If any of the Owners require any future Utility Facilities easements on any other Owner's Parcel it shall submit said request in writing to the Owner for its approval. Any installation, maintenance, repair or replacement activities must be done in such a way as to minimize disturbance to and obstruction of the other adjacent Parcels. If any temporary easements are required on the adjacent Parcels, then the Owner performing the work shall receive written approval from said adjacent Parcels.

ii. Shared Easements and Infrastructure. The below portions of the below referenced easements and infrastructure are shared between the Non ACHC Parcels.

1. The Private Storm Easement. In the Private Storm Easement, the following infrastructure as defined/depicted in the Section and Exhibits noted below will benefit the Non ACHC Parcels: (i) the "Shared Stormwater Infrastructure" as defined in Section 1.b; legally defined Exhibit C; and depicted Exhibit B. A portion of the Shared Stormwater Easement Area as depicted in Exhibit B of the Private Storm Easement and included in the legal description in Exhibit C of the Private Storm Easement is on the Hub Parcel. ULGM Holdings permits the CDA to use said portion of the Shared Stormwater

Easement Area, if needed, to perform any repairs, maintenance and replacement work.

2. The Private Utility Easement. In the Private Utility Easement, the following infrastructure as defined/depicted in the Section and Exhibit noted below will benefit the Non ACHC Parcels: the “New Water Facilities” defined in Section 1.c, and depicted Exhibit B.
3. CDA Phase II Storm Site Work. As part of the master plan redevelopment of the CDA Parcel, the CDA will be installing at its cost new storm infrastructure in the Common Areas that will connect to Shared Stormwater Infrastructure and the existing storm infrastructure that will benefit the Non ACHC Parcels; collectively the Shared Stormwater Infrastructure, the existing storm infrastructure and any new storm infrastructure in the Common Areas that benefit the Non ACHC Parcels is defined as “Shared CA Storm Infrastructure”.
4. CDA Phase II Utility Site Work. As part of the master plan redevelopment of the CDA Parcel, the CDA will be installing at its cost new water facilities in the Common Areas that will connect to New Water Facilities and the existing water facilities in the Common Areas that will benefit the Non ACHC Parcels; collectively the New Water Facilities, the existing water facilities and any new storm infrastructure in the Common Areas that benefit the Non ACHC Parcels is defined as “Shared CA Water Facilities”.
5. The Shared CA Storm Infrastructure and the Shared CA Water Facilities are collectively defined as the “Shared CA Non ACHC Parcel Infrastructure” and are shown in the attached Exhibit C. The CDA Phase II new storm infrastructure and new water facilities shown in Exhibit C are in the design phase, and are shown in the general vicinity of where said items will be located.
6. After the CDA Phase II Storm Site Work and the CDA Phase II Utility Site Work is complete, the repairs, maintenance and replacement of the Shared CA Non ACHC Parcel Infrastructure, will be governed by this Agreement as follows:
 - a. The CDA or its agents shall manage and coordinate any repair, maintenance and replacement work of the Shared CA Non ACHC Parcel Infrastructure, so that no

unreasonable interference occurs with respect to the operation on any Owner's Parcel.

- b. The cost to repair, maintain or replace the Shared CA Non ACHC Parcel Infrastructure any right of way disturbed as a result of this work will be split between the Non ACHC Parcels. The Non ACHC Parcel Owners will be billed by their respective pro rata share of CAM Charges as outlined in Section 6.d below.

The CDA will send the Non ACHC Parcels Owners an invoice outlining the costs (if not included in the estimated CAM Charges), and the Non ACHC Parcel Owners shall pay the CDA within 30 days of receipt of the invoice. If any Non ACHC Parcels Owner fails to pay the CDA for its share of the costs within the due date of thirty (30) days of the written notice, such amount due to the CDA shall bear interest from the date when due until paid at the lesser of twelve percent (12%) per annum or the maximum rate permitted by law.

