

BPW Meeting May 21, 2008:

Review of Projects by Engineering Environmental Staff for Impacts to Water Resources

30. Heistand Park Culvert Crossing

This project involves grading more than 10,000 square feet on the bank of a navigable waterway. City Engineering has applied for a Chapter 30 permit from the Department of Natural Resources. The application has been submitted.

(Greg Fries, City Engineering)

32. Sayle Street Traffic Engineering Building

This project requires a Chapter 30 permit from the Wisconsin Department of Natural Resources for streambank work to be done along Wingra Creek. The permit has been received.

(Genesis Bichanich, City Engineering)
