---

**RESOLUTION 4013**

**Background:** The CDA has for several years contracted for snow plowing services on an as needed basis. Site managers are able to utilize both staff and the contractor depending on circumstances to insure snow removal is managed effectively.

**WHEREAS,** the CDA, through the City's Purchasing Department, requested bids for snow plowing services and two bids were received;

**WHEREAS,** Madison Commercial Landscaping was the low bidder for the Triangle Site;

**WHEREAS,** CM Larsen was the low and only bidder for the East and West Sites;

**NOW, THEREFORE, BE IT RESOLVED,** that the Community Development Authority Executive Director or their appointee is authorized to sign contracts for snow plowing services with the two low bidders for the above indicated development sites.
