**Subject:** In support of the proposed Broach Pub on Monroe Street

Eric-

I am dropping you this note to express my support for the proposed Broach pub on Monroe Street. This entity would be a great compliment to the neighborhood. I have frequented the location on the square and can't imagine the impact would be anything but positive. Other places already serve alcohol and, as an almost daily patron of the businesses on the same block, I have never witnessed any disorderly activity and would expect nothing different.

Please forward this Monroe Street daily user's support to the appropriate parties.

Thank you.

Todd
