Overcoming struggle

Unity, community, friendship

Spirit, spirituality

Comfort, joy, happiness

Progress, upward motion

Encouragement, success

Calming, peaceful, serenity

Perseverance, respect

Independence, freedom, positivity

More Inspiration

American robin

purple finch

northern cardinal

indigo bunting

American goldfinch

painted bunting

Listening to birdsong can help regulate the nervous system by promoting relaxation and reducing anxiety.

This calming effect is thought to be linked to our evolutionary associations with birdsong as a sign of safety.
