Hello,

I have some feedback I would like to share about the project as shown. I would like to request that the project scope be expanded to complete the cycle track on Wilson St. As shown, the project would leave a one block gap in the cycletrack between Martin Luther King Blvd and Carroll St.

With the W Wilson St and Broom St project wrapping up, the cycletrack is now complete between Bassett and Carroll. This project as shown would complete the cycletrack between MLK and Blair. I would ask that if possible, the project scope be expanded to include marking and installing the cycletrack between MLK and Carroll to complete the cycletrack.

Thanks,

Jim Wilson
