Dear Heather and Commissioners,

The following is submitted together with the application and supporting documents for review by the Landmarks Commission. We are preparing for demolition of the building at 3565 Tulane Avenue and are requesting a Landmarks Historic Value review by the Landmarks Commission.

PROJECT TEAM

Owner Common Grace, LLC 3565 Tulane Avenue Madison, WI 53714 Staci Marrese-Wheeler staci@commongracemadison.org	Civil Engineer Wyser Engineering 300 East Front Street Mount Horeb, WI 53572 Adam Watkins adam.watkins@wyserengineering.com

INTRODUCTION

The subject property is currently zoned Traditional Residential-Consistent 2 District (TR-C2) and is within the Transit-Oriented Development Overlay District (TOD). The proposed project would require the site to be rezoned to a Planned Development District (PD) to accommodate the proposed uses of housing, retail, and a community center. An existing building will need to be razed to accommodate this project.

LOCATION

The subject property is 3565 Tulane Avenue. The triangular-shaped property is bounded north by Tulane Avenue, to the east by Ogden Street, and to the south by Hargrove Street. Existing improvements include a 1-story building serving primarily as a community center and place of worship. The subject property is in Aldermanic District 15 and located within the boundary of the Eastmorland Community Association.

PROJECT DESCRIPTION

Common Grace is planning to develop their property into a multi-use site known as the Eastmorland Community Center + Housing project. The development will include missing middle-scale workforce housing, a community center, and retail space. The community center will contain space for a myriad of community-based groups, organizations, and users, but is also meant to serve as a third space for general community gathering. The community center is estimated to be approximately 7,000 square feet.

The housing portion of the development will be developed as low-rise workforce housing. Commonly referred to as missing-middle housing, this style of housing proposed was once commonplace offering enough density to increase affordability but also being compatible in scale and form with single-family home neighborhoods. Common Grace intends on operating such housing as workforce housing, or close to 80% of the area-median income, from day one. The housing is estimated to include 26 multifamily homes with a mix of studios, 1-bedroom, 2-bedroom, and 3-bedroom units.

DEMOLITION STANDARDS AND BUILDING INFORMATION

The existing building no longer meets the needs of the owner. The spaces are not large enough and are too fragmented to support the current and desired users and uses. More importantly there are deferred maintenance issues that would be too costly to address as well as issues with basement water intrusion management. Every spring the roof leaks, and there are cracks in the basement foundation wall system too costly to repair. We intend on re-using as much of the existing materials as is feasible (spire, sanctuary glu-lams, pavers, bricks). The project team will submit a re-use and recycling plan to the city as required of the demolition process.

The building was built circa 1953 (Figure 1); the architecture firm was Siberz, Purcell, Cuthbert & Newcomb. An addition was completed circa 1954 (Figure 2) also by Siberz, Purcell, Cuthbert. Another addition was completed circa 1958 (Figure 3) by Edward Tough. The building is not a landmark and is not in a landmark district nor do we believe the building has enough historical significance to warrant preservation. The building has served the community and the Lakeview Moravian Community Church, and more recently Common Grace (including Zion Lutheran Church), for nearly 75 years, but it has reached the limits of what it can support moving forward. We believe the demolition standards can be met for this proposed demolition.

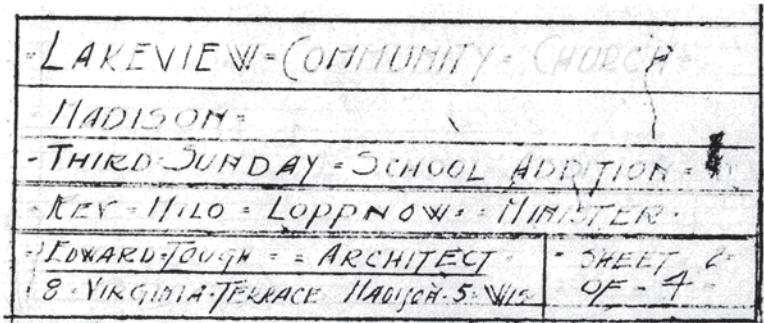

Figure 3 - Titleblock - Third Addition

CITY AND NEIGHBORHOOD INPUT

The project team has notified the alder and neighborhood association of our intent to file a land use application for a rezoning and demolition of the existing building. The project team has been working with various community stakeholders and city staff for several years on this project. We gave a formal presentation to the Eastmorland Community Association on November 19, 2024 and an updated presentation on April 8, 2025. Those in attendance at the first meeting were largely in support and inspired by the project's aims. We also met with the city's Development Assistance Team on March 13, 2025.

