I don't think this is a good idea....This is the route of choice for emergency vehicles, and a heavy traffic area (especially in the morning with people going to work. Many seniors live on this street & may be surprised at this as they are not so computer savvy. (Ha! this include me at age 83). We want to stay in our houses as long as possible, and so are beginning to rely on outside help & need parking. Segoe would be better.

Dedicated bike lanes.....does that mean both sides of the street, & throughout the winter & Xmas time? are they biking then? Ron L.
