**Letter of Intent**

1019 Jonathon Drive Madison, WI 53713

July 29, 2013

Dear City of Madison Plan Commission,

**OBJECTIVE**

Two Brown Tails LLC d/b/a The Dog Den Dog Training and Daycare ("The Dog Den,") has recently signed a contract to lease the property located at 1019 Jonathon Drive, Madison, Wisconsin. This property includes a brick building containing 10,800 square feet as well as an adjacent outdoor area containing 6,000 sq. feet.

The Dog Den provides the services of dog daycare and puppy playgroup, dog training and behavior consultation, as well as limited grooming and overnight care. The Dog Den has been providing these services (excluding overnight care,) at a separate nearby location since 2004 and has maintained happy clients as well as happy neighbors. The Dog Den currently employs 25 staff members, up to 8 of which are scheduled to be present at a time. Eighteen of these staff members are employed in the daycare and training departments, the remaining staff members are employed in either the daycare department or training department exclusively.

The property located at 1019 Jonathon Drive is currently in need of a conditional use permit to accommodate these services and this letter intends to overview these services in order to obtain the necessary permits to provide them to our clients. Specific objectives include the addition of one ADA parking stall, one bicycle rack, and four non-ADA parking stalls.

**SCOPE OF SERVICES**

1. Dog Daycare

- a. The Dog Den provides safe, supervised play space to a range of breeds, ages, and sizes of dogs. All dogs are screened for sociability with people and other dogs, and only dogs that are highly social and safe with people and other dogs are allowed to attend the daycare service.
- b. All dog owners are required to complete a daycare registration form (which includes information about their dogs' overall behavior,) as well as daycare waiver forms prior to their dog starting daycare. All clients must make a reservation prior to their dog attending daycare.
- c. Documentation of current vaccination status from a veterinarian is required prior to their dog starting daycare. The Dog Den requires that all dogs attending daycare be up-to-date with the following vaccines:

- Rabies

- Distemper combo (DHPP/DHLPP)
- Bordetella/Kennel Cough

The Dog Den also requires documentation of a recent negative intestinal parasite screening from a veterinarian.

- d. The Dog Den will provide five different play spaces enclosed in three separate warehouse spaces. Warehouse #1 contains 1,350 sq. footage, Warehouse #2 contains 3,000 sq. footage, and 3,000 sq. footage.
- e. Each play space will contain a maximum of 20 dogs to one staff member (“playgroup leader,”) who will be supervising the dogs at all times. Each play space will include dogs of similar size and temperament.
- f. Playgroup leaders are responsible for monitoring the overall activities of each dog present in their play group to ensure the safety of everyone at all times. Playgroup leaders are also responsible for maintaining standards of cleanliness outlined in the Dog Den’s policies and procedures.
- g. Each play space is secured with sturdy fencing and will include visual barriers to help decrease the occurrence of excessive barking due to outside disturbances. Each play space includes the necessary sanitizing materials and appropriate dog training equipment. No food, toys, or unnecessary materials will be allowed in any of the play spaces at any times.
- h. All dogs will have access to water at all times, and playgroup leaders will bring dogs outside at least once per hour. The dogs will only be allowed into securely fenced-in outdoor play areas.
- i. There will be a separate area where dogs will be checked-in/checked-out upon arrival and departure. Dogs will be leashed at all times unless secured in a fenced-in play space. Clients will not be allowed access to any of the off-leash play spaces during daycare hours.
- j. Clients have the option to add on training services while their dog is attending daycare. These one-on-one training lessons are conducted by a training staff member, who will work with the dog separately in the Behavior Consult room. Any dog working on training will be supervised by a staff member at all times, and either be securely leashed, crated, or off-leash in a fenced-in area or closed room at all times.
- k. Clients have the option to add on limited grooming services while their dog is attending daycare. These services will not be extended to dogs not attending the daycare service. These services are conducted by a qualified staff member, and include:
  - Nail Trimming
  - Ear & Eye Wiping
  - Light brushing
- l. First Aid materials will be available at all times in the event of any injury.

- m. Any emergency situations will be attended to according to the Dog Den's policies and procedures.
- n. The Dog Den provides daycare service between the hours of 6:30 am-6:00 pm, Monday through Friday.

## 2. Puppy Playgroup

- a. The Dog Den provides puppy owners with use of its play spaces (as described in Section 1 (d.)) on a regular weekly basis as its Puppy Playgroup service. This service is intended for a range of breeds and sizes of puppies under the age of 12 months old.
- b. All puppy owners are required to complete a Playgroup waiver form prior to their puppy attending playgroup. Documentation of current vaccination status from a veterinarian is required prior to their puppy attending playgroup. The Dog Den requires that all puppies attending Playgroup be up-to-date with the following vaccines; as long as the veterinarian deems them old enough to receive them:
  - Rabies
  - Distemper combo (DHPP/DHLPP)
  - Bordetella/Kennel Cough

Any puppy that is not old enough to receive these vaccines must have been seen by a veterinarian for a health screening, and documentation of a recent negative intestinal parasite screening must be received prior to attending Playgroup.

- c. The Dog Den will provide up to five different play spaces for this service, with a maximum of 20 puppies to one playgroup leader, who will be supervising the puppies at all times. Puppy owners will also be present during the Playgroup to monitor their puppy's activities. Each play space will include puppies of similar size and temperament.
- d. Puppy owners are responsible for monitoring the overall activities of their own puppy during the Playgroup. Playgroup leaders are responsible for supervising the puppy owners and their puppies, and maintaining standards of cleanliness outlined in the Dog Den's policies and procedures.
- e. All areas used for Playgroup play space purposes will be the same areas of the property that are used for the Dog Den's Dog Daycare service. As such, each play space is secured with sturdy fencing and will include visual barriers to help decrease the occurrence of excessive barking due to outside disturbances. Each play space includes the necessary sanitizing materials and appropriate dog training equipment. No food, toys, or unnecessary materials will be allowed in any of the play spaces at any times.
- f. All puppies will have access to water at all times, and all puppies and puppy owners will be allowed access to securely fenced-in outdoor spaces under the supervision of a playgroup leader(s).
- g. Dogs will be leashed at all times unless secured in a fenced-in play space.

- h. First Aid materials will be available at all times in the event of any injury.

  - c. All dogs will be either secured on-leash or in fenced-in areas at all times for all training classes.

- d. All classes in exception to the Scrappers and Total Control Unleashed Classes have a class capacity of 15 dogs. Due to the more excitable nature of the Scrappers and Total Control Unleashed Classes, those classes will be limited to a capacity of 8 dogs. There will be at least 2 training staff members present for all classes in which 5 or more dogs are in attendance.
  - e. Training Staff members must complete occupational training requirements and continuing education requirements outlined in the Dog Den's policies and procedures in order to work any training classes in which reactive dogs may be present.
  - f. Training Staff members are responsible for maintaining standards of cleanliness outlined in the Dog Den's policies and procedures for each of their training classes.
