blasting cap" means a blasting cap with an ignition held inserted into and sealed in the open end with two (2) projecting wires for electric firing.

Explosive. For the purpose of these rules, an "explosive" is defined as any chemical compound, mixture, or device, the primary or common purpose of which is to function by explosion, i.e., with substantially instantaneous release of both gas and heat, unless such compound, mixture or device is otherwise classified by the Industrial Commission of Wisconsin.

Highway. The term "highway" when used in these rules shall be held to mean and include any public street, public alley or public road.

Inhabited Building. The term "building" when used in the American Table of Distances shall mean and include only a building occupied in whole or in part as a habitation for human beings, or any church, schoolhouse, railroad station, airport terminal, mercantile building, garage, factory, or other building where people are accustomed to assemble except operating buildings. (See Wis. Admin. Code § SPS 307.20(17).) (Am. by ORD-12-00035, 3-28-12; 00149, 12-5-12)

Magazine. The term "magazine" means any building or other structure of approved construction used for the storage of explosives.

Nitro-Carbo-Nitrate. A blasting agent that has been classified as a nitro-carbo-nitrate under Interstate Commerce Commission regulations and which is packaged and shipped in compliance with these regulations.

Person. The term "person" when used in these rules shall be held to mean and include a firm or body corporate as natural persons.

Primer. The term "primer" when used in these rules shall mean a capped fuse, electric detonator, or any other detonating device inserted in or attached to a cartridge of explosive.

Railroad. The term "railroad" when used in the American Table of Distances shall mean and include any steam, electric or other railroad tracks which carry passengers for hire.

(3) No dynamite of more than fifty percent (50%) strength shall be stored, kept or stored for sale in any building, showroom, wareroom or in or on any premises within the City of Madison.

(4) Anyone storing explosives or detonators within the City of Madison shall notify the Chief of the Fire Department of the place, extent and manner of such storage.

(5) Not more than a total quantity of fifty (50) pounds of dynamite for sale or use shall be kept or stored in any building or on any premises in the City of Madison. Such fifty (50) pounds or less of such dynamite shall be kept and stored in a magazine made of fire-resistive materials or of wood covered with sheet iron and mounted on wheels or skis, and kept locked except when opened necessarily for use by authorized persons. Such magazine shall be plainly marked "EXPLOSIVES", and located within a building, on the floor nearest the ground level, and within ten (10) feet from an outside entrance and ten (10) feet from any other magazine.

(6) Not more than a total quantity of fifty (50) pounds of gunpowder and black powder may be kept or stored in any building or on any premises in the City of Madison. Such powder shall be kept in closed metal canisters placed in a separate magazine constructed and located as described in Subsection (5).

(7) Modern smokeless powder, generally classified as propellant powder or sometimes as flammable solids, and including double base powders, for ammunition loading shall be subject to the following regulations:

(a) A maximum of three hundred (300) pounds may be stored in original containers in a locked cabinet painted red and labeled "SMOKELESS POWDER STORAGE" in letters at least four (4) inches high.

(b) The regular capacity of the magazine shall be painted on the outside.

(c) The location of the magazine shall be known to the local fire department.

(d) Ammunition primers shall not be stored in the same locked cabinet.

(e) No smoking shall be permitted and fire extinguisher requirements for commercial areas shall be complied with when shells are loaded in public areas. All spillage shall be swept up and destroyed.

(f) Public demonstrations of loading equipment and display containers shall use a substitute nonflammable material in place of the propellant powder.

(g) Quantities in excess of three hundred (300) pounds shall be kept in a magazine separate from inhabited buildings and highways in accordance with the following table:

Quantity	
Up to 1,000 pounds	50 feet
5,000 pounds	75 feet
10,000 pounds	100 feet

Over 10,000 pounds shall be stored in explosives magazine in accordance with the American Table of Distances for Storage of Explosives.

(h) The magazine shall be fire and theft resistant, free of grit and rubbish. No smoking or open flames permitted.

(8) Not more than seven thousand (7,000) detonators may be kept or stored in any building or premises in the City of Madison and in no case shall explosives and detonators be kept in the same magazine.

(9) Detonators shall be kept or stored in a similar, but separate magazine at least ten (10) feet away from any other magazine.

(10) Blasting operations within the City of Madison may store up to a maximum of twenty-four (24) hours explosives requirements, but where such twenty-four (24) hours requirements exceed fifty (50) pounds, written permission shall be obtained in advance from the Industrial Commission and the explosives shall be stored in a magazine described as follows:

Storage, Daily Supply. Where explosives in excess of immediate requirements are removed from a magazine and delivered in the vicinity of a blasting operation, they shall be kept in a stout tight box constructed of nominal two (2) inch plank, covered with not less than twenty-six (26) gauge sheet metal or other fire-resistive

material, and equipped with hinged lid, or in a small portable building similarly covered. Not more than twenty-four (24) hours' supply of explosives shall at any time be kept or stored therein. If this daily supply exceeds fifty (50) pounds, it shall be located not less than two hundred (200) feet from the work in progress and from buildings, railroads and highways, except by written permission of the Industrial Commission. Except when necessarily opened for use by authorized persons, such box shall be locked. Each such box shall be painted red and be conspicuously marked "EXPLOSIVES".

(11) Location of Magazines. All magazines in which explosives are kept or stored shall be located at a distance from buildings, railroads and highways in conformity with the following American Table of Distances, unless otherwise authorized by the Fire Chief. The American Table of Distances governing the keeping and storage of explosives is as follows:

(12) Any person who violates any provision of this section shall be subject to a forfeiture of not less than two hundred fifty dollars ($250) nor more than one thousand dollars ($1,000). (Am. by ORD-07-00127, 10-5-07)

(13) Separability. It is hereby declared to be the intention of the Common Council of the City of Madison that the several provisions of this ordinance are separable and if any court of competent jurisdiction shall adjudge any provision of this ordinance to be invalid, such judgment shall not affect any other provision of this ordinance not specifically included in said judgment.

25.035 BARBED BULLETS PROHIBITED.

(1) It shall be unlawful for a person to own or to have in her/his possession any barbed bullet in the City of Madison except as hereinafter provided. All barbed bullets possessed in violation of this section and all firearms possessed or used in connection therewith are unlawful property and shall be seized by any peace officer. Upon conviction of the person for a violation of this section, all such property shall be disposed of pursuant to Sec. 968.20(3)(b) of the Wisconsin Statutes.

(2) Barbed Bullet means any bullet that is designed to expand upon impact resulting in the bullet having evenly-spaced, pointed sharp hook or barb-shaped or other similar projections that extend beyond the original diameter of the unfired bullet.

Firearm has the meaning given in Section 25.01(1) of the Madison General Ordinances.

Museum means an organized and permanent non-profit institution, essentially educational or aesthetic in purpose, with professional staff, which owns and utilizes tangible objects, cares for them and exhibits them to the public on some regular schedule.

(3) This section does not apply to the following:

(a) Any peace officer or law enforcement officer if required to possess prohibited bullets as a condition of employment.

(b) Any member of the Armed Forces or National Guard while on official duty.

(c) Any corrections personnel in the Department of Corrections while on official duty.

(d) Any authorized personnel of the State Crime Laboratory while on official duty.

(e) Any manufacturer or seller of barbed bullets who manufactures such bullets for or sells such bullets to persons specified in Subdivisions (a) through (d) above.

(f) Any common carrier transporting barbed bullets through the City of Madison or delivering them to a person specified in Subdivisions (a) through (e) above pursuant to 18 USC Sec. 926A.

(g) Barbed bullets in the collections of non-profit museums which collect such artifacts for legitimate educational and research purposes.

(4) Penalty. Any person violating this section shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than one thousand dollars ($1000) upon conviction and, in addition, shall forfeit the barbed bullets giving rise to the violation and the firearm used in connection therewith at the time the offense was committed.

(5) Effective Date. This act takes effect thirty (30) days after publication.

(6) Subsection (1) shall not be applicable in territory newly annexed to the City of Madison until thirty (30) days following the date of annexation or, in the case of an appeal, reinstatement of the annexation by the court. (Cr. by Ord. 11,201, 3-16-95)

(Sec. 25.035 Cr. by Ord. 11,092, 12-22-94)

25.04 RESERVED FOR FUTURE USE. ("Fireworks Regulated" R. by Ord. 11,021, 10-31-94)

25.05 SPARKLERS PROHIBITED IN PUBLIC PARKS.

(1) No person shall light, ignite, discharge or set in operation any firework of the type known as a star-producing sparkler in any area owned by the City of Madison, the jurisdiction of which is in the Park Department of the City of Madison, at any time or times when people are assembled to participate in a public picnic, rally, attend a public concert or to witness an exhibition, play, pageant, athletic event or pyrotechnic display.

(2) Any person who violates this section shall be subject to a forfeiture of not less than five dollars ($5) nor more than twenty-five dollars ($25).

25.06 DISCHARGE OF FIREARMS.

(1) No person shall fire or discharge a firearm of any description, or any pneumatic or spring-loaded pellet gun, without written permission of the Mayor or Chief of Police, such permission shall limit the time of such firing and shall be subject to revocation by the Mayor, the Chief of Police or Common Council. The above prohibition as to the discharge of firearms shall not apply:

(a) during the regular hunting season to the hunting of ducks, pheasants, rabbits or other game with scatter gun loads on private lands zoned "Agricultural" under City of Madison zoning ordinances provided that such hunting is carried on by the owners of the property or their guests and, provided that, except for duck hunting, such lands are not less than twenty (20) acres in size. Such guests shall be required to carry a card with the owner's signature thereon except when accompanied by the owner of the land.

(b) in conservation parks which shall be governed by Sec. 8.40, M.G.O. (Am. by Ord. 12,372, 5-6-99)

(2) No person shall hunt in or discharge a firearm of any description in or into or over the area known as Dunn's Marsh, the legal description of which is on file in the office of the City Engineer and which is adopted and incorporated by reference herein, any provision of these ordinances notwithstanding. The boundaries of the area shall be posted with signs at least eleven (11) inches square and spaced not more than five hundred (500) feet apart; such signs shall carry an appropriate notice including the words "City of Madison, Owner" and shall recite the section number of this ordinance. Any person violating the provisions of this section shall forfeit not more than five hundred dollars ($500). (Am. by Ord. 13,760, Adopted 12-14-04)

25.07 CARRYING OF GLASS BOTTLES IN PUBLIC SPECTATOR FACILITIES.

(1) Intent and Purpose. It is recognized that thrown bottles and broken glass in public spectator facilities subject spectators and participants to unnecessary physical hazards to their health and safety. This ordinance is adopted for the purpose of protecting the public health, safety, comfort and general welfare of the people of the City and others who attend or participate in public spectator events.

