Subject: 1019 Jonathon Dr - Correction

Plan Commissioners-

The applicant has brought to my attention an error in the narrative of the staff report for 1019 Jonathon Drive regarding the number of animals expected at the facility. Instead of a total of 60 dogs in three different play spaces, there are five separate play spaces for a total capacity for 100 dogs. This is stated in the letter of intent, and was simply a staff error. Staff is comfortable with this capacity, and it does not influence the staff recommendation or recommended conditions of approval.

Thank you very much.

Heather