PROJECT SCHEDULE

The proposed schedule is to commence construction in September 2025. Demolition may commence as early as mid-August. The total project schedule is anticipated to be 12 months.

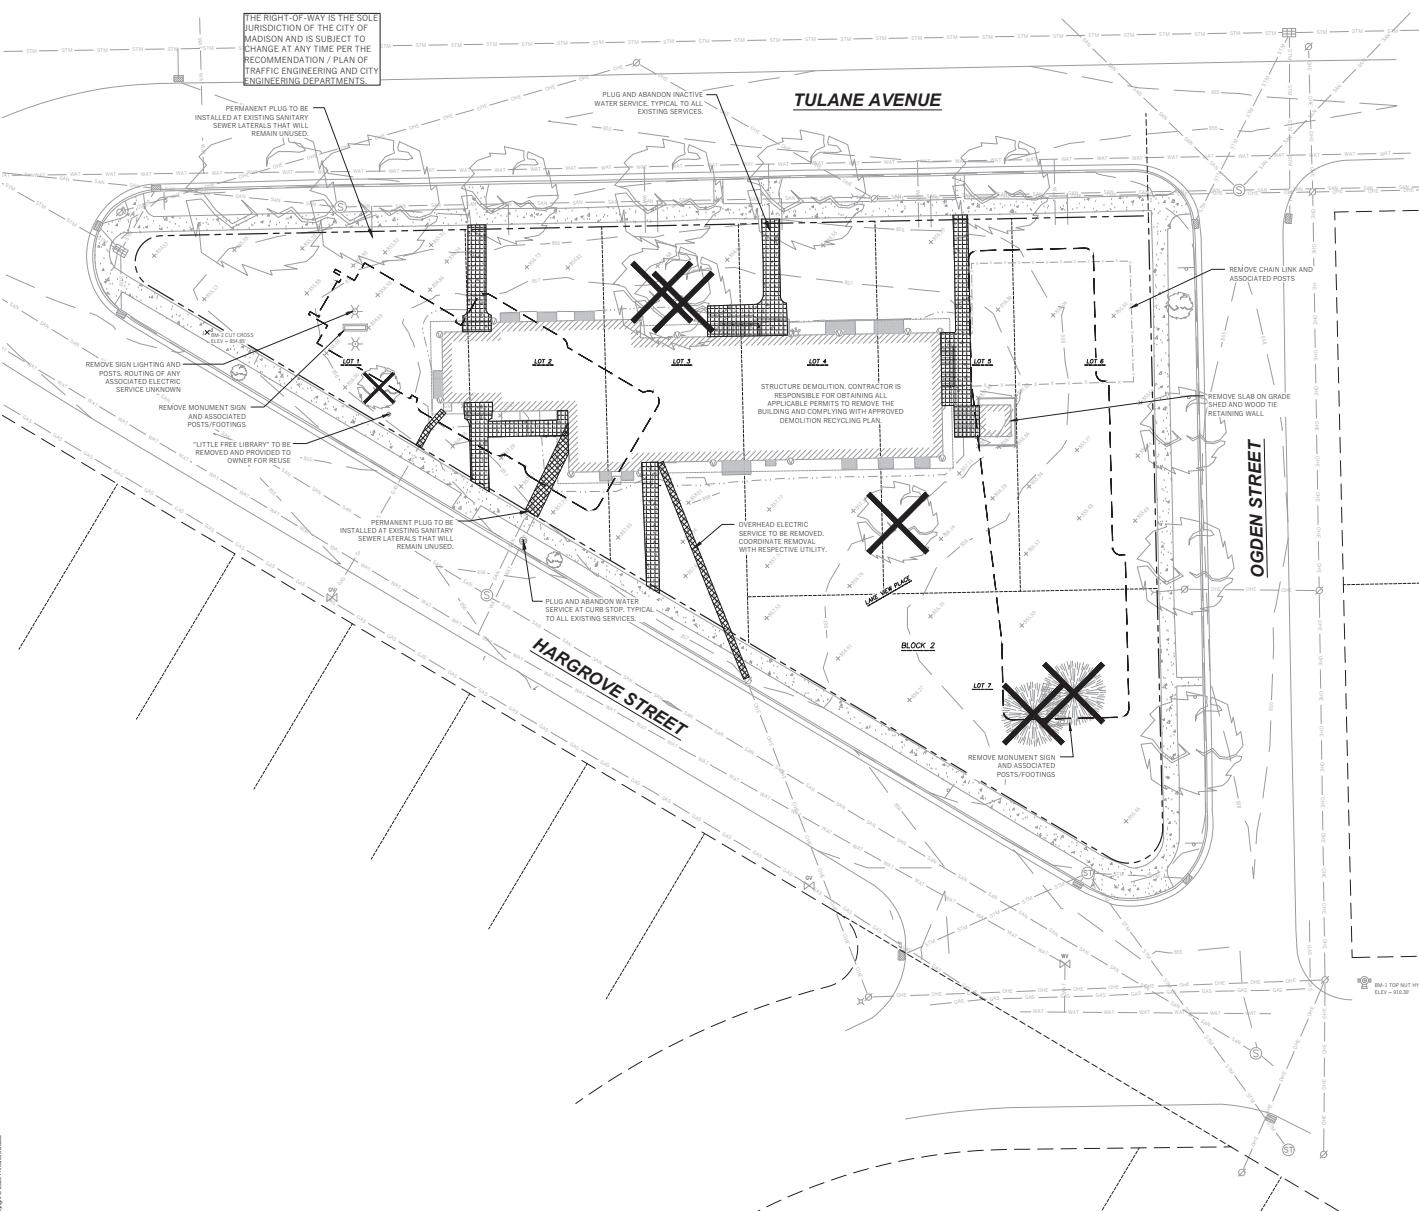

CONCLUSION

Thank you for your time and consideration reviewing our proposed project. We look forward to your support and feedback.

Sincerely,

Sean Meyers, RA, NCARB, CPHC

Good morning Alder Dina Nina-

I hope you're well. I'm writing on behalf of Common Grace and ECC to give you official notification of our intent to file a land use application for the PD rezoning and demolition of the existing Church (Common Grace) at 3565 Tulane Avenue in your district. Our intention remains to build a new community center (ECC) and 24 units of workforce housing on the site. Per city staff guidance, we've determined the best way to achieve these aims is through a PD.

I imagine we'll need to hold another official neighborhood meeting, though the presentation and plans will be very similar to the ones previously shared. **I've cc'd Colin Punt** here for his guidance on the necessity of another meeting. Do you have a view on whether another neighborhood meeting is desirable? If so, could we find a date in the next 4-6 weeks to hold it?

We hope to have an architecture partner on board in the next two weeks and they would be available for the meeting.

Thank you for your support thus far in the process, something really inspiring and beautiful is trying to happen on this site.

Take Care,
Tyler Krupp

Good morning Eastmoreland Community Association Members-

I'm writing on behalf of Common Grace and ECC to give you official notification of our intent to file a land use application for the PD rezoning and demolition of the existing Church (Common Grace) at **3565 Tulane Avenue** in your district. Our intention, shared in prior neighborhood meetings, is to build a new community center (ECC) and 24 units of workforce housing on the site. Per city staff guidance, we've determined the best way to achieve these aims is through a PD.

We've been grateful for neighborhood support thus far in the process and look forward to continued engagement with the community as this project develops. If it's possible to meet with the Eastmoreland Community Association, to share our plans and get further input, we would welcome the opportunity.

Thank you for your support thus far in the process, something really inspiring and beautiful is trying to happen on this site.

Take Care,
Tyler Krupp
