Tavern Premise - brick block building (30 x 95); backroom storage (36 x 30).

Common Council granted license 1/20/81. Change in licensed premise (6-16-98) with the following conditon:

1) Auxiliary room limited to 50 persons. Capacity may be further limited by code.

Pursuant to the provisions of Section 38.07(13), Madison General Ordinances, the following Chief of Police Security Plan is herewith imposed upon the premises known as Wiggies Bar, 1901 Aberg Ave., Madison, Wisconsin. This security plan is intended to address safety concerns with Wiggies operation.

The elements of this security plan are now conditions of your alcohol beverage license. Violation of any of your license conditions may result in prosecution for an ordinance violation, the assessment of demerit points against your alcohol beverage license, and the assessment of a monetary penalty upon conviction of an ordinance violation.

The Chiefs Security Plan is as follows:

1. You are required to hire 2 licensed, uniformed security personnel to monitor your lot for noise, loitering and alcohol issues. This requirement will apply on Thursday - Saturday evenings, between 11 p.m. and bar time. (see below)

It will be the responsibility of your security and staff to actively manage behaviors in the lot. This includes, but is not limited to the following examples: loitering in the lot or in vehicles, consuming alcohol, using or selling illegal drugs, making unreasonable noise or any other behavior that is disruptive to the area or creates an atmosphere of disorder.

2. You are required to have staff actively checking patron identification at the door. It is required that the employee checking the identification is visually confirming that the person presenting the identification looks like the photograph on that ID, and is confirming the person matches the physical descriptors offered on that ID.

3. You are required to continue to maintain and utilize your video surveillance system to record activities both inside the bar and in the lot.

You are also required to maintain the records generated and to turn them over to police upon request.

4. You are required to purchase ID Scanners for checking patron identification at the doors, and to share data collected at police request.

5. You are required to maintain a log of all incidents/disturbances, and to share this log with the North Police District on a weekly basis. This log will minimally include: date, time, summary of incident; the names, dates of birth and address of those involved; and whether police were notified and by whom.

6. You or your designee will meet with a representative of the North Police District on a weekly basis to review the incident log, discuss issues of concern and to assure full compliance with this Security Plan.

7. You will conspicuously post in the parking lot area the following signage:

NO TRESSPASSING/LOITERING

During our meeting on November 30, 2010, you indicated your intention to close your tavern prior to 11 p.m. nightly as a short-term effort to address the problems. This is a voluntary change that you are making, and we support that decision. As long as you continue to close at 11 p.m., and as long as there continue to be no problems of public safety at your business at earlier times, you will be exempted from Requirement #1 (hiring of licensed, uniformed security) until such time as you resume normal hours of operation, or until problems manifest at earlier times. The remaining requirements remain in effect, regardless. However, should you resume normal hours of operation, you must have such security hired and in place for the periods specified above.

Sec. 38.07(13), Madison General Ordinances, provides an appeal process for the imposition of a Chief of Police Security Plan.

On 9/6/2011, the MPD notified the establishment and the City Clerk that they would not enforce items 1. and 7. from the Chief's Security plan for a trial period of unspecified duration.