(2) It shall be unlawful for any person to carry or possess any container composed of glass, porcelain or derivatives thereof, designed for or actually containing liquids, commonly known as a bottle, within the confines of any of the following public spectator facilities, including possession within one hundred (100) feet of any seating area or playing surface of any facility which is not enclosed by a retaining fence or other structure: Breese Stevens Field, Demetral Field diamond # 1, Franklin Field diamonds #2 and #3, Hartmeyer Ice Arena, James Madison Memorial Stadium and Baseball Field, all auditorium, gymnasium and swimming facilities at Madison East, Edgewood, LaFollette, Memorial and West High Schools, Medalist Ice Arena, Olbrich Park diamonds #2, #4, #5, #6 and #7, East Madison and West Madison YMCA swimming pools and Warner Football Stadium and Baseball Field.

(3) Exception. This ordinance shall not apply to the suppliers of the person, firm or corporation holding a concession contract with the City of Madison or Board of Education. However, all beverages sold by the concessionaire must be dispensed to the buyer in either paper or plastic containers.

(4) Penalty. Any person who shall violate any provision of this section shall, upon conviction, forfeit not more than five hundred dollars ($500), together with the costs of prosecution. The foregoing penalty is suspended whenever any person voluntarily surrenders a bottle or

bottles violative of this ordinance at the entrance before entering said public spectator facility for return at the end of the game or event. (Am. by Ord. 13,760, Adopted 12-14-04)
(Sec. 25.07 Cr. by Ord. 4932, 4-11-75)

25.08 POSSESSING FIREARMS OR BOW AND ARROW IN CONSERVANCY DISTRICTS OR PARKS AND RECREATION DISTRICTS PROHIBITED WITHOUT CONSENT. No person shall possess or carry about any cannon or firearm of any description, or any air gun, or any bow, crossbow or similar device which propels or projects an arrow or similar projectile, in a conservancy zoning district without the written consent of the owner or the owner's agent or operator of any land therein located. (Cr. by Ord. 8330, 5-11-84; Am. by ORD-12-00134, 1-2-13)

25.09 CHRONIC NUISANCE PREMISES.

(1) Findings. The Madison Common Council finds that certain premises within the City receive and require more than the general, acceptable level of police services and Building Inspection Department Services, place an undue and inappropriate burden on City of Madison taxpayers, and constitute public nuisances. Nuisance activity contributes to the general decay of an affected neighborhood and negatively impacts law-abiding residents in these neighborhoods. The vast majority of properties with chronic nuisance activity are non-owner occupied. This ordinance is enacted to encourage premises owners to recognize their responsibility to ensure that activities occurring on their premises conform to the law and do not unduly burden the City's police and Building Inspection resources and to provide a mechanism for the City to take action against premises owners who fail to ensure premises they own do not require a disproportionate level of police and Building Inspection resources to be devoted to such premises. This ordinance provides a method for Police and the Department of Building Inspection to use in a progressive manner when working with property owners to abate nuisance activities occurring on their premises. Therefore, the Common Council determines that the City will charge the owners of such premises with the costs associated with abating nuisance activity at premises where nuisance activities chronically occur. This section is not intended to discourage crime victims or a person in legitimate need of police services from requesting them. This section does not affect a Premises owner's duty to comply with the Fair Housing Laws under Sec. 39.03 of the Madison General Ordinance (Equal Opportunities Ordinance), nor does it affect a Premises owner's duty to comply with all other laws governing residential tenancies which are contained in Chapter 704 of the Wisconsin Statutes, Chapter ATCP 134 of the Wisconsin Administrative Code, and Chapter 32 of the Madison General Ordinances. (Am. by ORD-08-00109, 10-7-08)

(g) "Person in Charge" means any person, in actual or constructive possession of a Premises including but not limited to an owner or occupant of Premises under his or her ownership or control.

(h) "Chief of Police" means the City of Madison Police Department Chief of Police or designee.

(i) "Director of Building Inspection" means the City of Madison Department of Building Inspection Director or designee. (Am. by ORD-08-00109, 10-7-08)

(j) "Premises" means a place of abode, a residence, a house or multiple dwelling unit for one (1) or more persons, including lodging houses, hotels, motels and tourist rooming houses, and associated common areas, yards and parking lots. In the case of multiple dwelling units, "Premises", as used in this Section, may consist of any single unit providing complete, independent living facilities for one (1) or more persons, including provisions for living, sleeping, eating, cooking and sanitation.

(3) Procedure.

(a) Upon finding that a Premises meets the definition of a Chronic Nuisance Premises, the Chief of Police or the Director of Building Inspection may declare the Premises a Chronic Nuisance Premises. The Chief of Police or the Director of Building Inspection shall provide written notice of his or her determination to the Premises owner identified by the City of Madison Assessor's records for that Premises, and a courtesy copy to the Alder of the affected district. The Chronic Nuisance Premises Notice ("CNP Notice") shall be deemed delivered if sent either by first class mail to the Premises owner's last known address or delivered in person to the Premises owner and the courtesy copy to the Alder at the Common Council office or by electronic mail. If the Premises owner cannot be located, the notice shall be deemed to be properly delivered if a copy of it is left at the Premises owner's usual place of abode in the presence of some competent member of the family at least 14 years of age, or a competent adult currently residing there and who shall be informed of the contents of the CNP Notice. If a current address cannot be located, it shall be deemed sufficient if a copy of the CNP Notice is sent

by first class mail to the last known address of the owner as identified by the records of the City Assessor. The CNP Notice shall contain the following information:

1. Street address, parcel number or a legal description sufficient to identify the Premises.
2. A concise statement, including a description of the relevant activities supporting the determination that the Premises is a Chronic Nuisance Premises.
3. A statement that the owner shall immediately notify the Chief of Police or Director of Building Inspection of any change in address to ensure receipt of future notices.
4. A statement that the cost of future enforcement may be assessed as a special charge against the Premises.
5. A statement that the owner shall, within ten (10) days of receipt of the CNP Notice, respond to the Chief of Police or the Director of Building Inspection either with an appeal or to propose a written course of action to abate the Nuisance Activities. The Statement shall direct the Premises owner to schedule a meeting with the Chief of Police and/or Director of Building Inspection to discuss the Nuisance Activity and the Premises owner's intent regarding abatement.
6. A statement that the Premises owner shall, when appropriate, consider and implement alternatives to eviction when formulating an abatement plan.
7. A statement that the Premises owner shall at all times comply with the fair housing requirements contained in Sec. 39.03 of the Equal Opportunities Ordinance when considering any action against a tenant based upon a CNP Notice.
8. A statement that the Premises s owner may be subject to a forfeiture action with a penalty of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for permitting a Chronic Nuisance Premises and may be subject to imprisonment for failure to pay such forfeiture.
9. A statement that if the Premises is a non-owner occupied residential Premises, the Premises owner shall attend a landlord training, approved by the Office of the City Attorney, within thirty (30) days of issuance of the CNP Notice.

(Am. by ORD-08-00109, 10-7-08)

10. A statement that the Premises owner must comply with the registration requirements of Sec. 9.25, MGO, if the owner is renting, or offering for rent, the Premises and that the owner must apply for a registration certificate within fifteen (15) days of the CNP Notice. (Cr. by ORD-10-00011, 2-4-10)

(b) 1. In reaching a determination that a premises is a Chronic Nuisance Premises, activities that were reported to the police or Department of Building Inspection by the Premises owner or on-site Premises manager shall not be included as Nuisance Activities. (Am. by ORD-08-00109, 10-7-08)

2. Wis. Stat. § 968.075, broadly defines "domestic abuse". Therefore, in reaching a determination that a Premises is a Chronic Nuisance Premises, activities that are "domestic abuse" incidents pursuant to Wis. Stat. § 968.075, shall not be included as Nuisance Activities unless the incidents have been reviewed by the Chief of Police and the Office of the City Attorney and a determination is made that, based upon the specific facts of each incident, the activities should be deemed Nuisance Activities under

Subsection (2)(d). In determining whether to include such activities, the Chief of Police and Office of the City Attorney shall consider the strong public policy in favor of domestic victims reporting alleged abuses, and this ordinance shall not operate to discourage such reports and shall comply with the domestic violence provisions contained in the Equal Opportunities Ordinance under Sections 39.03(4)(d)3 and 5. (Am. by ORD-09-00147, 11-6-09)

3. a. If the owner responds to the CNP Notice pursuant to Subdivision (a) with a nuisance abatement proposal, the Chief of Police or the Director of Building Inspection may accept, reject or work with the owner to modify the proposal. The plan is acceptable if it can reasonably be expected to result in abatement of the Nuisance Activities described in the CNP Notice within sixty (60) days. (Am. by ORD-08-00109, 10-7-08)

b. Premises owners shall be counseled regarding nuisance abatement methods and strategies and shall be encouraged to submit a comprehensive nuisance abatement plan that considers alternatives to eviction in situations where eviction is not the sole remedy available to abate the nuisance activity.

c. Premises owners shall be counseled regarding use of available resources, including community service providers, when Nuisance Activity associated with the Premises is not caused or contributed to by the direct actions of a tenant.

d. If the Premises owner meets with the Chief of Police and/or the Director of Building Inspection and presents an acceptable abatement plan and initiates action to abate the Nuisance Activities occurring on the Premises, the Police Department and/or Department of Building Inspection will delay further enforcement of this ordinance, including cost recovery under Subsection (4)(a). (Am. by ORD-08-00109, 10-7-08)

e. If the Premises owner ceases to cooperate with the efforts to abate the Nuisance Activities, the Chief of Police and/or Director of Building Inspection will reinstitute enforcement of this ordinance and the Premises owner will be sent a Change In Status Letter. This letter will document the Police Department and/or Department of Building Inspection's efforts to contact and/or obtain cooperation of the owner. (Am. by ORD-08-00109, 10-7-08)

f. Failure by the Premises owner to respond within ten (10) days as directed in this subdivision shall result in a forfeiture of one thousand dollars ($1,000) plus court costs and fees.

4. Any Premises owner who has been notified by the Chief of Police or the Director of Building Inspection that their non-owner occupied Premises is a Chronic Nuisance Premise shall attend a landlord training approved by the Office of The City Attorney within thirty (30) days of said notification. The fee for any landlord training program administered by the City of Madison shall be fifty dollars ($50.00) and shall be paid by the Premises owner prior to attending the training. Failure to attend the approved landlord training shall result in a forfeiture of two hundred fifty dollars ($250) plus court costs and fees. (Am. by ORD-08-00109, 10-7-08)

(c) Whenever the Chief of Police or the Director of Building Inspection determines that any of the following have occurred:

1. A Premises owner has failed to respond to the CNP Notice in Subsection (3)(a), or

2. Enforcement action for an additional Nuisance Activity has occurred at a Premises for which Notice has been issued pursuant to Subdivision (a) and this Enforcement Action has occurred not less than fifteen (15) days after the CNP Notice has been issued, or

3. A course of action submitted pursuant to Subsection (3)(b)3. has not been completed,

Then the Chief of Police and/or the Director of Building Inspection may calculate the cost of enforcement to abate this and any subsequent Nuisance Activities and may refer such cost to the Finance Director so that the cost may be billed to the Premises owner. The Chief of Police and/or the Director of Building Inspection shall notify the Premises owner of the decision to refer the cost of enforcement to the Finance Director. Delivery of this notice, along with a copy of the Chief's or Building Inspection Director's referral letter to the Finance Director, shall be made as set forth in Subdivision (a). The notice shall contain:

a. The street address or legal description sufficient for identification of the premises.

b. A Statement that the Chief of Police and/or the Director of Building Inspection has referred the cost of enforcement to the Finance Director with a concise description of the Nuisance Activities and the relevant sections of the ordinances.

c. Notice of the premises owner's right to appeal pursuant to Subsection (5).

