

Many residents and friends of Owl Creek/Twin Oaks/Liberty Place/Lost Creek don't have adequate transportation to get to work, school, healthcare, and shopping needs. Lack of bus service has a severe economic impact and creates a hardship for residents that don't drive cars. A robust public transportation system is important for the environment and for building a healthy and flourishing neighborhood. Thank you for your participation in making a change.

We the undersigned, call on the members of the Madison City Council and the Mayor of Madison to fund a Metro bus route to our neighborhoods that provides week day and weekend transportation beyond the current School Day Service route.

Many residents and friends of Owl Creek/Twin Oaks/Liberty Place/Lost Creek don't have adequate transportation to get to work, school, healthcare, and shopping needs. Lack of bus service has a severe economic impact and creates a hardship for residents that don't drive cars. A robust public transportation system is important for the environment and for building a healthy and flourishing neighborhood. Thank you for your participation in making a change.

We the undersigned, call on the members of the Madison City Council and the Mayor of Madison to fund a Metro bus route to our neighborhoods that provides week day and weekend transportation beyond the current School Day Service route.
