Subject: Amendments to item 93 (22665)

I plan to offer two amendments on this item; here they are in writing should they pass.

1. Delete section 2(c)
2. Amend 3(c) to read:

(c) "Peep" means any looking of a clandestine, surreptitious, prying, or secretive nature, **whether by direct observation or via camera or other remote viewing or magnification or recording device.**