(Am. by ORD-08-00109, 10-7-08; ORD-11-00037, 3-8-11)

(d) Each subsequent incident of enforcement action for Nuisance Activity shall be deemed a separate violation and costs will continue to be assessed pursuant to Subsection (3)(c)3 until the nuisance is abated pursuant to Subsection (10).

(4) Penalties and Remedies.

(a) Cost Recovery. The Chief of Police and the Director of Building Inspection shall keep an accurate account of the cost of enforcement and shall report it to the Finance Director. The Finance Director shall establish a reasonable charge for the costs of enforcement of this section. Upon receipt of a notice from the Chief of Police or the Director of Building Inspection issued pursuant to Sub. (2)(b), the Finance Director shall charge any Premises owner found to be in violation of this section the costs of enforcement in full or in part. Such costs shall be billed to the Premises owner by invoice sent by regular mail and must be paid within thirty (30) days of the date on the invoice. Any unpaid invoice shall be a lien on such Premises and may be assessed and collected as a special charge pursuant to Wis. Stat. § 66.0627. A one hundred dollar ($100) administrative fee shall be added to the cost of enforcement charged to the benefited premises any time the premises is declared a chronic nuisance premises. (Am. by ORD-08-00109, 10-7-08; ORD-11-00037, 3-8-11)

(b) Suspension of Cost Recovery. If after the receipt of a billing notice from the Finance Director, the Premises owner develops an acceptable plan and initiates action to abate nuisance activities occurring on the Premises, the Chief of Police and/or Director of Building Inspection will suspend further enforcement of this ordinance. The Premises owner is still responsible for any enforcement costs incurred prior to the Premises owner's submitting an abatement plan, including the administrative fee. If the Premises owner ceases to cooperate with the efforts to abate the Nuisance Activities, the Chief of Police and Director of Building Inspection will reinstitute enforcement of this ordinance after sending the Premises owner a Change In Status letter. (Am. by ORD-08-00109, 10-7-08; ORD-11-00037, 3-8-11)

(c) Forfeiture. A forfeiture action may be commenced by the Office of the City Attorney for each Enforcement Action for Nuisance Activity occurring after the Premises has been declared a Chronic Nuisance Premises. The forfeiture shall be not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for each enforcement action. Upon default of payment, the Premises owner may be imprisoned in the county jail for a period of not more than ninety (90) days.

(5) Appeal. Appeal of the determination of the Chief of Police and/ or the Director of Building Inspection pursuant to either Subsection (3)(a), or the action of the Finance Director imposing special charges pursuant to Subsection (4)(a) against the Premises, may be submitted in writing to the Administrative Review Board in accordance with the procedures set forth in Sec. 9.49 of these ordinances. (Am. by ORD-08-00109, 10-7-08; ORD-11-00037, 3-8-11)

(6) Eviction or Retaliation Prohibited.

(a) It shall be unlawful for a landlord to terminate the lease agreement or periodic tenancy of any tenant or otherwise retaliate against any tenant because that tenant complained to the Chief of Police or Building Inspection Director about Nuisance Activities on the landlord's premises. It shall be unlawful for a landlord or any person acting as an agent for the landlord, to intimidate or actively discourage a tenant and/or persons associated with a tenant, from calling the police to report Nuisance Activity associated with a Premises. It shall be presumed that any attempt to increase charges, reduce services, or to otherwise harass or retaliate against the tenant during the 12-month period following receipt of the complaint by the Chief of Police or Building Inspection Director constitutes unlawful retaliation under this subsection. Such presumption shall be rebutted by the preponderance of evidence that the actions taken by the landlord were based upon good cause. Notwithstanding the foregoing, a tenant's lease agreement or periodic tenancy may be terminated for a failure to pay rent; committing Nuisance Activity as defined in Sub. (2)(d); for the commission of waste upon the Premises; violating the terms and conditions of the lease agreement or periodic tenancy or as otherwise provided in Wis. Stat. ch. 704, and Wis. Admin. Code ch. Ag. 134. A landlord's failure to renew a lease agreement or periodic tenancy upon expiration of such lease agreement or periodic tenancy shall not be deemed a violation of this subsection. (Am. by ORD-08-00109, 10-7-08)

(b) "Good cause" as used in this subsection means that a landlord must show good cause for his or her actions, other than one related to or caused by the operation of this section.

(c) Penalty. Any person violating Subsection (6) shall be subject to a forfeiture of not less than $100 nor more than $2000 for each violation and upon failure to pay said forfeiture, may be imprisoned in the county jail for a period of not more than ninety (90) days.

(7) Summary Abatement. The Director of Building Inspection is authorized to cause the abatement, including summary abatement, of any nuisance found on any Premises, according to the procedure prescribed in Sec. 27.05(3), MGO. (Am. by ORD-08-00109, 10-7-08)

(8) Injunction. This section may be enforced by injunction. Neither an action for injunction or for a forfeiture hereunder is subject to the notice requirements of Sec. 3.07(2), MGO.

(9) Abatement In Accordance With State Law. Nothing in this section shall be construed as prohibiting the abatement of public nuisances by the City or its officials in accordance with the laws of the State.

(10) When Nuisance Is Deemed Abated. The public nuisance created by a Chronic Nuisance Premises shall be deemed abated when no Enforcement Action to address Nuisance Activities occurs for a period of six (6) consecutive months from the date stated on the

notice declaring the Premise a Chronic Nuisance Premises and/or there are no building inspection cases generated for a period of six (6) consecutive months from the date stated on the notice declaring the Premises a Chronic Nuisance Premises. (Am. by ORD-09-00147, 11-6-09)

(11) Severability. The provisions of any part of this section are severable. If any provision or subsection hereof or the application thereof to any person or circumstances is held invalid, the other provisions, subsections and applications of such ordinance to other persons or circumstances shall not be affected thereby. It is declared to be the intent of this section that the same would have been adopted had such invalid provisions, if any, not been included herein.

(12) Report. The Chief of Police shall annually report to the Common Council on the following:

(a) How many Premises were declared Chronic Nuisance Premises.

(b) How many Premises that were declared Chronic Nuisance Premises were abated and the length of time it took for abatement to occur.

(c) How often the Cost Recovery provision was used and the dollar amount collected under this provision.

(Sec. 25.09(12) R. & R. by ORD-09-00148, 10-31-09)

(Sec. 25.09 Cr. by ORD-07-00129, 10-5-07)

25.10 NUISANCE PARTY PROHIBITED.

(1) Findings. The Madison Common Council finds that there are parties occurring on premises located throughout the city, which are unsafe and are public nuisances to our community. These parties involve large amounts of alcohol beverages that are illegally sold and/or provided to individuals in attendance, including underage individuals. These parties often result in excessive noise levels, dangerous overcrowding of the premise and excessive consumption of alcohol, as well as other law violations.

(2) Nuisance parties create a substantial risk to the health and safety of the community and disrupt the peace and tranquility of the neighborhood. This ordinance provides a method for Police to quickly and efficiently abate a nuisance party and provides penalties to those responsible for hosting the parties.

(3) Definitions. For purposes of this section:

(a) "Nuisance Party" means a social gathering at which alcohol is present and/or consumed, that, by reason of the conduct of persons in attendance, results in violations of the Madison General Ordinances ("MGO") and/or Wisconsin State Statutes ("Wis. Stat.") and is one in which such violations occur at the site of the social gathering or on neighboring public or private property. Such violations must be associated with or substantially relate back to the social gathering occurring at a specific address. The determination that a gathering is a nuisance party shall be based upon the totality of the circumstances and consideration of all the facts, the context and reasonable suspicion that the activities pose a danger to the public health, safety and welfare. In making the determination, the police may use the following law violations as evidence of a nuisance party:

1. Selling, offering for sale or giving away of any intoxicating liquors or fermented malt beverages without a license as provided in Sec. 38.05(1), MGO or Wis. Stat. § 125.04(1).
2. Procuring for or furnishing alcohol beverages to underage person as provided in Sec. 38.031, MGO or Wis. Stat. § 125.07(1)(a)1.
3. Procuring for, selling, dispensing or giving away alcohol beverages to a person who is intoxicated as provided in Sec. 38.04(1)(a)1, MGO or Wis. Stat. § 125.07(2)1.
4. Possessing or consuming alcohol beverages from an open container on a public street or alley as provided in Sec. 38.07(7), MGO.

5. Knowingly permit or fail to take action to prevent the illegal consumption of alcohol by an underage person as provided in Sec. 38.031, MGO or Wis. Stat. § 125.07(a)(a)3.
6. The production or creation of noises disturbing the peace, as prohibited by Sec. 24.04, MGO.
7. Violation of fire codes due to overcrowding as provided in Sec. 34.01, MGO.
8. Throwing of stones or other missiles or other items as provided in Sec. 25.21, MGO.
9. Obstructing stairways and entrances to buildings as provided in Sec. 24.07, MGO.
10. Obstruction of streets and sidewalks as provided in Sec. 10.23(1), MGO.
11. Disorderly conduct as provided in Sec. 24.02, MGO or Wis. Stat. § 947.01.
12. Depositing human waste as provided in Sec. 7.321, MGO.
13. Damage to property as provided in Sec. 23.06, MGO or Wis. Stat. § 943.01.
14. Unlawful depositing of trash or litter as provided in Sec. 7.32, MGO.
15. Battery as provided in Sec. 24.05, MGO or Wis. Stat. § 940.19.
16. Endangering safety by use of a dangerous weapon as provided in Wis. Stat. § 941.20.
17. Recklessly endangering safety as provided in Wis. Stat. § 941.30.

(b) "Person" means any natural person, agent, association, firm, partnership, corporation or other entity capable of owning, occupying or using property in the City of Madison.

(c) "Premise" means a place of abode, a residence, a house or multiple dwelling unit for rooming houses, and associated common areas, yards and parking lots. In the case of multiple dwelling units, "premises" as used in this section, may consist of any single unit providing complete, independent living facilities for one (1) or more persons, including provisions for living sleeping, eating, cooking and sanitation.

