In case there is confusion from the previous email, we meant to say that we are pulling all requests for anything to do with 4 units. Lot 40 and lot 41. Specifically the CUP application for 5166 Great Gray (lot 40) item 7 on the plan commission agenda for October 6th. Ronald Grosso

Mr. Parks and all concerned:

We are no longer seeking to build the 4 unit on lot 41 of Owls Creek. Although previously approved we are no longer interested in seeking an approval. We are therefore withdrawing our application for said 4 unit.
