July 24, 2023

We are writing in support of the variance being requested by Simon and Leah Balto at 1039 Spaight St. to build a porch above the garage at this address. Our backyard abuts their backyard, so we are neighbors.

We are comfortable with the request and feel that the proposed addition is compatible with other types of construction and building improvements in the area and presents no concerns for the neighborhood.

We view this request as an effort to improve the value of their home, which in turn affords benefits to the entire neighborhood.

Sincerely,

Laura Heisler and Steve Goldstein