(4) Duty to Control Premise. Any person who is an owner, occupant, tenant, or otherwise has rightful possession or possessory control, individually or jointly with others, of any premise, who either sponsors, conducts, hosts, invites, or permits a social gathering or party on said premise which is or becomes a nuisance party, as defined in sub. (2)(a) of this ordinance, and which nuisance is either the intentional result of, or within the reasonable expectations of, the person or persons having such possessory control, is deemed to be a violation of this section.

(5) Order to Cease and Disperse. All participants at any social gathering declared by a police officer to be a nuisance party shall immediately cease participating in that nuisance activity and disperse immediately upon such order of a police officer, and all persons not residing at the premise shall leave immediately. Any person who fails or refuses to obey such an order shall be guilty of a violation of this section.

(6) Notice of Nuisance Party Declaration.

(a) Within ten (10) days of a Nuisance Party Declaration, the police department shall send the premise owner and tenants a Notice of Nuisance Party Declaration. A copy of the notice shall be sent to the alderperson of the district in which the premise is located. The notice shall set forth the date, place, names of occupants/tenants involved, nature of the violation and shall inform the premise owner and tenants of the necessity to take action to prevent future nuisance parties at the premise. The Notice shall require the premise owner and tenants to contact the Madison Police Department District Captain or his/her designee and the City Attorney or designee and schedule a meeting within ten (10) days after receipt of

the Notice. The Notice shall be given by first class mail using the premise owner's address that is on file with the City of Madison Assessor's records and shall be mailed to the tenants at the nuisance party address.

1. Prior to notice to the premise owner, all police reports relating to the incident shall be reviewed by the District Captain or his/her designee to determine whether the facts alleged support declaring a social gathering a "nuisance" given the totality of the circumstances.

2. A premise owner(s) and/or tenant(s) who contact and meet with the District Captain and City Attorney pursuant to a Notice of Nuisance Party Declaration shall not be subject to a forfeiture for "Allowing a Nuisance Party" for a first nuisance party declaration. Failure to make contact and meet with the Police Department and the City Attorney shall result in a forfeiture for each premise owner and tenant pursuant to sub. (7) of this ordinance.

3. If the premise owner meets as set forth in sub. 2., the premise owner shall present an acceptable abatement plan to abate future nuisance party activity at the premise and shall provide written detail as to what measures the premise owner plans to take regarding the abatement of future nuisance party activity. If a premise owner is actively and in good faith working with the District Captain and the City Attorney to abate nuisance party activity, the premise owner shall not be subject to further forfeiture actions under this ordinance.

(b) If a subsequent nuisance party is declared at the same premise within a six- (6) month period and the same occupant(s)/tenant(s) are responsible for the second nuisance party, the police department shall send the premise owner and tenants a second notice of nuisance party ordinance violation within ten (10) days of the party and the premise owner and tenants may be charged with violating this ordinance and may be subject to the forfeiture stated in sub. (7) of this ordinance. A copy of the nuisance party declaration notice shall be sent to the alderperson of the district in which the premise is located.

1. Prior to a premise owner or tenant being charged with a violation of sub. (b), all police reports relating to the incident shall be reviewed by the District Captain or his/her designee to determine whether the facts alleged support charging the premise owner given the totality of the circumstances. In making a charging decision against the premise owner, the District Captain and the City Attorney shall also consider the good faith efforts of the premise owner in trying to abate the nuisance party activity and if the District Captain and City Attorney are satisfied that the premise owner is diligently working toward abating such activity, no charges shall be filed against the premise owner for allowing a second nuisance party.

2. A premise owner shall be prohibited from delegating or otherwise assigning any forfeiture assessed against the premise owner under this subsection to any occupant/tenant of the premises where the violation occurred. Such delegation or assignment shall result in an additional violation of this section and subject the premise owner to further forfeiture action under sub. (6) of this ordinance.

(c) If a third or subsequent party is declared at the same premise within a six- (6) month period and the same occupant(s)/tenant(s) are responsible for the third or subsequent nuisance party, the District Captain or his/her designee shall send the premise owner a third notice of Nuisance Party Declaration within ten (10) days of the party, and the premise owner may be charged with violating this ordinance and

may be subject to the forfeiture stated in sub. (7) of this ordinance. A copy of the nuisance party declaration notice shall be sent to the alderperson of the district in which the premise is located.

1. Prior to a premise owner being charged with a violation of sub. (c), all police reports relating to the incident shall be reviewed by the District Captain or his/her designee to determine whether the facts alleged support charging the premise owner given the totality of the circumstances.
2. A premise owner shall be prohibited from delegating or otherwise assigning any forfeiture assessed against the premise owner under this subsection to any occupant/tenant of the premise where the violation occurred. Such delegation or assignment shall result in an additional violation of this section and subject the premise owner to further forfeiture action under sub. (7) of this ordinance.

(7) Penalty. Any person violating this section may be subject to a forfeiture of not less than one hundred dollars ($100) nor more than five thousand dollars ($5000) for each violation.

(8) Severability. The provisions of this section are severable. If any provision of this section is held to be invalid or unconstitutional or if the application of any provision of this section to any person or circumstance is held to be invalid or unconstitutional, such holding shall not affect the other provisions or applications of this section which can be given effect without the invalid or unconstitutional provisions or applications. It is hereby declared to be the intent of the Common Council that this section would have been adopted had any invalid or unconstitutional provision or applications not be included herein.

(9) (R. by ORD-14-00156, 10-15-14)

(10) (R. by ORD-14-00156, 10-15-14)

(Sec. 25.10 Cr. by ORD-12-00021, 3-5-12; Reenacted by ORD-14-00149, 9-12-14)

25.11 INJURING OR BEFOULING WELLS OR CISTERNS. No person shall injure, befoul, or corrupt any public or private well or cistern.

25.12 SALE OF POISON. No person shall vend, give away or deliver within this City any deadly poison unless the same be conspicuously labeled "poison".

25.13 DISTRIBUTION OF INJURIOUS POWDERS OR MEDICINE FORBIDDEN. It shall be unlawful for any person, association or corporation to throw or place on any street or other public place or distribute from house to house in the City any powders, lotions, or medicines or other substances or things injurious to human life.

25.14 CONSTRUCTION OF SCAFFOLDS USED IN ERECTION OF BUILDINGS. All scaffolds erected in this City for use in the erection of buildings shall be well and safely supported, and of sufficient width and properly secured so as to insure the safety of the persons working thereon, or passing under or by the same, against the falling thereof, or of such materials as may be used, placed or deposited thereon.

25.15 CISTERNS AND TRAP DOORS TO BE COVERED. No person, either owner or occupant of any premises within the limits of the City of Madison, shall negligently permit the opening of any cistern, trap door or other like structure to remain open or uncovered, and it shall be the duty of any such owner or occupant to provide for any such opening or trap door a safe cover of stone, metal, or other heavy, durable material to be kept over such opening at all times, so as to make the same safe and free from danger.

25.16 EXCAVATIONS. No excavations in excess of six (6) inches below the adjacent grade shall be permitted on any lot or parcel of land within the City of Madison except for the erection of a building or for other legitimate purpose; and no such excavation made for the erection of a

building or other purpose shall be permitted to remain longer than absolutely necessary for the accomplishment of such purpose. Any person violating this section shall be subject to a forfeiture of not more than five hundred dollars ($500) for each offense; and each day of neglect or failure to fill any such excavation after notice by the Director of the Building Inspection Division of the Department of Planning and Community and Economic Development or any police officer shall be deemed a separate offense. (Am. by Ord. 8081, 7-29-83; Ord. 13,760, Adopted 12-14-04; ORD-08-00109, 10-7-08)

25.17 REGULATION OF OPERATION OF AIRCRAFT.

(1) Definitions.

(a) Within the meaning of this section, "aircraft" is defined to be any contrivance now known or hereafter invented, used or designed for navigation or for flight in the air, except a parachute or other contrivance designed for such navigation and used primarily as safety equipment.

(b) Acrobatic Flying. Within the meaning of this section the words "acrobatic flying" shall mean any intentional maneuvers not necessary to air navigation.

(2) Operators of Aircraft to be Licensed. No person shall operate any aircraft within or over the limits of the City of Madison unless such person has been first duly licensed by the Department of Commerce of the United States. (Aviation Act of 1958, as amended, 49 U.S.C.A. Sections 1301-1542).

(3) Aircraft Operated Over City to be Licensed. No person shall operate any aircraft within or over the limits of the City of Madison unless such aircraft has been duly licensed by the Department of Commerce of the United States. (See 1954 Code.)

(4) Height at Which Aircraft to be Operated.

(a) Exclusive of taking off from or landing on an established landing field, airport or sea plane base, no person shall operate any aircraft within the jurisdiction of the City of Madison except at a height to permit a reasonably safe emergency landing, which in no case shall be less than one thousand (1,000) feet above the highest obstacle within a horizontal radius of two thousand (2,000) feet from said aircraft, provided that the provisions of this section may be deviated from when special circumstances render a departure necessary to avoid immediate danger or when such departure is required because of stress of weather conditions or other unavoidable cause. Helicopters may be flown at less than the minimum altitude prescribed herein if such operations are conducted without hazard to persons or property on the surface, and at an altitude which will permit, in the event of the failure of a power unit, an emergency landing without undue hazard to persons or property on the surface. In the interest of safety the Chief of Police of the City of Madison in conjunction with the Airport Superintendent, may prescribe specific routes, altitudes and landing areas for such operations, in which event helicopters shall conform thereto. No person shall taxi at a rate of speed in excess of twenty (20) miles per hour in the operation of any aircraft for commercial or private purposes within one thousand (1,000) feet of the shoreline of Lakes Mendota, Monona and Wingra. Any person intending to use the above described lakes for purposes of making temporary commercial passenger or sight-seeing flights other than flights by operators, or their agents, of regularly established sea plane bases approved by the Federal Aviation Administration, or operators of air express or passenger service licensed by the Federal Aviation Administration, must obtain permission from the Chief of Police of the City of Madison.

(b) (R. by Ord. 4316, 9-20-73)

(5) Acrobatic Flying Prohibited. No person shall operate an aircraft in acrobatic flying over any portion of the City of Madison.

(6) Dropping of Objects From Aircraft Prohibited. No person in an aircraft shall cause or permit to be thrown out, discharged or dropped within the City any object or thing, except

loose water or loose sand ballast when absolutely essential to the safety of the occupants of the aircraft, and all equipment, baggage, and articles of personal property carried in an aircraft, shall be adequately fastened in place before leaving the ground.

(7) Operation of Aircraft Subject to Regulations of Department of Commerce. No person shall operate any aircraft over or within the City of Madison in violation of any rule or regulation which has been or may be hereafter established by the Department of Commerce of the United States. (Aviation Act of 1958, as amended, 49 U.S.C.A. Sections 1301-1542.)

