#### **Executive Summary**

The financial reports represent the revenues, expenses and budget at the time of producing the report. This supplementary report provides analysis of MPL's financial statements. Variances between current and last year to date actuals are reported as either a timing variance where actual transactions occur on a non-linear timing basis, or a permanent variance where actual performance will not meet or exceed the estimated year-end budget target. The City of Madison processes year-end accrual entries but does not process month-end accrual entries. This can skew the financial data reported in January, February and December. The wages and benefits are the most notably affected by this process. Percentage of budget used reflects actual expense; Madison Public Library encumbers many annual expenses at the beginning of the year.

Accounting for donations and grants utilizes the Project Ledger in Munis, the City's financial software. Munis places limitations on budget processing in Project Ledger, only allowing use of a singular General Ledger account for budget entries. Madison Public Library staff spend the donations and grants using many different General Ledger accounts. This process can overspend budget on one account and underspend budget on another account. While the City processes budget and spending at the account level, overall, the City requires spending to be within budget at the major account group level. The major account groups are listed as the sections on this report: Revenue; Wages and Benefits; Supplies; Purchased Services; and Debt/Inter-Departmental Charges. There are two times per year the City will realign budget to reflect actual spending: during the mid-year projections and year-end appropriations. The goal of this is to align budget with actual spending for future year budgets.

## <u>Changes to Previously Reported Amounts</u>

MPL creates the MTD Financial Report when the City of Madison Finance Office is still posting to prior periods. Changes to prior period amounts are listed in bold font in the notes.

#### Revenue

Revenue budget used: 79%

- Real Estate Taxes City Finance has posted the January, February, April and June 2024 installments. Real Estate Taxes is the main revenue for Library and installments post in January, February, April, June and August.
- Other Unit of Government Revenues January amount represents the Dane County Library Service revenue from the
  walk-in contract, with offsetting expenses posting to Community Agency Contracts, net expense to MPL in 2024 is
  \$625,832.

## Wages and Benefits

Wages and Benefits budget used: 47%

- Wages and Benefits has 11.5 pay periods out of 26.2 pay periods. Last YTD had 11.5 pay periods out of 26.0.
  - o January is low due to the City's accrual process posting a portion of the first 2023 payroll back to 2022.
  - February returns to normal due to the City's accrual process, which is only performed annually and not monthly.
  - March includes three pay periods.
- Salary Savings represents the amount of savings due to vacancies throughout the year. In the past this was around \$224k \$273k; for 2024 Budget staff adjusted the amount to align with actual salary savings; Library's is now \$385k.
- Premium Pay represents night premium, Sunday premium and on call payroll expenses.
- Budget Efficiencies: when reviewing the wages and benefits keep in mind that is where Budget staff built in the 1% reduction in budget for all agencies for 2024.
- Compensated Absence represents retiree payouts for unused vacation and comp time.

- Compensated Absence Escrow represents retiree sick leave payouts. These expenses are incurred throughout the
  year; budget is established by the City. If Library exceeds payroll and benefits budget this is an acceptable use of
  Fund Balance to make Library whole.
- Post Employment Health Plans expenses are processed in January.
