

## **Mallards 2026/27 Fan Access Plan**

After a great 2025 season, the Mallards are excited to plan for the future! As we prepare for another great summer it is important that we recognize the limited parking in the area and that it is imperative for Mallards fans to understand options regarding safe and accessible ways to get to games. Here is a listing of what the City of Madison, in partnership with the Mallards, provide fans every year:

1. Vehicle parking in the main parking area. 1,218 parking spots are currently available in the main parking lot.
2. Since 2010, Mallards staff have patrolled the entrance to the parking area by the Warner Park Community Center to ensure that spaces are saved for people going to the Community Center. Mallards staff work closely with Parks Staff to guarantee the right amount of spots are protected during each game.
3. In 2012 the Mallards started patrolling the main lot on a nightly basis with usher staff. Their objective was to answer questions from fans, provide courtesy cart rides to fans who requested them and to keep fans out of restricted parking areas. This initiative was very successful in 2025, and the Mallards plan to continue this into 2026/27.
4. As a term of the Mallards lease with the city they are obligated to provide 200 off-site parking spots to maintain the current capacity of 6,750 fans. The offsite location of these spots will continue to be the Northside Town center for the 2026/27 seasons.
5. The Mallards provide a free, secure bike parking area for 100 bikes immediately outside the main entrance to the ballpark (best spot to park in the ballpark!)
6. Madison Metro has a stop near the Sherman Ave entrance to the ballpark and this info is posted on [Mallardsbaseball.com](http://Mallardsbaseball.com).

7. As an element in the 2012 renovation of the Warner Park parking lot, there is a new pedestrian/bike path extending through the park from Sherman Ave to Northport. This path connects to the access for the existing bike parking area.
8. For the previous fifteen seasons the Mallards have requested to be on the road on all dates that conflict with the New Bridge Summer Concert Series.
