**Subject:** Peloton project

Dear Mr. Parks and Ms. Stouder,

I am a resident of the Bay Creek neighborhood. I was recently informed that Conditions on Approval #55 and #61 have been removed from Peloton's application to the City of Madison Plan Commission. I respectfully ask that the Plan Commission reinstate these Conditions before approving Peloton's application; they are significant to maintaining Park Street and this neighborhood as a safe and welcoming environment for residents and visitors alike.

Thank you for your consideration of this request.
