RE: Letter of Intent
84 North Bryan Street
Madison Circus Space

Please find, included with this Letter of Intent, our application package for the City of Madison Plan Commission's next meeting. This application is for the tenant space located at 84 North Bryan Street, Madison, Wisconsin. The property is located in the SASY Neighborhood, which is within Madison Common Council District 6, Marsha Rummel, Alder.

The project concerns Madison Circus Space's use of the existing tenant space. Due to our particular use, we are considered a Conditional Use for this IL zoned parcel. We plan to use this location for 1 year while our permanent location is being constructed at 2082 Winnebago Street. A Conditional Use for that site was approved last year.

Here is our Mission Statement from our website:

The Madison Circus Space exists to be a home for the circus arts in Madison. The MCS welcomes clubs and classes in addition to providing a practice space for dedicated performers and hobbyists. Juggling, German wheel, stiltwalking, aerial arts, acrobatic yoga, and hoop dancing are just a few of the activities that take place in the space. A registered nonprofit, the MCS holds workshops and events that are open to the community and meant to foster appreciation for the variety of circus-related talent and creativity in Madison.

The only construction planned is to add a toilet room to the space.

The primary contact persons for this project are:

Josh Casey
Madison Circus Space