(8) At such time the Federal Aviation Administration provides a specific waiver of Federal Aviation Regulations which have the same intent as contained in Ordinance 25.17, the Madison Airport Commission and/or the Common Council may, if they so desire, similarly waive the pertinent paragraph or section of Ordinance 25.17.

(9) Hot Air Balloons. Nothing in this section shall be construed to prohibit the operation of hot air balloons within the jurisdiction of the City of Madison if said balloons are operated in accordance with Federal Aviation Administration regulations. (Am. by Ord. 9231, 7-15-87)

25.18 RESERVED FOR FUTURE USE.

25.19 CLIMBING UPON RAILWAY CARS, ETC. It shall be unlawful for any person not an employee of the railway company to jump or climb upon or from any locomotive, tender, or railway car while the same is in motion, or at any place except where such locomotive or car may be stopped to receive or discharge passengers.

25.20 CATCHING ON TO MOVING TRAINS. No person shall step on or cling to any moving railroad car or train for the purpose of surreptitiously riding thereon.

25.21 THROWING OF STONES, ETC. No person shall throw or cast any stone or other missile or other item at or upon any person, or at or upon any building, tree, or other public or private property, or at or upon any railroad locomotive, tender, coach or car, or any passenger motor bus. Any person violating this Section shall be subject to a forfeiture or not more than five hundred dollars ($500). (Am. by Ord. 13,716, 10-26-04)

25.22 DANGEROUS ANIMALS REGULATED.

(1) Statement of Purpose. It is hereby declared that this regulation of dangerous animals is a matter of public interest pertaining to the health, safety and welfare of residents of and visitors to the City of Madison, and that existing laws are inadequate to deal with the threat to public health and safety posed by dangerous animals. It is further declared that the owning, keeping or harboring of dangerous animals is a public nuisance.

(2) Definitions. For the purposes of this section, the following definitions shall apply:

Department shall mean the Public Health Madison and Dane County. (Am. by ORD-15-00009, 1-28-15)

Impoundment shall mean the confinement of an animal in a Department-approved, supervised facility such as a veterinarian's kennel, commercially operated kennel or the Dane County Humane Society.

Owner shall mean the owner, custodian or person having charge, care or custody of an animal.

Permit shall include the otherwise unregulated right to keep an animal currently not covered by a requirement for a City license or permit.

(3) Impoundment—Biting or Attacking Animal.

(a) The Department shall have the power to summarily and immediately impound an animal whenever the Department has reasonable grounds pursuant to Subsection (4) to believe that the animal is a dangerous animal. The animal may remain

impounded during the entire determination process. If the animal is determined to be dangerous, it shall remain impounded until the owner has complied with all restrictions outlined by the Department and found in Subsection (7) of this ordinance or until such time as the Department determines that the animal may be safely returned to the owner. Any law enforcement officer or duly authorized Department employee may enter and inspect private property to enforce the provisions of this section. The owner of the animal shall be liable to the City for the costs and expenses of impounding and keeping said animal, unless the Department fails to declare the animal dangerous or the Department determination is ultimately overturned by the Committee or a reviewing court. (Am. by Ord. 11,421, 11-16-95; ORD-05-00033, 2-24-05; ORD-06-00127, 9-21-06)

(b) An animal, impounded pursuant to this section, may be returned to the owner upon payment of all outstanding City fees and charges including costs and expenses of impounding the animal when the investigation and determination is completed. If the animal is determined to be dangerous, the animal shall remain impounded until the owner provides proof to the Department that the owner has complied with all restrictions outlined by the Department and found in Subsection (7) of this ordinance or until such time as the Department determines that the animal may be safely returned to the owner. (Am. by ORD-06-00127, 9-21-06)

(c) In lieu of impoundment, if the animal is currently immunized against rabies, or if the animal species is at low risk for transmitting this or other diseases, the Department may permit the animal to be confined at the owner's residence provided that the owner complies with conditions set forth by the Department.

(d) The owner or custodian of an animal confined under Subdivision (c) above shall immediately notify the Department or the City Police Department if said animal is loose, unconfined, has attacked or bitten or injured another animal or has attacked, bitten or injured a human being or has died. The animal shall not be sold or given away during the impoundment period.

(4) Determination. The Department shall investigate situations in which there are reasonable grounds to believe an animal is dangerous. Reasonable grounds to believe an animal is dangerous are that the animal:

(a) Has attacked, bitten or injured another animal or human being engaged in a lawful activity; or

(b) Has without provocation and off the property of its owner, chased, confronted or approached a person in a menacing fashion such as would put an average person in fear of attack; or

(c) Has been trained for fighting or attack and is being handled, kept or maintained in manner that causes or should cause an owner to know that it potentially poses a threat to public health and safety; or

(d) Has acted in any manner that causes or should cause an owner to know that the animal is a threat to public health and safety.

(5) Dangerous Animal, Declared. The Department, after considering appropriate evidence, may declare any animal to be a dangerous animal. The Department shall make a reasonable attempt to personally notify the owner of the pendency of the Department's investigation and shall notify the owner in writing of its determination. Mailing a copy of the determination to the owner's last known address and posting in accordance with approved Department policy shall satisfy this notice requirement.

(6) Dangerous Animal-Disposition.

(a) It shall be unlawful for any person to own, possess, harbor or keep any animal declared by the Department to be dangerous, except as allowed in (b) below.

(b) Any animal declared by the Department to be a dangerous animal shall be humanely destroyed, removed from the city or placed under restrictions as set forth in this section and in Department policies. The Director of Public Health

Madison and Dane County shall issue an order authorizing the destruction, removal or restriction of the animal within two (2) days after the time for appeal as provided in Subsection (8) below has passed without notice of appeal being filed. (Am. by ORD-06-00127, 9-21-06)

(c) Any animal declared by the Department to be dangerous, if not already impounded by the Department, shall be immediately surrendered to the Department upon the order of the Director of Public Health Madison and Dane County, and it is the duty of the Department to take up and impound any such animal.

(Am. by ORD-15-00009, 1-28-15)

(7) Dangerous Animal Restrictions. Any owner of an animal that has been declared dangerous pursuant to this section and placed under restrictions must comply with the following subdivisions. The owner must provide documentation to the Department of compliance with these subdivisions. Said documentation must be provided within thirty (30) days of the animal being declared dangerous.

(a) The owner of the animal must provide written proof from a licensed veterinarian that the animal has been spayed or neutered.

(b) The owner must provide written proof from a licensed veterinarian that a microchip has been placed in the animal so that the animal can be easily identified. The microchip must contain the following information:

1. The name of the animal,
2. The name of the owner, and
3. The following language "Dangerous Animal, contact Madison Animal Control at 608-266-4275".

(c) The owner must provide written proof from a licensed veterinarian that the animal is current with rabies vaccinations.

(d) The animal must be in compliance will all license requirements.

(e) The owner must post signs no smaller than eight (8) inches by eleven (11) inches, made of metal or plastic, bearing the wording "Warning Dangerous Animal" or "Beware of Dog", no smaller than three (3) inches high. These signs shall be posted at each entrance to the building in which the dangerous animal is kept and at each entrance through a fence and at such location as to be viewable from the public sidewalk to ensure adequate warning and visibility to anyone approaching said building and fence.

(f) The dangerous animal while off the property where kept, shall be muzzled and leashed at all times. The muzzle must be made in a manner that will not cause injury to the animal but that will prevent it from biting any person or animal. The leash shall be attached to a secure collar that is of sufficient strength to restrain the animal. The leash shall be no longer than four (4) feet in length and must be secured by and under the direct control and supervision of a competent adult.

(g) When outside but still on the property of the owner or caretaker, the dangerous animal must be supervised by a competent adult and physically restrained at all times to prevent the animal from leaving the property. If the Department determines that the animal may be kept in a secure kennel or pen, hereinafter referred to as "structure", and not under the direct supervision of an adult, the Department may require that the structure be constructed under some or all of the following guidelines:

1. The structure shall be constructed of strong metal fencing to prevent the animal from exiting on its own volition.
2. The structure shall be secure on all sides and have a secure top attached.
3. The structure shall have a secure bottom or floor attached to the sides of the structure or the sides of the structure shall be embedded in the ground no less than two (2) feet.

4. The structure shall be kept locked at all times with a key or combination lock.
5. The structure shall provide adequate light, ventilation and shelter from the environment for the animal.
6. The structure shall be maintained in a clean and sanitary condition.
7. The structure must be in compliance with all other building and zoning ordinances.

(h) The owner shall allow the Department to take four (4) photographs depicting the animal and owner as outlined below:

1. One (1) photograph showing a close view of the animal's entire face, so that the animal is recognizable,
2. One (1) photograph showing the animal's entire left side of its body, including its legs and tail,
3. One (1) photograph showing the animal's entire right side of its body, including its legs and tail, and
4. One (1) photograph showing the owner, so that the owner is easily identifiable.

Prior to a dangerous animal being sold or given away, the current owner must provide the name, address and telephone number of the proposed new owner to the Department. Prior to taking physical custody of the dangerous animal, the new owner must comply with all requirements of this subsection and any other restriction the Department determines to be appropriate to ensure the public's safety.

To ensure compliance with this ordinance, the owner or caretaker of a dangerous animal shall allow the Department on an annual basis and at any other reasonable time determined by the Department the opportunity to inspect the property where the dangerous animal is kept. (Cr. by ORD-06-00127, 9-21-06)

(8) Dangerous Animal License. Any animal declared dangerous under this section, shall be licensed under Madison General Ordinance Section 25.225. Application for said license must be made within thirty (30) days of said declaration. (Cr. by ORD-06-00127, 9-21-06)

(9) Subsequent Determination and Penalty.

(a) The Department may make a new determination if an owner fails to comply with the terms, conditions or restrictions imposed in (6)(b) above.

(b) The failure of any person to comply with any term, condition or restriction imposed by the Department is a violation of this ordinance.

(10) Committee Review of Determination. The owner or any bite or attack victim aggrieved by a Department determination declaring any animal to be a dangerous animal may appeal such determination to the Committee by filing a notice of appeal stating the grounds therefor with the Director of Public Health Madison and Dane County within seven (7) days of the date of mailing of the Department Determination under subsection (5) above. The Committee shall schedule a hearing on whether to affirm, conditionally affirm or reject the Department determination within thirty-two (32) days, but not sooner than five (5) days, and shall make reasonable efforts to notify the owner, bite or attack victims and their representatives, if any, departmental witnesses and other interested parties of such hearing and the opportunity to present evidence and testimony to the Committee. The Committee shall, within a reasonable period of time after the hearing, issue its decision in writing and serve a copy of the same by first class mail upon the owner and all parties requesting the same. (Am. by Ord. 11,421, 11-16-95; ORD-05-00033, 2-24-05; ORD-06-00127, 9-21-06; ORD-13-00151, 9-11-13; ORD-15-00009, 1-28-15)

(11) Appeals to Circuit Court. Any person aggrieved by a determination of the Board of Health for Madison and Dane County Subcommittee under subsection (10) above may appeal such action on a dangerous animal determination to Circuit Court by writ of certiorari within ten (10) days of notification of such final action by mailing of the decision under subsection (10). (Am. by Ord. 11,421, 11-16-95; ORD-05-00033, 2-24-05)

(12) Prosecution. It is the intent of this section that any investigation or determination under this section shall not prohibit the City from prosecuting the same owner for other animal control violations relating to the same animal or other animal.