Notwithstanding the foregoing, in the event any portion of the Shared CA Non ACHC Parcel Infrastructure is damaged by improper or extraordinary use by a Party, the Party causing the damage shall repair the same at its sole cost and expense to substantially the same condition as existed prior to such damage, including any damage to the easement area, CDA Parcel, and any right of way disturbed as a result of such improper or extraordinary use.

No changes to, additions to or alterations of the Shared CA Non ACHC Parcel Infrastructure shall be allowed by the responsible Owner without the prior written approval of applicable plans and specifications by the CDA, and the CDA receives a certificate of insurance from the responsible Owners Grantee contractors per Section 7.h of this Agreement.

- c) Storm Water Drainage Easement. Each Party hereby grants to each other Party, for the benefit of the other Party, their successors and assigns, a perpetual surface water drainage easement over the granting Party's Parcel. The easement will include and encompass the existing surface water drainage patterns and flow rates only and will not include significant changes or increases thereto.

4. PARKING COVENANTS.

- a) ACHC Parcel. ACHC shall be required to maintain, on the ACHC Parcel, a minimum of 3.5 parking stalls per 1,000 square feet of floor space of the building located on the ACHC Parcel. ACHC shall have the right to place signage at locations and in such number as

agreed to by the CDA and ACHC, which signs shall indicate where ACHC's employees and visitors should park. The Owners shall reasonably work together to prevent the unauthorized parking from Permittees of the Non ACHC Parcels on the ACHC Parcel. ACHC shall be responsible for ensuring that its Permittees park only on the ACHC Parcel.

b) Non ACHC Parcels. Total Parking Stalls. The term "Total Parking Stalls" shall mean the total supply of the parking stalls in the Surface Parking areas and in the Parking Garage. The Total Parking Stalls are for the use of the Non ACHC Parcels Owners and Permittees only. Parking demand generated by the Hub Parcel for its tenants' employees and their customers shall not exceed 182 total stalls (the "Hub Total Parking Stalls") at any point in time. The Total Parking Stalls less the Hub Total Parking Stalls are allocated to the Permittees of the CDA Parcel and the SMCC Parcel.

It is the intent of the Non ACHC Parcel Owners to locate their employees and tenants in the Parking Garage per the allocation noted in Section 5.c. in order to keep the central Surface Parking stalls available for the customers and visitors of the Non ACHC Parcels. The Non ACHC Parcel Owners shall inform their tenants and employees (who are not issued a Parking Access Card as defined in Section 5) that they should not park in the prime central Surface Parking area, and shall park instead in the employee parking area, which is the Surface Parking area located near Ridgewood Way. The CDA reserves the right to substitute the employee parking area. If the Vehicle of any employees or tenants is parked in any part of the Surface Parking area other than the employee/tenant parking area(s) designated by the CDA, the CDA's security team reserves the right to issue a warning first and then a ticket if there is a repeat offense.

c) Surface Parking Signs. The Surface Parking stalls are non-exclusive to any Non ACHC Parcel Owner, and will not be reserved with signage. The Surface Parking stalls adjacent to the Non ACHC Parcels may be timed stalls to either 15-minute, 30-minute or 1 hour use (the "Timed Parking Stalls"), with the allocation among such categories to be determined by the CDA. The CDA shall manage the enforcement of the Timed Parking Stalls, and the installation of signs in these areas. 

d) Rules and Regulations. The CDA shall enforce all of the above Parking Covenants and Rules (as defined in Section 6. e. below) through the security staff engaged by the CDA, and may ticket any violators.

5. PARKING GARAGE.

a) Applicability. The use and operation of the Parking Garage shall be subject to the terms and conditions of this Section 5. None of the provisions in this Section 5 shall be binding upon ACHC and none of the provision in this Section 5 shall encumber the Access Parcel.

b) Construction, Operation and Maintenance. The CDA shall construct the Parking Garage at its sole cost and expense. Following the initial construction, the CDA shall be responsible for the operation of the Parking Garage and shall at all times maintain the Parking Garage in good condition and repair, performing any replacement as may be necessary from time to time, subject to each Owners obligation to pay their Proportionate Share of the annual Parking

Garage Operating Expenses, which are included in the CAM Charges, as set forth in Section 6 below.

c) Use of Stalls; Proportionate Share. The following Owners shall have the right to use the specified total number of stalls listed in the table below within the Parking Garage only for the employees and tenants that work at their respective Parcels.

