CDA Commissioners,

We want to thank each of you for your continued, informed participation. A lot is being asked of us as CDA Commissioners.

The HUD's Lead The Way is a wonderful tool that each of us have agreed to use in our continued development as individual commissioners and as active Board members. This tool will help improve and deepen our knowledge and skills in both our policy and fiduciary roles and responsibilities.

In closing, we appreciate the vast array of skill, knowledge and dedication that each of you bring to the table.

Thank you,

Claude Gilmore, Your Chair
Sariah Daine, Your Vice-Chair