(13) (a) Any person violating any of the provisions of this section shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500). Each and every day such violation continues shall be considered a separate offense.

(b) The failure or neglect of any person to comply with any lawful order of the Department issued pursuant to this section is a violation of this ordinance.

(14) Severability. In the event that any section of this ordinance shall be declared or adjudged by a court of competent jurisdiction to be invalid or unconstitutional, such adjudication shall in no manner affect the other sections of this ordinance, which shall be in full force and effect as if the said section(s) were not originally a part thereof.

(Sec. 25.22 R. & Re-Cr. by Ord. 9642, Adopted 12-6-88; AM. by ORD-06-00127, 9-21-06)

25.225 DANGEROUS ANIMAL LICENSE. All animals that have been declared dangerous pursuant to Madison General Ordinance Section 25.22, may not be kept within the City of Madison unless the owner has applied for a dangerous animal license within thirty (30) days of said declaration. The license fee shall be one hundred ten dollars ($110) and shall be an annual license issued from January 1st until December 31st of each year. The license shall be issued after the owner complies with Madison General Ordinance Section 25.22(7) and all other restrictions imposed by the Department.

Any violation of this section shall be subject to a forfeiture or not less than fifty dollars ($50) nor more than five hundred dollars ($500). Each and every day that such violation continues shall be considered a separate offense. Any violation of this section may result in the Health Department immediately impounding the dangerous animal and a new dangerous animal investigation shall occur. (Cr. by ORD-06-00127, 9-21-06)

26.02 RESERVED FOR FUTURE USE. (R. by Ord. 6396, 10-19-78)

26.03 RESERVED FOR FUTURE USE. (R. by Ord. 6395, 10-19-78)

26.04 OBSCENE LITERATURE, PICTURES, ETC.

(1) Definitions.

(a) "Obscene." Material is obscene if:

1. Its dominant theme taken as a whole appeals to a prurient interest in sex, and
2. It is patently offensive because it affronts contemporary community standards relating to the description or representation of sexual matter, and
3. It is utterly without redeeming social value.

(b) "Knowingly." A person acts knowingly if s/he has general knowledge of, or reason to know, or a belief or ground for belief which warrants further inspection or inquiry of the character and content of any material described herein which is reasonably susceptible of examination.

(2) It shall be unlawful for any person knowingly:

(a) To sell, loan for a monetary consideration, deliver or provide, or offer or agree to sell, loan for a monetary consideration, deliver or provide, any obscene writing, picture, record or other representation or embodiment of the obscene; or

(b) To present or direct or participate in an obscene play, dance or performance or knowingly to permit the same on any premises owned or operated by her/him or under her/his control; or

(c) To publish, exhibit, distribute, give away or otherwise make available any obscene material; or

(d) To possess any obscene material for purposes of sale or other commercial dissemination; or

(e) To sell, advertise or otherwise commercially disseminate material, whether or not obscene, by representing or suggesting that it is obscene.

26.05 EXPOSING MINORS TO HARMFUL MATERIALS.

(1) Definitions. As used in this section:

(a) "Minor" means any person under the age of eighteen (18) years.

(b) "Nudity" means the showing of the human male or female genitals, pubic area or buttocks with less than a full opaque covering, or the showing of the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple, or the depiction of covered male genitals in a discernibly turgid state.

(c) "Sexual conduct" is defined to be acts of sexual intercourse between humans, normal or perverted, actual or simulated, acts of masturbation, fellatio, cunnilingus, and acts of excretory function, lewd exhibition of the genitals especially in a stimulated condition and sexual relations between humans and animals.

(d) "Sexual excitement" means the condition of human male or female genitals when in a state of sexual stimulation or arousal.

(e) "Sadomasochistic abuse" means flagellation or torture by or upon a person clad in undergarments, a mask or bizarre costume, or the condition of being fettered, bound or otherwise physically restrained on the part of one so clothed.

(f) "Harmful to minors" means that quality of any description or representation, in whatever form, of nudity, sexual conduct, sexual excitement or sadomasochistic abuse, which taken as a whole appeals to the prurient interest in sex, which taken as a whole portrays sexual conduct in a patently offensive way, and which taken as a whole does not have serious literary, artistic, political or scientific value. Whether a work appeals to the prurient interest and whether it depicts or describes sexual conduct in a patently offensive way, and whether it has serious literary, artistic, political or scientific value are to be determined by applying contemporary community standards in the adult community as a whole with respect to what is suitable material for minors.

(g) "Knowingly" means having general knowledge of, or reason to know, or a belief or ground for belief which warrants further inspection or inquiry of both:

1. The character and content of any material described herein which is reasonably susceptible of examination by the defendant, and
2. The age of the minor, provided however that an honest mistake shall constitute an excuse from liability hereunder if the defendant made a reasonable bona fide attempt to ascertain the true age of such minor.

(2) It shall be unlawful for any person knowingly to exhibit for a monetary consideration to a minor or knowingly to sell to a minor an admission ticket or pass or knowingly to admit a minor for a monetary consideration to premises whereon there is exhibited a motion picture, show or other presentation which is distinguished or characterized by its emphasis on matters depicting, describing or relating to specified sexual activities or specified anatomical areas so defined in Section 9.05 of these ordinances or in whole or in part depicts sexually explicit conduct, sadomasochistic abuse, physical torture, or brutality and which is harmful to minors.

(3) It shall be unlawful for any person knowingly to sell or loan for monetary consideration to a minor:

(a) Any picture, photograph, drawing, sculpture, motion picture film or similar visual representation or image of a person or portion of the human body which is distinguished or characterized by its emphasis on matters depicting, describing or relating to specified sexual activities or specified anatomical areas so defined in Section 9.05 of these ordinances or depicts sexually explicit conduct, sadomasochistic abuse, physical torture or brutality and which is harmful to minors, or

(b) Any book, pamphlet, magazine, printed matter however reproduced, or sound recording which contains any matter enumerated in (3)(a) hereof, or explicit and detailed verbal descriptions or narrative accounts of sexual excitement, sexually explicit conduct or sadomasochistic abuse, physical torture or brutality which is distinguished or characterized by its emphasis on matters depicting, describing or relating to specified sexual activities or specified anatomical areas so defined in Section 9.05 of these ordinances and which, taken as a whole, is harmful to minors.

(4) It shall be unlawful for any person knowingly to admit a minor to any premises whereon there is exhibited adult entertainment material as defined in Subsection (3) above which is harmful to minors.

(5) Severability. The provisions of any part of this section are severable. If any provision or subsection hereof or the application thereof to any person or circumstances is held invalid, the other provisions, subsections and applications of such ordinance to other persons or circumstances shall not be affected thereby. It is declared to be the intent of this section that the same would have been adopted had such invalid provisions, if any, not been included herein.

(Sec. 26.05 Am. by Ord. 10,919, Adopted 5-17-94)

26.06 COMMERCIAL SEXUAL GRATIFICATION.

(1) No person or any legal entity shall offer, make available, permit or in any way participate in the touching of the genitals, pubic area, buttocks, anus or perineum of any person or of the breasts or vulva of a female when such touching can be reasonably construed as being for the purpose of sexual arousal or gratification under circumstances in which it is reasonably expected that money or other consideration will be received therefor.

(2) No person or any legal entity shall offer, make available, permit or in any way participate in the administration of any form of massage for money or other consideration when the genitals, pubic area, buttocks, anus, perineum, vulva or female breast of the administrator of the massage are not fully covered by opaque material.

(3) Any person or legal entity violating any provision of this section shall be subject to a forfeiture of not less than one hundred dollars ($100) nor more than five hundred dollars ($500). (Am. by Ord. 6513, 2-15-79)

(4) Any violation of this section is declared to be a public nuisance and may be enjoined by the City.

26.07 HOUSES OF ILL FAME. It shall be unlawful for any person to keep or maintain, or be an inmate of, or in any way contribute to the support of, any house of ill fame, or place for the practice of fornication, or to knowingly own or be interested as proprietor or landlord of any such house.

26.08 LOITERING FOR PURPOSES OF PROSTITUTION.

(1) No person shall loiter in or near any thoroughfare or place open to the public in a manner and under circumstances manifesting the purpose of inducing, enticing, soliciting or procuring another to commit an act of prostitution. Among the circumstances which may be considered in determining whether such purpose is manifested are the following: that the person frequents, either on foot or in a motor vehicle, a known area of prostitution; that such person is a known prostitute or panderer, repeatedly beckons to, stops, or attempts to stop, or engages male or female passersby in conversation, or repeatedly stops or attempts to stop motor vehicle operators by hailing, waving of arms or any other bodily gesture. The violator's conduct must be such as to demonstrate a specific intent to induce, entice, solicit or procure another to commit an act of prostitution. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such persons an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was true and disclosed a lawful purpose. As used in this subsection:

(a) "Known area of prostitution" means a public place where within three (3) years previous to the date of arrest for violation of this section, and within the knowledge of the arresting officer, a person had been arrested for a violation which led to a conviction in Madison municipal court or Dane County circuit court of an offense involving prostitution.

(b) "Known prostitute or panderer" means a person who within three years previous to the date of arrest for violation of this section has within the knowledge of the arresting officer been convicted in a court of competent jurisdiction of an offense involving prostitution.

(c) "Public place" is an area generally visible to public view and includes streets, sidewalks, bridges, alleys, plazas, parks, driveways, parking lots, automobiles (whether moving or not), and buildings open to the general public including those which serve food or drink, or provide entertainment, and the doorways and entrances in buildings or dwellings and the grounds enclosing them.

(2) Any person violating this section shall be subject to a forfeiture of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000), notwithstanding any provision of this chapter setting a different penalty.

(Sec. 26.08 Am. by Ord. 10,569, 12-30-92)

26.085 LOITERING FOR PURPOSES OF SOLICITING PROSTITUTES.

(1) In this section:

(a) "Known area of prostitution" means a public place where within three (3) years previous to the date of arrest for violation of this section, and within the knowledge of the arresting officer, a person had been arrested for a violation which led to a conviction in Madison municipal court or Dane County circuit court of an offense involving prostitution.

(b) "Known prostitute or panderer" means a person who, within three (3) years previous to the date of arrest for violation of this section, has within the knowledge of the arresting officer been convicted in a court of competent jurisdiction of an offense involving prostitution.