<u>Owner</u>	<u>Total Garage Stalls</u>	<u>% of Total (“Proportionate Share”)</u>
CDA	157	53.22%
ULGM Holdings	97	32.88%
ULGMCED	22	7.46%
City (Library)	<u>19</u>	<u>6.44%</u>
Total	295	100%

The Owner’s total number of Stalls in the Parking Garage may be reduced by the CDA in the event its capital funding approved is less than the cost of the Parking Garage, which results in changing the design and lowering the total number of stalls (the “Revised Parking Garage Total Stalls”). If this occurs, the new allocation total stalls to each Owner will equal the Revised Parking Garage Total Stalls multiplied by each Owner’s Proportionate Share listed above.

By way of example, and subject to revision as described by the Revised Parking Garage Total Stalls, the above-referenced table shows the share of Parking Garage Stalls based on the Parking Garage having 295 stalls.

The CDA is providing the Owners with access cards to the Parking Garage (the “Parking Access Cards”) per the total number of garage stalls noted in the above table to be used by the on-site staff and employees of the respective Owners only. The Owners shall furnish to the CDA of the license number of the Vehicle it assigns its Parking Access Cards to for monitoring purposes. Each Owner is responsible to track the allocated Parking Access Cards and obtain them back from any staff or employees it provides said Parking Access Cards to when they are no longer employed at the respective Parcels. The CDA may charge the Owner of \$50 per card for any lost Parking Access Cards.

It is the intent of the parties to allocate the top levels of the Parking Garage to the tenants and employees of the Owners of the Non Access Parcels. The Owners shall inform their tenants and employees that they cannot park on the first level of the Parking Garage, and will be subject to ticketing. The CDA reserves the right to install a second card reader for the upper floors at the expense of the Owners. The CDA may allocate some of its Parking Garage Stalls on the first level of the Parking Garage for the use of the grocery store and the Non ACHC Parcels’ visitors (the “Transient Users”), and will charge the Transient Users to use those stalls. The CDA may install parking signage for the grocery store’s customers on the first level.

d) Operating Expenses. As used in this Agreement, the term “Parking Garage Operating Expenses” shall include, but not be limited to the following costs and expenses actually incurred by the CDA in each calendar year in the operation and maintenance of the Parking Garage:

Security; security monitoring and cloud storage; real estate taxes or payments in lieu of taxes for the Parking Garage; special assessments; janitorial supplies and labor; maintenance supplies and

labor; sweeping; floor cleanings; fire and life safety inspections and monitoring; elevator inspections; elevator phone lines; area of refuge monitoring and phone lines; trash removal; light fixtures supplies; signage (except for any sign that is exclusive to reserved parking for any particular Owner with the CDA's approval, the full cost of which shall be billed to such Owner); snow removal and salting; repair of vandalism; exterminating; water charges, which include storm water and urban forestry charges; electric charges; fire, casualty, and special form insurance premiums; and the maintenance, repairs and replacement of the following: security equipment; fire and life safety equipment and devices; elevators; area of refuge equipment; electrical infrastructure; light fixtures; access gate(s), card reader and pay station equipment (except for any equipment to reserved parking for any particular Owner, the full cost of which shall be billed to such Owner); FOB access cards; solar equipment (if added); mechanical systems; all heating, air conditioning, ventilation and service equipment in the electric and water pump rooms; telecommunication systems; fire extinguishers; doors and hardware; floors including any striping; façade; walls and ceilings; any sealing to surface areas-cracks, expansion joints, floors, beams and other concrete areas.

