Subject: agenda item #4, Plan Commission

Tim:

I recommend approval of agenda item #4 (rezoning 6506 Old Sauk Road from PCD-GDP to PUD-GDP-SIP), subject to the adoption of the Planning Division staff's three conditions.

My recommendation is based on numerous improvements made to the proposal after convening numerous multi-neighborhood meetings, informational and approval meetings at the UDC, and individual conversations with the applicant and nearby residents.

Please contact me if you have any questions.

Thanks.

Noel