(c) "Public place" means an area generally visible to public view and includes, but is not limited to, streets, sidewalks, bridges, alleys, plazas, parks, driveways, parking lots, automobiles (whether moving or not) and buildings open to the general public including those which serve food or drink or provide entertainment, and the doorways and entrances to buildings or dwellings and the grounds surrounding them.

(2) No person shall loiter or drive in any public place in a manner and under circumstances manifesting the purpose of inducing, enticing, soliciting or procuring another to commit an act of prostitution. Among the circumstances which may be considered in determining whether such purpose is manifested are the following: that the person frequents, either on foot or in a motor vehicle, a known area of prostitution; repeatedly beckons to stop or attempts to stop, or engages known prostitutes or panderers in conversation; or stops the motor vehicle the person is the operator of and picks up or attempts to pick up a known prostitute or panderer. The violator's conduct must be such as to demonstrate a specific intent to induce, entice, solicit or procure another to commit an act of prostitution. No arrest may be made for a violation of this section unless the arresting officer first affords the person an opportunity to explain the person's conduct, and no one shall be convicted of violating this section if it appears at trial that the explanation given was true and disclosed a lawful purpose.

(3) Any person violating this section shall forfeit not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000) upon conviction.

(Sec. 26.085 Cr. by Ord. 10,569, 12-30-92)

26.0851 INTERNET SOLICITATION OF PROSTITUTION.

(1) No person shall use the Internet to solicit prostitution. As used in this section:

(a) "Solicit" includes, but is not limited to, those circumstances where a person uses the internet in a manner and under circumstances manifesting a specific intent to induce, entice or procure another in order to commit an act of prostitution. Among the circumstances which may be considered in determining whether such intent is manifested are the following: that the person uses the internet to advertise prostitution services; that the person responds to queries about the advertised prostitution services; and that the person's response to queries about the advertised

services further manifests an intent to induce, entice, solicit, or procure another to commit an act of prostitution. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such persons an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was true and disclosed a lawful purpose.

(b) "Internet" refers to the public worldwide computer system which allows people to access web pages or services including, but not limited to, Craigslist, Facebook, MySpace, Twitter, Cupid, and other similar dating or networking services.

(c) "Advertised prostitution services" include words or phrases that, in the experience and training of the arresting officer, refer either directly or indirectly to prostitution services such as intercourse, acts of sexual gratification, masturbation, or sexual contact for anything of value.

(2) Any person violating this section shall be subject to a forfeiture of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000), exclusive of costs.

(Sec. 26.0851 Cr. by ORD-10-00048, 5-12-10)

26.0852 INTERNET SOLICITATION OF PROSTITUTES.

(1) No person shall use the Internet to solicit prostitutes. As used in this section:

(a) "Solicit" includes, but is not limited to, those circumstances where a person uses the internet in a manner and under circumstances manifesting a specific intent to solicit or procure another to commit an act of prostitution. Among the circumstances which may be considered in determining whether such intent is manifested are the following: that the person uses the internet to identify individuals who advertise or provide prostitution services; that the person calls, e-mails, or otherwise contacts the individual to further inquire about prostitution services; and that the person's contact with the individual further manifests an intent to solicit or procure another to commit an act of prostitution. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such persons an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was true and disclosed a lawful purpose.

(b) "Internet" refers to the public worldwide computer system which allows people to access web pages or services including, but not limited to, Craigslist, Facebook, MySpace, Twitter, Cupid, and other similar dating or networking services.

(c) "Advertised prostitution services" include words or phrases that, in the experience and training of the arresting officer, refer either directly or indirectly to prostitution services such as intercourse, acts of sexual gratification, masturbation, or sexual contact for anything of value.

(2) Any person violating this section shall be subject to a forfeiture of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000), exclusive of costs.

(Sec. 26.0852 Cr. by ORD-10-00049, 5-12-10)

26.09 GAMING HOUSES. No person shall keep or maintain a gaming house within the limits of the City of Madison.

26.10 FREQUENTING GAMING HOUSES. No person shall visit any gaming house or be present therein for the purpose of gaming or otherwise than for the transaction of necessary and lawful business.

26.11 CHILD ENTICEMENT.

(1) It shall be unlawful for any person eighteen (18) years of age or over, who does not have legal authority or the consent of the parent or legal guardian, to attempt or complete the

act of enticing, luring or coercing a child below the age of fifteen (15), into a vehicle, building, room or secluded place by offering gifts, using unreasonable requests, language or gestures. An unreasonable request shall include, without limitation because of enumeration, offers to help move furniture, clean, babysit, or see or play with pets or toys. No arrest shall be made for a violation of this subsection unless the arresting officer first affords such persons an opportunity to explain such conduct, and no one shall be convicted of violating this subsection if it appears at trial that the explanation given was reasonable and disclosed a lawful purpose.

(2) Any person violating this section shall be subject to a forfeiture of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000), notwithstanding any provision of this chapter setting a different penalty. (Am. by Ord. 13,760, Adopted 12-14-04)

(Cr. by Ord. 8265, 3-5-84)

26.12 REFUSAL TO PERMIT INSPECTION OF GAMING HOUSE, DISORDERLY HOUSE OR HOUSE OF ILL FAME. If any owner or keeper of, or any person within, any gaming house or room, any disorderly house, or any house of ill fame, shall refuse to permit the Chief of Police or any police officer to enter the same, it shall be lawful for either of said officers to enter or cause the same to be entered by force, by breaking the doors or otherwise, and such officers may arrest, with or without warrant, all suspected persons found therein.

26.13 UNLAWFUL BEHAVIOR IN CHILD SAFETY ZONE.

(1) Definitions.

"Charter school" has the meaning as defined by Wis. Stat. § 115.001(1).

"Child" means a person who is under eighteen (18) years of age.

"Child safety zone" means all areas within two hundred and fifty (250) feet from the edge of any parcel of real property upon which any school, day care center, performance space or playgrounds are located and all areas within twenty-five (25) feet of school bus stops.

"Custodian" means a person at least eighteen (18) years of age who has been authorized by a parent or guardian to have the care and custody of the child.

"Day care center" means a facility that has been licensed under Wis. Stat. § 48.65 to provide care and supervision of children and includes "before-and after- school day care" which has the meaning as defined by Wis. Stat. § 120.125(1).

"Performance space" means a venue which is held open to the public where performances or events oriented toward children, as demonstrated by advertising or other evidence indicating that children are the desired audience, are taking place.

"Playground" means any public outdoor or public indoor area set aside for recreation and play and includes any area with playground equipment including but not limited to, swings, slides, sandboxes, seesaws and any area where athletics may be played and is public property.

"Private school" has the meaning as defined by Wis. Stat. § 115.001(3r).

"Public school" has the meaning as defined by Wis. Stat. § 115.01(1).

"School" shall mean any charter, public or private school.

"Serious child sex offense" has the meaning as defined by Wis. Stat. § 948.13(1).

(Am. by ORD-08-00116, 10-7-08)

(2) Legislative Findings and Intent.

(a) The Common Council finds that the increased number of child abductions from public places by known child sex offenders throughout the nation has become a public safety threat.

(b) Individuals convicted of serious sex offenses against children pose a clear threat to children residing or visiting in the community. Further, there are no guarantees

that these individuals will not re-offend. Convicted sex offenders are more likely than any other type of offender to re-offend for another sexual assault. This high recidivism rate results in an increased risk to the children in our City.

(c) The City has a strong interest in insuring that residents, including children, feel safe in public places. (Am. by ORD-17-00030, 3-8-17)

(d) In order to reduce the potential risk of harm to children in our City, there is a need to limit the opportunity for offenders of serious crimes against children from having an opportunity to have contact with unsupervised children. This ordinance covers locations that are primarily designed for use by, or are primarily used by children, namely: school grounds, playgrounds and daycare facilities.

(e) For these reasons, the Council finds that a threat to public safety exists that affects the life, health and public welfare of children and that for the immediate preservation of the public peace, health and safety of these children an urgency exists to require the adoption of this ordinance. The City enacts this ordinance pursuant to its power as set forth in Wis. Stat. § 62.11(5).

(f) This ordinance is not intended to limit any persons from exercising their right to assemble or engage in any other constitutionally protected activity. The ordinance only applies to individuals with the requisite intent to induce or lure a child away from a child's location within a child safety zone.

(3) It shall be unlawful for any individual convicted of a serious child sex offense to loiter in a child safety zone in a manner and under circumstances manifesting the purpose of inducing, enticing or luring a child from the child's location.

(a) Among the circumstances that may be considered in determining whether such purpose is manifested is that the person:

1. Frequents, either on foot or by motor vehicle, a known child safety zone;
2. Repeatedly beckons to or attempts to contact a child, without the permission of the child's parent, guardian or custodian;
3. Takes flight upon the appearance of a police officer.

(b) The circumstance stated in (3)(a)1. or (3)(a)3. is not enough by itself to manifest the purpose of inducing, enticing or luring a child.

(c) The violator's conduct must be such as to demonstrate a specific intent to induce, entice or lure a child from the child's location.

(d) No arrest may be made for a violation of this section unless the arresting officer first affords the person the opportunity to explain the person's presence and conduct, unless flight by the person or other circumstances make it impracticable to afford such an opportunity. No arrest shall be made for violating this section if the explanation given was true and disclosed a lawful purpose.

(4) The penalty for violation of this section shall be not less than two hundred dollars ($200) no more than five thousand dollars ($5000).

(Sec. 26.13 Cr. by ORD-08-00010, 1-24-08)

26.14 - 26.23 RESERVED FOR FUTURE USE.

26.24 SEVERABILITY. The provisions of any part of this chapter are severable. If any provision or subsection hereof or the application thereof to any person or circumstances, is held invalid, the other provisions, subsections and applications of such ordinance to other persons or circumstances shall not be affected thereby. It is declared to be the intent of this chapter that the same would have been adopted had such invalid provisions, if any, not been included herein. (Renum. by ORD-08-00010, 1-24-08)

26.25 PENALTY. Any person violating any of the provisions of this chapter for which no penalty is specifically provided shall be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500). (Am. by ORD-08-00010, 1-24-08)

History: Created by Ordinance 1857, adopted August 12, 1965.

27.01 TITLE. This code shall be known as the Minimum Housing and Property Maintenance Code.

27.02 INTENT AND PURPOSE.

(1) This ordinance is adopted for the purpose of preserving and promoting the public health, safety, morals, comfort, convenience, prosperity, and general welfare of the people of the City and environs. This includes, among others, physical, aesthetic, spiritual and monetary values.

(2) It is recognized that there may now be, or, may in the future be, residential and nonresidential buildings, structures, yards or vacant areas and combinations thereof which are so dilapidated, unsafe, dangerous, unhygienic, overcrowded, inadequately maintained or lacking in basic equipment or facilities, light, ventilation and heating so as to constitute a menace to the health, safety, and general welfare of the people. The establishment and enforcement of minimum housing and property maintenance standards is necessary to preserve and promote the private and public interest.