6. COMMON AREA MAINTENANCE AND MANAGEMENT.

a) Administration. Maintenance of the Common Areas shall be administered by the CDA, and the CDA shall use reasonable efforts to conduct such activities in such a manner so as to minimize disruption and inconvenience to the Owners and Permittees of the Development. The CDA shall be permitted to assign its administrative responsibilities hereunder to a third-party property manager of the CDA's choosing, in the CDA's sole discretion, provided, however, that no such assignment shall serve to relieve the CDA of its obligations hereunder.

b) Maintenance Practices. The CDA shall ensure that the following maintenance practices are followed in the Common Areas:

i. The surface and subsurface of the Common Areas shall be maintained, repaired and replaced in order to maintain it evenly covered with the type of materials and landscaping originally constructed thereon or such substitutes as are, in all respects, equal to such materials in terms of quality, appearance and durability;

ii. Each Owners shall pay their respective proportionate share as defined in the table below ("Proportionate Share") of the CAM Charges.

Each Owner's Proportionate Share of CAM Charges is listed below:

<u>Owner</u>	<u>Proportionate Share of CAM Charges</u>
CDA	53.22%
ULGM Holdings	32.88%
ULGMCED	7.46%
City (Library)	<u>6.44%</u>
Total	100.00%

Notwithstanding anything to the contrary set forth elsewhere herein, no CAM Charges shall be attributable to the ACHC Parcel nor payable by ACHC.

iii. The budget for CAM Charges shall be determined, in advance, by the CDA for each calendar year, and the CDA shall bill the Owners for their respective Proportionate Share in equal monthly installments over the calendar year.

iv. The Proportionate Share of CAM Charges billed to each Owner shall be paid on or before the first day of each calendar month. If the Owner's monthly CAM Charge payment is not received by the CDA by the third calendar month day, then the CDA may charge the Owner a late charge equal to five percent (5%) of the amount required to be paid. The foregoing provision for payment of a late charge shall not be construed to extend the date for payment of any sums required to be paid by Owner hereunder or to relieve Owner of its obligation to pay all such sums at the time or times herein stipulated. Owner further acknowledges that if any check given by Owner for payment of any amount due shall not be honored by the bank on which it is drawn for any reason, then CDA shall incur additional costs for collection and bookkeeping, and Owner therefore agrees to pay CDA upon demand the sum of \$35.00 for each occurrence in addition to all other charges and amounts due.

In addition to the above provisions, the CDA shall have the right under this paragraph to send late CAM Charge payments to a collection agency and to the Wisconsin Department of Revenue pursuant to the State Debt Collection program under Wis. Stat 71.935; all fees relating thereto shall be paid by the delinquent Owner. At the conclusion of each calendar year, the CDA shall provide each Owner with an accounting of CAM Charges, which accounting shall provide a reconciliation of budgeted CAM Charges in comparison to actual CAM Charges. The amount of CAM Charges in each calendar year, if any, collected by the CDA in excess of actual expenditures, shall be credited to the budget for the following calendar year, and the shortage in each calendar year, if any, shall be charged to the Owners and become due within thirty (30) days of written notification and demand therefor.

e) Management of Common Areas. The CDA shall be solely responsible for the management of all Common Areas and improvements provided by the CDA for the common use of the Permittees of the Non ACHC Parcels, and the CDA shall have the right to establish, modify and enforce rules with respect to the Common Areas (the "Rules"), provided such Rules do not unreasonably interfere with the Owners rights granted hereunder, and Owners agree to cooperate with the CDA in enforcing the Rules. The Owners agree to share the Rules with their employees and tenants as part of their leases. The current Rules are attached to this Agreement, as Exhibit D.

 The CDA shall have the right, without approval, to alter the Common Areas and to construct additions to or additional buildings on the CDA Parcel resulting in a diminution of Common Areas, provided the number of total parking spaces within the Common Areas are in accordance with the City zoning ordinances and the approved Master Plan for the Village on Park.

The CDA shall have the right to close temporarily parking areas or facilities, to discourage non-customer parking and to perform other acts in and to the areas and improvements as the CDA may deem advisable. The CDA shall have the right to designate certain Surface Parking areas for the parking of the Owner's employees and tenants that do not have a Parking Access Card so the central parking area is available to visitors and customers of the Non ACHC Parcel Owners.
