

February 2009

City of Madison Parks Commission
210 Martin Luther King Blvd.
Madison, WI 53701

Ladies and Gentlemen:

The **Madison Center for Creative and Cultural Arts** is proud to maintain its presence in the community as a resource for the expansion of the performing arts.

We are writing to request your approval of the use of the following Madison Park sites to facilitate our summer community outreach initiative. This year's program is designed to engage young people through the arts who also may possess an interest in educational opportunities in the arts media. The park sites and dates are:

June 7 th	Marshall Park	2101 Allen Blvd.
June 14 th	Garner Park	333 S. Rosa Rd.
July 19 th	Dematrol Park	601 N. Sixth St.
July 26 th	James Madison Park	500 E. Gorham St.
August 9 th	Brittingham Park	401 Brittingham St.
August 23 rd	Warner Park	2930 N. Sherman Ave.

We are proud to have established a partnership with **Madison Media Institute** and **Ghost Town Productions**, which promises a real plateau in the technical quality of our performances and activities. The **Media Mobile** will showcase some of Madison's outstanding artists in the areas of music, dance and theatre along with video and creative graphic productions from noted graphic artists. Our traditional drum circles and proactive activities are also scheduled.

006 046 006 944 950

As our **Media Mobile** activities are all scheduled for Sunday afternoons between the hours of 1:00pm – 5:00pm, we hope to attract a generous cross section of the community that may range from 50 to 200 persons throughout these afternoons. All shows and activities are free to the public and there will be no vending as part of our program. There will be no alcohol sold or provided. We will prohibit the use of any tents and strongly discourage all illegal parking.

In the past three years we have enjoyed a warm relationship with the commission as a partner to our efforts and look forward to continuing to make the arts come alive in city parks in the 2009 summer season.

Sincerely,
