Hello Anita,

Congratulations on your recent election as our alder and thank you for choosing to serve our community in this way. I will not be able to attend tomorrow evenings informational meeting at Warner Park but I wish to express my wish for this proposal to be voted down by the city council.

I live next to Troy Gardens, and see every day what a unique gem this land parcel is within our city. Watching many gardeners, homeowners, and other stakeholders viewing sunsets over the western tree-line these past several evenings, I am saddened to think of a building to ruin this scene-scape. Surely, there are other places that such a building can be placed that will create less interference with the current land status.

I am emailing three other alders I know from my work on a city committee to express this same perspective. I will Cc you on that email as well.

Thanks for gathering the community and listening to the feedback tomorrow night. I do hope that this plan can be thwarted for this location.

Respectfully,
~Justin Markofski