27.03 RULES AND DEFINITIONS.

(1) Rules. In the construction of this ordinance, the rules and definitions contained in this section shall be observed and applied except when the context clearly indicates otherwise:

(a) Words used in the present tense shall include the future.

(b) Words used in the singular number shall include the plural number, and the plural the singular.

(c) The word "shall" is mandatory and not discretionary.

(d) The word "may" is permissive.

(e) The phrase "used for" shall include the phrases "arranged for", "designed for", "intended for", "maintained for", and "occupied for".

(2) Definitions.

Adequate. "Adequate" shall mean adequate as determined by the administrative officer under the regulations of this chapter or adequate as determined by an authority designated by law or this chapter. "Adequately" shall mean the same as adequate.

Apartment. "Apartment" means one (1) or more rooms with provisions for living, cooking, sanitary and sleeping facilities arranged for use by one (1) family.

Approved. "Approved" shall mean approved by the administrative officer under the regulations of this chapter or approved by an authority designated by law or this chapter.

Attractive Appearance. "Attractive appearance" refers to the exterior appearance of buildings, structures, stairs, porches, and similar appurtenances and the improvement, planting and landscaping of yards and vacant areas. The determination of "attractive" used herein shall be as determined by the administrative officer under the regulations of this chapter or as determined by an authority designated by law or this chapter.

Basement. "Basement" means that portion of a dwelling between floor and ceiling which is below or partly below and partly above grade but so located that the vertical distance from the grade to the floor below is more than the vertical distance from grade to ceiling. (Am. by Ord.7759, 7-2-82)

Boarding House. See Lodging House and Lodging Room.

Building. "Building" means a combination of materials to form a construction that is safe and stable, and adapted to permanent or continuous occupancy for assembly, business, educational, high hazard, industrial, institutional, mercantile, residential, or a storage purpose; the term "building" shall be construed as if followed by the words "or portion thereof". For the purpose of this Code each portion of a building completely separated from other portions by an unpierced fire wall shall be considered as a separate building.

Capacity in Persons. The "capacity in persons" of a building is the maximum number of persons that can occupy such building, as determined by the required floor space per person as established in the Madison General Ordinances.

Compliance Inspection. An inspection performed in conjunction with a lawful order of the Director of the Building Inspection Division for the purpose of certifying the fulfillment of an official requirement listed in the order. (Cr. by Ord. 9938, 1-25-90; Am. by ORD-08-00109, 10-7-08)

Cooperative Living Arrangement. "Cooperative living arrangement shall mean a collective number of individuals connected by membership in a cooperative, who equally share ownership, occupancy and control of a dwelling and who live, cook and share expenses as a bona fide single housekeeping unit. For purposes of determining the applicability of the Madison General Ordinances relating to construction and maintenance of buildings, a building occupied by a cooperative living arrangement shall be construed to be a lodging house and shall meet all the requirements of same, except where an exception is explicitly provided in the ordinances.
(Cr. by Ord. 7740, 5-28-82)

Dwelling. "Dwelling" is a place of abode, a residence or a house for use by one (1) or more persons, excluding hotels or motels.

Dwelling Unit. "Dwelling unit" means one or more rooms with provisions for living, cooking, sanitary, and sleeping facilities arranged for use by one (1) family.

Extermination. "Extermination" shall mean elimination of infestation. (Am. by Ord. 10,627, 4-16-93 & 4-21-93)

Family. A family is an individual, or two (2) or more persons related by blood, marriage or legal adoption living together as a single housekeeping unit in a dwelling unit, including foster children, domestic servants and not more than four (4) roomers, except that the term family shall not, in R1, R2, R3, R4A and R4L residence districts, include more than one roomer except where such dwelling unit is owner-occupied. In any residence

district, a family may consist of two unrelated adults and the minor children of each. Such family may not include any roomers except where the dwelling unit is owner-occupied. For the purpose of this section, "children" means natural children, grandchildren, legally adopted children, stepchildren, foster children, or a ward as determined in a legal guardianship proceeding. Up to two (2) personal attendants who provide services for family members or roomers who, because of advanced age or a physical or mental disability, need assistance with activities of daily living shall be considered part of the "family". Such services may include personal care, housekeeping, meal preparation, laundry or companionship. (Am. by Ord. 9698, 1-26-89 & 1-31-89)

Friable Material. "Friable material" shall mean any material applied on ceilings, walls, structural members, piping, duct work, or any other part of a building which when dry may be crumbled, pulverized, or reduced to powder by hand pressure. The term includes non-friable material after such previously non-friable material becomes damaged to the extent that when dry it may be crumbled, pulverized, or reduced to powder by hand pressure. (Cr. by Ord. 9795, 5-31-89)

Good Working Condition. "Good working condition" shall mean capable of performing the task for which it was designed and in the manner intended by this code.

Graffiti. Any unauthorized drawing, figure, inscription, or painting appearing on sidewalks, streets, walls or any other place or item in public view. (Cr. by Ord. 10,158, 12-14-90)

Habitable Room. "Habitable room" is any room or enclosed floor space arranged for living and/or sleeping purposes. (Am. by Ord. 11,220, 3-31-95)

Impervious to Water. "Impervious to water" shall mean constructed of concrete, cement block, terrazzo, brick, tile, or other material approved by the Director of the Building Inspection Division, and having tight fitting joints, and not having more than four and one-half percent (4 1/2%) absorption by test. (Am. by Ord. 8081, 7-29-83; ORD-08-00109, 10-7-08)

Infestation. "Infestation" means the sustained presence of pests, vermin, or rodents. (Am. by Ord. 10,627, 4-16-93 & 4-21-93)

Living Room. "Living room" shall mean a room used primarily for living, dining or cooking purposes.

Lodging House. "Lodging house" is a dwelling containing lodging rooms that will accommodate five (5) or more persons not members of a family.

Lodging Room. "Lodging room" is a portion of a dwelling used primarily for sleeping and living purposes, excluding cooking facilities.

Mail Receptacle. "Mail Receptacle" means a mailbox, letterbox, door slot or other object used to receive mail that meets federal postal requirements. The applicable federal postal requirements are those set forth in the Domestic Mail Manual, Section 508, or other applicable federal laws or regulations that may replace or modify these specifications. (Cr. by ORD-08-00009, 1-24-08)

Mixed Occupancy. "Mixed occupancy" shall be occupancy of a building in part for residential use and in part for some other use not accessory thereto.

Movable Object. Any item that is not permanently attached to the ground, a building, or a structure, that remains on a lot or parcel of land, or a continuous set of lots or parcels of land, for ten (10) or more days.

Occupant. "Occupant" means one who occupies or has actual possession of usable space.

Operator. "Operator" shall mean any person who has charge or control of a building or part thereof in which dwelling units or lodging rooms are located or let.

Owner. The term "owner" shall mean every person, firm, partnership, or any individual member thereof, corporation, business organization of any kind, the state, the county, the city, any sewer district, drainage district, the University of Wisconsin and any associated corporation or organization, and any other public or quasi-public corporation

having a legal or equitable interest in the property under consideration and shall include the representative, officer, agent or other person having the ownership, control, custody or management of any building. Owner does not include any person whose legal or equitable interest in the building is a security interest derived solely from the extension of credit to permit construction or remodeling of the dwelling or purchase of the dwelling by a third party. (Am. by Ord. 9640, 12-14-88)

Person. A"person" shall mean and include any individual, firm, corporation, association or partnership.

Properly. "Properly" shall mean as deemed proper by the administrative officer under the regulations of this chapter or deemed proper by an authority designated by law or this chapter.

Provided. "Provided" shall mean furnished, supplied, paid for or under control of the owner.

Residential Building. A "residential building" is a building which is arranged, designed, used, or intended to be used for residential occupancy by one (1) or more families or lodgers, and which includes, but is not limited to, the following types:

1. Single-family detached dwellings.
2. Two-family detached dwellings.
3. Multiple-family dwellings (including apartment hotels).
4. Lodging houses.
5. Fraternity and sorority houses.

For the purpose of this ordinance, any building containing any of the above uses together with other uses shall be considered a residential building.

Room. A room is a partitioned part of the inside of a building. For the purpose of this definition, partition shall mean something that divides interior space, especially an interior dividing wall. A wall is one of the sides of a room or building connecting floor and ceiling and may also include anything which encloses or separates space. A partition or wall which intrudes into the space by more than one-third (⅓) of the least dimension of an existing room may be regarded as creating an additional separate room. The partitioned space shall be considered as a room if privacy is implied; light and ventilation are affected; or a bedroom through a bedroom, bathroom through a bedroom or bedroom through a bathroom situation is created. (Cr. by Ord. 9391, 1-29-88)

Rooming House. See Lodging House and Lodging Room.

Sleeping Room. A "sleeping room" shall mean a room used for sleeping purposes.

Structure. "Structure" is anything constructed or erected, the use of which requires more or less permanent location on the ground, or attached to something having permanent location on the ground.

Supplied. "Supplied" shall mean paid for, furnished, or provided by or under control of, the owner or operator.

27.04 MINIMUM STANDARDS FOR BASIC EQUIPMENT, LIGHTING, VENTILATION, HEATING, AND ELECTRICAL SERVICE.

(1) The purpose of this subsection is to establish minimum standards for basic equipment, lighting, ventilation, and electrical services for all residential buildings and parts thereof and to obtain the public and private benefits accruing from the provision of such services. A suitable environment for safe and healthy living is encouraged by adequate water and sanitary facilities, proper storage and disposal of garbage and other refuse, safe means of egress, provision of light, air, heat, and electrical service.

(2) No person shall occupy as owner or let to another for occupancy any space in a residential building for the purpose of living, sleeping, cooking or eating therein, which does not comply with the following requirements:

(a) Every dwelling unit shall contain a kitchen sink, a flush water closet, a lavatory basin and a bathtub or shower, all in good working condition and properly

connected to hot and cold water lines and to an approved water and sewer system. The flush water closet and bathtub or shower shall be contained within a separate room. Water pressure shall be available at all fixtures as specified in Wis. Admin. Code § SPS 382.40. (Am. by Ord. 9299, 10-29-87; Ord. 13,124, 8-28-02; ORD-12-00035, 3-28-12)

(b) Every residential building shall have supplied water heating facilities which are properly installed, are maintained in safe and good working conditions, are properly connected with the hot water lines required hereunder and are capable of heating water to such a temperature as to permit an adequate amount of water to be drawn at any required kitchen sink, lavatory basin, bathtub or shower at a temperature of not less than one hundred twenty (120) degrees Fahrenheit.

(c) The owner of every residential building shall be responsible for supplying such building with garbage and refuse storage facilities as required by the Madison General Ordinances. (Am. by Ord. 9725, 3-2-89)
