Re: Breese Stevens 2026 Concert Proposal

Hello.

Breese Stevens General Manager Tristan Straub attended TLNA's December monthly general meeting to discuss, among other venue happenings, their proposal to host up to 12 concerts in 2026. This motion was supported not without some opposition, but with a quorum of the council.

Consequently, TLNA supports the proposal of up to 12 concerts at Breese Stevens in 2026, contingent on all items previously agreed upon. We appreciate the open communication we have with Breese Stevens management and look forward to continued relations.

Sincerely,

//signed//

Ryan McCormick

President, Tenney-Lapham Neighborhood Association
