

City of MADISON ACTION ITEM DETAIL – June 25, 2025

ACTION TITLE: Metro stop update (Sun Prairie)

PRESENTER: Mike Cechvala

CONTACT FOR QUESTIONS: Mike Cechvala

ACTION SUMMARY: Request to approve Route S stop update in downtown Sun Prairie.

BACKGROUND: This stop update was inadvertently left off the stop update presentation at the previous Transportation Commission. This Route S stop on Market St. is proposed to be moved to a nearby location on Main St., because multiple community events routinely require a detour from Market St. The frequent closure of this stop on Market St. causes extra staff work to create signs, communicate information, and physically drive to the sign to post public materials.

DESCRIPTION:

Route S is proposed to operate on Linnerud, Bristol and Main St. where the new nearby stop will be located at Main and Market St. A map is available in Legister materials.

EQUITY GOAL IMPACTS: None identified. New routing will provide direct service to senior housing on Bristol.
