Hi Eric,

Please pass along my support for items 10 & 13 on the ALRC agenda. I support the renewal of Segredo's license and the addition of an 18+ license. The establishment has a great track record in the district, and I believe the 18+ license will further entertainment options for downtown students.

If you have any questions, feel free to call: 608-807-7962.

Scott
