RE: Approval of a demolition permit for 825 W Badger Road to allow the western façade of Fire Station 6 facing Perry Street to be demolished (ID 68191; LNDUSE-2021-00108).

Dear Amy,

At its December 13, 2021 meeting, the Plan Commission found the standards met and **approved** your demolition permit for 825 W Badger Road. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition or building permits for the project.

Please contact Tim Troester of the City Engineering Division at (608) 267-1995 if you have questions regarding the following item:

1. Based on the Wisconsin Department of Natural Resources (WDNR) file #3-13-218064, Madison Fire Station #6, the property may contain residual contamination. If contamination is encountered, follow all WDNR and Department of Safety and Professional Services (DSPS) regulations for proper handling and disposal.

Please contact Jenny Kirchgatter, Assistant Zoning Administrator, (608) 266-4429 if you have any questions regarding the following two (2) items:

2. Section 28.185(7)(a)5 requires that if a demolition or removal permit is approved, it shall not be issued until a reuse and recycling plan is approved by the Recycling Coordinator. Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185 (7)(a)5 shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. Per Section 28.185(9)(a), a demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
3. Following approval of the demolition, a permitted use site plan review will be required for the proposed building addition.

Demolition activities may not proceed until raze permits have been issued for the approved project. Permits will not be issued until the applicant has met all of the conditions of approval stated in this letter. Future use of the property following demolition may require site plan approval as administered by the Zoning Office in the Building Inspection Division; please contact Zoning at (608) 266-4551 or zoning@cityofmadison.com for more information.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. The applicant shall resubmit a PDF copy of the plan set and any other supporting materials that are necessary, as specified in this letter to sprapplications@cityofmadison.com. (Note: A 20MB email limit applies and multiple transmittals may be required.). A check for the **site plan review fee** shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.
2. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.
3. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.

If you have any questions regarding obtaining your building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if you may be of any further assistance, please do not hesitate to contact my office at (608) 261-9632 or tparks@cityofmadison.com.

Sincerely,

Timothy M. Parks
Planner
