Dear Mr. Fisher:

This plat has been submitted for review. One of the purposes of the review process is to ensure that provisions have been made for wastewater treatment. The surveyor indicated on the plat submittal form that public sewer will be made available to all of the lots in this subdivision.

If private on-site wastewater treatment systems will be used instead of public sewer, the systems must comply with the requirements of the local ordinance and the rules of the Department of Commerce.

There is no need to respond to this letter. If you have any questions regarding this review, please contact our office at the number listed below. If you have any questions regarding private on-site wastewater treatment systems, please contact Allen C Wendorf, Department of Commerce, at (608) 873-5476 or awendorf@commerce.state.wi.us.

Sincerely,

cc: Surveyor

CITY OF MADISON, DANE COUNTY

Dear Mr. Scribner:

Your county planning agency is an objecting authority for this subdivision. Enclosed are copies for your review. Your agency must either object, or certify no objection within 20 days of your receipt of this submittal.

- If the plat is objected to, we must be notified by letter (the original drawing will be returned to the surveyor for revisions).
- If the plat is certified as nonobjectionable, we must receive a print bearing your certification so that we may finalize our review (see s. 236.12 (6), Wis. Stats.).

By the date shown below this office must either file objections or certify the plat as nonobjectionable for all the objecting agencies involved. Failure to meet the statutory review time limits will allow the subdivider to demand an immediate certification of no objection.

Sincerely,

Jayne Lathrop
