Subject: 442 Variance Application

To Whom it May Concern:

We are the homeowners of 438 Toepfer Avenue. Our neighbors at 442 Toepfer, George and Barb Perkins, have shared detailed plans with us regarding their proposed project to improve and change their garage roof in order to resolve their ongoing drainage issues.

We have reviewed the detailed plans and give the project our wholehearted support. We appreciate how forthcoming and thoughtful they have been with their planning. Furthermore, we believe the proposed project would benefit us by decreasing runoff onto our driveway and mitigating mosquitoes. We do not see any potential negative impact on us as a result of the proposed changes.

We are happy to answer any questions you have.

Thank you,
Laura and Tim Puls
