Subject: Traffic Roundabout North Star and Orion

Mr. Mohr - My wife and I would like to indicate our support for a traffic roundabout at the intersection of North Star Dr and Orion St. We live on that corner and can attest to the need for traffic calming measures. Cars coming in either direction have very little reason to slow down between the stop sign near the Great Dane and the roundabout at North Star and Apollo. North Star and Orion falls in the middle of that stretch and calming measures would certainly help keep the speeds down.

We understand it will be considered at this Wednesday's City and Traffic Planning meeting. Item #59632.

Please feel free to contact us if you have any questions.

Thank you.

Tim and Alisa Allen

Subject: Support of Legistar Item #59632

Hello Tom,

We have been homeowners in the Grandview Commons neighborhood for 15 years. I am writing in support of the traffic roundabout at the intersection of North Star Dr and Orion Trail. We have young kids who walk and bike in the neighborhood, and their safety is our top concern.

I hope the city prioritizes the safety of our children as much as our family does.

Thank you,

Jon and Crystal Alling
