Hi-

I am opposed to the proposed change that would change the zoning of the Elderberry Neighbrohood from low desnity residential zoning to higher density and multiple level residential zoning.

We moved to this part of Madison to get AWAY from this kind of zoning. We are not interested in having more apartment buildings in this area. There is already too much traffic on Old Sauk Road and the nearby roads.

Please re-zone another area or build the apartments and other multi-level buildings somewhere else!

Thank you!
