Subject: Re: Landmarks Agenda

Good morning everyone,

Just a few addresses to correct from Melissa's email.

We are working with a resident who is interested in relocating either 731 E Johnson or 737 E Johnson. He is leaning toward 737. There is no interest in 717 E Johnson St.

Thank you,

Pat McCabe

Hi Amy –

I noticed that the remainder of the 700 E. Johnson buildings are on the Landmarks agenda today. Since filing for the demolition request, I wanted to let you know that a number of the building are now slated to be moved & renovated.

717 – Working with a neighborhood resident to move to his double lot
727 – Will be moved to between 745 & 753 and incorporated into the project
739/741 (one building) & 743 E. Johnson will be moved to 827 E. Gorham

In addition, if any members of the Landmarks Commission wish to tour the houses, Pat McCabe will be giving tours at 11 AM on Tuesday, April 4th as well as 11 AM on Friday, April 7th.

Thanks!

Melissa
