Good morning Brad and Heather,

I discussed my proposed condition with Ms. Alito and she agrees. Please pass it on to Plan Commission.  
Thanks!

Mark C.

Sounds like a plan.

I think our messages crossed and I forgot to copy Heather, and it's just a comedy of errors. Sorry to have created additional confusion.

There's really just the one neighbor that's concerned, and I've been in contact with her and with Ron this morning, so I think they're up to speed. I'd still like to give MFD the opportunity to use the house if it would be useful to them and okay with the neighbor, that's why I thought having me sign off would be an easy way to enable that. How about if you sit on my recommendation until Monday and I'll check in with Patsy again to see if she has a preference. Thanks again.

Mark,

You probably already have gotten Heather's email outlining the communications we have had with the Fire Department and the applicant. But in case you haven't seen it, I attached it. She obviously was not aware of your recommendation below when we finalized our recommendation. The recommendations are now in the packet and it's off to the Plan Commission. We will provide the Plan Commission with your recommendation, which would be fine with us, unless you want to rethink it based on the attached.

Have a restful weekend.

I recommend that plan commission approve the demolition permit with a condition that any use by fire department for training be approved by the alder of the district. Thanks.

Mark C.
