Dear Transportation Commission and staff, Please put this attached letter of opposition to the Sauk Creek bike path in the West Area Plan into the public record for your meeting on Dec.13. The staff report to the Plan Commission this week had serious errors that you do not want to pass on the city council. The grade is too steep for All Abilities and the ADA rules. Your engineers can measure that. City planners err on several issues about the position of the voters opposing this. Climate crisis is not considered, which is a key issue for the mayor, who is chair of Climate Mayors. Thank you, Ellen Foley
