

Hi Mark Woulf - I am writing to oppose the liquor license request by Kate at 402 E Lakeside street. The neighborhood does not need a bar. It was great when the liquor store across the street went out of business.

Kate started operating like a bar (installing a bar, amplified music, and somewhat under the radar as a wedding venue, where I guess you can do whatever you want) as soon as she got the last expansion of liquor license.

Where we are located between the southside and downtown, we just do not need a bar. It can't be a family neighborhood with a bar.

Thank you for listening,
Lisa Fike
